

THE GEORGE WASHINGTON UNIVERSITY UNIVERSITY BULLETIN

2015-2016

THE GEORGE
WASHINGTON
UNIVERSITY

WASHINGTON, DC

The George Washington University

University Bulletin

2015-2016

Columbian College of Arts and Sciences
Health Sciences Programs in the School of Medicine and Health Sciences
School of Engineering and Applied Science
Graduate School of Education and Human Development
School of Business
Elliott School of International Affairs
Milken Institute School of Public Health
College of Professional Studies
School of Nursing

This bulletin covers GW's degree programs and courses for the schools listed here, with the regulations that pertain to academic programs. For information on GW's professional schools that are not part of this bulletin, see the following websites: www.law.gwu.edu and www.smhs.gwu.edu. The website www.gwu.edu contains institutional information as well as updated and expanded information on all GW schools, departments, and programs.

Information in this Bulletin is generally accurate as of August 2015. The University reserves the right to change courses, programs, fees, and the academic calendar, or to make other changes deemed necessary or desirable, giving advance notice of change when possible.

TABLE OF CONTENTS

About the University	15	Minor in Cross-Cultural Communication	158
University Regulations	19	Minor in Sociocultural Anthropology	159
Advance Placement Equivalents	27	Master of Arts in the Field of Anthropology	159
University General Education Requirement	28	Doctor of Philosophy in the Field of Anthropology	161
Undergraduate Admissions	35	Art Therapy	161
Fees and Financial Regulations	38	Master of Arts in the Field of Art Therapy	163
Financial Aid	41	Master of Arts in the Field of Art Therapy Practice	164
Interdisciplinary and Special Undergraduate Programs	55	Biochemistry and Molecular Medicine	164
GWTeach	55	Master of Science in the Field of Molecular Biochemistry and Bioinformatics	166
Honors Program	56	Biological Sciences	166
Naval Science	59	Bachelor of Arts with a Major in Biology	172
Sustainability	59	Bachelor of Science with a Major in Biology	183
Women’s Leadership Program	61	Combined Program	194
Columbian College of Arts and Sciences	62	Minor in Biology	194
General Education Curriculum (G-PAC)	74	Master of Science in the Field of Biological Sciences	194
Africana Studies	84	Doctor of Philosophy in the Field of Biological Sciences	194
Bachelor of Arts with a Major in Africana Studies	85	Biomedical Sciences	195
Minor in Africana Studies	96	Doctor of Philosophy in the Field of Biochemistry and Systems Biology	195
American Studies	96	Doctor of Philosophy in the Field of Microbiology and Immunology	196
Bachelor of Arts with a Major in American Studies ...	101	Doctor of Philosophy in the Field of Molecular Medicine	197
Combined Bachelor of Arts/Master of Arts in American Studies	111	Biostatistics	198
Minor in American Studies	111	Master of Science in the Field of Biostatistics	199
Master of Arts in the Field of American Studies	111	Doctor of Philosophy in the Field of Biostatistics	200
Doctor of Philosophy in American Studies	112	Chemistry	202
Anatomy and Regenerative Biology	112	Bachelor of Arts with a Major in Chemistry	206
Master of Science in the Field of Anatomical and Translational Sciences	115	Bachelor of Science with a Major in Chemistry	217
Graduate Certificate in Anatomical and Translational Sciences	115	Combined Bachelor of Science with a Major in Chemistry and Master of Forensic Sciences with a Concentration in Forensic Chemistry	230
Anthropology	116	Minor in Chemistry	230
Bachelor of Arts with a Major in Anthropology	123	Master of Science in the Field of Chemistry	231
Bachelor of Arts with a Major in Archaeology	134	Master of Science in the Field of Environmental and Green Chemistry	231
Bachelor of Science with a Major in Biological Anthropology	145	Doctor of Philosophy in the Field of Chemistry	232
Combined Programs	156	Classical Acting	233
Minor in Anthropology	157		
Minor in Archaeology	157		
Minor in Biological Anthropology	157		

Master of Fine Arts in the Field of Classical Acting ...	235	Bachelor of Arts with a Major in Creative Writing and English	378
Classical and Near Eastern Languages and Civilizations	235	Bachelor of Arts with a Major in English	390
Bachelor of Arts with a Major in Arabic Studies	236	Combined Program	402
Bachelor of Arts with a Major in Classical Studies	246	Minor in Creative Writing	402
Minor in Arabic and Hebrew Languages and Cultures	257	Minor in English	402
Minor in Arabic Studies	258	Master of Arts in the field of English with optional concentrations in English or American literature	403
Minor in Classical Studies	258	Doctor of Philosophy in the field of English with optional concentrations in English or American literature	403
Corcoran School of the Arts and Design	258	English for Academic Purposes	404
Bachelor of Fine Arts with a Major in Digital Media Design	259	Environmental Resource Policy	404
Bachelor of Fine Arts with a Major in Fine Art	270	Master of Arts in the Field of Environmental Resource Policy	405
Bachelor of Fine Arts with a Major in Fine Art Photography	280	Graduate Certificate in Contexts of Environmental Policy	406
Bachelor of Fine Arts with a Major in Graphic Design	291	Environmental Studies	407
Bachelor of Fine Arts with a Major in Photojournalism	301	Bachelor of Arts with a Major in Environmental Studies	407
Data Science	312	Film Studies	408
Master of Science in the Field of Data Science	314	Minor in Film Studies	409
Graduate Certificate in Data Science	314	Fine Arts and Art History	409
East Asian Languages and Literatures	315	Bachelor of Arts with a Combined Major in Art History and Fine Arts	410
Bachelor of Arts with a Major in Chinese Language and Literature	315	Bachelor of Arts with a Major in Art History	422
Bachelor of Arts with a Major in Japanese Language and Literature	326	Bachelor of Arts with a Major in Fine Arts	434
Minor in Chinese Language and Literature	337	Combined Programs	446
Minor in Japanese Language and Literature	337	Minor in Art History	447
Minor in Korean Language and Literature	338	Minor in Fine Arts	447
Master of Arts in the Field of Chinese Language and Culture	338	Combined Minor in Art History and Fine Arts	447
Economics	339	Master of Arts in the Field of Art History	447
Bachelor of Arts with a Major in Economics	345	Master of Fine Arts in the Field of Fine Arts	448
Bachelor of Science with a Major in Economics	356	Forensic Sciences	449
Combined Programs	367	Master of Forensic Sciences	453
Minor in Economics	367	Master of Forensic Sciences with a Concentration in Forensic Chemistry	454
Master of Arts in the Field of Applied Economics	368	Master of Forensic Sciences with a Concentration in Forensic Molecular Biology	454
Master of Arts in the Field of Economics	368	Master of Forensic Sciences with a Concentration in Forensic Toxicology	455
Doctor of Philosophy in the Field of Economics	368	Master of Forensic Sciences with a Concentration in Friction Ridge Analysis	455
English	369		

Master of Science in the Field of Crime Scene Investigation	456	Bachelor of Arts with a Major in Judaic Studies	539
Master of Science in the Field of Friction Ridge Analysis	456	Minor in Judaic Studies	550
Master of Science in the Field of High-Technology Crime Investigation	457	Master of Arts in the Field of Experiential Education and Jewish Cultural Arts	550
Graduate Certificate in Bloodstain Pattern Analysis	457	Master of Arts in the Field of Jewish Cultural Arts	550
Graduate Certificate in Digital Investigations	457	Mathematics	551
Graduate Certificate in Forensic Investigation	458	Bachelor of Arts with a Major in Mathematics	556
Graduate Certificate in Latent Print Examination	458	Bachelor of Science with a Major in Mathematics	567
Geography	458	Minor in Mathematics	578
Bachelor of Arts with a Major in Geography	462	Master of Arts in the Field of Mathematics	578
Minor in Geographic Information Systems	473	Master of Science in the Field of Applied Mathematics	578
Minor in Geography	473	Doctor of Philosophy in the Field of Mathematics	578
Master of Arts in the Field of Geography	474	Graduate Certificate in Financial Mathematics	579
Graduate Certificate in Geographical Information Systems	474	Graduate Certificate in Mathematics	579
Geological Sciences	474	Media and Public Affairs	579
Bachelor of Arts with a Major in Geological Sciences	476	Bachelor of Arts with a Major in Journalism and Mass Communication	584
Bachelor of Science with a Major in Geological Sciences	486	Bachelor of Arts with a Major in Political Communication	595
Minor in Geological Sciences	497	Minor in Journalism and Mass Communication	606
History	497	Combined Programs	607
Bachelor of Arts with a Major in History	508	Master of Arts in the Field of Media and Strategic Communication	607
Minor in History	522	Museum Studies	607
Master of Arts in the Field of History	522	Master of Arts in the Field of Museum Studies	609
Doctor of Philosophy in the Field of American Religious History	523	Graduate Certificate in Exhibit Design	609
Doctor of Philosophy in the Field of History	523	Graduate Certificate in Museum Collections Management and Care	610
Human Paleobiology	523	Graduate Certificate in Museum Studies	610
Master of Science in the Field of Human Paleobiology	524	Music	610
Doctor of Philosophy in the Field of Human Paleobiology	524	Bachelor of Arts with a Major in Music	614
Honors	525	Minor in Jazz Studies	625
Interior Architecture and Design	525	Minor in Music	625
Bachelor of Fine Arts with a Major in Interior Architecture and Design	528	Organizational Sciences and Communication	626
Master of Fine Arts in the Field of Interior Architecture and Design	538	Bachelor of Arts with a Major in Communication	627
Judaic Studies	538	Bachelor of Arts with a Major in Organizational Sciences	637
		Minor in Communication	649
		Minor in Organizational Communication	649
		Minor in Organizational Sciences	650

Master of Arts in the Field of Leadership Education and Development	650	Doctor of Psychology in the Field of Clinical Psychology	762
Master of Arts in the Field of Organizational Sciences	650	Graduate Certificate in LGBT Health Policy and Practice	763
Peace Studies	651	Psychology	764
Bachelor of Arts with a Major in Peace Studies	652	Bachelor of Arts with a Major in Psychology	771
Minor in Peace Studies	663	Combined Program	781
Philosophy	664	Doctor of Philosophy in the Field of Psychology	781
Bachelor of Arts with a Major in Philosophy	670	Minor in Psychology	782
Bachelor of Arts with a Major in Philosophy (Public Affairs Focus)	680	Public Policy and Public Administration	782
Combined Program	690	Master of Public Administration	787
Minor in Applied Ethics	690	Master of Public Policy	788
Minor in Logic	691	Dual Master of Public Administration and Graduate Certificate in Homeland Security Emergency Preparedness and Response	788
Minor in Mind-Brain Studies	691	Dual Master of Public Administration and Graduate Certificate in Organizational Performance Improvement	789
Minor in Philosophy	692	Dual Master of Public Policy and Graduate Certificate in Organizational Performance Improvement	789
Master of Arts in the Field of Philosophy	692	Doctor of Philosophy in the Field of Public Policy and Administration	790
Master of Arts in the Field of Public Policy with a Concentration in Philosophy and Social Policy	692	Graduate Certificate in Nonprofit Management	791
Physics	693	Religion	791
Bachelor of Arts with a Major in Physics	694	Bachelor of Arts with a Major in Religion	796
Bachelor of Science with a Major in Biophysics	704	Minor in Religion	808
Bachelor of Science with a Major in Physics	715	Master of Arts in the Field of Islamic Studies	809
Minor in Biophysics	725	Doctor of Philosophy in the Field of American Religious History	523
Minor in Physics	725	Graduate Certificate in Islamic Studies	809
Master of Science in the Field of Physics	726	Romance, German, and Slavic Languages and Literatures	809
Doctor of Philosophy in the Field of Physics	726	Bachelor of Arts with a Major in French Language, Literature, and Culture	810
Political Science	727	Bachelor of Arts with a Major in German Language and Literature	821
Bachelor of Arts with a Major in Political Science	735	Bachelor of Arts with a Major in Russian Language and Literature	831
Bachelor of Arts with a Major in Political Science (Public Policy Focus)	747	Bachelor of Arts with a Major in Spanish and Latin American Languages, Literatures, and Cultures	842
Combined Program	758	Minor in French Language, Literature, and Culture	853
Minor in Political Science	758	Minor in German Language and Literature	853
Minor in Public Policy	759	Minor in Italian Language and Literature	853
Master of Arts in the Field of Legal Institutions and Theory	759		
Master of Arts in the Field of Political Science	760		
Doctor of Philosophy in the Field of Political Science	760		
Professional Psychology	761		
Master of Arts in the Field of Forensic Psychology ...	761		

Minor in Russian Language and Literature	854	Combined Program	964
Minor in Spanish and Latin American Languages, Literatures, and Cultures	854	Graduate Certificate in Women's Studies	964
Sociology	855	Master of Arts in the Field of Public Policy with a Concentration in Women's Studies	964
Bachelor of Arts with a Major in Criminal Justice	856	Master of Arts in the Field of Women's Studies	965
Bachelor of Arts with a Major in Human Services and Social Justice	866	Minor in LGBT and Sexuality Studies	965
Bachelor of Arts with a Major in Sociology	876	Minor in Women's Studies	966
Combined Program	886	School of Medicine and Health Sciences	967
Minor in Criminal Justice	887	Undergraduate Programs	975
Minor in Human Services and Social Justice	887	Associate in Science in the Field of Health Sciences	976
Minor in Law and Society	887	Associate in Science in the Field of Health Sciences Laboratory Technology	977
Minor in Sociology	888	Bachelor of Science in Health Sciences with a Major in Clinical Health Sciences	978
Master of Arts in the Field of Criminology	888	Bachelor of Science in Health Sciences with a Major in Clinical Management and Leadership	979
Master of Arts in the Field of Sociology	888	Bachelor of Science in Health Sciences with a Major in Clinical Research Administration	980
Speech and Hearing Science	889	Bachelor of Science in Health Sciences with a Major in Cytotechnology	980
Bachelor of Arts with a Major in Speech, Language, and Hearing Sciences	892	Bachelor of Science in Health Sciences with a Major in Emergency Medical Services Management	981
Minor in Speech, Language, and Hearing Sciences	903	Bachelor of Science in Health Sciences with a Major in Health Intervention and Disaster Response	982
Master of Arts in the Field of Speech-Language Pathology	904	Bachelor of Science in Health Sciences with a Major in Medical Laboratory Science	982
Speech-Language Pathology Post-Baccalaureate Program	904	Bachelor of Science in Health Sciences with a Major in Pharmaceutical Sciences	984
Statistics	904	Dual Bachelor of Science in Health Sciences and Master of Science in Health Sciences in Clinical Research Administration	985
Bachelor of Science with a Major in Statistics	909	Dual Bachelor of Science in Health Sciences and Master of Science in Health Sciences in Clinical Management and Leadership	986
Minor in Statistics	919	Dual Bachelor of Science in Health Sciences with a Major in Clinical Management and Leadership and Master of Science in Health Sciences in the Field of Emergency Medical Services Leadership	987
Master of Science in the Field of Statistics	919	Dual Bachelor of Science in Health Sciences with a Major in Clinical Management and Leadership and Master of Science in Health Sciences in the Field of Health Care Quality	988
Doctor of Philosophy in the Field of Statistics	920	Dual Bachelor of Science in Health Sciences with a Major in Clinical Research Administration and Master of Science in Health Sciences in the Field of Regulatory Affairs	989
Graduate Certificate in Survey Design and Data Analysis	920		
Theatre and Dance	921		
Bachelor of Arts with a Major in Dance	925		
Bachelor of Arts with a Major in Theatre	935		
Minor in Dance	946		
Minor in Theatre	946		
Master of Fine Arts in the Field of Dance	947		
Master of Fine Arts in the Field of Production Design	948		
University Writing	948		
Women's Studies	949		
Bachelor of Arts with a Major in Women's Studies	952		

Dual Bachelor of Science in Health Sciences with a Major in Emergency Health Services Management and Master of Science in Health Sciences in the Field of Clinical Management and Leadership	991	Post-baccalaureate Certificate in Hematology for Medical Laboratory Science	1002
Dual Bachelor of Science in Health Sciences with a Major in Emergency Medical Services Management and Master of Science in Health Sciences in the Field of Emergency Medical Services Leadership	991	Post-baccalaureate Certificate in Medical Laboratory Science	1003
Minor in Anatomy	992	Post-baccalaureate Certificate in Microbiology for Medical Laboratory Science	1003
Minor in Clinical Research Administration	992	Post-baccalaureate Certificate in Pre-Medicine	1003
Minor in Emergency Health Services	992	Graduate Certificate in Clinical Research Administration	1004
Minor in Health Sciences	993	Graduate Certificate in Clinical Research Practice ..	1004
Graduate Programs	993	Graduate Certificate in Clinical and Translational Research	1004
Master of Science in Health Sciences in the Field of Clinical Management and Leadership	993	Graduate Certificate in Health Care Quality	1005
Master of Science in Health Sciences in the Field of Clinical Microbiology	994	Graduate Certificate in Integrative Medicine	1005
Master of Science in Health Sciences in the Field of Clinical Research Administration	995	Graduate Certificate in Regulatory Affairs	1005
Master of Science in Health Sciences in the Field of Clinical and Translational Research	995	School of Engineering and Applied Science	1006
Master of Science in Health Sciences in the Field of Emergency Medical Services Leadership	996	Biomedical Engineering	1015
Master of Science in Health Sciences in the Field of Health Care Quality	996	Bachelor of Science with a Major in Biomedical Engineering	1017
Master of Science in Health Sciences in the Field of Immunohematology	997	Master of Science in the Field of Biomedical Engineering	1019
Master of Science in Health Sciences in the Field of Medical Laboratory Science	997	Doctor of Philosophy in the Field of Biomedical Engineering	1019
Master of Science in Health Sciences in the Field of Molecular Diagnostic Science	998	Civil and Environmental Engineering	1020
Master of Science in Health Sciences in the Field of Physician Assistant	998	Bachelor of Science with a Major in Civil Engineering	1027
Master of Science in Health Sciences in the Field of Regulatory Affairs	999	Bachelor of Science with a Major in Civil Engineering, Environmental Engineering Option	1029
Master of Science in Health Sciences in the Field of Translational Microbiology	999	Bachelor of Science with a Major in Civil Engineering, Medical Preparation Option	1032
Joint MSHS in the Field of Physician Assistant and MPH in Community-Oriented Primary Care	1000	Bachelor of Science with a Major in Civil Engineering, Sustainability Option	1033
Doctor of Physical Therapy	1000	Bachelor of Science with a Major in Civil Engineering, Transportation Engineering Option	1035
Certificate Programs	1001	Combined Bachelor of Science with a Major in Civil Engineering and Master of Science in the Field of Environmental Engineering	1037
Post-baccalaureate Certificate in Blood Banking for Medical Laboratory Science	1001	Combined Bachelor of Science with a Major in Civil Engineering and Master of Science in the Field of Structural Engineering	1039
Post-baccalaureate Certificate in Chemistry for Medical Laboratory Science	1002	Combined Bachelor of Science with a Major in Civil Engineering and Master of Science in the Field of Transportation Engineering	1040
		Master of Science in Civil and Environmental Engineering	1042

Computer Science	1043	Bachelor of Science with a Major in Mechanical Engineering, Patent Law Option	1092
Bachelor of Arts with a Major in Computer Science	1053	Bachelor of Science with a Major in Mechanical Engineering, Robotics Option	1093
Bachelor of Science with a Major in Computer Science	1055	Master of Science in the Field of Mechanical and Aerospace Engineering	1094
Master of Science in the Field of Computer Science	1056	Certificate in Computer-Integrated Design in Mechanical and Aerospace Engineering	1096
Master of Science in the Field of Cybersecurity in Computer Science	1057	Graduate School of Education and Human Development .	1097
Graduate Certificate in Computer Security and Information Assurance	1057	Master's Programs	1102
Electrical and Computer Engineering	1058	Assessment, Testing and Measurement in Education	1103
Bachelor of Science with a Major in Computer Engineering	1067	Clinical Mental Health Counseling	1103
Bachelor of Science with a Major in Electrical Engineering	1069	Curriculum and Instruction	1104
Master of Science in the Field of Computer Engineering	1070	Master of Arts in Education and Human Development in the Field of Curriculum and Instruction with a Concentration in Elementary Education	1104
Master of Science in the Field of Electrical Engineering	1070	Master of Arts in Education and Human Development in the Field of Curriculum and Instruction with a Concentration in Interdisciplinary Studies of Literacy and Reading Education	1105
Master of Science in the Field of Telecommunications Engineering	1070	Master of Arts in Education and Human Development in the Field of Curriculum and Instruction with a Concentration in Secondary Education	1105
Graduate Certificate in High-Performance Computing	1070	Early Childhood Special Education	1106
Engineering Management and Systems Engineering ..	1071	Education Policy Studies	1107
Bachelor of Arts with a Major in Applied Science and Technology	1072	Educational Leadership and Administration	1108
Bachelor of Science with a Major in Systems Engineering	1073	Educational Technology Leadership	1108
Master of Science in the Field of Engineering Management	1075	Elementary Education	1109
Master of Science in the Field of Systems Engineering	1077	Experiential Education and Jewish Cultural Arts	1109
Doctor of Engineering in the Field of Engineering Management	1077	Higher Education Administration	1110
Graduate Certificate in Greenhouse Gas Management	1078	Individualized Program	1111
Mechanical and Aerospace Engineering	1078	International Education	1111
Bachelor of Science with a Major in Mechanical Engineering	1087	Museum Education	1112
Bachelor of Science with a Major in Mechanical Engineering, Aerospace Option	1088	Organizational Leadership and Learning	1112
Bachelor of Science with a Major in Mechanical Engineering, Biomechanical Option	1089	Rehabilitation Counseling	1113
Bachelor of Science with a Major in Mechanical Engineering, Medical Preparation Option	1090	School Counseling	1114
		Secondary Education	1115
		Special Education and Transition Services	1116
		Special Education for Children with Emotional and Behavioral Disabilities	1118

Special Education for Culturally and Linguistically Diverse Learners	1119	Sport, Event, and Hospitality Management	1173
Education Specialist Programs	1120	Individualized Field	1174
Education Specialist in the Field of Educational Leadership and Administration	1120	Bachelor of Science with a Major in Finance	1175
Doctoral Programs	1121	Dual Degree Programs	1179
Doctor of Education in the Field of Curriculum and Instruction	1122	Minor in Business Administration	1179
Doctor of Education in the Field of Educational Administration and Policy Studies	1123	Graduate Programs	1180
Doctor of Education in the Field of Higher Education Administration	1125	Master of Accountancy	1180
Doctor of Education in the Field of Human and Organizational Learning	1125	Master of Science in Business Analytics	1181
Doctor of Education in the Field of Special Education	1127	Master of Science in Finance	1182
Doctor of Philosophy in the Field of Counseling	1128	Master of Science in Information Systems Technology	1182
Certificate Programs	1129	Master of Science in Government Contracts	1183
Assessment, Measurement, and Teaching in Education	1129	Master of Science in Project Management	1183
Incorporating International Perspectives in Education	1130	Master of Tourism Administration	1184
Integrating Technology into Education	1130	Masters of Business Administration	1185
STEM Master Teacher	1130	Global Master of Business Administration	1185
Departments	1131	Healthcare Master of Business Administration	1191
Counseling and Human Development	1131	Professional Master of Business Administration	1192
Curriculum and Pedagogy	1135	World Executive Master of Business Administration	1197
Educational Leadership	1139	Joint Degree Programs	1198
Human and Organizational Learning	1146	Doctor of Philosophy in Business Administration ...	1199
Special Education and Disability Studies	1149	Departments	1199
School of Business	1155	Accountancy	1199
Undergraduate Programs	1160	Bachelor of Accountancy	1202
Bachelor of Accountancy	1160	Master of Accountancy	1180
Bachelor of Business Administration	1164	Decision Sciences	1203
Accountancy	1167	Finance	1205
Business Analytics	1168	Information Systems and Technology Management	1209
Innovation and Entrepreneurship	1168	Combined Bachelor of Business Administration and Master of Science in Information Systems Technology	1213
Business Economics and Public Policy	1169	Master of Science in Information Systems Technology	1213
Finance	1170	International Business	1214
Information Systems	1171	Management	1217
International Business	1171	Marketing	1219
Marketing	1172	Strategic Management and Public Policy	1220
		Elliott School of International Affairs	1223
		Undergraduate Programs	1231
		Bachelor of Arts with a Major in Asian Studies	1231

Bachelor of Arts with a Major in International Affairs	1232	Bachelor of Science with a Major in Exercise Science, Pre-physical Therapy Concentration	1280
Bachelor of Arts with a Major in Latin American and Hemispheric Studies	1233	Bachelor of Science with a Major in Public Health ..	1281
Bachelor of Arts with a Major in Middle East Studies	1234	Combined Bachelor of Science in Public Health and Master of Public Health	1293
Minors	1235	Minor in Exercise Science	1305
Graduate Programs	1239	Minor in Nutrition	1305
Master of Arts in the Field of Asian Studies	1239	Minor in Public Health	1305
Master of Arts in the Field of European and Eurasian Studies	1245	Graduate Programs	1306
Master of Arts in the Field of Global Communication	1249	Master of Arts in the Field of International Affairs and Master of Public Health	1307
Master of Arts in the Field of International Affairs ...	1257	Master of Public Health: MPH@GW	1308
Master of Arts in the Field of International Development Studies	1259	Master of Health Administration with a Certificate in Healthcare Corporate Compliance	1309
Master of Arts in the Field of International Science and Technology Policy	1261	Master of Science in Health Policy with a Certificate in Healthcare Corporate Compliance	1310
Master of Arts in the Field of International Trade and Investment Policy	1262	Master of Science in Health Sciences in the Field of Physicians Assistant and Master of Public Health	1310
Master of Arts in the Field of Latin American and Hemispheric Studies	1263	Master of Public Health in the Field of Health Policy with a Certificate in Corporate Compliance	1314
Master of Arts in the Field of Middle East Studies ...	1264	Peace Corp Masters International Program and Master of Public Health	1315
Master of Arts in the Field of Security Policy Studies	1265	Doctor of Medicine and Master of Public Health	1316
Master of International Policy and Practice	1266	Juris Doctor in the Field of Law and Master of Public Health	1316
Master of International Studies	1267	Departments	1317
Dual Master of Arts and Master of Public Health	1267	Environmental and Occupational Health	1317
Joint Master of Arts and Juris Doctor	1268	Master of Public Health in the Field of Environmental Health Science and Policy	1319
Joint Master of Arts and Master of Business Administration Degree Program	1268	Master of Public Health in the Field of Global Environmental Health	1322
Certificate Programs	1268	Doctor of Public Health in the Field of Environmental and Occupational Health	1326
Graduate Certificate in Global Gender Policy	1268	Epidemiology and Biostatistics	1327
Graduate Certificate in International Science and Technology Policy	1269	Master of Public Health in the Field of Biostatistics	1331
Graduate Certificate in Nuclear Policy	1270	Master of Public Health in the Field of Epidemiology	1333
Milken Institute School of Public Health	1271	Master of Public Health in the Field of Global Health Epidemiology	1336
Undergraduate Programs	1277	Master of Science in the Field of Biostatistics	1339
Bachelor of Science with a Major in Exercise Science	1277	Master of Science in the Field of Epidemiology	1340
Bachelor of Science with a Major in Exercise Science, Pre-athletic Training/Sports Medicine	1278	Master of Science in the Field of Public Health Microbiology and Emerging Infectious Diseases	1342
Bachelor of Science with a Major in Exercise Science, Pre-medical Professional Concentration	1279		

Doctor of Philosophy in the Field of Biostatistics	1343	Graduate Certificate in Health Administration Generalist	1394
Doctor of Philosophy in the Field of Epidemiology	1346	Graduate Certificate in Health Policy	1395
Exercise and Nutrition Sciences	1350	Graduate Certificate in Long-Term Care	1395
Bachelor of Science with a Major in Exercise Science	1277	Prevention and Community Health	1396
Bachelor of Science with a Major in Exercise Science, Pre-athletic Training/Sports Medicine	1278	Master of Public Health in the Field of Community Oriented Primary Care	1399
Bachelor of Science with a Major in Exercise Science, Pre-medical Professional Concentration	1279	Master of Public Health in the Field of Health Promotion	1403
Bachelor of Science with a Major in Exercise Science, Pre-physical Therapy Concentration	1280	Master of Public Health in the Field of Maternal and Child Health	1405
Minor in Exercise Science	1305	Master of Public Health in the Field of Public Health Communication and Marketing	1407
Minor in Nutrition	1305	Doctor of Public Health in the Field of Health Behavior	1409
Master of Public Health in the Field of Physical Activity in Public Health	1355	College of Professional Studies	1411
Master of Public Health in the Field of Public Health Nutrition	1358	Undergraduate Programs	1414
Master of Science in the Field of Exercise Science with a Concentration in Strength & Conditioning	1361	Bachelor of Professional Studies with a Major in Cybersecurity	1414
Global Health	1362	Bachelor of Professional Studies with a Major in Integrated Information, Science, and Technology ..	1415
Master of Public Health in the Field of Global Environmental Health	1365	Bachelor of Professional Studies with a Major in Police and Security Studies	1416
Master of Public Health in the Field of Global Health Communication	1368	Bachelor of Arts with a Major in Political Communication and Master of Professional Studies in the Field of Political Management	1417
Master of Public Health in the Field of Global Health Epidemiology	1336	Bachelor of Arts with a Major in Political Science and Master of Professional Studies in the Field of Legislative Affairs	1417
Master of Public Health in the Field of Global Health Program Design, Monitoring, and Evaluation	1374	Bachelor of Arts with a Major in Political Science and Master of Professional Studies in the Field of Political Management	1418
Master of Public Health in the Field of Global Health Policy	1376	Graduate Programs	1419
Doctor of Public Health in the Field of Global Health	1379	Master of Professional Studies in the Field of Cybersecurity Strategy and Information Management	1419
Health Policy and Management	1380	Master of Professional Studies in the Field of Landscape Design	1420

THE UNIVERSITY

ABOUT THE UNIVERSITY

George Washington was determined to have a great national university in the nation's capital. His hope was that students from all parts of the country would gain a first-hand knowledge of the practice as well as the theory of republican government while being instructed in the arts and sciences. He bequeathed 50 shares of The Potomac Company "towards the endowment of a University to be established within the limits of the District of Columbia, under the auspices of the General Government, if that government should incline to extend a fostering hand towards it." Despite Washington's intentions, The Potomac Company folded and Congress never extended a "fostering hand," so the University did not take shape until a group of Baptist clergymen led by Reverend Luther Rice took up the cause. They raised funds for the purchase of a site and petitioned Congress for a charter. Congress insisted on giving the institution a nonsectarian charter stating "That persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, Professor, Tutor, or pupil, be refused admittance into said College, or denied any of the privileges, immunities, or advantages thereof, for or on account of his sentiments in matters of religion."

Columbian College, as it was originally named, took up residence on College Hill, a 46-acre tract between the present 14th and 15th Streets extending from Florida Avenue to Columbia Road. The name of the institution was changed in 1873 to Columbian University and in 1904 to The George Washington University.

In 1912, the University purchased 2023 G Street and rented 2024 Street, N.W., establishing what would become its Foggy Bottom campus. Today, more than 100 buildings are situated on 43 acres in the heart of Washington, D.C., bordered by the White House, John F. Kennedy Center for the Performing Arts, State Department, and World Bank, as well as numerous federal agencies and national galleries and museums.

GW's Virginia Science and Technology Campus (<http://virginia.gwu.edu>), initiated for graduate studies, research projects, and professional development programs, is located along the high-tech corridor on Route 7, just to the west of Route 28, in Loudoun County. In 1998, GW established The George Washington University at Mount Vernon College; the Mount Vernon Campus (<http://www.gwu.edu/mount-vernon-campus>) is on Foxhall Road in Northwest Washington.

Currently, the University's enrollments total more than 25,000, of which 10,100 are undergraduates, about 14,600 are graduate and professional students, and some 500 are non-degree students. GW students come from all 50 states and about 130 different countries.

MISSION

Mission Statement

The George Washington University, an independent academic institution chartered by the Congress of the United States in 1821, dedicates itself to furthering human well-being. The University values a dynamic, student-focused community stimulated by cultural and intellectual diversity and built upon a foundation of integrity, creativity, and openness to the exploration of new ideas.

The George Washington University, centered in the national and international crossroads of Washington, D.C., commits itself to excellence in the creation, dissemination, and application of knowledge.

To promote the process of lifelong learning from both global and integrative perspectives, the University provides a stimulating intellectual environment for its diverse students and faculty. By fostering excellence in teaching, the University offers outstanding learning experiences for full-time and part-time students in undergraduate, graduate, and professional programs in Washington, D.C., the nation, and abroad. As a center for intellectual inquiry and research, the University emphasizes the linkage between basic and applied scholarship, insisting that the practical be grounded in knowledge and theory. The University acts as a catalyst for creativity in the arts, the sciences, and the professions by encouraging interaction among its students, faculty, staff, alumni, and the communities it serves.

The George Washington University draws upon the rich array of resources from the National Capital Area to enhance its educational endeavors. In return, the University, through its students, faculty, staff, and alumni, contributes talent and knowledge to improve the quality of life in metropolitan Washington, D.C.

ACCREDITATION

Accreditation

The George Washington University is accredited by its regional accrediting agency, the Middle States Commission on Higher Education (<http://www.msche.org>).

The Law School (<http://www.law.gwu.edu>) is a charter member of the Association of American Law Schools (<http://www.aals.org>) and is approved by the Section of Legal Education and Admissions to the Bar of the American Bar Association (<http://www.americanbar.org>).

The School of Medicine and Health Sciences (<http://smhs.gwu.edu>) has had continuous approval by its accrediting body, which is currently the Liaison Committee on Medical Education (<http://www.lcme.org>), sponsored jointly by the American Medical Association (<http://www.ama-assn.org>) and the Association of American Medical Colleges (<https://www.aamc.org>). The medical laboratory science

program is accredited by the National Accrediting Agency for Clinical Laboratory Science (<http://www.naacls.org>). The Commission on Accreditation of Allied Health Education Programs (<http://www.caahep.org>) has accredited the program in Physician Assistant. The physical therapy program is accredited by the Commission on the Accreditation of Physical Therapist Education (<http://www.capteonline.org>) of the American Physical Therapy Association.

In the School of Nursing (<http://nursing.gwu.edu>), the Bachelor of Science in Nursing, Master of Science in Nursing, and Doctor of Nursing Practice are accredited by the Collegiate Commission on Nursing Education (<http://www.aacn.nche.edu/ccne-accreditation>).

In the Milken Institute School of Public Health (<http://publichealth.gwu.edu>), the public health programs have full accreditation from the Council on Education for Public Health (<http://ceph.org>). The program in health services administration is accredited by the Commission on Accreditation of Healthcare Management Education (<http://www.cahme.org>).

In the School of Engineering and Applied Science (<http://www.seas.gwu.edu>), the Bachelor of Science programs in civil, mechanical, electrical, biomedical, and computer engineering are accredited by the Engineering Accreditation Commission of ABET, Inc (<http://www.abet.org>). The Bachelor of Science computer science curriculum is accredited by the Computing Accreditation Commission of ABET, Inc (<http://www.abet.org>).

The Graduate School of Education and Human Development (<http://gsehd.gwu.edu>) is a charter member of the American Association of Colleges for Teacher Education (<http://aacte.org>) and is accredited by the Council for the Accreditation of Educator Preparation (<http://www.ncate.org>) and the District of Columbia State Education Agency, Office of the State Superintendent of Education (<http://osse.dc.gov>), for its eligible master's, specialist, and doctoral degree programs; the master's programs in school counseling and clinical mental health counseling and the doctoral program in counseling are accredited by the Council for Accreditation of Counseling & Related Educational Programs (<http://www.cacrep.org>); the master's program in rehabilitation counseling is accredited by the Council on Rehabilitation Education (<http://www.core-rehab.org>).

The School of Business (<http://business.gwu.edu>) is a member of AACSB International-The Association to Advance Collegiate Schools of Business (<http://www.aacsb.edu>); the Association accredits its undergraduate and graduate business administration and accountancy programs. The programs in accountancy satisfy the educational requirements for the Certified Public Accountant and the Certified Management Accountant professional examinations.

The Elliott School of International Affairs (<http://elliott.gwu.edu>) is a member of the Association of Professional Schools of International Affairs (<http://www.apsia.org>).

In Columbian College of Arts and Sciences (<http://columbian.gwu.edu>), the B.F.A. and M.F.A. in interior design are accredited by the Council for Interior Design Accreditation (<http://accredit-id.org>). The Department of Chemistry is on the approved list of the American Chemical Society. (<http://www.acs.org>) The Ph.D. program in clinical psychology in the Department of Psychology and the Psy.D. program in the Center for Professional Psychology are on the approved list of the American Psychological Association. (<http://www.apa.org>) The M.A. program in speech-language pathology is accredited by the Education and Training Board of the Boards of Examiners in Speech-Language Pathology and Audiology. The M.P.A. and M.P.P. programs are on the approved list of the National Association of Schools of Public Affairs and Administration (<http://www.naspaa.org>). The M.F.S. programs in forensic chemistry, forensic molecular biology, and forensic toxicology are accredited by the Forensic Science Education Programs Accreditation Commission (FEPAC (<http://fepac-edu.org>)).

BOARD OF TRUSTEES

The University is privately endowed and is governed by a Board of Trustees of which the President of the University is an *ex officio* member.

Nelson A. Carbonell, Jr., *Chair*

Ellen M. Zane, *Vice Chair*

I. Allan From, *Secretary*

W. Scott Amey, *Chairman, Amyx, Inc.*

Richard W. Blackburn, *Retired Executive Vice President, General Counsel, Chief Administrative Officer, Duke Energy*

Roslyn Brock, *Chairman, NAACP National Board of Directors*

Weston Burnett, *Managing Partner, Cohen & Burnett, P.C., CEO and President, OptiFour Integrated Wealth Management*

Nelson A. Carbonell, Jr., *Chairman and CEO, Snowbird Capital*

Mark Chichester, *President, Atlas Research LLC*

George A. Coelho, *Managing Director, Good Energies (UK)*

Terry Collins, *Retired, Boeing*

Kyle Farmbry, *Acting Dean, Graduate School, Rutgers*

University--Newark

Lee Fensterstock, *Chairman and CEO, Fensterstock Associates*

Heather S. Foley

I. Allan From, *Shareholder, Howard, Stallings, From, & Hutson*

Titilola Harley, *Management Consultant, UPD Consulting*

Diana Henriques, *Contributing Writer, The New York Times*

A. Michael Hoffman, *Co-founder and Chairman, Palamon*

Capital Partners

James F. Humphreys, *President, James F. Humphreys &*

Associates

Madeline Jacobs, *President/CEO, Council of Scientific Society*

Presidents

David C. Karlgaard, *Retired CEO and President, PEC Solutions*

Stuart S. Kassan, *Clinical Professor of Medicine, University of*

Colorado; Chief Medical Officer, Infusion Center of Denver

Jay E. Katzen, *Ophthalmologist and Ophthalmic Surgery*

J. Richard Knop, *Co-Founder and Co-Manager, Fed Cap Partners*
 Peter Kovler, *Chairman of the Board, Blum-Kovler Foundation*
 Randy L. Levine, *President, New York Yankees, Counsel, Jackson Lewis, P.C.*
 Ann Walker Marchant, *CEO, Walker Marchant Group*
 Sally Nuamah, *Ph.D. Candidate, Northwestern University*
 Steven S. Ross, *Senior Vice President, RBC Wealth Management*
 Mark R. Shenkman, *President and Chief Investment Officer, Shenkman Capital Management*
 Grace Speights, *Partner, Morgan Lewis's Labor and Employment Practice*
 Robert K. Tanenbaum, *Principal, Lerner Enterprises, and Principal Owner, Washington Nationals*
 Avram Tucker, *CEO and Co-founder, TM Financial Forensics, LLC*
 Cynthia Steele Vance, *Broadcast Journalist*
 George W. Wellde, Jr., *Former Vice Chairman of the Securities Division, Goldman, Sachs*
 Art Wong, *Former CEO and Founder of EPMG (Emergency Physicians Medical Group)*
 Ellen M. Zane, *CEO Emeritus and Vice Chairman, Board of Trustees, Tufts Medical Center*

OFFICERS OF ADMINISTRATION

The University

Steven Knapp, *President*
 Steven Lerman, *Provost and Executive Vice President for Academic Affairs*
 Leo M. Chalupa, *Vice President for Research*
 Louis H. Katz, *Executive Vice President and Treasurer*
 Beth Nolan, *Senior Vice President and General Counsel*
 Lorraine Voles, *Vice President for External Relations*
 Sabrina Ellis, *Vice President for Human Resources*
 Aristide Collins, *Vice President for Development and Alumni Relations*

Deans of the Schools

Columbian College of Arts and Sciences—Ben Vinson III
 School of Medicine and Health Sciences—Jeffrey Scott Akman
 Law School—Blake D. Morant
 School of Engineering and Applied Science—David S. Dolling
 Graduate School of Education and Human Development—Michael J. Feuer
 School of Business—Linda Livingstone
 Elliott School of International Affairs—Michael E. Brown
 School of Public Health and Health Services—Lynn R. Goldman
 College of Professional Studies—Ali Eskandarian
 School of Nursing—Pamela R. Jeffries

DEGREES OFFERED

Degrees offered by the George Washington University

Columbian College of Arts and Sciences: Bachelor of Arts (B.A.), Bachelor of Fine Arts (B.F.A.), Bachelor of Science (B.S.), Master of Arts (M.A.), Master of Fine Arts (M.F.A.), Master of Forensic Sciences (M.F.S.), Master of Public Administration (M.P.A.), Master of Public Policy (M.P.P.), Master of Science (M.S.), Master of Philosophy (M.Phil.), Master of Psychology (M.Psy.), Doctor of Philosophy (Ph.D.), and Doctor of Psychology (Psy.D.)

School of Medicine and Health Sciences: Bachelor of Science in Health Sciences (B.S.H.S.), Master of Science in Health Sciences (M.S.H.S.), Doctor of Occupational Therapy (O.T.D.), Doctor of Physical Therapy (D.P.T.), and Doctor of Medicine (M.D.)

Law School: Juris Doctor (J.D.), Master of Laws (LL.M.), Master of Studies in Law (M.S.L.), and Doctor of Juridical Science (S.J.D.)

School of Engineering and Applied Science: Bachelor of Science (B.S.), Bachelor of Arts (B.A.), Master of Science (M.S.), Engineer (Engr.), Applied Scientist (App.Sc.), and Doctor of Philosophy (Ph.D.)

Graduate School of Education and Human Development: Master of Arts in Education and Human Development (M.A.Ed.&H.D.), Master of Arts in Teaching (M.A.T.), Master of Education (M.Ed.), Education Specialist (Ed.S.), Doctor of Education (Ed.D.), and Doctor of Philosophy (Ph.D.)

School of Business: Bachelor of Accountancy (B.Accy.), Bachelor of Business Administration (B.B.A.), Bachelor of Science (B.S.), Master of Accountancy (M.Accy.), Master of Business Administration (M.B.A.), Master of Science in Business Analytics (M.S.B.A.), Master of Science in Finance (M.S.F.), Master of Science in Government Contracts (M.S.G.C.), Master of Science in Information Systems Technology (M.S.I.S.T.), Master of Science in Project Management (M.S.P.M.), Master of Tourism Administration (M.T.A.), and Doctor of Philosophy (Ph.D.)

Elliott School of International Affairs: Bachelor of Arts (B.A.), Master of Arts (M.A.), Master of International Policy and Practice (M.I.P.P.), and Master of International Studies (M.I.S.)

Milken Institute School of Public Health: Bachelor of Science (B.S.), Master of Science (M.S.), Master of Public Health (M.P.H.), Master of Health Administration (M.H.A.), Doctor of Public Health (Dr.P.H.), and Doctor of Philosophy (Ph.D.)

College of Professional Studies: Associate in Professional Studies (A.P.S.), Bachelor of Professional Studies (B.P.S.), and Master of Professional Studies (M.P.S.)

School of Nursing: Bachelor of Science in Nursing (B.S.N.),
Master of Science in Nursing (M.S.N.), Doctor of Nursing
Practice (D.N.P.)

UNIVERSITY REGULATIONS

Students enrolled in the University are required to conform to the following regulations and to comply with the requirements and regulations of the school in which they are registered. Students who withdraw or are suspended, or who, for any other reason, are not registered at the University for one semester or more, may reapply and, if readmitted, continue their program only under the regulations and requirements in force at the time of return.

If a student knowingly makes a false statement or conceals material information on an application for admission or any other University document, the student's registration may be canceled. If such falsification is discovered after the student has matriculated at the University, the student may be subject to dismissal from the University. Such a student will be ineligible (except by special action of the faculty) for subsequent registration in the University.

Registration

Information on registration procedures is stated on the Office of the Registrar's website (<http://registrar.gwu.edu/how-register>) and in the Schedule of Classes (<http://my.gwu.edu/mod/pws>), which is available in advance of each semester.

Registration in courses is open only to those persons formally admitted to the University by the appropriate admitting office and to continuing students in good standing. Students may not register concurrently in this University and another institution without the prior permission of the advising office of the school in which they are registered in this University. With the exception of students enrolled in a joint degree program, registration in more than one school of the University requires the written permission of the student advising offices concerned, prior to registration. Registration is not complete until all financial obligations have been met. Individuals without a valid registration may not attend class or earn any course credit.

Eligibility for Registration

Registration for the following categories of on-campus students is held on the days of registration indicated in the Schedule of Classes (<http://my.gwu.edu/mod/pws>). A student who is suspended or whose record is encumbered for any reason is not eligible to register. Registration in a given course may be denied to non-degree students by the Office of Non-Degree Students (<http://www.gwu.edu/non-degree>) when space is needed for degree candidates.

New Student—Upon receipt of a letter of admission and payment of any required deposit, new students are eligible for registration on the stated days of registration. Registration for new freshmen is typically conducted on stated days as part of the Colonial Inauguration (<http://ci.gwu.edu>) orientation program.

Readmitted Student—A student previously registered in the University who was not registered during the preceding semester must apply for and be granted readmission by the appropriate admitting office before being eligible for registration.

Continuing Student—A student registered on campus in the immediately preceding semester or the summer session preceding the fall semester is eligible to register assuming good standing and enrollment in a continuing program.

Completion of Registration

Registration is not complete until financial obligations have been fulfilled. Students who do not complete their financial obligations in a timely manner may have their registration canceled and will not be permitted to attend class.

Registration for Consortium Courses

Degree students interested in taking courses at any of the other institutions in the Consortium of Universities of the Washington Metropolitan Area, Inc. (<http://www.consortium.org/> consortium) should consult the program announcements of the other institutions. In order to participate in the Consortium program, students must obtain the approval of an advisor and should ascertain from the department of the institution where the course is taught whether they are eligible for the course and whether there is space in the class. Consortium registration forms and detailed information concerning Consortium policy and procedures are available on the Office of the Registrar's website (<http://registrar.gwu.edu/consortium>). Specific inquiries should be addressed to the Office of the Registrar.

Adding and Dropping Courses

During the registration period and before the end of the second week of classes, students may add or drop courses using the GWeb Information System. (<http://my.gwu.edu>)

During the third and fourth weeks of classes (after the second week and prior to the end of the fourth week), students who wish to add or drop a course must complete a Registration Transaction Form-EZ (RTF-EZ (<https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/RTF-EZ.pdf>)) and submit it to the Office of the Registrar in Colonial Commons; adding a course after the second week of classes also requires the signature of the instructor or other authorized member of the department. A course dropped during the first four weeks of classes will not appear on the student's transcript.

After the fourth week of classes, students who wish to add or withdraw from a course must complete a Registration Transaction Form (https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/reg_transaction_form.pdf) (RTF) and submit it to their advising office. A course from which a student withdraws after the fourth week but before the end of the eighth week will be assigned a notation of *W* (Authorized Withdrawal). The deadline for withdrawing from a course is

the end of the eighth week of classes in the fall and spring semesters.

After the end of the eighth week of classes, students who wish to withdraw from any or all of their courses must submit a petition, along with substantial supporting documentation, to their advising office for consideration. Submission of a petition does not guarantee approval. Appropriate withdrawal forms are available online (<http://registrar.gwu.edu/forms>). Failure to withdraw by the stated deadlines can result in an extended financial obligation and the recording of a grade of *F* (Failure) or a notation of *Z* (Unauthorized Withdrawal).

Students should consult the Office of the Registrar's website (<http://registrar.gwu.edu>) for academic deadlines for the fall and spring semesters. Academic deadlines for courses that are not offered during the traditional fall and spring semesters can be found at the respective school's advising office.

All charges for courses that the student drops are subject to the refund policy listed under Fees and Financial Regulations in the Bulletin.

Changes in Program of Study

Changes Within a School—A student may not substitute one course for another within an established program of study or change status from credit to audit or from audit to credit without the approval of the advising office of the school in which he or she is registered. Change from one major field to another within the same school may be made with the approval of the advising office.

Undergraduate Transfer Within the University—Students are admitted to a home school at the time of their admission to the University. Those who wish to change their home school must submit an internal transfer request (https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/internal_transfer.pdf) to the University Registrar. A university-wide graduation requirement is that students must be registered in the college/school in which their primary major is housed. Some schools may require that certain prerequisite courses have been taken and that minimum grades have been earned before the transfer is processed. Transfer into a college/school does not guarantee placement in a limited-enrollment major and students will be transferred into an undeclared major. Requests to transfer schools will not be accepted prior to the second semester of the student's enrollment at GW. Students should meet prior to submitting an internal transfer request with an academic advisor in both their current college/school and the college/school into which they are requesting to transfer. Additional information, including deadlines, limited-enrollment majors, and prerequisites for internal transfers, is available on the Office of the Registrar's website (<http://registrar.gwu.edu/undergraduate-internal-transfer>).

Graduate Transfer Within the University—Application for transfer to another school must be made to the appropriate admitting office on the form provided by the office concerned.

Grades

Grades are made available to students through the Office of the Registrar (<http://registrar.gwu.edu>) after the close of each semester.

Undergraduate

The following grading system is used for undergraduate students: *A*, Excellent; *B*, Good; *C*, Satisfactory; *D*, Low Pass; *F*, Fail; other grades that may be assigned are *A-*, *B+*, *B-*, *C+*, *C-*, *D+*, and *D-*. Symbols that may appear include *AU*, Audit; *I*, Incomplete; *IPG*, In Progress; *W*, Authorized Withdrawal; *Z*, Unauthorized Withdrawal; *P*, Pass; *NP*, No Pass; *R*, Need to Repeat Course.

Repeating Courses for Credit—For courses that do not specifically state that repetition for credit is permitted, a student may, with permission of the instructor teaching the repeated course, repeat for credit a course in which a grade of *B-* (2.75) or lower for undergraduate students or *C-* or lower for graduate students was received.

The student must complete an RTF form (https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/reg_transaction_form.pdf) to register. Credit for the repeated course will not count toward degree requirements; the grade earned in the repeated course will, however, be included in the student's cumulative grade-point average.

Graduate

The following grading system is used for graduate students: *A*, Excellent; *B*, Good; *C*, Satisfactory; *F*, Fail; other grades that may be assigned are *A-*, *B+*, *B-*, *C+*, *C-*. Symbols that may appear include *AU*, Audit; *I*, Incomplete; *IPG*, In Progress; *W*, Authorized Withdrawal; *Z*, Unauthorized Withdrawal; *CR*, Credit; *NC*, No Credit.

Unauthorized Withdrawal—The symbol of *Z* is assigned when students are registered for a course that they have not attended or have attended only briefly, and in which they have done no graded work. At the end of the academic year, students' records are reviewed; if there is more than one *Z* per semester, a student's record will be encumbered until released by the student's advising office. The symbol of *Z* is not a grade but an administrative notation.

Except for courses that specifically state that repetition for credit is permitted, a candidate for a degree at this University may not repeat a course in which a grade of *C-* for graduate students or better was received, unless required to do so by the department concerned. A written statement, indicating that the student is required to repeat the course, must be submitted to the student's advising office by the appropriate department chair.

Incompletes

The symbol *I* (Incomplete) indicates that a satisfactory explanation has been given to the instructor for the student's inability to complete the required work of the course during the semester of enrollment. At the option of the instructor, the symbol *I* may be recorded if a student, for reasons beyond the student's control, is unable to complete the work of the course, and if the instructor is informed of, and approves, such reasons before the date when grades must be reported. This symbol may be used only if the student's prior performance and class attendance in the course have been satisfactory. Any failure to complete the work of a course that is not satisfactorily explained to the instructor before the date when grades must be turned in will be graded *F*, Failure. If acceptable reasons are later presented to the instructor, that instructor may initiate an appropriate grade change, which in all cases will include the symbol *I*. The work must be completed within the designated time period agreed upon by the instructor, student, and school, but no more than one calendar year from the end of the semester in which the course was taken, or no more than one semester in the case of students enrolled in the School of Business. All students who receive an Incomplete must maintain active student status during the subsequent semester(s) in which the work of the course is being completed. If not registered in other classes during this period, the student must register for Continuous Enrollment status.

When work for the course is completed, the instructor will complete a grade change form and turn it in to the Office of the Registrar. Beginning with the fall 2014 semester, the final grade will replace the symbol of *I*. If work for the course is not completed within the designated time, the grade will be converted automatically to a grade of *F*, Failure, 0 quality points, and the grade-point average and academic standing recalculated.

The Grade-Point Average

Scholarship is computed in terms of the grade-point average, obtained by dividing the number of quality points by the number of credits for which the student has registered, both based on his or her record in this university. The grade-point average is computed as follows: *A*, 4.0; *A-*, 3.7; *B+*, 3.3; *B*, 3.0; *B-*, 2.7; *C+*, 2.3; *C*, 2.0; *C-*, 1.7; *D+*, 1.3; *D*, 1.0; *D-*, .7; *F*, 0, for each credit hour for which the student has registered as a degree-seeking student. Grades of *D+*, *D*, and *D-*, are not used for graduate students. Although credit value for a course in which a grade of *F* is earned appears on the transcript for the purpose of calculating the grade-point average, no academic credit is awarded. In the case of a student who is allowed to repeat a course, the first grade received remains on the student's record and is included in the grade-point average. Courses marked *AU*, *CR*, *I*, *IPG*, *P*, *NP*, *R*, *W*, or *Z* are not considered in determining the average, except that courses marked *I* will be considered when a final grade is recorded. With the exception of Consortium courses, grades in courses

taken at other institutions are not considered in computing the grade-point average.

Undergraduate Degree Requirements

To earn a bachelor's degree, students must complete 120 credits; meet the University general education requirement, school-specific requirements of their home school, and requirements of at least one major within their home school; fulfill the residence requirement; and have a cumulative grade point average of at least 2.0. Additional school-specific regulations may apply.

University General Education Requirement

Under the general education requirement, undergraduate students are required to take 19 credits in approved courses in the areas of writing, the humanities, natural or physical science, mathematics or statistics, and social science, plus two writing-in-the-discipline courses. The general education curriculum engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that meaningfully enhance their analytical skills, develop communication competencies, and familiarize them with modes of inquiry.

The distribution for the general education requirement is as follows: Writing—one university writing course (UW 1020 or HONR 1015) and two writing-in-the-disciplines (WID) courses; Humanities—one course in the humanities; Mathematics or Statistics—one course in either mathematics or statistics; Natural or Physical Science—one natural or physical science course with laboratory; Social Science—two courses in the social sciences. The list of approved courses for each area can be found online and students should check the list before registering for classes. Students should address questions about this requirement to their advising office.

Residence requirement

To earn a bachelor's degree, students must earn at least 60 credits at or through GW, which may include a University-authorized study abroad and study away program. At least 30 of the 60 credits earned at or through GW must be in upper-level courses (numbered 2000 or above); at least 12 credits in upper-level courses must be in the major field, and at least 6 credits in upper-level courses must be in the minor field, if sought.

Graduate Degree Requirements

Graduate students should consult their program's advising office concerning degree requirements.

Academic Work Load

A full-time undergraduate program is defined as 12 to 17 credits per semester. Undergraduates taking more than 17 credits per semester must have approval from their advising office and will be charged at the rate of 1 credit for each credit exceeding that limit. Exceptions to the extra charge will be

made for students taking 18 credits if their program includes UW 1020 and for students in the School of Engineering and Applied Science whose program requires them to take 18 or 19 credits per semester.

A full-time undergraduate student on academic probation may register for up to 13 credits.

Graduate students should consult with their advising office to determine an academic workload that meets the requirements for their degree program.

Academic Standing

An undergraduate student who is not on academic probation or suspension for poor scholarship is considered to be in good academic standing.

Academic probation: Students are placed on probation if their semester or cumulative grade-point average is below 2.0 in any given semester.

Suspension for poor scholarship: Students will be subject to suspension if their semester grade-point average is below 1.0 in any given semester; they have two consecutive semesters of grade-point averages below 2.0; or they have three semesters of probationary status on their academic transcript.

Readmission after suspension for poor scholarship: A student suspended for poor scholarship may apply for readmission after at least one semester following the term of suspension and after having earned a minimum of 12 credits at an accredited institution of higher education. No credit will be assigned for academic work completed while the student is suspended. After being readmitted and completing a minimum of 12 credits at GW and achieving a cumulative and major field GPA of at least 2.0, the student may petition their advising office to transfer in no more than 9 credits or three courses from other colleges or universities (see Earning Transfer Credit after Matriculation policy). A student suspended twice for poor scholarship will not be readmitted.

Dean's List

Undergraduate students who, in any one semester, earn 12 credits or more and attain a minimum semester grade point average of 3.75 in letter-graded course work, pass all non-graded credit courses, and do not have any Unauthorized Withdrawals (Z) or Incompletes (I), are placed on the Dean's List for that semester.

Latin Honors

Bachelor's degrees with honors are awarded to students whose academic records give evidence of particular merit. The student's grade-point average determines the level of honors as follows: *cum laude*, 3.4–3.59; *magna cum laude*, 3.6–3.79; *summa cum laude*, 3.8–4.0. The grade-point average includes all course work completed at GW. To be eligible for an honors designation, a student must complete at least 60 credits of

course work with letter grades (grades included in calculating the grade-point average) at GW.

The grade-point average is calculated by the Office of the Registrar, and the honors designation is entered on the transcript and diploma of those students who earn an honors designation. If Latin honors are entered in the commencement program, honors status will be determined on the basis of work completed by the end of the seventh term and entered only for those students who have completed seven-eighths of the credits required for the degree. Latin honors indicated on the diploma are calculated on the basis of all course work completed. The diploma and transcript are the official indication that a degree was conferred and Latin honors awarded.

Special Honors

Special Honors may be awarded by the faculty to any undergraduate member of the graduating class for outstanding achievement in the student's major field on recommendation of the major department. The student must fulfill all of the following requirements: (1) Candidacy for Special Honors must be approved by the faculty member representing the major department or field not later than the beginning of the senior year. (2) Such other conditions as may be set at the time the candidacy is approved must be met. (3) At least one-half of the courses required for the degree must have been completed at GW. (4) The specific minimum requirement of the school in which the student is registered must be fulfilled as follows: (a) Columbian College of Arts and Sciences—a grade-point average of 3.0 on all course work taken at GW; (b) the Elliott School of International Affairs—a grade-point average of 3.7 on all course work taken at GW; (c) the Milken Institute School of Public Health—a grade-point average of 3.25 on all course work taken at GW. Special Honors awards appear on the transcript.

Double Majors

Undergraduates can declare no more than two majors; they can pursue minors or secondary fields in addition to the two majors if they wish but are generally advised against pursuing too many specializations.

Students who graduate with the requisite credits for one degree, having fulfilled the major requirements in more than one department, program, and/or school, will receive one degree. They must select a primary degree and major, as only the primary degree will show on the diploma, along with the two majors.

Students who complete the major requirements in their home school and the major requirements in a second school will receive the degree in the major of their home school and a notation on the transcript and diploma that testifies to completion of requirements for a secondary major. It is understood that requirements of the secondary major do not

include the general education requirements of the second school.

Students who complete the major requirements for a degree different from the one they will receive in their home school will receive the degree of the relevant major in their home school. For example, a SEAS student completing the degree requirements for a B.S. in computer science and the major requirements for a B.A. in fine arts will receive a B.S. in computer science with a secondary major in fine arts.

Students who complete two majors in the same school also receive one degree with two majors; if one major leads to a B.A. and one to a B.S., the student must declare a primary major and will receive the degree associated with that major.

Minors

Students may not declare a minor in the same subject in which they have declared a major. Students should address specific questions about this policy to the school's advising office.

Double Degrees

To earn two bachelor's degrees at the same time, students must be admitted to the college or school that offers the second degree; satisfy the general and major requirements for both degrees; complete at least 30 additional credits beyond the credits required to earn one degree or a total of 150 credits; and earn 90 credits in residence at GW. Students interested in pursuing this option must have a cumulative grade-point average of at least 3.3. Applications (<http://registrar.gwu.edu/forms>) for consideration should be sent to the student's advising office.

Study Abroad

Undergraduates who wish to study abroad during the academic year should contact the Office for Study Abroad (<http://studyabroad.gwu.edu>) concerning eligibility, appropriate procedures, and requirements for participation. Participants are billed GW charges for study abroad, rather than fees indicated by the visited school or program. To be eligible for the transfer of academic credit from study abroad, GW students must select a program from the University's authorized list of study abroad programs. Students must have a 2.75 cumulative grade-point average at the time of application and must have completed 45 credits prior to departure. Transfer students must complete one full semester at GW prior to application. Students who have a significant disciplinary history or who are on academic or disciplinary probation at the time of application are not eligible to study abroad. All programs of study abroad must be approved on the required forms prior to departure. Non-GW course credits earned in authorized programs with a C or above are transferable toward the appropriate degree at GW, provided there is no duplication of work done previously and faculty have designated each course with a GW course equivalent. Participants agree to abide by all procedures and regulations for study abroad as indicated in the Study Abroad Handbook and Participation

Agreement distributed through the Office for Study Abroad. In addition to academic year programs, study abroad is available at varying locations during the summer.

Graduate students who wish to study abroad should consult their program's advising office.

Continuous Enrollment Status

Once entered in a degree program, a student is expected to be continuously enrolled and actively engaged in fulfilling the requirements for the degree each semester of the academic year until such time as the degree is conferred. A student is considered to be continuously enrolled when registered for courses through GW or when registered for Continuous Enrollment and engaged in and appropriately registered for activities such as the following, with the prior approval of the school in which the student is enrolled: cooperative work semester; study abroad program; attendance at another institution with prior approval to have work transferred back to the GW program; completion of outstanding work in courses in which a grade of Incomplete or In Progress was received; or non-course instructional activities unique to the particular school. This status is generally limited to one year. Should the student break continuous enrollment at the University and not request and be granted a leave of absence (see below), he or she must apply for readmission and, if granted, be subject to the requirements and regulations then in force.

Leave of Absence

A degree student who finds it necessary to interrupt active pursuit of the degree may petition his or her advising office for a leave of absence for a specific period of time, generally limited to one calendar year. A degree student who discontinues active enrollment in degree studies without being granted a leave of absence, or a student granted a leave who does not return to active study at the close of the period of approved absence, must apply for readmission and be subject to the regulations and requirements then in force. The right to use of University facilities is suspended while the leave is in effect.

Policy Regarding Students Called to Active Military Duty

Any student who is a member of a military reserve unit or the National Guard and is activated or called to active duty early in a semester or summer session automatically will be entitled to a full refund of all tuition and fees that he or she has paid toward the expenses of that academic term. If the notification of the call to active duty comes after the mid-term examinations or after other substantial graded work has been completed, the student will have the option of either taking a full refund of tuition and fees or taking an Incomplete in his or her courses with the privilege of returning to complete all required course work at some future date without payment of any further tuition and fee charges. It is the responsibility of the student to present evidence of his or her activation to the Office

of Student Accounts (<http://studentaccounts.gwu.edu>) and to request the appropriate refund.

Should a degree student called up for active duty find it necessary to interrupt active pursuit of the degree, the student may petition their advising office for a leave of absence for a specified period of time, generally limited to one calendar year. Student advisors are encouraged to grant any request to extend the leave of absence for longer than the customary period should military service require an absence of more than one year. All students on active duty will be automatically exempted from the request for a voluntary library contribution without requiring any communication from them or their initials on the bill.

Eligibility for Graduation

Degrees are conferred in January, May, and August. To be eligible for graduation a student must have met the admission requirements of the school in which registered; completed satisfactorily the scholarship, curriculum, residence, and other requirements for the degree as stated in this bulletin; filed an application for graduation by the published deadline date; and be free from all indebtedness to the University. Enrollment is required for the semester or summer at the close of which the degree is to be conferred, and all degree requirements must be completed by the last day of final examinations for that semester or summer session. Undergraduates who pursue a double major across two schools must complete the primary major in their home school in order to graduate. A second major may supplement the primary major but may not substitute for it.

Graduate Thesis or Dissertation

Graduate students whose program includes a thesis or dissertation must meet the following Electronic Theses and Dissertations (ETD) deadlines for graduation in the respective semesters: for theses, May 15 for spring, January 15 for fall, and August 15 for summer; for dissertations, April 1 for spring, January 15 for fall, and August 15 for summer.

Doctoral candidates who have not successfully defended their dissertation and met the ETD deadline may not participate in either the May commencement or hooding ceremony.

Students who apply after the published deadlines are not guaranteed commencement materials. Summer graduates who elect to attend the preceding May ceremony must apply for graduation no later than February 1.

Graduate Thesis or Dissertation—A thesis or dissertation submitted in partial fulfillment of requirements for a degree must be presented in its final form by the deadline set by the school concerned. Accepted theses and dissertations, with accompanying files, become the property of the University. Accepted theses and dissertations are submitted electronically; the student pays a processing fee directly to Proquest/UMI. See

the appropriate school in this Bulletin for regulations governing theses and dissertations.

Participation in the Commencement Ceremony

Participation in the annual commencement ceremony held in May is open to students who have applied to graduate in the current spring semester or who graduated the preceding fall semester or summer session. With the exception of doctoral candidates, all students, graduate or undergraduate, who need no more than 9 credit to complete their degree requirements, may participate in May commencement ceremonies if there is a reasonable expectation that they will be able to obtain the needed credits during the following summer. The maximum of 9 credit is firm and not subject to petition.

Complete Withdrawal From the University

A degree-seeking student who wishes to withdraw from all courses during a given semester must complete a Complete Withdrawal Form (<https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/completewithdrawal.pdf>) and submit it to the Office of the Registrar (<http://registrar.gwu.edu>). Forms are available on line, at advising offices, and in the Office of the Registrar. The deadline for complete withdrawal from all courses without academic penalty is the end of the ninth week of classes. Complete withdrawal after the ninth week requires a petition to the student's advising office.

All charges for courses from which the student withdraws are subject to the refund policy found at the Registrar's Office website. Failure to complete a Complete Withdrawal Form (<https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/completewithdrawal.pdf>) can result in an extended financial obligation and the recording of grades of *F* (Failure) or notations of *Z* (Unauthorized Withdrawal).

The University is authorized to award the degree of Associate in General Studies under designated circumstances. This degree may be awarded to students in good standing who must leave GW after completing 60 credits in residence in a degree-granting GW school; students should consult their school's advising office about additional requirements for awarding of the Associate in General Studies.

Non-Degree Students

The Office of Non-Degree Students (<http://www.gwu.edu/non-degree>) makes credit-bearing courses available to those who are not degree candidates at GW and to students who have been admitted to the University for a future semester. Non-degree students are allowed a maximum per semester of 12 credits at the graduate level and 18 at the undergraduate level, except in special circumstances as approved by the director.

Medical and law courses are not available to non-degree students. Special program credit limits may vary.

Non-degree applicants must have appropriate academic preparation prior to enrollment. Prerequisites are specified in this Bulletin in the course description. Contact the department concerned for further information regarding appropriate academic background for a particular course. An applicant who has previously attended this or another college or university must be in good standing at that institution. An applicant who has been suspended from any educational institution will not be eligible to enroll as a non-degree student for one calendar year after the effective date of the suspension. An applicant who has been denied admission within this university will not be eligible to enroll as a non-degree student for the same semester for which the application was denied. Applications and information on registration are available online (<http://www.gwu.edu/non-degree>). Prospective and registered students should acquaint themselves with the regulations concerning attendance and withdrawal stated in this section or at www.gwu.edu/non-degree (<http://www.gwu.edu/non-degree>). If a non-degree student takes a course for which the symbol *I* (Incomplete) is assigned, the instructor normally sets a period (maximum of one year) within which the uncompleted work must be made up. An Incomplete that is not changed within one calendar year becomes a grade of *IF* on the student's record.

University Policies and Definitions

Right to Change Rules and Programs—The University reserves the right to modify or change requirements, rules, and fees. Such regulations shall go into force whenever the proper authorities may determine. The right is reserved by the University to make changes in programs without notice whenever circumstances warrant such changes.

University Policy on Equal Opportunity—The George Washington University does not unlawfully discriminate against any person on any basis prohibited by federal law, the District of Columbia Human Rights Act, or other applicable law, including without limitation, race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, or gender identity or expression. This policy covers all programs, services, policies, and procedures of the University, including admission to education programs and employment.

