

Consortium for Computing Sciences in Colleges (CCSC)

National Vendor Registration

About CCSC

The Consortium for Computing Sciences in Colleges is a non-profit organization focused on promoting quality computer-oriented curricula as well as effective use of computing in smaller institutions of higher learning which are typically non-research in orientation. It supports activities which assist faculty in making appropriate judgments concerning computing resources and educational applications of computer technology.

The Consortium is concerned with the advancement of major programs in both Computer Science and Computer Information Systems, and with the use of computers in the Liberal Arts and Sciences.

CCSC continues to grow and currently sponsors eight regional conferences in eight regions: Northeastern, Eastern, Southeastern, Midwestern, Rocky Mountain, Northwestern, Southcentral, and Central Plains. CCSC publishes the Journal of Computing in Small Colleges. Recently, CCSC conferences received approval for an in-cooperation status with SIGCSE and as a result, all issues of the journal will be included in ACM's Digital Library.

Typically faculty who attend these conferences are from mostly undergraduate institutions whose main focus is undergraduate teaching. Attendance has varied based on regions and years, and ranges from 60 to 265 attendees each conference. Over the years, for a vendor registration fee several vendors have attended and displayed at these regional conferences including book vendors and software vendors. As a result of vendor interest in CCSC conferences, CCSC now offers a **national vendor registration** at the base rate of \$2000/year.

Consortium for Computing Sciences in Colleges (CCSC)

National Vendor Registration

CCSC now offers a national vendor registration at the base rate of \$2000/year. National vendors benefits include:

- attendance of up to three representatives at all 8 regional conferences at no extra cost.
- a listing of conference attendees, when made available.
- guaranteed vendor space and table in the vendor area at all 8 regional conferences.
- acknowledgement in all printed and web conference material with a link to vendor website.
- acknowledgement on CCSC's website at www.ccsc.org with a link to vendor website.
- acknowledgement in all issues of CCSC's Journal.

This is a new program and our first group of national vendors are: McGraw Hill, Scott Jones, Microsoft, and Metrowerks, Prentice Hall, Pearson Education, NCSI, and Holt Software.

For more information, contact CCSC President, Ingrid Russell, at irussell@hartford.edu.