Inquiries concerning this policy and federal and local laws and regulations concerning discrimination in education and employment programs and activities may be directed to the University's Office of Equal Employment Opportunity and Affirmative Action (<http://hr.gwu.edu/equal-employment-opportunity>), Suite 320, 2033 K Street NW, Washington DC 20052, (202) 994-9656. Inquiries may also be directed to the U.S. Department of Education Office for Civil Rights, the U.S. Equal Employment Opportunity Commission, or the applicable state or local agency (for example, the District of Columbia Office of Human Rights).

Questions regarding protections against discrimination on the basis of sex may be directed to the University's Title IX Coordinator, the Vice Provost for Diversity and Inclusion (<http://diversity.gwu.edu>), Rice Hall 813, 2121 Eye Street NW, Washington DC 20052, (202)994-7440.

Questions regarding the protections against discrimination on the basis of disability may be directed to the University's Disability Services Coordinators (<http://gwired.gwu.edu/dss>). Students may contact the Associate Dean of Students, Administrative Services, Office of the Dean of Students, Rice Hall 401, 2121 Eye Street NW, Washington DC 20052, (202)994-6710, and other members of the University community may contact the Executive Director of Equal Employment Opportunity and Affirmative Action, Suite 320, 2033 K Street NW, Washington DC 20052, (202)994-9633.

To request disability accommodations, students should contact the Office of Disability Support Services at (202)994-8250 or dss@gwu.edu. Employees and other members of the University community should contact the Office of Equal Employment Opportunity and Affirmative Action at (202)994-9656 or eeo@gwu.edu.

Academic Integrity—The University community, in order to fulfill its purposes, must establish and maintain guidelines of academic behavior. All members of the community are expected to exhibit honesty and competence in their academic work. Incoming students have a special responsibility to acquaint themselves with, and make use of, all proper procedures for doing research, writing papers, and taking examinations. Members of the community will be presumed to be familiar with the proper academic procedures and held responsible for applying them. Deliberate failure to act in accordance with such procedures will be considered academic dishonesty. Acts of academic dishonesty are a legal, moral, and intellectual offense against the community and will be prosecuted through the proper University channels. The University Code of Academic Integrity (<https://studentconduct.gwu.edu/sites/studentconduct.gwu.edu/files/downloads/130722%20Code%20of%20Academic%20Integrity%20-%20Final.pdf>) can be found at the Office of Academic Integrity (<http://studentconduct.gwu.edu>).

Patent and Copyright Policies—Students who produce creative works or make scientific discoveries while employed or supported by the University or through substantial use of University resources are subject to the University's patent and copyright policies. See The Office of the Vice President for Research (<http://bulletin.gwu.edu/university-regulations/file:///C:/Users/FINAL/research.gwu.edu>).

Human Research Requirements—Students who are planning to conduct research involving the use of human subjects (for a thesis, dissertation, journal article, poster session, etc.) must obtain Institutional Review Board (IRB) (<http://humanresearch.gwu.edu/institutional-review-board-process>) approval before collecting any data. For more information

see The Office of the Vice President for Research (<http://research.gwu.edu>).

English for Academic Purposes—Undergraduate and graduate international students whose TOEFL, IELTS, or PTE scores fall below established cut-off points are required to take one or more courses in the English for Academic Purposes (EAP) program. Both undergraduate and graduate students receive credit for EAP courses; however, in most cases graduate EAP credits cannot be applied to a degree. Graduate students placed in EAP courses should anticipate additional tuition expenses as well as possible extension of time needed to complete their degree programs. For detailed information concerning this requirement consult the English for Academic Purposes Program website (<http://eap.columbian.gwu.edu/placement-eap-courses>).

Use of Correct English—A report regarding any student whose written or spoken English in any course is unsatisfactory may be sent by the instructor to the advising office of the school, who may assign supplementary work, without academic credit, varying with the needs of the student. If the work prescribed is equivalent to a course, the regular tuition fee is charged. The granting of a degree may be delayed for failure to make up any such deficiency in English to the satisfaction of the advising office.

Name of Record—A student's name of record includes the first name, middle initial or full middle name, and the family name. Nicknames may not be used. The University will change the name of a currently enrolled student on its official records but will require satisfactory evidence of a legal basis for the change. The diploma is awarded under the official name of record at the time of graduation.

Student Status—For the purpose of defining student status, undergraduates taking 12 or more credits per semester are considered to be full time, those taking 6 to 11 credits per semester are considered to be half time, and all others are considered to be part time. Generally, an undergraduate becomes a sophomore upon completion of 30 credits, a junior upon completion of 60 credits, and a senior upon completion of 90 credits.

During the fall and spring semesters graduate students taking 9 or more credits are considered to be full time, those taking 4.5 to 8.5 credits are considered to be half time, and all others are considered to be part time. In the summer full-time status requires 6 credits, half-time status, 3 credits. Unless otherwise indicated under the program, all programs of study are offered on both a full-time and part-time basis. International students in F-1 or J-1 immigration status may pursue only full-time programs of study, and such students must register for and complete a full course load each semester as defined by federal regulations.

Graduate students who have completed all course and credit requirements for the degree except dissertation or thesis research may be certified as full-time students provided they

are registered for at least 3 credits of dissertation or thesis research, are actively engaged in dissertation or thesis research and writing, and are not employed more than 20 hours per week. Graduate students who have completed all credit requirements for the degree, including dissertation or thesis research, but have not completed all degree requirements, may be certified as full-time students provided they have not exceeded the established time limits for degree completion, are registered for Continuous Research, and are not employed more than 20 hours per week. Those who meet all conditions stated above but are employed more than 20 hours per week may be certified as half-time students.

Attendance—Students may attend only those classes for which they are officially registered. Regular attendance is expected. Students may be dropped from any course for undue absence. A student suspended for any cause may not attend classes during the period of suspension. Students are held responsible for all of the work of the courses in which they are registered, and all absences must be excused by the instructor before provision is made to make up the work missed.

Credit—A credit hour may be defined as one 50-minute class period, one laboratory period, or 1.5 hours of studio class a week for one semester. Credit is given only after completion of registration in a course and satisfactory completion of the required work, or upon the assignment of advanced standing in accordance with the regulations of the school concerned. Credit that has been applied to the completion of a degree may not subsequently be applied to another degree.

Auditing—A person who has been admitted to the University may be registered, with the permission of the instructor, as an auditor in a class (no academic credit). An auditor is not required to take active part or to pass examinations. A student who takes a course as an auditor may not repeat it later for credit. Tuition is charged at the prevailing rate. A student may not change from audit to credit status or vice versa after the end of the eighth week of classes.

Earning Transfer Credit after Matriculation—All students who plan to attend another institution while enrolled at GW and apply credits earned at that institution toward GW degree requirements must complete an Undergraduate Transfer Credit Approval Form (<https://registrar.gwu.edu/sites/registrar.gwu.edu/files/downloads/transfercrredit.pdf>) and secure the written approval from the GW department that offers a comparable course and from the student's advising office. With the exception of credits earned from GW study abroad and study away programs, no more than 9 credits or three courses may be transferred from colleges or universities after matriculation.

Transcripts of Record—Official transcripts of student records are issued upon written request of the student or former student who has paid all charges, including any student loan installments, due the University at the time of the request. A nominal fee is charged for each official transcript. Unofficial

copies of transcripts are available to students, by written request, at a nominal fee. Partial transcripts are not issued. Students have access to their unofficial student record through the GWeb Information System (https://banweb.gwu.edu/PRODCartridge/twbkwbis.P_WWWLogin).

Student Conduct—All students, upon enrolling and while attending this University, are subject to the provisions of the *Guide to Student Rights and Responsibilities* (<http://studentconduct.gwu.edu/guide-student-rights-responsibilities>), which outlines student freedoms and responsibilities of conduct, including the Code of Student Conduct (<http://studentconduct.gwu.edu/code-student-conduct>), and other policies and regulations as adopted and promulgated by appropriate University authorities. Copies of these documents may be obtained from the Office of the Dean of Student Affairs (<http://students.gwu.edu>) or from advising offices. Sanctions for violation of these regulations may include permanent expulsion from the University. Regulations or requirements applicable only to a particular program, facility, or class of students may not be published generally, but such regulations or requirements shall be published in a manner reasonably calculated to inform affected students.

Right to Dismiss Students—The right is reserved by the University to dismiss or exclude any student from the University, or from any class or classes, whenever, in the interest of the student or the University, the University Administration deems it advisable.

University Policy on the Release of Student Information—The Family Educational Rights and Privacy Act (FERPA) (<http://registrar.gwu.edu/university-policies/#ferpa>) applies to institutional policies governing access to and release of student education records.

The University may release the following directory information upon request: name, local address including e-mail, and telephone number; name and address of emergency contact; dates of attendance; school of enrollment; field of study; enrollment status; credits earned; degrees earned; honors received; participation in University-recognized organizations and activities (including intercollegiate athletics); and height, weight, and age of members of athletic teams, as well as likenesses used in University publications. A student who does not wish such directory information released must file written notice to this effect in the Office of the Registrar (<http://registrar.gwu.edu>).

The University's full policy statement on the release of student information is published in the *Guide to Student Rights and Responsibilities*, available in the Office of the Dean of Student Affairs or the offices of the academic deans. The full statement also appears on the Office of the Registrar's website.

Student Identification Number/Social Security Number—The University has converted from use of the Social Security Number (SSN) to identify records pertaining to individual students, although the SSN is still needed to identify

the student for purposes of financial aid eligibility and disbursement and repayment of financial aid and other debts payable to the University. The SSN is required when applying for financial aid. The Internal Revenue Service requires the University to file information that includes a student's SSN and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used to help determine whether a student, or a person claiming a student as a dependent, may take credit or deduction to reduce federal and/or state income taxes. Many efforts are made to protect the privacy of this number, and a student may request an alternate personal identifier. Further information may be obtained by contacting the Office of the Registrar.

Property Responsibility—The University is not responsible for the loss of personal property. A Lost and Found Office is maintained on campus in the University Police Department (<http://police.gwu.edu>).

ADVANCE PLACEMENT EQUIVALENTS

Assuming there is no duplication of course work, a maximum of 24 credits may be awarded on the basis of work completed while enrolled in high school, including examinations such as AP/IB and collegiate credits taken while in high school.

Credit through Examination

In order to receive credit for College Board Advanced Placement (AP) examinations, students must have official score results forwarded directly to GW from the College Board. GW's College Board code is 5246.

Official International Baccalaureate (IB) results should be sent as soon as they are available.

Be aware that credit earned by examination at other colleges or universities or examinations taken after having taken the appropriate college-level course will not transfer credit to GW.

Please refer to the following charts for GW's course equivalents:

- Advanced Placement (AP) credit (<https://undergraduate.admissions.gwu.edu/node/81>)
- International Baccalaureate (IB) credit (<https://undergraduate.admissions.gwu.edu/node/82>)

Advanced Placement (AP) Examination	Score	Credits	Equivalent Course

The university reserves the right to change policy regarding advance placement credit without advance notice.

UNIVERSITY GENERAL EDUCATION REQUIREMENT

The general education curriculum engages students in active intellectual inquiry across the liberal arts. Students achieve a set

of learning outcomes that meaningfully enhance their analytical skills, develop communication competencies, and familiarize them with modes of inquiry. Course work for the university general education curriculum includes 19 credits of approved courses in writing, natural or physical science, mathematics or statistics, social science, and the humanities, plus two writing-in-the-discipline courses.

The distribution for the university general education requirements are below along with the list of approved courses for each area. Students should check the approved list before registering for classes. Questions about requirements should be addressed to a professional academic advisor.

- Writing (p. 29)
 - One course in university writing
 - Two writing-in-the-disciplines (WID) courses. WID course offerings can be found on the University Writing website. (<http://writingprogram.gwu.edu>)
- Humanities (p. 29)
 - One course in the humanities
- Mathematics or Statistics (p. 32)
 - One course in either math or statistics
- Natural or physical laboratory sciences (p. 32)
 - One natural or physical science course with laboratory experience
- Social Sciences (p. 33)
 - Two courses in the social sciences

UNDERGRADUATE ADMISSIONS

The goal of GW's Office of Undergraduate Admissions (<http://undergraduate.admissions.gwu.edu>) is to create a community of students who will pursue academic excellence, thrive in our dynamic environment, and make lasting contributions to GW and the world. In order to identify these students, the admissions review process is holistic and thoughtful, taking many factors into consideration. GW receives applications from every state and nearly 100 countries, allowing us to enroll a bright, talented, and diverse student body.

Freshmen—Early Decision

The University offers two Early Decision options for students who have chosen GW as their first choice school. The deadline for submission of all required documents is November 1 for Early Decision I and January 1 for Early Decision II. Both Early Decision options are binding; if admitted, students agree to attend GW, submit a nonrefundable enrollment deposit by the deadline detailed in their acceptance packet, and withdraw all applications submitted to other colleges.

Freshmen—Regular Decision

The Regular Decision application deadline is January 1. A complete application file, including the Common Application with required essays, official secondary school transcript/academic record, counselor recommendation, teacher recommendation, and application fee must be submitted by that date. The secondary school transcript must be submitted to GW directly from the school in order to be considered official. Incoming freshmen must have their secondary school submit a final transcript that shows all final grades and certification of graduation before enrolling at GW in the fall semester.

Portfolio Requirement

Applicants for admission to a program in the Corcoran School of the Arts and Design (<http://corcoran.gwu.edu>) are required to submit a portfolio of 10 to 15 completed works of art as part of the application process.

Entrance Examinations

As a test-optional institution, GW allows most applicants to decide whether they will submit scores on either the College Board Scholastic Assessment Test (https://sat.collegeboard.org/SAT/next-steps-toward-college?s_kwcid=AL433013!70927704644!b!!g!!collegeboard&ef_id=VYB-rgAABKpqtRg9:20150831144404:s) (SAT) or on the American College Testing (<http://www.act.org>) (ACT) to be included in their application.

This test-optional policy does NOT apply to the following groups of applicants:

- Applicants to the accelerated seven-year B.A./M.D. program; such students also are required to submit SAT Subject Tests in mathematics and science.
- Applicants who are homeschooled.
- Applicants from secondary schools that provide only narrative evaluations rather than grades based on some form of grading scale.
- Recruited NCAA Division I athletes.

Students who choose to submit scores must have them sent by the testing agency directly to the Office of Undergraduate Admissions. All entering students who have scores must submit them to GW prior to enrolling for their freshman year.

International Students

In addition to the Common Application and the supporting credentials listed above, international students must submit the following documents in order to be considered for admission:

Required Records

International students must have all previously attended educational attended send copies of official certificates and records listing subjects studied, examinations taken, grades received, and degrees received directly to the Office of Undergraduate Admissions. Certified copies of diplomas and certificates from all secondary schools, colleges, and universities attended as well as records of state examinations and certificates are also required. These records become the property of the University and cannot be returned. In addition, documents must be in the language in which the institution keeps its official records. If they are in a language other than English, the copies sent must be accompanied by a certified English translation.

Language Tests

Applicants who indicate on their Common Application that their first language is not English are required to submit scores from the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or the PTE Academic, regardless of citizenship or country of residence. The minimum required score is 90 on the Internet-based TOEFL or a 6.5 on the IELTS; strong applicants to GW typically score much higher than the minimum required scores. The TOEFL/IELTS/PTE Academic requirement may be waived for applicants who score 600 or above on the Critical Reading section of the SAT or who have spent their last four years of secondary school in a setting where English is the sole language of instruction in all academic subjects with the exception of foreign language and ESL/ELL courses.

Students should plan to take the test in question well in advance of the application deadline in order for scores to be available on time and should request to have the scores sent to the GW Office of Undergraduate Admissions directly from the testing agency. TOEFL scores more than two years old will not be considered valid.

Some admitted students whose first language is not English may also be required to take an English for Academic Purposes (<http://eap.columbian.gwu.edu>) (EAP) course once they enroll at GW.

Financial Certification

A financial certificate and bank letter must be completed and submitted as part of the application process for all international students planning to study on either a student (F) visa or exchange visitor (J) visa. The completed and signed financial certificate and bank letter are required for the issuance of Form I-20 or DS-2019, one of which is needed to apply for the F or J visas.

Transfer Students

GW considers for transfer admission any student who has completed at least one college course since secondary school graduation. Transfer applicants must submit the Common Application and supporting credentials (including official college transcripts, the Registrar Report for each institution attended, and a faculty recommendation) by March 1 for fall admission and October 1 for spring admission.

Transfer applicants must be in good standing in terms of academic record and conduct at all postsecondary institutions previously attended. Applicants who have attended one or more institutions of higher education must submit official transcripts from each institution even if credit was not sought or earned or if advanced standing is not desired. In addition, applicants must submit an official secondary school transcript if they have earned fewer than 30 transferrable credits at the time of application.

Assignment of Credit for Transfer Students

Provided there is no duplication involved through coursework or examination, credit may be granted for coursework successfully completed at other regionally accredited institutions of higher learning. Assignment of transfer credit will depend on the grade earned, the appropriateness of the courses completed, the standing of the institution at which the previous work was completed, and the regulations of the GW school to which the student is transferring.

GW's residence requirement limits the number of transfer credits that can be applied toward a degree. Students must complete at least 60 credits of the total credits required for their degree at or through the University. Credits earned through GW study abroad, GW satellite campuses, GW distance education courses, and Consortium courses are treated as "in residence."

Transfer credit must satisfy the requirements for the degree sought as stated in this Bulletin. Credit may be accepted provisionally or may require validation by examination or completion of higher-level courses in the same sequence. Transfer credit will not be assigned for coursework completed in vocational/technical programs (e.g., secretarial studies) or

sub-freshman level remedial work. Each GW school reserves the right to refuse credit for transfer in whole or in part. Although a grade of D in a course is not acceptable for transfer of credit, the course may satisfy a curriculum requirement. School-specific regulations on transfer credit appear in this Bulletin.

Transfer credit that is accepted and applied to a student's GW academic record counts toward the number of credits completed only. The grades from these courses are not used in calculating a student's GW grade point average.

Application for Second Bachelor's Degree

Students who previously earned a bachelor's degree are not eligible for admission.

Advanced Standing and Advanced Placement

Assuming there is no duplication of coursework, a maximum of 24 credits may be awarded upon admission to the University for any combination of Advanced Placement (AP) and International Baccalaureate (IB) examinations. An incoming student also may be granted advanced placement in a sequence of courses or waiver of a course requirement based on additional college-level coursework taken in secondary school or before matriculation; however, this will not affect the number of hours needed for the degree.

College Board Advanced Placement (<https://apstudent.collegeboard.org/home>) (AP) Tests

Credit may be awarded for Advanced Placement tests with certain score results, typically 4s and 5s. (Refer to the GW Undergraduate Admissions website for the AP credit assignment chart (<https://undergraduate.admissions.gwu.edu/advanced-placement-ap-credit>.) Students must have AP score reports sent directly from the College Board to the Office of Undergraduate Admissions.

International Baccalaureate (<http://www.ibo.org>) (IB)

GW typically awards 6 to 8 credits for scores of 6 or 7 on the higher-level examinations. (Refer to the GW Undergraduate Admissions website for the IB credit assignment chart (<https://undergraduate.admissions.gwu.edu/international-baccalaureate-ib-credit>.) Students must have IB score reports sent directly from International Baccalaureate to the Office of Undergraduate Admissions.

Enrollment Deposit

After notification of admission, all new undergraduate students are required to submit a nonrefundable enrollment deposit. This deposit is due May 1 for freshmen. For transfer students and full-time readmitted students, the deposit usually is due two to three weeks after notification of admission.

Readmission

Students who were previously registered at GW who wish to resume studies at the University after discontinuing enrollment for one or more semesters (summer sessions and leaves of absence excluded) must apply for readmission. Deadlines for applications for readmission from students in good academic standing are March 15 for the fall semester and October 31 for the spring semester. Students seeking readmission must have official transcripts sent to the Office of Undergraduate Admissions from all other institutions of higher education they attended in the interim. Students seeking readmission as degree candidates after previous enrollment in non-degree status at GW must submit the Common Application and all required credentials that were not submitted previously or required for non-degree admission.

Applicants for readmission are subject to the University regulations in effect at the time of readmission. The application fee is waived for students applying for readmission after previous enrollment as a degree candidate.

FEES AND FINANCIAL REGULATIONS

The following fees and financial regulations were adopted for the academic year 2015-16. Information on tuition and fees for the summer is available on the Summer and Special Programs website (<http://summer.gwu.edu>).

Tuition Fees

For undergraduates entering GW in academic year 2015-16, the University continues its fixed-rate tuition plan, with the following academic-year tuition fee guaranteed not to increase for up to five years of full-time* undergraduate study: \$50,367 for students entering Columbian College of Arts and Sciences, the School of Business, the School of Public Health and Health Services, the School of Engineering and Applied Science, and the Elliott School of International Affairs.

The fixed-rate tuition remains in effect as previously stated for undergraduates in the schools listed above: for those who entered GW in 2015-16 (\$50,367); 2014-15 (\$48,700); 2013-14 (\$47,290); 2012-13 (\$45,735).

For students in the Corcoran School of the Arts and Design, tuition and fees in academic year 2015-16 are \$32,875.50 and are subject to change for the 2016-17 academic year.

Half-time, part-time, non-degree, and College of Professional Studies students are charged \$1,430 per credit.

Fees stated here exclude undergraduate nursing and health sciences programs; consult the School of Nursing or the Office of Health Sciences Programs in the School of Medicine and Health Sciences for applicable fees.

The schedule of tuition and fees adopted for graduate programs for the academic year 2015-16 appears on the Students Accounts website (<http://studentaccounts.gwu.edu>).

Tuition rates for students admitted to the B.A./M.D. program are indicated in the letter of admission.

* A full-time program is defined as 12-17 credits per semester. Undergraduates taking more than 17 credits per semester will be charged at the rate of 1 credit for each credit exceeding that limit. Undergraduates are not charged for an eighteenth credit if their program includes UW 1020, nor are those in the School of Engineering and Applied Science charged for the eighteenth and nineteenth credits if required by their program.

Student association fee

The student association fee is fixed, in keeping with the fixed-rate tuition plan. Undergraduate students entering in the fall 2015 semester and all graduate students are assessed a nonrefundable student associate fee of \$2.25 per credit to a maximum of \$33.75 per semester. Returning undergraduate

students are assessed the fee as follows: for those who entered GW in 2015-16—\$2.25 per credit to a maximum of \$33.75 per semester; 2014-15—\$2.00 per credit to a maximum of \$30.00 per semester; 2013-14—\$1.75 per credit to a maximum of \$26.25 per semester; prior to fall 2013—\$1.50 per credit to a maximum of \$22.50 per semester.

Voluntary library gift

Each semester the student's account is assessed a voluntary gift to support the University libraries. The contribution is voluntary and the student is provided an opportunity to decline the library gift when making payments using the online eBill solution or when using a printed account statement.

Housing and Dining

The fee structures for campus housing and dining plans can be found at GW Housing (<http://living.gwu.edu>) and GW Campus Dining (<http://gwcampusdining.com>), respectively.

Continuing research

All master's and doctoral students who have completed their required number of credits (including coursework and thesis or dissertation research) must register each subsequent fall and spring semester for 1 credit hour of Continuing Research as specified by the regulations of the school concerned.

Payment of tuition for thesis or dissertation research entitles the candidate, during the period of registration, to the advice and direction of the member of the faculty under whom the thesis or dissertation is to be written. Accepted dissertations and theses are submitted electronically; the student pays a processing fee directly to Proquest/UMI.

Additional course fees

Some courses carry additional fees, such as a laboratory or material fee, charged by semester as indicated in course descriptions; the amount appears in the Schedule of Classes (<http://my.gwu.edu/mod/pws>).

Special Fees and Deposits (nonrefundable)

Application fee	\$75
Advance deposit, charged each entering or readmitted full-time undergraduate	\$800
Matriculation fee, charged each entering full-time undergraduate	\$350
Late registration beginning the first day of the semester	\$80
Registration for continuous enrollment or leave of absence	\$35
Late application for graduation (see Calendar)	\$35
Late payment fees (see Past Due Accounts, below)	\$75
Late authorization fee for third-party payment (see Third-Party Payment, below)	\$100

Returned check fee, charged a student whose check is improperly drafted, incomplete, or returned by the bank for any reason	\$35
Waiver examination to qualify for advanced placement	\$25
Engineers' Council fee (charged all SEAS students), per semester	\$8
Transcript fee	\$5
Replacement of lost or stolen picture identification card	\$25
Replacement of diploma	\$50

Study Abroad Fees for Academic Year 2015-16*

Tier 1 Programs	GW Fixed Rate Tuition + \$825 program fee
Tier 2 Programs	GW Fixed Rate Tuition + \$3,575 program fee
Tier 3 Programs	GW Fixed Rate Tuition + \$5,475 program fee
Tier 4 Programs	GW Fixed Rate Tuition + \$5,975 program fee
Tier 5 Programs	GW Fixed Rate Tuition + \$6,475 program fee
Tier 6 Programs	GW Fixed Rate Tuition + \$6,975 program fee
Tier 7 Programs	GW Fixed Rate Tuition + \$7,775 program fee
Withdrawal Fee	\$575**

* The fees listed above are for the 2015-16 academic year. Fees for the 2016-17 academic year are subject to change.

** See Office of Study Abroad withdrawal policy (<http://studyabroad.gwu.edu/withdrawal-policy>) for more details

Postdoctoral Study

Those who have graduated from George Washington University with a Ph.D., Ed.D., or D.Sc. may continue studies in the University without payment of tuition (contingent upon the availability of space) and may enjoy all University library privileges. Such graduates pay the prevailing charge for one credit hour in order to establish their active membership in the University. The graduate pays the use of laboratory or special library material. Special arrangements for such privileges must be made with the dean two months in advance of the semester in which the graduate wishes to register. Post-doctoral work taken under this privilege may not be taken for credit.

Payment of Fees

Students who register for classes in any semester or session incur a financial obligation to the University. Tuition and fees are due and must be paid in full by the first day of the semester or upon registration if registration is after the first day of the

semester; students on the monthly payment plan are exempt from this regulation. The University reserves the right to revoke the registration, effective to the beginning of the semester, of any student who fails to make full payment. Students whose registrations have been revoked or canceled for failure to make timely payments are not permitted to attend class and may not occupy University housing.

Monthly payment plan

This payment plan is open to all students and is available for the full academic year (10-month plan for fall and spring semesters combined) or on an individual semester basis (5-month plan for fall and spring semesters individually), and 3-month plan for the summer session. In order to participate in the plan, students must complete and submit an application by August 20 for the academic year or fall semester plan, by January 1 for the spring semester, and May 1 for the summer session to participate in the plan. Upon approval of the application, students will be billed monthly for each payment. The monthly payment plan for the academic year begins in June and ends in March, with the first five payments applied to the fall semester and the second five payments applied to the spring semester. If the plan is selected for the fall semester only, the payment begins in June and ends in October. If the plan is selected for the spring semester only, payment begins in November and ends in March. Summer session plan payments begin in April and end in June. Under the plan, all payments are due on the 25th of each month; provided payments are received by that date, no interest or late fees will be incurred. Students who enroll in the plan after the first month of scheduled payments must make up all payments retroactive to the month of enrollment. Interest and a late payment fee are assessed on all accounts not paid in full by October 5 for the fall semester and March 5 for the spring semester. An outside vendor administers the plan and charges a one-time participation fee in addition to interest and late fees for any payments received late. For more information, see the monthly payment plan (<http://studentaccounts.gwu.edu/monthly-payment-plan>).

Third-party payment

The University accepts employer vouchers or purchase orders that are not contingent upon receipt of grades. Under all circumstances, the charges for tuition and fees remain the responsibility of the student. Authorization from a sponsor to be billed for a student's charges must be received in the Student Accounts Office by the end of the third week of the fall or spring semester. A late authorization fee may be incurred for responses received after these times. Bills are mailed to sponsors in October for the fall semester and in February for the spring semester. Should a sponsor fail to remit payment to the University, the University will contact the student for payment. Students whose employers or sponsors reimburse them for tuition and fees after receipt of grades must pay in full before the first day of the semester or at the time of registration to avoid interest, late fees, and/or cancellation of registration. Students whose tuition is paid in full or in part by employee

benefits or teacher tuition remission must pay any remaining balance by the stated due date to avoid interest, late fees, and/or cancellation of registration.

Past due accounts

Accounts that are past due are encumbered by the University. A student whose account is encumbered may not register for future semesters and may not receive diplomas or transcripts. Late payment fees and interest may also be assessed each month that the account has an overdue outstanding balance. Please see the University's Tuition Payment Disclosure Statement (<http://studentaccounts.gwu.edu/disclosures>) for more information on those fees and billing practices. Accounts that are more than 90 days past due are referred to an agency and/or attorney for collection. The student is then responsible for all charges, costs, and fees due to, or incurred by, the University as well as all costs, fees, and charges incurred by the agency and/or attorney, including attorney's fees. Students whose registrations have been revoked or canceled for failure to make timely payments are not permitted to attend class and may not occupy University housing.

Dishonored/returned checks

A student whose check is returned unpaid by the bank for any reason will be charged a returned check fee and will be responsible for any associated costs and/or attorney's fees incurred by the University should a civil lawsuit or other collection effort be instituted to collect on such dishonored check. In any case where the University has reason to believe that a student presented a dishonored check in bad faith, the University may, in addition to any collection efforts, refer the matter to the proper authorities for criminal prosecution.

Withdrawals and Refunds

Applications for withdrawal from the University or from a course after the registration period must be made in accordance with procedures outlined under University Regulations in the sections Complete Withdrawal From the University, and Adding, Dropping, and Withdrawing from Courses, respectively. Financial aid recipients must notify the Office of Student Financial Assistance in writing. The tuition deposit required of entering students will not be refunded.

In the case of authorized withdrawals and changes in registration schedule, cancellations of semester tuition charges and fees will be made in accordance with the following schedule for the fall and spring semesters:

1. Complete withdrawal from all courses (on-campus students):

Withdrawal dated on or before the end of the first 90%
week of the semester

Withdrawal dated on or before the end of the 60%
second week of the semester

Withdrawal dated on or before the end of the 40%
third week of the semester

Withdrawal dated on or before the end of the fourth week of the semester	25%
Withdrawal dated after the fourth week of the semester	None

2. *Partial withdrawal*: If the change in course load results in a lower tuition charge, the refund schedule above applies to the difference.

3. Regulations governing student withdrawals as they relate to residence hall and food service charges are contained in the specific lease arrangements.

4. *Summer Sessions*: In cases of authorized withdrawals from courses, refunds of 85% of tuition and fees will be made for courses dropped within the first seven calendar days of the start of a session. No refund will be made for courses dropped thereafter.

Certain programs or classes or those with non-traditional semesters may have special refund schedules. Students are encouraged to consult with their program office to determine if a special schedule applies.

The above information regarding cancellation of tuition charges and fees after complete withdrawal from the University may not apply to entering students who are recipients of federal aid; those students should check with the Student Accounts Office for the applicable cancellation schedule. Federal regulations require that financial aid recipients use refunds to repay financial aid received for that semester's attendance. This policy applies to institutional aid as well.

If a recipient of federal financial aid withdraws from the University or reduces his or her course load, federal regulations require that the University reevaluate the student's eligibility to determine the amount of aid the student is allowed to retain. If there is a credit balance on the student's account after the federal funds have been adjusted, institutional funds will be recovered from that amount.

See the University's complete Return of Title IV funds policy (<https://studentaccounts.gwu.edu/sites/studentaccounts.gwu.edu/files/downloads/Return%20of%20Title%20IV%20Policy%20NEWLOGO.pdf>).

In no case will tuition be reduced or refunded because of the student's absence from classes. Authorization to withdraw and certification for work done will not be provided to a student whose account is not in good standing.

FINANCIAL AID

The George Washington University offers student financial assistance to all eligible students from a variety of resources. In addition to GW assistance, the University participates in federal student aid programs from the U.S. Department of Education and student financial assistance programs from other U.S. government agencies such as the U.S. Department of Veterans Affairs and the U.S. Department of Defense. Some states offer student financial assistance for undergraduate enrollment at GW.

In general, consideration for student financial assistance is restricted to students in good academic standing at the University who meet minimum grade-point average and satisfactory academic progress requirements for specific awards and not financially encumbered by any other University office. Failure to meet and maintain satisfactory academic progress requirements may result in rescinding of awards.

GW reserves the right to request documentation to determine aid eligibility. Documents submitted as part of the aid application become the property of the University and cannot be returned. Such documents are protected under the Family Educational Rights and Privacy Act (FERPA), as amended. Federal regulation requires the University to report cases of suspected fraud or misrepresentation to appropriate federal, state, and local authorities.

Gift aid, such as grants, scholarships, fellowships, is student financial assistance not required to be repaid. Gift aid is taxable under federal regulation to the extent that it exceeds the allowable costs of tuition, fees, and required books and supplies, or is dedicated to other costs such as room and board. Federal grants may be taxable if, together with other gift aid, they exceed allowable costs. For complete information on IRS rules regarding educational costs, see IRS Publication 970, *Tax Benefits for Education*.

Self-help aid is aid that students undertake on their own behalf, either in the form of earnings via the Federal Work-Study program or through borrowing. Loans must be repaid.

Eligibility for student aid is processed under cost of attendance budgets for various categories of students, per requirements of federal statute. Refer to the policy on cost of attendance budgets (<http://financialaid.gwu.edu/cost-of-attendance>) for details. A complete student aid package cannot exceed a student's cost of attendance budget. The University will review and potentially adjust awards for students receiving student financial assistance from more than one source. Receipt of student financial assistance from multiple sources cannot exceed tuition charges. If institutional aid is involved, adjustments will be made.

Non-degree and certificate programs that are approved for federal student aid programs must provide "gainful employment" disclosures under federal regulation. Such

disclosure are found on the respective academic programs' website. Continued Title IV eligibility for these programs are reviewed annually.

For complete information on student financial assistance at GW, visit the Office of Student Financial Assistance website (<http://financialaid.gwu.edu>).

Information in this section of the Bulletin is accurate as of the date of its publication and is subject to change based on changes in federal and/or state statute, regulation, policies and procedures (which may, in turn, necessitate changes to application procedures and policies). The University reserves the right to change student financial assistance policies.

UNDERGRADUATE

Undergraduate Financial Aid

All freshmen are automatically considered for the merit-based *Presidential Academic Scholarship*, which is awarded to the most competitive applicants in the applicant pool. Complete information on merit-based awards (awards based on academic criteria) are available on the website of the Office of Undergraduate Admissions (<http://undergraduate.admissions.gwu.edu/scholarships>).

The Office of Student Financial Assistance awards various need-based GW institutional financial aid funds: The largest fund awarded is the University and Alumni Award (<http://financialaid.gwu.edu/university-and-alumni-award>). In addition, the Office awards University Scholarships (see the section below) and the One-Year Award (<http://financialaid.gwu.edu/one-year-award>).

The following scholarships programs are also available:

The J.B. and Maurice C. Shapiro Scholarship to the University of Oxford is awarded each spring to a graduating senior or recent graduate through a competitive process upon the nominee's acceptance to Oxford. To be eligible, applicants must have applied for the Rhodes or British Marshall Scholarships. All of these competitions require high academic standing, evidence of leadership, and dedication to the larger society through community service. The Shapiro Scholarship provides for up to two years of study at Oxford, equivalent to the Rhodes Scholarship. The J.B. and Maurice C. Shapiro Endowment funds two scholarships per year—one new and one renewal.

The Bender Scholarship to the University of Cambridge is funded by an endowment, the Bender Scholarship Fund. The Bender Scholarship is open for competition every other year. Graduating seniors, recent graduates, and third-year law students who participated in the Rhodes and/or British Marshall competitions are eligible for the Bender Scholarship. The endowed scholarship provides for up to two years of study at the University of Cambridge, equivalent to the British Marshall Scholarship. The Bender Scholarship criteria are high academic

achievement, evidence of leadership skills or potential, and community service.

The Pembroke/CW Program. GW has a special relationship with Pembroke College in Oxford, whereby up to six GW juniors are placed at the College for one year and enrolled as fully matriculated students of the University of Oxford. These placements are determined in an annual competition that takes place at GW in the fall. The committee evaluating candidates forwards the finalists' applications to Pembroke College, and Pembroke makes the final decision on placements. Many GW students have spent a year at Oxford in this program.

Need-Based Financial Aid

All freshman and transfer students are required to file both the College Scholarship Service PROFILE (<https://student.collegeboard.org/css-financial-aid-profile>) -- which is not an application for funds but provides a need analysis that many schools use to awards its own funds -- and the Free Application for Federal Student Aid (<https://fafsa.ed.gov>) (FAFSA), which is the application for federal student aid programs (and which many states use as application for their own funds). Applicants must designate GW as recipient of their need analysis data. All applicants must also provide to GW directly copies of their signed federal income tax returns and W-2 Forms for the current tax year for the student and the student's parents (if a dependent student). Non-custodial parents are also required to provide disclosures.

Please refer to our policies on Parental Contribution for Dependent Students (<http://financialaid.gwu.edu/policy-parental-contribution-dependent-students>).

Complete application information is available on the Office of Student Financial Assistance (<http://financialaid.gwu.edu>) website under the section titled "Getting Assistance."

Deadlines are as follows: Incoming freshmen--February 1; Transfer students--April 1; Continuing students--April 30. For summer sessions, the deadline is March 1, though summer aid is limited to federal or private education loans.

Students must reapply for any need-based aid, including need-based scholarships, and must meet/maintain satisfactory academic progress requirements per specific student aid program requirements.

University Scholarships

Full and partial tuition scholarships begin in the fall semester and may be renewed through the senior year, provided that the recipient reapplies by the published deadlines, maintains a B- average or better, completes 12 credits per semester, and continues to demonstrate financial need. All applicants for need-based aid are considered for these awards.

- Joel D. Zychick Endowed Scholarship Fund in Business

Federal Student Aid Programs

The following federal student aid programs are available to eligible students at GW: Federal Pell Grants (<http://financialaid.gwu.edu/federal-pell-grant>), Federal Supplemental Educational Opportunity Grants (<http://financialaid.gwu.edu/federal-supplemental-educational-opportunity-grant>) (FSEOG), Federal Work-Study (<http://financialaid.gwu.edu/work-study>) (FWS), Federal Perkins Loans (<http://financialaid.gwu.edu/federal-perkins-loan>), Federal Direct Stafford Loans (<http://financialaid.gwu.edu/federal-direct-loans>), Federal Direct PLUS Loans (<http://financialaid.gwu.edu/federal-direct-parent-plus-loan>), and TEACH Grants (<http://gsehd.gwu.edu/TEACHGrant>). The U.S. Department of Education's Federal Student Aid (<https://studentaid.ed.gov/sa>) website includes complete program details. We especially recommend that you download, review and retain the various student loan publications from the U.S. Department of Education, which are available on the Federal Student Aid Resources (<https://studentaid.ed.gov/sa/resources>) web-site.

Federal Direct Stafford Loans

Federal Direct Stafford Loans are student loans from the U.S. Department of Education in which the student is the borrower. Annual loan limits are as follows:

Dependent undergraduates (most students under the age of 24):

- \$5,500 as freshmen (No more than \$3,500 of this amount may be in subsidized loans)
- \$6,500 as sophomores (No more than \$4,500 of this amount may be in subsidized loans)
- \$7,500 as junior and seniors (No more than \$5,500 of this amount may be in subsidized loans)

Independent undergraduates (students 24 years or age and older) and dependent students whose parents are unable to borrow under the Federal Direct PLUS Loan program:

- \$9,500 as freshmen (No more than \$3,500 of this amount may be in subsidized loans)
- \$10,500 as sophomores (No more than \$4,500 of this amount may be in subsidized loans)
- \$12,500 as juniors and seniors (No more than \$5,500 of this amount may be in subsidized loans)

Federal student loan programs also have aggregate (lifetime) loan limits (<https://studentaid.ed.gov/sa/types/loans/subsidized-unsubsidized>).

- For dependent students (except student whose parents are unable to borrow under the Federal Direct PLUS Loan program), the subsidized and unsubsidized aggregate loan limit is \$31,000, with no more than \$23,000 of this amount being subsidized loans.
- Independent Students (and dependent undergraduate students whose parents are unable to obtain PLUS Loans) - the undergraduate aggregate loan limit is \$57,500, and no more than \$23,000 of this amount may be in subsidized loans.

For students who receive subsidized Stafford loans as part of their need-based financial aid award, the government pays the interest while they are enrolled in school at least half time and for six months after they leave school. Students ineligible, or only partly eligible, for subsidized funds may apply for an unsubsidized Stafford Loan up to the same limits to cover their family contribution. Terms and conditions are the same, except that the student borrower is responsible for all interest that accrues on the unsubsidized loan from the date it is disbursed; deferments are available. Independent students (and students whose parents are denied a PLUS loan) are eligible to borrow additional unsubsidized Stafford funds of \$4,000 as freshmen and sophomores and \$5,000 as juniors and seniors.

There are fees associated with both subsidized and unsubsidized Stafford loans. Interest rates and fees are set on an annual basis by federal statute, usually by June 1 and taking effect on July 1 through the following June 30. See the OSFA's "Summary of Loan Details (<http://financialaid.gwu.edu/loans>)" chart or the U.S. Department of Education's Federal Student Aid (<https://studentaid.ed.gov/sa/types/loans/interest-rates>) website for up-to-date information on interest rates and associated loan fees.

Federal Direct PLUS Loans

The Federal Direct PLUS Loan is a government-sponsored, credit-based, fixed-rate loan that can be used to supplement the student's Federal Direct Stafford Loan or to help with their family contribution. The U.S. Department of Education is the lender. Each academic year, parents without an adverse credit history may apply for a Federal Direct PLUS loan up to the cost of education, minus financial aid, for each dependent child attending college at least half-time. Loan repayment begins within 60 days of the last disbursement and the maximum repayment term is ten years.

Origination fees are deducted from loan proceeds prior to disbursement. Families who intend to use loan funds for payment of University charges at time of registration should submit a loan application and all supporting documents to OSFA no later than May 1 for the fall semester, October 1

for the spring semester, and March 1 for summer sessions. See the OSFA website (<http://financialaid.gwu.edu/federal-direct-parent-plus-loan>) for details and application procedures. See also The U.S. Department of Education's information on Federal Direct PLUS Loans (<https://studentaid.ed.gov/sa/types/loans/plus>).

Federal Perkins Loans

Federal Perkins Loans (<http://financialaid.gwu.edu/federal-perkins-loan>) are loans made to students with "exceptional financial need," as required by federal statute, based on availability of funds to lend from collections of past loans made. The interest rate is 5% fixed and there is a ten-year repayment period. The annual loan limit for Federal Perkins Loan is \$5,500 per year and the lifetime limits for Perkins are \$27,500 for undergraduates and \$60,000 for combined undergraduate and graduate studies. Loan funds awarded are limited based on availability of funds to lend.

See also the U.S. Department of Education's Federal Student Aid information on Federal Perkins Loans (<https://studentaid.ed.gov/sa/types/loans/perkins>).

Private Education Loans

Private lenders provide additional loan options to qualified students. These loans offer varying interest rates and repayment options. Such loans allow the student to borrow up to 100% of GW's annual undergraduate cost of attendance less any current financial assistance. They typically have variable rates, rates within rate tiers according to credit worthiness, and application fees.

Private education loans must be reported to OSFA to be considered as a resource against federal student aid eligibility, per federal regulation.

Students are strongly advised to consider federal student loans before alternative loans due to the former's generally more favorable interest rates, fees, and repayment options. Consider reviewing the OSFA Private Student Loan Counseling Checklist (<http://financialaid.gwu.edu/private-student-loan-counseling-checklist>).

Other Loan Funds

GW has several emergency loan funds for degree students with short-term needs. These funds include:

- Jessie B. Martin Loan Fund
- Jack and Anne Morton Loan Fund
- Barney Plotnick, M.D., Student Loan Fund
- University Student Emergency Loan Fund
- Edmund W. Dreyfuss Loan Fund
- Peter and Doris Firsht Loan Fund

Students apply for emergency loans at Colonial Central (<http://colonialcentral.gwu.edu>).

Student Employment

The University participates in the Federal Work-Study Program (<http://financialaid.gwu.edu/work-study>). Students should address questions concerning eligibility to OSFA. GW's Center for Career Services (<http://careerservices.gwu.edu>) handles Federal Work-Study placement and also maintains a registry of both full- and part-time positions available in the D.C. Metropolitan Area.

International Students

International students are eligible to receive merit scholarship consideration from the Office of Admissions and are automatically considered during the admissions process.

Non-U.S. students should check with their home country for potential national and/or local student aid options for enrollment in the United States.

Visit the U.S. Department of State's Education USA web-site (<https://educationusa.state.gov>) for a database of potential resources.

Private education loans for international students are usually only available with a credit-worthy U.S. co-signer. The Office of Student Financial Assistance uses cost of attendance budgets for the processing of international student financial assistance. Details are available on the OSFA website (<http://financialaid.gwu.edu>).

Military Education Financing

Veterans Education Benefits

GW's Office of Military and Veteran Student Services processes applications for entitlement payments under the various classes of veterans' educational benefits from the U.S. Department of Veterans Affairs. For more information consult the Office of Military and Veteran Student Services website.

Tuition Assistance Program

Funds from the various branches of the armed services under the Tuition Assistance Program are processed by the GW Office of Student Accounts.

ROTC Scholarships

Navy ROTC (<http://nrotc.gwu.edu/scholarships>) is available at GW. Army and Air Force ROTC is available at Georgetown University and Howard University, respectively. All ROTC programs are handled by the GW Student Accounts Office. Further details are available on the Office of Student Financial Aid website (<http://financialaid.gwu.edu/military-educational-benefits>) and from the Office of the Registrar (<http://registrar.gwu.edu/rotc>).

Please note that ROTC scholarships must be considered as a resource against any federal student aid eligibility, per federal regulation.

Required Disclosures and Notices

University Policy on Equal Opportunity

The George Washington University does not unlawfully discriminate against any person on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation. This policy covers all programs, services, policies, and procedures of the University, including admission to educational programs and employment.

The University is subject to the District of Columbia Human Rights Act. Inquiries concerning the application of this policy and federal laws and regulations concerning discrimination in education or employment programs and activities may be addressed to the Chief Human Resources Officer, Office of Chief Human Resources Officer, 2033 K Street NW, Suite 220, Washington, DC 20052, (202) 994-9600, or to the Assistant Secretary for Civil Rights of the U.S. Department of Education; or to the Director of the U.S. Equal Employment Opportunity Commission/Washington Field Office.

To request disability accommodations, students should contact the Office of Disability Support Services, (202) 994-8250 (TDD/voice), and employees should contact the Office of Equal Employment Opportunity, (202) 994-9656 (voice) or 9650 (TDD).

Availability of State Grant Assistance for Undergraduate Education

Before pursuing loan options, undergraduate students are advised to review the potential for state grant assistance from their home state to help finance their GW education. The U.S. Department of Education maintains a web-site listing state agencies (<http://www2.ed.gov/about/contacts/state>) and respective contact information. The Brookings Institution has an Inventory of State Grants (<http://www.brookings.edu/~media/research/files/reports/2012/5/08-grants-chingos-whitehurst/inventory-of-state-grants.xlsx>) (done in 2012) as well.

Satisfactory Academic Progress for Student Financial Assistance

Federal student aid programs require satisfactory academic progress. Please refer to our complete Title IV satisfactory academic progress policy (<http://financialaid.gwu.edu/policy-satisfactory-academic-progress>).

Availability of U.S. Department of Education Loan Publications

Students pursuing federal student loans are advised to review, download, and retain the loan publications from the U.S. Department of Education which are available on the Federal Student Aid resources page (<https://studentaid.ed.gov/sa/resources>).

GW Policy on Student Loans and Code of Conduct

GW does not maintain a preferred lender list and will certify loan presented that requires certification. Refer to GW's HEA-compliant code of conduct for student loans (<http://financialaid.gwu.edu/policy-student-loan-code-conduct>).

Role of the National Student Loan Data System (NSLDS)

Data on federal student loans and Federal Pell Grants are reported to the National Student Loan Data System (NSLDS), which is accessible by GW and U.S. Department of Education personnel and servicers of federal student loans. Students can access their data on the NSLDS website.

Title IV Eligibility and Drug Convictions

Under federal law a recipient of Title IV student financial assistance who is convicted for possession and/or sale of illegal drugs while enrolled as a student at GW will be ineligible for further Title IV funds for a fixed period of time. Refer to the University's complete policy on the Impact of Drug Conviction on Title IV eligibility (<http://financialaid.gwu.edu/policy-impact-drug-conviction-title-iv-eligibility>).

Return of Title IV Funds Policy

The University is required by the HEA to recalculate the eligibility for federal Title IV student financial assistance for students who withdraw, drop out, are dismissed, or take a leave of absence, prior to completing 60% of a semester. Title IV funds include Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, Federal Work-Study, Federal Perkins Loans, Federal Direct Subsidized Stafford Loans, Federal Direct Unsubsidized Stafford Loans, and Federal Direct PLUS Loans. The priority sequence for return of Title IV funds is as follows:

- 1.Unsubsidized Federal Stafford Loans
- 2.Subsidized Federal Stafford Loans
- 3.Unsubsidized Direct Stafford Loans (other than PLUS Loans)
- 4.Subsidized Direct Stafford Loans
- 5.Federal Perkins Loans
- 6.Federal PLUS Loans
- 7.Direct PLUS Loans
- 8.Federal Pell Grants for which a return of funds is required
- 9.Federal Supplemental Educational Opportunity Grants for which a return of funds is required
- 10.TEACH Grants for which a return of funds is required
- 11.Iraq-Afghanistan Service Grant for which a return is required

For the complete policy statement on Return of Title IV funds, see the Colonial Central website. This applies only to federal student aid and does not pertain to the University's refund policy, as noted in the Fees and Financial Regulations section of this Bulletin.

Title IV Credit Balances

Students have the right to exercise authorizations to hold or release a hold pertaining to Title IV credit balances. Similarly, parents have the right to do so pertaining to Federal

Direct PLUS Loans. See the pertinent Title IV credit balance authorization form.

Student Title IV credit balance authorization form (https://studentaccounts.gwu.edu/sites/studentaccounts.gwu.edu/files/downloads/Title_IV_Credit_Auth_StudentNEWLOGO.pdf)

Parent Title IV credit balance authorization form (https://studentaccounts.gwu.edu/sites/studentaccounts.gwu.edu/files/downloads/Title_IV_Credit_Auth_ParentNEWLOGO.pdf)

HEA Disclosures Portal

Visit the HEA Disclosures portal (<http://financialaid.gwu.edu/higher-education-act-disclosure>) for complete disclosures information.

GRADUATE

Graduate Financial Aid

The George Washington University offers a variety of financial support for graduate students that includes assistantships, fellowships, traineeships, graduate school scholarships, research appointments, and part-time employment, in addition to eligibility for Federal student aid programs.

Several forms of aid not based on financial need are available. Graduate assistantships are fully taxable, and gift aid (scholarships, grants, fellowships, assistantships, tuition awards, etc.) is taxable to the extent that it exceeds the allowable costs of tuition, fees, and required books and supplies or is dedicated to other costs, such as room and board. Federal grants may be taxable if, together with other gift assistance, they exceed the allowable costs. For complete information on IRS rules regarding educational costs, see IRS Publication 970, *Tax Benefits for Education*.

Eligibility for student aid is processed under cost of attendance budgets for various categories of students, per requirements of federal statute. Refer to our policy on cost of attendance budgets (<http://financialaid.gwu.edu/cost-of-attendance>) for details. A complete student aid package cannot exceed a student's cost of attendance budget. GW will review and potentially adjust awards for students receiving student financial assistance from more than one source. Receipt of student financial assistance from multiple source cannot exceed tuition charges. If institutional aid is involved, adjustments will be made.

Application and correspondence concerning assistantships, fellowships, traineeships, or graduate scholarships should be sent directly to the GW school or college. Unless otherwise specified, applications and supporting credentials should be submitted no later than the February 1 prior to the academic year for which the award is made. Application for admission to graduate study is a prerequisite for consideration.

Office of Graduate Student Assistantships and Fellowships

The Office of Graduate Student Assistantships and Fellowships (<http://www.gwu.edu/~fellows>) provides services to entering and enrolled graduate students; detailed information on awards that may be used in support of graduate study is available on the office's website. Such awards are generally sponsored by foundations, professional and learned societies, industries, and other organizations. Services are provided to entering and enrolled graduate students.

Assistantships

Available to students in masters and doctoral programs in most academic departments, graduate assistantships provide financial compensation for a designated unit of service to the assistant's major department of instruction. All new graduate assistants must attend an orientation program and will be enrolled in an online course.

International students applying for graduate teaching assistantships must have minimum TOEFL scores of 600 (paper-based) or 100 (Internet-based) or an overall band score of 7.0 on the Academic International English Language Testing System (IELTS) with no individual band score below 6.0. International students may be appointed to graduate assistantships. Those found to have difficulties with English will be referred to the Speech and Hearing Center's speech enhancement program; such students will be assigned nonteaching duties in place of classroom instruction and will be re-evaluated each semester. If a student is not designated as qualified to give classroom instruction by the end of one academic year, the assistantship will not be renewed.

Graduate Research Assistantships

Available to students in masters and doctoral programs in some GW academic departments. A graduate research assistant receives compensation for research assistance provided to a professor.

Resident Assistantships

Resident assistantships are available to graduate students in any field of study who are interested in working in University residence halls. Specific duties vary with the position, but basically consist of counseling, advising student groups, and administrative duties. Remuneration includes salary and a furnished room for the academic year. All positions are part time, and staff members are required to enroll as full-time students in degree programs. For further information, see the Center for Student Engagement website (<http://studentengagement.gwu.edu/resident-advisors>).

Fellowships, Scholarships, and Related Programs University Fellowships

Available to graduate students in masters and doctoral programs in most GW academic departments. Fellowships are

based on scholarship and each fellow may receive a stipend and/or tuition allowance.

Other Fellowships, Scholarships, and Related Programs

- Achievement Rewards for College Scientists Scholarships
- Angeline Anderson Scholarship Fund
- Bank of America Fellowship
- Robert R. Banville Scholarship Fund

- Shao Wen Yuan Fellowship in Mechanical Engineering

Federal Loans

Federal Direct Stafford Loans

Graduate students enrolled at least half time may apply for Federal Direct Stafford Loan funds each academic year. Unsubsidized loans require the student borrower to pay all interest that accrues on loan during the in-school period. Deferments are available. Students must

file the Free Application for Federal Student Aid (<https://fafsa.ed.gov>) (FAFSA) to determine their eligibility.

Federal Direct PLUS Loans

Graduate and professional students may apply for funds under the Federal Direct PLUS Loan Program. Eligible students may borrow up to the full cost of attendance, including tuition, fees, books, and living and transportation expenses, less any financial assistance received (which includes all student loans). Students must first apply for the Federal Direct Stafford Loan and the amount of the Stafford Loan eligibility must be included in the calculation to determine the amount of the Graduate PLUS loan.

Annual and Aggregate Loan Limits

Graduate and professional students can borrow up to \$20,500 in unsubsidized Federal Direct Stafford Loan funds on an annual basis. Some academic programs may have additional loan eligibility; see the list on the OSFA website of Graduate Programs eligible for Higher Loan Limits (<https://financialaid.gwu.edu/graduate-federal-direct-loan-limits>).

Graduate and professional students have maximum aggregate (lifetime) loan limits of \$138,500, with \$65,500 maximum subsidized limit within the total aggregate limit. Health professions students have a maximum aggregate (lifetime) limit of \$224,000, with \$65,500 maximum subsidized limit within the total aggregate limit.

Loan Fees

Both Federal Direct Stafford Loans and Federal Direct PLUS Loans carry loan fees. Current rates are available on the U.S. Department of Education's Federal Student Aid website for Federal Direct Stafford Loans (<https://studentaid.ed.gov/sa/types/loans/subsidized-unsubsidized>) and for Federal Direct PLUS Loan (<https://studentaid.ed.gov/sa/types/loans/plus>).

Federal Perkins Loans

Federal Perkins Loans (<http://financialaid.gwu.edu/federal-perkins-loan>) are loans made to students with "exceptional financial need," as required by federal statute, based on availability of funds to lend from collections of past loans made. The interest rate is 5% fixed and there is a ten-year repayment period.

Annual and Aggregate Loan Limits for Federal Perkins Loans

The annual loan limit for Federal Perkins Loan is \$5,500 per year and the lifetime limits for Perkins are \$27,500 for undergraduates and \$60,000 for combined undergraduate and graduate studies. Loan funds awarded are limited based on availability of funds to lend.

See also the U.S. Department of Education's Federal Student Aid information on Federal Perkins Loans (<https://studentaid.ed.gov/sa/types/loans/perkins>).

Private Education Loans

Private lenders provide additional loan options to qualified students. These loans offer varying interest rates and repayment options. Such loans allow the student to borrow up to 100% of GW's annual cost of attendance less any current financial assistance. They typically have variable rates, rates within rate tiers according to credit worthiness, and application fees.

Private education loans must be reported to OSFA to be considered as a resource against federal student aid eligibility, per federal regulation.

Students are strongly advised to consider federal student loans before alternative loans due to generally more favorable interest rates, fees, and repayment options. Consider reviewing the OSFA Private Student Loan Counseling Checklist (<http://financialaid.gwu.edu/private-student-loan-counseling-checklist>).

Other Loan Funds

GW has several emergency loan funds for degree students with short-term needs. These funds include the Jessie B. Martin Loan Fund, the Jack and Anne Morton Loan Fund; the Barney Plotnick, M.D., Student Loan Fund; the University Student Emergency Loan Fund; the Edmund W. Dreyfuss Loan Fund; and the Peter and Doris Firshat Loan Fund. Students apply for emergency loans at Colonial Central.

Student Employment

The University participates in the Federal Work-Study Program (<https://careerservices.gwu.edu/federal-work-study-program>). Students should address questions concerning eligibility to OSFA. GW's Center for Career Services (<https://careerservices.gwu.edu>) handles Federal Work-Study placement and also maintains a registry of both full- and part-time positions available in the D.C. Metropolitan Area.

TEACH Grants

The Teacher Education Assistance for College and Higher Education (TEACH) program provides grants to students who become teachers in high-need fields and low-income areas in an elementary school, secondary school or an educational service agency. For more details, see the TEACH Grant webpage (<http://gsehd.gwu.edu/TEACHGrant>) on the Graduate School of Education and Human Development (GSEHD) website.

International Students

International students are advised to download and reference The Office of Graduate Scholarships and Fellowships brochure, Funding for International Students (<http://graduate.admissions.gwu.edu/sites/graduate.admissions.gwu.edu/files/downloads/International%20Funding%20Brochure.pdf>), a guide for international students on potential education funding.

Non-US students should check with their home country for potential national and/or local student aid options for enrollment in the United States.

Private education loans for international students are usually only available with a credit-worthy U.S. co-signer.

Please note that the Office of Student Financial Assistance uses cost of attendance budgets (<http://financialaid.gwu.edu/cost-of-attendance>) for the processing of international student financial assistance.

Military Education Financing

Veterans Education Benefits

GW's Office of Military and Veteran Student Services (<http://services.military.gwu.edu>) processes applications for entitlement payments under the various classes of veterans' educational benefits from the U.S. Department of Veterans Affairs.

Tuition Assistance Program

Funds from the various branches of the armed services under the Tuition Assistance Program are processed by the GW Office of Student Accounts.

ROTC Scholarships

Navy ROTC (<http://nrotc.gwu.edu/scholarships>) is available at GW. Army and Air Force ROTC is available at Georgetown University and Howard University, respectively. All ROTC programs are handled by the GW Student Accounts Office. Further details are available here (<http://financialaid.gwu.edu/military-educational-benefits>) and from the Office of the Registrar (<http://registrar.gwu.edu/rotc>).

Please note that per federal regulation ROTC scholarships must be considered as a resource against any federal student aid eligibility.

Required Disclosures and Notices

University Policy on Equal Opportunity

The George Washington University does not unlawfully discriminate against any person on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation. This policy covers all programs, services, policies, and procedures of the University, including admission to educational programs and employment.

The University is subject to the District of Columbia Human Rights Act. Inquiries concerning the application of this policy and federal laws and regulations concerning discrimination in education or employment programs and activities may be addressed to the Chief Human Resources Officer, Office of Chief Human Resources Officer, 2033 K Street NW, Suite 220, Washington, DC 20052, (202) 994-9600, or to the Assistant Secretary for Civil Rights of the U.S. Department of Education; or to the Director of the U.S. Equal Employment Opportunity Commission/Washington Field Office.

To request disability accommodations, students should contact the Office of Disability Support Services, (202) 994-8250 (TDD/

voice), and employees should contact the Office of Equal Employment Opportunity, (202) 994-9656 (voice) or 9650 (TDD).

Availability of State Grant Assistance for Undergraduate Education

Before they pursue loan options undergraduate students are advised to pursue the potential for state grant assistance in their home state to help finance their GW education. The U.S. Department of Education (ED) maintains a website listing state agencies (<http://www2.ed.gov/about/contacts/state>) and respective contact information. The Brookings Institution has an Inventory of State Grants (<http://www.brookings.edu/~media/research/files/reports/2012/5/08-grants-chingos-whitehurst/inventory-of-state-grants.xlsx>) (done in 2012) as well.

Satisfactory Academic Progress for Student Financial Assistance

Federal student aid programs require satisfactory academic progress. Please refer to our complete Title IV satisfactory academic progress policy (<http://financialaid.gwu.edu/policy-satisfactory-academic-progress>).

Availability of U.S. Department of Education Loan Publications

Students pursuing federal student loans are advised to review, download, and retain the loan publications from the U.S. Department of Education, which are available on the Federal Student Aid resources page (<https://studentaid.ed.gov/sa/resources>).

GW Policy on Student Loans and Code of Conduct

GW does not maintain a preferred lender list and will certify loan presented that requires certification. Refer to GW's HEA-compliant code of conduct for student loans (<http://financialaid.gwu.edu/policy-student-loan-code-conduct>).

Role of the National Student Loan Data System (NSLDS)

Data on federal student loans and Federal Pell Grants are reported to the National Student Loan Data System (NSLDS), which is accessible by GW and U.S. ED personnel and servicers of federal student loans. Students can access their data on the NSLDS website (http://www.nsls.ed.gov/nsls_SA).

Title IV Eligibility and Drug Convictions

Under federal law a recipient of Title IV student financial assistance who is convicted for possession and/or sale of illegal drugs while enrolled as a student at GW will be ineligible for further Title IV funds for a fixed period of time. Refer to the University's complete policy on the Impact of Drug Conviction on Title IV eligibility (<http://financialaid.gwu.edu/policy-impact-drug-conviction-title-iv-eligibility>).

Return of Title IV Funds Policy

The University is required by the HEA to recalculate the eligibility for federal Title IV student financial assistance for students who withdraw, drop out, are dismissed, or take a leave of absence, prior to completing 60% of a semester. Title IV funds include Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (SEOG), Federal Work-Study, Federal Perkins Loans, Federal Direct Subsidized Stafford

Loans, Federal Direct Unsubsidized Stafford Loans, and Federal Direct PLUS Loans. The priority sequence for return of Title IV funds is as follows:

- 1.Unsubsidized Federal Stafford Loans
- 2.Subsidized Federal Stafford Loans
- 3.Unsubsidized Direct Stafford Loans (other than PLUS Loans)
- 4.Subsidized Direct Stafford Loans
- 5.Federal Perkins Loans
- 6.Federal PLUS Loans
- 7.Direct PLUS Loans
- 8.Federal Pell Grants for which a return of funds is required
- 9.Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required
- 10.TEACH Grants for which a return of funds is required
- 11.Iraq-Afghanistan Service Grant for which a return is required

For the complete policy statement on Return of Title IV funds, see the Colonial Central website (<http://colonialcentral.gwu.edu>). This applies only to federal student aid and does not pertain to the University's refund policy, as noted in the Fees and Financial Regulations section of this Bulletin.

Title IV Credit Balances

Students have the right to exercise authorizations to hold or release a hold pertaining to Title IV credit balances, using the Student Title IV credit balance authorization form (https://studentaccounts.gwu.edu/sites/studentaccounts.gwu.edu/files/downloads/Title_IV_Credit_Auth_StudentNEWLOGO.pdf).

Similarly, parents have the right to do so pertaining to Federal Direct PLUS Loans, using the Parent Title IV credit balance authorization form (https://studentaccounts.gwu.edu/sites/studentaccounts.gwu.edu/files/downloads/Title_IV_Credit_Auth_ParentNEWLOGO.pdf).

HEA Disclosures Portal

See our HEA disclosure portal (<http://financialaid.gwu.edu/higher-education-act-disclosure>) for complete disclosures information.

INTERDISCIPLINARY AND SPECIAL UNDERGRADUATE PROGRAMS

While GW offers many interdisciplinary programs within and across its schools and departments, those listed here are independent of other GW affiliation.

- GW Teach (p. 55)
- Naval Science (p. 59)
- Sustainability (p. 59)
- University Honors Program (p. 56)
- Women's Leadership Program (p. 61)

GWTEACH

The GWTeach Program (<http://gwteach.gwu.edu>) is a GW initiative based on the nationally recognized UTeach (<http://www.uteach-institute.org>) program. The program supports the development of excellence in teaching. Students completing the GWTeach program earn a degree in a STEM field – math, science, or engineering – and are eligible for licensure by the District of Columbia as a middle or high school teacher. Some students go directly into the STEM workforce, other teaching professions, or graduate school, and have the option to teach in middle and high schools. Graduates also can use their GWTeach experience in other careers, such as the health professions, college teaching, and training.

The first two 1-credit courses (Step 1 and Step 2) are open to all mathematics, science, and engineering majors, including pre-med students. In those courses, students are exposed to the teaching experience with no obligation to continue in the program.

Students can also complete an 18-credit undergraduate minor, comprising core courses from GWTeach disciplines plus a choice of elective courses.

REQUIREMENTS

Required:

GTCH 3101	Knowing and Learning in Mathematics and Science
GTCH 3201	Perspectives on Math and Science
GTCH 3202	Research Methods in Math and Science
GTCH 3203	Functions and Modeling
Six credits from the following:	
GTCH 1001	GWTeach Step 1: Inquiry Approaches to Teaching
GTCH 1002	GWTeach Step 2: Inquiry-based Lesson Design

GTCH 3102	Classroom Interactions
GTCH 3103	Project-Based Instruction
GTCH 3500	Topics in STEM Teaching
GTCH 3600	Pedagogy for Learning Assistants

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

GTCH 1001. GWTeach Step 1: Inquiry Approaches to Teaching. 1 Credit.

First recruitment course in the GWTeach professional development sequence. Overview of latest methods in teaching. Elementary school teaching experience using lessons written based on district curricula. Restricted to Freshman and sophomore standing.

GTCH 1002. GWTeach Step 2: Inquiry-based Lesson Design. 1 Credit.

Second recruitment course in the GWTeach professional development sequence. Overview of latest methods in teaching. Middle school teaching experience using lessons written based on district curricula. Restricted to Freshman and sophomore standing.

GTCH 3101. Knowing and Learning in Mathematics and Science. 3 Credits.

Introduction to models of knowing and learning for classroom practice. Focus on secondary mathematics and science. Restricted to Sophomore or higher standing. Restricted to GWTeach students and to others with permission of the instructor. Prerequisites: GWTeach courses GTCH 1001 - Step 1 and GTCH 1002 - Step 2 or permission of the instructor. Recommended background: Most students will be in the GWTeach program. Other students may enroll with permission of the instructor.

GTCH 3102. Classroom Interactions. 3 Credits.

Introduction to use of curriculum and technology in the classroom for effective teaching of mathematics, science, and engineering. Interplay between teachers, students, content, and the world beyond schools. Design and implementation of instructional activities. Evaluation of outcomes of instructional activities. Restricted to Junior or Senior standing. Restricted to GWTeach students and to others with permission of the instructor. Prerequisites: GWTeach courses GTCH 1001 – Step 1, GTCH 1002 – Step 2, GTCH 3101 or permission of the instructor. Recommended background: Most students will be in the GWTeach program. Other students may enroll with permission of the instructor.

GTCH 3103. Project-Based Instruction. 3 Credits.

Design of full units of connected lessons. Integration of mathematics and science content. Intensive field-based experiences. Restricted to Junior or Senior standing. Restricted to GWTeach students and to others with permission of the instructor. Prerequisites: GTCH 1001 (Step 1), GTCH 1002 (Step 2), GTCH 3101, and GTCH 3102,. Recommended background: Students will normally be in the GWTeach program.

GTCH 3201. Perspectives on Math and Science. 3 Credits.

Topics and episodes in the history of science and mathematics. Focus on processes by which math and science evolves. Perspectives include biology, physics, geology, astronomy, and chemistry. Historical perspectives on the content and direction of the sciences. Restricted to GWTeach students and to others with permission of the instructor. Restricted to Sophomore or higher standing. Prerequisites: GWTeach courses GTCH 1001 – Step 1 and GTCH 1002 – Step 2 or permission of the instructor. Recommended background: Most students will be in the GWTeach program. Other students may enroll with permission of the instructor.

GTCH 3202. Research Methods in Math and Science. 3 Credits.

Design experiments to answer scientific questions and reduce systematic and random errors. Statistics to interpret experimental results. Restricted to Sophomore or higher standing. Restricted to GWTeach students and to others with permission of the instructor. Prerequisites: GWTeach courses GTCH 1001 – Step 1 and GTCH 1002 – Step 2 or permission of the instructor. Recommended background: Most students will be in the GWTeach program. Other students may enroll with permission of the instructor.

GTCH 3203. Functions and Modeling. 3 Credits.

Mathematics addressing unique needs of future teachers of mathematics. Explore models using linear, exponential, polynomial, and trigonometric functions. Restricted to Sophomore or higher standing. Restricted to GWTeach mathematics students and to others with permission of the instructor. Prerequisites: GWTeach courses GTCH 1001 – Step 1 and GTCH 1002 – Step 2 or permission of the instructor. Recommended background: Most students will be in the GWTeach program. Other students may enroll with permission of the instructor.

GTCH 3500. Topics in STEM Teaching. 1 Credit.

Issues in STEM research and education. Topics may include new developments in science and mathematics, emerging ideas and methods of instruction, impacts of STEM on individuals and society. Restricted to Intended primarily for students in the GWTeach program and the Minor in STEM Teaching. Permission of the GWTeach Associate Director required. Prerequisites: Permission of instructor. Recommended background: Enrollment in the GWTeach program or the Minor in STEM Teaching.

GTCH 3600. Pedagogy for Learning Assistants. 2 Credits.

Integrate educational theory, pedagogy, and practice. Classroom discourse, group discussions, disciplinary thinking, questioning, models of cognition, metacognition, formative assessment, classroom presence. Final project directly linked to Learning Assistant placement. For students serving as Learning Assistants in large-enrollment undergraduate science courses. Restricted to Intended primarily for students in the GWTeach program and the Minor in STEM Teaching. Permission of the GWTeach Associate Director required. Prerequisites: Permission of instructor. Recommended background: Enrollment in the GWTeach program or the Minor in STEM Teaching.

GTCH 4000. Apprentice Teaching. 0-7 Credits.

Culminating experience and tools for first teaching positions. Expectations, processes, and rewards of teaching. Field experiences in local schools. Apprentice teachers and university master teachers share experiences and solutions to problems in the field. Feedback from public school mentor teachers and university facilitators. Restricted to Intended for juniors and seniors in the GWTeach program. Restricted to GWTeach apprentice teachers. Prerequisites: GTCH 3101, 3102, 3103, 3201, 3202 Also, GTCH 3203 for students intending to be Mathematics teachers. Recommended background: Intended for students in the GWTeach program as their final preparation for certification.

UNIVERSITY HONORS PROGRAM

The University Honors Program (<http://www.gwu.edu/~uhpwww/programinfo.cfm>) helps students hone their analytical and expressive powers, deepen their understanding of complex issues and questions, and broaden their perspectives. Built upon an interdisciplinary honors experience, the program is fully integrated into, synergistic with, and reinforcing of the highest academic aspirations of University schools and departments.

- Small seminar-style classes, capped at 15 or 20 students, provide an opportunity to probe a variety of evolving issues and eternal questions.
- The Honors community is strengthened and sustained by a shared academic experience and enhanced by its relatively small size of approximately 500 students. The program offers first- and second-year Honors students the option of living in an Honors residential community.

- Students enroll in a series of unique courses that address both cross-cultural and cross-disciplinary questions and issues, drawing from the humanities, natural sciences, and social sciences. In their senior year, students participate in an Honors capstone experience that provides an opportunity to apply and reflect on what they have learned as undergraduates.
- The Honors experience is enriched by distinctive co-curricular programming, including off-campus activities with faculty members and discussions in the program's Club Room. Events may include student-faculty dinners, hikes, visits to local museums, day trips throughout the region, theater performances, film screenings, guest speakers and debates, and career information sessions. Students also have an opportunity for summer study abroad.
- The small, discussion-driven format of Honors courses creates a collaborative environment and strengthens relationships between students and faculty.
- Designated Honors academic advisors assist students with academic, career, and personal planning.
- Honors program members have early course registration privileges during their second, third, and fourth semesters.
- Membership in the Honors program is indicated on the student transcript.

REQUIREMENTS

The University Honors Program (<http://www.gwu.edu/~uhpwww>) offers exceptional entering students the opportunity to engage in a distinctive, participatory program of study designed to prepare them—whatever their gifts and interests might be—to meet the complex challenges of the 21st century. The program invites students to develop a humane perspective on the world. It sustains a community where students and faculty learn from each other, inspired by academic challenge, hard questions, and a desire to make a difference. The program serves approximately 500 selected students, or five percent of the undergraduate student body. Incoming students may apply to the Honors Program at the time they apply to the University; a small group of rising sophomores may also apply.

The program is characterized by small, seminar-style classes with enrollments capped at 15 to 20 students; faculty who serve as mentors, models, and guides in the learning process; classroom approaches that call upon students to initiate inquiry, work collaboratively, and drive the exploration and learning process; interdisciplinary tools and modes of inquiry; and global or cross-cultural perspectives and course content.

In their first year, along with other courses, Honors Program students take:

HONR 1015	Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought
-----------	---

HONR 1016	Honors Proseminar: Origins and Evolution of Modern Thought
-----------	--

HONR 1033	Honors Proseminar: Scientific Reasoning and Discovery
-----------	---

HONR 1034	Honors Proseminar: Scientific Reasoning and Discovery
-----------	---

In their second, third, and fourth years they take:

Two Self and Society courses taken as follows: two offerings of HONR 2047 or two offerings of HONR 2048 or one offering each of HONR 2047 and HONR 2048. Topics may not be repeated.

and

Two Arts and Humanities courses taken as follows: two offerings of HONR 2053 or two offerings of HONR 2054 or one offering each of HONR 2053 and HONR 2054. Topics may not be repeated.

In addition, they pursue coursework in their majors, including special or departmental honors and/or independent or mentored research. All Honors Program students participate in HONR 4199 Honors Capstone Experience, and complete a departmental or Honors senior thesis or project. The Honors proseminars meet certain general curriculum and elective requirements of the respective undergraduate schools. HONR 1015 Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought is the required University Writing course for Honors students.

In order to remain in good standing, Honors Program students must enroll in at least 12 credits each semester and, except for the first year, maintain a cumulative GPA of 3.4 or higher. First-year students must achieve a cumulative GPA of at least 3.0. Successful participation in the program is recognized and recorded on a student's official transcript.

FACULTY

Executive Director M. Frawley

Deputy Director I. Creppell

Assistant Professors E. Aviv, T. Christov, L. Hammond, B. Kung, M. Ralkowski, R. Shepherd, W. Winstead

University Honors Advisory Committee R. Heller (Chair), H. Dobel, C. Dowd, J. Green-Lewis, R. Katz, D. Malone-France, B. Narahari, W. Reich, K. Roddis, S. Singh, T. Zawidzki, A. Zimmerman

Courses

HONR 1015. Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought. 4 Credits.

Exploration of significant exemplars, milestones, and developments of human thought; foundational and representative thinkers and texts from Western and Eastern traditions provide an indication of the diversity and complexity of attempts to articulate responses to universal questions, problems, and aspirations.

HONR 1016. Honors Proseminar: Origins and Evolution of Modern Thought. 3 Credits.

Continuation of HONR 1015. Key developments and trajectories in human thought and inquiry into modern times.

HONR 1033. Honors Proseminar: Scientific Reasoning and Discovery. 4 Credits.

Using an inquiry-based approach, students learn to identify hidden regularities and patterns in nature that may indicate fundamental unifying principles and laws. The scientific method; evaluation of scientific information; limitations of the scientific process; development of a scientific hypothesis. Tools and methodologies of geology, chemistry, physics, biology, anthropology, and other disciplines.

HONR 1034. Honors Proseminar: Scientific Reasoning and Discovery. 4 Credits.

Continuation of HONR 1033. Using an inquiry-based approach, students learn to identify hidden regularities and patterns in nature that may indicate fundamental unifying principles and laws. The scientific method; evaluation of scientific information; limitations of the scientific process; development of a scientific hypothesis. Tools and methodologies of geology, chemistry, physics, biology, anthropology, and other disciplines.

HONR 2016. Enlightenment East & West. 4 Credits.

This course replaces HONR 1016 for students who enter the Honors Program as sophomores.

HONR 2043. Honors Microeconomics. 3 Credits.

An introductory microeconomics course that considers both the philosophical basis of economics as well as its methods and applications.

HONR 2044. Honors Macroeconomics. 3 Credits.

An accelerated introductory macroeconomics course that includes the study of special topics.

HONR 2047. Honors Proseminar: Social and Behavioral Sciences. 3 Credits.

Using the tools and modes of inquiry of the social and behavioral sciences, students find ways to understand significant social and political phenomena. Relationships among individuals, collectivities, families, and communities; interactions of psychological, social, political, economic, and historical forces at work in a given culture.

HONR 2047W. Prosem:Soc & Behav Sci. 3 Credits.

HONR 2048. Honors Proseminar: Social and Behavioral Sciences. 3 Credits.

Continuation of HONR 2047. Using the tools and modes of inquiry of the social and behavioral sciences, students find ways to understand significant social and political phenomena. Relationships among individuals, collectivities, families, and communities; interactions of psychological, social, political, economic, and historical forces at work in a given culture.

HONR 2048W. Proseminar: Soc. & Behav. Sci.. 3 Credits.

HONR 2053. Honors Proseminar: Arts and Humanities. 3 Credits.

Using an array of artistic forms (poetry, prose literature, drama, film, painting, sculpture, architecture, dance, and music), students explore the ways cultures are defined and understood through artistic expression, and the ways in which particular cultures value and critique these forms of personal and social expression.

HONR 2053W. Arts & World Cultures Prosem. 3 Credits.

HONR 2054. Honors Proseminar: Arts and Humanities. 3 Credits.

Continuation of HONR 2053. Using an array of artistic forms (poetry, prose literature, drama, film, painting, sculpture, architecture, dance, and music), students explore the ways cultures are defined and understood through artistic expression, and the ways in which particular cultures value and critique these forms of personal and social expression.

HONR 2054W. Arts & World Cultures Prosem. 3 Credits.

HONR 2125. Justice and the Legal System. 3 Credits.

HONR 2175. Honors Special Topics. 0-6 Credits.

HONR 2175W. Honors Special Topics. 0-6 Credits.

HONR 2182. Honors Internship. 0-4 Credits.

The Honors Program allows credit to Honors students for academic work that puts an internship in a broader scholastic context. Each student must have a GW faculty member oversee his or her project. The Honors internship faculty member determines the student's grade.

HONR 2184. Honors Undergraduate Research. 0-4 Credits.

Independent or faculty-mentored research resulting in a significant written or other product.

HONR 2185. Honors Research Assistantship. 0-4 Credits.

Students provide substantive assistance to a faculty member engaged in scholarly or scientific research.

HONR 4198. Honors Senior Thesis. 3-4 Credits.

One- or two-semester thesis under faculty guidance. May be repeated for credit.

HONR 4199. Honors Capstone Experience. 1 Credit.

Students re-engage with core questions and issues related to the Honors Program curriculum, reflecting on their learning in relation to enduring questions and challenges of our world.

NAVAL SCIENCE

Naval Reserve Officers Training Corps Program

The Naval Reserve Officers Training Corps (NROTC) offers young men and women the opportunity to qualify for a full scholarship and a commission in the Navy or Marine Corps. NROTC midshipmen are required to complete the naval science courses and attend weekly professional seminars. During the summer, NROTC midshipmen participate in active duty at sea or shore-based training cruises for approximately four weeks. Upon receiving the baccalaureate and completing the NROTC program, qualified midshipmen are commissioned as ensigns in the U.S. Navy or second lieutenants in the Marine Corps. Commissioned naval officers go on to training in various warfare specialties and serve as surface or submarine officers, naval aviators, or SEALs. Marine Corps officers attend basic school in Quantico, Virginia, and serve in fields such as infantry, artillery, and aviation. Staff positions (intelligence, law, medicine) are not normally offered through NROTC. Students may join the NROTC through any one of the following programs.

Four-Year Scholarship Program—Students enter the NROTC Four-Year Scholarship Program through national competition and are appointed midshipmen in the Naval Reserve. While enrolled, a four-year-scholarship student receives government-provided tuition, fees, \$350 per semester for books, uniforms, and an allowance of up to \$400 per month. Upon graduation, students are commissioned with a minimum four-year active duty service obligation. Scholarship Program students must include in their degree program courses in English, calculus, cultural awareness, physics, national security policy, and naval science and participate in three summer training periods of approximately four weeks each.

Two-Year Scholarship Program—Selection for this program is made through national competition, based on the student's academic record, physical qualifications, and an interview. Application should be made by the middle of the fall semester of the student's sophomore year. Selected applicants attend six weeks of instruction at the Naval Science Institute (NSI) at Newport, Rhode Island, during the summer before their third academic year. At NSI, students take courses in naval science, physical fitness, and drill, similar to those required of four-year NROTC students during their freshman and sophomore years. Successful completion of the NSI program qualifies the two-year applicants for appointment as midshipmen in the Naval Reserve and enrollment in the NROTC Scholarship Program. Upon acceptance of this appointment, students receive all the benefits and assume all the obligations of midshipmen in the Four-Year Scholarship Program.

Entering freshmen and transfer students who are awarded NROTC scholarships and plan to live on campus may also be eligible for GW Residence Hall Awards from the University. NROTC scholars with prior experience in the Navy are eligible

for awards covering the nominal charges for on-campus housing and meals. NROTC scholars who are new to the Navy and are majoring in mathematics, chemistry, physics, or a program in the School of Engineering and Applied Science may receive up to \$4,000 to be applied toward the costs of on-campus housing and meals. Further information on these awards is available from the University Office of Admissions.

Four-Year College Program—Students are enrolled in a non-scholarship Four-Year College Program upon acceptance by the Department of Naval Science. Uniforms are provided, and during their junior and senior years, students receive up to \$400 per month. Students must include in their degree program courses in college algebra, science, and naval science and must attend the four-week at-sea training period between junior and senior year. Upon commissioning, College Program students serve a minimum of four years' active duty. Midshipmen who complete one term as College Program students, have a satisfactory academic record, and are physically qualified may compete for a scholarship awarded by the Chief of Naval Education and Training. If awarded, the scholarship will be for the remainder of the student's undergraduate enrollment, up to a maximum of three and a half years; service requirements and benefits are the same as for the scholarship programs.

Two-Year College Program—Application should be made by the middle of the fall semester of the student's second year. Selections are made through the Chief of Naval Education and Training, based on the student's academic record, physical qualifications, and an interview. Those students selected will attend the NSI and upon successful completion may enroll in the program. The benefits and obligations are the same as for the Four-Year College Program.

Requirements for all candidates—Qualifications for acceptable candidates for the Scholarship Program or the College Program include U.S. citizenship, fulfillment of physical requirements, and willingness to participate in required summer training periods and to accept a commission in the U.S. Navy or Marine Corps when offered.

Enrollment in NROTC is not a requirement for taking naval science courses. Any student enrolled at George Washington University may take naval science courses with the approval of the Professor of Naval Science.

SUSTAINABILITY

One of GW's Interdisciplinary and Special Undergraduate programs, the 18-credit undergraduate minor in sustainability includes courses in three tracks: environment/earth systems, society and sustainability, and policy, organization, and leadership. Each track includes a choice of courses from several GW schools. Approved courses with varying topics and courses taken through study abroad can also be part of the program. Requirements include experiential learning and at least one course taken outside the student's home school and discipline.

REQUIREMENTS

The 18-credit minor in sustainability includes a number of innovative features. Unlike other Universities where environmental studies or environmental management may be housed in a single school, the GW vision seeks to be genuinely trans-disciplinary. To encourage the participation of all schools and faculty, and to allow students to experience inter-disciplinary methods and approaches to sustainability, students will be required to take a minimum of 6 credits (including the inter-disciplinary introductory course) outside their home school and discipline.

Additionally, 3 credits of experiential learning will be required as a culminating experience for juniors or seniors. In order to give students a holistic view of sustainability, students are required to take at least 3 credits in each of the three tracks. Green Leaf courses (<https://sustainability.gwu.edu/featured-green-leaf-courses-0>) (courses that focus on or incorporate issues of sustainability in their syllabi) are automatically eligible to be counted for the minor, as long as they fit the structure.

Foundation course:

SUST 1001	Introduction to Sustainability
-----------	--------------------------------

Tracks (at least 3 credits from each track):

Track A: Environmental/Earth Systems

Courses in science or engineering that cover climate, energy, water or ecology

Track B: Society and Sustainability

Courses in public health, food, social equity, urban studies, international development or economics

Track C: Policy, Organization and Leadership

Courses in methods, policy, law, business, and organizational sciences

Culminating experience:

Experiential learning opportunity including sustainability-related field work, directed research, independent study, internships, community service, service learning courses, etc.

SUST 1001 and permission of the program director are prerequisite to SUST 3095 through SUST 3098

SUST 3095	Sustainability Fieldwork
-----------	--------------------------

SUST 3096	Directed Research in SUST
-----------	---------------------------

SUST 3097	Internship in SUST
-----------	--------------------

SUST 3098	Community Service in SUST
-----------	---------------------------

Note: Students must get approval from academic advisor to arrange the culminating experience and to register for SUST 3097 and SUST 3098. For each of these courses there is an expectation of 40 hours of internship or service over the course of the semester.

A list of courses that fulfill each track can be found in the Undergraduate Minor in Sustainability Student Guide (https://sustainability.gwu.edu/sites/sustainability.gwu.edu/files/downloads/STUDENT%20GUIDE%20Undergraduate%20Sustainability%20Minor_0.pdf).

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

SUST 1001. Introduction to Sustainability. 3 Credits.

The concept of sustainability is both broad and specific as it is applied to areas ranging from social systems to law, engineering, public health, and natural systems. The course considers goals, principles, and practical applications, with a multidisciplinary perspective on major environmental and social issues growing out of these concerns.

SUST 2002. The Sustainable City. 3 Credits.

SUST 2003. The Sustainable Plate. 3 Credits.

SUST 3095. Sustainability Fieldwork. 0-3 Credits.

Research in the field that might include such efforts as wildlife management, pollution evaluation, or surveys. Students complete a series of reflection essays throughout the semester.

SUST 3096. Directed Research in SUST. 3 Credits.

Directed research with a GW faculty member or in a study abroad experience that might include laboratory research, archival work, or literature reviews. Students complete a series of reflection essays and other assignment throughout the semester. Prerequisites: Sust 1001 and by permission of instructor.

SUST 3097. Internship in SUST. 3 Credits.

A paid or unpaid internship with an organization working to implement sustainability or sustainability policy. Students complete a series of reflection essays and other assignments throughout the semester. Prerequisites: Sust 1001 and by permission of instructor.

SUST 3098. Community Service in SUST. 0-3 Credits.

Volunteer service with a nonprofit organization or federal agency working to implement sustainability or sustainability policy. Students complete a series of reflection essays and other assignments throughout the semester. Prerequisites: Sust 1001 and by permission of instructor.

WOMEN'S LEADERSHIP PROGRAM

The Women's Leadership Program (WLP) (<http://wlp.gwu.edu>) is a selective, year-long, living and learning program for freshmen women of any GW school. Offered at the Mount Vernon Campus, WLP commemorates and preserves the vision of the founder of Mount Vernon College and Seminary, Elizabeth J. Somers. WLP students have the benefit of small classes, close contact with faculty and women in leadership roles, and strong community ties within the Program.

The dynamic curriculum emphasizes exploration and development of women's leadership through academic courses and weekly symposia. WLP symposia offer special lectures, workshops, and experiential learning that draw on the unique resources of Washington, D.C., to bring students together with women of achievement in leadership roles from many professional fields.

FACULTY

Director: Rachelle S. Heller, Associate Provost for Mount Vernon Campus

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

WLP 1020. WLP Humanities Seminar. 3 Credits.

A writing-intensive seminar that emphasizes critical reading skills, concepts of disciplinarity, and processes of producing and legitimating knowledge. Texts and emphasis vary according to cohort.

WLP 1110. Women and Leadership I Symposium (I). 1 Credit.

A series of special programs that complements WLP 1101- WLP 1102. Concurrent registration in WLP 1101- WLP 1102 is required.

WLP 1111. Women and Leadership I Symposium (II). 1 Credit.

Continuation of WLP 1110. A series of special programs that complements WLP 1101- WLP 1102. Concurrent registration in WLP 1101- WLP 1102 is required.

WLP 4198. WLP Independent Study. 3 Credits.

THE SCHOOLS

COLUMBIAN COLLEGE OF ARTS AND SCIENCES

Dean B. Vinson III

Executive Associate Dean T.A. Murphy

Associate Deans C.H. Sterling, E. Arnesen, Y. Rong, E. Chacko

Since its founding in 1821, Columbian College, the original college of liberal arts and sciences of The George Washington University, has been the cornerstone of the campus community. The University awarded its first Doctor of Philosophy degree in 1888, one of the first institutions in the United States to do so. Columbian College of Arts and Sciences today houses all undergraduate and graduate programs in the arts and sciences, offering associate's, bachelor's, master's, and doctoral degrees and graduate certificates.

The rich and diverse arts and sciences curriculum is designed to strengthen the student's ability to analyze the social, cultural, and physical environment and to communicate findings in an articulate fashion. These purposes are accomplished by means of the study of various disciplines within the humanities, social sciences, and mathematical and natural sciences.

Students may elect one of more than 50 departmental or interdisciplinary majors; they may also elect double majors or individualized degree programs. The College offers its undergraduates opportunities for pre-professional education in many fields and for internships in a stimulating urban environment. Graduate students are offered more than 40 master's programs, 20 doctoral programs, and 15 certificate programs.

REGULATIONS

- Undergraduate Programs (p. 62)
- Graduate Programs (p. 64)

Undergraduate Programs

Columbian College of Arts and Sciences offers undergraduate programs leading to the degrees of Associate of Arts, Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts. In cooperation with the School of Medicine and Health Sciences, Columbian College offers a seven-year integrated Bachelor of Arts/Doctor of Medicine.

One hundred twenty hours of academic coursework must be passed with a cumulative grade-point average of at least 2.0. Note that some courses outside Columbian College (notably lifestyle, sport, and physical activity courses) do not count toward the 120-credit requirement. General education, major, and other requirements described below must be met.

Each student must declare a major during the sophomore year. A student must declare a major not later than the registration period during the fourth full-time semester or the semester following completion of 45 credits, whichever comes first. A

student may change the major with the consent of the dean and of the department or committee concerned; the student must meet the requirements for the new major in effect at the time the change is approved. At least 60 credits of coursework must be taken outside the major-field department or major program (this does not apply to the Bachelor of Fine Arts curriculum).

General Education Curriculum Requirement

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Coursework for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Coursework for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

Lists of approved courses in the above categories are included on each undergraduate major's Bulletin page.

Majors

Typically, students declare a major during their sophomore year. Once students have earned 45 credits, they must declare a major in order to register for further coursework. Students must complete the major requirements in effect at the time of declaration. Students may change their major with the consent of the new department or program.

Scholarship Performance in the Major

Major fields are defined by a set of required courses. The required curricula for majors are outlined under each department's heading in this Bulletin. A minimum grade of C– must be attained in all courses numbered 2000 or above that are required for the major. If a student receives a grade of D+, D, or D– the student may either repeat the course until a satisfactory grade (C– or better) is attained, or with the permission of the department, substitute another course numbered 2000 or above.

Minors

Students who wish to familiarize themselves with a field outside their major may graduate with a minor in addition to the major. Not all Columbian College departments offer undergraduate minors; the requirements prescribed by those that do are listed under the applicable department. Columbian College students may pursue minors in other schools of the University, as well as those in naval science and in sustainability. Students interested in a minor should consult a faculty mentor in the applicable department and declare through the Office of Undergraduate Studies. Students may pursue at most two minors.

Scholarship Performance in the Minor

Courses numbered 2000 or above passed with a grade below C– may be used to fulfill a minor field curricular requirement but may not be counted toward the total number of credits required for the minor.

Advising

Students entering Columbian College are assigned an advising team, or "POD" that advises them from first arrival on campus through graduation. Students engage with advisors to successfully navigate their academic experience, through

conversations about understanding university and college requirements, exploring major options, overcoming academic challenges, and setting goals. Students are empowered to take ownership of, and responsibility for, their educational experiences. Specialized advising is provided to students interested in health professions or law.

Students who have not declared a major should consult with their advising POD before registering for classes. Once students declare their major, they also are advised by a faculty mentor in their major department.

Students need to build a support system that ensures academic success. Professors, faculty mentors, professional advisors, tutors, and/or counselors should be part of that support system. Assistance is available through the Division of Student Affairs (<http://students.gwu.edu>), Mental Health Services (<http://counselingcenter.gwu.edu>), Multicultural Student Services Center (<http://gwired.gwu.edu/mssc/?url=mssc>), International Services Office (<http://internationalservices.gwu.edu>), and Writing Center (<http://www.gwu.edu/%7Egwriter>).

Preparation for Medical School

Students who plan to apply to medical school fulfill both the general education requirement of the University and the Columbian College general education curriculum. They may select any major at GW. Advice about academic preparation for medical school is provided by the health professions advisors in the Office of Undergraduate Studies (<http://columbian.gwu.edu/undergraduate/advising>). For admission to most medical schools, students must earn a bachelor's degree that includes the following coursework:

- Biology—8 credits of introductory biology, including laboratory. Students who receive credit for AP biology must complete 8 credits of upper-level biology coursework, including laboratory.
- Chemistry—8 credits of general inorganic chemistry, including laboratory.
- Organic Chemistry—8 credits, including laboratory.
- Biochemistry—3 credits.
- Physics—8 credits, including laboratory.
- English—6 credits in introductory English composition courses (fulfilled by the University Writing Program (<http://www.gwu.edu/%7Euwp>)).
- General Psychology—3 credits.
- Introduction to Sociology—3 credits.

Many medical schools have additional entrance requirements, which might include courses in genetics, statistics, and mathematics; even when such courses are not required, they are strongly recommended. Beyond the specified requirements, applicants are urged to follow their personal interests in developing their course of study.

Preparation for Law School

A broad liberal education is the best undergraduate preparation for law school. Advice about academic preparation for law school is provided by the pre-law advisor in the Office of Undergraduate Studies (<http://columbian.gwu.edu/undergraduate/advising>).

Seven-Year Integrated Bachelor of Arts/Doctor of Medicine

In addition to the early selection program described under the School of Medicine and Health Sciences, there is a seven-year integrated B.A./M.D. program for students of high ability and maturity who have decided, before applying to college, that they wish to become physicians and want to accomplish that goal in a shorter period of time. Detailed information on this program is available through the Office of Admissions (<http://undergraduate.admissions.gwu.edu/seven-year-bamd>).

General CCAS Policies

Pass/No Pass Option – A junior or senior student in Columbian College who is in good academic standing may, with the approval of the instructor and the Office of Undergraduate Studies, take one course per semester that is graded on a letter-grade basis for a grade of *P*, Pass, or *NP*, No Pass. Students may not elect to take more than four *P/ NP* courses under this regulation. Students may, however, also receive grades of *P/NP* in courses that are graded on a *P/ NP* basis only. No course taken under the *P/NP* option will be counted toward the College's general curriculum requirement or the requirements for any major or minor field. Transfer students may not elect this option until the second semester of enrollment in the University. Under no circumstances may a student change from *P/NP* status to graded status, or vice versa, after the end of the eighth week of class.

Preliminary Placement Examinations – All foreign language departments require students to take placement tests to determine their level of proficiency in languages studied prior to enrollment at the University. The student is placed in an appropriate course on the basis of these tests. Students may not register for a course other than that determined by the placement test without written permission of the language department. There is no charge to the student for placement tests, and no credit (advanced standing) is awarded for courses waived as a result of these tests. Students who wish to register for MATH 1051, MATH 1220, MATH 1231, or MATH 1252 are required to take the placement test administered by the Department of Mathematics to determine eligibility based on their achieved score. In some cases, AP test scores or SAT II scores may be substituted for the placement test. See *Interpreting Your Placement Score* (<https://math.columbian.gwu.edu/interpreting-your-placement-test-score>) for more information.

Courses Outside of Columbian College – No more than 3 credits of Health and Wellness (HLWL) courses may count toward the 120 credits required for the bachelor's degree in

Columbian College. No credit toward the degree is allowed for lifestyle, sport, and physical activity (LSPA) courses.

Earning an Additional Credit – In exceptional circumstances and with the prior approval of the instructor and Office of Undergraduate Advising, a student may register for and earn an additional credit in upper-division courses within the College by doing a significant amount of extra work as assigned and supervised by the instructor.

Graduate Programs

CCAS Regulations

CCAS provides an on-line Graduate Student Handbook (<http://columbian.gwu.edu/graduate/graduatestudenthandbook>) that contains additional updated information on policies, regulations, and other matters of concern to enrolled and admitted students. It is the responsibility of the student to be aware of the information contained in both this Bulletin and the Handbook. Students should also consult departmental/program handbooks and guidelines.

Admission Requirements

A detailed description of the policies that follow is available at the Columbian College website (<http://columbian.gwu.edu/graduate>). Applicants must hold an undergraduate degree from an accredited institution of higher learning. Applicants should have a strong academic background, usually with a major, or equivalent, in the field in which they intend to study for an advanced degree. Normally, a *B* average or equivalent from an accredited college is required. With evidence of special promise, such as high Graduate Record Examination scores, an applicant whose academic record falls short of a *B* average may be accepted on a conditional basis. Meeting the minimum requirements does not assure acceptance. The departments/programs may, and often do, set higher admission standards. Students who apply in their senior year must provide evidence of the completion of their baccalaureate work before registration is permitted.

Most programs require applicants to submit scores on the GRE general test. In addition, some programs require scores on a GRE subject test. The applicant must have the Educational Testing Service send the required score reports directly to George Washington University. GRE scores are valid for five years.

Some programs require students to take prerequisite or deficiency courses within the first year of starting the degree. These courses will not count towards the requirements of the degree program and will not count towards the degree GPA.

English Language Requirements for International Students

Applicants who are not citizens of countries where English is the official language or who do not hold a degree from a regionally accredited U.S. institution of higher learning are required to submit scores from the Test of English as a

Foreign Language (TOEFL), the academic International English Language Testing System (IELTS), or the Pearson Test of English–Academic (PTE). English language scores are valid for two years. The most recent test scores will be used for applicants who submit multiple scores. Specified possible exemptions from this policy can be found on the Graduate Admissions website (<http://graduate.admissions.gwu.edu/english-language-requirements>). The required minimum score for admission is 80 on the Internet-based or 550 on the paper-based TOEFL, or , an overall band score of 6.0 on the IELTS with no individual band score below 5.0, or a score of 53 on the PTE. Some programs have higher minimum scores.

Applicants for graduate assistantships or fellowships must have a minimum score of 100 on the Internet-based TOEFL or 600 on the paper-based TOEFL, or an overall band score of 7.0 on the IELTS with no individual band score below 6.0, or a score of 68 on the PTE.

Students with the following English language test scores are exempt from taking English for Academic Purposes (EAP) courses: TOEFL, 600 paper-based or 100 Internet-based; IELTS, overall band score of 7.0 with no individual band score below 6.0; PTE, 68. Students with test scores below these minimums must register for an EAP course during their first semester. Students assigned EAP courses should anticipate additional tuition expenses as well as a possible extended period of time required to complete their degree program. EAP courses do not count toward degree requirements.

Readmission

A student who wishes to resume a graduate program that had been interrupted for a period of two years or more must file a new application for admission and provide supporting documentation to be considered for readmission. Readmission is not guaranteed, and the application is subject to review by the department concerned and/or the dean. The student may be required to take additional coursework and qualifying examinations on the coursework completed. A student who wishes to resume a graduate program that has been interrupted for a period of less than two years must petition the Department and Associate Dean. Readmission is not guaranteed.

Grades

Information on grades and computing the grade-point average is found under University Regulations (p. 19).

The symbol *I* (Incomplete) indicates that only a small portion of the required coursework remains to be completed and that a satisfactory explanation has been given to the instructor for the student's failure to complete the required work for a course. The conditions of the Incomplete must be detailed in a formal contract signed by the student and instructor and submitted to the department prior to recording the *I*. Failure to follow the conditions of the incomplete contract will result in a grade of

F. All other policies governing Incompletes are indicated under University Regulations (p. 19).

The symbol *IPG* (In Progress) is given for all thesis and dissertation research courses until the thesis or dissertation is completed. Upon the satisfactory completion of the thesis or dissertation, the symbol *IPG* is automatically changed to *CR* (Credit). *CR* may be indicated for Advanced Reading and Research courses and independent research courses.

Scholarship Requirements

Graduate students are required to maintain a minimum cumulative grade-point average of 3.0 (*B*) in all coursework taken following admission to a graduate program in the College. This includes credit taken for combined, dual, and joint degrees but excludes prerequisite and deficiency coursework. A GPA below 3.0 results in termination from the program unless the department successfully petitions the dean's office for academic probation rather than termination. Individual departments/programs may require a higher average. Once a student has matriculated at GW, graduate coursework that is taken at the University or through the Consortium and forms part of the student's departmentally approved program of studies may be included in the grade-point average. When a grade of *F* is received for a course, the grade is included in the student's grade-point average whether or not the course is repeated. Receiving a grade of *F* in a graduate course may be ground for probationary status or termination of degree candidacy.

A student may repeat a course in which a grade of *C* or above was received only when permitted to do so by the dean and the department concerned, unless the course description states that the course may be repeated for credit. A written statement of permission must be submitted for approval to the CCAS Graduate Office by the director of graduate studies. If such a course is repeated, both grades received remain on the student's record and are included in the student's grade-point average. The second taking of the course does not count toward degree requirements.

A graduate student may take an advanced undergraduate course for graduate credit only upon the approval of the department at the time of registration. Such approval is granted only with the provision that the student complete additional work in order to receive graduate credit.

Program of Studies

The program of studies is a formal agreement between a student and a department/program of the requirements to be met in completing a specific degree program as well as the dates by which each requirement must be completed. Students should consult their department's director of graduate studies to outline their program of studies as soon as they begin graduate work.

Students must make sure that they are fully informed of the requirements of Columbian College of Arts and Sciences as

well as the requirements of their department or program. Students who must complete additional requirements as specified in their letter of admission must consult the Director of Graduate Studies early in their first semester.

Academic Work Load

All degree candidates must be registered for a minimum of 3 credits in the Spring and Fall semesters unless they are eligible for continuing research. Students finishing in the Summer may register for 0 credits of Continuous Enrollment. Full-time students register for 9 to 12 credits each fall and spring semester, half-time students for 5 to 8 credits, and part-time students for 3 or 4 credits. In the summer, full-time status requires 6 credits, half-time status, 3 credits. These credit amounts do not apply to students who have fewer than the stated number of credits remaining to complete their programs. No more than 15 credits may be taken during any one semester without permission of the department and the dean. Students who are employed more than 20 hours per week should not register for more than 6 credits in any semester.

Continuous Registration

All students must be continuously enrolled while working toward a degree, except during the summer sessions (unless required by the program or if the student intends to graduate in the summer). Students who have completed all coursework and thesis or dissertation research requirements and are within CCAS deadlines must register for 1 credit of CCAS 0920 (master's students), or CCAS 0940 (doctoral students), Continuing Research, each semester until completion of the program; the course reference numbers are found in the Schedule of Classes under Columbian College. If continuous enrollment is not maintained, the student is dropped from the degree program unless the student is registered for an approved leave of absence by the CCAS Graduate Office.

Leave of Absence

A student who is temporarily unable to continue the program of studies may request leave of absence for a specific period of time, not to exceed two semesters during the total period of degree candidacy. If the request is approved by the program and the Associate Dean for Graduate Studies, CCAS will register the student for a leave of absence for each semester. Leaves of absence are normally granted for medical or family reasons and may be granted for other reasons at the discretion of the department and Associate Dean.

Special Program Requirements

Certain programs require their degree candidates to demonstrate a reading knowledge of an appropriate foreign language or languages, a competence in quantitative methods, or some other special subject requirement. Courses taken at the undergraduate level to fulfill these requirements may not be counted in the number of graduate credits required for these programs.

Graduation Requirements

All students must submit an online Application for Graduation (<http://registrar.gwu.edu/online-graduation-application-instructions>) early in the semester or summer session in which they intend to graduate. Students must be registered in active status in the College during the semester or summer session in which they plan to graduate. Degrees are conferred in January, May, and August. Students who have completed the requirements for a degree but have not yet been awarded the degree will be issued a letter to this effect upon request to the CCAS Graduate Office. A commencement ceremony is held annually in May.

Fellowships and Financial Aid

Many departments offer graduate assistantships and fellowships; students should check with their department/program concerning funding opportunities. Graduate assistants and University Fellows are appointed by the associate dean for graduate studies, based on department recommendations. Other kinds of sponsored and University awards are also available. Awards are based on academic excellence, and only full-time graduate degree candidates in Columbian College are eligible to be considered. Doctoral candidates may be funded for a maximum of five years, M.A. and M.S. candidates for a maximum of two years, and M.F.A. candidates for a maximum of three years.

Students applying for admission who also wish to apply for an assistantship/fellowship should submit a completed application for admission before the funding admission deadline ([http://www.gwu.edu/list-graduate-programs?field_school_tid\[\]=523](http://www.gwu.edu/list-graduate-programs?field_school_tid[]=523)). Currently enrolled students who wish to apply for graduate student support should consult their departmental requirements.

International students applying for graduate assistantships/fellowships should refer to the International Student Financial Aid section (p. 48) of this Bulletin for regulations governing the appointment of international graduate assistants.

Students who wish to apply for loans should indicate their intent to do so on the Application for Admission. An overview of funding opportunities is available from the University's Office of Graduate Student Assistantships and Fellowships (<http://www.gwu.edu/~fellows>).

Partnerships

CCAS graduate programs have long-term partnerships with important Washington-area institutions that include the Smithsonian Institution; NIH, NIST, and other federal agencies; the Folger Shakespeare Library; the Shakespeare Theatre; and the Corcoran Gallery, Phillips Collection, and Textile Museum.

MAJORS

Undergraduate Majors

The Columbian College of Arts and Sciences offers the bachelors degrees listed below.

All fields listed below (except biological anthropology, biophysics, and statistics) may lead to the Bachelor of Arts degree. In addition to the fields listed here, students may pursue a Bachelor of Fine Arts in interior architecture and design.

- Africana Studies (p. 85)
- American Studies (p. 101)
- Anthropology (p. 123)
- Arabic Studies (p. 236)
- Archaeology (p. 134)
- Art History (p. 422)
- Art History and Fine Arts (p. 410)
- Biological Anthropology (p. 145)
- Biology, Bachelor of Arts (p. 172)
- Biology, Bachelor of Science (p. 183)
- Biophysics (p. 704)
- Chemistry, Bachelor of Arts (p. 206)
- Chemistry, Bachelor of Science (p. 217)
- Chinese Language and Literature (p. 315)
- Classical Studies (p. 246)
- Communication (p. 627)
- Creative Writing and English (p. 378)
- Criminal Justice (p. 856)
- Dance (p. 925)
- Economics, Bachelor of Arts (p. 345)
- Economics, Bachelor of Science (p. 356)
- English (p. 390)
- Environmental Studies (p. 407)
- Fine Arts (p. 434)
- French Language, Literature, and Culture (p. 810)
- Geography (p. 462)
- Geological Sciences, Bachelor of Arts (p. 476)
- Geological Sciences, Bachelor of Science (p. 486)
- German Language and Literature (p. 821)
- History (p. 508)
- Human Services and Social Justice (p. 866)
- Interior Architecture and Design, Bachelor of Fine Arts (p. 528)
- Japanese Language and Literature (p. 326)
- Journalism and Mass Communication (p. 584)
- Judaic Studies (p. 539)
- Mathematics, Bachelor of Arts (p. 556)
- Mathematics, Bachelor of Science (p. 567)
- Music (p. 614)
- Organizational Sciences (p. 637)
- Peace Studies (p. 652)
- Philosophy (p. 670)
- Philosophy: Public Affairs Focus (p. 680)
- Physics, Bachelor of Arts (p. 694)
- Physics, Bachelor of Science (p. 715)
- Political Communication (p. 595)
- Political Science (p. 735)
- Political Science: Public Policy Focus (p. 747)
- Psychology (p. 771)
- Religion (p. 796)
- Russian Language and Literature (p. 831)
- Sociology (p. 876)
- Spanish and Latin American Languages, Literatures, and Cultures (p. 842)
- Speech, Language, and Hearing Sciences (p. 892)
- Statistics (p. 909)
- Theatre (p. 935)
- Women's Studies (p. 952)

Scholarship Performance in the Major

Major programs are defined by a set of required courses that can be internal to the home department or external to that department but still required in the major program. The prescribed curricula and minimum specific requirements for majors are outlined under each department's heading in this Bulletin. For all majors in all departments, a minimum grade of C- must be attained in all upper-level courses numbered in the 2000s through 4000s that are required for the major, regardless of whether those courses are internal or external to the home department.

If a student receives a grade of D+, D, or D- in such a course, the major department may permit that course to satisfy a curricular requirement (such as a prerequisite), but it will not count toward the minimum number of credits required for the major until the course is repeated and a satisfactory grade (C- or better) is attained. Once the student has completed the course with a satisfactory grade, credit hours earned the first time the course was taken will count toward the minimum number of credits required in the major program. Credit earned for the repetition will not count toward the degree.

This condition of C- or better does not apply to introductory-level courses (numbered in the 1000s) that may apply to the major, although a department may choose to implement such a restriction based on its own discretion.

Double Majors

Students who complete the requirements of two majors in Columbian College (such as mathematics and physics or history and economics) may graduate with a double major. Consult with advisors in the two departments concerned before officially declaring both majors with the Office

of Undergraduate Studies (<http://columbian.gwu.edu/undergraduate/advising>).

A Columbian College student may pursue a second major in the School of Business, the School of Engineering and Applied Science, or the Elliott School of International Affairs provided that permission to do so has been obtained from the appropriate administrative office. Students in other schools may also take a second major in Columbian College. Students wishing to pursue one of these options must request approval through the appropriate department and Columbian College's Office of Undergraduate Studies. In all cases, students must complete the general education requirements and a major in their home school in order to graduate.

Double majors do not result in two degrees. See Double Majors and Double Degrees under University Regulations.

Special Interdisciplinary Majors

A student may propose a special interdisciplinary major, in consultation with appropriate academic advisors. The proposed major must have valid and clearly defined academic goals to be considered for approval. Only students with a 3.0 or better cumulative grade-point average are eligible to propose a special interdisciplinary major. The proposal must be submitted for approval by the end of the fourth semester or the semester following completion of 45 credit hours, whichever comes first.

Approval of the proposed major rests with the Committee on Undergraduate Studies, (<http://columbian.gwu.edu/undergraduate/advising>) which must also approve the proposed name of the major and the composition of the committee that will oversee it. At least 45 credit hours of the major must be completed in Columbian College. Because of the broad scope of an interdisciplinary program, it may not be part of a double major although students are allowed to declare a minor with approval of the Committee on Undergraduate Studies.

At the discretion of the committee overseeing the major, the student must either write an acceptable senior thesis or pass a comprehensive examination in the last semester of study toward the degree. Students may apply for Special Honors by registering for CCAS 4191 Special Interdisciplinary Major Capstone. To be eligible, students must meet the requirements for Special Honors stated under University Regulations, must have a cumulative grade-point average of at least 3.5, and must receive a Pass With Distinction from all members of the major committee on the final project or thesis.

MINORS

Minors

Students who wish to familiarize themselves with a field outside their major may graduate with a minor in addition to the major.

Not all Columbian College departments offer undergraduate minors; the requirements prescribed by those that do are listed under the department concerned. A student interested in a minor should consult a faculty advisor in the applicable department and declare both major and minor programs through the Office of Undergraduate Studies. Students may pursue at most two minors.

At least one-half of the course work required for a minor must be done in residence. Grades of C– or better must be earned in upper-division courses, including such courses transferred as advanced standing from another institution. Courses passed with a grade below C– may be used to fulfill a minor field curricular requirement but may not be counted toward the total number of credit hours required for the minor.

Columbian College students can pursue minors in other schools of the University, as well as those in naval science and in sustainability. Note that Columbian College students are limited in the number of hours they may take in courses outside the College ("professional credit" courses). Refer to Courses Outside Columbian College.

Columbian College offers minors in the following fields:

- Africana Studies (p. 96)
- American Studies (p. 111)
- Anthropology (p. 157)
- Applied Ethics (p. 690)
- Arabic Studies (p. 258)
- Arabic and Hebrew Languages and Cultures (p. 257)
- Archaeology (p. 157)
- Art History (p. 447)
- Art History and Fine Arts (p. 447)
- Biological Anthropology (p. 157)
- Biology (p. 194)
- Chemistry (p. 230)
- Chinese Language and Literature (p. 337)
- Classical Studies (p. 258)
- Communication (p. 649)
- Creative Writing (p. 402)
- Criminal Justice (p. 887)
- Cross-Cultural Communication (p. 158)
- Dance (p. 946)
- Economics (p. 367)
- English (p. 402)
- Film Studies (p. 409)
- Fine Arts (p. 447)
- French Language, Literature, and Culture (p. 853)
- Geographic Information Systems (p. 473)
- Geography (p. 473)
- Geological Sciences (p. 497)
- German Language and Literature (p. 853)

- History (p. 522)
- Human Services and Social Justice (p. 887)
- Italian Language and Literature (p. 853)
- Japanese Language and Literature (p. 337)
- Jazz Studies (p. 625)
- Journalism and Mass Communication (p. 606)
- Judaic Studies (p. 550)
- Korean Language and Literature (p. 338)
- Law and Society (p. 887)
- LGBT and Sexuality Studies (p. 965)
- Logic (p. 691)
- Mathematics (p. 578)
- Mind-Brain Studies (p. 691)
- Music (p. 625)
- Organizational Communication (p. 649)
- Organizational Sciences (p. 650)
- Peace Studies (p. 663)
- Philosophy (p. 692)
- Physics (p. 725)
- Political Science (p. 758)
- Psychology (p. 782)
- Religion (p. 808)
- Russian Language and Literature (p. 854)
- Sociocultural Anthropology (p. 159)
- Sociology (p. 888)
- Spanish and Latin American Languages, Literatures, and Cultures (p. 854)
- Speech, Language, and Hearing Science (p. 903)s
- Statistics (p. 919)
- Theatre (p. 946)
- Women's Studies (p. 966)

MASTER'S

Columbian College of Arts and Sciences offers the following Master degrees.

- Master of Arts in the field of American studies (p. 111)
- Master of Arts in the field of anthropology (p. 159)
- Master of Arts in the field of applied economics (p. 368)
- Master of Arts in the field of art history (p. 447)
- Master of Arts in the field of art therapy (p. 163)
- Master of Arts in the field of art therapy practice (p. 164)
- Master of Arts in the field of criminology (p. 888)
- Master of Arts in the field of economics (p. 368)
- Master of Arts in the field of English (p. 403)
- Master of Arts in the field of environmental resource policy (p. 405)
- Master of Arts in exhibition design
- Master of Arts in the field of forensic psychology (p. 761)
- Master of Arts in the field of geography (p. 474)
- Master of Arts in the field of history (p. 522)
- Master of Arts in the field of Islamic studies (p. 809)
- Master of Arts in the field of Jewish cultural arts (p. 550)
- Master of Arts in the field of leadership education and development (p. 650)
- Master of Arts in the field of legal institutions and theory (p. 759)
- Master of Arts in the field of mathematics (p. 578)
- Master of Arts in the field of media and strategic communication (p. 607)
- Master of Arts in the field of museum studies (p. 609)
- Master of Arts in new media photojournalism
- Master of Arts in the field of organizational sciences (p. 650)
- Master of Arts in the field of philosophy (p. 692)
- Master of Arts in the field of political science (p. 760)
- Master of Arts in the field of public policy with a concentration in philosophy and social policy (p. 692)
- Master of Arts in the field of public policy with a concentration in women's studies (p. 964)
- Master of Arts in the field of sociology (p. 888)
- Master of Arts in the field of speech-language pathology (p. 904)
- Master of Arts in the field of women's studies (p. 965)
- Master of Fine Arts in the field of classical acting (p. 235)
- Master of Fine Arts in the field of dance (p. 947)
- Master of Fine Arts in the field of fine arts (p. 448)
- Master of Fine Arts in the field of interior architecture and design (p. 538)
- Master of Fine Arts in the field of production design (p. 948)
- Master of Forensic Sciences (p. 453)
- Master of Public Administration (p. 787)
- Master of Public Policy (p. 788)
- Master of Science in the field of anatomical and translational sciences (p. 115)
- Master of Science in the field of applied mathematics (p. 578)
- Master of Science in the field of biological sciences (p. 194)
- Master of Science in the field of biostatistics (p. 199)
- Master of Science in the field of chemistry (p. 231)
- Master of Science in the field of crime scene investigation (p. 456)
- Master of Science in the field of high-technology crime investigation (p. 457)
- Master of Science in the field of molecular biochemistry and bioinformatics (p. 166)
- Master of Science in the field of physics (p. 726)

- Master of Science in the field of statistics (p. 919)

Unless otherwise specified, the requirements listed below are applicable to candidates for all master's degrees offered by Columbian College of Arts and Sciences.

General Requirements

Minimum credit requirements follow, but it should be noted that many departments set credit requirements well above the number of credits stated here. Specific requirements appear under the name of the department or program concerned in the bulletin. For a master's degree program that includes a thesis, satisfactory completion of a minimum of 30 credit hours of approved graduate work, including 6 credit hours of thesis research, is required. For a master's degree program that does not include a thesis, the number of credit hours of approved graduate course work is determined by the department. Some departments offer a choice between a thesis option and a non-thesis option. Undergraduate courses taken without additional graduate-level work, deficiency coursework, and EAP courses are not counted toward program requirements or the degree GPA.

Upon approval, up to one-half of the required graduate work may be taken in courses offered by another degree-granting division of this University. With approval, up to one-quarter of work toward a master's degree may be taken in courses offered by the other affiliated institutions of the Consortium of Universities of the Washington Metropolitan Area. In all cases, at least one-half of the hours counting toward the master's degree must be taken after entering the program, in graduate courses offered by Columbian College of Arts and Sciences.

Master's students have an overall four-year time limit for completion of all degree requirements. An approved leave of absence is not counted towards the time limit requirement.

Students must apply, and be approved for an extension of time if they wish to study beyond the time limit.

Transfer of Credit

A maximum of one-quarter of the credit hours of graduate course work required for a degree may be approved for transfer to a graduate program in Columbian College from enrollment in non-degree status at GW or from another degree-granting school of this University or another accredited college or university. For a transfer of credit to be approved, *all* of the following conditions must be met:

1. the course work must be from an accredited institution and must have been taken within the five years prior to matriculation;
2. it must be approved by the department as part of the student's program of studies;
3. it must not have been applied to the completion of requirements for another degree;
4. it must be post-baccalaureate graduate-level course work;
5. the course must have received a grade of *B* or better.

Requests for transfer credit must be submitted in writing and approved by the department's director of graduate studies and the dean during the student's first year in the program. An official transcript of the course work must be on file before the request can be considered. Grades from transfer credit are not part of the graduate GPA, except in the case of approved non-degree GW credits.

Once enrolled in Columbian College of Arts and Sciences, students are not permitted to transfer course work taken outside the University, except under extraordinary circumstances; permission must be sought from the department and Associate Dean in advance.

Master's Comprehensive Examination

Many programs require degree candidates to pass a Master's Comprehensive Examination in the major subject. Examinations are held on dates fixed by the departments. The nature and form of the examination are the responsibility of the department or program. A student who fails to pass the Master's Comprehensive Examination may, with the approval of the department, repeat the examination at the next scheduled examination date. If the student fails a second time, no further opportunity to take the examination is permitted, and the student's degree candidacy is terminated.

The Thesis

The main purposes of a master's thesis are to demonstrate the student's ability to make independent use of information and training and to furnish objective evidence of constructive powers in a chosen field. The student normally registers for 6 credit hours of thesis research supervised by a director and a reader. Registration for thesis research entitles the student to the advice and direction of the member of the faculty under whom the thesis is to be written. The thesis subject must be approved by the faculty members who will direct the thesis. All theses must be submitted electronically by the stated deadlines and meet the formatting and other requirements set forth on the Electronic Theses and Dissertation (<http://library.gwu.edu/etds>) webpage.

DOCTORAL

Doctoral degrees

- Doctor of Philosophy (p. 70)
- Doctor of Psychology (p. 72)

Doctor of Philosophy program

Columbian College of Arts and Sciences offers the following Doctor of Philosophy degrees

- Doctor of Philosophy in the field of American studies (p. 112)
- Doctor of Philosophy in the field of anthropology (p. 161)

- Doctor of Philosophy in the field of biological sciences (p. 194)
- Doctor of Philosophy in the field of biochemistry and systems biology (p. 195)
- Doctor of Philosophy in the field of microbiology and immunology (p. 196)
- Doctor of Philosophy in the field of molecular medicine (p. 197)
- Doctor of Philosophy in the field of biostatistics (p. 200)
- Doctor of Philosophy in the field of chemistry (p. 232)
- Doctor of Philosophy in the field of economics (p. 368)
- Doctor of Philosophy in the field of English (p. 403)
- Doctor of Philosophy in the field of history (p. 523)
- Doctor of Philosophy in the field of American religious history (p. 523)
- Doctor of Philosophy in the field of human paleobiology (p. 524)
- Doctor of Philosophy in the field of mathematics (p. 578)
- Doctor of Philosophy in the field of physics (p. 726)
- Doctor of Philosophy in the field of political science (p. 760)
- Doctor of Philosophy in the field of psychology (p. 781)
- Doctor of Philosophy in the field of public policy and administration (p. 790)
- Doctor of Philosophy in the field of statistics (p. 920)

The Doctor of Philosophy program is divided into two parts: precandidacy and candidacy. During precandidacy, a student completes the general requirements and the General Examination. Once admitted to candidacy, the student prepares, submits, and defends the dissertation.

General Requirements

The programs leading to the degree of Doctor of Philosophy require the satisfactory completion of a minimum of 72 credit hours of approved graduate course work, including at least 12 and at most 24 hours of dissertation research. A minimum of 48 of these hours must be taken in the precandidacy stage, in preparation for the General Examination. A maximum of 12 of these hours may be taken in courses offered by the other affiliated members of the Consortium of Washington Area Universities. The exact number of credit hours required for any part of the total program is assigned by each department and may exceed the minimum required by the Columbian College. Ph.D. students have an overall eight-year time limit for completion of all degree requirements. An approved leave of absence is not counted towards the time limit requirement. Students must apply, and be approved for an extension of time if they wish to study beyond the time limit.

Transfer of Credit

Entering students who hold a master's degree from an accredited institution and in a field relevant to the proposed doctoral field of study may request transfer of up to 30 hours

of credit toward a doctoral degree. For those who do not hold the master's degree, a maximum of 30 hours of credit may be transferred, provided the conditions below are met:

1. the course work must be from an accredited institution and must have been taken within the five years prior to matriculation;
2. it must be approved by the department as part of the student's program of studies;
3. it must not have been applied to the completion of requirements for another degree;
4. it must be post-baccalaureate graduate-level course work;
5. the course must have received a grade of *B* or better.

Requests for transfer credit must be submitted in writing and approved by the department and the Associate Dean for Graduate Studies during the student's first year at GW. An official transcript of the course work must be on file before the request can be considered. Grades from transfer credit will not be counted towards the graduate degree GPA, except in the case of approved non-degree GW credits.

The General Examination

The General Examination is composed of an examination in each of the areas of study comprising the student's program. A student who fails to pass any part of the General Examination may, with the approval of the department, repeat the examination at the next scheduled examination date. If the student fails a second time, no further opportunity to take the examination is permitted, and the student's degree candidacy is terminated.

Satisfactory performance on the General Examination is required for admission to candidacy but does not guarantee it. A department will recommend advancement to candidacy only if satisfied with the student's performance in every aspect of the program, only after a dissertation advisor has been selected and a dissertation area determined, and only if the department is confident of the student's ability to complete the dissertation within the allotted time.

The Degree of Master of Philosophy

Upon departmental recommendation and approval of the dean, the degree of Master of Philosophy may be awarded to students who have been advanced to candidacy and successfully completed all requirements for the Doctor of Philosophy degree up to and including the General Examination. Not all departments recommend students for this degree. Students requesting the M.Phil. must contact the CCAS Graduate office and submit an online application for graduation (<http://registrar.gwu.edu/online-graduation-application-instructions>). The degree is not automatically conferred upon advancing to candidacy.

The Dissertation and Final Examination

A dissertation directed or co-directed by a member of the GW faculty is required of each doctoral candidate as evidence of ability to perform scholarly research and interpret its results.

The student normally enrolls for 12 to 24 hours of dissertation research after admission to candidacy. Dissertation Research must be taken in units of no less than 3 credits per semester. When the dissertation has been approved by the director and the members of the Dissertation Research Committee, the candidate takes the Final Examination (the defense). A committee of examiners composed of Columbian College faculty and outside scholars conducts the examination. If the candidate passes, he or she is recommended to Columbian College for the degree of Doctor of Philosophy. The dissertation must be submitted electronically by the stated deadline and meet the formatting and other requirements set forth on the Electronic Theses and Dissertations website (<http://library.gwu.edu/etds>).

The Doctor of Medicine/Doctor of Philosophy Dual Degree Program

A dual degree program is available to qualified students who seek both the Doctor of Medicine and Doctor of Philosophy degrees. The requirements that must be fulfilled for both degrees are identical to those currently and separately established in the School of Medicine and Health Sciences and Columbian College of Arts and Sciences. A student working toward these degrees may apply a maximum of 24 credit hours of approved course work in the School of Medicine and Health Sciences toward the Doctor of Philosophy degree. The estimated time for the completion of this dual program is six years. In order to enter the dual degree program, a prospective student must apply for and gain admission both to Columbian College and to the School of Medicine and Health Sciences separately through established procedures. Upon admission to both schools, the student may then apply for affiliation with the dual degree program.

The Doctor of Psychology program

Columbian College of Arts and Sciences offers the following Doctor of Psychology degree

- Doctor of Psychology in the field of professional psychology (p. 762)

General Requirements

The program leading to the degree of Doctor of Psychology requires the satisfactory completion of a minimum of 83 credit hours of approved graduate work. A maximum of 12 credit hours may be taken in courses offered by the other affiliated members of the Consortium of Universities. Doctor of Psychology students have an overall five-year time limit for completion of all degree requirements. An approved leave of absence is not counted towards the time limit requirement. Students must apply, and be approved for an extension of time if they wish to study beyond the time limit.

Transfer of Credit

Provisions are the same as those of the Doctor of Philosophy Program, above, except that up to 30 credits may be transferred into the program.

The General Examination

Each student is required to complete the General Examination no later than the beginning of the final semester of the program. A student who fails to pass any part of the General Examination may, in exceptional circumstances, and with the approval of the program, repeat the examination at the next scheduled examination date. If the student fails a second time, no further opportunity to take the examination is permitted, and the student's degree candidacy is terminated.

The Degree of Master of Psychology

Students who have earned 53 credits toward the Psy.D. may receive the M.Psy. degree. Further information on the requirements of the Doctor of Psychology degree appears under Professional Psychology (p. 761). Students requesting the M.Psy degree must submit an online application for graduation (<http://registrar.gwu.edu/online-graduation-application-instructions>). The degree is not automatically conferred after completion of 53 credits.

CERTIFICATES

Graduate certificate programs

Columbian College of Arts and Sciences offers a range of graduate certificate programs. Departments and programs offering graduate certificates are indicated in italics below.

- Graduate certificate in anatomical and (p. 115) *translational sciences - Institute of Biomedical Sciences* (18 credits)
- Graduate certificate in budget and public finance - *Public Policy and Public Administration* (12 credits)
- Graduate certificate in contexts of environmental policy (p. 406) - *Environmental Resource Policy* (12 credits)
- Graduate certificate in data science (p. 314) - *Data Science* (12 credits)
- Graduate certificate in documentary filmmaking (p. 580) - *Media and Public Affairs* (9 credits)
- Graduate certificate in exhibit design (p. 609) - *Museum Studies* (18 credits)
- Graduate certificate in financial mathematics (p. 579) - *Mathematics* (12 credits)
- Graduate certificate in forensic investigation (p. 458) - *Forensic Sciences* (15 credits)
- Graduate certificate in geographical information systems (p. 474) - *Geography* (12 credits)
- Graduate certificate in Islamic studies (p. 809) - *Religion* (18 credits)
- Graduate certificate in LGBT health policy and practice (p. 763) - *Professional Psychology* (12 credits)

- Graduate certificate in mathematics (p. 579) - *Mathematics* (12 credits)
- Graduate certificate in museum collections management and care (p. 610) - *Museum Studies*, online (12 credits)
- Graduate certificate in museum studies (p. 610) - *Museum Studies* (18 credits)
- Graduate certificate in nonprofit management (p. 791) - *Trachtenberg School of Public Policy and Public Administration* (12 credits)
- Graduate certificate in survey design and data analysis (p. 920) - *Statistics* (12 credits)
- Graduate certificate in women's studies (p. 964) - *Women's Studies* (12 credits)

Admission

Certificate students are not automatically admitted to a master's or doctoral program; they must submit an application for admission, meet the admission requirements, and be admitted to the degree program.

With departmental and Columbian College approval, students may concurrently register for a certificate and another Columbian College degree. If the certificate is conferred by another school, students must secure permission from both schools and apply and be admitted to both schools.

Certificate Completion

The Columbian College of Arts and Sciences requires all certificate candidates, both full-time and part-time, to complete all academic requirements within a maximum of three calendar years from admission. An approved leave of absence is not counted towards the time limit requirement. Students must apply, and be approved for an extension of time if they wish to study beyond the time limit.

To be eligible for a Graduate Certificate, students must complete all course requirements with a minimum GPA of 3.0, with no grades of *F*.

Transfer of Credit

Requests for transfer credit must be submitted in writing and approved by the department's director of graduate studies and the dean during the student's first year in the program. An official transcript of the course work must be on file before the request can be considered. Grades from transfer credit are not part of the graduate GPA.

Once enrolled in Columbian College of Arts and Sciences, students are not permitted to transfer course work taken outside the University, except under extraordinary circumstances; permission must be sought from the dean in advance.

Transfer of credit to the Certificate

All courses transferred in to a graduate certificate program must meet the following conditions:

- the course work must be from an accredited institution and must have been taken within the five years prior to matriculation;
- it must be approved by the department as part of the student's program of studies;
- it must be post-baccalaureate graduate-level course work;
- the course must have received a grade of *B* or better.

In addition, the following restrictions apply:

- at most one course from outside GW can be transferred in;
- at most two courses that have been used toward a previously completed CCAS program can be transferred in;
- no course may count toward more than one certificate.

Transfer of credit from the Certificate to degree programs

Students may transfer up to 100% of coursework (maximum of 18 credits) in a CCAS certificate program to another CCAS degree program if the curriculum for the certificate is wholly a subset of the degree, providing the conditions below are met:

- the course work must have been taken within the five years prior to matriculation;
- the course must have received a grade of *B* or better.

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office
- Africana Studies (AFST) (p. 1477)
- American Studies (AMST) (p. 1477)
- Arabic (ARAB) (p. 1492)
- Anthropology (ANTH) (p. 1484)
- Art History (AH) (p. 1493)
- Art Therapy (ARTH) (p. 1498)
- Astronomy (ASTR) (p. 1500)
- Biochemistry and Molecular Medicine (BIOC) (p. 1500)
- Biological Sciences (BISC) (p. 1502)
- Biomedical Sciences (BMSC) (p. 1507)
- Biostatistics (BIOS) (p. 1508)
- Chemistry (CHEM) (p. 1511)

GENERAL EDUCATION CURRICULUM - PERSPECTIVE, ANALYSIS, COMMUNICATION (G-PAC)

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication

competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

AFRICANA STUDIES

The Africana Studies Program promotes an interdepartmental, interdisciplinary examination of the diverse histories, cultures, politics, and people of the African diaspora. Regional coverage includes the United States, Africa, the Caribbean, Latin America, Europe, and the Middle East. Students are introduced to methodology from core areas of the humanities and social sciences to develop skills in comparative, cross-cultural analysis and research. A student's course of study might range from Caribbean cultures, the literature of Black America, the historical evolution of African independence movements, or the sociology of power and equality in the United States, to an anthropological approach to the transatlantic slave trade.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in Africana studies (p. 85)

Minor

- Minor in Africana studies (p. 96)

FACULTY

Committee on Africana studies J. James (*Director*), N. Blyden, H.G. Carrillo, S. Lubkemann, J.A. Miller, G. Squires, G. Wald, A. Zimmerman

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

AFST 1001. Introduction to Africana Studies. 3 Credits.

An interdisciplinary introduction to the study of people of Africa and the African diaspora in historical context. Links in the cultural, political, and intellectual experiences of people of African descent in the Americas, Caribbean, Europe, and Africa.

AFST 3001. Research in Africana Studies. 3 Credits.

BACHELOR OF ARTS WITH A MAJOR IN AFRICANA STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required for the major—39 credits:

AFST 1001	Introduction to Africana Studies (taken within three semesters of declaring the major)
-----------	--

African American studies:

HIST 3360	African-American History to 1865
-----------	----------------------------------

SOC 2179	Race and Minority Relations
----------	-----------------------------

ENGL 3570	19th-Century Black Literature
-----------	-------------------------------

or ENGL 3950	Cultural Theory and Black Studies
--------------	-----------------------------------

Another course from the following designated courses: *

AMST 2440	The American City
-----------	-------------------

ENGL 3940	Topics in African American Literary Studies
-----------	---

ENGL 3945	African American Poetry
-----------	-------------------------

HIST 3360	African-American History to 1865
-----------	----------------------------------

HIST 3361	African-American History Since 1865
-----------	-------------------------------------

HIST 3362	Black Women in U.S. History
-----------	-----------------------------

HIST 2312	Civil War and Reconstruction
-----------	------------------------------

MUS 1108	History of Jazz
----------	-----------------

MUS 3175	Topics in Music History and Literature
----------	--

SOC 2151	Jackie Robinson: Race, Sports, and the American Dream
----------	---

SOC 2170	Class and Inequality in American Society
----------	--

SOC 2179	Race and Minority Relations
----------	-----------------------------

SOC 2169	Urban Sociology
----------	-----------------

Four courses in African studies:

ANTH 3708	Anthropology of Africa
-----------	------------------------

HIST 3520	Africans in the Making of the Atlantic World
-----------	--

or HIST 3540	West Africa to Independence
--------------	-----------------------------

Two additional courses from the following list of designated courses *

HIST 3501	Topics: Africa
-----------	----------------

HIST 3510	African History to 1880
-----------	-------------------------

HIST 3711	History of Latin America II
SPAN 3600	Special Topics
An upper-division course in gender studies from the following list of designated courses (this course may also count toward one of the above categories)*	
ANTH 2501	The Anthropology of Gender: Cross-Cultural Perspectives
HIST 3530	Women in Africa
HIST 3362	Black Women in U.S. History
PHIL 2125	Philosophy of Race and Gender
REL 3481	Women in Islam
One additional course from above or from the following:	
AMST 2020	Washington, D.C.: History, Culture, and Politics
AMST 2410	20th-Century U.S. Immigration
ENGL 1610	Introduction to Black American Literature
ENGL 1611	Introduction to Black American Literature
HIST 2803	The Ancient Near East and Egypt to 322 B.C.
REL 3475	Islamic Religion and Art
REL 3414	Islamic Philosophy and Theology
GEOG 2133	People, Land, and Food
GEOG 2141	Cities in the Developing World

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible

citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 87)
- Global or Cross-Cultural (p.)
- Humanities (p. 89)

- Local/Civic Engagement (p. 92)
- Mathematics or Statistics (p. 93)
- Natural or physical laboratory sciences (p. 93)
- Oral Communication (p. 94)
- Social Sciences (p. 95)
- Writing (p. 96)

MINOR IN AFRICANA STUDIES REQUIREMENTS

Required: 21 credits

AFST 1001	Introduction to Africana Studies
-----------	----------------------------------

The remaining courses chosen in consultation with the director of Africana studies

AMERICAN STUDIES

An innovative department with 15 core faculty and 12 affiliated faculty members, American Studies explores the culture and politics of the United States, and the role of the United States in the world. The department is committed to analytical perspectives that integrate a range of disciplinary approaches, including history, literary/cultural studies, political and cultural theory, political economy, material culture studies, performance studies, and ethnography. Faculty and students analyze questions of race, gender, sexuality, and other forms of power in American life; transnational flows of culture, ideas and religious beliefs; the development and transformation of public cultures and spaces; and the ways that policy interacts with each of these areas of inquiry. The faculty is committed to bringing that scholarship to the public at large. At both the graduate and undergraduate levels, students are prepared for careers in academic and popular education, media, journalism, cultural resource management, museums, and preservation, as well as for further education in law, medicine, academia, and a wide range of disciplines.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in American studies (p. 101)
- Combined program (p. 111)

Minor

- Minor in American studies (p. 111)

GRADUATE

Master's program

- Master of Arts in the field of American studies (p. 111)

Doctoral program

- Doctor of Philosophy in the field of American studies (p. 112)

FACULTY

University professor V.N. Gamble

Professors D. Bjelajac, R.W. Longstreth, J.A. Miller, T.A. Murphy, G. Wald

Associate Professors T. Guglielmo, C. Heap, J.K. Kosek, M. McAlister (Chair), S. Osman, E. Peña

Assistant Professors E. Anker, J.N. Cohen-Cole, J. Nash, D. Orenstein, L. Schiavo, C.L. Warren

Professorial Lecturers N.E. Davis, K. Ott, J. Deutsch, R.D. Wagner

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

AMST 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details. Restricted to CCAS freshmen only.

AMST 1050. Explorations in American Culture. 0-3 Credits.

Exploration of different aspects of American culture depending on the topic. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

AMST 1070. The American Cinema. 3 Credits.

History and criticism of American films. The course enables the student to recognize and evaluate cinema techniques, to express the evaluation clearly in writing, and to understand the role of films in the context of American culture. Laboratory fee. Same as AH 1070.

AMST 1100. Politics and Film. 0-3 Credits.

How American films interpret and challenge political power in America.

AMST 1160. Race, Gender and Law. 0-3 Credits.

Significant civil rights cases, critical race theory, feminist theory, and current public policy debates on domestic violence, mass imprisonment, sexual assault, and racial profiling.

AMST 1200. The Sixties in America. 3 Credits.

A survey of American society, culture, and politics during the decade of the 1960s. Topics include the civil rights movement, the student movement, the Vietnam War, and the counterculture.

AMST 2000. Sophomore Colloquium. 3 Credits.

The Sophomore Colloquia are small seminar-style courses limited to second-year students in Columbian College. These courses engage students deeply in a discipline, focus on a narrow issue of high interest and impact, and require independent research projects of the students. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to Permission of the instructor.

AMST 2010. Early American Cultural History. 3 Credits.

How culture was important in the creation of the United States—in its origins as a colonial outpost and its expansion across the continent; in its hierarchies and expressions of power, especially as organized by race, class, ethnicity, or gender; in the creation of democracy and the valuing of free expression; and in the development of cities and the varied uses of the countryside. Same as HIST 2010.

AMST 2011. Modern American Cultural History. 3 Credits.

The effects of culture in the shaping of the United States since 1876. The role of the mass media; effects of cultural conceptions on the physical landscape; changing ideas of race, ethnicity, gender, and sexuality; and the political meanings of cultural conflict. Transnational influences on U.S. culture and effects of U.S. culture abroad. Same as HIST 2011.

AMST 2020. Washington, D.C.: History, Culture, and Politics. 0-3 Credits.

Introduction to interdisciplinary methods of studying the contemporary city. Major problems of metropolitan life, past and present, analyzed by faculty and community leaders. Emphasis on experiential team projects. Same as HIST 2020.

AMST 2020W. Washington, D.C.: History, Culture, and Politics. 0-3 Credits.

Introduction to interdisciplinary methods of studying the contemporary city. Major problems of metropolitan life, past and present, analyzed by faculty and community leaders. Emphasis on experiential team projects. Same as HIST 2020.

AMST 2071. Introduction to the Arts in America. 3 Credits.

A survey of American art from the period of colonial exploration and settlement to the postmodern present. Political and social meanings of painting, sculpture, architecture, prints, and photographs. The relationship of art to religion and nationalism; issues of class, race, and gender. Same as AH 2071.

AMST 2120W. Freedom in American Thought and Popular Culture. 0-3 Credits.

America was founded on the premise of providing freedom to its people. But what, exactly, is freedom? The question has been debated in America since its founding and continues today; this course examines varied answers provided by American political thought and popular culture. Same as PSC 2120.

AMST 2125. Varieties of Feminist Theory. 3 Credits.

Classical and contemporary texts on feminist explanations of women's status. Relationships within the sex/gender system and arrangements based on class and race. Evaluation, through the lens of feminist theory, of several academic disciplines in the sciences, social sciences, and humanities. Same as WSTU 2125. Prerequisite: WSTU 1020 or WSTU 2120 or permission of instructor.

AMST 2144. Explorations in Historical Geography. 3 Credits.

Examination of selected themes in the cultural geography of the United States over the course of its history, in relation to an overview of the historical geography of the country. Same as GEOG 2144.

AMST 2210. The African American Experience. 3 Credits.

This course will provide a survey of the historical, political, and cultural dimensions of the African American experience in the U.S. The course will be organized chronologically and thematically and will cover topics such as American slavery, medical experimentation, Hurricane Katrina, aesthetics, hip-hop, and Afro-futurism.

AMST 2320. U.S. Media and Cultural History. 3 Credits.

History and analysis of 20th-century U.S. media and culture, including the rise of consumer culture, film, and television. Racial, gendered, and national identities in the context of modernism, mass culture, and globalization. Same as HIST 2320.

AMST 2350. U.S. Religion and Politics. 3 Credits.

How religion and politics have influenced each other in the United States and how Americans have understood those influences. Religious violence; conflicts between faith and science; religious factors in racial and gender politics; and the separation of church and state. Same as HIST 2350.

AMST 2380. Sexuality in US History. 3 Credits.

Examination of the changing social organization and meaning of sexual practices and desires in American culture, with particular attention to the relationship between sexuality and gendered racial and class identities and politics. Same as HIST 2380/ WSTU 2380.

AMST 2410. 20th-Century U.S. Immigration. 3 Credits.

Survey of immigration policy and immigrants' lives. How immigrants have changed the United States and how the United States has changed immigrants. Same as HIST 2410.

AMST 2440. The American City. 3 Credits.

An interdisciplinary introduction to the ethnic, cultural, political, and architectural landscape of the American city. Urban theory, race and ethnicity, urban history, planning and architecture, city politics, and cultural representations of the city. Same as HIST 2440.

AMST 2490. Themes in U.S. Cultural History. 3 Credits.

Topical examination of the ideas, values, and modes of expression that have made American life distinctive, as revealed through a cross-cultural or global perspective. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Same as HIST 2490.

AMST 2490W. Themes in U.S. Cultural History. 3 Credits.

Topical examination of the ideas, values, and modes of expression that have made American life distinctive, as revealed through a cross-cultural or global perspective. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. (Same as HIST 2490W).

AMST 2495. Special Topics in African American History. 3 Credits.

Concentration on specific issues central to the African American experience. Consult the Schedule of Classes for issues to be addressed.

AMST 2520. American Architecture I. 3 Credits.

Stylistic properties, form and type characteristics, technological developments, and urbanistic patterns are introduced as a means of interpretation of historic meaning. Buildings are analyzed both as artifacts and as signifiers of social, cultural, and economic tendencies. 1600-1860. Same as AH 2154.

AMST 2521. American Architecture II. 3 Credits.

Continuation of AMST 2520. Stylistic properties, form and type characteristics, technological developments, and urbanistic patterns are introduced as a means of interpretation of historic meaning. Buildings are analyzed both as artifacts and as signifiers of social, cultural, and economic tendencies. 1860-present. Same as AH 2155.

AMST 2533. Material Culture in America. 3 Credits.

Review and analysis of the cultural messages embedded in our material surroundings. Consideration of a range of humanly created artifacts, ranging from specific objects to vast landscapes. Same as ANTH 2533.

AMST 2710. The United States in Global Context, 1898-Present. 0-3 Credits.

How the 20th- and 21st-century U.S. has been engaged globally, both politically and culturally, with attention to global culture, transnational ideas and social movements, foreign policy, and economic transformations. Same as HIST 2710.

AMST 2730. World War II in History and Memory. 0-3 Credits.

Examination of Americans' histories and memories of World War II. Same as HIST 2730.

AMST 2730W. World War II in History and Memory. 0-3 Credits.

Examination of Americans' histories and memories of World War II. Same as HIST 2730.

AMST 2750W. Latinos in the United States. 3 Credits.

Exploration of the term Latino and its impact on discussions of race, identity, and citizenship expectations throughout U.S. history. How geographic, linguistic, aesthetic, political, and economic factors construct Latino identity and influence policymaking and international relations. (Same as ANTH 2750W).

AMST 3151. American Art in the Age of Revolution. 3 Credits.

Same as AH 3151.

AMST 3324. US Urban History. 3 Credits.

History of American urban life and culture from the colonial era to the present, focusing on transitions from pre-industrial to industrial and post-industrial forms. The social and spatial configuration of U.S. cities, and the urban politics of race, class, and gender. Same as HIST 3324.

AMST 3351. U.S. Social History. 3 Credits.

Survey of American society and social change from the Civil War to the present. Gender, sexuality, race, ethnicity, and class perspectives. (Same as HIST 3351).

AMST 3352. Women in the United States to 1865. 3 Credits.

Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. (Same as HIST 3352, WSTU 3352).

AMST 3352W. Women in the United States to 1865. 3 Credits.

Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. (Same as HIST 3352W, WSTU 3352W).

AMST 3353. Women in the United States II. 3 Credits.

Continuation of AMST 3352. Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. Same as HIST 3353/ WSTU 3353.

AMST 3360. African American History to 1865. 3 Credits.

Major themes and concepts emerging from the early history of the African presence in the Americas and black experiences in the new nation of the United States. Focus on the emergence and evolution of the concept of race, the ways race evolved in concert with Atlantic slavery, and how race intersected with gender, economics, religion, and nationality. (Same as HIST 3360).

AMST 3361. African American History II. 3 Credits.

Continuation of AMST 3360. Survey of the African American experience, emphasizing the contributions of black Americans to and their impact upon American history. Same as HIST 3361.

AMST 3362. African American Women's History. 3 Credits.

Addresses the history of African American women's labor, cultural expression, institution-building, activism and strategies to combat oppression from the antebellum period through the late 20th century. Investigates the intersection of race, gender, and class as it has shaped U.S. society, racism, the black freedom movement and African American women's experiences. (Same as HIST 3362, WSTU 3362).

AMST 3362W. Black Women in U.S. History. 3 Credits.

Black women from the Middle Passage to contemporary times. Same as HIST 3362/WSTU 3362.

AMST 3367. The American Jewish Experience. 3 Credits.

The study of the Jewish minority in America from colonial times to the present. Emphasis on the interaction between a powerful majority culture and that of protean minority people. (Same as HIST 3367).

AMST 3810. Planning Cities. 3 Credits.

An examination of historical and contemporary trends and dynamics in urban planning in the United States and abroad. Same as GEOG 3810. Prerequisite: GEOG 1001.

AMST 3811. Historical Archaeology. 3 Credits.

Survey of the basic data and methods of research in the material culture of recent history. Same as ANTH 3811.

AMST 3835. Historical Archaeology Field Program. 3 Credits.

Practical experience with a variety of excavation and laboratory techniques in historical archaeology; specific site and topics announced in the Schedule of Classes. Same as ANTH 3835.

AMST 3900. Critiquing Culture. 3 Credits.

Modes of analysis, including ethnography and other cultural studies methods, applied to examination of the interaction of cultural texts and practices with structures of power. Theories and themes central to American studies; scholarly debate about mass culture, ideology, visuality, discourse, and affect. For departmental majors; minors admitted with permission of instructor.

AMST 3901. Examining America. 3 Credits.

Modes of power and forms of identification within and across U.S. national borders. Social constructions of the nation; forms of diversity and identity, such as race, gender, and sexuality; and the transnational flow of people, ideas, culture, and religion.

AMST 3950. Special Topics. 3 Credits.

May be repeated for credit provided the topic differs. Topics announced in the Schedule of Classes.

AMST 3950W. Special Topics. 3 Credits.

May be repeated for credit provided the topic differs. Topic announced in the Schedule of Classes.

AMST 4400. Independent Study. 1-3 Credits.

Open to a limited number of American studies majors as directed research or as an internship with a Washington museum or historical society. Approval of advisor required.

AMST 4450. Internship. 1-3 Credits.

Open to a limited number of American studies majors pursuing an internship directly related to the study of American culture. Students must make the case for a scholarly project that emerges from the internship and must write a significant final paper. Approval of a supervising faculty member required for registration. P/NP grading only.

AMST 4500. Proseminar in American Studies. 3 Credits.

For American studies majors. Directed research and writing on special topics. Prerequisite: at least two of the required courses for the major (AMST 2010, AMST 2011, AMST 3900, AMST 3901). May be repeated for credit provided the topic differs.

AMST 4500W. Proseminar in American Studies. 3 Credits.

For American studies majors. Directed research and writing on special topics. Prerequisite: at least two of the required courses for the major (AMST 2010, AMST 2011, AMST 3900, AMST 3901). May be repeated for credit provided the topic differs.

AMST 4701W. Epidemics in American History. 3 Credits.

The history of epidemics in the United States from the late nineteenth to the early twentieth century. The development of medical and public health responses to epidemics, and their social, political, cultural, and economic impacts. Sources include primary documents, historical accounts, memoirs, fiction, and films.

AMST 4702W. Race, Medicine, and Public Health. 3 Credits.

The experiences of African Americans as patients and health care providers; the history of the relationship between race, American medicine, and public health. Emphasis on the importance of understanding the historical roots of contemporary policy dilemmas such as racial and ethnic disparities in health and health care.

AMST 6100. Scope and Methods in American Studies. 3 Credits.

Consideration of American studies as an area for research and teaching; introduction to bibliography. Required of candidates for the degree of Master of Arts in the field of American studies.

AMST 6110. Cultural Theory and American Studies. 3 Credits.

Major issues in critical and cultural theory as they relate to American culture. Various interpretive approaches including discourse analysis, cultural studies, new historicism, anthropological theory, etc. Prerequisite: AMST 6100 or permission of instructor.

AMST 6120. Theories and Practices in the Study of Media. 3 Credits.

Examination of theories and methods in the study of media and popular culture; case studies explore specific issues related to cultural products such as film, television, music, and the Internet.

AMST 6190. Topics in American Studies. 3 Credits.

May be repeated for credit provided the topic differs.

AMST 6195. Research Seminar in American Studies. 3 Credits.

May be repeated for credit provided the topic differs.

AMST 6210. The United States in a Global Context. 3 Credits.

Analysis of the cultural constructions of the nation and international power, comparing the context of the 18th and 19th century, European colonialism, and U.S. expansion in the 20th century. The role of literature and mass media in furthering the logic of globalization. Readings are both theoretical and historical.

AMST 6220. Theory and Emotions. 3 Credits.

Interdisciplinary exploration of politics of emotion, with an emphasis on the emotions that attach to race, gender, and sexuality.

AMST 6240. Borders and Boundaries. 3 Credits.

Exploration of borders (the literal edge or limit of a territory) and boundaries (intra-societal differences). Readings from cultural anthropology, political science, and social history examine classic tensions between state formation and nation building. The U.S.-Mexico border and other border zones across the globe are used to assess and challenge what is local and particular about border space.

AMST 6410. Readings in American Cultural History. 3 Credits.

Studies in the cultural history of the United States.

AMST 6420. Religion & American Culture. 3 Credits.

Interdisciplinary analysis of religious beliefs, practices, and representations in the United States, as well as intersections of the religious and the secular. Relationships of religion to race, gender, capitalism, science, mass media, and material culture. Same as HIST 6420.

AMST 6430. Gender, Sexuality, and American Culture I. 3 Credits.

The changing social organization, cultural representation, and meaning of gender and sexuality in the United States, with emphasis on their relationship to race, class, region, nationality, empire, and globalization. Pre-colonial to 1877. (Same as HIST 6430, WSTU 6430).

AMST 6431. Gender, Sexuality, and American Culture II. 3 Credits.

Continuation of AMST 6430. The changing social organization, cultural representation, and meaning of gender and sexuality in the United States, with emphasis on their relationship to race, class, region, nationality, empire, and globalization. 1877 to present. Same as HIST 6431/ WSTU 6431.

AMST 6435. Readings on Women in American History. 3 Credits.

Important works in American women's history; evolution of the field in historiographical context. Same as HIST 6435/ WSTU 6435.

AMST 6450. Race in America. 3 Credits.

Interdisciplinary analysis of the history of race and its changing political, social, and cultural meanings in the United States. Transnational racial formations, struggles for and against civil rights, multiracialism, and interracialism. Same as HIST 6450.

AMST 6455. American Social Movements. 3 Credits.

The history of social movements in the United States, with emphasis on civil rights, feminism, conservatism, and labor in local, national, and transnational contexts; the historical rise and fall of these movements and their larger impact on American life. Same as HIST 6455.

AMST 6460. Popular Music Studies. 3 Credits.

Readings in popular music studies; varying methodologies for American studies work on sound and popular music; cultural histories of popular music; American music transnationally. Restricted to Registration restricted to graduate students.

AMST 6470. Cityscapes. 3 Credits.

Interdisciplinary examination of the American city, including urban theory, history, planning, architecture, urban politics, and cultural representations of the city. Same as HIST 6470.

AMST 6475. US Urban History. 3 Credits.

History of American urban life and culture from the Colonial era to the present, focusing on the transitions from pre-industrial to industrial and post-industrial forms, the social and spatial configuration of U.S. cities, and the urban politics of race, class, and gender. Same as HIST 6475.

AMST 6480. Theory and Practice of Public History. 3 Credits.

Theoretical and practical dimensions of public history, as illustrated by recent controversies surrounding public exhibitions and debates on revisionist history as well as more traditional means of presenting the past in public forums. Same as HIST 6480.

AMST 6495. Historic Preservation: Principles and Methods. 3 Credits.

The scope and purpose of the preservation movement in the United States, with focus on developments since the 1960s. Preservation theories, attitudes toward the past and toward design, the intent and impact of legislation, approaches to documentation, the concept of significance, and preservation as an instrument of change. Same as HIST 6495.

AMST 6496. Historic Preservation: Principles and Methods. 3 Credits.

Continuation of AMST 6495. The scope and purpose of the preservation movement in the United States, with focus on developments since the 1960s. Preservation theories, attitudes toward the past and toward design, the intent and impact of legislation, approaches to documentation, the concept of significance, and preservation as an instrument of change. Same as HIST 6496.

AMST 6520. Economics of Preservation. 3 Credits.

Analysis of economic techniques and benefits used to encourage the retention and reuse of historic buildings and districts in the United States. Emphasis on revitalization of older commercial centers and the Mainstreet program. Prerequisite: Permission of instructor.

AMST 6525. The Politics of Historic Preservation. 3 Credits.

Overview of the political issues, forces, events, and players that have shaped contemporary preservation practice, with an emphasis on public policy issues that have not been resolved and continue to confront preservation objectives. Prerequisite: Permission of instructor.

AMST 6530. Field Methods in Architectural Documentation. 3 Credits.

In-depth thematic examination of cultural landscape, focusing on field techniques for recording, analysis, and interpretation of historic properties. Work at field sites is supplemented by lectures, discussion, and readings.

AMST 6550. Seminar in American Architecture. 3 Credits.

Advanced research problems addressing artistic, cultural, social, technical, and urbanistic aspects of American architecture in the 19th and 20th centuries. Topics vary. Prerequisite: AMST 2520 or AMST 2521 , or permission of instructor.

AMST 6560. Vernacular Architecture. 3 Credits.

AMST 6709. Interpretation in the Historic House Museum. 3 Credits.

Seminar integrating advanced practices of museum education with current scholarship in architectural history, material culture, and social history. Extensive use of Washington museum resources. Admission by permission of instructor. Same as EDUC 6709.

AMST 6710. American Material Culture. 3 Credits.

Opportunities for research and publication based on historical objects in the collections of the Smithsonian Institution.

AMST 6720. American Decorative Arts I. 3 Credits.

Recognition and evaluation of domestic artifacts from the 17th, 18th, and 19th centuries.

AMST 6721. American Decorative Arts II. 3 Credits.

Continuation of AMST 6720. Recognition and evaluation of domestic artifacts from the 17th, 18th, and 19th centuries.

AMST 6730. Studies in American Art and History. 3 Credits.

Selected problems and themes in American cultural history involving the use of artistic materials in different media; emphasis on methodology and analytic techniques. May be repeated for credit. Same as AH 6255.

AMST 6835. Historical Archaeology Field Program. 3 Credits.

Practical experience with a variety of excavation and laboratory techniques in historical archaeology; specific site and topics announced in the Schedule of Classes. Same as ANTH 6835.

AMST 6930. Independent Study. 3 Credits.

Limited to master's and doctoral candidates. Written permission of instructor required.

AMST 6998. Thesis Research. 3 Credits.

AMST 6999. Thesis Research. 3 Credits.

AMST 8998. Advanced Reading and Research. 3-9 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

AMST 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN AMERICAN STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses in related areas

Two semesters of foreign language or placement into the third semester of a foreign language by examination

Requirements for the major

AMST 2010	Early American Cultural History
AMST 2011	Modern American Cultural History
AMST 3900	Critiquing Culture
AMST 3901	Examining America
AMST 4500	Proseminar in American Studies

Five additional AMST courses at the 2000-3000 level. Of these five courses, no more than two may be special topics (AMST 3950) courses

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 102)
- Global or Cross-Cultural (p.)
- Humanities (p. 105)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 108)
- Natural or physical laboratory sciences (p. 109)

- Oral Communication (p. 109)
- Social Sciences (p. 110)
- Writing (p. 111)

SOC 2101	Social Research Methods
SOC 2102	Techniques of Data Analysis
SOC 2103	Classical Sociological Theory
or SOC 2103W	Classical Sociological Theory
SOC 2104	Contemporary Sociological Theory
or SOC 2104W	Contemporary Sociological Theory
SOC 2169	Urban Sociology
SPHR 1071	Foundations of Human Communication
or SPHR 1071W	Foundations of Human Communication
SPHR 1084	Perspectives in Deaf Culture
SUST 1001	Introduction to Sustainability

*PSYC 1001 is a prerequisite for all Psychology courses.

Writing

UW 1020	University Writing
or HONR 1015	Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors in American Studies, a major must receive a grade of A on the senior paper written for AMST 4500 Proseminar in American Studies.

COMBINED PROGRAM

REQUIREMENTS

The Department of American Studies offers a combined Bachelor of Arts/Master of Arts program. The program allows students to take a specified number of graduate credits as part of their undergraduate degree, thereby decreasing the number of credits normally required for the master's degree.

Students interested in the combined B.A./M.A. degree program should consult the department's master of arts advisor by the middle of their junior year. For more information visit the program website (<http://americanstudies.columbian.gwu.edu/combined-bama-program>).

MINOR IN AMERICAN STUDIES

REQUIREMENTS

Required: 18 credits

AMST 2010	Early American Cultural History
-----------	---------------------------------

AMST 2011	Modern American Cultural History
-----------	----------------------------------

Four additional AMST courses at the 2000-3000 level	
---	--

MASTER OF ARTS IN THE FIELD OF AMERICAN STUDIES

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The program requires 30 credits including:

AMST 6100	Scope and Methods in American Studies
-----------	---------------------------------------

At least two research seminars: AMST 6195 or other approved research course

At least 21 additional credits of courses pertaining to the study of American culture. These may include graduate courses in anthropology, English, fine arts and art history, geography, history, media and public affairs, and political science; with departmental approval.

An optional thesis may be undertaken for 6 credits as part of these 21 credits

Concentration in historic preservation

Course work in this 36-credit degree program focuses on interpreting issues in historic preservation through a humanistic framework.

AMST 6100	Scope and Methods in American Studies
-----------	---------------------------------------

At least one designated research seminar

At least 6 additional credits of general American studies courses

At least 18 credits of historic preservation courses, including:

AMST 6495	Historic Preservation: Principles and Methods
-----------	---

AMST 6496	Historic Preservation: Principles and Methods
-----------	---

With departmental approval, students may undertake an optional thesis for 6 credits

A comprehensive examination in historic preservation is required

Concentration in museums and material culture

Course work in this 30-credit degree program, offered in association with the Smithsonian Institution, emphasizes the use of physical objects and spaces in historical research.

AMST 6100	Scope and Methods in American Studies
-----------	---------------------------------------

AMST 6710	American Material Culture
-----------	---------------------------

At least two designated research seminars

At least 18 additional credits of courses pertaining to the study of American culture, museum studies, and museum education

DOCTOR OF PHILOSOPHY IN THE FIELD OF AMERICAN STUDIES

REQUIREMENTS

This program combines work in the humanities and/or social sciences as preparation for careers in a range of institutions, including universities, museums, archives, libraries, preservation offices, and related public and private enterprises. Applicants are required to have an adequate background in the humanities and/or social sciences as they apply to the understanding of American studies.

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy program (p. 70).

All students must take:

AMST 6100	Scope and Methods in American Studies
-----------	---------------------------------------

At least two designated research seminars

At least one theory course approved by the advisor

Candidates must pass a General Examination in three areas, to be taken over the course of one month, by the end of the third year from matriculation. The three fields are elected with approval of the advisory committee and should constitute a coherent, interdisciplinary program of study; one field may be devoted to the comparative study of a non-U.S. culture.

ANATOMY AND REGENERATIVE BIOLOGY

The Department of Anatomy and Regenerative Biology offers two pre-medicine academic enhancer programs for candidates interested in applying to medical schools, physician assistant programs, or biomedical sciences doctoral programs: the Graduate Certificate in Anatomical and Translational Sciences (GCATS) and Master of Science in the field of anatomical and translational sciences (M-ATS), a pre-med special master's program. Both programs are designed to enhance a graduate's competitiveness when applying to medical school or physician assistant programs, or to transition to an advanced graduate degree in the biomedical sciences.

Applicants select a program based on their level of readiness for admission to a health professional school.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Consult the (<http://gsehd.gwu.edu/programs/museum-education>)Department of Anatomy and Regenerative Biology website (<http://smhs.gwu.edu/anatomy>) for additional program information.

GRADUATE

Master's program

- Master of Science in the field of anatomical and translational sciences (p. 115)

CERTIFICATE

Certificate program

- Graduate certificate in anatomical and translational sciences (p. 115)

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

ANAT 2130. Human Embryology. 3 Credits.

Development of the basic organ systems; molecular control of development, congenital birth defects, and assisted reproductive technologies.

ANAT 2150. Human Microscopic Anatomy. 3 Credits.

Normal histological structure of cells, tissues, and organs. Structural-functional correlates; the relationship between histological structure-function and the etiology of disease states.

ANAT 2160. Human Functional Neuroanatomy. 3 Credits.

The central and peripheral nervous systems; diseases and injuries with impact on the normal structural-functional relationship.

ANAT 2181. Human Gross Anatomy. 3 Credits.

Structure and function of the musculoskeletal system; regional organization, structure, and function of the major organ systems; structural organization of the head and neck. Same as BISC 2581.

ANAT 6130. Clinically Oriented Human Embryology. 3 Credits.

The mechanisms of human embryology with clinical correlations of embryological development. Developmental control mechanisms and development of basic organ systems. Molecular control of development. Assisted reproductive technologies. Congenital birth defects. Demonstration labs and online animations for clinical correlates. Restricted to Students enrolled in Graduate Certificate in Anatomical and Translational Sciences only. Recommended background: Introductory course in biology or its equivalent.

ANAT 6150. Clinically Oriented Human Microscopic Anatomy. 3 Credits.

The normal histological structure of cells, tissues, and organs of the human body with emphasis on clinical relevance. Because there is an inseparable relationship between structure and function, emphasis is placed on structural/functional correlates at both the light and electron microscopic levels. Descriptions of alterations in normal histology through disease or injury provide an understanding of the etiology of various disease states. Integration of histological concepts with clinical correlates. Restricted to Graduate Certificate in Anatomical and Translational Sciences. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6160. Clinically Oriented Human Functional Neuroanatomy. 3 Credits.

Structure/function relationships of the human central and peripheral nervous systems and clinical correlations of diseases or injuries whose occurrence or expression has an abnormal impact on the normal structure/function relationship. Integration of neuroanatomy concepts with contemporary clinical neuroscience. Demonstrations of human brain material in the anatomy lab. Restricted to Graduate Certificate in Anatomical and Translational Sciences only. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6181. Clinically Oriented Human Gross Anatomy. 3 Credits.

Structural organization of the human body and the relationship of the organization to regional and systems-related functions. Clinical implications and how disease or injury affects normal anatomical structure/function relationships. Clinical cases match the topic of each lecture. Online manual uses content from the department's NetAnatomy website. Demonstrations in the gross anatomy laboratory. Restricted to Graduate Certificate in Anatomical and Translational Sciences. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6182. Fundamentals of Regenerative Biology and Systems Physiology. 4 Credits.

This course is similar to BMSC 8212 but with additional time to introduce techniques of confocal laser scanning microscopy and laser-based quantitative and functional cell analyses.

Topics include genetic control mechanisms, cell signaling pathways, and tissue regeneration and repair. Introduction of concepts on the functions and regulation of organ systems complement the learning objectives of human gross anatomy and microscopic anatomy. Restricted to Graduate Certificate in Anatomical and Translational Sciences. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6203. Human Developmental Anatomy. 1 Credit.

ANAT 6204. Neuroanatomy. 2 Credits.

ANAT 6210. Gross Anatomy. 6 Credits.

Required for medical students.

ANAT 6212. Neurobiology. 3 Credits.

Same as Idis 212.

ANAT 6213. Microscopic Anatomy. 4 Credits.

Required for medical students.

ANAT 6215. Anatomy for Health Sciences Students. 3 Credits.

A gross anatomy course that includes examination of prosected cadavers. Sessions on how to conduct a physical examination of a particular body region are preceded immediately by lectures on the same region.

ANAT 6216. Cellular Anatomy & Histology. 2 Credits.

ANAT 6221. Spec Topics-Stem Cell Biology. 1-3 Credits.

ANAT 6222. Spec Topics-Stem Cell Biology. 1-3 Credits.

ANAT 6223. Special Topics in Regenerative Medicine. 2 Credits.

Students attend seminars given by invited lecturers to present their research findings and breakthroughs on topics of regenerative medicine. Seminars can be sponsored by the Department of Anatomy and Regenerative Biology, the Stem Cell Interest Group Journal and Data Club, the Molecular Medicine Graduate Program (MMED 8214), and the GW Institute for Neuroscience. Restricted to Graduate Certificate in Anatomical and Translational Sciences only. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6249. Intro to Anatomical Research. 1 Credit.

ANAT 6252. Human Variation. 1 Credit.

ANAT 6253. Developmental Neurobiology. 3 Credits.

ANAT 6260. Developmental Genetics. 2 Credits.

ANAT 6262. Gross Anat-Upper/Lower Extrem. 2 Credits.

ANAT 6264. Gross Anatomy of Head & Neck. 2 Credits.

ANAT 6266. Gross Anatomy-Thorax & Abdomen. 2 Credits.

ANAT 6268. Gr Anat-Pelvis/Perineum/Low Ex. 2 Credits.

ANAT 6275. Advanced Studies in Translational Sciences. 3 Credits.

Student research opportunities in laboratories conducting translational research. Application of fundamental concepts learned in didactic courses. Development of versatility with new technologies. Students spend the equivalent of three full days per week in a research laboratory during the semester. The course director must approve all laboratory assignments prior to initiating research studies in a laboratory. Restricted to students in the Graduate Certificate in Anatomical and Translational Sciences. Prerequisites: Introductory Biology for Science or non-Science Majors.

ANAT 6276. Advanced Studies in Anatomy. 1 Credit.

Detailed study of an anatomic topic.

ANAT 6277. Special Topics in Neurobiology. 1-3 Credits.

ANAT 6279. Applied Regional Anatomy. 1-5 Credits.

Regional dissection, guided readings.

ANAT 6284. Appl Surface Anat & Radiology. 5 Credits.

ANAT 6288. Surface Anatomy and Radiology. 1 Credit.

ANAT 6291. Special Projects in Anatomy. 1-12 Credits.

Independent study on any aspect of gross anatomy.

ANAT 6292. Projects in Anatomical Sciences. 2 Credits.

Various imaging techniques and approaches to visualize normal anatomy toward development and application of skills in teamwork, presentation, and discussion. Literature searches. The course is taken in conjunction with ANAT 6181. Restricted to Graduate Certificate in Anatomical and Translational Sciences. Prerequisites: ANAT 6181. Recommended background: Human clinically-oriented gross anatomy (previously or simultaneously).

ANAT 6295. Research. 1-12 Credits.

ANAT 8120. Graduate Human Gross Anatomy. 4 Credits.

An in-depth introduction to human gross anatomy with cadaveric dissection. The structural organization of the human body, including its regional and systems-related functions. The relationship between normal human anatomical variation in structure and function and how disease and/or injury affect these relationships. Prerequisites: Permission of the instructor. Recommended background: Graduate students with prior coursework in the biological sciences or anthropology.

ANAT 8501. Didactic Anatomy. 3 Credits.

Development of a didactic program to include human developmental anatomy, microscopic anatomy, gross anatomy, and/or neuroanatomy. May also include interdepartmental study.

ANAT 8800. Summer Remedial: Gross Anatomy. 6 Credits.

ANAT 8802. Summer Remedial: Human Dev Anat. 1 Credit.

MASTER OF SCIENCE IN THE FIELD OF ANATOMICAL AND TRANSLATIONAL SCIENCES

The Master of Science in the field of anatomical and translational sciences (M-ATS) is a non-thesis master's program designed to give students advanced, comprehensive knowledge in basic medical sciences. M-ATS is a 38-credit, interdisciplinary program taken over two years. M-ATS is an extension of the Graduate Certificate in anatomical and translational sciences (GCATS), which can serve as year 1 of the M-ATS program. Year 2 of the M-ATS curriculum integrates biomedical knowledge related to regenerative biology, systems physiology, pharmacology, pharmacogenomics, genomic medicine, and bioinformatics. The M-ATS program provides students with a solid background in personalized medicine and the methodological aspects of translational research and clinical investigations as well as opportunities to carry out research in translational medicine. As a result, graduates maximize their academic and career opportunities by enhancing competitiveness of applications to medical schools, physician assistant programs, and Ph.D. programs in biomedical sciences.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Visit the program website (<http://smhs.gwu.edu/anatomy/education/m-ats>) for additional information

REQUIREMENTS

The following requirements must be fulfilled: 38 credits in required courses.

Required courses:

Year 1

ANAT 6130 Clinically Oriented Human Embryology

ANAT 6150 Clinically Oriented Human Microscopic Anatomy

ANAT 6160 Clinically Oriented Human Functional Neuroanatomy

ANAT 6181 Clinically Oriented Human Gross Anatomy

ANAT 6292 Projects in Anatomical Sciences

And one or both of the following*

ANAT 6223 Special Topics in Regenerative Medicine

ANAT 6275 Advanced Studies in Translational Sciences

Year 2

ANAT 6182 Fundamentals of Regenerative Biology and Systems Physiology

BMSC 6218 Ethics for Translational Sciences

HSCI 6273 Bioinformatics for Genomics

MICR 6236 Fdmntls/Geonomics&Proteomics I

PHAR 6205 Pharmacology

PHAR 6206 Advanced Pharmacology

PHAR 6116 Pharmacogenomics and Personalized Medicine

*As part of the required curriculum, students choose one of the following options in Year 1: ANAT 6223 taken twice; or, ANAT 6275 taken twice; or, both ANAT 6223 and ANAT 6275. Students must consult the academic advisor before enrolling in either of these two courses.

GRADUATE CERTIFICATE IN ANATOMICAL AND TRANSLATIONAL SCIENCES

The Graduate Certificate in Anatomical and Translational Sciences (GCATS) program provides students in medical and translational sciences with an understanding of human gross anatomy, embryology, functional histology, neuroanatomy, modern stem cell and developmental biology, and technology for biomedical molecular imaging. GCATS offers a contemporary clinical emphasis using problem-based learning. The certificate program is designed to maximize career opportunities in the health fields, to enhance competitiveness of applications to medical school or physician assistant programs, or to transition into an advanced graduate degree program in the biomedical sciences.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Visit the program website (<http://smhs.gwu.edu/anatomy/education/gcats>) for additional information.

REQUIREMENTS

The following requirements must be fulfilled: 18 credits in required courses.*

Required:

ANAT 6130	Clinically Oriented Human Embryology
ANAT 6150	Clinically Oriented Human Microscopic Anatomy
ANAT 6160	Clinically Oriented Human Functional Neuroanatomy
ANAT 6181	Clinically Oriented Human Gross Anatomy
ANAT 6292	Projects in Anatomical Sciences

And one or both of the following:

ANAT 6223	Special Topics in Regenerative Medicine
ANAT 6275	Advanced Studies in Translational Sciences

*As part of the required curriculum, students choose one of the following options: ANAT 6223 taken twice; or, ANAT 6275 taken twice; or, both ANAT 6223 and ANAT 6275. Students must consult the academic advisor before enrolling in either of these two courses.

ANTHROPOLOGY

The Anthropology program includes four concentrations. Biological anthropology explores human evolution, anatomy and primatology. Sociocultural anthropology examines the role culture plays in shaping human action. Linguistic anthropology considers the role of language in human thought. Archaeology examines both human origins and more recent issues of state formation and urbanization. In teaching and research, the program collaborates with the Smithsonian Institution's National Museum of Natural History, as well as departments within the university.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in anthropology (p. 123)
- Bachelor of Arts with a major in archaeology (p. 134)
- Bachelor of Science with a major in biological anthropology (p. 145)
- Combined programs (p. 156)

Minors

- Minor in anthropology (p. 157)
- Minor in archaeology (p. 157)

- Minor in biological anthropology (p. 157)
- Minor in cross-cultural communication (p. 158)
- Minor in sociocultural anthropology (p. 159)

GRADUATE

Master's program

- Master of Arts in the field of anthropology (p. 159)

Doctoral program

- Doctor of Philosophy in the field of anthropology (p. 161)

FACULTY

University Professor B. Wood

Professors A.S. Brooks, E.H. Cline, R.R. Grinker (*Chair*), H. Gusterson, J.C. Kuipers, B.D. Miller,

Associate Professors J. Blomster, R. Bobe, A.S. Dent, M. Edberg, I. Feldman, S.C. Lubkemann, B.G. Richmond, C. Sherwood

Assistant Professors A. Ahmad, D.R. Braun, S.C. McFarlin, C.M. Murray, R. Shepherd, E. Uretsky, S.E. Wagner,

Professorial Lecturers P.J. Cressey, D. Hunt, S. Johnston, J. Love, D.H. Ubelaker,

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

ANTH 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details.

ANTH 1001. Biological Anthropology. 0-4 Credits.

Survey of human evolution, genetics and physical variation, and primatology. Regular laboratory exercises. Laboratory fee.

ANTH 1002. Sociocultural Anthropology. 3 Credits.

Survey of the world's cultures, illustrating the principles of cultural behavior.

ANTH 1002W. Sociocultural Anthropology. 3 Credits.

Survey of the world's cultures, illustrating the principles of cultural behavior.

ANTH 1003. Archaeology. 0-3 Credits.

Introduction to archaeological survey and excavation techniques and laboratory methods of dating and analysis. Brief history of archaeology and survey of world prehistory. Films and laboratory exercises. (Fall and spring).

ANTH 1004. Language in Culture and Society. 3 Credits.

Comparison and analysis of how cultures use language to communicate. The relationship of language to issues of human nature, gender, race, class, artistic expression, and power. Laboratory fee.

ANTH 1005. The Biological Bases of Human Behavior. 4 Credits.

Human behavior from an evolutionary perspective, including issues such as communication, intelligence, reproductive behavior, parental behavior, aggression, and cooperation, and drawing on an understanding of the behavior and biology of the nonhuman primates. Laboratory fee.

ANTH 2008. Foundations of Anthropological Thought. 3 Credits.

The development of anthropological thought in historical context. Exploration of selected basic concepts and theories of contemporary anthropology. To be taken in the junior or senior year. Prerequisite: ANTH 1002.

ANTH 2008W. Foundations of Anthropology. 3 Credits.

The development of anthropological thought in historical context. Exploration of selected basic concepts and theories of contemporary anthropology. To be taken in the junior or senior year. Prerequisites: ANTH 1002 or ANTH 1002W.

ANTH 2406. Human Evolutionary Genetics. 3 Credits.**ANTH 2501. The Anthropology of Gender: Cross-Cultural Perspectives. 3 Credits.**

Anthropological representations of gender relations in "other" cultures have provided important case material for feminist theorizing of sex differences and gender roles and statuses. How a cross-cultural approach can inform our understanding of gender. Same as WSTU 2121.

ANTH 2502. Anthropology of Science and Technology: 21st-Century Brave New Worlds. 3 Credits.

The relationship between science and society, with consideration of how scientific knowledge and emergent technologies affect our lives, identities, social relations, and material conditions. The sociopolitical context in which scientific knowledge is produced and the ethnographic study of biotechnology, especially genetics and its various applications.

ANTH 2505. Introduction to Ethnomusicology. 3 Credits.

Models of understanding music as a cultural endeavor. Application and critique of models in the design and execution of student independent field research. Same as MUS 2105. Prerequisite: MUS 1101 or ANTH 1002 or ANTH 1004 or permission of instructor.

ANTH 2506. Religion, Myth, and Magic. 3 Credits.

Theories of religion developed by anthropologists; survey of world religions with emphasis on non-Western societies; religious process and change. (Same as REL 3506).

ANTH 2533. Material Culture in America. 3 Credits.

Review and analysis of the cultural messages embedded in our material surroundings. Consideration of a range of humanly created artifacts, ranging from specific objects to vast landscapes. Same as AMST 2533.

ANTH 2750. Latinos in the United States. 3 Credits.

Exploration of the term Latino and its impact on discussions of race, identity, and citizenship expectations throughout U.S. history. How geographic, linguistic, aesthetic, political, and economic factors construct Latino identity and influence policymaking and international relations.

ANTH 2750W. Latinos in the United States. 0-3 Credits.

Exploration of the term Latino and its impact on discussions of race, identity, and citizenship expectations throughout U.S. history. How geographic, linguistic, aesthetic, political, and economic factors construct Latino identity and influence policymaking and international relations. Same as AMST 2750.

ANTH 3401. Human Functional Anatomy. 3 Credits.

The anatomy of the human body, how it works, and how it differs from other animals, especially other primates. Principles and approaches of functional morphology and biomechanics and how function can be reconstructed from fossils, with special focus on the musculoskeletal system. No prior knowledge of anatomy is required. Laboratory fee. Prerequisite: ANTH 1001.

ANTH 3402. Human Evolutionary Anatomy. 3 Credits.

The structure and function of human anatomy, as compared to our closest relatives, the great apes. Using this comparative approach, the course investigates the fossil record of human evolution, with an emphasis on reconstructing relationships, function, behavior, and adaptation in fossil hominins. Prerequisite: ANTH 1001.

ANTH 3403. Forensic Anthropology Laboratory. 2 Credits.

Identification of human skeletal remains by body part, age, sex, race, and individual disease or trauma history; study of skeletal variation in modern and recent populations. Taught at the Smithsonian. Corequisite: Anth 3404.

ANTH 3404. Human Variation. 1 Credit.

An overview of human variation, with special emphasis on the skeleton. Includes history of physical anthropology, individual and population variations, archaeological recovery of human remains, paleodemography, growth, paleopathology, and forensic anthropology. Prerequisite: Anth 1001; corequisite for undergraduates: ANTH 3403.

ANTH 3405. Human Growth and Development. 3 Credits.

Modern human growth and development considered through an evolutionary perspective. The growth stages and life cycles of modern humans, emphasizing physiological and environmental influences and comparisons with extant non-human primates and fossil hominids. Prerequisite: ANTH 1001. Laboratory fee.

ANTH 3406. Advanced Human Osteology. 3 Credits.

Advanced techniques in determination of age, sex, ancestry, and pathological conditions using the skeleton. Taught at the Smithsonian. Prerequisite: ANTH 3403, ANTH 3404.

ANTH 3407. Conservation in a Changing World: Human and Animal Behavior. 3 Credits.

How humans and animals interact in a wide variety of settings, how human and animal welfare can be ensured, and how we can create a scientifically sound, yet socially and economically acceptable, conservation of the planet's biodiversity. Prerequisites: ANTH 1001.

ANTH 3408. The Evolution of Human Families. 3 Credits.

Human parental behavior considered from an evolutionary perspective, including parental care among mammals, concepts of parental investment, and parent-offspring conflict. Focus on parenting in the human lineage from early hominins to hunter-gatherers to the modern context. Prerequisites: ANTH 1001.

ANTH 3411. Primatology. 3 Credits.

Physical and behavioral characteristics of the various primate groups and their relationship to human physical and cultural evolution. Prerequisite: ANTH 1001.

ANTH 3412. Hominin Evolution. 3 Credits.

The fossil record of human evolution, including its context. Review of the fossil evidence that concentrates on the distinctive features of each taxon. Pleistocene remains. Laboratory fee. Prerequisite: ANTH 1001.

ANTH 3412W. Hominin Evolution. 3 Credits.

The fossil record of human evolution, including its context. Review of the fossil evidence that concentrates on the distinctive features of each taxon. Pleistocene remains. Laboratory fee. Prerequisite: ANTH 1001.

ANTH 3413. Evolution of the Human Brain. 3 Credits.

Examination of how the human brain is unique in comparison to other animals, with an emphasis on understanding our species' distinctive neurobiology in terms of the evolution of cognitive abilities such as language, social comprehension, tool making, and abstract thinking.

ANTH 3491. Topics in Biological Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. Instructors will be drawn from GW faculty and Smithsonian Institution staff. May be repeated for credit if topic varies. Prerequisite: ANTH 1001.

ANTH 3501. Anthropology of Development. 3 Credits.

The impact of the world economy on nonindustrial societies. Analysis of the role of anthropology in international development programs aimed at alleviating problems in the Third World. Prerequisites: ANTH 1002 or ANTH 1002W.

ANTH 3502. Cultural Ecology. 3 Credits.

Basic principles of cultural ecology. Human interaction with the ecosystem both past and present; emphasis on the application of anthropological precepts to current environmental problems. Prerequisites: ANTH 1002 or ANTH 1002W or ANTH 1004 or ANTH 1004W or permission of instructor.

ANTH 3503. Psychological Anthropology. 3 Credits.

The cross-cultural study of the relationship between culture and personality. Topics include emotion, conceptions of the self, mental health and illness, sexuality, marriage and parenting, and cognition. Psychobiological, cultural, ecological, and psychoanalytical theories are examined. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3504. Illness, Healing, and Culture. 3 Credits.

Introduction to medical anthropology. What the record of human evolution and prehistory tells about human health; the epidemiology of health and illness; how different cultures define disease; understanding illness and healing systems cross-culturally; and the role of medical anthropology in health care and international development. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3506. Politics, Ethnicity, and Nationalism. 3 Credits.

Comparative analysis of political systems; political processes, such as factionalism, styles of leadership, political ritual. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3507. Kinship, Family, and Community. 3 Credits.

Cross-cultural analysis of how people form, maintain, and transform social groups and boundaries. Focus on how communities such as family, ethnic group, and nation are defined in moral terms. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3508. Art and Culture. 3 Credits.

The role of art in culture, with emphasis on small-scale societies; influences upon the artist, and beliefs and practices associated with art production. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3513. Anthropology of Human Rights. 3 Credits.

Issues of basic human rights and their violation by different cultures, states, and organizations. Genocide, ecocide, abuses on the basis of ethnicity, religion, or similar factors, and the treatment of those seeking asylum. Rights of informants and groups studied in anthropological research. Prerequisites: ANTH 1002 or ANTH 1002W.

ANTH 3513W. Anthropology of Human Rights. 3 Credits.

Issues of basic human rights and their violation by different cultures, states, and organizations. Genocide, ecocide, abuses on the basis of ethnicity, religion, or similar factors, and the treatment of those seeking asylum. Rights of informants and groups studied in anthropological research. Prerequisites: ANTH 1002 or ANTH 1002W.

ANTH 3521. Ethnographic Film. 3 Credits.

Still and motion-picture photography as an integral aspect of anthropological research. A study of recent and historic ethnographic films and an introduction to the forms and methods of making visual ethnographic records. Material fee. Prerequisites: ANTH 1002 or ANTH 1002W or permission of instructor.

ANTH 3531. Methods in Sociocultural Anthropology. 3 Credits.

Approaches to field research. Conceptual bases and biases in the delineation of problems and in the selection, analysis, and organization of data. Students design and carry out their own field projects in the Washington area. Prerequisite: ANTH 1002.

ANTH 3601. Language, Culture, and Cognition. 3 Credits.

The role of language and culture in the organization of human experience. Beginning with debates about linguistic relativity, the course explores the way language use shapes cognition and practice in a variety of cultures and social contexts. Same as LING 3601. Prerequisite: ANTH 1004. Laboratory fee.

ANTH 3602. Ethnographic Analysis of Speech. 3 Credits.

Linguistic variation and change in discourse practices; social and political correlates of linguistic interaction; recording, transcription, and analysis of verbal interaction. Prerequisites: ANTH 1004. (Same as LING 3602).

ANTH 3602W. Ethnographic Analysis of Speech. 3 Credits.

Linguistic variation and change in discourse practices; social and political correlates of linguistic interaction; recording, transcription, and analysis of verbal interaction. (Same as LING 3602.).

ANTH 3603. Psycholinguistics. 3 Credits.

Language as species-specific property of the human mind. Psychological processes involved in the encoding and decoding of language; first and second language acquisition and bilingualism. Same as LING 3603.

ANTH 3691. Special Topics in Linguistic Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Same as LING 3691. Prerequisite: ANTH 1004 or permission of instructor.

ANTH 3701. Native Peoples - North America. 3 Credits.

Comparative study of Indian groups representative of the different culture areas of the United States and Canada. Contemporary issues involving indigenous groups, the wider society, and the state. Prerequisite: ANTH 1002 or permission of instructor.

ANTH 3702. Anthropology of Latin America. 3 Credits.

Culture history and ways of life in a selected region of Central or South America. Regional focus to be announced in the Schedule of Classes. Prerequisites: Anth 1002 or Anth 1002W or ANTH 1004.

ANTH 3703. Cultures of the Pacific. 3 Credits.

Culture history and ways of life among native peoples of Melanesia, Micronesia, and Polynesia. Prerequisites: ANTH 1002 or 1002W or 1004 or 1004W.

ANTH 3704. Cultures of Southeast Asia. 3 Credits.

Introduction to the history, art, ecology, and politics of Southeast Asia. Comparison and interpretation of recent ethnographic case studies, archaeological evidence, and current political events in order to understand the diversity of Southeast Asian traditions. Prerequisite: ANTH 1002 or ANTH 1002W or ANTH 1004.

ANTH 3705. Anthropology of East Asia. 3 Credits.

Intensive study of the culture and history of selected peoples of East or Central Asia. Specific area to be announced in the Schedule of Classes. May be repeated for credit. Prerequisites: ANTH 1002 or ANTH 1002W or ANTH 1004 or ANTH 1004W.

ANTH 3707. Anthropology of the Middle East. 3 Credits.

Geographic environment, language, religion, and social structure of settled and nomadic peoples of the Middle East; emphasis on the Arab world. Prerequisites: ANTH 1002 or ANTH 1002W or ANTH 1004 or ANTH 1004W.

ANTH 3708. Anthropology of Africa. 3 Credits.

Comparative examination of the history, cultural development, and contemporary problems of sub-Saharan African cultures. New World African cultures are also considered. Prerequisites: ANTH 1002 or 1002W or 1004 or 1004W.

ANTH 3709. Japanese Culture Through Film. 3 Credits.

Survey of the Japanese cultural heritage presented through films. Topics include literature, philosophy, art, religion, and social history from premodern times to the modern era. Lectures and discussion in English. Same as JAPN 3162.

ANTH 3791. Topics in Regional Anthropology. 3 Credits.

Culture history and ways of life in a selected region of the world. Topic to be announced in the Schedule of Classes. Prerequisites: ANTH 1002 or ANTH 1002W or ANTH 1004.

ANTH 3801. African Roots from Australopithecus to Zimbabwe. 3 Credits.

The development and contributions of Africa from human beginnings through medieval states. Topics include human evolution, origins of art, technology, trade, and animal/plant domestication, rise of African states, early relations with Europe and Asia, antecedents of contemporary African diversity. Prerequisite: ANTH 1003 or permission of instructor.

ANTH 3801W. African Roots from Australopithecus to Zimbabwe. 3 Credits.

The development and contributions of Africa from human beginnings through medieval states. Topics include human evolution, origins of art, technology, trade, animal/plant domestication, rise of African states, early relations with Europe and Asia, antecedents of contemporary African diversity. Prerequisites: ANTH 1003.

ANTH 3802. Human Cultural Beginnings. 3 Credits.

Survey of prehistory in Europe, Africa, and Asia from the earliest hominid cultures to the beginnings of agriculture. Prerequisite: ANTH 1003.

ANTH 3802W. Human Cultural Beginnings. 3 Credits.

Survey of prehistory in Europe, Africa, and Asia from the earliest hominid cultures to the beginnings of agriculture. Prerequisite: ANTH 1003.

ANTH 3803. Old World Prehistory: First Farmers to First Cities. 3 Credits.

Archaeology of the Near East, Egypt, Europe, and other areas, from the beginnings of agriculture to the rise of Babylon. Prerequisites: ANTH 1003.

ANTH 3803W. Old World Prehistory: First Farmers to First Cities. 3 Credits.

Archaeology of the Near East, Egypt, Europe, and other areas, from the beginnings of agriculture to the rise of Babylon. Prerequisites: ANTH 1003.

ANTH 3804. Origins of the State and Urban Society. 3 Credits.

Emergence of urbanism and the state in the prehistory of different world regions. Prerequisite: ANTH 1003.

ANTH 3805. Archaeology of Israel and Neighboring Lands. 3 Credits.

The archaeology of Israel and adjacent areas (Syria, Jordan, Lebanon). Examination of many major sites and monuments. Significant problems and current debates. Same as AH 3106.

ANTH 3806. Art and Archaeology of the Aegean Bronze Age. 3 Credits.

Excavational and multidisciplinary aspects of classical archaeology. Minoan and Mycenaean civilizations (1700-1200 B.C.) Same as AH 3104.

ANTH 3808. Archaeology and the Celts. 3 Credits.

Historical and archaeological study of the Celtic people.

ANTH 3811. Historical Archaeology. 3 Credits.

Survey of the basic data and methods of research in the material culture of recent history. Same as AmSt 3811.

ANTH 3812. The Aztec Empire. 3 Credits.

The Aztecs (or Mexica) of Mexico created a large empire, and while frequently the focus is on warfare and human sacrifice, they produced some of the most naturalistic art and reflective poetry that have survived the Spanish Conquest. Using archaeology, art, and ethnohistoric documents, this course focuses the importance of power in Aztec society and how the normalization of violence created a form of social cohesion central to the state. Prerequisites: ANTH 1003. (Same as AH 3116).

ANTH 3813. Archaeology of North America. 3 Credits.

History of American archaeology; survey of North American culture history from human entry into the Americas during the Pleistocene period until the time of the first European contacts. Focus on peoples north of Mexico. Prerequisite: ANTH 1003.

ANTH 3814. Ancient Mexican Civilizations. 3 Credits.

Culture history of pre-Columbian societies in Middle America; the emergence of Mesoamerican civilization from the earliest hunter-gatherers and first farmers to the Aztec Empire. Prerequisite: ANTH 1003.

ANTH 3821. Myths and Mysteries in Archaeology. 3 Credits.

Topics ranging from King Arthur to Atlantis are used to illustrate how archaeological methods and techniques can falsify-or support-exotic beliefs about the past.

ANTH 3822. Archaeology in Film and Television. 3 Credits.

As visual media increase public awareness of archaeology, misrepresentations and distortions abound. This course examines the relationships among archaeology, the media, and popular culture. Issues considered include nationalism, descendant communities, gender, race, and colonialism.

ANTH 3823. Archaeology of Ritual and Religion. 3 Credits.

Archaeological and ethnographic examples from around the world are used to critically evaluate how archaeologists make inferences about ritual practices and the religious lives of past peoples. Issues include the origins of symbolic behavior, sacred landscapes, shamanism, ancestor veneration, and sorcery/witchcraft.

ANTH 3832. Paleoanthropological Field Program. 0-4 Credits.

Field research in paleoanthropology, including excavation methods, identification and analysis of materials, paleoecology, archaeology, and human anatomy. Conducted at selected sites in Eurasia, Africa, or Australia. Visits to comparative sites and collections in the region.

ANTH 3833. Field Research: New World. 1-6 Credits.

Survey, excavation, and/or laboratory analysis at localities in North or South America. See Schedule of Classes for details.

ANTH 3834. Field Research: Old World. 1-6 Credits.

Survey, excavation, and/or laboratory analysis at Neolithic or later localities in Eurasia, Africa, or Oceania. See Schedule of Classes for details.

ANTH 3835. Historical Archaeology Field Program. 3 Credits.

Practical experience with a variety of excavation and laboratory techniques in historical archaeology; specific site and topics announced in the Schedule of Classes. Same as AMST 3835.

ANTH 3838. Theory and Practice in Archaeology. 3 Credits.

The primary literature in archaeology theory since the 1960s. Ethics, topical issues, and archaeological practice. Prerequisite: Anth 1003.

ANTH 3838W. Theory and Practice in Archaeology. 3 Credits.

The primary literature in archaeology theory since the 1960s. Ethics, topical issues, and archaeological practice. Prerequisite: ANTH 1003.

ANTH 3839. Lab Research Methods in Archaeology. 3 Credits.

Research methods and techniques used by archaeologists. Emphasis on hands-on experience in one or more techniques. Prerequisite: Anth 1003.

ANTH 3891. Special Topics in Archaeology. 3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Prerequisite: ANTH 1003 or permission of instructor.

ANTH 3991. Special Topics. 0-3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ANTH 3991W. Special Topics. 3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ANTH 3995. Undergraduate Research. 1-12 Credits.

Individual research problems to be arranged with a member of the faculty. May be repeated for credit. Prerequisite: permission of instructor.

ANTH 4008. Seminar: Contemporary Anthropological Theory. 3 Credits.

The development of major trends in anthropological theory. How anthropologists from the four fields—sociocultural, linguistic, biological, and archaeology—have deployed and developed the ideas of theorists in their own empirical research and theorizing about specific processes. Prerequisite: ANTH 2008.

ANTH 6101. Proseminar in Biological Anthropology. 3 Credits.

Comprehensive overview of theory and practice in biological anthropology.

ANTH 6102. Proseminar in Sociocultural Anthropology. 3 Credits.

Comprehensive overview of theory and practice in sociocultural anthropology.

ANTH 6103. Proseminar in Archaeology. 3 Credits.

Survey of the most recent archaeological techniques and theoretical approaches to reconstructing and interpreting the cultures of the past.

ANTH 6104. Proseminar in Linguistic Anthropology. 3 Credits.

Contemporary anthropological studies of language in biological, social, and historical perspectives.

ANTH 6200. Museum Anthropology. 3 Credits.

How anthropological collections take shape in the past and carry meaning in the present. Critical examination of artifacts and forms of documentation. Application of material culture theory to museum records, collected objects, the changing meaning given to objects, and the context of collecting.

ANTH 6201. Methods in Museum Anthropology. 3 Credits.

How anthropological collections take shape in the past and carry meaning in the present. Research and analysis of existing collections; issues in museum anthropology.

ANTH 6202. Museums and the Public: Exhibiting Culture. 3 Credits.

Study of the issues and problems involved in "exhibiting culture," past and present, including issues of representation, message and interpretation, audience, ownership of objects and symbols, and ways of reconstructing the past. Critical examination of museum exhibits.

ANTH 6203. Preventive Conservation Concepts. 3 Credits.

Historical development of preventive conservation in museums, conservation ethics, team approaches to conservation, interactions of various materials with agents of deterioration. Basics of materials testing, preparation of condition reports, choosing museum storage and exhibition materials, and risk assessment. Same as MSTD 6203/ AH 6286.

ANTH 6204. Preventive Conservation Techniques. 3 Credits.

Practical applications of preventive conservation of materials, monitoring environmental conditions, conducting risk assessments, evaluation of exhibit and storage areas; developing plans, policies, and procedures for collections care; grant proposal preparation for collections care initiatives. Same as MSTD 6204/ AH 6287.

ANTH 6205. Problems in Conservation. 3 Credits.

Individual conservation projects to determine composition, construction, decomposition of materials, and possible stabilization techniques. Conservation laboratory experience. Prerequisite or concurrent registration: Anth 6203/AH 6286.

ANTH 6230. Internship in Museum Anthropology. 1-6 Credits.

Supervised individual research and/or field work at the Smithsonian Institution or other area museums, arranged in consultation with the museum and the Anthropology Department. Admission by arrangement with the department chair or museum training advisor. May be repeated for credit up to a maximum of 6 credits.

ANTH 6301. The Anthropology of Development. 3 Credits.

Theoretical perspectives that distinguish the contribution of anthropology to understanding processes of change in the Third World. Focus on health, population, environment, gender, and tourism issues. The role of anthropology in planning and implementing projects and policy.

ANTH 6302. Issues in Development. 3 Credits.

Topic to be announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ANTH 6330. Internship in Development Anthropology. 3 Credits.

Supervised participation in a selected development agency or other relevant organization. Opportunity to observe agency procedures and gain practical experience. Admission by permission of instructor or department chair.

ANTH 6331. Research Methods in Development Anthropology. 3 Credits.

Anthropologists' roles in research-related activities, such as feasibility studies, social soundness analysis, and evaluations. Innovative research techniques, such as interactive data gathering, team survey methods, and rapid rural appraisal. Admission by permission of instructor.

ANTH 6391. Anthropology and Contemporary Problems. 3 Credits.

Exploration of anthropological perspectives on a current issue, such as refugees, ethnic violence, national mythologies, and women's health in developing countries. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ANTH 6401. Human Functional Anatomy. 3 Credits.

Growth and function of the musculoskeletal system, including the development, anatomy, and histology of bone, biomechanics of muscle and skeletal tissue, craniofacial and dental growth and morphology, and locomotion. No prior knowledge of anatomy required. Laboratory fee.

ANTH 6404. The Evolution of Primate Life Histories. 3 Credits.

Recent developments in the study of human and non-human life histories. Life history theory. Life history traits compared among primate groups in order to determine how selective pressures have shaped extant primate life history patterns. Laboratory fee.

ANTH 6405. Human Growth and Development. 3 Credits.

Modern human growth and development considered through an evolutionary perspective. The growth stages and life cycles of modern humans, emphasizing physiological and environmental influences and comparisons with extant non-human primates and fossil hominids. Laboratory fee.

ANTH 6406. Human Genetic Variation. 3 Credits.

The genetic variation in human populations as a framework for measurement and analysis of genetic diversity and evolutionary process. Consideration of the possible roles of cultural change leading to adaptive/selective events. Same as FORS 6246.

ANTH 6412. Paleoanthropology. 1-3 Credits.

Survey of current research in hominid and hominoid evolution, focusing on the integrated nature of the field. Contributions from the geological and biological sciences will be stressed, together with innovative geochemical techniques for establishing chronological sequences. Prerequisite: ANTH 3412 or BISC 2450 .

ANTH 6413. Analytical Methods in Human Evolutionary Studies. 3 Credits.

A survey of methods and approaches for data collection and analysis in human evolutionary biology research. Topics include comparative methods and basic and multivariate statistics.

ANTH 6491. Topics in Biological Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. Instructors will be drawn from GW faculty and Smithsonian Institution staff. May be repeated for credit if topic varies.

ANTH 6501. Gender and Sexuality. 3 Credits.

Study of new theoretical and methodological approaches developed in the anthropology of gender. Topics include postcolonialism, sexuality, and literary representations of gender. Same as WSTU 6257.

ANTH 6505. Medical Anthropology. 3 Credits.

Concepts and theories in contemporary medical anthropology, including "critical" versus "conventional" medical anthropology, changes in approaches since the mid-twentieth century; structural and cultural construction of illness and suffering; ethnographic and epidemiological perspectives.

ANTH 6506. Topics in Medical Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit if the topic varies.

ANTH 6507. Nationalism and Ethnicity. 3 Credits.

Major theoretical and ethnographic issues in the study of nationalism worldwide. Explores how ethnic groups emerge in colonial and contemporary plural societies and how states attempt to integrate ethnic groups into nations.

ANTH 6508. Ethics and Cultural Property. 3 Credits.

Survey of ethical issues in anthropology, focusing on cultural property and repatriation; the epistemological, ethical, and political dilemmas of excavating, collecting, and owning cultural artifacts.

ANTH 6509. Anthropology of Art, Aesthetics, and Symbolism. 3 Credits.

Anthropological approaches to aesthetic problems and theories of symbolism in the context of ethnographic materials.

ANTH 6531. Methods in Sociocultural Anthropology. 3 Credits.

Epistemology; the definition of research problems; selection of research subjects and sites; techniques of data collection (e.g., surveys, interviews); data management and organization; ethical protocols; issues of safety; grant writing and funding.

ANTH 6561. American Folklife. 3 Credits.

The materials of American folk culture, concentrating on folk architecture, crafts, and art. Major organizing themes are regionalism and the use of objects as indicators of cultural intention. Same as AMST 6561.

ANTH 6562. Folklore Theory. 3 Credits.

An intellectual history of American folklore research; analysis of particular theories and methods. Same as AMST 6562.

ANTH 6591. Topics in Sociocultural Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit if the topic varies.

ANTH 6691. Topics in Linguistic Anthropology. 3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit if the topic varies.

ANTH 6702. Issues in Latin American Anthropology. 3 Credits.

Intensive study of a selected topic in the anthropology of Central and/or South America. Topic to be announced.

ANTH 6707. Issues in Middle East Anthropology. 3 Credits.

Selected topics in the anthropology of the Middle East. Topic to be announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ANTH 6801. Paleolithic Archaeology. 3 Credits.

Current problems relating to materials from the Old World.

ANTH 6802. Problems in Eurasian and African Archaeology. 3 Credits.

Topic announced in the Schedule of Classes. Topics may include Bronze Age conflict, the Celts, etc. May be repeated for credit.

ANTH 6803. Problems in New World Archaeology. 3 Credits.

Current archaeological problems relating to the origin and development of aboriginal cultures. Specific topic to be announced in the Schedule of Classes. May be repeated for credit.

ANTH 6804. Problems in Mesoamerican Archaeology. 3 Credits.

Topics range from specific civilizations, such as the Olmec, to pan-Mesoamerican topics, such as religion and exchange. May be repeated for credit.

ANTH 6806. Technology. 3 Credits.

Cross-cultural examination of the form, function, meaning, and use of material culture (such as ceramics or stone tools) and the behavior patterns involved in its production. Topic vary by semester. Consult the Schedule of Classes for more details.

ANTH 6807. Public Archaeology. 3 Credits.

The use and creation of the past and the relationship between archaeologists and different publics.

ANTH 6832. Paleoanthropological Field Program. 0-4 Credits.

Intensive course on field research in paleoanthropology, including excavation methods, identification and analysis of materials, paleoecology, archaeology, and human anatomy. Conducted at selected sites in Eurasia, Africa, or Australia. Visits to comparative sites and collections in the region.

ANTH 6835. Historical Archaeology Field Program. 3-6 Credits.

Practical experience with a variety of excavation and laboratory techniques in historical archaeology; specific site and topics announced in the Schedule of Classes. Same as AMST 6835.

ANTH 6838. Archaeological Theory. 3 Credits.

Overview of major theories and positions in American archaeology; examination of new issues and directions in which the field appears to be moving.

ANTH 6839. Lab Research Methods in Archaeology. 3,4 Credits.

Research methods and techniques used by archaeologists. Emphasis on hands-on experience in one or more techniques. Laboratory fee.

ANTH 6891. Topics in Archaeology. 3 Credits.

Major issues related to the theory and practice of archaeology. Topic announced in the Schedule of Classes.

ANTH 6995. Research. 1-12 Credits.

May be repeated for credit.

ANTH 6998. Thesis Research. 3 Credits.**ANTH 6999. Thesis Research. 3 Credits.****ANTH 8998. Advanced Reading & Research. 1-12 Credits.**

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

ANTH 8999. Dissertation Research. 1-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN ANTHROPOLOGY

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses:

ANTH 1001	Biological Anthropology
ANTH 1002	Sociocultural Anthropology
ANTH 1003	Archaeology
ANTH 1004	Language in Culture and Society

Required courses in other areas:

Two-year proficiency in a single foreign language, as demonstrated by completion of four semesters of college-level language study or the equivalent

6–12 credits of course work in related departments approved by the advisor. Recommended for sociocultural emphasis are courses in economics, history, political science, psychology, religion, and sociology; for archaeological emphasis, courses in American studies, art history, geography, geological sciences, and history; for emphasis in biological anthropology, courses in anatomy, biological sciences, chemistry, and physical geography; for emphasis in linguistic anthropology, courses in linguistics and in speech and hearing science. Courses in statistics are strongly recommended for all anthropology majors

Requirements for the major:

In addition to the four prerequisite courses, 24–36 credits in anthropology courses, including:

ANTH 2008	Foundations of Anthropological Thought
-----------	--

At least one course from three of the following four categories:

Sociocultural anthropology (ANTH 2500s, 2700s, 3500s, and 3700s)

Linguistics (ANTH/LING 3600s)

Biological anthropology (ANTH 3400s)

Archaeology (ANTH 3800s)

An approved methods course in any category, including but not limited to the courses listed below. (Methods courses can be double-counted as courses in their subject categories.)

ANTH 3531	Methods in Sociocultural Anthropology
-----------	---------------------------------------

ANTH 3602	Ethnographic Analysis of Speech
-----------	---------------------------------

ANTH 3832	Paleoanthropological Field Program
-----------	------------------------------------

ANTH 3833	Field Research: New World
-----------	---------------------------

ANTH 3834	Field Research: Old World
-----------	---------------------------

ANTH 3835	Historical Archaeology Field Program
-----------	--------------------------------------

ANTH 3839	Lab Research Methods in Archaeology
-----------	-------------------------------------

ANTH 6806	Technology
-----------	------------

In addition, a senior capstone experience is required; it may be met by taking ANTH 4008, ANTH 3995 (for 3 credits), or an approved 6000-level course. Qualified seniors may enroll in graduate-level courses with the permission of the instructor.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 125)
- Global or Cross-Cultural (p. 125)
- Humanities (p. 128)
- Local/Civic Engagement (p. 128)
- Mathematics or Statistics (p. 131)
- Natural or physical laboratory sciences (p. 131)
- Oral Communication (p. 132)
- Social Sciences (p. 133)
- Writing (p. 134)

Arts

AH 1031	Survey of Art and Architecture I
AH 1032	Survey of Art and Architecture II

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors in anthropology, archaeology, or biological anthropology, students must have a grade-point average of 3.5 or better in courses required for the major, register for 3 credit hours of ANTH 3995 Undergraduate Research, and write a paper of special distinction arising out of a program of directed reading or research. Students must confer with an advisor before beginning the work.

BACHELOR OF ARTS WITH A MAJOR IN ARCHAEOLOGY

REQUIREMENTS

An interdepartmental major offered by the Anthropology Department (<http://anthropology.columbian.gwu.edu>) in cooperation with the Fine Arts and Art History Department (<http://art.gwu.edu>), and the Classical and Near Eastern Languages and Civilizations Department (<http://departments.columbian.gwu.edu/cnelc>).

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses:

ANTH 1002	Sociocultural Anthropology
-----------	----------------------------

ANTH 1003	Archaeology
-----------	-------------

Required courses in other areas:

Completion of a two-year language proficiency through the intermediate level in French, Spanish, Italian, German, Arabic, Hebrew, Latin, or Greek, or placement above the intermediate level.

Requirements for the major:

ANTH 3838	Theory and Practice in Archaeology
or ANTH 3838W	Theory and Practice in Archaeology

3-6 credits of archaeological field or laboratory courses selected from:

ANTH 3832	Paleoanthropological Field Program
ANTH 3833	Field Research: New World
ANTH 3834	Field Research: Old World
ANTH 3835	Historical Archaeology Field Program
ANTH 3839	Lab Research Methods in Archaeology
ANTH 3995	Undergraduate Research

ANTH 3995 can be counted with advisor's approval.

ANTH 6806	Technology
-----------	------------

Qualified juniors and seniors are permitted to take ANTH 6806 with departmental approval.

12-15 credits from Anthropological Archaeology and Archaeology of Ancient Civilizations (section 4 below). At least one course must be taken from both and no course can count in more than one category. Either ANTH 3821 or ANTH 3822 can count for the major, but not both.

Anthropological Archaeology

ANTH 3801	African Roots from Australopithecus to Zimbabwe
or ANTH 3801W	African Roots from Australopithecus to Zimbabwe
ANTH 3802	Human Cultural Beginnings
or ANTH 3802W	Human Cultural Beginnings
ANTH 3803	Old World Prehistory: First Farmers to First Cities
or ANTH 3803W	Old World Prehistory: First Farmers to First Cities
ANTH 3811	Historical Archaeology

ANTH 3822	Archaeology in Film and Television
ANTH 3823	Archaeology of Ritual and Religion
ANTH 3891	Special Topics in Archaeology
15 credit hours of Ancient Civilizations, including at least one in each category below.	
1) Art History	
AH 3101	Ancient Art of the Bronze Age and Greece
AH 3102	Ancient Art of the Roman Empire
AH 3103	Art and Archaeology of Egypt and the Near East
AH 3104	Art and Archaeology of the Aegean Bronze Age
AH 3105	Topics in Ancient Art and Archaeology
AH 3106	Art and Archaeology of Israel and Neighboring Lands
2) Classical civilization	
CLAS 2105	Special Topics
CLAS 2106	Mythology of the Classical World
CLAS 2107	Greek and Roman Drama
CLAS 3114	Topics in Ancient Literatures and Cultures
CLAS 3115	Topics in Ancient Art and Archaeology
3) History	
CLAS 2112	History of Ancient Greece
CLAS 2113	The Roman World to 337 A.D.
CLAS 2803	The Ancient Near East and Egypt to 322 B.C.
CLAS 2804	History of Ancient Israel
HIST 2112	History of Ancient Greece
HIST 2113	The Roman World to 337 A.D.
HIST 2803	The Ancient Near East and Egypt to 322 B.C.
HIST 2804	History of Ancient Israel
HIST 3111	Topics in Ancient History
4) Archaeology of Ancient Civilizations	

ANTH 3804	Origins of the State and Urban Society
ANTH 3805	Archaeology of Israel and Neighboring Lands
ANTH 3806	Art and Archaeology of the Aegean Bronze Age
ANTH 3808	Archaeology and the Celts
ANTH 3812	The Aztec Empire
ANTH 3813	Archaeology of North America
ANTH 3814	Ancient Mexican Civilizations
ANTH 3821	Myths and Mysteries in Archaeology

A given course cannot count toward more than one requirement for the major.

See the Anthropology Department (<http://anthropology.columbian.gwu.edu>) for more detailed information.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;

- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 136)
- Global or Cross-Cultural (p.)
- Humanities (p. 139)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 142)
- Natural or physical laboratory sciences (p. 142)
- Oral Communication (p. 143)
- Social Sciences (p. 144)
- Writing (p. 145)

SPECIAL HONORS

For Special Honors in anthropology, archaeology, or biological anthropology, a major must meet the special honors requirements stated under University Regulations, have a grade-point average of 3.5 or better in courses required for the major, register for 3 credit hours of ANTH 3995 Undergraduate Research and write a paper of special distinction arising out of a program of directed reading or research. Students must confer with an advisor before beginning the work.

9 credits of biology (BISC) courses numbered 2000 or above, including at least one course from each of the following categories:

Cell/molecular biology

BISC 2202 Cell Biology

BISC 2207 Genetics

BISC 2208 Genetics Laboratory

BISC 2213 Biology of Cancer

BISC 2214 Developmental Biology

BISC 2220 Developmental Neurobiology

BISC 3209 Molecular Biology

BISC 3210 Nanobiotechnology

BISC 3211 Nanobiotechnology Laboratory

BISC 3212 Immunology

BISC 3213 Applied Immunology

BISC 3261 Introductory Medical Biochemistry

BISC 3262 Biochemistry Laboratory

BISC 3263 Special Topics in Biochemistry

Organismal/sub-organismal biology

BISC 2318 Histology

BISC 2320 Neural Circuits and Behavior

BISC 2322 Human Physiology

or BISC 2322W Human Physiology

BISC 2323 Human Physiology Laboratory

BISC 2330 Invertebrate Zoology

BISC 2332 Comparative Vertebrate Anatomy

BISC 2333 Evolution and Extinction of Dinosaurs

BISC 2334 Integrative Biology of Fishes

or BISC 2334W Integrative Biology of Fishes

BISC 2337 Introductory Microbiology

or BISC 2337W Introductory Microbiology

BISC 2339 Parasitology

BISC 3320 Human Neurobiology

BISC 3321 Comparative Endocrinology

BISC 3325 Environmental Physiology

Ecology/evolution

BISC 2450 Organic Evolution

BISC 2451 History of Life

BISC 2452 Animal Behavior

BISC 2454 General Ecology

or BISC 2454W General Ecology

BISC 3458 Plant Comparative Structure and Function

BISC 3460 Conservation Biology

BISC 3461 Plant-Animal Interactions

BISC 3462 Plant-Animal Interactions Laboratory

BISC 3463 Ecological and Evolutionary Genetics

One course from the following:

CHEM 1111 General Chemistry I

CHEM 1112 General Chemistry II

CHEM 2085 Environmental Chemistry

CHEM 3140 Geochemistry

or GEOL 3140 Geochemistry

CHEM 3165 Biochemistry I

CHEM 3166 Biochemistry II

PSYC 2014 Cognitive Psychology

PSYC 2015 Biological Psychology

PSYC 3112 Psychology of Adolescence

PSYC 3118 Neuropsychology

BISC 1005 The Biology of Nutrition and Health

or BISC 1007 Food, Nutrition, and Service

BISC 1006 The Ecology and Evolution of Organisms

or BISC 1008 Understanding Organisms through Service Learning

GEOL 1001 Physical Geology

or GEOL 1005	Environmental Geology
GEOL 1002	Historical Geology
STAT 1127	Statistics for the Biological Sciences

6 credits of anthropology (ANTH) courses numbered 2000 or above but not including courses in the 3400--3499 or the 3802 or 3832 range

Note: The major in biological anthropology may not be pursued in conjunction with the major in anthropology.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 147)
- Global or Cross-Cultural (p.)
- Humanities (p. 150)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 153)
- Natural or physical laboratory sciences (p. 154)
- Oral Communication (p. 154)
- Social Sciences (p. 155)
- Writing (p. 156)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors in anthropology, archaeology, or biological anthropology, a major have a grade-point average of 3.5 or better in courses required for the major, register for 3 credit hours of ANTH 3995 Undergraduate Research, and write a paper of special distinction arising out of a program of directed reading or research. Students must confer with an advisor before beginning the work.

COMBINED PROGRAMS

REQUIREMENTS

The Department of Anthropology offers three options for a combined Bachelor of Arts/ Master of Arts degree:

- Combined Bachelor of Arts with a major in anthropology and Master of Arts in the field of anthropology

- Combined Bachelor of Arts with a major in archaeology and Master of Arts in the field of anthropology
- Combined Bachelor of Science with a major in biological anthropology and Master of Arts in the field of anthropology

The program allows students to take a specified number of graduate credits as part of their undergraduate degree, thereby decreasing the number of credits normally required for the master's degree.

Students interested in the combined degree program should plan well in advance and confer with their major advisor about the details of their course of study. For more information visit the program website (<http://anthropology.columbian.gwu.edu/combined-bama-program>).

MINOR IN ANTHROPOLOGY

REQUIREMENTS

21 credits are required including:

ANTH 1001 Biological Anthropology

ANTH 1002 Sociocultural Anthropology

ANTH 1003 Archaeology

ANTH 1004 Language in Culture and Society

Three additional courses in anthropology, which must be taken in different subdisciplines

For the purposes of this minor, the department's courses may be divided into subdisciplines as follows:

- biological anthropology—courses in the 3400s and ANTH 1005;
- archaeology—the 3800s;
- anthropological linguistics—the 2600s and 3600s;
- sociocultural anthropology—all other upper-division courses, with the exception of ANTH 3995.

MINOR IN ARCHAEOLOGY

REQUIREMENTS

18 credits are required including:

ANTH 1003 Archaeology

ANTH 3838 Theory and Practice in Archaeology

Four courses from the following: (An independent study course in archaeology or an approved art history course may be substituted for one of the four courses)

ANTH 3801 African Roots from Australopithecus to Zimbabwe

ANTH 3801W African Roots from Australopithecus to Zimbabwe

ANTH 3802 Human Cultural Beginnings

ANTH 3802W Human Cultural Beginnings

ANTH 3803 Old World Prehistory: First Farmers to First Cities

ANTH 3803W Old World Prehistory: First Farmers to First Cities

ANTH 3804 Origins of the State and Urban Society

ANTH 3805 Archaeology of Israel and Neighboring Lands

ANTH 3806 Art and Archaeology of the Aegean Bronze Age

ANTH 3808 Archaeology and the Celts

ANTH 3811 Historical Archaeology

ANTH 3812 Power and Violence in the New World

ANTH 3813 Archaeology of North America

ANTH 3814 Ancient Mexican Civilizations

ANTH 3821 Myths and Mysteries in Archaeology

ANTH 3822 Archaeology in Film and Television

ANTH 3823 Archaeology of Ritual and Religion

ANTH 3832 Paleoanthropological Field Program

ANTH 3833 Field Research: New World

ANTH 3834 Field Research: Old World

ANTH 3835 Historical Archaeology Field Program

ANTH 3838W Theory and Practice in Archaeology

ANTH 3839 Lab Research Methods in Archaeology

ANTH 3891 Special Topics in Archaeology

MINOR IN BIOLOGICAL ANTHROPOLOGY

REQUIREMENTS

16 credits are required, including:

ANTH 1001 Biological Anthropology

9 credits from the following:

ANTH 3401	Human Functional Anatomy
ANTH 3402	Human Evolutionary Anatomy
ANTH 3403	Forensic Anthropology Laboratory
ANTH 3404	Human Variation
ANTH 3405	Human Growth and Development
ANTH 3406	Advanced Human Osteology
ANTH 3411	Primatology
ANTH 3412	Hominin Evolution
ANTH 3412W	Hominin Evolution
ANTH 3413	Evolution of the Human Brain
ANTH 3491	Topics in Biological Anthropology
ANTH 1005	The Biological Bases of Human Behavior

One course from the following:

ANTH 3839	Lab Research Methods in Archaeology
ANTH 3832	Paleoanthropological Field Program
PSYC 2014	Cognitive Psychology
PSYC 2015	Biological Psychology
PSYC 3112	Psychology of Adolescence
PSYC 3118	Neuropsychology
BISC 1005	The Biology of Nutrition and Health
BISC 1006	The Ecology and Evolution of Organisms
BISC 1111	Introductory Biology: Cells and Molecules
BISC 1112	Introductory Biology: The Biology of Organisms
GEOL 1001	Physical Geology
GEOL 1002	Historical Geology
GEOL 1005	Environmental Geology
STAT 1127	Statistics for the Biological Sciences

MINOR IN CROSS-CULTURAL COMMUNICATION

REQUIREMENTS

Required courses (6 credits):

ANTH 1002	Sociocultural Anthropology
ANTH 1004	Language in Culture and Society

Two courses (6 credits) from the following, at least one of which must be ANTH 3601 or ANTH 3602/ANTH 3602W.

ANTH 3601	Language, Culture, and Cognition
ANTH 3602	Ethnographic Analysis of Speech
or ANTH 3602W	Ethnographic Analysis of Speech
ANTH 3603	Psycholinguistics
ANTH 3691	Special Topics in Linguistic Anthropology

One course (3 credits) from the following:

ANTH 2501	The Anthropology of Gender: Cross-Cultural Perspectives
ANTH 2505	Introduction to Ethnomusicology
ANTH 2506	Religion, Myth, and Magic
or REL 2506	Religion, Myth, and Magic
ANTH 2533	Material Culture in America
or AMST 2533	Material Culture in America
ANTH 3501	Anthropology of Development
ANTH 3502	Cultural Ecology
ANTH 3503	Psychological Anthropology
ANTH 3504	Illness, Healing, and Culture
ANTH 3506	Politics, Ethnicity, and Nationalism
ANTH 3507	Kinship, Family, and Community
ANTH 3508	Art and Culture
ANTH 3513	Anthropology of Human Rights
ANTH 3521	Ethnographic Film
ANTH 3531	Methods in Sociocultural Anthropology
ANTH 3991	Special Topics

One course (3 credits) from the following:

ANTH 3701	Native Peoples - North America
ANTH 3702	Anthropology of Latin America
ANTH 3703	Cultures of the Pacific
ANTH 3704	Cultures of Southeast Asia
ANTH 3705	Anthropology of East Asia
ANTH 3707	Anthropology of the Middle East
ANTH 3708	Anthropology of Africa
ANTH 3709	Japanese Culture Through Film
or JAPN 3162	Japanese Culture Through Film

ANTH 3502	Cultural Ecology
ANTH 3503	Psychological Anthropology
ANTH 3504	Illness, Healing, and Culture
ANTH 3506	Politics, Ethnicity, and Nationalism
ANTH 3507	Kinship, Family, and Community
ANTH 3508	Art and Culture
ANTH 3513	Anthropology of Human Rights
or ANTH 3513W	Anthropology of Human Rights
ANTH 3521	Ethnographic Film
ANTH 3531	Methods in Sociocultural Anthropology
ANTH 3701	Native Peoples - North America
ANTH 3702	Anthropology of Latin America
ANTH 3703	Cultures of the Pacific
ANTH 3704	Cultures of Southeast Asia
ANTH 3705	Anthropology of East Asia
ANTH 3707	Anthropology of the Middle East
ANTH 3708	Anthropology of Africa
ANTH 3709	Japanese Culture Through Film
or JAPN 3162	Japanese Culture Through Film
ANTH 3991	Special Topics

MINOR IN SOCIOCULTURAL ANTHROPOLOGY

REQUIREMENTS

Required introductory course (3 credits):

ANTH 1002	Sociocultural Anthropology
-----------	----------------------------

Five courses (15 credits) from the following:

ANTH 2008	Foundations of Anthropological Thought
or ANTH 2008W	Foundations of Anthropology
ANTH 2501	The Anthropology of Gender: Cross-Cultural Perspectives
or WSTU 2121	The Anthropology of Gender: Cross-Cultural Perspectives
ANTH 2505	Introduction to Ethnomusicology
or MUS 2105	Introduction to Ethnomusicology
or MUS 2105W	Introduction to Ethnomusicology
ANTH 2506	Religion, Myth, and Magic
or REL 2506	Religion, Myth, and Magic
ANTH 2533	Material Culture in America
or AMST 2533	Material Culture in America
ANTH 2750	Latinos in the United States
or ANTH 2750W	Latinos in the United States
ANTH 3501	Anthropology of Development

MASTER OF ARTS IN THE FIELD OF ANTHROPOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The minimum requirement consists of:

36 credits of approved graduate course work including the following:

At least three of the following four proseminars:

ANTH 6101	Proseminar in Biological Anthropology
-----------	---------------------------------------

ANTH 6102 Proseminar in Sociocultural Anthropology

ANTH 6103 Proseminar in Archaeology

ANTH 6104 Proseminar in Linguistic Anthropology

Those with significant background in a field, as determined by evaluation of a student petition to the proseminar instructor, may waive one proseminar. Those who are permitted to waive a proseminar must, however, take two courses from the following:

ANTH 6101 Proseminar in Biological Anthropology

or ANTH 6103 Proseminar in Archaeology

ANTH 6102 Proseminar in Sociocultural Anthropology

or ANTH 6104 Proseminar in Linguistic Anthropology

An approved methods course

In addition to the 36 credits of approved graduate course work, a thesis, integrating essay, or journal paper.

Students with fewer than four undergraduate semesters of a major foreign language must demonstrate a reading knowledge of an approved language before beginning the third semester of graduate work.

Concentration in museum training

The program of study is the same as that described above for the general degree, but must include from 12 to 15 credits of work in museum-related courses, 6 credits of which may be in an internship. In lieu of a thesis, an integrating essay or journal paper is required. Students whose primary interest is in museum techniques, rather than anthropology, are advised to apply to the master's program in museum studies (see Museum Studies). A program in museum education is also available through the Graduate School of Education and Human Development.

Concentration in international development

The program of study is the same as that described above for the general degree, but must include:

ANTH 6301 The Anthropology of Development

ANTH 6331 Research Methods in Development Anthropology

Two of the following:

ANTH 6302 Issues in Development

ANTH 6330 Internship in Development Anthropology

ANTH 6391 Anthropology and Contemporary Problems

ANTH 6501 Gender and Sexuality

ANTH 6507 Nationalism and Ethnicity

An approved graduate-level course in quantitative analysis

The program is designed to improve the student's understanding of development problems, such as economic change, population, health, education, migration, and ecology, within an anthropological framework. Internships at public and private development agencies in the Washington area are encouraged. The Elliott School of International Affairs offers a program in international development studies with a disciplinary specialization in anthropology.

Concentration in medical anthropology

The program of study is the same as that described for the general degree, but must include:

ANTH 6505 Medical Anthropology

Two of the following:

ANTH 6302 Issues in Development

ANTH 6391 Anthropology and Contemporary Problems

ANTH 6501 Gender and Sexuality

ANTH 6506 Topics in Medical Anthropology

One of the following research methods options:

Option A:

ANTH 6331 Research Methods in Development Anthropology

PUBH 6003 Prin & Practice/Epidemiology

Option B:

Two of the following:

PUBH 6410 Global Health Study Design

PUBH 6411 Global Health Qualitative Research Methods

PUBH 6412 Global Health Quantitative Research Methods

DOCTOR OF PHILOSOPHY IN THE FIELD OF ANTHROPOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

The program trains students in the fields of sociological anthropology, archaeology, linguistic anthropology, and biological anthropology, and in areas of more specialized interest. The program focuses on applying anthropological theory and method to the study of contemporary social problems.

In the first phase of the program, students take:

Core proseminars:

Ph.D. students are expected to take three of the four proseminars, but students with significant background in a field, as determined by evaluation of a student petition to the proseminar instructor, may waive one proseminar.

ANTH 6101 Proseminar in Biological Anthropology

ANTH 6102 Proseminar in Sociocultural Anthropology

ANTH 6103 Proseminar in Archaeology

ANTH 6104 Proseminar in Linguistic Anthropology

A research methods seminar

A professional skills and ethics seminar

Elective course work

All students must demonstrate proficiency in one foreign language; an additional language may be required if it is needed for fieldwork or archival research. An internship in anthropology and public life at an institution responsible for communicating anthropological knowledge to diverse audiences is recommended.

In the second phase, students prepare a research proposal that meets funding agency guidelines and take the General Examination in at least three major areas (e.g., a general field in anthropological theory, a geographic area, and a thematically defined field). Following successful completion of the General Examination, an oral defense of the student's research proposal

is held. Those who pass advance to candidacy for the Ph.D. and engage in completion and defense of the dissertation.

ART THERAPY

The graduate program in art therapy trains exceptionally skilled therapists whose professional practice is grounded in a broad understanding of current clinical art therapy, counseling, and trauma theories. Students are taught effective research and evaluation methodologies, clinical skills, and studio expertise, all within a diverse, integrative, and culturally-responsive format. The student-focused approach allows each student to cultivate a unique identity as an art therapist.

GRADUATE

Master's programs

- Master of Arts in the field of art therapy (p. 163)
- Master of Arts in the field of art therapy practice (p. 164)

FACULTY

Assistant Professors H. Bardot (*Director*), D. Betts, L. Garlock, T. Tripp (*Teaching*), E. Warson

Professorial Lecturers R. Albert, D. Brancheau, G. Chilton, T. Council, A. Di Maria, P. Howie, C. Knebel, L. Milofsky, M.E. Ruff, D. Sabados, B. Sobol, R. Wilkinson

Lecturer C. Cox

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: The following courses are open to non-art therapy students with permission of the instructor or program director: ARTH 6206 Human Development and Art Therapy, ARTH 6231 Child Art Therapy, ARTH 6232 Art Therapy with Adolescents, ARTH 6233 Marital and Family Art Therapy/Counseling, ARTH 6234 Group Process, ARTH 6235 Social and Cultural Diversity, ARTH 6242 Psychopathology/Art and Diagnosis, ARTH 6261 Ethics and Professionalism.

ARTH 6201. Survey of Art Therapy. 3 Credits.

ARTH 6205. History and Theory of Art Therapy. 2 Credits.

Art therapy history and theory, milestones and practitioners. The development of art therapy as a distinct therapeutic practice. Overview of psychotherapy theories relevant to art therapy. Open only to art therapy students.

ARTH 6206. Human Development and Art Therapy. 3 Credits.

Psychological and artistic development across the life span. Theories of personality development; cultural and environmental influences. Human behavior, including developmental crises, disability, exceptional behavior, and addictive behavior.

ARTH 6210. Counseling/Art Therapy Process. 3 Credits.

Theoretical and clinical dimensions of counseling and art therapy explored through study of current research concerning the diverse elements affecting the therapeutic process. The goals of each phase of treatment; development of the therapeutic alliance; assessment of client readiness; therapeutic techniques and interventions as practiced in short- and long-term treatment.

ARTH 6211. Counseling/Art Therapy Theory. 3 Credits.

Overview of major theories in counseling and psychotherapy in light of the creative process and other aspects of the clinical practice of art therapy. Client art and art-making, and the therapeutic encounter and treatment, as influenced by attachment, trauma, psychoneurobiology, and multicultural issues. Prerequisite: ARTH 6210.

ARTH 6221. Studio/Technique of Art Therapy. 3 Credits.

Direct experience of the therapeutic utility and psychological influence of art processes and materials. Identifying the effect of art-making leading to assessment and intervention strategies. Open only to art therapy students.

ARTH 6231. Child Art Therapy. 2 Credits.

Practical, theoretical, and ethical considerations involved in treating children in clinical and educational settings. Application of art therapy and counseling principles and practice for diverse child populations. Development of interventions for varied DSM-IV diagnoses.

ARTH 6232. Art Therapy with Adolescents. 2 Credits.

Practical, theoretical, and ethical considerations involved in treating adolescents in clinical and educational settings. Assessment and treatment issues integrating the use of art techniques specifically designed for this population. Application of art therapy and counseling principles and practice for diverse adolescent populations. Development of interventions for varied DSM-IV diagnoses.

ARTH 6233. Marital and Family Art Therapy/Counseling. 3 Credits.

Principles of work with couples and families, including an overview of systems theories and stages of family life cycle development. The use of art techniques for evaluation of family dynamics. Videotaped observation of family art evaluations in clinical settings. Intervention strategies address cultural issues and ethical considerations.

ARTH 6234. Group Process. 3 Credits.

Theoretical and experiential understanding of group art therapy and counseling methods and skills. Principles of group dynamics, therapeutic factors, member roles and behaviors, leadership styles and approaches, selection criteria, and short- and long-term group process.

ARTH 6235. Social and Cultural Diversity. 3 Credits.

Consideration of stereotypes and biases that interfere with effective treatment of patients who are racially, ethnically, and otherwise diverse. The role of the art therapist in conflict resolution, advocacy, and social justice. Exploration of the therapist's heritage, expectations, and values. Racial identity development; skills for multicultural counseling.

ARTH 6241. Assessment Procedures. 3 Credits.

Instruments and procedures used in assessment of psychological health and psychopathology as manifested in artwork and art-making. Statistical concepts, including reliability and validity; selection and administration of the assessment tool; effects of developmental level and cultural factors; documentation of the assessment; and formulation of treatment goals.

ARTH 6242. Psychopathology/Art and Diagnosis. 3 Credits.

Criteria of psychiatric diagnoses, such as the Diagnostic and Statistical Manual multiaxial system, theories of psychopathology, and relevant literature. Evaluation of potential indicators of functional and organic disorders in behavior and artwork of clients. Ethical issues; cultural and environmental influences on diagnostic categorization. Basic introduction to psychopharmacology.

ARTH 6243. Substance Abuse and Addictions. 3 Credits.

Overview of substance abuse and addictions for art therapy and counseling, including theory and treatment applications. Screening and assessment tools; treatment models specific to the field of addictions. Art therapy techniques in the treatment of substance abuse for adolescents and adults in a variety of treatment settings. Restricted to ARTH majors only.

ARTH 6251. Research Methods. 3 Credits.

Planning, conducting, and evaluating relevant methodologies, including qualitative and quantitative approaches and basic statistics. The importance of research in the psychotherapy professions; ethical and legal considerations; and the use of research to assess effectiveness of mental health and art therapy services.

ARTH 6261. Ethics and Professionalism. 3 Credits.

Professional identity and role of the art therapist; the ethical practice of art therapy, including familiarity with ethical standards of AATA and ATCB as well as ACA and related fields; credentialing and licensure; public policy and advocacy for patients and for the profession.

ARTH 6262. Career Counseling and Art Therapy. 3 Credits.

The theoretical foundation and practical experience necessary to understand and support career development needs for diverse individual clients and groups. Career development over the lifespan; assessments, tools, and resources; occupational and labor market trends and resources. Specific art therapy techniques applicable to career counseling in educational and work settings. Restricted to ARTH majors only.

ARTH 6265. Advanced Issues in Psychotherapy and Art Therapy. 1-3 Credits.

Overview and application of one or more treatment models or theories to various mental and emotional disorders. Connections between the practice of art therapy and the techniques of other disciplines.

ARTH 6271. Art Psychotherapy and Trauma I: Theory and Approaches to Treatment. 0-3 Credits.

The etiology of trauma-related disorders, with conceptualization of symptoms as responses to overwhelming stress. The psychobiology of traumatic stress. How traumatic stress (physical or sexual abuse, severe neglect, rape, terrorism, natural disaster) affects the psyche. Neurophysiological research on trauma and the unique way traumatic memories are stored in the brain.

ARTH 6272. Art Psychotherapy and Trauma II: Loss, Countertransference, and Resiliency. 0-3 Credits.

The multimodal treatment of acute, serial, or complex trauma-related disorders, including psychodynamic, intensive short-term dynamic, cognitive behavioral, eye movement desensitization and reprocessing, somatic, and narrative and art-based approaches. Clinical opportunities for supervised treatment or observation of treatment of clients with trauma histories.

ARTH 6281. Practicum in Art Therapy. 1-2 Credits.

A total of 900 hours of clinical fieldwork in a professional setting. Supervised clinical experience with clients or patients in psychiatric, rehabilitation, and education settings with children, adolescents, and adults. On-site individual supervision by clinical instructors; on-campus group supervision by faculty. Open only to art therapy students.

ARTH 6292. Special Projects in Art Therapy. 1-12 Credits.

Individual work based on research. Empirical, clinical, and library research may be undertaken, as well as the development of new procedures. Details to be worked out with each student. May be repeated for credit with advisor's approval. Open only to art therapy students.

ARTH 6998. Thesis Research. 3 Credits.**ARTH 6999. Thesis Research. 3 Credits.**

MASTER OF ARTS IN THE FIELD OF ART THERAPY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required: 61 credits of graduate course work including:

ARTH 6205	History and Theory of Art Therapy
ARTH 6206	Human Development and Art Therapy
ARTH 6210	Counseling/Art Therapy Process
ARTH 6211	Counseling/Art Therapy Theory
ARTH 6221	Studio/Technique of Art Therapy
ARTH 6231	Child Art Therapy
ARTH 6232	Art Therapy with Adolescents
ARTH 6233	Marital and Family Art Therapy/ Counseling
ARTH 6234	Group Process
ARTH 6235	Social and Cultural Diversity
ARTH 6241	Assessment Procedures
ARTH 6242	Psychopathology/Art and Diagnosis
ARTH 6251	Research Methods
ARTH 6261	Ethics and Professionalism
ARTH 6265	Advanced Issues in Psychotherapy and Art Therapy
ARTH 6281	Practicum in Art Therapy
CNSL 6155	Career Counseling
CNSL 6169	Counseling Substance Abusers
ARTH 6292	Special Projects in Art Therapy
Electives	

MASTER OF ARTS IN THE FIELD OF ART THERAPY PRACTICE

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

This 30-credit program is intended for those who hold a master's degree in an approved related field (such as counseling or social work) that included designated graduate course work.

Requirements include:

ARTH 6205	History and Theory of Art Therapy
ARTH 6221	Studio/Technique of Art Therapy
ARTH 6234	Group Process
ARTH 6235	Social and Cultural Diversity
ARTH 6241	Assessment Procedures
ARTH 6261	Ethics and Professionalism
ARTH 6281	Practicum in Art Therapy

Two of the following (with approval):

ARTH 6210	Counseling/Art Therapy Process
ARTH 6211	Counseling/Art Therapy Theory
ARTH 6271	Art Psychotherapy and Trauma I: Theory and Approaches to Treatment

3 credits of ARTH electives

BIOCHEMISTRY AND MOLECULAR MEDICINE

GRADUATE

Master's program

- Master of Science in the field of molecular biochemistry and bioinformatics (p. 166)

FACULTY

University Professor F. Murad

Professors P. Berg, V. Hu, A. Kumar, R. Kumar (*Chair*), R. Lakshman (*Research*), Z. Lu (*Research*), W. Nierman, M.

Sharma (*Research*), J. Vanderhoek (*Director of M.S. program*), G. Walker, W. Weglicki

Associate Professors K. Bian (*Research*), G. Dimri, M. Elliott, Z. Han, J. Kramer (*Research*), I.T. Mak (*Research*), R. Mazumder

Assistant Professors J. Chmielinska (*Research*), M. Dimri (*Research*), J.-H. Kim, A. Kots (*Research*), S. Nair (*Research*), K. Ohshiro (*Research*), M.-Y. Wu (*Research*), R.-C. Wu, J. Zhou (*Research*), W. Zhu

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

BIOC 3261. Introductory Medical Biochemistry. 4 Credits.

Introduction to structures of biological macromolecules, enzyme catalysis, cellular bioenergetics, and metabolism. Same as BISC 3261. Prerequisite CHEM 2151- CHEM 21 52. Credit toward the degree cannot be earned for this course and for CHEM 3165.

BIOC 3262. Biochemistry Laboratory. 2 Credits.

Study of common experimental techniques used in life science laboratories to separate and characterize biological macromolecules. Same as BISC 3262/ CHEM 3262. Prerequisite: BIOC 3261/ BISC 3261 . Laboratory fee.

BIOC 3263. Special Topics in Biochemistry. 2 Credits.

In-depth discussion of current biochemically relevant topics, including cancer and HIV chemotherapy, immune response, photosynthesis, signal transduction, hormone regulation and nutrition. Same as BISC 3263. Prerequisite: BIOC 3261/ BISC 3261 . Credit toward the degree cannot be earned for this course and for CHEM 3166.

BIOC 3263W. Special Topics in Biochemistry. 2 Credits.

BIOC 3560. Diet, Health, and Longevity. 3 Credits.

Biochemical and molecular explanations of how calorie intake affects health; scientific principles of dieting. Prerequisite: BIOC 3261 or BISC 1005 or EXSC 2114 or EXSC 2119.

BIOC 3564. Lipid Biotechnology. 0-2 Credits.

Same as BISC 3564/ CHEM 3564. Prerequisite: BIOC 3261/ BISC 3261 . Laboratory fee.

BIOC 3820. Bioinformatics and Computational Biochemistry. 2 Credits.

How biomedical researchers integrate information from molecular biology resources for analysis and testing of hypotheses. Prerequisite: BISC 1111; STAT 1127.

BIOC 3821. Projects in Biomed Informatics. 1-2 Credits.

BIOC 4195. Undergraduate Research. 1 Credit.

Research conducted under a mentor who is a member of the department. May be repeated for credit (only 1 credit may count toward the minor). Prerequisites: permission of the faculty member concerned.

BIOC 4701. Science and Medicine. 0-4 Credits.

A broad overview of several biomedical discoveries made in the 20th century and the often profound influence they have had on medical technology and on new directions in science and medicine, science administration, politics, ethics, and philosophy. (Same as HONR 2175, HONR 2175).

BIOC 6201. Medical Biochemistry. 7 Credits.

Required for medical students. Lecture and laboratory; emphasis on basic principles and their relation to medicine.

BIOC 6209. Resch Elective in Medical BioC. 1-12 Credits.

BIOC 6211. Biochem-Health Sci Students. 3,4 Credits.

Basic concepts of biochemistry and their relation to health sciences.

BIOC 6221. Proteins, Pathways, and Human Health. 4 Credits.

A comprehensive course in general biochemistry for graduate students in biomedical sciences. Prerequisite: CHEM 2152, CHEM 2154.

BIOC 6222. Biochemical Genetics and Medicine. 3 Credits.

Continuation of BIOC 6221. A comprehensive course in general biochemistry for graduate students in biomedical sciences. Prerequisite: CHEM 2152, CHEM 2154.

BIOC 6223. Bioinformatics. 2 Credits.

The application of bioinformatics concepts and methods through the use of molecular biology databases and tools, covering molecular evolution, and protein sequence, structural, functional analysis. Recommended background: One undergraduate biochemistry course.

BIOC 6224. Molec biol and protein methods. 3 Credits.

Common laboratory techniques used in life science laboratories to separate and characterize proteins, including chromatography, gel electrophoresis, immunoassays, spectroscopy, and centrifugation. Corequisite: BIOC 6221. Laboratory fee.

BIOC 6227. Biochemistry Seminar. 1 Credit.

Current literature in biochemistry. Limited to graduate students in the department. May be repeated for credit.

BIOC 6234. Biochemical and Bioinformatic Approaches to Protein Structure and Function. 3 Credits.

Molecular biological, biophysical, chemical, and bioinformatic approaches to understanding protein structure and function. Protein folding, interactions, and ligand binding.

BIOC 6235. Seminar in Genomics, Proteomics, and Bioinformatics. 1 Credit.

BIOC 6236. Medical Genomics. 2 Credits.

The structure and function of genes and genomes. Genomic theories, methods, and data analysis including bioinformatics and database mining. Prerequisite or corequisite: BIOC 6221-BIOC 6222.

BIOC 6237. Proteomics and biomarkers. 2 Credits.

Experimental proteomics, protein/proteome analysis, bioinformatics of proteomics, systems biology and structural genomics. Prerequisite: BIOC 6236.

BIOC 6238. Experimental Genomics Lab. 3 Credits.

Research applications of knowledge in genomics and proteomics. Prerequisite: BIOC 6236. Laboratory fee.

BIOC 6240. Next Generation Sequencing. 2 Credits.

BIOC 6250. Molecular Biology. 3 Credits.

Content includes the organization and replication of genetic material, transcriptional and translational machinery, regulation of eukaryotic gene expression, and other special topics. Prerequisite: BIOC 6221-BIOC 6222.

BIOC 6252. Current Laboratory Methods in Molecular Biology. 3 Credits.

Corequisite: BIOC 6221. Laboratory fee.

BIOC 6254. Fundamentals of Molecular Biology. 3 Credits.

An intermediate-level molecular biology survey course. Prerequisite: BIOC 6221.

BIOC 6260. Analytic Methods for Lipids and Carbohydrates. 3 Credits.

Basic techniques in the biotechnology of lipids and carbohydrates. Prerequisite: BIOC 6221.

BIOC 6262. Genes, diets and aging. 3 Credits.

BIOC 6264. Membrane-Assoc Complex Lipids. 1 Credit.

BIOC 6281. Topics. 1,2 Credit.

Directed readings in biochemistry, molecular biology, and genetics. May be repeated for credit. Enrollment limited to graduate students in the department.

BIOC 6290. Extramural BioChem Elective. 1-12 Credits.

BIOC 6291. Extramural BioChem Elective. 1-12 Credits.

BIOC 6295. Research. 1-12 Credits.

Participation in a project under investigation or in a field suggested by the student and approved by the staff. May be repeated for credit. Laboratory fee.

BIOC 6298. Advanced Reading. 1-6 Credits.

Limited to master's degree candidates. May be repeated for credit to a maximum of 6 hours.

BIOC 6998. Thesis Research. 3 Credits.

BIOC 6999. Thesis Research. 3 Credits.

BIOC 8225. Metabolism. 4 Credits.

Metabolic pathways and integration of metabolic processes. Limited to Ph.D. students in the Institute for Biomedical Sciences.

BIOC 8231. Bioc Basis of Human Diseases. 3 Credits.

Biochemical perspectives on disorders involving metabolic alterations, immunological dysregulation, problems of environmental/toxicological etiology, genetic/epigenetic dysfunction, neglected tropical diseases. Prerequisite: BmSc 8210, 8212.

BIOC 8232. Mol Cell Signaling. 3 Credits.

BIOC 8501. Issues in Clinical Nutrition. 3 Credits.

BIOC 8502. Molecular Biology of Oncogenes. 1-12 Credits.

BIOC 8503. Readings in Immunology. 3 Credits.

BIOC 8800. Summer Remedial Biochemistry. 8 Credits.

MASTER OF SCIENCE IN THE FIELD OF MOLECULAR BIOCHEMISTRY AND BIOINFORMATICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Prerequisites: a bachelor's degree. The undergraduate program must have included the following courses or equivalent: BISC 1111-BISC 1112; CHEM 2122, CHEM 2151-CHEM 2152, PHYS 1011.

Required courses:

BIOC 6221	Proteins, Pathways, and Human Health
-----------	--------------------------------------

BIOC 6222	Biochemical Genetics and Medicine
-----------	-----------------------------------

BIOC 6223	Bioinformatics
-----------	----------------

BIOC 6227	Biochemistry Seminar
-----------	----------------------

For the biochemistry track, additional required courses are:

BIOC 6224	Molec biol and protein methods
-----------	--------------------------------

BIOC 6260	Analytic Methods for Lipids and Carbohydrates
-----------	---

For the bioinformatics track, additional required courses are:

BIOC 6236	Medical Genomics
-----------	------------------

BIOC 6237	Proteomics and biomarkers
-----------	---------------------------

BIOC 6240	Next Generation Sequencing
-----------	----------------------------

Students may choose either a 30-credit thesis or non-thesis option.

BIOLOGICAL SCIENCES

As one of the natural science departments in the Columbian College of Arts and Sciences, Biological Sciences explores the science of life, from biomolecules to ecosystems. Courses and ongoing research programs are focused in three general areas: cell and molecular biology, ecology, and evolution and systematics. In research laboratories, students and faculty members work together on projects that range from dinosaur evolution through an investigation of how misfolded proteins interfere with insulin production. Many departmental faculty members have working relationships with scientists in surrounding education and federal institutions, and the program has a collaboration of more than 100 years standing with the National Museum of Natural History of the Smithsonian Institution.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in biology (p. 172)
- Bachelor of Science with a major in biology (p. 183)
- Combined program (p. 194)

Minor

- Minor in biology (p. 194)

GRADUATE

Master's program

- Master of Science in the field of biological sciences (p. 194)

Doctoral program

- Doctor of Philosophy in the field of biological sciences (p. 194)

FACULTY

Professors J.M. Clark, K.A. Crandall, R. Donaldson, G. Hormiga, D.L. Lipscomb, G. Ortí, R.K. Packer (*Chair*), L.C. Smith, R.P. Tollo

Associate Professors P. Hernandez, C.A. Forster, A. Jeremic, J.T. Lill

Assistant Professors H.G. Döbel, I. Eleftherianos, D. O'Halloran, M. Manier, D.W. Morris, S. Powell, R.A. Pyron, T. Scully (Teaching), A. Smith, A. Zanne

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Departmental prerequisite: BISC 1111 Introductory Biology: Cells and Molecules–BISC 1112 Introductory Biology: The Biology of Organisms or equivalent is prerequisite to all upper-division courses except by permission of the instructor.

BISC 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details. Restricted to First-year students in CCAS.

BISC 1001. Departmental Seminar. 0 Credits.

BISC 1005. The Biology of Nutrition and Health. 3 Credits.

A study of the human body and its disorders and diseases through examination of the essential molecules of life, nutrition, digestion, genetics, and reproduction. For non-majors. Laboratory fee.

BISC 1006. The Ecology and Evolution of Organisms. 3 Credits.

Introduction to ecology and evolution, including man's impact on other plants and animals, and an overview of Earth's biodiversity. For non-majors.

BISC 1007. Food, Nutrition, and Service. 3 Credits.

A study of biology and nutrition that uses service learning to reinforce course concepts. Topics include the need for humans to consume other organisms, processing of consumed nutrients, unexpected effects of nutritional consumption, and measures to improve nutrition.

BISC 1008. Understanding Organisms through Service Learning. 3 Credits.

The evolution of life on earth; the value of other organisms, their role in our world, and how humans can cause harm to this infrastructure. Students work with a community partner to perform activities that assist the partner while reinforcing course concepts.

BISC 1111. Introductory Biology: Cells and Molecules. 4 Credits.

Nutrition and metabolism, cellular and developmental biology, genetics, and molecular biology of plants and animals. Laboratory fee.

BISC 1112. Introductory Biology: The Biology of Organisms. 4 Credits.

Concepts and methods in the study of whole organisms. Evolutionary theory; population biology; diversity of plants, animals, fungi, and microorganisms; ecology and behavior; and animal structure and function. Laboratory fee.

BISC 2000. Sophomore Colloquium. 3 Credits.

Topics on biological diversity from the perspective of species and within the conceptual framework of evolutionary biology. The explanatory power, simplicity, and grandeur of evolution and its products. Consideration of how questions and hypotheses are empirically addressed. Restricted to sophomores, registration by department approval. Prerequisites: Bisc 1111 and Bisc 1112.

BISC 2202. Cell Biology. 3 Credits.

Structure and function of biological molecules and cellular organelles; cellular interactions. Prerequisite: BISC 1111– BISC 1112 except by permission of the instructor and one semester of organic chemistry.

BISC 2207. Genetics. 3 Credits.

Introduction to genetics, with emphasis on the integration of transmission of genetic traits and the molecular basis of gene action. Also includes cytogenetics, gene regulation, and examples of current applications of genetic technology. Prerequisites: BISC 1111, BISC 1112 or permission of the instructor.

BISC 2208. Genetics Laboratory. 1 Credit.

Study of genetic principles and genetic and molecular techniques in *Drosophila* and *E. coli*. Benchwork and comparative genomics using bioinformatics. Prerequisites: BISC 1111, BISC 1112, prior or concurrent enrollment in GEN 2207, or permission of instructor.

BISC 2213. Biology of Cancer. 3 Credits.

BISC 2214. Developmental Biology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Embryonic development of animals. Principles illustrated by experimental studies of developmental problems. Laboratory exercises involve micromanipulative, biochemical, and molecular studies on animal embryos cultured in the lab. Laboratory fee. Prerequisite: BISC 1111– BISC 1112 except by permission of the instructor.

BISC 2220. Developmental Neurobiology. 3 Credits.

The molecular mechanisms that guide neural development: events surrounding the birth of neurons, how specific neurons are determined, how neurons find the correct targets, how cell death guides proper neural development and synapses are formed and maintained. Prerequisite: BISC 1111– BISC 1112 except by permission of the instructor.

BISC 2305. Plant Biology. 3 Credits.

Discussions of plant metabolism and molecular biology: photosynthesis, nitrogen metabolism, membrane transport, mechanisms of hormone action, protein targeting, biotechnology, and current research topics. Prerequisite: Chem 1111- CHEM 1112, BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2318. Histology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Introduction to microscopical anatomy of normal tissues and organs with emphasis on the interrelationship of structure and function. Laboratory fee. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2320. Neural Circuits and Behavior. 3 Credits.

The cellular and molecular properties of neural circuits that form the basis of behavior. Circuit properties and behaviors across a variety of invertebrate and vertebrate taxa. Individual neuronal units, the organizational principles and emergent properties of neural circuits, and how these neuronal ensembles influence behavior.

BISC 2322. Human Physiology. 3 Credits.

Introduction to the function of organ systems of the human body. Prerequisites: CHEM 1111, CHEM 1112, BISC 1111, BISC 1112 or permission of the instructor.

BISC 2323. Human Physiology Laboratory. 1 Credit.

Study of basic physiology laboratory techniques; emphasis on the experimental study of homeostatic mechanisms in humans. Prerequisites: Prerequisite or concurrent registration: BISC 2322, BISC 1111, BISC 1112, or permission of the instructor.

BISC 2330. Invertebrate Zoology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). General survey of invertebrate animals, including classification, morphology, physiology, embryology, and evolutionary relationships among phyla.

BISC 2331. Insect Biology. 4 Credits.

Overview of the class Insecta, focusing on insect external and internal morphology, classification, ecology/behavior, collection, and specimen preparation. Prerequisites: BISC 1111 and BISC 1112.

BISC 2332. Comparative Vertebrate Anatomy. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Evolution and comparative morphology of Phylum Chordata, stressing recent forms. Laboratory fee. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2333. Evolution and Extinction of Dinosaurs. 3 Credits.

The 165-million-year history of dinosaurs, examining the different groups and their evolution, the end-Cretaceous extinction event, the origin of birds, and the biology of the group.

BISC 2334. Integrative Biology of Fishes. 3 Credits.

An introduction to concepts in anatomy, biomechanics, physiology, developmental biology, biomechanics and hydrodynamics, adaptive radiation, evolutionary biology, and ecology using fish as model organisms. Significant fish groups will be covered, but emphasis is on exploring broader topics in which fish have figured prominently in research.

BISC 2334W. Integrative Biology of Fishes. 3 Credits.

An introduction to concepts in anatomy, biomechanics, physiology, developmental biology, biomechanics and hydrodynamics, adaptive radiation, evolutionary biology, and ecology using fish as model organisms. Significant fish groups are covered, but emphasis is on exploring broader topics in which fish have figured prominently in research.

BISC 2337. Introductory Microbiology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Survey of the major groups of microorganisms with emphasis on structure, physiology, ecology, pathogenesis, and biotechnology. Antibiotic resistance and emerging diseases. Prerequisite: one year of chemistry and BISC 1111- BISC 1112 except by permission of the instructor.. Laboratory fee.

BISC 2337W. Introductory Microbiology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Survey of the major groups of microorganisms with emphasis on structure, physiology, ecology, pathogenesis, and biotechnology. Antibiotic resistance and emerging diseases. Prerequisite: one year of chemistry and BISC 1111- BISC 1112 except by permission of the instructor. Laboratory fee.

BISC 2339. Parasitology. 4 Credits.

Lecture (2 hours), laboratory (4 hours). Introduction to animal parasitology; survey of parasitic types from protozoa through arthropods. Laboratory fee. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2450. Organic Evolution. 3 Credits.

Synthetic theory of organic evolution, including population biology, speciation, adaptation, macroevolution, systematics, biogeography, and the geologic record. Prerequisites: BISC 1111, BISC 1112, or permission of instructor.

BISC 2451. History of Life. 3 Credits.

A review of the origin of life, the geologic record, and the evolutionary history of the major groups of organisms, including the origin of life and evolution of invertebrates, vertebrates, and plants. Same as GEOL 2151. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2452. Animal Behavior. 3 Credits.

An evolutionary approach to the study of animal behavior, emphasizing behavioral ecology and sociobiology. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2453. Animal Behavior Lab. 1 Credit.

Demonstration of methods used in the study of animal behavior, including techniques of observation, basic statistical analysis, and experimental design. Field trips, discussion of research papers, and student-generated independent or small-group project. Prerequisites: BISC 1111, BISC 1112. Recommended background: Prior or concurrent enrollment in BISC 2452.

BISC 2454. General Ecology. 4 Credits.

Lecture (3 hours), laboratory and field (3 hours). Introduction to the concepts of limiting factors, biogeochemical cycles, trophic levels, and energy transfer and their relationship to the structure and function of population, species, communities, and ecosystems. Laboratory fee. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2454W. General Ecology. 4 Credits.

Lecture (3 hours), laboratory and field (3 hours). Introduction to the concepts of limiting factors, biogeochemical cycles, trophic levels, and energy transfer and their relationship to the structure and function of population, species, communities, and ecosystems. Laboratory fee. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2467. Marine Biology. 3 Credits.

Study of relationships between organisms and physical, chemical, and biological factors of the marine environment. Consideration of the open ocean and coastal ecosystems and human influences on them. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 2580. Biotechnology. 3 Credits.

Genetic engineering of bacteria, plants, and animals, including humans. Applications of modern biotechnology, especially in the field of medical biotechnology, such as gene therapy, xenotransplantation, and the Human Genome Project. Regulation, prospects, and social impact of biotechnology. Prerequisites: CHEM 2151, CHEM 2152, CHEM 2153, CHEM 2154, BISC 1111 and BISC 1112. Recommended background: BISC 2202 or BISC 2207.

BISC 2580W. Biotechnology. 3 Credits.

Genetic engineering of bacteria, plants, and animals, including humans. Applications of modern biotechnology, especially in the field of medical biotechnology, such as gene therapy, xenotransplantation, and the Human Genome Project. Regulation, prospects, and social impact of biotechnology. Prerequisite: organic chemistry and BISC 1111- BISC 1112 except by permission of the instructor. Recommended: BISC 2202 or BISC 2207.

BISC 2581. Human Gross Anatomy. 3 Credits.

The structural organization of the human body and how it relates to regional and systems-based functions. Emphasis on the macroscopic structure of the body. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor. Same as ANAT 2181.

BISC 2583. Biology of Proteins. 3 Credits.

About half of the proteins in the human genome have unknown functions. Are some related to cancers, muscle degeneration, infectious disease? How can evolutionary relationships among proteins from other organisms help us discover functions of unknown proteins? Laboratory fee. Prerequisite: AP or IB Biology or Chemistry.

BISC 2584. Introduction to Bioinformatics. 3 Credits.

An introduction to the use of computational techniques in molecular biology, genetics, and evolution. Techniques and software for database searching, sequence alignment, gene finding, phylogenetics, genomics, and proteomics. Same as CSCI 3571. Prerequisite: BISC 1111- BISC 1112 except by permission of the instructor.

BISC 3165. Biochemistry I. 3 Credits.**BISC 3166. Biochemistry II. 3 Credits.****BISC 3209. Molecular Biology. 4 Credits.**

Overview of theories, techniques, and procedures associated with molecular biology. The biosynthesis of DNA, RNA, and proteins; relationships among structure, function, and expression; and traditional and modern methods of gene and protein characterization and monitoring. Prerequisites: BISC 1111, BISC 1112, CHEM 1111, and CHEM 1112.

BISC 3210. Nanobiotechnology. 3 Credits.

Theory and application of nanotechnologies in biology and medicine. Strategies for studying the organization, function, and complexity of biological systems at nm scale. Several areas of research are covered, including high-resolution cellular and molecular imaging, spectroscopy, and optical tweezers. Prerequisite: BISC 2202 or BISC 3261 or permission of instructor and BISC 1111- BISC 1112 except by permission of the instructor.

BISC 3211. Nanobiotechnology Laboratory. 1 Credit.

Overview of techniques and approaches to studying complex biological interactions at nm scale. Prerequisite: BISC 3210 or permission of instructor and BISC 1111- BISC 1112 except by permission of the instructor. Laboratory fee.

BISC 3212. Immunology. 3 Credits.

Introduction to mammalian immunology covering the progression of immune responses from initial pathogen contact to immune memory. Applied topics include autoimmunity, transplantation, and the effects of HIV on the immune system. Prerequisite: BISC 2202 and one semester of organic chemistry and BISC 1111- BISC 1112 except by permission of the instructor.; BISC 2207 or BISC 2322 recommended.

BISC 3213. Applied Immunology. 3 Credits.

Overview of current immunologically relevant topics, including autoimmunity, transplantation, cancer, HIV, allergy, vaccines, and immunologically based diagnostics. Prerequisite: BISC 3212 and BISC 1111- BISC 1112 except by permission of the instructor.

BISC 3261. Introductory Medical Biochemistry. 4 Credits.

Introduction to structures of biological macromolecules, enzyme catalysis, cellular bioenergetics, and metabolism. Same as BIOC 3261. Prerequisite: CHEM 2151–CHEM 2152. Credit toward the degree cannot be earned for this course and for CHEM 3165.

BISC 3262. Biochemistry Laboratory. 2 Credits.

Study of common experimental techniques used in life science laboratories to separate and characterize biological macromolecules. Same as BIOC 3262/ CHEM 3262. Prerequisite: BISC 3261 and BISC 1111– BISC 1112 except by permission of the instructor. Laboratory fee.

BISC 3263. Special Topics in Biochemistry. 2 Credits.

In-depth discussion of current biochemically relevant topics, including cancer and HIV chemotherapy, immune response, photosynthesis, signal transduction, hormone regulation and nutrition. Topics vary. Same as BIOC 3263. Prerequisite: BISC 3261 and BISC 1111– BISC 1112 except by permission of the instructor. Credit toward the degree cannot be earned for this course and for CHEM 3166.

BISC 3263W. Special Topics in Biochemistry. 2 Credits.

In-depth discussion of current biochemically relevant topics, including cancer and HIV chemotherapy, immune response, photosynthesis, signal transduction, hormone regulation and nutrition. Topics vary. Same as BIOC 3263. Prerequisite: BISC 3261 and BISC 1111– BISC 1112 except by permission of the instructor. Credit toward the degree cannot be earned for this course and for CHEM 3166.

BISC 3320. Human Neurobiology. 3 Credits.

Introduction to the function of the human nervous system, gross and microscopic structure, and neurophysiology of the brain, spinal cord, and nerves; alterations caused by disease or injury. Prerequisite: BISC 2202 or BISC 3261 and BISC 1111– BISC 1112 except by permission of the instructor.

BISC 3450. Evolutionary Medicine. 3 Credits.

The application of evolutionary principles, including natural selection, adaptation, phylogenetics, and evolutionary constraints, to understanding health, disease, and the biology of disease-causing organisms (viruses, bacteria, and parasites). How natural selection and phylogeny influence pathogen-host interactions, human genetics, immunology, development, cancer, and diseases of senescence. Prerequisites: BISC 1111 and BISC 1112. Recommended background: BISC 2207 and BISC 2450.

BISC 3450W. Evolutionary Medicine. 3 Credits.**BISC 3458. Plant Comparative Structure and Function. 3 Credits.**

Fundamental principles of how organisms are built, investigating trade-offs and coordination in design, how variation in structure influences physiological function in different ecological settings, and how relations among plants shape structure and function and responses to ecological gradients. Prerequisite: BISC 1111– BISC 1112 except by permission of the instructor.

BISC 3459. Field Biology. 4 Credits.

Overview of the approaches and techniques used by contemporary field biologists for cataloging, quantifying, and comparing patterns of biodiversity across plants, animals, and fungi at multiple spatial and temporal scales. Prerequisites: BISC 1111 and BISC 1112. Recommended background: General Ecology (BISC 2454).

BISC 3460. Conservation Biology. 3 Credits.

Theory and practice of conserving biological diversity. Ecological patterns of biodiversity, biology of small populations, and conservation case studies. Use of ecological modeling software to explore various topics. Prerequisite: BISC 2454 or permission of instructor and BISC 1111– BISC 1112 except by permission of the instructor.

BISC 3461. Plant-Animal Interactions. 3 Credits.

Review of the major ecological and evolutionary interactions that occur between plants and animals in natural and managed ecosystems. Prerequisite: BISC 1111– BISC 1112 except by permission of the instructor. BISC 2450 or BISC 2454 recommended.

BISC 3462. Plant¼Animal Interactions Laboratory. 1 Credit.

Field and laboratory study of temperate interactions between plants and animals. Group projects focus on original data collection, analysis, and interpretation. Prerequisite or concurrent registration: BISC 3461 and BISC 1111– BISC 1112 except by permission of the instructor. Laboratory fee.

BISC 3463. Ecological and Evolutionary Genetics. 3 Credits.

An analysis of the ecological and genetic basis of evolutionary change. Topics include the organization and maintenance of genetic variation within and among natural populations, the genetic basis of complex traits, molecular ecology analyses, and genotype by environment interactions. Prerequisite: BISC 2450 or permission of instructor and BISC 1111– BISC 1112 except by permission of the instructor.

BISC 3464. Ecology and Evolution of Societies. 3 Credits.

Study of broadly important ecological and evolutionary patterns and processes exemplified by organisms that have undergone the major evolutionary transition to living in societies. Prerequisites: BISC 1111, BISC 1112. Recommended background: BISC 2454 or BISC 2454W.

BISC 4132. Advanced Cellular-Molecular Biology. 3 Credits.

An advanced cell biology course with emphasis on biochemistry and molecular biology; illustrations are drawn from different organisms and human biology. Oral and written analysis of research literature. For upper-level undergraduates and beginning graduate students. Restricted to Instructor approval required. Recommended background: Six credits in the Cellular and Molecular category.

BISC 4171. Undergraduate Research. 1-12 Credits.

Admission by permission of the staff member concerned. May be repeated for credit. Prerequisite: CHEM 2152 and BISC 1111– BISC 1112 except by permission of the instructor; 16 credit hours in biological science courses. Laboratory fee.

BISC 4171W. Undergraduate Research. 1-12 Credits.

Admission by permission of the staff member concerned. May be repeated for credit. Prerequisite: Chem 2152 and BISC 1111- BISC 1112 except by permission of the instructor; 16 credit hours in biological science courses. Laboratory fee.

BISC 4172. Independent Study. 1-3 Credits.

Prescribed reading list and consultations with staff advisor culminating in a written report and/or examination.

Prerequisite: BISC 1111- BISC 1112 and permission of the instructor.

BISC 4173. Independent Study-Developmental Biology. 2 Credits.**BISC 4174. Independent Study-Organismic Biology. 2 Credits.****BISC 4175. Independent Study-Genetic/Evolutionary Biology. 2 Credits.****BISC 4176. Independent Study-Environmental Bio. 2 Credits.****BISC 4180. Undergraduate Research Seminar. 1 Credit.****BISC 6101. Responsible Research. 1 Credit.**

This course provides an introduction to the ethical, social, and legal foundations of scientific practice. It is intended to provide a forum for graduate students and postdocs to discuss almost every aspect of the academic life of a scientist, except specific disciplinary topics that are treated in regular courses. Ensuring ethical conduct is an essential part of basic, applied, and clinical research, especially in the context of competitive, collaborative, and international settings so common nowadays. Students will be exposed to case studies typifying complex social, ethical, and legal dilemmas that may arise in the conduct of research.

BISC 6102. Scientific Presentation. 1 Credit.

This course allows students to perfect their Scientific Presentation skills. In this course, students will present, in front of peers and faculty, their current research projects and plans for future work leading towards a complete thesis or dissertation. Student presentations will be designed to address a general audience of biologists, containing sufficient background information to provide perspective insights into the fundamental questions being asked, and at the same time providing enough detail on technical issues and analytical procedures to allow evaluation of potential outcomes. The Class will provide a friendly forum for students to collect feedback and comments, to discuss project design, content, and general significance of their research.

BISC 6205. Current Topics in Cell Smith, Donaldson, Eleftherianos, Jeremic. 1-2 Credits.

May be repeated for credit. Prerequisite: BISC 2202 or BISC 3209.

BISC 6206. Current Topics in Evolutionary Ecology. 1-2 Credits.

May be repeated for credit.

BISC 6207. Seminar: Current Topics Clark, Hormiga, Lipscomb, Ortí, Pyron. 1-2 Credits.

Prerequisite: BISC 6210.

BISC 6210. Methods of Study of Evolution. 4 Credits.

A rigorous and up-to-date treatment of the theory and methods of systematics, including phylogenetic inference and its applications in evolutionary biology. Laboratory fee.

Prerequisite: BISC 2450 .

BISC 6211. Biogeography/Coevolution. 4 Credits.

Survey of methods, techniques, and theory in biogeography. Geological and paleontological aspects of biogeography; large-scale biogeographic patterns; speciation and phylogeography. Prerequisite: BISC 2451 or BISC 2452 or permission of the instructor.

BISC 6213. Descriptive Systematics: Documenting Biodiversity. 3 Credits.

Study of those aspects of systematic biology concerned with description and inventory of biodiversity. Prerequisite: BISC 6210.

BISC 6214. The Phylogenetic Basis of Comparative Biology. 3 Credits.

The use of phylogenetic hypotheses to study questions in evolutionary biology and ecology. Prerequisite: BISC 6210; STAT 1127 .

BISC 6215. Vertebrate Phylogeny. 4 Credits.

A survey of vertebrate diversity, emphasizing evolutionary relationships and adaptations of the major groups. Prerequisite: BISC 2450 ; BISC 2332 recommended.

BISC 6216. Morphological Systematics. 4 Credits.

Methods of studying organismal morphology as a means of inferring phylogeny, emphasizing the concept of homology. Laboratory includes techniques of observing, measuring, and imaging morphology in systematic biology, including morphometric methods. Laboratory fee. Prerequisite: BISC 6210 .

BISC 6218. Innate Immunity. 3 Credits.

Discussion of innate immune systems in a wide variety of organisms; from sponges to vertebrates plus higher plants. Prerequisite: BISC 3212; recommended BISC 2202, BISC 2207, BISC 3209, BISC 2330.

BISC 6219. Host-Microbe Interactions. 3 Credits.

Overview of the molecular, genetic, cellular, and physiological basis of symbiotic and pathogenic interactions between plants and invertebrate and vertebrate animals and various microbial organisms, including bacteria, fungi, and viruses. Prerequisites: Microbiology (BISC 2337). Recommended background: Intro to Immunology (BISC 3212); Cell Biology (BISC 2202); Invertebrate Zoology (BISC 2330); Parasitology (BISC 2339), or permission of instructor.

BISC 6224. Molecular Evolution. 3 Credits.

BISC 6225. Molecular Phylogenetics. 4 Credits.

Review of molecular phylogenetic methods including data recovery, alignment, weighting, character optimization, and phylogenetic inference methods. Prerequisite: BISC 2207, BISC 2450, and BISC 6210.

BISC 6227. Seminar: Genetics. 3 Credits.

Review of selected topics in genetics, with emphasis on current literature; topics of special interest to participants encouraged. May be repeated for credit. Prerequisite: BISC 2207.

BISC 6228. Population Genetics. 3 Credits.

Origin, maintenance, and possible significance of genetic variation in populations. Selection, genetic drift, and population structure are emphasized. Both theoretical and applied aspects of population genetics are discussed. Same as FORS 6247. Prerequisite: BISC 2207.

BISC 6230. Human Genetics. 3 Credits.

Genetic mechanisms of transmission and expression of human traits, with emphasis on biochemical and cytogenetic aspects. Prerequisite: BISC 2207; previous course work in cell biology or cell biochemistry strongly recommended.

BISC 6243. Seminar: Ecology. 3 Credits.

In-depth study of selected topics, including reports on original publications. May be repeated for credit. Prerequisite: BISC 2454.

BISC 6249. Seminar: Developmental Biology. 3 Credits.

Discussion and reports on recent research on the endocrinological, genetic, and biochemical aspects of animal development. Prerequisite: a course in developmental biology or cell biology.

BISC 6251. Evolutionary Developmental Biology. 3 Credits.

Developmental mechanisms involved in the morphological changes that occur during the course of evolution.

BISC 6252. Seminar: Neurobiology. 3 Credits.

Study of current publications in functional neurobiology. May be repeated for credit with instructor's permission.

BISC 6274. Gene Regulation and Genetic Engineering. 3 Credits.

The control of gene expression as illustrated by several prokaryotic and eukaryotic model systems: discussions of recombinant DNA techniques. Prerequisite: BISC 2207.

BISC 6275. Introduction to Recombinant DNA Techniques. 3 Credits.

Lecture, 1 hour; laboratory, 4 hours. Basic techniques of genetic manipulation: cloning of genes, transformation of bacteria, PCR procedures, DNA sequencing, and other techniques. Prerequisite: BISC 2202 or BISC 2207 or BISC 2337 and permission of instructor. Laboratory fee.

BISC 6295. Research. 1-12 Credits.

Investigation of special problems. May be repeated for credit.

BISC 6998. Thesis Research. 3 Credits.

BISC 6999. Thesis Research. 3 Credits.

BISC 8998. Advanced Reading & Research. 1-12 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

BISC 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN BIOLOGY

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses: BISC 1111 Introductory Biology: Cells and Molecules and BISC 1112 Introductory Biology: The Biology of Organisms or equivalent.

Required courses in related areas:

CHEM 1111	General Chemistry I
CHEM 1112	General Chemistry II
CHEM 2151	Organic Chemistry I
CHEM 2152	Organic Chemistry II
CHEM 2153	Organic Chemistry Laboratory I
CHEM 2154	Organic Chemistry Laboratory II

One of the following pairs of courses are strongly recommended but not required:

PHYS 1011 & PHYS 1012	General Physics I and General Physics II
PHYS 1021 & PHYS 1022	University Physics I and University Physics II
PHYS 1025 & PHYS 1026	University Physics I with Biological Applications and University Physics II with Biological Applications

3 credits of either mathematics or statistics (strongly recommended)

Required courses for the major—A minimum of 24 credits of upper-division courses, which must include at least 4 credits from each of the following and at least three courses with laboratory:

Cell and molecular biology

BISC 3209	Molecular Biology
BISC 3210	Nanobiotechnology
BISC 3211	Nanobiotechnology Laboratory
BISC 3212	Immunology
BISC 3213	Applied Immunology
BISC 3261	Introductory Medical Biochemistry
BISC 3262	Biochemistry Laboratory
BISC 3263	Special Topics in Biochemistry
BISC 3263W	Special Topics in Biochemistry
BISC 2202	Cell Biology
BISC 2207	Genetics
BISC 2208	Genetics Laboratory
BISC 2213	Biology of Cancer
BISC 2214	Developmental Biology
BISC 2220	Developmental Neurobiology
Suborganismal and organismal biology	
BISC 2318	Histology
BISC 2320	Neural Circuits and Behavior
BISC 2322	Human Physiology
BISC 2322W	Human Physiology
BISC 2323	Human Physiology Laboratory
BISC 2330	Invertebrate Zoology
BISC 2332	Comparative Vertebrate Anatomy
BISC 2333	Evolution and Extinction of Dinosaurs
BISC 2334	Integrative Biology of Fishes
BISC 2337	Introductory Microbiology
BISC 2337W	Introductory Microbiology
BISC 2339	Parasitology
BISC 3320	Human Neurobiology
BISC 3321	Comparative Endocrinology
BISC 3325	Environmental Physiology
Ecology and evolution	

BISC 2450	Organic Evolution
BISC 2451	History of Life
BISC 2452	Animal Behavior
BISC 2454	General Ecology
BISC 2454W	General Ecology
BISC 3458	Plant Comparative Structure and Function
BISC 3460	Conservation Biology
BISC 3461	Plant-Animal Interactions
BISC 3462	Plant/Animal Interactions Laboratory
BISC 3463	Ecological and Evolutionary Genetics

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;

- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 174)
- Global or Cross-Cultural (p. 174)
- Humanities (p. 177)
- Local/Civic Engagement (p. 177)
- Mathematics or Statistics (p. 180)
- Natural or physical laboratory sciences (p. 180)
- Oral Communication (p. 181)
- Social Sciences (p. 182)
- Writing (p. 183)

Arts

BACHELOR OF SCIENCE WITH A MAJOR IN BIOLOGY

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses: BISC 1111 Introductory Biology: Cells and Molecules and BISC 1112 Introductory Biology: The Biology of Organisms or equivalent.

Required courses in related areas:

CHEM 1111 & CHEM 1112 General Chemistry I and General Chemistry II

CHEM 2151 & CHEM 2152 Organic Chemistry I and Organic Chemistry II

CHEM 2153 & CHEM 2154 Organic Chemistry Laboratory I and Organic Chemistry Laboratory II

One of the following:

PHYS 1011 & PHYS 1012 General Physics I and General Physics II

PHYS 1021 & PHYS 1022 University Physics I and University Physics II

PHYS 1025 & PHYS 1026 University Physics I with Biological Applications and University Physics II with Biological Applications

3 credits of either mathematics or statistics (this requirement cannot be satisfied by waiver)

Two years of an approved foreign language are strongly recommended but not required

Required courses for the major—A minimum of 30 credits of upper-division courses, which must include at least 4 credits from each of the following and at least three courses with laboratory:

Cell and molecular biology

BISC 2202 Cell Biology

BISC 2207 Genetics

BISC 2208 Genetics Laboratory

BISC 2213 Biology of Cancer

BISC 2214 Developmental Biology

BISC 3209 Molecular Biology

PSYC 2015	Biological Psychology *
SMPA 1050	Media in a Free Society
SMPA 2101	Journalism: Theory & Practice
SMPA 2102	Introduction to Political Communication

Writing

UW 1020	University Writing
or HONR 1015	Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought

[back to top \(p. 62\)](#)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must maintain a cumulative 3.5 grade-point average in biological sciences courses and at least a 3.0 cumulative overall grade-point average. Students who meet these criteria and wish to pursue special honors must complete an approved research project under faculty direction.

BISC 3210	Nanobiotechnology
BISC 3211	Nanobiotechnology Laboratory
BISC 3212	Immunology
BISC 3213	Applied Immunology
BISC 3261	Introductory Medical Biochemistry
BISC 3262	Biochemistry Laboratory
BISC 3263	Special Topics in Biochemistry
BISC 3263W	Special Topics in Biochemistry
Suborganismal and organismal biology	
BISC 2318	Histology
BISC 2320	Neural Circuits and Behavior
BISC 2322	Human Physiology
BISC 2322W	Human Physiology
BISC 2323	Human Physiology Laboratory
BISC 2330	Invertebrate Zoology
BISC 2332	Comparative Vertebrate Anatomy
BISC 2333	Evolution and Extinction of Dinosaurs
BISC 2334	Integrative Biology of Fishes
BISC 2337	Introductory Microbiology
BISC 2337W	Introductory Microbiology
BISC 2339	Parasitology
BISC 3320	Human Neurobiology
BISC 3321	Comparative Endocrinology
BISC 3325	Environmental Physiology
Ecology and evolution	
BISC 2450	Organic Evolution
BISC 2451	History of Life
BISC 2452	Animal Behavior
BISC 2454	General Ecology
BISC 2454W	General Ecology
BISC 3458	Plant Comparative Structure and Function
BISC 3460	Conservation Biology

BISC 3461	Plant-Animal Interactions
BISC 3462	Plant ³ / ₄ Animal Interactions Laboratory
BISC 3463	Ecological and Evolutionary Genetics

A maximum of 6 credits of research and independent study in biological sciences may be used as electives within the major.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,

- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 185)
- Global or Cross-Cultural (p. 185)
- Humanities (p. 188)
- Local/Civic Engagement (p. 185)
- Mathematics or Statistics (p. 191)
- Natural or physical laboratory sciences (p. 191)
- Oral Communication (p. 192)
- Social Sciences (p. 193)
- Writing (p. 194)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with special honors, a student must maintain a cumulative 3.5 grade-point average in biological sciences courses and at least a 3.0 cumulative overall grade-point average. Students who meet these criteria and wish to pursue special honors must complete an approved research project under faculty direction.

COMBINED PROGRAM

REQUIREMENTS

The Department of Biological Sciences offers a combined Bachelor of Science/Master of Science degree program in the field of biological sciences. The program allows students to take a specified number of graduate credits as part of their undergraduate degree, thereby decreasing the number of credits normally required for the master's degree.

Students interested in the combined degree program should confer with the department's graduate advisor early in their junior year. For more information visit the program website (<http://biology.columbian.gwu.edu/undergraduate-degree-programs-syllabi>).

MINOR IN BIOLOGY

REQUIREMENTS

Prerequisites:

BISC 1111	Introductory Biology: Cells and Molecules
BISC 1112	Introductory Biology: The Biology of Organisms

Required:

12 credits of BISC courses at the 2000-3000 level

MASTER OF SCIENCE IN THE FIELD OF BIOLOGICAL SCIENCES

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

30 credits, including 24 credits in approved course work and 6 credits in thesis; or, with departmental approval, 36 credits in approved course work without thesis. All students must pass a Master's Comprehensive Exam.

DOCTOR OF PHILOSOPHY IN THE FIELD OF BIOLOGICAL SCIENCES

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

The required curriculum as outlined below:

The program of study and fields of study are determined in consultation with an advisory committee appointed for each candidate.

Major research fields

- Cell and molecular biology
- Systematics

- Evolution
- Ecology

BIOMEDICAL SCIENCES

The interdisciplinary doctoral programs in the biomedical sciences are organized within the Institute for Biomedical Sciences. The first full year of study toward the Ph.D. programs in biochemistry and systems biology, microbiology and immunology, and molecular medicine is offered through the Institute. All programs are taken on a full-time basis. Faculty are drawn from the Columbian College of Arts and Sciences and the School of Medicine and Health Sciences, including scientists from the Children's Research Institute of Children's National Health System.

Students are admitted directly into the Institute for Biomedical Sciences through the Columbian College of Arts and Sciences. At the end of the first year of study, a student selects one of the three Ph.D. fields (i.e., biochemistry and systems biology, microbiology and immunology, or molecular medicine) and completes remaining degree requirements in the selected program.

GRADUATE

Doctoral programs

- Doctor of Philosophy in the field of biochemistry and systems biology (p. 195)
- Doctor of Philosophy in the field of microbiology and immunology (p. 196)
- Doctor of Philosophy in the field of molecular medicine (p. 197)

FACULTY

Committee on Biomedical Sciences L. Werling (Director), A. Chiaramello, A. Colberg-Poley, R.P. Donaldson, V. Gallo, E. Hoffman, A. Jeremic, D. Mendelowitz, N. Lee, D. Leitenberg, M. Rose

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office
- Biomedical Sciences (BMSC) (p. 1507)
- Microbiology (MICR) (p. 1719)

- Molecular Medicine (MMED) (p. 1719)
- Pharmacology (PHAR) (p. 1732)

DOCTOR OF PHILOSOPHY IN THE FIELD OF BIOCHEMISTRY AND SYSTEMS BIOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: A bachelor's degree in biological sciences, chemistry, or a related field.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

The biomedical sciences core curriculum consists of:

BMSC 8210	Genes to Cells
BMSC 8212	Developmental Cell Biology and Systems Physiology
BMSC 8216	Career Skills for the Biomedical Sciences
BMSC 8217	Career Skills for the Biomedical Sciences
BMSC 8218	Career Skills for the Biomedical Sciences
3 credits of the following:	
BMSC 8215	Lab Rotations

Coursework must include:

Biomedical sciences core curriculum	
BMSC 8230	Molecular Basis of Human Disease
BMSC 8231	Advanced Proteomics Methods and Applications
BMSC 8233	Integrative Bioinformatics
BMSC 8234	Seminar in Systems Biology
Recommended electives include:	
PHAR 6205	Pharmacology

BIOC 6234 Biochemical and Bioinformatic Approaches to Protein Structure and Function

MMED 8281 Molecular Pharmacology and Neurobiology of Excitable Tissues

MICR 6230 Molecular & Cellular Immunology

BMSC 8235 Applied Biostatistics for Basic Research

MICR 8210 Infection and Immunity

MICR 8230 Molecular and Cellular Immunology

One approved statistics course

One of the following courses

ANAT 6160 Clinically Oriented Human Functional Neuroanatomy

BMSC 8230 Molecular Basis of Human Disease

PHAR 6116 Pharmacogenomics and Personalized Medicine

Minimum 24 credits in elective courses

Recommended electives include:

BIOC 6234 Biochemical and Bioinformatic Approaches to Protein Structure and Function

BMSC 8231 Advanced Proteomics Methods and Applications

BMSC 8233 Integrative Bioinformatics

MICR 6212 Pathogenic Bacteriology

MICR 6233 Virology

MICR 6236 Fdmntls/Geonomics&Proteomics I

MICR 8270 Advanced Topics in Immunology

MICR 8998 Advanced Reading and Research

MMED 8221 The Basic Science of Oncology

MMED 8222 Molecular Oncology

Minimum 12 credits in

MICR 8999 Dissertation Research

Research fields

- Molecular basis of inherited muscle and CNS disease utilizing DNA gene chip technology
- Genomic, epigenetic, metabolomic, and bioinformatic analyses
- Biomarkers
- Mechanistic pathways, genomics, proteomics, clinical medicine
- Autoimmune and inflammatory responses in disease
- Co-regulator biology
- Cancer

DOCTOR OF PHILOSOPHY IN THE FIELD OF MICROBIOLOGY AND IMMUNOLOGY

REQUIREMENTS

The following requirements must be fulfilled: Curriculum requirements listed below and all other requirements for the Doctor of Philosophy Program (p. 70).

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Core curriculum

BMSC 8210 Genes to Cells

BMSC 8212 Developmental Cell Biology and Systems Physiology

BMSC 8216 Career Skills for the Biomedical Sciences

BMSC 8217 Career Skills for the Biomedical Sciences

BMSC 8218 Career Skills for the Biomedical Sciences

3 credits in

BMSC 8215 Lab Rotations

Microbiology and immunology courses

Research fields

- Inflammatory responses
- Tumor immunology
- Vaccines
- Host- pathogen interaction
- Asthma
- Allergy
- Molecular virology
- Parasitology
- HIV

DOCTOR OF PHILOSOPHY IN THE FIELD OF MOLECULAR MEDICINE

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

Prerequisite: a bachelor's degree in chemistry, biological sciences, or an approved related field.

The biomedical sciences core curriculum:

BMSC 8210 Genes to Cells

BMSC 8212 Developmental Cell Biology and Systems Physiology

BMSC 8216 Career Skills for the Biomedical Sciences

BMSC 8217 Career Skills for the Biomedical Sciences

BMSC 8218 Career Skills for the Biomedical Sciences

3 credits of the following:

BMSC 8215 Lab Rotations

Neuroscience specialization:

First-year required courses

ANAT 6160 Clinically Oriented Human Functional Neuroanatomy

and one of the following:

BMSC 8230 Molecular Basis of Human Disease

PHAR 6116 Pharmacogenomics and Personalized Medicine

MICR 8210 Infection and Immunity

Second-year required courses

MMED 8214 Molecular Medicine Seminar (taken twice)

MMED 8281 Molecular Pharmacology and Neurobiology of Excitable Tissues

MMED 8282 Neural Development and Neurodevelopmental Disorders

MMED 8283 Current Topics in Neuroscience

Elective courses

MMED 8221 The Basic Science of Oncology

MMED 8222 Molecular Oncology

PHAR 6205 Pharmacology

MMED 8998 Advanced Reading and Research

Oncology specialization:

First-year required courses

Two of the following

BMSC 8230 Molecular Basis of Human Disease

PHAR 6116 Pharmacogenomics and Personalized Medicine

MICR 8210 Infection and Immunity

ANAT 6160 Clinically Oriented Human Functional Neuroanatomy

Second-year required courses

MMED 8214 Molecular Medicine Seminar (taken twice)

MMED 8221 The Basic Science of Oncology

MMED 8222 Molecular Oncology

Elective courses

MMED 8281 Molecular Pharmacology and Neurobiology of Excitable Tissues

MMED 8282 Neural Development and Neurodevelopmental Disorders

MMED 8283 Current Topics in Neuroscience

MMED 8999 Dissertation Research

PHAR 6205 Pharmacology

Pharmacology specialization:

First-year required courses

PHAR 6116 Pharmacogenomics and Personalized Medicine

One of the following

BMSC 8230 Molecular Basis of Human Disease

MICR 8210 Infection and Immunity

ANAT 6160 Clinically Oriented Human Functional Neuroanatomy

Second-year required courses

MMED 8214 Molecular Medicine Seminar (taken twice)

PHAR 6205 Pharmacology

Elective courses

MMED 8281 Molecular Pharmacology and Neurobiology of Excitable Tissues

MMED 8282 Neural Development and Neurodevelopmental Disorders

MMED 8283 Current Topics in Neuroscience

MMED 8221 The Basic Science of Oncology

MMED 8222 Molecular Oncology

MMED 8998 Advanced Reading and Research

Electives for all specializations

BMSC 8231 Advanced Proteomics Methods and Applications

BMSC 8233 Integrative Bioinformatics

BMSC 8234 Seminar in Systems Biology

BMSC 8235 Applied Biostatistics for Basic Research

BMSC 8237 Muscle: Health and Disease

MICR 6212 Pathogenic Bacteriology

MICR 6230 Molecular & Cellular Immunology

MICR 6233 Virology

MICR 6236 Fdmtls/Genomics&Proteomics I

MICR 8270 Advanced Topics in Immunology

HSCI 6263 Biostatistics Transl Research

PHAR 6206 Advanced Pharmacology

Research fields

- Neuroscience—developmental neurobiology, neurodevelopmental disorders, white matter diseases, neurobehavioral disorders of childhood, brain injury and

recovery, sensory processing, neurotransmitter systems, neurological channelopathies

- Oncology— cancer chemotherapy and mechanisms of resistance, tumor cell biology and metabolism, gene regulation, oncogenes and tumor suppressor genes, growth factors, immunotherapy, development of immunological and molecular markers for diagnosis and detection, tumor immunology, epidemiology and prevention, cancer and AIDS, mechanisms of metastasis, transgenic models of cancer, genomics and proteomics
- Pharmacology—neuropharmacology, cardiovascular physiology and pharmacology, biochemical and molecular pharmacology, molecular, genomic, and computational approaches for elucidating genetic networks underlying disease processes, such as cancer progression (i.e., metastatic potential, epithelial-mesenchymal transition)

BIostatistics

The Columbian College of Arts and Sciences offers the degrees of Master of Science and Doctor of Philosophy in the field of biostatistics. The School of Public Health and Health Services collaborates with the Department of Statistics and the Biostatistics Center in these degree programs.

GRADUATE

Master's program

- Master of Science in the field of biostatistics (p. 199) (Jointly administered by the Department of Statistics in CCAS and the Department of Epidemiology and Biostatistics in SPH)

Doctoral program

- Doctor of Philosophy in the field of biostatistics (p. 200) (Jointly administered by the Department of Statistics in CCAS and the Department of Epidemiology and Biostatistics in SPH)

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

BIOS 6295. Reading and Research. 1-12 Credits.

May be repeated for credit.

BIOS 6998. Thesis Research. 3 Credits.

BIOS 6999. Thesis Research. 3 Credits.

BIOS 8998. Advanced Reading and Research. 1-12 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

BIOS 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

MASTER OF SCIENCE IN THE FIELD OF BIostatISTICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Minimum Prerequisite Courses for Admission Consideration (or equivalents to these GW courses)

The courses listed below (or equivalents) are prerequisites for admission consideration, and **MUST** appear on your transcript. Submit your MS Biostatistics program admission application only after you have completed all of the following courses:

MATH 1231 Single-Variable Calculus I

MATH 1232 Single-Variable Calculus II

STAT 2118 Regression Analysis

Additional Course Requirements

The courses listed below are "Additional Course Requirements." Applicants lacking these courses (or equivalents to these GW courses) will be considered for admission, but, if admissible, will be admitted conditionally with the expectation that these courses will be satisfactorily completed within two semesters following matriculation in the program. These credits do not count as credit toward the 33 credit graduation requirement, nor are grades earned in these additional courses reflected in the overall grade point average.

MATH 2184 Linear Algebra I

MATH 2233 Multivariable Calculus

One of the following:

STAT 1129 Introduction to Computing

STAT 2183 Intermediate Stat Lab/Packages

PUBH 6249

StatPackages/DataMgt&DataAnlys

Program Requirements

Required core courses:

Required statistics core courses:

STAT 6201 Mathematical Statistics I

STAT 6202 Mathematical Statistics II

STAT 6210 Data Analysis

STAT 6227 Survival Analysis

PUBH 6265 Design of Medical Studies

PUBH 6266 Biostatistical Methods (Basis for Master's Comprehensive Examination)

Required public health core courses:

PUBH 6001 Biological Concepts/Public Hlth

PUBH 6003 Prin & Practice/Epidemiology

PUBH 6299 Topics in Epi/Bio

Approved elective courses:

6 credits from the following:

Approved statistics elective courses:

STAT 3187 Introduction to Sampling

STAT 4181 Applied Time Series Analysis

STAT 4188 Nonparametric Stat Inference

STAT 6215 Applied Multivariate Analysis I

STAT 6216 Applied Multivariate Analysis II

STAT 6217 Design of Experiments

STAT 6223 Bayesian Statistics: Theory and Applications

STAT 6231 Contingency Table Analysis

STAT 6242 Regression Graphics/Nonparametric Regression

STAT 6287 Modern Theory of Sample Surveys

STAT 8226 Advanced Biostatistical Methods

STAT 8265 Multivariate Analysis

STAT 8273 Stochastic Processes I

STAT 8281 Advanced Time Series Analysis

STAT 8288 Modern Theory/Sample Surveys

Approved public health elective courses:

PUBH 6004 Environmental and Occupational Health
in a Sustainable World

PUBH 6006 Mgt & Policy Approaches to PH

PUBH 6121 Environmental and Occupational
Epidemiology

PUBH 6242 ClinicalEpid&Decision Analysis

PUBH 6244 Cancer Epidemiology

PUBH 6245 InfectiousDisease Epidemiology

PUBH 6246 InjuryEpidemiology&Prevention

PUBH 6248 EpidMethods/OlderPopulations

PUBH 6250 Epidemiology of HIV/AIDS

Consulting

PUBH 6258 Adv Topics/Biostat Consulting

PUBH 6283 Biostatistics Consulting Practicum

MATH 1232 Single-Variable Calculus II

STAT 2118 Regression Analysis

MATH 2233 Multivariable Calculus

Additional course requirements* (or equivalents to these GW courses):

MATH 2184 Linear Algebra I

One of the following:

STAT 1129 Introduction to Computing

STAT 2183 Intermediate Stat Lab/Packages

PUBH 6249 StatPackages/DataMgt&DataAnlys

* Applicants lacking these courses (or equivalents to these GW courses) will be considered for admission, but, if admissible, will be admitted conditionally with the expectation that these courses will be satisfactorily completed within two semesters following matriculation in the program. These credits do not count as credit toward the 72-credit graduation requirement nor are grades earned in additional courses reflected in the overall grade-point average.

Ph.D. in the field of biostatistics degree requirements: 72 credits of coursework and research, with a minimum of 51 credits of courses and a minimum of 12 credits of dissertation research.

Required statistics and public health core courses:

Required statistics core courses: 27 credits

STAT 6201 Mathematical Statistics I

STAT 6202 Mathematical Statistics II (*
Comprehensive Exam)

STAT 6210 Data Analysis

STAT 6213 Intermediate Probability and Stochastic
Processes (* Comprehensive Exam)

PUBH 8365 Design of Medical Studies

PUBH 8366 Biostatistical Methods (*
Comprehensive Exam)

STAT 8226 Advanced Biostatistical Methods

STAT 6227 Survival Analysis

STAT 8263 Advanced Statistical Theory I

Required public health core courses: 12 credits

The Master's Comprehensive Examination

The Master's Comprehensive Examination is a written comprehensive examination in the field of Biostatistics and is based on the course content PUBH 6266 Biostatistical Methods. It is administered by the faculty from the Department of Epidemiology and Biostatistics in the Milken Institute School of Public Health.

DOCTOR OF PHILOSOPHY IN THE FIELD OF BIOSTATISTICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

Undergraduate course requirements (or equivalents to these GW courses) for admission consideration:

MATH 1231 Single-Variable Calculus I

PUBH 6001	Biological Concepts/Public Hlth
PUBH 6003	Prin & Practice/Epidemiology
PUBH 6121	Environmental and Occupational Epidemiology
One of the following:	
PUBH 6299	Topics in Epi/Bio
PUBH 6007	Social & Behavior Appr-Pub.Hlth
or PUBH 6006	Mgt & Policy Approaches to PH
PUBH 6006	Mgt & Policy Approaches to PH
9 credits from the following approved elective courses:	
Approved statistics elective courses (at least 3 credits must be taken from among the first 3 courses noted below):	
STAT 6214	Applied Linear Models
STAT 6231	Contingency Table Analysis
STAT 8262	Nonparametric Inference
STAT 6207	Methods of Statistical Computing I
STAT 6208	Methods of Statistical Computing II
STAT 6215	Applied Multivariate Analysis I
STAT 6216	Applied Multivariate Analysis II
STAT 6217	Design of Experiments
STAT 6218	Linear Models
STAT 6223	Bayesian Statistics: Theory and Applications
STAT 6242	Regression Graphics/Nonparametric Regression
STAT 6287	Modern Theory of Sample Surveys
STAT 6289	Topics in Statistics
STAT 8257	Probability
STAT 8258	Distribution Theory
STAT 8263	Advanced Statistical Theory I
STAT 8264	Advanced Statistical Theory II
STAT 8265	Multivariate Analysis
STAT 8273	Stochastic Processes I
STAT 8274	Stochastic Processes II

STAT 8281	Advanced Time Series Analysis
STAT 8288	Modern Theory/Sample Surveys
BIOS 8998	Advanced Reading and Research (see advisor)

Approved public health elective courses:

PUBH 6242	Clinical Epid & Decision Analysis (recommended)
PUBH 6245	Infectious Disease Epidemiology
PUBH 8419	Measurement in Public Health & Health Services

Consulting:

Note: May be waived by the Biostatistics Program Director, based on written documentation of prior equivalent coursework or relevant work experience. Waiver of the consulting course increases the total number of electives by the number of consulting credits waived.

PUBH 6258	Adv Topics/Biostat Consulting
PUBH 6283	Biostatistics Consulting Practicum

Dissertation research:

12-24 credits of the following:

BIOS 8999	Dissertation Research
-----------	-----------------------

General and final examinations

The General Examination is given in two parts:

- Part I is a written comprehensive examination based on the course content of STAT 6202 Mathematical Statistics II, STAT 6213 Intermediate Probability and Stochastic Processes (administered by faculty of the Department of Statistics), and PUBH 6266 Biostatistical Methods (administered by the faculty of the Department of Epidemiology and Biostatistics). Students are expected to take the comprehensive examination within 24 months from the date of enrollment in the program. In addition, students are required to make up any deficiencies prior to taking the examination, e.g., by enrolling in appropriate master's-level courses as needed. A student who fails to pass the comprehensive examination may, with the approval of the faculty, repeat the examination the following year. Failure on the second attempt will result in termination from the Ph.D. program.
- Part II, the research proposal, consists of an oral examination based on a written dissertation research proposal. As soon as feasible after successful completion of the comprehensive exam, students are encouraged to identify a dissertation advisor and a topic of research. The written dissertation proposal is then submitted to

the student's Dissertation Research Committee, and the student will make an oral presentation of his or her proposal to the Committee. The Committee will determine the student's readiness to pursue and successfully complete the proposed research, in addition to the appropriateness of the specific problem for dissertation-level research.

Upon successful completion of the required coursework and both parts of the General Examination, the candidate will generally be recommended to the Associate Dean for Graduate Affairs of The Columbian College of Arts and Sciences (CCAS) for promotion to Ph.D. Candidacy: the dissertation research. A candidate must file an approved dissertation research plan with the CCAS before being admitted to Ph.D. Candidacy. Prior to completion of the General Examination, a student may register for at most 6 credits of BIOS 8999 Dissertation Research.

Consult with the biostatistics program director or academic advisor for the dissertation guidelines.

Professional enhancement requirement: 8 hours

Professional enhancement activities supplement the academic curriculum and help prepare students to participate actively in the professional community. They enhance practical knowledge and awareness of public health issues – either in general or in a student's specific area of study.

Students can fulfill this requirement by attending workshops, seminars, or other relevant professional meetings, which are often held at SPH and in the metropolitan Washington, DC area. Examples of conference sponsors include the National Academy for State Health Policy, the Pan American Health Organization, the American Public Health Association, the American College of Healthcare Executives, the Area Health Education Center, the American College of Sports Medicine, and the National Athletic Trainer's Association. Opportunities for professional enhancement are regularly publicized via the SPH Listserv and through the department or the biostatistics academic advisor.

Students must submit documentation of professional enhancement activities to the biostatistics academic advisor, which includes a **prior** approval, a description of the program agenda, and proof of attendance before applying for graduation.

CHEMISTRY

Part of the Columbian College of Arts and Sciences, the Chemistry Department has a history that traces back to the very founding of the University. Bridging the sciences of biology and geology and the science of physics, chemistry is the central science that studies the composition, structure, properties, and behavior of matter at a molecular level. The department has a proud tradition of innovation and engagement in teaching, research, and service to its discipline. An intimate, stimulating

intellectual environment of chemistry and interdisciplinary research and scholarship pervades the department, engaging students and faculty in a collaborative setting to address research problems of contemporary importance, focusing on biomolecular chemistry, energy and the environment, and materials chemistry.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in chemistry (p. 206)
- Bachelor of Science with a major in chemistry (p. 217)
- Combined Bachelor of Science with a major in chemistry/ Master of Forensic Sciences with a concentration in forensic chemistry (p. 230)

Minor

- Minor in chemistry (p. 230)

GRADUATE

Master's programs

- Master of Science in the field of chemistry (p. 231)
- Master of Science in the field of environmental and green chemistry (p. 231) (p. 231)

Doctoral program

- Doctor of Philosophy in the field of chemistry (p. 232)

FACULTY

Professors C.L. Cahill, M. King (Chair), S. Licht, J.H. Miller, D.E. Ramaker (Research), A. Vertes

Associate Professors M.A. Massiah, V. Sadtchenko, H.H. Teng, M.J. Wagner, M.G. Zysmilich

Assistant Professors H. Chen, C.S. Dowd, S. Gillmor, L.M. McClary, P. Nemes, A.M. Voutchkova

Professorial Lecturers E. Libelo, C. Woytowicz

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

CHEM 1000. Dean's Seminar. 3 Credits.

Contemporary topics in chemistry.

CHEM 1003. Contemporary Science for Nonscience Majors. 3 Credits.

Contemporary topics in physical, biological, and medical science. Chem 1003 is not prerequisite to Chem 1004. Laboratory fee.

CHEM 1004. Contemporary Science for Nonscience Majors. 3 Credits.

Continuation of CHEM 1003. Contemporary topics in physical, biological, and medical science. Chem 1003 is not prerequisite to Chem 1004. Laboratory fee.

CHEM 1111. General Chemistry I. 4 Credits.

Atomic structure and properties; stoichiometry; gas, liquid, and solid state; chemical bonding; solutions; chemical kinetics and equilibria; thermodynamics; acids and bases; electrochemistry; descriptive chemistry. Prerequisite: one year of high school algebra. Laboratory fee.

CHEM 1112. General Chemistry II. 0-4 Credits.

Continuation of CHEM 1111. Atomic structure and properties; stoichiometry; gas, liquid, and solid state; chemical bonding; solutions; chemical kinetics and equilibria; thermodynamics; acids and bases; electrochemistry; descriptive chemistry. Prerequisite: CHEM 1111. Laboratory fee.

CHEM 2010. History of Chemistry. 2,3 Credits.**CHEM 2085. Environmental Chemistry. 3 Credits.**

Chemistry and physics of the environment, with emphasis on water and air pollution; environmental analysis and modeling and their limitations.

CHEM 2122. Introductory Quantitative Analysis. 3 Credits.

Theory and practice of quantitative analysis by modern methods; evaluation of analytical data emphasizing detection and correction of experimental errors. Correlated with CHEM 2123. Prerequisite: CHEM 1112.

CHEM 2123. Introductory Quantitative Analysis Laboratory. 1 Credit.

Laboratory complement to CHEM 2122. Prerequisite or concurrent registration: CHEM 2122. Laboratory fee.

CHEM 2123W. Introductory Quantitative Analysis Laboratory. 1 Credit.

Laboratory complement to CHEM 2122. Prerequisite or concurrent registration: CHEM 2122. Laboratory fee.

CHEM 2151. Organic Chemistry I. 3 Credits.

Systematic treatment of the structure, preparation, properties, and reactions of the principal classes of organic compounds. Fundamental principles of stereochemistry, reaction mechanisms, and spectroscopic methods of analysis. Prerequisite to CHEM 2151: CHEM 1112.

CHEM 2152. Organic Chemistry II. 3 Credits.

Continuation of CHEM 2151. Systematic treatment of the structure, preparation, properties, and reactions of the principal classes of organic compounds. Fundamental principles of stereochemistry, reaction mechanisms, and spectroscopic methods of analysis. Prerequisite to CHEM 2152: CHEM 2151.

CHEM 2153. Organic Chemistry Laboratory I. 1 Credit.

Laboratory complement of CHEM 2151. Introduction to and practice in basic skills of synthesis, separation, purification, and identification of organic compounds. Prerequisite or concurrent registration: CHEM 2151. Laboratory fee.

CHEM 2154. Organic Chemistry Laboratory II. 1 Credit.

Continuation of CHEM 2153. Laboratory complement of CHEM 2152. Introduction to and practice in basic skills of synthesis, separation, purification, and identification of organic compounds. Prerequisite or concurrent registration: CHEM 2152. Prerequisite: CHEM 2153. Laboratory fee.

CHEM 3140. Geochemistry. 3 Credits.

Chemical systems and processes on the planet Earth; origins and interactions among and within the Earth's lithosphere, oceans, and atmosphere; origin, distribution, and behavior of the elements; radioactive and stable isotope systems. Aqueous geochemistry; geochemical cycles. Same as GEOL 3140. Prerequisite: GEOL 1001 or GEOL 1005; CHEM 1111-CHEM 1112.

CHEM 3143. Aqueous Geochemistry. 3 Credits.

Same as Geol 143.

CHEM 3165. Biochemistry I. 3 Credits.

Introduction to the chemistry of living cells; structure and function of proteins, lipids, carbohydrates, and nucleic acids; enzyme structure, mechanism, and regulation. Prerequisite: CHEM 2151; credit toward the degree cannot be earned for CHEM 3165 and for BIOC 3261/ BISC 3261.

CHEM 3166. Biochemistry II. 3 Credits.

Continuation of CHEM 3165. Introduction to the chemistry of living cells; structure and function of proteins, lipids, carbohydrates, and nucleic acids; enzyme structure, mechanism, and regulation. CHEM 3165 is prerequisite to CHEM 3166. Credit toward the degree cannot be earned for CHEM 3166 and for BIOC 3263/ BISC 3263.

CHEM 3166W. Biochemistry II. 3 Credits.

Continuation of CHEM 3165. Introduction to the chemistry of living cells; structure and function of proteins, lipids, carbohydrates, and nucleic acids; enzyme structure, mechanism, and regulation. CHEM 3165 is prerequisite to CHEM 3166. Credit toward the degree cannot be earned for CHEM 3166 and for BIOC 3263/ BISC 3263.

CHEM 3170. Introduction to Physical Chemistry. 3 Credits.

Thermodynamics, chemical and physical equilibria, kinetics, and spectroscopy. Examples taken from biological systems. Not open to chemistry majors. May not be taken for credit by students who have received credit for CHEM 3171- CHEM 3172 or an equivalent course. Prerequisites: CHEM 1111- CHEM 1112; MATH 1231; PHYS 1012 or PHYS 1022 or PHYS 1026; or permission of instructor.

CHEM 3171. Physical Chemistry I. 3 Credits.

Gas laws, chemical thermodynamics, chemical equilibrium, kinetics, quantum chemistry, atomic and molecular spectra, structure of solids, liquids, and macromolecules. Prerequisite: CHEM 1112; MATH 1231; PHYS 1022; or permission of instructor.

CHEM 3172. Physical Chemistry II. 3 Credits.

Continuation of CHEM 3171. Gas laws, chemical thermodynamics, chemical equilibrium, kinetics, quantum chemistry, atomic and molecular spectra, structure of solids, liquids, and macromolecules. Prerequisite: CHEM 3171.

CHEM 3173. Physical Chemistry Laboratory. 2 Credits.

Laboratory complement to CHEM 3171. Prerequisite or concurrent registration: CHEM 2123, CHEM 3171. Laboratory fee.

CHEM 3262. Biochemistry Laboratory. 2 Credits.

Study of common experimental techniques used in life science laboratories to separate and characterize biological macromolecules. Same as BIOC 3261/ BISC 3261. Prerequisite: CHEM 3165 or BIOC 3261/ BISC 3261. Laboratory fee.

CHEM 3263W. Special Topics in Biochemistry. 2 Credits.**CHEM 3564. Lipid Biotechnology. 0-2 Credits.**

Study of common experimental techniques used in life science laboratories to separate and characterize biological macromolecules. Same as BIOC 3261/ BISC 3261. Prerequisite: CHEM 3165 or BIOC 3261/ BISC 3261. Laboratory fee.

CHEM 4113. Chemical Instrumentation. 3 Credits.

Electronic analog measurements and control of electrical quantities in chemical instrumentation; digital and analog data conversion and optimization of electronic measurements in chemical instrumentation; computer interfacing and programming using PC-based systems. Prerequisite: CHEM 3172 and CHEM 4122. Laboratory fee.

CHEM 4122. Instrumental Analytical Chemistry. 3 Credits.

Theory of instrumental methods in qualitative and quantitative analysis, determination of structure, with emphasis on atomic and molecular spectrophotometry, infrared spectroscopy, nuclear magnetic resonance, mass spectrometry, chromatography, and electroanalysis. Prerequisite or concurrent registration: CHEM 3171 or permission of instructor. Correlated with CHEM 4123.

CHEM 4123. Instrumental Analytical Chemistry Laboratory. 2 Credits.

Laboratory complement to CHEM 4122. Prerequisite or concurrent registration: CHEM 3171 and CHEM 4122. Laboratory fee.

CHEM 4134. Descriptive Inorganic Chemistry. 3 Credits.

Emphasis on periodic trends and structure and reactivity of transitional metal complexes. Prerequisite: CHEM 2122.

CHEM 4195. Undergraduate Research. 1-3 Credits.

Research on problems approved by the staff. Approval must be obtained prior to registration. A final written report on the work is required. For students requesting Special Honors in chemistry, a poster or oral presentation is also required. May be repeated for credit. Majors are encouraged to take the course for two semesters. Laboratory fee.

CHEM 4195W. Undergraduate Research. 1-3 Credits.

Research on problems approved by the staff. Approval must be obtained prior to registration. A final written report on the work is required. For students requesting Special Honors in chemistry, a poster or oral presentation is also required. May be repeated for credit. Majors are encouraged to take the course for two semesters. Laboratory fee.

CHEM 6221. Spectrochemical Analysis. 3 Credits.

Theory and application of recent spectrometric methods of analysis, including advances in optimization techniques, optical instrumentation, atomic spectrometry, laser-based analytical techniques, X-ray methods, and surface analysis techniques. Prerequisite: CHEM 4122.

CHEM 6222. Biomedical Mass Spectrometry. 3 Credits.

Principles, instrumentation, methods, and applications of mass spectrometry; selected state-of-the-art methods demonstrate basic principles to show how new methods of analysis are developed; typical applications highlight solutions of biomedical problems, including proteomics and metabolomics. Prerequisite: CHEM 4122.

CHEM 6235. Advanced Inorganic Chemistry I. 3 Credits.

Application of modern chemical theories to inorganic substances and reactions; detailed study, developed from the periodic table, of the chemistry of the more common elements; electronic spectra and reaction mechanisms of complexes; organometallic chemistry; homogeneous and heterogeneous catalysis; bioinorganic chemistry. Prerequisite: CHEM 3172, CHEM 4134.

CHEM 6236. Advanced Inorganic Chemistry II. 3 Credits.

Continuation of CHEM 6235. Application of modern chemical theories to inorganic substances and reactions; detailed study, developed from the periodic table, of the chemistry of the more common elements; electronic spectra and reaction mechanisms of complexes; organometallic chemistry; homogeneous and heterogeneous catalysis; bioinorganic chemistry. Prerequisite: CHEM 3172, CHEM 4134.

CHEM 6238. Chem of Inorganic Materials. 3 Credits.

Synthesis, structure, and properties of materials such as ceramics, superconductors, ionic conductors, nanomaterials, and magnetic, optical, and electronic materials. Emphasis on traditional and low-temperature routes. Prerequisite: CHEM 3171–CHEM 3172.

CHEM 6251. Advanced Organic Chemistry I. 3 Credits.

Synthesis, reactions, and properties of organic compounds; fundamental theories of organic chemistry, emphasis on reaction mechanisms. Prerequisite: CHEM 2152.

CHEM 6252. Advanced Organic Chemistry II. 3 Credits.

Continuation of CHEM 6251. Synthesis, reactions, and properties of organic compounds; fundamental theories of organic chemistry, emphasis on reaction mechanisms. Prerequisite: CHEM 6251.

CHEM 6257. Physical-Organic Chemistry. 3 Credits.

The transition state theory of chemical kinetics, applications to reaction mechanisms; kinetic isotope effects, linear-free energy relationships, concentrated and "super" acids, Woodward-Hoffman rules, free radical reactions. Prerequisite: CHEM 6251 or permission of instructor.

CHEM 6259. Polymer Chemistry. 3 Credits.

A study of the preparation, properties, and structure of macromolecules. Prerequisite: CHEM 2152 and CHEM 3170 or CHEM 3171 or permission of instructor.

CHEM 6273. Chemical Thermodynamics. 3 Credits.

Application of thermodynamics to chemical problems. Emphasis on statistical calculation of thermodynamic properties. Prerequisite: CHEM 3172 or CHEM 6372.

CHEM 6277. Chemical Bonding. 3 Credits.

Quantum mechanics, approximate methods, electron spin, Pauli principle, atomic and molecular structure. Prerequisite: CHEM 3172 or CHEM 6372.

CHEM 6278. Molecular Spectroscopy. 3 Credits.

Applications of quantum mechanics and group theory to the interpretation of electronic, vibrational, rotational, and magnetic resonance spectroscopy. Prerequisite: CHEM 6277.

CHEM 6314. Fundamental-Computational Chem. 3 Credits.**CHEM 6315. Computational Chem-Biomolecule. 3 Credits.****CHEM 6320. Selected Topics in Analytical Chemistry. 1-3 Credits.**

Advanced topics offered in a modular format to allow an in-depth examination of a self-selected field of analytical chemistry. One to three topics may be chosen for a given semester. May be repeated for credit.

CHEM 6330. Selected Topics in Inorganic Chemistry. 1-3 Credits.

Advanced topics offered in a modular format to allow an in-depth examination of a self-selected field of inorganic chemistry. One to three topics may be chosen for a given semester. May be repeated for credit.

CHEM 6350. Selected Topics in Organic Chemistry. 1-3 Credits.

Advanced topics offered in a modular format to allow an in-depth examination of a self-selected field in organic chemistry. One to three topics may be chosen for a given semester. May be repeated for credit.

CHEM 6358. Synthesis and Structure Determination in Organic Chemistry. 3 Credits.

The design of syntheses for complex organic molecules; survey of modern synthetic methods, including asymmetric induction; spectroscopic methods of structure determination. Prerequisite: CHEM 6251 or permission of instructor.

CHEM 6370. Selected Topics in Physical Chemistry. 1-3 Credits.

Advanced topics offered in a modular format to allow an in-depth examination of a self-selected field of physical chemistry. One to three topics may be chosen for a given semester. May be repeated for credit.

CHEM 6371. Physical Chemistry I. 1-3 Credits.

Same as CHEM 3171. Admission only by departmental permission. Credit assigned upon satisfactory completion of CHEM 6372.

CHEM 6372. Physical Chemistry II. 1-3 Credits.

Continuation of CHEM 6371. Same as CHEM 3172. Admission only by departmental permission. Credit for CHEM 6371 assigned upon satisfactory completion of this course.

CHEM 6390. Selected Topics in Chemistry. 0-3 Credits.

Advanced topics offered in a modular format to allow an in-depth examination of a self-selected field in chemistry. One to three topics may be chosen for a given semester. May be repeated for credit.

CHEM 6395. Research. 1-12 Credits.

Limited to master's degree candidates. Survey of a topic approved by departmental staff and resulting in a written report and presentation of a seminar. Open to qualified students with advanced training. May be repeated for credit.

CHEM 6998. Thesis Research. 3 Credits.

Limited to students in the master's degree program.

CHEM 6999. Thesis Research. 3 Credits.

Limited to students in the Master's Degree program.

CHEM 8998. Advanced Reading and Research. 1-12 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

CHEM 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN CHEMISTRY

OPTION 1

The Department of Chemistry offers two options for the Bachelor of Arts degree, each designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 1 provides considerable concentration in chemistry while permitting a wider selection of electives. It should meet the needs of students preparing to enter the fields of medicine, law, dentistry, and business, among others.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum, below:

Required courses:

CHEM 2151 & CHEM 2153	Organic Chemistry I and Organic Chemistry Laboratory I
-----------------------	--

CHEM 2152 & CHEM 2154	Organic Chemistry II and Organic Chemistry Laboratory II
-----------------------	--

CHEM 3171 & CHEM 3172	Physical Chemistry I and Physical Chemistry II
-----------------------	--

CHEM 3173	Physical Chemistry Laboratory
-----------	-------------------------------

CHEM 3165	Biochemistry I
-----------	----------------

CHEM 4122	Instrumental Analytical Chemistry
-----------	-----------------------------------

CHEM 4134	Descriptive Inorganic Chemistry
-----------	---------------------------------

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112	General Chemistry I
-----------------------	---------------------

Select one of the following:

MATH 1231 & MATH 1232*	Single-Variable Calculus I
------------------------	----------------------------

MATH 1220 & MATH 1221	Calculus with Precalculus I
-----------------------	-----------------------------

Second Year

CHEM 2122	Introductory Quantitative Analysis
-----------	------------------------------------

CHEM 2151 & CHEM 2153	Organic Chemistry I
-----------------------	---------------------

CHEM 2152 & CHEM 2154	Organic Chemistry II
-----------------------	----------------------

PHYS 1021 or 1025	University Physics I
-------------------	----------------------

PHYS 1022 or 1026	University Physics II
-------------------	-----------------------

MATH 1232 (if not taken in the first year)	Single-Variable Calculus II
--	-----------------------------

Third Year

CHEM 2123	Introductory Quantitative Analysis Laboratory
-----------	---

CHEM 3171 & CHEM 3172	Physical Chemistry I
-----------------------	----------------------

CHEM 3173	Physical Chemistry Laboratory
-----------	-------------------------------

Fourth Year

CHEM 3165	Biochemistry I
-----------	----------------

CHEM 4122	Instrumental Analytical Chemistry
-----------	-----------------------------------

CHEM 4123	Instrumental Analytical Chemistry Laboratory
-----------	--

CHEM 4134 (if not taken in the junior year)	Descriptive Inorganic Chemistry
---	---------------------------------

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II if necessary);

OPTION 2

The Department of Chemistry offers two options for the Bachelor of Arts degree, each designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 1 is intended primarily for students preparing for graduate study in chemistry or those students planning to enter the chemical profession and wishing certification by the American Chemical Society (ACS) as having met the minimum requirements for professional training.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum, below:

Required courses:

CHEM 2151 & CHEM 2153	Organic Chemistry I and Organic Chemistry Laboratory I
-----------------------	--

CHEM 2152 & CHEM 2154	Organic Chemistry II and Organic Chemistry Laboratory II
-----------------------	--

CHEM 3171 & CHEM 3172	Physical Chemistry I and Physical Chemistry II
-----------------------	--

CHEM 3173	Physical Chemistry Laboratory
CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134	Descriptive Inorganic Chemistry
CHEM 4195	Undergraduate Research

A course in a structured computer programming language, such as one of the following courses, is recommended:

STAT 1129	Introduction to Computing
CSCI 1011	Introduction to Programming with Java
CSCI 1041	Introduction to FORTRAN Programming
CSCI 1121	Introduction to C Programming
CSCI 1131	Introduction to Programming with C

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112	General Chemistry I
MATH 1231 & MATH 1232*	Single-Variable Calculus I
MATH 1220 & MATH 1221	Calculus with Precalculus I

One of the following:

Second Year

CHEM 2122	Introductory Quantitative Analysis
CHEM 2151 & CHEM 2153	Organic Chemistry I
CHEM 2152 & CHEM 2154	Organic Chemistry II
PHYS 1021 or 1025	University Physics I
PHYS 1022 or 1026	University Physics II
MATH 1232 (if not taken in the first year)	Single-Variable Calculus II

Third Year

CHEM 2123	Introductory Quantitative Analysis Laboratory
CHEM 3171 & CHEM 3172	Physical Chemistry I
CHEM 3173	Physical Chemistry Laboratory

Fourth Year

CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134 (if not taken in the junior year)	Descriptive Inorganic Chemistry

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II (if necessary);

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 208)
- Global or Cross-Cultural (p.)
- Humanities (p. 211)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 214)
- Natural or physical laboratory sciences (p. 214)
- Oral Communication (p. 215)
- Social Sciences (p. 216)
- Writing (p. 217)

SPECIAL HONORS

In addition to meeting the general requirements stated under University Regulations, a candidate for graduation with Special Honors in chemistry must maintain a cumulative 3.0 grade-point average in chemistry courses and take CHEM 4195 Undergraduate Research or CHEM 4195W Undergraduate Research for at least 3 credits over two semesters. In addition to the final report for CHEM 4195 or CHEM 4195W, a poster or oral presentation is required.

BACHELOR OF SCIENCE WITH A MAJOR IN CHEMISTRY

OPTION 1

The Department of Chemistry offers four options for Bachelor of Science degree, all designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 1 is for students preparing for graduate study in chemistry or those planning to enter the chemical profession and wishing to be certified by the American

Chemical Society as having met the minimum requirements for professional training.

The following requirements must be fulfilled: The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum.

Required courses:

CHEM 2151 & CHEM 2153 Organic Chemistry I and Organic Chemistry Laboratory I

CHEM 2152 & CHEM 2154 Organic Chemistry II and Organic Chemistry Laboratory II

CHEM 3171 & CHEM 3172 Physical Chemistry I and Physical Chemistry II

CHEM 3173 Physical Chemistry Laboratory

CHEM 3165 Biochemistry I

CHEM 4122 Instrumental Analytical Chemistry

CHEM 4134 Descriptive Inorganic Chemistry

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112 General Chemistry I

Select one of the following:

MATH 1231 & MATH 1232* Single-Variable Calculus I

MATH 1220 & MATH 1221 Calculus with Precalculus I

Second Year

CHEM 2122 Introductory Quantitative Analysis

CHEM 2151 & CHEM 2153 Organic Chemistry I

CHEM 2152 & CHEM 2154 Organic Chemistry II

PHYS 1021 or 1025 University Physics I

PHYS 1022 or 1026 University Physics II

MATH 1232 (if not taken in the first year) Single-Variable Calculus II

Third Year

CHEM 2123 Introductory Quantitative Analysis Laboratory

CHEM 3171 & CHEM 3172	Physical Chemistry I
CHEM 3173	Physical Chemistry Laboratory
Fourth Year	
CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134 (if not taken in the junior year)	Descriptive Inorganic Chemistry

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II if necessary);

OPTION 2

The Department of Chemistry offers four options for Bachelor of Science degree, all designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 2 is for students preparing for graduate study in chemistry or those planning to enter the chemical profession and wishing to be certified by the American Chemical Society as having met the minimum requirements for professional training.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum.

Required courses:

CHEM 2151 & CHEM 2153	Organic Chemistry I and Organic Chemistry Laboratory I
CHEM 2152 & CHEM 2154	Organic Chemistry II and Organic Chemistry Laboratory II
CHEM 3171 & CHEM 3172	Physical Chemistry I and Physical Chemistry II
CHEM 3173	Physical Chemistry Laboratory
CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134	Descriptive Inorganic Chemistry
CHEM 4195	Undergraduate Research

A course in a structured computer programming language, such as one of the following courses, is recommended:

STAT 1129	Introduction to Computing
CSCI 1011	Introduction to Programming with Java
CSCI 1041	Introduction to FORTRAN Programming
CSCI 1121	Introduction to C Programming
CSCI 1131	Introduction to Programming with C

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112	General Chemistry I
MATH 1231 & MATH 1232*	Single-Variable Calculus I
MATH 1220 & MATH 1221	Calculus with Precalculus I

One of the following:

Second Year

CHEM 2122	Introductory Quantitative Analysis
CHEM 2151 & CHEM 2153	Organic Chemistry I
CHEM 2152 & CHEM 2154	Organic Chemistry II
PHYS 1021 or 1025	University Physics I
PHYS 1022 or 1026	University Physics II
MATH 1232 (if not taken in the first year)	Single-Variable Calculus II

Third Year

CHEM 2123	Introductory Quantitative Analysis Laboratory
CHEM 3171 & CHEM 3172	Physical Chemistry I
CHEM 3173	Physical Chemistry Laboratory

Fourth Year

CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134 (if not taken in the junior year)	Descriptive Inorganic Chemistry

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II if necessary);

OPTION 3

The Department of Chemistry offers four options for Bachelor of Science degree, all designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 3 prepares students to meet the needs of federal and state forensic sciences laboratories.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum.

Required courses:

CHEM 2151 & CHEM 2153	Organic Chemistry I and Organic Chemistry Laboratory I
CHEM 2152 & CHEM 2154	Organic Chemistry II and Organic Chemistry Laboratory II
CHEM 3171 & CHEM 3172	Physical Chemistry I and Physical Chemistry II
CHEM 3173	Physical Chemistry Laboratory
CHEM 3165	Biochemistry I
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4134	Descriptive Inorganic Chemistry
BISC 1111 & BISC 1112	Introductory Biology: Cells and Molecules and Introductory Biology: The Biology of Organisms
FORS 6213	Elements of Forensic Sciences
FORS 6221	Criminal Law I
Three of the following:	
FORS 6206	Trace Evidence Analysis
FORS 6234	Medicinal Chemistry I
FORS 6235	Medicinal Chemistry II
FORS 6238	Forensic Chemistry I
FORS 6239	Forensic Chemistry II
FORS 6240	Forensic Drug Analysis

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112 General Chemistry I

Select one of the following:

MATH 1231 & MATH 1232* Single-Variable Calculus I

MATH 1220 & MATH 1221 Calculus with Precalculus I

Second Year

CHEM 2122 Introductory Quantitative Analysis

CHEM 2151 & CHEM 2153 Organic Chemistry I

CHEM 2152 & CHEM 2154 Organic Chemistry II

PHYS 1021 or 1025 University Physics I

PHYS 1022 or 1026 University Physics II

MATH 1232 (if not taken in the first year) Single-Variable Calculus II

Third Year

CHEM 2123 Introductory Quantitative Analysis Laboratory

CHEM 3171 & CHEM 3172 Physical Chemistry I

CHEM 3173 Physical Chemistry Laboratory

Fourth Year

CHEM 3165 Biochemistry I

CHEM 4122 Instrumental Analytical Chemistry

CHEM 4123 Instrumental Analytical Chemistry Laboratory

CHEM 4134 (if not taken in the junior year) Descriptive Inorganic Chemistry

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II if necessary);

OPTION 4

The Department of Chemistry offers four options for Bachelor of Science degree, all designed to give students a broad background in the basic divisions of chemistry: analytical, biochemistry, inorganic, organic, and physical.

Option 4 includes additional courses in biochemistry and fulfills the American Chemical Society requirement for a certified degree program in chemistry with a biochemistry option.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the required curriculum.

Required courses:

CHEM 2151 & CHEM 2153	Organic Chemistry I and Organic Chemistry Laboratory I
CHEM 2152 & CHEM 2154	Organic Chemistry II and Organic Chemistry Laboratory II
CHEM 3171 & CHEM 3172	Physical Chemistry I and Physical Chemistry II
CHEM 3173	Physical Chemistry Laboratory
CHEM 3165 & CHEM 3166	Biochemistry I and Biochemistry II (BIOC/BISC equivalents may be substituted)
CHEM 3262	Biochemistry Laboratory (BIOC/BISC equivalent may be substituted)
CHEM 4122	Instrumental Analytical Chemistry
CHEM 4123	Instrumental Analytical Chemistry Laboratory
CHEM 4134	Descriptive Inorganic Chemistry
CHEM 4195	Undergraduate Research
BISC 1111 & BISC 1112	Introductory Biology: Cells and Molecules and Introductory Biology: The Biology of Organisms

The following are recommended:

BISC 2202	Cell Biology
BISC 2207	Genetics
BISC 2322	Human Physiology

Suggested Program of Study:

Students should follow this sequence in general and are urged to consult with the chemistry and premedical advisors concerning their academic program.

First Year

CHEM 1111 & CHEM 1112 General Chemistry I

Select one of the following:

MATH 1231 Single-Variable Calculus I
& MATH 1232*

MATH 1220 Calculus with Precalculus I
& MATH 1221

Second Year

CHEM 2122 Introductory Quantitative Analysis

CHEM 2151 & CHEM 2153 Organic Chemistry I

CHEM 2152 & CHEM 2154 Organic Chemistry II

PHYS 1021 or 1025 University Physics I

PHYS 1022 or 1026 University Physics II

MATH 1232 (if not taken in the first year) Single-Variable Calculus II

Third Year

CHEM 2123 Introductory Quantitative Analysis Laboratory

CHEM 3171 & CHEM 3172 Physical Chemistry I

CHEM 3173 Physical Chemistry Laboratory

Fourth Year

CHEM 3165 Biochemistry I

CHEM 4122 Instrumental Analytical Chemistry

CHEM 4123 Instrumental Analytical Chemistry Laboratory

CHEM 4134 (if not taken in the junior year) Descriptive Inorganic Chemistry

* Or MATH 1220 Calculus with Precalculus I-MATH 1221 Calculus with Precalculus II if necessary

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 221)
- Global or Cross-Cultural (p.)
- Humanities (p. 224)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 227)
- Natural or physical laboratory sciences (p. 227)
- Oral Communication (p. 228)
- Social Sciences (p. 229)
- Writing (p. 230)

SPECIAL HONORS

In addition to meeting the general requirements stated under University Regulations, a candidate for graduation with Special Honors in chemistry must maintain a cumulative 3.0 grade-point average in chemistry courses and take CHEM 4195 Undergraduate Research or CHEM 4195W Undergraduate Research for at least 3 credits over two semesters. In addition to the final report for CHEM 4195 or CHEM 4195W, a poster or oral presentation is required.

COMBINED B.S. WITH A MAJOR IN CHEMISTRY / M.F.S. WITH A CONCENTRATION IN FORENSIC CHEMISTRY

REQUIREMENTS

A program leading to the Bachelor of Science with a Major in Chemistry and Master of Forensic Sciences with a concentration in forensic chemistry is available. Interested students should consult the Department of Chemistry (<http://chemistry.columbian.gwu.edu>) in their sophomore year.

MINOR IN CHEMISTRY

REQUIREMENTS

Required

CHEM 1111	General Chemistry I
CHEM 1112	General Chemistry II
CHEM 2122	Introductory Quantitative Analysis
CHEM 2123	Introductory Quantitative Analysis Laboratory
CHEM 2151	Organic Chemistry I
CHEM 2152	Organic Chemistry II
CHEM 2153	Organic Chemistry Laboratory I
CHEM 2154	Organic Chemistry Laboratory II

One of the following:

CHEM 3170	Introduction to Physical Chemistry
CHEM 3171	Physical Chemistry I
CHEM 3165	Biochemistry I
CHEM 4134	Descriptive Inorganic Chemistry

MASTER OF SCIENCE IN THE FIELD OF CHEMISTRY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree with a major in chemistry from this University, or an equivalent degree.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (<http://bulletin.gwu.edu/arts-sciences/#degreeregulationstext>).

Course work must include a minimum of five graduate-level courses; at least four of the courses must be core courses as defined in the department's Guide for Graduate Students; at least three must be offered by the Chemistry Department. At least two graduate-level courses must be taken outside the subdiscipline of the student and in at least two other subdisciplines/disciplines. Candidates are required to pass a Master's Comprehensive Examination as described in the department's Guide for Graduate Students.

Thesis option—30 credit hours of approved courses are required, including CHEM 6998 Thesis Research—CHEM 6999 Thesis Research, which may be in analytical, inorganic, organic, or physical chemistry.

Nonthesis option—36 credit hours of approved courses are required, including CHEM 6395 Research. Up to 9 credit hours in other departments related to the student's area of interest (e.g., Forensic Sciences) may be included in the program, subject to the approval of the Department of Chemistry. Students who are or will be employed in organizations dealing with science and technology policy programs may select from specified courses offered by Information Systems and Technology Management, Political Science, Public Policy and Public Administration, and the Elliott School of International Affairs.

Note: All entering students in graduate chemistry programs are required to take the American Chemical Society Graduate Level Placement Examinations, given by the Department of Chemistry, prior to matriculation. The four placement examinations (in the disciplines of analytical, organic, inorganic, and physical chemistry) are designed to cover the subject matter in the disciplines generally taught in undergraduate programs preparatory for graduate work in chemistry, and the results are used by the department to advise the individual student in planning a program of courses appropriate to the student's background. All graduate students are required to participate in the seminar and colloquium programs. Upon consultation with course instructors, specific course prerequisites may be waived.

MASTER OF SCIENCE IN THE FIELD OF ENVIRONMENTAL AND GREEN CHEMISTRY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree with a major in science or engineering, including a background in the fundamental areas of chemistry, with a GPA of 3.0 or above. At minimum, candidates must have completed:

- 2 semesters of general chemistry
- 2 semesters of organic or Inorganic chemistry
- 1 semester of quantitative and/or instrumental analysis (recommended)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (<http://bulletin.gwu.edu/arts-sciences/#degreeregulationstext>).

Required

Chem 6280

Chem 6281

Chem 6282

Chem 6283

Chem 6284

Chem 6298

Electives

12 credits from the following:

CHEM 6350 Selected Topics in Organic Chemistry

CHEM 6251 Advanced Organic Chemistry I

CHEM 6320 Selected Topics in Analytical Chemistry

CHEM 6238 Chem of Inorganic Materials

CHEM 6278 Molecular Spectroscopy

CHEM 6257 Physical-Organic Chemistry

STAT 6202 Mathematical Statistics II

IAFF 6153 Science, Technology, and National Security

DOCTOR OF PHILOSOPHY IN THE FIELD OF CHEMISTRY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree with a major in chemistry from this University, or an equivalent degree

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

Students develop their program of studies in consultation with their doctoral committee, subject to the approval of the department's Graduate Affairs Committee. The program of studies must include coursework in a minimum of five graduate-level courses; at least four of the courses must be core courses as defined in the department's Guide for Graduate Students; at least three must be offered by the Chemistry Department. These course requirements cannot be fulfilled by achievement on placement exams. At least two graduate-level courses must be taken outside the student's subdiscipline and in at least two other subdisciplines/disciplines. Equivalent courses offered by another university may be substituted at the discretion of the Graduate Affairs Committee. Students must pass a cumulative examination system and an oral defense of the doctoral research plan.

Research fields

- Analytical chemistry—analytical neuroscience, analytical spectroscopy, biomedical analysis, chemical imaging, chemical instrumentation, chemical separations, electrochemical analysis, electrosprays, lab-on-a-chip devices, laser-material interactions, mass spectrometry, nanophotonic structures, nmr spectroscopy, proteomics and metabolomics, single cell analysis;
- Biochemistry—biological sensing via nanoparticles, biomaterials, biomolecular analysis, biophysical topics, enzymology, lipids chemistry, proteomics and metabolomics, enzyme expression and inhibition, structural biology;
- Inorganic (materials) chemistry—battery chemistry, coordination chemistry, f-element chemistry, green chemistry, hydrothermal chemistry, mineral surface geochemistry, nanoscale and nanostructured materials, organometallic chemistry, small-molecule crystallography, solid-state materials;
- Organic chemistry—biomaterials and lipids, computational docking and ligand design, green chemistry, heterocyclic chemistry, molecules of biological interest, synthesis;

ENRP 6101	Environmental Sciences I
ENRP 6102	Environmental Sciences II
Alternate elective courses subject to program director approval	

- Physical chemistry—CO₂ removal, combustion chemistry, elemental and molecular spectroscopies, fuel cells, laser analytics, renewable energy conversion, solar chemical syntheses, surface chemistry, theoretical chemistry, thermochemical energy cycles.

Ph.D. students in chemistry may substitute up to 12 hours of Dissertation Research in the form of coursework jointly approved by the Chemistry Department and the Forensic Sciences Department, the Environmental Resource Policy Program, or the International Science and Technology Policy program. The 12 hours may be selected from specified courses offered by Forensic Sciences, Information Systems and Technology Management, Political Science, Public Policy and Public Administration, and the Elliott School of International Affairs.

Note: All entering students in graduate chemistry programs are required to take the American Chemical Society Graduate Level Placement Examinations, given by the Department of Chemistry, prior to matriculation. The four placement examinations (in the disciplines of analytical, organic, inorganic, and physical chemistry) are designed to cover the subject matter in the disciplines generally taught in undergraduate programs preparatory for graduate work in chemistry, and the results are used by the department to advise the individual student in planning a program of courses appropriate to the student's background. All graduate students are required to participate in the seminar and colloquium programs. Upon consultation with course instructors, specific course prerequisites may be waived.

With permission, a limited number of upper-level undergraduate courses in the department may be taken for graduate credit; additional coursework is required. See the Undergraduate programs for course listings.

CLASSICAL ACTING

The program in Classical Acting features an unprecedented collaboration between two leading Washington, D.C. institutions. The Shakespeare Theatre Company's Academy for Classical Acting (ACA) brings to the partnership world-class artists/teachers, a comprehensive training program, and a distinguished reputation as a nationally and internationally recognized leader in classical repertory. The University brings to the partnership its resources and reputation as a major research university, with close ties to the Folger Shakespeare Library and the Library of Congress, as well as shared faculty and facilities.

The ACA offers the only Master of Fine Arts program in the United States dedicated solely to classical acting. Students are in class full-time, 40 hours or more a week, for about 44 weeks. Graduates of the program, as actors and as acting teachers, are helping transform the way classical theater is performed on Broadway and in regional theaters around the country.

GRADUATE

Master's program

- Master of Fine Arts in the field of classical acting (p. 235)

FACULTY

Director L. Jacobson

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

ACA 6201. Acting I. 3 Credits.

The focus of the acting sequence shifts with each session, providing a studio structure to explore and meet the demands of the classical canon. Portions of the sequence focus on the history plays and tragedies, classic comedy, high comedy, the Jacobean, and master classes.

ACA 6202. Acting II. 2,3 Credits.

The focus of the acting sequence shifts with each session, providing a studio structure to explore and meet the demands of the classical canon. Portions of the sequence focus on the history plays and tragedies, classic comedy, high comedy, the Jacobean, and master classes.

ACA 6203. Acting: Classical Comedy. 2,3 Credits.

The focus of the acting sequence shifts with each session, providing a studio structure to explore and meet the demands of the classical canon. Portions of the sequence focus on the history plays and tragedies, classic comedy, high comedy, the Jacobean, and master classes.

ACA 6204. Acting: Master Class. 2,3 Credits.

The focus of the acting sequence shifts with each session, providing a studio structure to explore and meet the demands of the classical canon. Portions of the sequence focus on the history plays and tragedies, classic comedy, high comedy, the Jacobean, and master classes.

ACA 6205. Topics in Classical Drama and Culture. 2 Credits.

Plays and other writings from the Elizabethan, Jacobean, and Restoration eras and the 18th century. The historical world in which the plays were written as well as the imaginary worlds created in the plays themselves.

ACA 6206. Topics in Classical Drama and Culture. 2 Credits.

Plays and other writings from the Elizabethan, Jacobean, and Restoration eras and the 18th century. The historical world in which the plays were written as well as the imaginary worlds created in the plays themselves.

ACA 6207. Topics in Classical Drama and Culture. 2 Credits.

Plays and other writings from the Elizabethan, Jacobean, and Restoration eras and the 18th century. The historical world in which the plays were written as well as the imaginary worlds created in the plays themselves.

ACA 6208. Topics in Classical Drama and Culture. 1 Credit.

Plays and other writings from the Elizabethan, Jacobean, and Restoration eras and the 18th century. The historical world in which the plays were written as well as the imaginary worlds created in the plays themselves.

ACA 6209. Text I. 2 Credits.

Textual analysis emphasizing development of aesthetic expression. The forms and rules of verse: its meter, scansion, and overall structure in the early, middle, and late Shakespeare plays, as well as the intricacies of the prose.

ACA 6210. Text II. 2 Credits.

Textual analysis emphasizing development of aesthetic expression. The forms and rules of verse: its meter, scansion, and overall structure in the early, middle, and late Shakespeare plays, as well as the intricacies of the prose.

ACA 6211. Voice and Speech I. 3 Credits.

The development of clear, supported speech and sound that can meet the demands and challenges of classical texts. Resonators, articulators, breathing, and placement; phonetics and ear training; defining the character through the voice.

ACA 6212. Voice and Speech II. 2,3 Credits.

The development of clear, supported speech and sound that can meet the demands and challenges of classical texts. Resonators, articulators, breathing, and placement; phonetics and ear training; defining the character through the voice.

ACA 6213. Voice and Speech III. 3 Credits.

The development of clear, supported speech and sound that can meet the demands and challenges of classical texts. Resonators, articulators, breathing, and placement; phonetics and ear training; defining the character through the voice.

ACA 6214. Voice and Speech IV. 2 Credits.

The development of clear, supported speech and sound that can meet the demands and challenges of classical texts. Resonators, articulators, breathing, and placement; phonetics and ear training; defining the character through the voice.

ACA 6215. Movement I. 1,2 Credit.

The development of an awareness of the body and its expressive abilities through an integrated approach that includes ballet, modern dance, Hatha Yoga, and Feldenkrais for coordination, focus, and expression.

ACA 6216. Movement II. 1,2 Credit.

The development of an awareness of the body and its expressive abilities through an integrated approach that includes ballet, modern dance, Hatha Yoga, and Feldenkrais for coordination, focus, and expression.

ACA 6217. Movement III. 1,2 Credit.

The development of an awareness of the body and its expressive abilities through an integrated approach that includes ballet, modern dance, Hatha Yoga, and Feldenkrais for coordination, focus, and expression.

ACA 6218. Movement IV. 1,2 Credit.

The development of an awareness of the body and its expressive abilities through an integrated approach that includes ballet, modern dance, Hatha Yoga, and Feldenkrais for coordination, focus, and expression.

ACA 6219. Alexander Technique I. 1,2 Credit.

Through group work and individual sessions, students develop a further awareness of the body toward expression of imagination and the creative process, enabling powerful characterization without stress or personal physical distortion.

ACA 6220. Alexander Technique II. 1,2 Credit.

Through group work and individual sessions, students develop a further awareness of the body toward expression of imagination and the creative process, enabling powerful characterization without stress or personal physical distortion.

ACA 6221. Alexander Technique III. 1,2 Credit.

Through group work and individual sessions, students develop a further awareness of the body toward expression of imagination and the creative process, enabling powerful characterization without stress or personal physical distortion.

ACA 6222. Alexander Technique IV. 1,2 Credit.

Through group work and individual sessions, students develop a further awareness of the body toward expression of imagination and the creative process, enabling powerful characterization without stress or personal physical distortion.

ACA 6223. Stage Combat I. 2 Credits.

Skills in stage combat techniques, including unarmed combat and broadsword, buckler, rapier, dagger, and other lighter weapons, toward development of greater physical strength and an awareness of safety issues. The course is designed to lead to certification as an actor/combatant through the Society of American Fight Directors.

ACA 6224. Stage Combat II. 2 Credits.

Skills in stage combat techniques, including unarmed combat and broadsword, buckler, rapier, dagger, and other lighter weapons, toward development of greater physical strength and an awareness of safety issues. The course is designed to lead to certification as an actor/combatant through the Society of American Fight Directors.

ACA 6225. Practicum I. 2 Credits.

This sequence of courses includes scene preparation, rehearsal/production, clown class, and other performance skills.

ACA 6226. Practicum II. 1-6 Credits.

This sequence of courses includes scene preparation, rehearsal/production, clown class, and other performance skills.

ACA 6227. Practicum III. 1-6 Credits.

This sequence of courses includes scene preparation, rehearsal/production, clown class, and other performance skills.

ACA 6228. Practicum IV. 1-6 Credits.

This sequence of courses includes scene preparation, rehearsal/production, clown class, and other performance skills.

ACA 6229. Audition Techniques. 3 Credits.

A set of workshops to help students develop strong audition skills. Business aspects of acting, such as selection of agents, Equity status, and taxation issues. The workshop concludes with a showcase performance for casting directors, agents, and theatre directors.

ACA 6595. Selected Topics. 1 Credit.

MASTER OF FINE ARTS IN THE FIELD OF CLASSICAL ACTING

REQUIREMENTS

The Columbian College of Arts and Sciences, in cooperation with The Shakespeare Theatre Academy for Classical Acting, offers the Master of Fine Arts in the field of classical acting. The program is an intensive, full-time endeavor intended for students who have had extensive theatre training as part of their undergraduate preparation or who have several years working as professionals in the field after completing college.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The 59-credit degree program is taken in three intensive sessions over an 11-month period.

Required:

ACA 6201	Acting I
ACA 6202	Acting II
ACA 6203	Acting: Classical Comedy
ACA 6204	Acting: Master Class
ACA 6205	Topics in Classical Drama and Culture
ACA 6206	Topics in Classical Drama and Culture

ACA 6207	Topics in Classical Drama and Culture
ACA 6209	Text I
ACA 6210	Text II
ACA 6211	Voice and Speech I
ACA 6212	Voice and Speech II
ACA 6213	Voice and Speech III
ACA 6215	Movement I
ACA 6216	Movement II
ACA 6217	Movement III
ACA 6219	Alexander Technique I
ACA 6220	Alexander Technique II
ACA 6221	Alexander Technique III
ACA 6223	Stage Combat I
ACA 6224	Stage Combat II
ACA 6225	Practicum I
ACA 6227	Practicum III
ACA 6228	Practicum IV
ACA 6229	Audition Techniques
ACA 6595	Selected Topics (taken twice)

CLASSICAL AND NEAR EASTERN LANGUAGES AND CIVILIZATIONS

The Department of Classical and Near Eastern Languages and Civilizations offers undergraduate instruction in Greek, Latin, Hebrew, Arabic, Persian, and Turkish, as well as courses in ancient history and civilizations and the modern Middle East.

The curriculum is designed to strengthen a student's ability to communicate, reason, and understand the social, cultural, and physical environment of the ancient and modern worlds. The department fosters careful and creative thinking in its students, based in the linguistic, cultural, and historical roots of the rich, varied, and strategically important societies of the Mediterranean basin.

Classroom study is supplemented by the diverse resources of Washington, D.C., through field trips, foreign films, special lectures, and cultural programs at embassies. Students have opportunities to study abroad, including Greece, Italy, Israel, and Morocco, and to participate in excavations around the world.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in classical studies (p. 246)
- Bachelor of Arts with a major in Arabic studies (p. 236)

Minors

- Minor in classical studies (p. 258)
- Minor in Arabic studies (p. 258)
- Minor in Arabic and Hebrew languages and cultures (p. 257)

FACULTY

Professors E.H. Cline, E.A. Fisher

Associate Professors A. Bonnah (*Teaching*), M. Esseesy (*Chair*), E.A. Friedland, C. Rollston, A.M. Smith II

Assistant Professors C. Jorgensen, M.M. Kassab (*Teaching*), S. Loomis, P. Minuchehr, J.J. Tobkin (*Teaching*), K. Wasdin

Teaching Instructors S. Marcus, E. Oraby, N. Taher,

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
 - Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
 - Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
 - The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office
-
- Arabic (ARAB) (p. 1492)
 - Classical Studies (CLAS) (p. 1523)
 - Greek (GREK) (p. 1615)
 - Hebrew (HEBR) (p. 1623)
 - Latin (LATN) (p. 1659)
 - Persian (PERS) (p. 1732)
 - Turkish (TURK) (p. 1839)
 - Yiddish (YDSH) (p. 1844)

BACHELOR OF ARTS WITH A MAJOR IN ARABIC STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

57-58 credits spanning four years of study, including one semester of study abroad in an Arabic-speaking country.

Language Study: 26-27 credits taken over at least five semesters, including one of the following options:

Option A:

ARAB 1001 Beginning Arabic I

ARAB 1002 Beginning Arabic II

ARAB 2001 Intermediate Arabic I

ARAB 2002 Intermediate Arabic II

ARAB 3001 Advanced Arabic

ARAB 3301 Modern Arabic Literature

ARAB 3302 Media Arabic

Option B:

ARAB 1201 Intensive Elementary Arabic I-II

ARAB 1202 Intensive Elementary Arabic I-II

ARAB 2201 Intensive Intermediate Arabic I

ARAB 3201 Intensive Intermediate Arabic II

ARAB 3302 Media Arabic

Literature:

ARAB 4001 Genres in Modern Arabic Literature

ARAB 4002 Arabic Narratives Through the Ages

Translation/Interpretation:

ARAB 4501 Arabic-English Translation

ARAB 4502 Arabic-English Advanced Translation and Editing

Linguistics/Culture:

ARAB 3501 Arabic and Arab Identity

ARAB 3502 Arab Film & Culture in English

ARAB 3503 Fundamentals of Arabic Linguistics

Study Abroad:

12 credits, including a minimum of 6 credits in an Arabic dialect, taken at a program in a country in which Arabic is natively spoken

Exit Proficiency Exam: Majors must pass an exit proficiency exam at the Advanced High level of the ACTFL Guidelines in reading, writing, speaking, and listening.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 237)
- Global or Cross-Cultural (p.)
- Humanities (p. 240)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 243)
- Natural or physical laboratory sciences (p. 244)
- Oral Communication (p. 244)
- Social Sciences (p. 245)
- Writing (p. 246)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained a 3.7 grade-point average in the major and at least a 3.25 average overall by the end of the junior year. No later than the beginning of the senior year, students must consult a departmental faculty member about a research project to be prepared under the supervision of that faculty member through CLAS 3901 Directed Project–CLAS 4901 Directed Project. Only if a committee of two faculty members approves the completed project, which must be graded A or A–, will Special Honors be recommended.

BACHELOR OF ARTS WITH A MAJOR IN CLASSICAL STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Classical language requirement:

Greek (GREK) or Latin (LATN) language study through the 2002 level, or one classical language through the 2001 level and the other through the 1002 level. At least one year of Greek or Latin study must be done in residence.

Required courses (12 credits):

AH 3101	Ancient Art of the Bronze Age and Greece
or AH 3102	Ancient Art of the Roman Empire
CLAS 2112	History of Ancient Greece
or HIST 2112	History of Ancient Greece
CLAS 2113	The Roman World to 337 A.D.
or HIST 2113	The Roman World to 337 A.D.
CLAS 4111	Capstone Study
Four courses (12 credits) from the following, including at least two numbered 3000 or above:	
CLAS 2104	Ancient Medicine and Modern Medical Terms
CLAS 2105	Special Topics
or CLAS 2105W	Special Topics
CLAS 2106	Mythology of the Classical World
CLAS 2107	Greek and Roman Drama
CLAS 2803	The Ancient Near East and Egypt to 322 B.C.
or HIST 2803	The Ancient Near East and Egypt to 322 B.C.
CLAS 2804	History of Ancient Israel
or HIST 2804	History of Ancient Israel
CLAS 3105	Topics in Classical Studies
CLAS 3111	Topics in Ancient History
or HIST 3111	Topics in Ancient History
CLAS 3114	Topics in Ancient Literatures and Cultures
CLAS 3115	Topics in Ancient Art and Archaeology
or AH 3105	Topics in Ancient Art and Archaeology
CLAS 3901	Directed Project
or CLAS 3901W	Directed Project
CLAS 4901	Directed Project
GREK 3001	Major Greek Authors I
GREK 3002	Major Greek Authors II
LATN 3001	Major Latin Authors I

LATN 3002	Major Latin Authors II
Three additional courses (9 credits) from the list above or from the following:	
AH 3101	Ancient Art of the Bronze Age and Greece
AH 3102	Ancient Art of the Roman Empire
AH 3111	Early Christian and Byzantine Art and Architecture
ANTH 3805	Archaeology of Israel and Neighboring Lands
or AH 3106	Art and Archaeology of Israel and Neighboring Lands
ANTH 3806	Art and Archaeology of the Aegean Bronze Age
or AH 3104	Art and Archaeology of the Aegean Bronze Age
ANTH 3834	Field Research: Old World
PHIL 2111	History of Ancient Philosophy
or PHIL 2111W	History of Ancient Philosophy
PSC 2105	Major Issues of Western Political Thought I
REL 3341	Christianity in the Ancient World

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 248)
- Global or Cross-Cultural (p.)
- Humanities (p. 251)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 254)
- Natural or physical laboratory sciences (p. 254)
- Oral Communication (p. 255)
- Social Sciences (p. 256)
- Writing (p. 257)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained a 3.7 grade-point average in the major and at least a 3.25 average overall by the end of the junior year. No later than the beginning of the senior year, students must consult a departmental faculty member about a research project to be prepared under the supervision of that faculty member through CLAS 3901 Directed Project, CLAS 4901 Directed Project, or CLAS 4111 Capstone Study. Only if a committee of two faculty members approves the completed project will Special Honors be recommended; the research project must be graded A or A-.

MINOR IN ARABIC AND HEBREW LANGUAGES AND CULTURES

REQUIREMENTS

The student chooses the minor with either an Arabic focus or a Hebrew focus. The minor consists of 15 credits in addition to prerequisite language study or demonstrated competence through the fourth semester (ARAB 2002 Intermediate Arabic II or HEBR 2002 Intermediate Hebrew II) in the primary focus and through the second semester (ARAB 1002 Beginning Arabic II or HEBR 1002 Beginning Hebrew II) in the other focus. Depending upon the focus chosen, the student completes:

One of the following options:

Option A

ARAB 3001 Advanced Arabic

ARAB 3301 Modern Arabic Literature

ARAB 3302 Media Arabic

Option B

HEBR 3001 Hebrew Conversation and Writing

HEBR 3301 Modern Hebrew Fiction

HEBR 3302 The Israeli Media

Two of the following (with at least one course in the student's chosen focus)

HEBR 3101 Modern Hebrew Literary Classics

HEBR 3102 Israeli Society and Culture: Literary Perspectives

ARAB 3501 Arabic and Arab Identity

ARAB 3502 Arab Film & Culture in English

MINOR IN ARABIC STUDIES

REQUIREMENTS

Prerequisite: ARAB 1001 Beginning Arabic I and ARAB 1002 Beginning Arabic II or equivalent.

The 21-credit minor consists of:

ARAB 2001 Intermediate Arabic I

ARAB 2002 Intermediate Arabic II

ARAB 3001 Advanced Arabic

ARAB 3302 Media Arabic

One specialized language elective course from the following:

ARAB 3301 Modern Arabic Literature

ARAB 3311 Business Arabic

One culture or linguistics elective from the following:

ARAB 3501 Arabic and Arab Identity

ARAB 3502 Arab Film & Culture in English

ARAB 3503 Fundamentals of Arabic Linguistics

MINOR IN CLASSICAL STUDIES

REQUIREMENTS

Students must demonstrate proficiency in one of the ancient languages by successfully completing one course in Latin or in ancient Greek at the 1002 level or higher.

Required:

Five of the following:

LATN 2001 Intermediate Latin
& LATN 2002 and Vergil's Aeneid

GREK 2001 Intermediate Classical Greek I
& GREK 2002 and Intermediate Classical Greek II

GREK 3001 Major Greek Authors I

GREK 3002 Major Greek Authors II

CLAS 2104 Ancient Medicine and Modern Medical Terms

CLAS 2105 Special Topics

CLAS 2105W Special Topics

CLAS 2106 Mythology of the Classical World

CLAS 2107 Greek and Roman Drama

CLAS 2112 Early Aegean and Greek Civilizations to 338 B.C.

CLAS 2113 The Roman World to 337 A.D.

CLAS 2803 The Ancient Near East and Egypt to 322 B.C.

CLAS 2804 History of Ancient Israel

CLAS 3105 Topics in Classical Studies

CLAS 3111 Topics in Ancient History

CLAS 3114 Topics in Ancient Literatures and Cultures

CLAS 3115 Topics in Ancient Art and Archaeology

CLAS 3901 Directed Project

CLAS 3901W Directed Project

CLAS 4901 Directed Project

ANTH 3805 Archaeology of Israel and Neighboring Lands

ANTH 3806 Art and Archaeology of the Aegean Bronze Age

ANTH 3834 Field Research: Old World

AH 3101 Ancient Art of the Bronze Age and Greece

AH 3102 Ancient Art of the Roman Empire

In all cases, cross-listed courses may be substituted (e.g., CLAS 2112/HIST 2112)

CORCORAN SCHOOL OF THE ARTS AND DESIGN

The Corcoran School of the Arts and Design bridges the university's academically robust programs in the arts with Corcoran's creative and inspired scholarship. Part of the GW Columbian College of Arts and Sciences, the school functions as an incubator for artists and practitioners in arts-related fields, and serves to enrich students who are taking classes in other areas of the university. As such, it provides a platform for engagement that bridges creative expression and practical application with the breadth and depth of the larger liberal arts education.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Fine Arts with a major in digital media design (p. 259)
- Bachelor of Fine Arts with a major in fine art (p. 270)
- Bachelor of Fine Arts with a major in fine art photography (p. 280)
- Bachelor of Fine Arts with a major in graphic design (p. 291)
- Bachelor of Fine Arts with a major in photojournalism (p. 301)

GRADUATE

Master's programs

- Master of Arts in the field of exhibition design
- Master of Arts in the field of new media photojournalism
- Master of Fine Arts in the field of interior architecture and design

FACULTY

TBD

BACHELOR OF FINE ARTS WITH A MAJOR IN DIGITAL MEDIA DESIGN

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Recommended Program of Study

First year, fall semester

CAH 1090 Art History I: Art Now, Contemporary Perspectives in the Visual Arts

CDE 1090 Design Fundamentals I

CFN 1090 First Year Studio I

UW 1020 University Writing

Studio elective

First year, spring semester

CAH 1091 Art History II: Historical Perspectives in the Visual Arts

CDE 1091 Design Fundamentals II

CFN 1091 First Year Studio II

G-PAC: Math, social sciences, or humanities requirement

Studio elective

Second year, fall semester

CDE 2090 Design Studio I

CGD 2050 Typography I

G-PAC Social Sciences/Humanities elective

2 Studio electives

Second year, spring semester

CDE 2091 Design Studio II

CGD 2060 Typography II

G-PAC Natural or Physical Science requirement

2 Studio electives

Third year, fall semester

CAH 3150 Theories and History of Graphic Design

CDM 3090 Digital Media Design Studio III

CGD 3050 Typography III

G-PAC: Natural or physical science requirement

Studio elective

Third year, spring semester

CDM 3091 Digital Media Design Studio IV

CGD 3060 Typography IV

Art history requirement

G-PAC: Math, social sciences (+GCC or L/CE), or humanities requirement

Studio elective

Fourth year, fall semester

CDM 4090 Digital Media Design Thesis I

Art history requirement

G-PAC: Humanities or social sciences requirement

2 Studio electives

Fourth year, spring semester

CDE 4170 Professional Practices for Designers

CDM 4091 Digital Media Design Thesis II

G-PAC: Humanities or social sciences (+GCC or L/CE) requirement

2 Studio electives

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC

engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 261)
- Global or Cross-Cultural (p.)
- Humanities (p. 263)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 267)
- Natural or physical laboratory sciences (p. 267)
- Oral Communication (p. 268)
- Social Sciences (p. 269)
- Writing (p. 270)

BACHELOR OF FINE ARTS WITH A MAJOR IN FINE ART

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Recommended Program of Study

First year, fall semester

CAH 1090 Art History I: Art Now, Contemporary Perspectives in the Visual Arts

CFN 1090 First Year Studio I

UW 1020 University Writing

Major requirement

Studio elective

First year, spring semester

CAH 1091 Art History II: Historical Perspectives in the Visual Arts

CFN 1091 First Year Studio II

G-PAC: Social sciences, humanities, or math requirement

Major requirement

Studio elective

Second year, fall semester

G-PAC: Social sciences, humanities, or math requirement

Studio I - Major requirement

2 Studio electives

Major requirement

Second year, spring semester

G-PAC: Natural or physical science requirement

G-PAC: Social sciences or humanities requirement

Studio 2 - Major requirement

Studio elective

Major requirement

Third year, fall semester

G-PAC: Natural or physical science requirement

Studio elective

Studio 3 - Major requirement

Art history requirement

Seminar I

Third year, spring semester

Seminar II

G-PAC: Social sciences, humanities, or math requirement

Studio 4 - major requirement

1 studio elective

Major requirement

Fourth year, fall semester

G-PAC: Social sciences or humanities requirement

Thesis I requirement

Art history requirement

2 Studio electives

Fourth year, spring semester

Art history requirement

2 Studio electives

Studio or other elective

Thesis II requirement

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—

Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 271)
- Global or Cross-Cultural (p.)
- Humanities (p. 274)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 277)
- Natural or physical laboratory sciences (p. 278)
- Oral Communication (p. 278)
- Social Sciences (p. 279)
- Writing (p. 280)

Major requirement

Third year, fall semester

G-PAC: Natural or physical science requirement

Studio elective

Studio 3 - Major requirement

Art history requirement

Seminar I

Third year, spring semester

G-PAC: Social sciences, humanities, or math requirement

Studio 4 - Major requirement

Studio elective

Major requirement

Art history requirement

Fourth year, fall semester

G-PAC: Social sciences or humanities requirement

Thesis I requirement

Art history requirement

2 Studio electives

Seminar II

Fourth year, spring semester

2 Studio electives

1 Studio or other elective

Thesis II requirement

Major requirement

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the

University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 282)
- Global or Cross-Cultural (p.)
- Humanities (p. 285)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 288)
- Natural or physical laboratory sciences (p. 288)
- Oral Communication (p. 289)
- Social Sciences (p. 290)
- Writing (p. 291)

BACHELOR OF FINE ARTS WITH A MAJOR IN GRAPHIC DESIGN REQUIREMENTS

The following requirements must be fulfilled:
 The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Recommended Program of Study

First year, fall semester

CAH 1090	Art History I: Art Now, Contemporary Perspectives in the Visual Arts
CDE 1090	Design Fundamentals I
CFN 1090	First Year Studio I
UW 1020	University Writing
Studio elective	

First year, spring semester

CAH 1091	Art History II: Historical Perspectives in the Visual Arts
CDE 1091	Design Fundamentals II
CFN 1091	First Year Studio II
G-PAC: Math, social sciences, or humanities requirement	

Studio elective

Second year, fall semester

CDE 2090	Design Studio I
CGD 2050	Typography I
G-PAC: Social sciences, humanities, or math requirement	
2 Studio electives	

Second year, spring semester

CDE 2091	Design Studio II
CGD 2060	Typography II
G-PAC: Natural or physical science requirement	
2 Studio electives	

Third year, fall semester

CAH 3150	Theories and History of Graphic Design
CGD 3050	Typography III
CGD 3090	Graphic Design Studio III
G-PAC: Natural or physical science requirement	

Studio elective

Third year, spring semester

CGD 3060	Typography IV
CGD 3091	Graphic Design Studio IV
Art history requirement	

G-PAC: Math, social sciences (+GCC or L/CE), or humanities requirement

Studio elective

Fourth year, fall semester

CGD 4090	Graphic Design Thesis I
Art history requirement	
G-PAC: Humanities or social sciences requirement	

2 Studio electives

Fourth year, spring semester

CGD 4091	Graphic Design Thesis II
CDE 4170	Professional Practices for Designers

G-PAC: Humanities or social sciences (+GCC or L/CE) requirement

2 Studio electives

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Recommended Program of Study

First year, fall semester

CAH 1090	Art History I: Art Now, Contemporary Perspectives in the Visual Arts
----------	--

CFN 1090	First Year Studio I
----------	---------------------

UW 1020	University Writing
---------	--------------------

Studio requirement

Studio elective

First year, spring semester

CAH 1091	Art History II: Historical Perspectives in the Visual Arts
----------	--

CFN 1091	First Year Studio II
----------	----------------------

G-PAC: Math, social sciences, or humanities requirement

Studio requirement

Studio elective

Second year, fall semester

G-PAC: Social sciences, humanities, or math requirement

Studio 1 - Major requirement

2 Studio electives

Major requirement

Second year, spring semester

G-PAC: Natural or physical science requirement

G-PAC: Social sciences or humanities requirement

Studio 2 - Major requirement

Studio elective

Major requirement

Third year, fall semester

G-PAC: Natural or physical science requirement

Studio elective

Studio 3 - Major requirement

Art history requirement

Seminar I

Third year, spring semester

G-PAC: Social sciences, humanities, or math requirement

Studio 4 - Major requirement

Studio elective

Major requirement

Art history requirement

Fourth year, fall semester

G-PAC: Social sciences or humanities requirement

Thesis I requirement

Art history requirement

2 Studio electives

Seminar II

Fourth year, spring semester

2 Studio electives

Studio or other elective

Thesis II requirement

Major requirement

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 303)
- Global or Cross-Cultural (p. 303)
- Humanities (p. 306)
- Local/Civic Engagement (p. 306)
- Mathematics or Statistics (p. 309)
- Natural or physical laboratory sciences (p. 309)
- Oral Communication (p. 310)
- Social Sciences (p. 311)
- Writing (p. 312)

DATA SCIENCE

Data Science is an emerging field that aims to extract actionable insights from vast arrays of information. Drawing on techniques and theories from statistics, computer science, and mathematics, the program has applications in business, engineering, natural sciences, social sciences, humanities, and health care. Developed through a collaborative effort between the Departments of Statistics (<http://statistics.columbian.gwu.edu>), Mathematics (<http://math.columbian.gwu.edu>), Physics (<http://physics.columbian.gwu.edu>), Economics (<http://economics.columbian.gwu.edu>), Geography (<http://geography.columbian.gwu.edu>), and Political Science (<http://politicalscience.columbian.gwu.edu>), the Data Science program, which offers the Master of Science in Data Science and a graduate certificate in data science, teaches students to understand data and contribute important insights that will change the way people live, work, and communicate. Through a structured curriculum that provides foundational knowledge as well as application skills, students learn how to confront the most complex problems facing government and private industry.

GRADUATE

Master's program

- Master of Science in the field of Data Science (p. 314)

CERTIFICATES

- Graduate certificate in data science (p. 314)

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master’s, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

DATS 6101. Introduction to Data Science. 3 Credits.

The class covers the basic techniques of data science, algorithms for data mining, and basics of statistical modeling. The class focuses on concepts and abstractions, as well as a set of concrete, practical techniques that every data scientist should know. It is an Introduction class hence it is less focused on the details of specific software tools and statistical methodologies. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Basic knowledge of statistics -- STAT 2118 Regression Methods or a similar course that covers analysis of research data through simple and multiple regression and correlation. Exceptions can be made with permission of instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics. (Same as STAT 6289).

DATS 6102. Data Warehousing. 3 Credits.

This course is a practical approach to fundamentals of data warehousing specifically for the IT professional who wants to get into the field. It covers all significant topics, including planning requirements, infrastructure, design, and maintenance. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Basic knowledge of statistics -- STAT 2118 Regression Methods or a similar course that covers analysis of research data through simple and multiple regression and correlation. Exceptions can be made with permission of instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics.

DATS 6103. Introduction to Data Mining. 3 Credits.

This course surveys concepts, principles and techniques related to data mining. You will become acquainted with both the strengths and limitations of various data mining techniques like Classification, Association analysis and Cluster analysis. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Basic knowledge of statistics -- STAT 2118 Regression Methods or a similar course that covers analysis of research data through simple and multiple regression and correlation. Exceptions can be made with permission of instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics.

DATS 6201. Numerical Linear Algebra and Optimization. 3 Credits.

This course is a study of linear and quadratic programming, nonlinear equations, global and unconstrained optimization, and general linearly and nonlinearly constrained optimization as used in data science. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Basic knowledge of linear algebra - Math 2184 or Math 2185. Exceptions can be made with permission of instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics.

DATS 6202. Machine Learning I: Algorithm Analysis. 3 Credits.

This course is a practical approach to fundamentals of algorithm design associated with machine learning. Topics include techniques of statistical and probability theory, combinatorial optimization, and factor graph and graph ensemble as used in machine learning. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics. (Same as PHYS 6620).

DATS 6203. Machine Learning II: Data Analysis. 3 Credits.

This course is a practical approach to fundamentals of machine learning with an emphasis on data analysis; i.e., how to extract useful information from different datasets. Topics include linear models, error and noise, training and testing methods, and generalization as used in machine learning. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: DATS 6101 - Introduction to Data Science. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics. (Same as PHYS 6720).

DATS 6401. Visualization of Complex Data. 3 Credits.

This course is a practical approach to fundamentals of data visualization specifically for data science professional. It covers all significant topics, including graphics, discrete and continuous variables, clustering and classification. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Data Science program core courses: 6101, 6102, and 6103. Exceptions can be made with permission of instructor. Recommended background: The Master's in Data Science core courses: 6101, 6102, 6103. Exceptions can be made with the permission of the instructor.

DATS 6402. High Performance Computing and Parallel Computing. 3 Credits.

This course is a practical approach to high performance computing specifically for the data science professional. It covers topics such as parallel architectures and software systems, and parallel programming. Restricted to Designed primarily for students in the Data Science program, however other students with appropriate backgrounds can register for the course with permission of the instructor. Prerequisites: Data Science program core courses: 6101, 6102, and 6103. Exceptions can be made with permission of instructor. Recommended background: An undergraduate degree with a strong background in science, mathematics, or statistics.

DATS 6450. Topics in Data Science. 3 Credits.

The purpose of DATS 6450 being a topics course is to respond to new ideas and issues in the rapidly evolving fields of Data Science and Big Data. Possible topics may include new application areas in Big Data, emerging new languages and development systems, and policy issues arising from impacts of Big Data on individuals and society. Restricted to Intended primarily for students in the Data Science Master's and Certificate programs. Prerequisites: DATS 6101 Introduction to Data Science or permission of instructor. Recommended background: Enrollment in a Data Science graduate program.

DATS 6501. Data Science Capstone. 3 Credits.

The course is a final practical application of the knowledge and skills acquired during the data science curriculum. The topics of the capstone team projects will be chosen in consultation with the Capstone Course instructor and the members of the teams. The course is designed to help students transition into the data science profession. Restricted to Designed for students in their last semester of the Data Science program as their final required core course. Prerequisites: Eight courses in the Data Science program, including the core courses 6101, 6102, and 6103 plus five approved courses from the categories Intermediate Analytics, Advanced Analytics, and Electives. Recommended background: Completion of the required courses in the Data Science Master's program.

MASTER OF SCIENCE IN THE FIELD OF DATA SCIENCE

Data Science, and associated areas called Big Data and Data Analytics, is a rapidly emerging technology field fueled by the dramatic growth in the amount of data involved in most areas of society. The 30-credit Master of Science degree allows students to study fundamental ideas that underlie large data systems and apply that knowledge to a variety of technical real-world problems. The Data Science program provides elective courses in fields such as physics, geography, and political science so that students can emphasize the use of data science in areas of their career interests.

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

30 credits in required and elective courses.

Required courses:

DATS 6101 Introduction to Data Science

DATS 6102 Data Warehousing

DATS 6103 Introduction to Data Mining

DATS 6501 Data Science Capstone

At least two of the following data science intermediate analytics courses

DATS 6201 Numerical Linear Algebra and Optimization

DATS 6202 Machine Learning I: Algorithm Analysis

MATH 6522 Introduction to Numerical Analysis

STAT 6201 Mathematical Statistics I

STAT 6207 Methods of Statistical Computing I

STAT 6210 Data Analysis

STAT 6214 Applied Linear Models

STAT 6216 Applied Multivariate Analysis II

STAT 6242 Regression Graphics/Nonparametric Regression

At least two of the following data science advanced analytics courses

DATS 6203 Machine Learning II: Data Analysis

STAT 6202 Mathematical Statistics II

STAT 6223 Bayesian Statistics: Theory and Applications

STAT 6289 Topics in Statistics

Elective courses:

At least two of the following

DATS 6401 Visualization of Complex Data

DATS 6402 High Performance Computing and Parallel Computing

DATS 6450 Topics in Data Science

ECON 8375 Econometrics I

ECON 8376 Econometrics II

ECON 8377 Econometrics III

ECON 8378 Economic Forecasting

GEOG 6304 Geographical Information Systems I

GEOG 6307 Digital Image Processing

PSC 8132 Network Analysis

PSC 8185 Topics in Empirical and Formal Political Analysis

GRADUATE CERTIFICATE IN DATA SCIENCE

Data Science, and associated areas called Big Data and Data Analytics, is a rapidly emerging technology field fueled by the dramatic growth in the amount of data involved in most areas of society. GW's 12-credit graduate certificate program allows students to study fundamental ideas that underlie large data systems and document a knowledge base for work in data intensive jobs. The certificate can also lead seamlessly to studies in the master's program and career paths that apply data science to real-world problems.

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled: 12 credits, including 9 credits in elective courses and 3 credits in elective courses.

Required:

DATS 6101	Introduction to Data Science
DATS 6102	Data Warehousing
DATS 6103	Introduction to Data Mining
One of the following:	
DATS 6201	Numerical Linear Algebra and Optimization
DATS 6202	Machine Learning I: Algorithm Analysis
MATH 6522	Introduction to Numerical Analysis
STAT 6201	Mathematical Statistics I
STAT 6207	Methods of Statistical Computing I
STAT 6210	Data Analysis
STAT 6214	Applied Linear Models
STAT 6216	Applied Multivariate Analysis II
STAT 6242	Regression Graphics/Nonparametric Regression

EAST ASIAN LANGUAGES AND LITERATURES

OVERVIEW

The Department of East Asian Languages and Literatures offers instruction in the languages and cultures of China, Japan, and Korea. Courses in the fields of language, literature, and cultural studies introduce students to the long and unique civilizations of the East Asian peoples. The curriculum prepares students for careers in academia, business, diplomacy, government, medicine, and law, among other fields where knowledge of East Asia is critically important.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in Chinese language and literature (p. 315)
- Bachelor of Arts with a major in Japanese language and literature (p. 326)

Minors

- Minor in Chinese language and literature (p. 337)
- Minor in Japanese language and literature (p. 337)
- Minor in Korean language and literature (p. 338)

GRADUATE

Master's program

- Master of Arts in the field of Chinese (p. 338)

FACULTY

Professors J. Chaves, S. Hamano (Chair), A. Huang, Y.-K. Kim-Renaud

Associate Professor P.N. Zhang

Assistant Professors L. Chen, H. Dong, I.L. Hanami, A. Yasuda, H. Zhang

Teaching Assistant Professors M.D. Pak, T. Tsujioka

Teaching Instructor M. Wei

Professorial Lecturers J. Finch, M. Frost, Y. Kang, C. Yang, X. Zhang

Lecturers W.K. Cavanaugh, J. Miller, M. Sato, R. Seya, J. Wang

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office
- Chinese (CHIN) (p. 1514)
- East Asian Languages and Literature (EALL) (p. 1548)
- Japanese (JAPN) (p. 1657)
- Korean (KOR) (p. 1659)
- Vietnamese (VIET) (p. 1840)

BACHELOR OF ARTS WITH A MAJOR IN CHINESE LANGUAGE AND LITERATURE

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Introductory language sequence (16 credits or the equivalent):

CHIN 1001 & CHIN 1002	Beginning Chinese I and Beginning Chinese II
or CHIN 1011	Intensive Beginning Chinese
CHIN 2003	Intermediate Chinese I
CHIN 2004	Intermediate Chinese II

Required courses (24 hours):

CHIN 3105	Intermediate Chinese III
CHIN 3106	Intermediate Chinese IV
CHIN 3109	Introduction to Classical Chinese
CHIN 3110	Introduction to Classical Chinese
CHIN 3111	Chinese Literature in Translation
CHIN 3112	Chinese Literature in Translation
CHIN 4107	Readings in Modern Chinese I
or CHIN 4108	Readings in Modern Chinese
CHIN 4121W	Advanced Conversation and Composition I
or CHIN 4122W	Advanced Conversation and Composition II

Three courses (9 credits) from the following:

CHIN 3123	Introduction to Chinese Linguistics
CHIN 3124	Introduction to Chinese Linguistics
CHIN 3136W	Chinese Women in Myth, Literature, and Film
or CHIN 3136	Chinese Women in Myth, Literature, and Film
or WSTU 3136W	Chinese Women in Myth, Literature, and Film
or WSTU 3136	Chinese Women in Myth, Literature, and Film
CHIN 3163	Taiwanese Literature and Film
CHIN 3171	Poetry of the Tang and Song Periods
CHIN 3172	Poetry of the Tang and Song Periods
CHIN 3173	Chinese Drama and Theatre
CHIN 4108	Readings in Modern Chinese
CHIN 4119W	Business Chinese
CHIN 4122W	Advanced Conversation and Composition II
CHIN 4179	20th-Century Chinese Literature

CHIN 4180W	20th-Century Chinese Literature II
CHIN 4185	Directed Reading I
CHIN 4186W	Directed Reading II
CHIN 4198	Proseminar: Readings for the Major in Chinese Language and Literature
CHIN 4199	Proseminar: Readings for the Major in Chinese Language and Literature

Two courses (6 credits) from the following:

AH 2190	East Asian Art
ANTH 3705	Anthropology of East Asia
EALL 3811	Confucian Literature in East Asia
or REL 2811	Confucian Literature in East Asia
EALL 3814	Religion and Philosophy in East Asia
or EALL 3814W	Religion and Philosophy in East Asia
or REL 2814	Religion and Philosophy in East Asia
ECON 2169	Introduction to the Economy of China
HIST 3610	China to 1800
HIST 3611	History of Modern China
HIST 3614	Writing Modern Chinese History
or HIST 3614W	Writing Modern Chinese History
HIST 3615	History of Chinese Communism
IAFF 2091	East Asia-Past and Present
JAPN 3111	Japanese Literature in Translation
JAPN 3112	Japanese Literature in Translation
JAPN 3162	Japanese Culture Through Film
or ANTH 3709	Japanese Culture Through Film
KOR 3111	Korean Literature in Translation
KOR 3112	Korean Literature in Translation
PSC 2370	Comparative Politics of China and Northeast Asia
PSC 2371	Politics and Foreign Policy of China
PSC 2475	International Relations of East Asia
REL 2601	Buddhism
REL 3831	Daoism in East Asia

or REL 3831W Daoism in East Asia

or EALL 3831 Daoism in East Asia

or EALL 3831W Daoism in East Asia

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 317)
- Global or Cross-Cultural (p.)
- Humanities (p. 320)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 323)
- Natural or physical laboratory sciences (p. 324)
- Oral Communication (p. 324)
- Social Sciences (p. 325)
- Writing (p. 326)

or CHIN 3136W	Chinese Women in Myth, Literature, and Film

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the

University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 328)
- Global or Cross-Cultural (p.)
- Humanities (p. 331)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 334)
- Natural or physical laboratory sciences (p. 334)
- Oral Communication (p. 335)
- Social Sciences (p. 336)
- Writing (p. 337)

MINOR IN JAPANESE LANGUAGE AND LITERATURE REQUIREMENTS

Introductory language sequence (16 credit hours or the equivalent)

JAPN 1001 & JAPN 1002	Beginning Japanese I and Beginning Japanese II
or JAPN 1005	Intensive Beginning Japanese
JAPN 2003 & JAPN 2004	Intermediate Japanese I and Intermediate Japanese II
or JAPN 2006	Intensive Intermediate Japanese

Six courses (18 credit hours) of Japanese courses chosen from JAPN 3105 through JAPN 4122W, of which at least one of which must be chosen from the following:

JAPN 4107	Readings in Modern Japanese I
JAPN 4108	Readings in Modern Japanese II

JAPN 4109 Introduction to Bungo, Literary Japanese

JAPN 4110 Readings in Classical Japanese

JAPN 4121W Advanced Conversation and Composition I

JAPN 4122W Advanced Conversation and Composition II

MINOR IN KOREAN LANGUAGE AND LITERATURE

REQUIREMENTS

Prerequisite:

KOR 1001 Beginning Korean I

KOR 1002 Beginning Korean II

KOR 2003 Intermediate Korean I

KOR 2004 Intermediate Korean II

Or equivalent

The minor consists of:

KOR 3105 Intermediate Korean III

KOR 3106 Intermediate Korean IV

12 additional credits of department-approved Korean courses at the 3000- 4000 level

MASTER OF ARTS IN THE FIELD OF CHINESE LANGUAGE AND CULTURE

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required:

Language Proficiency Courses

Up to 3 credits, pre-approval required

All students must achieve advanced proficiency in modern Chinese through the following courses. The student proficiency level is first determined through an entrance exam. Those who pass the exam receive a waiver for the language courses, and are expected to take other courses to fulfill the credit requirement.

CHIN 4108 Readings in Modern Chinese

CHIN 4122W Advanced Conversation and Composition II

Major Field Courses

At least 18 credits from the following:

CHIN 1111

CHIN 1112

CHIN 6171 Poetry of the Tang and Song Periods

CHIN 6172 Poetry of the Tang and Song Periods

CHIN 6173 Traditional Chinese Theatre and Drama

CHIN 6179 20th Century Chinese Literature I

CHIN 6180 20th-Century Chinese Literature II

CHIN 6199 Graduate Seminar

CHIN 6123 Structure of Chinese

CHIN 6125 History of the Chinese Language

CHIN 6126 Chinese Phonology

CHIN 6128 Chinese Semantics

CHIN 6201 Second Language Acquisition of Mandarin Chinese

CHIN 6210 Introduction to Teaching Chinese as a Foreign Language

CHIN 6310 Practicum in Chinese Language Instruction

Electives Courses

At least 6 credits from the following:

HIST 6211

HIST 6610 Readings Seminar: Late Imperial China

REL/EALL 3832/6832 Myth, Ritual, and Popular Religion in China

REL/CHIN 3841/6841 Religion in Modern China

REL/EALL
3881/6881 Women, Gender, and Religion in China

EAP 6111 Academic Writing and Research for
International Graduate Students II

EAP 6112

Independent Study

CHIN 6550

ECONOMICS

The study of economics investigates the consequences of scarcity, which forces people, organizations, and governments to choose among competing objectives. Economics looks at these choices and how they affect the production of goods and services, market prices, national output, unemployment, inflation, economic growth, and the use and distribution of resources within and across nations. Part of the social and behavioral sciences in the Columbian College of Arts and Sciences, the economics program exposes students to macroeconomics, microeconomics, labor economics, the economics of industry, international finance, international trade and development, money and banking, the economics of government and public policy, and econometrics.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in economics (p. 345)
- Bachelor of Science with a major in economics (p. 356)
- Combined programs (p. 367)

Minor

- Minor in economics (p. 367)

GRADUATE

Master's program

- Master of Arts in the field of economics (p. 368)
- Master of Arts in the field of applied economics (p. 368)

Doctoral program

- Doctor of Philosophy in the field of economics (p. 368)

FACULTY

Professors B.S. Barnow, M.D. Bradley, B.L. Boulier, B.R. Chiswick, J.J. Cordes, V. Fon, J.E. Foster, J.L. Gastwirth, S. Joshi (*Chair*), F.L. Joutz, G.L. Kaminsky, P. Labadie, A.S. Malik, M.O. Moore, D.O. Parsons, R.F. Phillips, J. Pelzman, J.C. Shambaugh, S.C. Smith, A.M. Yezer, R. Van Order, N. Vonortas

Associate Professors P. Carrilo, M.X. Chen, A. Fostel, W.P. Mullin, R.M. Samaniego, T. Sinclair, S.M. Suranovic, C. Wei

Assistant Professors R. Fishman, I.R. Foster, E.W.K. Hovander, R.C. Jedwab, T. Moore, O. Timoshenko, B.D. Williams

Professorial Lecturers R.S. Belous, L. Clauser, H. Hertzfeld, D. Fixler, S.N. Kirby, N. Pham, F.D. Weiss, H. Stekler

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Departmental Prerequisite: ECON 1011 Principles of Economics I–ECON 1012 Principles of Economics II is prerequisite to all other undergraduate courses offered by the Department of Economics.

Courses at the 8000 level are specifically designed for economics graduate students and typically require knowledge of calculus and one or more of the core theory and econometrics courses. Less-well-prepared graduate students in other disciplines may register for 6000-level courses after having completed ECON 6217 Survey of Economics I–ECON 6218 Survey of Economics II, or ECON 6218 Survey of Economics II and ECON 6219 Managerial Economics, or ECON 2101 Intermediate Microeconomic Theory and ECON 2102 Intermediate Macroeconomic Theory, or ECON 2103 Intermediate Microeconomic Theory: A Mathematical Approach and ECON 2104 Intermediate Macroeconomic Theory: A Mathematical Approach, unless the course description indicates that these prerequisites have been waived. Intermediate-level micro and macro courses taken elsewhere usually satisfy this requirement, but introductory or first-year courses do not. Graduate students in economics can take 6000-level courses only with permission of their advisor.

ECON 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details. Restricted to First-year students in CCAS.

ECON 1011. Principles of Economics I. 3 Credits.

Major economic principles, institutions, and problems in contemporary life. Microeconomics—supply and demand, the price system and how it works, competitive and monopolistic markets.

ECON 1012. Principles of Economics II. 3 Credits.

Continuation of ECON 1011. Major economic principles, institutions, and problems in contemporary life.

Macroeconomics—national income concepts, unemployment and inflation, institutions of monetary control. ECON 1011 is prerequisite to ECON 1012.

ECON 2101. Intermediate Microeconomic Theory. 3 Credits.

Analysis of household economic behavior, including derivation of demand functions. Analysis of firm behavior, including derivation of supply frameworks. Demand and supply interaction under various market structures and in factor markets. Prerequisites: ECON 1011, ECON 1012; MATH 1221, MATH 1231, or MATH 1252.

ECON 2102. Intermediate Macroeconomic Theory. 3 Credits.

Investigation of the determinants of national income, inflation, unemployment, and interest rates. Alternative business cycle theories, with emphasis on the role of imperfect information, uncertainty, and expectations. Prerequisites: ECON 1011, ECON 1012; MATH 1221, MATH 1231, or MATH 1252.

ECON 2103. Intermediate Microeconomic Theory: A Mathematical Approach. 3 Credits.

Analysis of household economic behavior, including derivation of demand functions, and of firm behavior, including derivation of supply frameworks. Demand and supply interaction under various market structures and in factor markets. Reliance on constrained and unconstrained optimization techniques when analyzing household and firm behavior. Corequisite: MATH 1232. Recommended for students pursuing the B.S. degree. Prerequisites: ECON 1011, ECON 1012; MATH 1221, MATH 1231, or MATH 1252.

ECON 2104. Intermediate Macroeconomic Theory: A Mathematical Approach. 3 Credits.

Development and application of mathematical models of aggregate economic behavior with a focus on the intertemporal choices made by households, firms, and governments. The use of rigorous economic analysis provides a deeper understanding of the determinants of the economy's performance. Recommended for students pursuing the B.S. degree. Corequisite: MATH 1232. Prerequisites: ECON 1011, ECON 1012; MATH 1221, MATH 1231, or MATH 1252.

ECON 2121. Financial Economics. 3 Credits.

Economic analysis of key financial institutions, markets, and variables. Investigation of the performance of asset markets and the roles of money, credit, interest rates, and exchange rates. Examination of private sector institutions like equity markets and the banking system and the roles of regulators like the Federal Reserve. Prerequisite: ECON 1011- ECON 1012.

ECON 2122. Monetary Theory and Policy. 3 Credits.

Analysis of classic and modern monetary theories and their application to current economic conditions. The links between theory and policy. The altered role of money over time; the new money technology. Prerequisite: ECON 1011- ECON 1012.

ECON 2123. Introduction to Econometrics. 3 Credits.

Joint offering of the Economics and Statistics Departments. Construction and testing of economic models: regression theory, parameter estimation, and statistical techniques applicable to economic models. Prerequisites: MATH 1221 or MATH 1231 or MATH 1252; STAT 1051 or STAT 1053 or STAT 1111. (Same as STAT 2123).

ECON 2136. Environmental and Natural Resource Economics. 3 Credits.

Analysis of a variety of environmental and natural resource problems. The economic causes of these problems, their consequences, and the relative merits of alternative policies for dealing with them. Prerequisite: ECON 1011- ECON 1012.

ECON 2148. Survey of Health Economics. 3 Credits.

Economic analysis of the determinants of demand, supply, output, and distribution in the health care sector, with special emphasis on current policy issues of access, quality, and cost. Credit may not be earned for both ECON 2148 and ECON 3148. Prerequisites: ECON 1011 - ECON 1012.

ECON 2151. Economic Development. 3 Credits.

Theories and empirical studies of the economic problems of developing countries. Prerequisite: ECON 1011- ECON 1012.

ECON 2151W. Economic Development. 3 Credits.**ECON 2157. Urban and Regional Economics. 3 Credits.**

Analysis of the determinants of urban growth and development; firm location; the functioning of urban land and housing markets. Prerequisite: ECON 1011- ECON 1012.

ECON 2158. Industrial Organization. 3 Credits.

Analysis of market structure, conduct, and performance of firms in a market economy, with emphasis on case studies of U.S. industries. Prerequisite: ECON 1011- ECON 1012.

ECON 2159. Government Regulation of the Economy. 3 Credits.

Economic analysis of antitrust and regulation in the American economy. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2158.

ECON 2160. Surv:Finance&Engineering Econ. 3 Credits.**ECON 2167. Economics of Crime. 3 Credits.**

Analysis of crime, both empirical and theoretical, that examines the links between law and economics, the economics of criminal participation, and the economics of law enforcement. Prerequisite: ECON 1011- ECON 1012.

ECON 2169. Introduction to the Economy of China. 3 Credits.

Background, organization, and operation of the economy. Appraisal of performance and analysis of problems of development. Prerequisite: ECON 1011- ECON 1012.

ECON 2170. Intro to the Economy of Japan. 3 Credits.

Analysis of the structure and growth of the Japanese economy. Prerequisite: ECON 1011- ECON 1012.

ECON 2180. Survey of International Economics. 0-3 Credits.

Basic concepts of international trade and international finance, with emphasis on policy issues. Prerequisites: ECON 1011 and ECON 1012.

ECON 2181. International Trade Theory and Policy. 3 Credits.

The basis for international trade and the effect of trade on consumers, producers, and workers; the causes and effects of the international movement of factors including foreign direct investment, outsourcing, and migration; and the impacts of trade policies and trade agreements. Credit may not be earned for both ECON 2181 and ECON 3181. Prerequisites: ECON 1011-ECON 1012.

ECON 2182. International Macroeconomic Theory and Policy. 3 Credits.

Topics include the balance of payments, the determination of exchange rates and prices in open economies, the interaction of the exchange rate and domestic economic activity, international financial markets, and exchange rate and financial crises. Prerequisites: ECON 1011- ECON 1012.

ECON 2185. Economic History and Problems of Latin America. 3 Credits.

Analysis of present structures and problems of Latin American economies. Prerequisite: ECON 1011- ECON 1012.

ECON 2195W. Special Topics. 3 Credits.

ECON 2198. Special Topics in Economics - Regional. 3 Credits.

Topics cover individual countries or regions of the world and vary depending on current issues of interest and faculty availability. Prerequisites: ECON 1011 - ECON 1012.

ECON 2199. Special Topics in Economics. 3 Credits.

Topics vary depending on current issues of interest and faculty availability. Prerequisites: ECON 1011, ECON 1012.

ECON 3098. Variable Topics-Regional Econ. 1-9 Credits.

ECON 3101. Investment and Portfolio Management. 3 Credits.

Theory and principles of security analysis and portfolio management, including analysis of the national economy, industry, company, and security markets. Risk-reward and computer-aided analysis. Prerequisites: BADM 3501. (Same as FINA 3101).

ECON 3105. Economic Forecasting. 3 Credits.

Theory and empirical analyses of economic trends and fluctuations; use of economic indicators and simple econometric models. Prerequisites: ECON 1011- ECON 1012; ECON 2102 or ECON 2104; ECON 2123.

ECON 3142. Labor Economics. 3 Credits.

Analysis of labor supply and demand; measurement and theory of unemployment; occupational choice; wage differentials; labor market issues and policies. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2103.

ECON 3148. Health Economics. 3 Credits.

Analysis of economic theories and applications to the demand for and supply of healthcare. Examination of the role of government in health care, public health, and unhealthy behavior (e.g., smoking). Credit may not be earned for both ECON 2148 and ECON 3148. Prerequisites: ECON 2101 or ECON 2103.

ECON 3161. Public Finance: Expenditure Programs. 3 Credits.

Economic analysis of government spending and social regulation programs. Topics include public goods, externalities, income transfer and social insurance programs, and benefit-cost analysis of government programs. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2103.

ECON 3162. Public Finance: Taxation. 3 Credits.

Economic analysis of taxes. Topics include individual and corporate income taxes, payroll taxes, sales and excise taxes, property and wealth taxes, design of tax systems, and effects of taxation on labor and capital markets. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2103.

ECON 3165. Economics of Human Resources. 3 Credits.

Economic analysis of education and training, labor market discrimination, marriage and the family, and social security. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2103.

ECON 3181. International Trade Theory. 3 Credits.

Rigorous examination of theories of international trade that explain why countries trade and their gains from trade. Theories include comparative advantage, the factor-proportions theory of trade, and recent theoretical developments. The course also deals with the theory of trade policies, such as tariffs and quotas. Credit cannot be earned for both ECON 2181 and ECON 3181. Prerequisites: ECON 2101 or ECON 2103; MATH 1221, MATH 1231, or MATH 1252.

ECON 3190. Law and Economics. 3 Credits.

An introduction to the economic analysis of legal systems. How laws alter behavior and how laws might be designed to satisfy efficiency and fairness criteria. Prerequisite: ECON 1011- ECON 1012 and ECON 2101 or ECON 2103.

ECON 3191. Game Theory. 3 Credits.

An introduction to game theory, covering concepts such as Nash equilibrium, evolutionary games, backward induction and subgame perfection, Bayesian-Nash games of imperfect information, adverse selection, and moral hazard. Prerequisites: ECON 1011- ECON 1012 and ECON 2101.

ECON 3198. Advanced Topics in Economics - Regional. 3 Credits.

Topics cover individual countries or regions of the world and vary depending on current issues of interest and faculty availability. Prerequisites: Depending on the topic: ECON 2101 (or ECON 2103) or ECON 2102 (or ECON (2104) or ECON 2123.

ECON 3199. Advanced Topics in Economics. 3 Credits.

Topics vary depending on current issues of interest and faculty availability. Prerequisites: Depending on the topic: ECON 2101 (or ECON 2103) or ECON 2102 (or ECON (2104) or ECON 2123.

ECON 3301. Money and Capital Markets. 3 Credits.

The process of capital formation in a free enterprise economy, with special emphasis on factors affecting the level and structure of interest rates. Money market, capital market, and derivative contracts (futures and swaps) are evaluated from both investment and financing perspectives. Prerequisites: BADM 3501. (Same as FINA 3301).

ECON 4198W. Proseminar in Economics. 3 Credits.

Preparation and presentation of a research paper in any field of economics agreed upon by the student and instructor. Restricted to Economics majors in their senior year. Prerequisites: ECON 2101 or ECON 2103 and ECON 2102 or ECON 2104. Recommended background: Prior or concurrent enrollment in ECON 2123 or STAT 2112 or STAT 2118 is recommended.

ECON 4199. Independent Research-Economics. 3 Credits.

Prerequisite: ECON 1011- ECON 1012 and completion of 12 hours of upper-division economics courses, including ECON 2101 or ECON 2103 and ECON 2102 or ECON 2104, with a minimum grade-point average of 3.4; and approval of an independent research project by a faculty member of the Economics Department.

ECON 6217. Survey of Economics I. 3 Credits.

Intermediate-level microeconomic theory for graduate students in fields other than economics.

ECON 6218. Survey of Economics II. 3 Credits.

Continuation of ECON 6217. Intermediate-level macroeconomic theory for graduate students in fields other than economics. (ECON 6217 and ECON 6218-).

ECON 6219. Managerial Economics. 3 Credits.

Intermediate microeconomic theory, with emphasis on production and costs, market structure and pricing, risk analysis, and investment theory and capital budgeting. Credit can be earned for only one of ECON 6217 or ECON 6219.

ECON 6237. Economics of the Environment and Natural Resources. 3 Credits.

Analysis of public policy problems relating to the environment and natural resources development and management. Prerequisite: ECON 6217.

ECON 6239. Economics of Defense. 3 Credits.

Economic analysis applied to national security planning and objectives. Analysis of defense establishment problems, including manpower, the defense industry base, procurement policy.

ECON 6248. Health Economics. 3 Credits.

Demand for medical care; organization of the health care delivery industry; policy issues on regulation, efficiency, and allocation of health care services.

ECON 6249. Industrial Org-TComm Industry. 3 Credits.**ECON 6250. Survey of Economic Development. 3 Credits.**

An introduction to economic problems faced by less developed countries. Emphasis placed on applications to policy-making and evaluation. Prerequisite: Econ 6217 or 6280 or equivalent.

ECON 6255. Economics of Technological Change. 3 Credits.

Economics of research and development; innovation and growth; the role of government in the development and use of new technology.

ECON 6269. Economy of China I. 3 Credits.

Analysis of organization, operation, policies, and problems. Development of the economy since 1949.

ECON 6270. Economy of China II. 3 Credits.

Continuation of ECON 6269. Examination of critical problems of development. Prerequisite: ECON 6269 or permission of instructor.

ECON 6271. Economy of Japan. 3 Credits.

Analysis of Japanese economic institutions and their contribution to Japan's development.

ECON 6280. Survey of International Economics. 3 Credits.

Introductory-level international trade and finance, primarily for Elliott School students. Topics include the economic effects of trade liberalization and protection, exchange rate determination, and macroeconomic policies in an open economy. Prerequisite: ECON 1011- ECON 1012.

ECON 6283. Survey of International Trade Theory and Policy. 3 Credits.

For graduate students in fields other than economics. Survey of international economics and policy; application of comparative advantage and other arguments for trade; impact of trade on a domestic economy; new arguments for protectionism; and regional trading blocs.

ECON 6284. Survey of International Macroeconomics and Finance Theory and Policy. 3 Credits.

For graduate students in fields other than economics. Open economy macroeconomics; international finance; balance of payments accounting; exchange markets; alternative models of balance of payments determination and adjustment; behavior of flexible exchange rate systems.

ECON 6285. Economic Development of Latin America. 3 Credits.

Diversity of structures of Latin American economies; import substituting industrialization; inflation; problems of underemployment and income distribution.

ECON 6286. Economic Development of Latin America. 3 Credits.

Continuation of ECON 6285. Structure of trade; protection, exports, and economic development; regional and global economic integration; foreign investment, multinational enterprise, and technology transfer.

ECON 6290. Principles of Demography. 3 Credits.

Introduction to basic demographic perspectives and data; methods for analysis of population size, distribution, and composition; determinants and consequences of population trends. Departmental prerequisite waived. Same as GEOG 6290/ SOC 6290/ STAT 6290.

ECON 6291. Methods of Demographic Analysis. 3 Credits.

Basic methods for analysis of mortality, natality, and migration; population estimates and projections; estimation of demographic measures from incomplete data. Departmental prerequisite waived. Same as GEOG 6291/ SOC 6291/ STAT 6291.

ECON 6292. Topics in International Trade. 3 Credits.

Topics on international trade issues and policy. Primarily for master's students in programs other than economics. May be repeated for credit if topic differs.

ECON 6293. Topics in International Finance. 3 Credits.

Topics on macroeconomic issues and policies in open economies, including exchange rate regimes, determinants of international capital flows, currency crises, financial contagion, current account sustainability and sovereign crises, fiscal problems, and macro-policies in emerging markets and mature economies.

ECON 6294. Topics in Economic Development. 3 Credits.

Topics on economic development issues and policy vary depending on faculty availability and interest. Primarily for master's students in programs other than economics. May be repeated for credit if topic differs.

ECON 6295. Special Topics. 3 Credits.

Topics vary, depending on current issues of interest and faculty availability.

ECON 6298. Reading and Research. 3 Credits.

Limited to master's degree candidates.

ECON 6300. Mathematical Methods for Economics. 3 Credits.

Instruction in the mathematical background required to appreciate and understand the use of mathematics in economic analysis, including multivariable calculus, integral calculus, and linear algebra. Emphasis on techniques for solving systems of equations, unconstrained and constrained optimization, comparative static analysis, difference equations, and analysis of dynamic models and their application to a range of economic problems. Restricted to Graduate applied economics majors only.

ECON 6301. Applied Microeconomic Theory. 3 Credits.

The principal areas of microeconomic theory: consumer demand, decision making under uncertainty, production and costs, game theory, and product markets; both competitive and imperfectly competitive, factor markets, and market failures. Emphasis on the application of theory to microeconomic issues of interest to the private and public sectors, such as product pricing, market entry and deterrence, competition policy, tax policy, and environmental regulation. The level of mathematical rigor is above that in a typical intermediate undergraduate microeconomics course, but below that in a first-year PhD course. Restricted to Graduate applied economics majors only.

ECON 6305. Applied Macroeconomic Theory. 3 Credits.

Development of an integrated framework for analyzing the determination of macroeconomic variables such as total production, unemployment, interest rates and inflation. Interpreting macroeconomic data and macroeconomic policy. A key objective of the course is to provide a link between economic theory and current economic policy. Topics for application may include recent developments in monetary policy and causes of hyperinflation and the national debt. The level of mathematical rigor is above that in a typical intermediate undergraduate macroeconomics course, but below that in a first-year PhD course. Restricted to Graduate applied economics majors only. Prerequisites: ECON 6300 and ECON 6301.

ECON 6374. Prob and Stat for Econ. 3 Credits.**ECON 6375. Applied Econometrics. 3 Credits.**

An introduction to the skills needed to critically evaluate and conduct econometric analysis. Multiple regression analysis; theoretical underpinnings of the ordinary least squares estimator; interpreting regression results and how to address common issues that arise in regression analysis; econometric methods to estimate and test economic models and to address causal questions using observational data. Students build proficiency in using statistical software to perform basic econometric techniques studied in the course. Restricted to Graduate applied economics majors only. Prerequisites: ECON 6300 and ECON 6374.

ECON 6376. Time Series Analysis. 3 Credits.

The objective of this course is to give students the tools required to understand, implement, and interpret common models used in time series econometrics. Emphasis is placed on intuition and application. The course will both help students understand how to use time series data to test hypotheses and serve as an introduction to the ideas and techniques of forecasting. Topics covered are: time series properties of data (unit roots, near unit roots, stationarity), difference equations, stationary models (autoregressive and moving-average models), models with trends (deterministic and stochastic), multi-equation models (reduced-form and structural VARs), cointegration and error-correction models, models with time-varying coefficients, forecasting models, and basic forecast evaluation. Students will become proficient with performing basic time series analysis and forecasting using time series statistical software. Restricted to "Applied Econ MA students only". Prerequisites: ECON 6374 ECON 6305.

ECON 6997. Independent Research. 1-3 Credits.

This course is limited to master's degree candidates in Economics. Before permission is granted to register for ECON 6997, the student must submit a written plan of study for the approval of the staff member of the department who will be directing the research. The written plan must also be approved by the program director. This course may be repeated once for credit but to no more than a total of 6 credits.

ECON 6998. Thesis Research. 3 Credits.**ECON 6999. Thesis Research. 3 Credits.****ECON 8301. Microeconomic Theory I. 3 Credits.**

Theory of unconstrained optimization; optimization subject to equality and inequality constraints, along with applications. Profit maximization, utility maximization and cost minimization, concave and quasi-concave functions, monotone comparative statics, duality theory, the envelope theorem and Le Chatelier principle, and the Kuhn-Tucker conditions.

ECON 8302. Microeconomic Theory II. 3 Credits.

Expected utility theory, general equilibrium in a pure exchange economy and economy with production, welfare theorems and the core theory of the competitive firm in the short run and long run, monopoly and price discrimination, models of oligopoly. Prerequisite: ECON 8301.

ECON 8303. Microeconomic Theory III. 3 Credits.

Theory of games, including Nash equilibrium and its refinements and comparative statics, evolutionary game theory, multistage games and subgame perfection, repeated games and oligopolistic supergames, static and dynamic Bayesian games, auction theory, and bargaining theory. Prerequisite: ECON 8302.

ECON 8305. Macroeconomic Theory I. 3 Credits.

Alternative theories of income, employment, and the price level; impact of monetary and fiscal policy; role of expectations in the economy; and microfoundations of macroeconomic models and dynamic analysis.

ECON 8306. Macroeconomic Theory II. 3 Credits.

Extensions of alternative models of income determination, economic growth, and the application of analytical frameworks to the U.S. and international economies. Prerequisite: ECON 8305.

ECON 8307. Macroeconomic Theory III. 3 Credits.

Extensions to stochastic and dynamic general equilibrium frameworks, with emphasis on economic policy. Prerequisite: ECON 8306.

ECON 8323. Monetary Theory and Policy I. 3 Credits.

Theory of monetary policy within the framework of contemporary American central banking.

ECON 8324. Monetary Theory and Policy II. 3 Credits.

Continuation of ECON 8323. Theory of monetary policy within the framework of contemporary American central banking.

ECON 8337. Environmental Economics. 3 Credits.**ECON 8341. Labor Economics I. 3 Credits.**

Theory of wages and employment, analysis of labor supply and demand. Analysis of unemployment; unions; wage regulation.

ECON 8342. Labor Economics II. 3 Credits.

Continuation of ECON 8341. Theory of wages and employment, analysis of labor supply and demand. Analysis of unemployment; unions; wage regulation.

ECON 8345. Industrial Organization I. 3 Credits.

Economic theory and evidence regarding industrial market structure, conduct, and economic performance.

ECON 8346. Industrial Organization II. 3 Credits.

Continuation of ECON 8345. Economic issues in antitrust and government regulation of the U.S. economy.

ECON 8351. Development Economics I. 3 Credits.

Major analytic concepts, measures, theoretical models, and empirical methods of development economics.

ECON 8352. Development Economics II. 3 Credits.

Continuation of ECON 8351. In-depth examination of special research topics with emphasis on methods in applied microeconomics.

ECON 8357. Regional Economics. 3 Credits.

Study of regional planning and growth models, including input-output, programming, and econometric models used by planning agencies; analysis of interregional production, trade, migration, firm location, and pricing models.

ECON 8358. Urban Economics. 3 Credits.

Analysis of spatial relationships among economic activities within an urban area including the urban land, labor, and housing markets; urban transportation models; fiscal relationships among jurisdictions.

ECON 8363. Public Finance I. 3 Credits.

Theoretical and empirical analysis of the economic role of the public sector and the effects of public expenditures on resource allocation and income distribution. Topics include public goods, externalities, social insurance, and benefit-cost analysis.

ECON 8364. Public Finance II. 3 Credits.

Theoretical and empirical analysis of the effects of taxes and transfers on the allocation of resources and income distribution. Topics include partial and general equilibrium models of tax incidence, effects of taxes on labor supply, saving, and portfolio choices of households and on investment and financing decisions of firms.

ECON 8375. Econometrics I. 3 Credits.

Statistical foundations for econometrics; standard methods of estimation and inference for classical and generalized regression models. Same as STAT 8375.

ECON 8376. Econometrics II. 3 Credits.

Topics may include asymptotic theory, statistical endogeneity, instrumental variables estimation, discrete and limited dependent variable models, and time-series models. Same as STAT 8376. Prerequisite: ECON 8375.

ECON 8377. Econometrics III. 3 Credits.

Econometric methods for systems of equations and panel data, with additional topics that may vary from year to year. Prerequisite: ECON 8376.

ECON 8378. Economic Forecasting. 3 Credits.

Introduction to the theoretical and applied aspects of economic forecasting. Topics include the role of forecasting, univariate time-series analysis, single equation models, multiple series models, and evaluation of forecasts. Prerequisite: ECON 8375 or permission of instructor.

ECON 8379. Laboratory in Applied Econometrics. 0-3 Credits.

Application of econometric theory and the use of econometric software; students are required to write an empirical research paper. The course usually deals exclusively with either micro or macroeconomic issues. May be repeated for credit provided the topic differs.

ECON 8381. International Trade Theory. 3 Credits.

International trade theory, including alternative models of the gains from trade and evaluations of the new justifications for protectionism, and analysis of commercial policy, factor flows, and trade and investment with multinational corporations. Prerequisite: most sections require calculus or permission of instructor.

ECON 8382. International Finance and Open-Economy Macroeconomics. 3 Credits.

International finance, including alternative models of balance of payments behavior and adjustment, payments accounting, exchange markets, and alternative exchange-rate regimes.

ECON 8383. International Financial Markets. 3 Credits.

Financial economics and international financial markets. Topics include standard asset pricing theory, uncertainty in open economy macroeconomics models, financial market micro-structure, and incomplete markets.

ECON 8395. Advanced Special Topics. 3 Credits.

Topics vary depending upon current interests and faculty availability. Open to graduate students in economics. May be repeated for credit.

ECON 8397. Dissertation Proposal Seminar. 3 Credits.

Limited to Doctor of Philosophy candidates in Unit II. Critical analysis of current research. Formulation of a dissertation proposal and development of dissertation research strategies.

ECON 8997. Independent Research. 3 Credits.

This course is limited to doctoral degree candidates in Economics. Departmental approval required to register. Before permission granted to register for ECON 8997, the student must submit a written plan of study for the approval of both the faculty member of the department who will be directing the research. And the Director of Graduate Studies for the PhD Program or the Department Chair. May be repeated for a total of 6 credits.

ECON 8998. Advanced Reading and Research. 1-12 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

ECON 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN ECONOMICS

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the following curricular requirements:

Required courses

ECON 1011	Principles of Economics I
ECON 1012	Principles of Economics II
ECON 2101 or ECON 2103	Intermediate Microeconomic Theory Intermediate Microeconomic Theory: A Mathematical Approach
ECON 2102 or ECON 2104	Intermediate Macroeconomic Theory Intermediate Macroeconomic Theory: A Mathematical Approach
ECON 4198W	Proseminar in Economics
MATH 1221 or MATH 1231	Calculus with Precalculus II Single-Variable Calculus I

or MATH 1252 Calculus for the Social and Management Sciences

STAT 1111 Business and Economic Statistics I (or equivalent)

STAT 2112 Business and Economic Statistics II

or STAT 2118 Regression Analysis

or ECON 2123 Introduction to Econometrics

6 additional economics courses (18 credits) numbered between 2000 and 4999. A maximum of 3 courses can be regional and 2 international. Only 5 additional courses are required if ECON 2123 was taken instead of STAT 2112.

Regional courses:

ECON 2169 Introduction to the Economy of China

ECON 2170 Intro to the Economy of Japan

ECON 2185 Economic History and Problems of Latin America

ECON 2198 Special Topics in Economics - Regional

ECON 3098 Variable Topics-Regional Econ

ECON 3198 Advanced Topics in Economics - Regional

International courses:

ECON 2180 Survey of International Economics

ECON 2181 International Trade Theory and Policy

or ECON 3181 International Trade Theory

ECON 2182 International Macroeconomic Theory and Policy

Two social science courses (6 credits) in a discipline other than economics.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 347)
- Global or Cross-Cultural (p.)
- Humanities (p. 349)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 353)
- Natural or physical laboratory sciences (p. 353)

- Oral Communication (p. 354)
- Social Sciences (p. 355)
- Writing (p. 356)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, a student must have a grade-point average of at least 3.5 in economics courses, and must submit an honors paper to the department. Upon review of the honors paper, the student may be recommended for graduation with Special Honors.

BACHELOR OF SCIENCE WITH A MAJOR IN ECONOMICS

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62) and the following curricular requirements:

Required courses

ECON 1011	Principles of Economics I
ECON 1012	Principles of Economics II
ECON 2103	Intermediate Microeconomic Theory: A Mathematical Approach
or ECON 2101	Intermediate Microeconomic Theory
ECON 2104	Intermediate Macroeconomic Theory: A Mathematical Approach
or ECON 2102	Intermediate Macroeconomic Theory
ECON 2123	Introduction to Econometrics
ECON 4198W	Proseminar in Economics
MATH 1221	Calculus with Precalculus II
or MATH 1231	Single-Variable Calculus I
or MATH 1252	Calculus for the Social and Management Sciences
MATH 1232	Single-Variable Calculus II

STAT 1111	Business and Economic Statistics I (or equivalent)
-----------	--

Two courses (6 credits) from the following:

MATH 2233	Multivariable Calculus
MATH 2184	Linear Algebra I
MATH 2971	Introduction to Mathematical Reasoning
CSCI 1041	Introduction to FORTRAN Programming
CSCI 1111	Introduction to Software Development
CSCI 1121	Introduction to C Programming
CSCI 1131	Introduction to Programming with C
CSCI 1311	Discrete Structures I
CSCI 4314	Discrete Analysis-Computer Sci
CSCI 4341	Continuous Algorithms
CSCI 4511	Artificial Intelligence Algorithms
EMSE 2705	Mathematics in Operations Research
EMSE 3701	Operations Research Methods
EMSE 3850	Quantitative Models in Systems Engineering
EMSE 4710	Applied Optimization Modeling
MATH 2572	Introduction to Computing in Mathematics
MATH 3342	Ordinary Differential Equations
MATH 3410	Mathematics of Finance
MATH 4239	Real Analysis I
STAT 1129	Introduction to Computing
STAT 2183	Intermediate Stat Lab/Packages
STAT 3119	Analysis of Variance
STAT 3187	Introduction to Sampling
STAT 4157	Introduction to Mathematical Statistics I
STAT 4158	Introduction to Mathematical Statistics I
STAT 4181	Applied Time Series Analysis
STAT 4188	Nonparametric Stat Inference
STAT 4189	Mathematical Probability and Applications I

STAT 4190	Mathematical Probability and Applications II
-----------	--

STAT 4197	Fundamentals of SAS Programming for Data Management
-----------	---

MATH 2233, MATH 2971, MATH 3342, MATH 3410, and MATH 4239 are strongly recommended for those planning to pursue graduate study in Economics.

Five additional economics courses (15 credits) numbered between 2000 and 4999. A maximum of 3 courses can be regional and two international.

Regional courses:

ECON 2169	Introduction to the Economy of China
-----------	--------------------------------------

ECON 2170	Intro to the Economy of Japan
-----------	-------------------------------

ECON 2185	Economic History and Problems of Latin America
-----------	--

ECON 2198	Special Topics in Economics - Regional
-----------	--

ECON 3098	Variable Topics-Regional Econ
-----------	-------------------------------

ECON 3198	Advanced Topics in Economics - Regional
-----------	---

International courses:

ECON 2180	Survey of International Economics
-----------	-----------------------------------

ECON 2181	International Trade Theory and Policy
-----------	---------------------------------------

or ECON 3181	International Trade Theory
--------------	----------------------------

ECON 2182	International Macroeconomic Theory and Policy
-----------	---

- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 358)
- Global or Cross-Cultural (p.)
- Humanities (p. 360)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 364)
- Natural or physical laboratory sciences (p. 364)
- Oral Communication (p. 365)
- Social Sciences (p. 366)
- Writing (p. 366)

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;

Arts

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, a student must have a grade-point average of at least 3.5 in economics courses, and must submit an honors paper to the department. Upon review of the honors paper, the student may be recommended for graduation with Special Honors.

COMBINED PROGRAMS

REQUIREMENTS

The Department of Economics offers two programs leading to combined bachelor's and master's degrees. The programs allow students to take a specified number of graduate credits as part of their undergraduate degree, thereby decreasing the number of credits normally required for the master's degree.

Combined Bachelor of Science/Master of Arts in the field of economics

Students interested in this dual degree program should consult the Department of Economics undergraduate program advisor by the second semester of their sophomore year.

Combined Bachelor of Arts or Bachelor of Science with a Major in Economics and Master of Public Policy

Students interested in this dual degree program should contact the director of the Public Policy program by the second semester of their sophomore year.

For more information visit the program website (<http://economics.columbian.gwu.edu/combined-degree-programs>).

MINOR IN ECONOMICS

REQUIREMENTS

ECON 1011 Principles of Economics I

ECON 1012 Principles of Economics II

ECON 2101 Intermediate Microeconomic Theory (credit for either ECON 2101 or ECON 2103 can be applied toward a degree; a grade of C– or better is required)

or ECON 2103 Intermediate Microeconomic Theory: A Mathematical Approach

ECON 2102 Intermediate Macroeconomic Theory (credit for either ECON 2102 or ECON 2104 can be applied toward a degree; a grade of C– or better is required)

or ECON 2104 Intermediate Macroeconomic Theory: A Mathematical Approach

Two other approved upper-division courses in economics

One of the following options:

Option A:

An approved two-course statistics sequence, such as:

STAT 1111 Business and Economic Statistics I

STAT 2112 Business and Economic Statistics II

Option B:

An approved two-course mathematics sequence, such as:

MATH 1231 Single-Variable Calculus I

MATH 1232 Single-Variable Calculus II

Option C:

One approved statistics course, such as:

STAT 1111 Business and Economic Statistics I

One approved mathematics course, such as:

MATH 1231 Single-Variable Calculus I

MATH 1252 Calculus for the Social and Management Sciences

Option D:

One approved mathematics course or one approved statistics course and one additional upper-division course in economics other than:

ECON 2169 Introduction to the Economy of China

ECON 2170 Intro to the Economy of Japan

ECON 2185 Economic History and Problems of Latin America

STAT 1129 Introduction to Computing cannot be used to satisfy the requirements of the minor.

MASTER OF ARTS IN THE FIELD OF APPLIED ECONOMICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following curriculum requirements must be fulfilled: 30 credits, including 18 credits in core courses and 12 credits in elective courses.

Required:

ECON 6300 Mathematical Methods for Economics

ECON 6301 Applied Microeconomic Theory

ECON 6305 Applied Macroeconomic Theory

ECON 6374 Probability and Statistics for Economics

ECON 6375 Applied Econometrics

ECON 6376 Time Series Analysis

12 credits of elective courses selected from 6000-level economics courses with approval from the program director

Note: ECON 6217, ECON 6218, and ECON 6219 may not be used to fulfill the elective requirement. With program approval, students may select up to two graduate-level courses offered by the Trachtenberg School of Public Policy and Public Administration, School of Business, Milken Institute School of Public Health, and/or School of Engineering and Applied Science to fulfill the elective requirement.

MASTER OF ARTS IN THE FIELD OF ECONOMICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Prerequisite:

A Bachelor's degree with a major in economics or with course work in economics that includes intermediate microeconomic and macroeconomic theory equivalent to:

ECON 2101 Intermediate Microeconomic Theory

ECON 2102 Intermediate Macroeconomic Theory

Or:

ECON 6217 Survey of Economics I

ECON 6218 Survey of Economics II

An understanding of basic calculus equivalent to:

MATH 1231 Single-Variable Calculus I

MATH 1232 Single-Variable Calculus II

Basic statistics, equivalent to:

STAT 1111 Business and Economic Statistics I

STAT 2112 Business and Economic Statistics II

Required: 30 credits consisting of:

ECON 8301 Microeconomic Theory I

ECON 8305 Macroeconomic Theory I

ECON 8375 Econometrics I

Two of the following:

ECON 8302 Microeconomic Theory II

ECON 8306 Macroeconomic Theory II

ECON 8376 Econometrics II

Five additional 8000-level economics courses or four 8000-level economics courses and one 6000-level course approved by the student's Master of Arts advisor.

DOCTOR OF PHILOSOPHY IN THE FIELD OF ECONOMICS

REQUIREMENTS

The Ph.D. program involves study in two sequential units. Unit I includes satisfactory completion of required coursework, and passing the General Examination. This first unit must be concluded within five years after entry into the program. Upon successful completion of Unit I, students are considered for admission to Unit II, the dissertation stage, which must be completed within five years after entry. In all cases, however, the student is expected to complete the doctorate within eight years after admission.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

For Unit I, requirements include:

Core theory and econometrics courses:

ECON 8301	Microeconomic Theory I
ECON 8302	Microeconomic Theory II
ECON 8303	Microeconomic Theory III
ECON 8305	Macroeconomic Theory I
ECON 8306	Macroeconomic Theory II
ECON 8307	Macroeconomic Theory III
ECON 8375	Econometrics I
ECON 8376	Econometrics II

Plus 24 additional credits of 8000-level (or approved 6000-level) course work and passing the General Examination

General Examination: The General Examination consists of two preliminary examinations, one in microeconomic theory and one in macroeconomic theory, and two field examinations. The preliminary examinations are offered at the end of the spring semester examination period. Field examinations are given in econometrics, economic development, environmental and natural resource economics, health economics, industrial organization, international economics, international finance, labor economics, monetary theory and policy, public finance, and regional and urban economics.

To pass the General Examination, students must earn:

1. a grade of "pass" or better in the preliminary examinations in microeconomic and macroeconomic theory and
2. a grade of "satisfactory pass" or better in one of the two field examinations and no grade below "bare pass."

Two of the examinations, preliminary or field, may be taken a second time with the approval of the Department. No further opportunity to take the examinations is permitted. Substitution of a field examination (in an area not originally chosen by the student) to satisfy the requirements of the General Examination is equivalent to taking a field examination a second time. Students should consult with the professors responsible for their fields and notify the Department two months in advance of their intention to take the examinations. If such notification is not given sufficiently in advance, it may not be possible to sit for the examination.

For Unit II, the requirements include formulation of an acceptable dissertation proposal, completion of a dissertation

that demonstrates the candidate's ability to do original research, and 24 credits of additional graduate course work, of which at least 12 credits must be dissertation research. Students, including those who have an accepted dissertation proposal, must enroll in a dissertation proposal seminar (ECON 8397 Dissertation Proposal Seminar) in the first semester after promotion to Unit II. Satisfactory performance in the seminar will be equivalent to 3 credits of Unit II course work. In cases where knowledge outside the discipline of economics is critical to the student's research field, up to 6 credits in Unit II may consist of required courses outside the Economics Department.

ENGLISH

Part of the Columbian College of Arts and Sciences' arts and humanities program, the Department of English fosters critical reflection on literature and culture, connecting reading practices with lucid writing and persuasive argumentation. Within an extraordinary range of texts, students explore community, creativity, cultural conflict, history, and other relevant issues.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in English (p. 390)
- Bachelor of Arts with a major in creative writing and English (p. 378)
- Combined program (p. 402)

Minors

- Minor in English (p. 402)
- Minor in creative writing (p. 402)

GRADUATE

Master's program

- Master of Arts in the field of English with optional concentrations in English or American literature (p. 403)

Doctoral program

- Doctor of Philosophy in the field of English with optional concentrations in English or American literature (p. 403)

FACULTY

Professors M. Alcorn, J.J. Cohen, R.L. Combs, P. Cook, M. Frawley, J.G. Harris, A. Huang, S. Knapp, T.V. Mallon, D. McAleavey, R. McRuer (Chair), D. Mitchell, K. Moreland, F. Moskowitz, A. Romines, E. Schreiber, O.A. Seavey, J. Shore, C.W. Sten, A. Thompson, G. Wald, T.G. Wallace

Associate Professors G. Carter, P. Chu, K. Daiya, H. Dugan, J.M. Green-Lewis, P. Griffith, J. Hsy, J.C. James, A. López, D. Moshenberg, M.S. Soltan

Assistant Professors H.G. Carrillo, J. Chang, D. DeWispelare

Adjunct Professors L. Page, A.C. Stokes

Professorial Lecturer K.Z. Keller

Jenny McKean Moore Writer in Washington B. Skyhorse

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: The department strongly recommends a literature course, such as ENGL 1315 Literature and the Financial Imagination through ENGL 1711 Introduction to Postcolonial Literature and Film II or ENGL 1830 Tragedy or ENGL 1840 Comedy, as a prerequisite to upper-division English courses. All creative writing courses are limited to 15 students. Two creative writing courses in the same genre may not be taken during the same semester.

All graduate English courses, except ENGL 6100 Introduction to Literary Theory, may be repeated for credit with permission of the director of graduate studies.

ENGL 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details.

ENGL 1050. Introduction to Literary Studies. 3 Credits.

How to read and interpret literature at the college level and beyond. Close readings of poetry, fiction, and drama, emphasizing genre and form.

ENGL 1210. Introduction to Creative Writing. 3 Credits.

An exploration of genres of creative writing (fiction, poetry, and/or playwriting). Basic problems and techniques; examples of modern approaches; weekly writing assignments; workshop and/or conference discussion of student writing.

ENGL 1305. Colonial/Post-Colonial British Literature. 3 Credits.

ENGL 1315. Literature and the Financial Imagination. 3 Credits.

Literary studies focused broadly on representations of business, finance, or commerce; the economics of literary production; and/or theories of economic class as they pertain to literary works. Topic, genre, and time period vary by instructor.

ENGL 1320. Literature of the Americas. 3 Credits.

American literature considered in a transhemispheric framework as writing that probes and spans the boundaries of the nation, connecting the United States to the rest of the Americas and to other parts of the globe.

ENGL 1320W. Literature of the Americas. 3 Credits.

American literature considered in a transhemispheric framework as writing that probes and spans the boundaries of the nation, connecting the United States to the rest of the Americas and to other parts of the globe.

ENGL 1330. Myths of Britain. 3 Credits.

Why much great English literature turns out not to be so English after all. The literature of the island within a transnational frame. Readings generally range from Beowulf to Arthurian myths to Shakespeare. Topic, genre, and time period vary by instructor.

ENGL 1330W. Myths of Britain. 3 Credits.

Why much great English literature turns out not to be so English after all. The literature of the island within a transnational frame. Readings generally range from Beowulf to Arthurian myths to Shakespeare. Topic, genre, and time period vary by instructor.

ENGL 1340. Essential Shakespeare. 3 Credits.

Links between Shakespeare's geographical and theatrical "Globes." How did Shakespeare and his company represent racial, cultural, and linguistic difference in the Globe? What place did they imagine for England and Europe in this newly globalized world?.

ENGL 1340W. Essential Shakespeare. 3 Credits.

Links between Shakespeare's geographical and theatrical "Globes." How did Shakespeare and his company represent racial, cultural, and linguistic difference in the Globe? What place did they imagine for England and Europe in this newly globalized world?.

ENGL 1351. Shakespeare Seminar. 3 Credits.

Seminar course for first-year students in the Dean's Scholars in Shakespeare Program. Literary study of Shakespeare's poems and plays along with those of his contemporaries. Topic, genre, and time period vary by instructor.

ENGL 1410. Introduction to English Literature I. 3 Credits.

Representative works by major British authors studied in their historical context; discussion of recurrent themes and introduction to various types and forms of imaginative literature. Middle Ages through the 18th century.

ENGL 1410W. Introduction to English Literature I. 3 Credits.

Representative works by major British authors studied in their historical context; discussion of recurrent themes and introduction to various types and forms of imaginative literature. Middle Ages through the 18th century.

ENGL 1411. Introduction to English Literature II. 3 Credits.

Continuation of ENGL 1410. Representative works by major British authors studied in their historical context; discussion of recurrent themes and introduction to various types and forms of imaginative literature. 19th and 20th centuries.

ENGL 1411W. Introduction to English Literature II. 3 Credits.

Continuation of ENGL 1410. Representative works by major British authors studied in their historical context; discussion of recurrent themes and introduction to various types and forms of imaginative literature. 19th and 20th centuries.

ENGL 1510. Introduction to American Literature I. 3 Credits.

Historical survey. From early American writing through Melville, Whitman, and Dickinson.

ENGL 1510W. Introduction to American Literature I. 3 Credits.

Historical survey. From early American writing through Melville, Whitman, and Dickinson.

ENGL 1511. Introduction to American Literature II. 3 Credits.

Continuation of ENGL 1510. Historical survey. From Twain, James, and Crane to the present.

ENGL 1511W. Introduction to American Literature II. 3 Credits.

Continuation of ENGL 1510. Historical survey. From Twain, James, and Crane to the present.

ENGL 1610. Introduction to Black American Literature I. 3 Credits.

Survey of several genres of African American literature. From the 18th through the late 19th centuries, in such cultural contexts as the developing concept of "race."

ENGL 1610W. Introduction to Black American Literature I. 3 Credits.

Survey of several genres of African American literature. From the 18th through the late 19th centuries, in such cultural contexts as the developing concept of "race."

ENGL 1611. Introduction to Black American Literature II. 3 Credits.

Continuation of ENGL 1610. Survey of several genres of African American literature. From the early 20th century to the present day, in such cultural contexts as the "new Negro" Renaissance and the civil rights and Black Power movements.

ENGL 1611W. Introduction to Black American Literature II. 3 Credits.

Continuation of ENGL 1610. Survey of several genres of African American literature. From the early 20th century to the present day, in such cultural contexts as the "new Negro" Renaissance and the civil rights and Black Power movements.

ENGL 1710. Introduction to Postcolonial Literature and Film I. 3 Credits.

Introduction to postcolonial literature from the perspectives of colonizer and colonized in Great Britain, India, Pakistan, Bangladesh, Sri Lanka, Australia, New Zealand, Canada, Anglophone Africa, and the Caribbean region; literature written on the wing, in diaspora.

ENGL 1710W. Introduction to Postcolonial Literature and Film I. 3 Credits.

Introduction to postcolonial literature from the perspectives of colonizer and colonized in Great Britain, India, Pakistan, Bangladesh, Sri Lanka, Australia, New Zealand, Canada, Anglophone Africa, and the Caribbean region; literature written on the wing, in diaspora.

ENGL 1711. Introduction to Postcolonial Literature and Film II. 3 Credits.

Continuation of ENGL 1710. Introduction to postcolonial literature from the perspectives of colonizer and colonized in Great Britain, India, Pakistan, Bangladesh, Sri Lanka, Australia, New Zealand, Canada, Anglophone Africa, and the Caribbean region; literature written on the wing, in diaspora.

ENGL 1711W. Introduction to Postcolonial Literature and Film II. 3 Credits.

Continuation of ENGL 1710. Introduction to postcolonial literature from the perspectives of colonizer and colonized in Great Britain, India, Pakistan, Bangladesh, Sri Lanka, Australia, New Zealand, Canada, Anglophone Africa, and the Caribbean region; literature written on the wing, in diaspora.

ENGL 1830. Tragedy. 3 Credits.

Modes of tragedy as developed in drama, nondramatic verse, and prose fiction in literature from ancient to modern times—Book of Job to Beckett.

ENGL 1830W. Tragedy. 3 Credits.

Modes of tragedy as developed in drama, nondramatic verse, and prose fiction in literature from ancient to modern times—Book of Job to Beckett.

ENGL 1840. Comedy. 3 Credits.

Modes of comedy as developed in drama, nondramatic verse, and prose fiction—Chaucer to Borges.

ENGL 1840W. Comedy. 3 Credits.

Modes of comedy as developed in drama, nondramatic verse, and prose fiction—Chaucer to Borges.

ENGL 2240. Play Analysis. 3 Credits.

Traditional and nontraditional (Aristotelian and non-Aristotelian) approaches to the analysis of dramatic literature; literary and theatrical techniques used by playwrights. Same as TRDA 2240.

ENGL 2250. Dramatic Writing. 3 Credits.

A workshop in playwriting and screenwriting, with emphasis on dramatic structure. Same as TRDA 2250. Recommended preparation: ENGL 1210 and two semesters of literature courses.

ENGL 2460. Fiction Writing. 3 Credits.

The writing of fiction. Recommended preparation: ENGL 1210 and two semesters of literature courses.

ENGL 2470. Poetry Writing. 3 Credits.

The writing of poetry. Recommended preparation: ENGL 1210 and two semesters of literature courses.

ENGL 2560. Intermediate Fiction Writing. 3 Credits.

The writing of fiction. Prerequisite: ENGL 2460 .

ENGL 2570. Intermediate Poetry Writing. 3 Credits.

The writing of poetry. Recommended preparation: ENGL 1210 and two semesters of literature courses.

ENGL 2800. Introduction to Critical Theory. 3 Credits.

Topics and techniques of literary and cultural analysis. Introduction to major schools of critical theory, including psychoanalysis, Marxism, feminism, queer theory, and disability studies.

ENGL 2800W. Introduction to Critical Theory. 3 Credits.

Topics and techniques of literary and cultural analysis. Introduction to major schools of critical theory, including psychoanalysis, Marxism, feminism, queer theory, and disability studies.

ENGL 3240. Introduction to Dramaturgy. 3 Credits.

Fundamentals of classical and contemporary dramaturgical practice, including analyzing plays, doing research, supporting directors and actors in rehearsal, writing program notes, and leading post-show discussions. Same as TRDA 3240.

ENGL 3250. Intermediate Dramatic Writing. 3 Credits.

A workshop developing scripts for both theatre and film. Same as TRDA 3250. Prerequisite: ENGL 2250 . May be repeated for credit with departmental approval.

ENGL 3360. Advanced Fiction Writing. 3 Credits.

Further workshop study of the writing of fiction. Prerequisite: ENGL 2560 . May be repeated for credit with departmental approval.

ENGL 3370. Advanced Poetry Writing. 3 Credits.

Further workshop study of the writing of poetry. Prerequisite: ENGL 2570 . May be repeated for credit with departmental approval.

ENGL 3380. Creative Writing Workshop. 3 Credits.

Taught by the Jenny McKean Moore Writer in Washington; for undergraduates and graduate students. May be repeated for credit if taught by a different instructor. Prerequisites: One of the following upper-level creative writing courses: ENGL 2210, ENGL 2240, ENGL 2250, ENGL 2460, ENGL 2470, ENGL 2560, ENGL 2570, ENGL 3210, ENGL 3240, ENGL 3250, ENGL 3360, ENGL 3370, or ENGL 3390.

ENGL 3390. Topics in Creative Writing. 3 Credits.

Topics announced prior to the registration period; may be repeated for credit provided the topic differs. Topics may include poetry and poetics; forms and methods in fiction; forms and methods in poetry; memoir and personal narratives; creative nonfiction; "Literature, Live"; avant-garde and experimental writing.

ENGL 3410. Chaucer. 3 Credits.

Chaucer's major works seen as exciting, lively texts from the modern perspective and as products of specific economic, social, and cultural trends of the late 14th century. Focus on *The Canterbury Tales*, read in the original Middle English.

ENGL 3410W. Chaucer. 3 Credits.

Chaucer's major works seen as exciting, lively texts from the modern perspective and as products of specific economic, social, and cultural trends of the late 14th century. Focus on *The Canterbury Tales*, read in the original Middle English.

ENGL 3420. Medieval Literature. 3 Credits.

Readings from a wide range of medieval genres, including romances, saints' legends, mystical narratives, lyrics, civic drama, and social satires. How these texts responded to and shaped changing patterns of medieval culture, as the clergy, the aristocracy, and the urban bourgeoisie attempted to define a culture of their own.

ENGL 3420W. Medieval Literature. 3 Credits.

Readings from a wide range of medieval genres, including romances, saints' legends, mystical narratives, lyrics, civic drama, and social satires. How these texts responded to and shaped changing patterns of medieval culture, as the clergy, the aristocracy, and the urban bourgeoisie attempted to define a culture of their own.

ENGL 3430. The English Renaissance. 3 Credits.

Verse and prose written in the period 1515-1625, examined in relation to cultural practices and social institutions that shaped English life. More, Sidney, Spenser, Shakespeare, Donne, Jonson, Bacon, Herbert, many others.

ENGL 3440. Shakespeare I. 3 Credits.

Close study of six or seven plays each semester, with emphasis on the texts in history and ideology. Attention to current critical practices (feminist, materialist, psychoanalytic), modern performance practice, and Shakespeare as a cultural institution.

ENGL 3440W. Shakespeare I. 3 Credits.

Close study of six or seven plays each semester, with emphasis on the texts in history and ideology. Attention to current critical practices (feminist, materialist, psychoanalytic), modern performance practice, and Shakespeare as a cultural institution.

ENGL 3441. Shakespeare II. 3 Credits.

Continuation of ENGL 3440. Close study of six or seven plays each semester, with emphasis on the texts in history and ideology. Attention to current critical practices (feminist, materialist, psychoanalytic), modern performance practice, and Shakespeare as a cultural institution.

ENGL 3441W. Shakespeare II. 3 Credits.

Continuation of ENGL 3440. Close study of six or seven plays, with emphasis on the texts in history and ideology. Attention to current critical practices (feminist, materialist, psychoanalytic), modern performance practice, and Shakespeare as a cultural institution.

ENGL 3445. Shakespeare on Film. 3 Credits.

Students will learn in detail the history of a small but significant subset of American and European film production: adaptations of Shakespeare's plays using the original language.

ENGL 3446. Shakespearean London. 3 Credits.

An examination of London's unique cultural landscape and its influence on Shakespeare's plays. Restricted to Instructor approval required.

ENGL 3450. Topics in Shakespeare Studies. 3 Credits.

Critical study of a particular aspect of Shakespeare's work, or of a distinctive approach to the plays. Projected topics: Shakespeare on film, the history plays and Elizabethan England, 18th-century rewritings of Shakespeare, Shakespeare as poet, cultural materialist readings of Shakespeare.

ENGL 3460. Milton. 3 Credits.

Study of the major works in verse and prose, following the course of Milton's career.

ENGL 3470. English Drama I. 3 Credits.

Shakespeare's contemporaries.

ENGL 3471. English Drama II. 3 Credits.

Continuation of ENGL 3470. Historical survey, 1660 to present.

ENGL 3480. The Eighteenth Century I. 3 Credits.

Readings in significant 18th-century English and Continental writers—Dryden, Swift, Pope, Johnson, Montesquieu, Voltaire, and others—with emphasis on tracing the ways in which literary texts contain, perpetuate, and subvert social and political ideologies.

ENGL 3480W. The Eighteenth Century I. 3 Credits.

Readings in significant 18th-century English and Continental writers—Dryden, Swift, Pope, Johnson, Montesquieu, Voltaire, and others—with emphasis on tracing the ways in which literary texts contain, perpetuate, and subvert social and political ideologies.

ENGL 3481. The Eighteenth Century II. 3 Credits.

Continuation of ENGL 3480. Readings in significant 18th-century English and Continental writers—Dryden, Swift, Pope, Johnson, Montesquieu, Voltaire, and others—with emphasis on tracing the ways in which literary texts contain, perpetuate, and subvert social and political ideologies.

ENGL 3481W. The Eighteenth Century II. 3 Credits.

Continuation of ENGL 3480. Readings in significant 18th-century English and Continental writers—Dryden, Swift, Pope, Johnson, Montesquieu, Voltaire, and others—with emphasis on tracing the ways in which literary texts contain, perpetuate, and subvert social and political ideologies.

ENGL 3490. Early American Literature and Culture. 3 Credits.

The shaping of America's early literary and cultural traditions as shown by significant writers of the colonial and early national periods: Bradstreet, Cotton Mather, Edwards, Franklin, Crèvecoeur, and others.

ENGL 3490W. Early American Literature and Culture. 3 Credits.

The shaping of America's early literary and cultural traditions as shown by significant writers of the colonial and early national periods: Bradstreet, Cotton Mather, Edwards, Franklin, Crèvecoeur, and others.

ENGL 3510. Children's Literature. 3 Credits.

Nineteenth- and twentieth-century children's texts that illuminate the several worlds of childhood: the "small world" of childhood perception, the larger world of social and historical forces, and the "secondary world" of fantasy.

ENGL 3520. American Romanticism. 3 Credits.

The shaping of America's literary and cultural traditions as shown by significant writers of the Romantic era: Poe, Emerson, Hawthorne, Melville, Thoreau, Whitman, Dickinson, and others.

ENGL 3520W. American Romanticism. 3 Credits.

The shaping of America's literary and cultural traditions as shown by significant writers of the Romantic era: Poe, Emerson, Hawthorne, Melville, Thoreau, Whitman, Dickinson, and others.

ENGL 3530. The British Romantic Period. 3 Credits.

Major figures and topics in English and Continental romanticism: Blake, Wordsworth, Coleridge, Lamb, Byron, Shelley, Keats, Hazlitt, DeQuincey, and others.

ENGL 3530W. The British Romantic Period. 3 Credits.

Major figures and topics in English and Continental romanticism: Blake, Wordsworth, Coleridge, Lamb, Byron, Shelley, Keats, Hazlitt, DeQuincey, and others.

ENGL 3540. Victorian Literature I. 3 Credits.

Major writers between 1830 and 1865: E. Brontë, Dickens; Tennyson, Browning, Arnold; Darwin, Carlyle, Ruskin.

ENGL 3540W. Victorian Literature I. 3 Credits.

Major writers between 1830 and 1865: E. Brontë, Dickens, Tennyson, Browning, Arnold, Darwin, Carlyle, Ruskin.

ENGL 3541. Victorian Literature II. 3 Credits.

Major writers between 1865 and 1900: Eliot, Hardy, Conrad, Swinburne, the Rossetts, Morris, Pater, and Wilde.

ENGL 3550. The English Novel I. 3 Credits.

The 18th century—Defoe, Richardson, Fielding, Sterne, and others.

ENGL 3551. The English Novel II. 3 Credits.

Continuation of ENGL 3550. The 19th century—Austen, the Brontës, Dickens, George Eliot, Hardy, and others.

ENGL 3551W. The English Novel II. 3 Credits.

Continuation of ENGL 3550. The 19th century—Austen, the Brontës, Dickens, George Eliot, Hardy, and others.

ENGL 3560. American Realism. 3 Credits.

The shaping of America's literary and cultural traditions as shown by significant writers of the Realist school: Twain, James, Crane, Howells, Wharton, Chopin, Robinson, and others.

ENGL 3560W. American Realism. 3 Credits.

The shaping of America's literary and cultural traditions as shown by significant writers of the Realist school: Twain, James, Crane, Howells, Wharton, Chopin, Robinson, and others.

ENGL 3570. 19th-Century Black Literature. 3 Credits.

Studies in 19th-century black literature of the Americas and the transatlantic. Writing from the United States, Latin America, the Caribbean, Britain, and Africa may be included. Topics and emphasis may vary.

ENGL 3610. Modernism. 3 Credits.

The emergence of modernist experimentation (and the sense of epistemological and moral crisis it expressed) in the poetry and prose of Pound, T.S. Eliot, Woolf, Kafka, and others.

ENGL 3620. American Poetry I. 3 Credits.

Close examination of major American poems from the beginnings to the early 20th century: Poe, Emerson, Whitman, Dickinson, and others.

ENGL 3620W. American Poetry I. 3 Credits.

Close examination of major American poems from the beginnings to the early 20th century: Poe, Emerson, Whitman, Dickinson, and others.

ENGL 3621. American Poetry II. 3 Credits.

Close examination of major American poems since the early 20th century: Frost, Eliot, Stevens, Bishop, Hughes, Ashbery, and others.

ENGL 3621W. American Poetry II. 3 Credits.

Close examination of major American poems since the early 20th century: Frost, Eliot, Stevens, Bishop, Hughes, Ashbery, and others.

ENGL 3630. American Drama I. 3 Credits.

19th-century melodrama and the emergence of realism; works by O'Neill and other dramatists of the early 20th century.

ENGL 3631. American Drama II. 3 Credits.

Continuation of ENGL 3630. Developments in modern American drama since World War II, including works by Williams, Miller, Albee, Shepard, Rabe, Guare, Mamet, Henley, Wasserstein, Shange, Hwang, Wilson, and others.

ENGL 3640. The American Novel I. 3 Credits.

Historical and critical study of major works in the American novelistic tradition. From the beginnings through the 19th century: Hawthorne, Melville, James, Twain, Dreiser, and others.

ENGL 3640W. The American Novel I. 3 Credits.

Historical and critical study of major works in the American novelistic tradition. From the beginnings through the 19th century: Hawthorne, Melville, James, Twain, Dreiser, and others.

ENGL 3641. The American Novel II. 3 Credits.

Continuation of ENGL 3640. Historical and critical study of major works in the American novelistic tradition. The 20th century: Wharton, Cather, Anderson, Hemingway, Fitzgerald, Faulkner, Wright, R.P. Warren, Nabokov, and others.

ENGL 3641W. The American Novel II. 3 Credits.

Continuation of ENGL 3640. Historical and critical study of major works in the American novelistic tradition. The 20th century: Wharton, Cather, Anderson, Hemingway, Fitzgerald, Faulkner, Wright, R.P. Warren, Nabokov, and others.

ENGL 3650. The Short Story. 3 Credits.

An extensive survey of short fiction by a wide variety of writers of the 19th and 20th centuries, about half of them American; readings on the art of the short story by writers and literary critics.

ENGL 3660. 20th-Century Irish Literature I. 3 Credits.

Irish writers from the time of the literary revival in the late 19th century to the present. Yeats and other Irish poets and playwrights of his time and after—Synge, O'Casey, Kavanagh, Heaney, and others.

ENGL 3661. 20th-Century Irish Literature II. 3 Credits.

Continuation of ENGL 3660. Irish writers from the time of the literary revival in the late 19th century to the present. Joyce through Ulysses and other fiction writers of later generations—O'Brien, Beckett, and others.

ENGL 3661W. 20th-Century Irish Literature I. 3 Credits.

Continuation of ENGL 3660. Irish writers from the time of the literary revival in the late 19th century to the present. Joyce through Ulysses and other fiction writers of later generations—O'Brien, Beckett, and others.

ENGL 3710. Contemporary Drama. 3 Credits.

Examines drama written since 1960 in the light of postmodernism as both a literary and a theatrical theory. Explores the ways contemporary playwrights and directors challenge the perceptions and assumptions of today's audience.

ENGL 3710W. Contemporary Drama. 3 Credits.

Examines drama written since 1960 in the light of postmodernism as both a literary and a theatrical theory. Explores the ways contemporary playwrights and directors challenge the perceptions and assumptions of today's audience.

ENGL 3720. Contemporary American Literature. 3 Credits.

Historical, critical, and theoretical study of American literature since the 1960s. Various authors and genres.

ENGL 3720W. Contemporary American Literature I. 3 Credits.

Historical, critical, and theoretical study of American literature since the 1960s. Various authors and genres.

ENGL 3730. Topics in Postcolonial Literature. 3 Credits.

Historical, critical, and theoretical study of post-colonial literatures—African, Asian, Commonwealth—written in English. Topics vary with instructor; may be repeated for credit provided the topic differs.

ENGL 3730W. Topics in Postcolonial Literature. 3 Credits.

Historical, critical, and theoretical study of post-colonial literatures—African, Asian, Commonwealth—written in English. Topics vary with instructor; may be repeated for credit provided the topic differs.

ENGL 3810. Selected Topics in Literature. 3 Credits.

Topics announced in the Schedule of Classes; may be repeated for credit provided the topic differs. Topics may include the Bloomsbury group; southern literature; the picaresque; literature of the Holocaust; literature and politics; Freud, Dostoevsky, and Shakespeare.

ENGL 3810W. Selected Topics in Literature. 3 Credits.

Topics announced in the Schedule of Classes; may be repeated for credit provided the topic differs. Topics may include the Bloomsbury group; southern literature; the picaresque; literature of the Holocaust; literature and politics; Freud, Dostoevsky, and Shakespeare.

ENGL 3820. Major Authors. 3 Credits.

In-depth studies of a single figure or two or three authors (of British, American, or other nationality) who have written in English. Topics announced in the Schedule of Classes; may be repeated for credit provided the topic differs.

ENGL 3820W. Major Authors. 3 Credits.

In-depth studies of a single figure or two or three authors (of British, American, or other nationality) who have written in English. Topics announced in the Schedule of Classes; may be repeated for credit provided the topic differs.

ENGL 3830. Topics in Literary and Cultural Studies. 3 Credits.

Selected topics in the diverse theoretical methodologies and interdisciplinary studies that characterize contemporary English and American literary studies. May be repeated for credit provided that topic differs.

ENGL 3830W. Topics in Literary Theory and Cultural Studies. 3 Credits.

Selected topics in the diverse theoretical methodologies and interdisciplinary studies that characterize contemporary English and American literary studies. May be repeated for credit provided the topic differs.

ENGL 3840. Gender and Literature. 3 Credits.

Symbolic representations of culturally defined roles and assumptions in literature. Male and female gender roles as fundamental to culture; the representation of culture, in literature especially and in the arts and humanities generally. May be repeated for credit provided the topic differs.

ENGL 3840W. Gender and Literature. 3 Credits.

Symbolic representations of culturally defined roles and assumptions in literature. Male and female gender roles as fundamental to culture; the representation of culture, in literature especially and in the arts and humanities generally. May be repeated for credit provided the topic differs.

ENGL 3850. Ethnicity and Place in American Literature. 3 Credits.

The relationships among ethnic identity, authorship, regional setting, and national consciousness. Differences in the literary culture of ethnically, racially, and regionally diverse American populations, and how considerations of ethnicity and place have been reshaping the American literary canon. Texts and emphases vary by instructor.

ENGL 3860. Topics in the History of the English Language. 3 Credits.

The cultural and literary functions of English across time and space. Scope and methodology vary by instructor. Topics may include language and identity, theoretical and linguistic approaches to language, multilingualism, diasporic writing, or history and periodization.

ENGL 3910. Disability Studies. 3 Credits.

Consideration of cultural texts that illustrate or illuminate issues of ability and disability—terms that extend the prism through which human experience may be understood.

ENGL 3920. U.S. Latina/o Literature and Culture. 3 Credits.

Introduction to the basic texts in the Chicana/o, Cuban-American, Dominican-American, and Puerto Rican literary and cultural traditions. Works by U.S. writers of Central American origin are discussed as well.

ENGL 3930. Topics in U.S. Latina/o Literature and Culture. 3 Credits.

In-depth exploration of a critical issue in the field of Latina/o literary and cultural studies. Topics may include ideologies of literary recovery, transnationalism and diaspora, blackness, and latinidad.

ENGL 3930W. Topics in U.S. Latina/o Literature and Culture. 3 Credits.

In-depth exploration of a critical issue in the field of Latina/o literary and cultural studies. Topics may include ideologies of literary recovery, transnationalism and diaspora, blackness and latinidad.

ENGL 3940. Topics in African American Literary Studies. 3 Credits.

Intensive study of a single aspect of African American literature: major authors, genre, theme, movement. Substantial attention to the critical tradition.

ENGL 3945. African American Poetry. 3 Credits.

African American poetry from the Black Atlantic through contemporary spoken word and web-based experiments in hypertext composition. Topics vary and may include Langston Hughes, Gwendolyn Brooks, poetry manifestoes, poetry and social justice, or eco-poetics of the black experience.

ENGL 3950. Cultural Theory and Black Studies. 3 Credits.

Selected topics in critical and cultural theories—often interdisciplinary—as used in understanding African American literature and culture. Topics may include genre, medium, period, social change, and leading contemporary African American thinkers/writers.

ENGL 3950W. Cultural Theory and Black Studies. 3 Credits.

Selected topics in critical and cultural theories—often interdisciplinary—as used in understanding African American literature and culture. Topics may include genre, medium, period, social change, and leading contemporary African American thinkers/writers.

ENGL 3960. Asian American Literature. 3 Credits.

How Asian American writers construct their identities in dialogue with shifting ideas of “America.” Asian American history, gendering subjects, orientalism and postcolonial subjectivity, interracial relations, canonization. Representative writers: Kingston, Hwang, Jen, Chang-rae Lee, Ondaatje, Lahiri, Bulosan, Hagedorn.

ENGL 3960W. Asian American Literature. 3 Credits.

How Asian American writers construct their identities in dialogue with shifting ideas of “America.” Asian American history, gendering subjects, orientalism and postcolonial subjectivity, interracial relations, canonization. Representative writers: Kingston, Hwang, Jen, Chang-rae Lee, Ondaatje, Lahiri, Bulosan, Hagedorn.

ENGL 3965. Topics in Asian American Cultural Studies. 3 Credits.

Consideration of Asian American literature as a tradition that questions mainstream constructions of Asian American race and ethnicities, provides alternative accounts of Asian American experiences, and examines how Asian American literature is becoming a global literature with global concerns.

ENGL 3970. Jewish American Literature. 3 Credits.

One hundred years of Jewish American writing including fiction, nonfiction, autobiography, poetry, and drama. The immigrant experience, American philosemitism and antisemitism, the Holocaust and after, the New York intellectuals, Jewish feminism, and the patriarchal tradition.

ENGL 3970W. Jewish American Literature. 3 Credits.

One hundred years of Jewish American writing in fiction, autobiography, poetry, drama, and non-fictional prose. The immigrant experience, American philosemitism and antisemitism, the Holocaust and after, the New York intellectuals, Jewish feminism, and the patriarchal tradition.

ENGL 3980. Queer Studies. 3 Credits.

Examination of literature and culture in the context of the history and experience of lesbian, gay, bisexual, and transgendered people, with consideration of sexual identity as a core component of human experience. May be repeated once for credit provided the topic differs.

ENGL 3980W. Queer Studies. 3 Credits.

Examination of literature and culture in the context of the history and experience of lesbian, gay, bisexual, and transgendered people, with consideration of sexual identity as a core component of human experience. May be repeated once for credit provided the topic differs.

ENGL 3990. Literary Studies Workshop. 1 Credit.

Topics vary by semester. Consult the Schedule of Classes for more details. May be repeated once for credit provided the topic differs.

ENGL 4020. Studies in Contemporary Literature. 1-3 Credits.

Theme-based studies of specific issues or figures in 21st-century literature.

ENGL 4040. Honors Seminar. 3 Credits.

Genre and genre theory; literature as cultural artifact and as instrument of cultural criticism; various critical approaches—ideological, historical, and ahistorical. Open only to first-semester senior honors candidates in English.

ENGL 4040W. Honors Seminar. 3 Credits.

Genre and genre theory; literature as cultural artifact and as instrument of cultural criticism; various critical approaches—ideological, historical, and ahistorical. Open only to first-semester senior honors candidates in English.

ENGL 4135. Folger Seminar. 3 Credits.

The history of books and early modern culture. Use of the archive at the Folger Shakespeare Library. Students must obtain departmental approval in the preceding semester. Same as HIST 4135/ FREN 4135.

ENGL 4220. Creative Writing Senior Thesis. 3 Credits.

Under the guidance of an instructor, the student composes an original manuscript of poetry or short fiction accompanied by an essay situating the student’s work in the contemporary context. Open only to seniors admitted to the English and creative writing major.

ENGL 4220W. Creative Writing Senior Thesis. 3 Credits.

Under the guidance of an instructor, the student composes an original manuscript of poetry or short fiction accompanied by an essay situating the student’s work in the contemporary context. Open only to seniors admitted to the English and creative writing major.

ENGL 4250. Honors Thesis. 3 Credits.

Under the guidance of an instructor, the student writes a thesis on an approved topic. Open only to senior honors candidates in English.

ENGL 4250W. Honors Thesis. 3 Credits.

Under the guidance of an instructor, the student writes a thesis on an approved topic. Open only to senior honors candidates in English.

ENGL 4360. Independent Study. 1-4 Credits.

For exceptional students, typically majors, whose academic objectives are not accommodated in regular courses. Students must obtain departmental approval and arrange for supervision by an appropriate member of the faculty.

ENGL 4470. Internship. 1-4 Credits.

Position of responsibility with a publication, educational project, firm, or cultural organization offering practical experience in research, writing, editing, etc. Restricted to junior and senior English majors; approval of supervising faculty required for registration. May be repeated for credit; a maximum of 3 credits may be counted toward the English major. P/NP grading only.

ENGL 6100. Introduction to Literary Theory. 3 Credits.

An overview of methodologies for examining texts as linguistic and cultural productions. Methodologies explored may include structuralism, formalism, deconstruction, cultural materialism, postcolonial theory, feminism, gender studies, and queer theory.

ENGL 6120. Advanced Literary Theory. 3 Credits.

The course focuses on a major figure or topic in theory (e.g., Foucault, Lacan, Barthes, Kristeva, Bakhtin, post-Marxist theory, language and power, the canon).

ENGL 6130. Selected Topics in Criticism. 3 Credits.

Topics may include cultural studies, film, gay/lesbian studies, others.

ENGL 6220. Topics in Medieval and Early Modern Studies. 3 Credits.

Topics may include gender and body; postcolonial approaches to the period; surveys of poetry and/or prose with a special thematic coherence.

ENGL 6240. Literature of the British Archipelago. 3 Credits.

The literary and historical texts of early modern and medieval Britain within a pan-insular framework: England in conflict and coexistence with Ireland, Wales, Scotland.

ENGL 6250. Transnational England. 3 Credits.

The early literature of England within a global framework: England, Spain, France, Italy, Turkey, the Levant, the Americas, Africa, India, the Caribbean.

ENGL 6260. Seminar in Medieval and Early Modern Studies. 3 Credits.

Trends and cutting-edge research in medieval and early modern studies.

ENGL 6350. Nineteenth Century I. 3 Credits.

Topics in British and American nineteenth-century writing and culture, exploring national traditions and international movements and issues, such as Romanticism, Realism, and others.

ENGL 6351. Nineteenth Century II. 3 Credits.

Continuation of ENGL 6350. Topics in British and American nineteenth-century writing and culture, exploring national traditions and international movements and issues, such as Romanticism, Realism, and others.

ENGL 6352. Nineteenth Century III. 3 Credits.

Continuation of ENGL 6351. Topics in British and American nineteenth-century writing and culture, exploring national traditions and international movements and issues, such as Romanticism, Realism, and others.

ENGL 6353. Nineteenth Century IV. 3 Credits.

Continuation of ENGL 6352. Topics in British and American nineteenth-century writing and culture, exploring national traditions and international movements and issues, such as Romanticism, Realism, and others.

ENGL 6450. Twentieth Century I. 3 Credits.

Topics in twentieth-century British and American writing and culture, exploring national traditions and international movements and issues, such as literary modernism, anti-modernist and post-modernist currents, others.

ENGL 6451. Twentieth Century II. 3 Credits.

Continuation of ENGL 6450. Topics in twentieth-century British and American writing and culture, exploring national traditions and international movements and issues, such as literary modernism, anti-modernist and post-modernist currents, others.

ENGL 6452. Twentieth Century III. 3 Credits.

Continuation of ENGL 6451. Topics in twentieth-century British and American writing and culture, exploring national traditions and international movements and issues, such as literary modernism, anti-modernist and post-modernist currents, others.

ENGL 6453. Twentieth Century IV. 3 Credits.

Continuation of ENGL 6452. Topics in twentieth-century British and American writing and culture, exploring national traditions and international movements and issues, such as literary modernism, anti-modernist and post-modernist currents, others.

ENGL 6510. Writing, Race and Nation. 3 Credits.

Literary culture as a basis for exploration of intersections of origins and evolution of racial and ethnic identities and national myths and political objectives.

ENGL 6520. Ethnicity and Identity. 3 Credits.

Literary culture is used to explore how individuals, communities, and societies construct self-awareness and knowledge about others for cultural exchange.

ENGL 6530. Conceptualizing Genders. 3 Credits.

Structures of sex and gender difference considered historically and theoretically, including masculinity/femininity, sexualities, and their textual representations.

ENGL 6540. Women and Writing. 3 Credits.

Selected topics in the traditions, theory, and texts of women's literary production and culture. Same as WSTU 6251.

ENGL 6550. Studies in Genre I. 3 Credits.

Questions of genre, considered theoretically and practically. Content varies.

ENGL 6551. Studies in Genre II. 3 Credits.

Continuation of ENGL 6550. Questions of genre, considered theoretically and practically. Content varies.

ENGL 6560. Postcolonialism. 3 Credits.

Postcolonial theory and texts by representative writers.

ENGL 6620. Medicine and Society. 3 Credits.

The interaction of medicine and society in ways that touch on philosophy, economics, sociology, and public policy, but that cannot be fully understood in terms of any single perspective. Society's effect on medicine and medicine's effect on society.

ENGL 6630. Literature and Medicine. 3 Credits.

Methods of critical theory applied to issues concerning the practice of medicine. The polar constructs of illness and health, life and death, and life's worth or its waste.

ENGL 6720. Independent Research. 3 Credits.

Written permission of instructor required. May be repeated for credit to a maximum of 9 hours.

ENGL 6740. Mastering the Canon. 3 Credits.

Independent reading under a faculty member.

ENGL 6810. Folger Institute Seminars I. 3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Consult the graduate advisor before registration.

ENGL 6811. Folger Institute Seminars II. 3 Credits.

Continuation of ENGL 6810. Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Consult the graduate advisor before registration.

ENGL 6998. Thesis Research. 3 Credits.**ENGL 6999. Thesis Research. 3 Credits.**

ENGL 8998. Advanced Reading and Research. 1-12 Credits.
Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

ENGL 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit. ENGL 8999 must be taken as the final 12 credit hours of the degree.

BACHELOR OF ARTS WITH A MAJOR IN CREATIVE WRITING AND ENGLISH

REQUIREMENTS

Except for the requirement of a creative thesis, this major closely resembles the curriculum that is followed by an English major pursuing a creative writing minor. Admission to the major is restricted, and a separate application must be filed in writing prior to the senior year. No more than two students per thesis director are accepted per year.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Introductory course (3 credits) from the following:

ENGL 1305 Colonial/Post-Colonial British Literature

ENGL 1315 Literature and the Financial Imagination

ENGL 1330 Myths of Britain

or ENGL 1330W Myths of Britain

ENGL 1340 Essential Shakespeare

or ENGL 1340W Essential Shakespeare

ENGL 1410 Introduction to English Literature I

or ENGL 1410W Introduction to English Literature I

ENGL 1411 Introduction to English Literature II

ENGL 1510 Introduction to American Literature I

or ENGL 1510W Introduction to American Literature I

ENGL 1511 Introduction to American Literature II

or ENGL 1511W Introduction to American Literature II

ENGL 1610 Introduction to Black American Literature I

or ENGL 1610W Introduction to Black American Literature I

ENGL 1611 Introduction to Black American Literature II

or ENGL 1611W Introduction to Black American Literature II

ENGL 1710 Introduction to Postcolonial Literature and Film I

or ENGL 1710W Introduction to Postcolonial Literature and Film I

ENGL 1711 Introduction to Postcolonial Literature and Film II

or ENGL 1711W Introduction to Postcolonial Literature and Film II

ENGL 1830 Tragedy

or ENGL 1830W Tragedy

ENGL 1840 Comedy

or ENGL 1840W Comedy

One course (3 credits) in literature before the 18th century, from the following:

ENGL 3410 Chaucer

or ENGL 3410W Chaucer

ENGL 3420 Medieval Literature

or ENGL 3420W	Medieval Literature
ENGL 3430	The English Renaissance
ENGL 3440	Shakespeare I
or ENGL 3440W	Shakespeare I
ENGL 3441	Shakespeare II
or ENGL 3441W	Shakespeare II
ENGL 3450	Topics in Shakespeare Studies
ENGL 3460	Milton
ENGL 3470	English Drama I
ENGL 3490	Early American Literature and Culture
or ENGL 3490W	Early American Literature and Culture
ENGL 4135	Folger Seminar

One course (3 credits) in literature after the 19th century, from the following:

ENGL 3510	Children's Literature
ENGL 3610	Modernism
ENGL 3621	American Poetry II
or ENGL 3621W	American Poetry II
ENGL 3630	American Drama I
ENGL 3631	American Drama II
ENGL 3641	The American Novel II
or ENGL 3641W	The American Novel II
ENGL 3650	The Short Story
ENGL 3660	20th-Century Irish Literature I
ENGL 3661	20th-Century Irish Literature II
or ENGL 3661W	20th-Century Irish Literature I
ENGL 3710	Contemporary Drama
or ENGL 3710W	Contemporary Drama
ENGL 3720	Contemporary American Literature
or ENGL 3720W	Contemporary American Literature
ENGL 3721	Contemporary American Literature II
or ENGL 3721W	Contemporary American Literature II
ENGL 3730	Topics in Postcolonial Literature

or ENGL 3730W	Topics in Postcolonial Literature
ENGL 3850	Ethnicity and Place in American Literature
ENGL 3930	Topics in U.S. Latina/o Literature and Culture
or ENGL 3930W	Topics in U.S. Latina/o Literature and Culture
ENGL 3960	Asian American Literature
or ENGL 3960W	Asian American Literature
ENGL 3970	Jewish American Literature
or ENGL 3970W	Jewish American Literature

One course (3 credits) in minority/postcolonial literature, from the following:

ENGL 3570	19th-Century Black Literature
ENGL 3660	20th-Century Irish Literature I
ENGL 3661	20th-Century Irish Literature II
or ENGL 3661W	20th-Century Irish Literature I
ENGL 3730	Topics in Postcolonial Literature
or ENGL 3730W	Topics in Postcolonial Literature
ENGL 3850	Ethnicity and Place in American Literature
ENGL 3910	Disability Studies
ENGL 3920	U.S. Latina/o Literature and Culture
ENGL 3930	Topics in U.S. Latina/o Literature and Culture
or ENGL 3930W	Topics in U.S. Latina/o Literature and Culture
ENGL 3940	Topics in African American Literary Studies
ENGL 3950	Cultural Theory and Black Studies
or ENGL 3950W	Cultural Theory and Black Studies
ENGL 3960	Asian American Literature
or ENGL 3960W	Asian American Literature
ENGL 3980	Queer Studies
or ENGL 3980W	Queer Studies

Five creative writing workshops (12 credits), two of which must be at the 3000-level or above, from the following:

ENGL 2250	Dramatic Writing
or TRDA 2250	Dramatic Writing
ENGL 2460	Fiction Writing
ENGL 2470	Poetry Writing
ENGL 2560	Intermediate Fiction Writing
ENGL 2570	Intermediate Poetry Writing
ENGL 3250	Intermediate Dramatic Writing
or TRDA 3250	Intermediate Dramatic Writing
ENGL 3360	Advanced Fiction Writing
ENGL 3370	Advanced Poetry Writing
ENGL 3380	Creative Writing Workshop
ENGL 3390	Topics in Creative Writing

Required courses (9 credits):

ENGL 2210	Techniques in Creative Writing
ENGL 3210	Readings in Creative Writing

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 380)
- Global or Cross-Cultural (p.)
- Humanities (p. 383)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 387)
- Natural or physical laboratory sciences (p. 387)
- Oral Communication (p. 388)
- Social Sciences (p. 389)
- Writing (p. 389)

SPECIAL HONORS

Majors in Creative Writing and English who wish to be considered for Special Honors must apply in writing in the spring semester of the junior year; they must meet the requirements stated under University Regulations and have a GPA of 3.25 in courses in the English Department at the time of applying. Candidates take ENGL 4040 Honors Seminar in the fall semester of the senior year and ENGL 4250 Honors Thesis in the spring semester. To be eligible for graduation with Special Honors, candidates must earn an A or A– on the

Honors Thesis and have achieved a 3.4 grade-point average in courses in the English Department.

BACHELOR OF ARTS WITH A MAJOR IN ENGLISH

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite course(s):

One introductory English literature course chosen from the following:

ENGL 1305 Colonial/Post-Colonial British Literature

ENGL 1315 Literature and the Financial Imagination

ENGL 1320 Literature of the Americas

or ENGL 1320W Literature of the Americas

ENGL 1330 Myths of Britain

ENGL 1340 Essential Shakespeare

or ENGL 1340W Essential Shakespeare

ENGL 1410/ Introduction to English Literature I

or ENGL 1410W Introduction to English Literature I

ENGL 1411 Introduction to English Literature II

or ENGL 1411W Introduction to English Literature II

ENGL 1510 Introduction to American Literature I

or ENGL 1510W Introduction to American Literature I

ENGL 1511 Introduction to American Literature II

or ENGL 1511W Introduction to American Literature II

ENGL 1610 Introduction to Black American Literature I

or ENGL 1610W Introduction to Black American Literature I

ENGL 1611 Introduction to Black American Literature II

or ENGL 1611W Introduction to Black American Literature II

ENGL 1710 Introduction to Postcolonial Literature and Film I

or ENGL 1710W Introduction to Postcolonial Literature and Film I

ENGL 1711 Introduction to Postcolonial Literature and Film II

or ENGL 1711W Introduction to Postcolonial Literature and Film II

ENGL 1830 Tragedy

ENGL 1840 Comedy

or ENGL 1840W Comedy

Required courses in related areas:

Required for the major:

33 credit hours of upper-division English courses including:

Two courses in literature before the 18th century from the following:

Certain Special Topics and Major Authors courses can fulfill this requirement

ENGL 3410 Chaucer

ENGL 3420 Medieval Literature

ENGL 3430 The English Renaissance

ENGL 3440 Shakespeare I

ENGL 3441 Shakespeare II

ENGL 3450 Topics in Shakespeare Studies

ENGL 3460 Milton

ENGL 3470 English Drama I

ENGL 3490 Early American Literature and Culture

ENGL 4135 Folger Seminar

Two courses in literature between the 18th and 19th centuries from the following:

Certain Special Topics and Major Authors courses can fulfill this requirement

ENGL 3480 The Eighteenth Century I

ENGL 3481 The Eighteenth Century II

ENGL 3490 Early American Literature and Culture

ENGL 3510 Children's Literature

ENGL 3530 The British Romantic Period

ENGL 3540	Victorian Literature I
ENGL 3541	Victorian Literature II
ENGL 3550	The English Novel I
ENGL 3551	The English Novel II
ENGL 3520	American Romanticism
ENGL 3560	American Realism
ENGL 3620	American Poetry I
ENGL 3620	American Poetry I
ENGL 3640	The American Novel I
ENGL 3570	19th-Century Black Literature

One course in literature after the 19th century from the following:

Certain Special Topics and Major Authors courses can fulfill this requirement

ENGL 3510	Children's Literature
ENGL 3610	Modernism
ENGL 3621	American Poetry II
ENGL 3630	American Drama I
ENGL 3631	American Drama II
ENGL 3641	The American Novel II
ENGL 3650	The Short Story
ENGL 3660	20th-Century Irish Literature I
ENGL 3661	20th-Century Irish Literature II
ENGL 3710	Contemporary Drama
ENGL 3720	Contemporary American Literature
ENGL 3721	Contemporary American Literature II
ENGL 3730	Topics in Postcolonial Literature
ENGL 3850	Ethnicity and Place in American Literature
ENGL 3930	Topics in U.S. Latina/o Literature and Culture
ENGL 3960	Asian American Literature
ENGL 3970	Jewish American Literature

One course in minority/postcolonial literature from the following:

Certain Special Topics and Major Authors courses can fulfill this requirement

ENGL 3570	19th-Century Black Literature
ENGL 3660	20th-Century Irish Literature I
ENGL 3661	20th-Century Irish Literature II
ENGL 3730	Topics in Postcolonial Literature
ENGL 3850	Ethnicity and Place in American Literature
ENGL 3910	Disability Studies
ENGL 3920	U.S. Latina/o Literature and Culture
ENGL 3930	Topics in U.S. Latina/o Literature and Culture
ENGL 3940	Topics in African American Literary Studies
ENGL 3950	Cultural Theory and Black Studies
ENGL 3960	Asian American Literature
ENGL 3965	Topics in Asian American Cultural Studies
ENGL 3980	Queer Studies

Two courses in literary theory and/or cultural studies including ENGL 2800W and one of the following:

Certain Special Topics and Major Authors courses can fulfill this requirement

ENGL 2240	Play Analysis
ENGL 2800	Introduction to Critical Theory
ENGL 3610	Modernism
ENGL 3830	Topics in Literary Theory and Cultural Studies
ENGL 3840	Gender and Literature
ENGL 3860	Topics in the History of the English Language
ENGL 3910	Disability Studies
ENGL 3920	U.S. Latina/o Literature and Culture
ENGL 3950	Cultural Theory and Black Studies

ENGL 3965 Topics in Asian American Cultural Studies

ENGL 3980 Queer Studies

ENGL 4040 Honors Seminar

ENGL 4250 Honors Thesis

Three additional upper-division English courses, which may be in creative writing. With approval of the English Department, two courses in the literature of a foreign language (either in the original language or in translation) may be substituted for English electives.

ENGL 2800W Introduction to Critical Theory

With departmental approval, courses with appropriate subject matter may be substituted for those specified above. A single course may fulfill only one requirement.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;

- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 392)
- Global or Cross-Cultural (p.)
- Humanities (p. 395)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 399)
- Natural or physical laboratory sciences (p. 399)
- Oral Communication (p. 400)
- Social Sciences (p. 400)
- Writing (p. 401)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must apply in writing in the spring semester of the junior year; and they must have a GPA of 3.25 in courses in the English Department at the time of applying. Candidates take ENGL 4040 Honors Seminar in the fall semester of the senior year and ENGL 4250 Honors Thesis in the spring semester. Candidates must earn an A or A- on the Honors Thesis and have achieved a 3.4 grade-point average in courses in the English Department.

COMBINED PROGRAM

REQUIREMENTS

Combined Bachelor of Arts/Master of Arts in the field of English

Interested students should consult a departmental advisor early in their junior year.

MINOR IN CREATIVE WRITING

REQUIREMENTS

One introductory literature course (3 credits) from the following:

ENGL 1305 Colonial/Post-Colonial British Literature

ENGL 1315 Literature and the Financial Imagination

ENGL 1320 Literature of the Americas

or ENGL 1320W Literature of the Americas

ENGL 1330 Myths of Britain

or ENGL 1330W Myths of Britain

ENGL 1340 Essential Shakespeare

or ENGL 1340W Essential Shakespeare

ENGL 1410 Introduction to English Literature I

or ENGL 1410W Introduction to English Literature I

ENGL 1411 Introduction to English Literature II

or ENGL 1411W Introduction to English Literature II

ENGL 1510 Introduction to American Literature I

or ENGL 1510W Introduction to American Literature I

ENGL 1511 Introduction to American Literature II

or ENGL 1511W Introduction to American Literature II

ENGL 1610 Introduction to Black American Literature I

or ENGL 1610W Introduction to Black American Literature I

ENGL 1611 Introduction to Black American Literature II

or ENGL 1611W Introduction to Black American Literature II

ENGL 1710 Introduction to Postcolonial Literature and Film I

or ENGL 1710W Introduction to Postcolonial Literature and Film I

ENGL 1711 Introduction to Postcolonial Literature and Film II

or ENGL 1711W Introduction to Postcolonial Literature and Film II

ENGL 1830 Tragedy

or ENGL 1830W Tragedy

ENGL 1840 Comedy

or ENGL 1840W Comedy

Six additional English (ENGL) courses (18 credits), of which five must be in creative writing:

At least three in poetry:

ENGL 2470 Poetry Writing

ENGL 2570 Intermediate Poetry Writing

ENGL 3370 Advanced Poetry Writing

ENGL 3380 Creative Writing Workshop

Or three in fiction:

ENGL 2460 Fiction Writing

ENGL 2560 Intermediate Fiction Writing

ENGL 3360 Advanced Fiction Writing

ENGL 3380 Creative Writing Workshop

Or two in dramatic writing:

ENGL 2250 Dramatic Writing

or TRDA 2250 Dramatic Writing

ENGL 3250 Intermediate Dramatic Writing

or TRDA 3250 Intermediate Dramatic Writing

ENGL 3390 Topics in Creative Writing

MINOR IN ENGLISH

REQUIREMENTS

Introductory courses (3 credits):

ENGL 1305 Colonial/Post-Colonial British Literature

ENGL 1315 Literature and the Financial Imagination

ENGL 1320/1320W Literature of the Americas

ENGL 1330/1330W	Myths of Britain
ENGL 1340/1340W	Essential Shakespeare
ENGL 1410/1410W	Introduction to English Literature I
ENGL 1411/1411W	Introduction to English Literature II
ENGL 1510/1510W	Introduction to American Literature I
ENGL 1511/1511W	Introduction to American Literature II
ENGL 1610/1610W	Introduction to Black American Literature I
ENGL 1611/1611W	Introduction to Black American Literature II
ENGL 1710/1710W	Introduction to Postcolonial Literature and Film I
ENGL 1711/1711W	Introduction to Postcolonial Literature and Film II
ENGL 1830/1830W	Tragedy
ENGL 1840/1840W	Comedy

Required courses:

Five literature courses (15 credits) in English (ENGL) numbered 2000 or above.

MASTER OF ARTS IN THE FIELD OF ENGLISH WITH OPTIONAL CONCENTRATIONS IN ENGLISH OR AMERICAN LITERATURE

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Prerequisite: a Bachelor of Arts degree with an undergraduate major in English or American literature, or 24 credits in English or American literature above the sophomore level.

Required:

1. 30 credits of course work planned in consultation with the department advisor
2. A master's portfolio submitted at the end of course work.

Students have the option of writing a thesis (6 credits) on an approved topic, directed by a member of the department's graduate faculty. Students must maintain a grade-point average of at least 3.25.

DOCTOR OF PHILOSOPHY IN THE FIELD OF ENGLISH WITH OPTIONAL CONCENTRATIONS IN ENGLISH OR AMERICAN LITERATURE

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a Bachelor of Arts degree with an undergraduate major in English or American literature, or 24 credits in English or American literature above the sophomore level.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

Required:

1. Coursework planned in consultation with the department advisor
2. A comprehension exam in a language approved by the department
3. A qualifying examination passed at the beginning of the student's second year and a field examination passed by the end of the student's coursework, topics and reading lists for which are designed in consultation with two graduate faculty advisors
4. A dissertation proposal after the field exam
5. A dissertation on an approved topic, directed by a member of the department's graduate faculty, and completed by the end of the fifth year of study.

Each student plans a program of studies in consultation with the department advisor and a committee of the graduate faculty. Students must maintain a grade-point average of at least 3.5.

ENGLISH FOR ACADEMIC PURPOSES

FACULTY

Director M. Siczek

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Students who are not placed into EAP 6110 Academic Writing and Research for International Graduate Students I and EAP 6111 Academic Writing and Research for International Graduate Students II require instructor's permission to register.

EAP 1010. Academic Communication. 3 Credits.

Development of oral academic skills necessary for success in academic settings, including listening and note-taking, participating in class discussions, and delivering presentations. Additional emphasis on developing multi-literacy through intercultural, multimedia, and visual communication.

EAP 1015. American Multicultural Perspectives in Washington, D.C.. 3 Credits.

A structured academic writing course that explores the capital's rich multicultural heritage through diverse texts and community resources. Designed to prepare international students for university-level writing expectations. Upon successful completion of EAP 1015, students take UW 1020.

EAP 1016. Academic Skills Workshop. 1 Credit.

Development of critical academic skills for international students. Workshop topics may include critical reading, listening and note-taking, academic vocabulary development, timed writing practice, and discussion and presentation skills. Credit for this course cannot be applied to a degree.

EAP 1046. Independent Study. 1-4 Credits.

Individualized instruction in specific skill areas. Program director approval required. Credit for this course cannot be applied toward a degree.

EAP 6000. Academic Communication. 3 Credits.

Acclimation to the oral communication expectations of graduate school through developing listening and note-taking skills, expanding communicative vocabulary, leading and participating in class discussions, and preparing and delivering informal and formal presentations. Classroom activities directed toward scholarly and professional communication in students' fields of study whenever possible. Credit does not apply to any degree or certificate offered by GW.

EAP 6016. Academic Skills Workshop. 1 Credit.

Development of critical academic skills for international students. Workshop topics may include grammar for academic writing, critical reading, listening and note-taking, academic vocabulary development, and discussion and presentation skills. Credit for this course cannot be applied to a degree. (Same as EAP 1016).

EAP 6110. Academic Writing and Research for International Graduate Students I. 3 Credits.

The process of researching, planning, writing, and revising for academic purposes. Focus on key writing skills and critical thinking. Practice in reading and analyzing university-level materials and completing graduate-level academic exercises. Credit for this course does not apply toward any degree or certificate offered by GW.

EAP 6111. Academic Writing and Research for International Graduate Students II. 3 Credits.

An academic writing and research course for international students who demonstrate high proficiency in English. Focus on research paper writing, analysis of academic discourse, small-group work, and oral presentations on research. Credit for this course does not apply toward any degree or certificate offered by GW.

ENVIRONMENTAL RESOURCE POLICY

OVERVIEW

The Environmental Resource Policy (ENRP) Program at GW offers a multidisciplinary approach to environmental and sustainability studies. The Master of Arts program prepares students to enter environmental policy careers in government, non-profit organizations, the private sector, and environmental advocacy groups. The Certificate program is designed to help prepare current and future leaders of the National Park Service who are responsible for the preservation and protection of our public lands and cultural heritage.

GRADUATE

Master's program

- Master of Arts in the field of environmental resource policy (p. 405)

FACULTY

Program Director P. Linquiti

Director of Graduate Studies N. Augustine

CERTIFICATE

- Graduate certificate in contexts of environmental policy (p. 406)

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

ENRP 6085. Topics in Environmental Resource Policy. 1-3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

ENRP 6101. Environmental Sciences I. 3 Credits.

Survey of the basic sciences crucial to environmental issues. Topics related to the lithosphere, hydrosphere, atmosphere, and biosphere. For degree candidates in the program; others may enroll with permission of the instructor.

ENRP 6102. Environmental Sciences II. 3 Credits.

Continuation of ENRP 6101. Survey of the basic sciences crucial to environmental issues. Topics related to the lithosphere, hydrosphere, atmosphere, and biosphere. For degree candidates in the program; others may enroll with permission of the instructor.

ENRP 6140. Environmental Impact Statement Procedures and Environmental Law. 3 Credits.

The rationale for environmental impact statements from the viewpoint of the nature and origins of environmental concerns. Government agencies responsible for environmental impact statements; current statutes and regulations pertaining to the environment.

ENRP 6145. Global Environmental Justice and Policy. 3 Credits.

Environmental justice, considered as both a movement and a public policy. Examination of environmental injustices—both perceived and actual—affecting individuals, communities, and populations. Adherence to, and enforcement of, environmental laws and regulations that affect the allocation of environmental benefits and the distribution of sources of toxic pollution and other hazards.

ENRP 6295. Research Topics in Environmental Resource Policy. 1-3 Credits.

May be repeated for credit to a maximum of 6 credits.

ENRP 6298. Seminar in Environmental Resource Policy. 3 Credits.

The capstone seminar involves team development of a project sponsored by an external entity, such as a government agency or non-governmental organization, or participation in an aspect of a research project directed by a faculty member. The student team functions as an external consultant tasked with analysis of the chosen issue.

MASTER OF ARTS IN THE FIELD OF ENVIRONMENTAL RESOURCE POLICY

The Master of Arts in Environmental Resource Policy (ENRP) program requires 36 credits of appropriate graduate-level coursework. Coursework usually takes four semesters to complete on a full-time basis, and six to eight semesters on a part-time basis. Coursework is divided into 24 credits of core requirements (eight courses) and 12 credits of electives (typically four courses).

Students begin the program by taking a specialized two-semester course in Environmental Sciences that provides a solid grounding in the scientific side of environmental and resource policy. The capstone project provides the opportunity to demonstrate the ability to conduct research as part of a small team. All other core courses, which must be completed before students enroll in the capstone, provide the broad intellectual base and tools necessary for making multidisciplinary environmental and resource decisions.

Electives broaden familiarity with several environmental policy issues, focus on a particular environmental or resource issue, and allow students to tailor the program to their specific needs and interests. Elective courses can be taken in almost any department at the University, including, but not limited to, biology, chemistry, geography, international affairs, public policy, economics, political science, engineering management and systems engineering, business administration, and public health.

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Prerequisite: a bachelor's degree with a B average (or equivalent) from an accredited college or university. Students must have math skills equivalent to that provided by a college course in algebra, pre-calculus, analytic geometry, or introductory statistics.

24 credits of core courses

Students whose backgrounds include some of these courses may substitute additional courses in the elective field; approval is required:

ENRP 6101	Environmental Sciences I
ENRP 6102	Environmental Sciences II
ENRP 6140	Introduction to Environmental Law
ENRP 6298	Capstone Seminar in Environmental Resource Policy
ECON 6217	Survey of Economics I
ECON 6237	Economics of the Environment and Natural Resources
PPPA 6002	Research Methods and Applied Statistics
PPPA 6006	Policy Analysis

12 credits of approved elective drawn from a number of departments throughout the University

GRADUATE CERTIFICATE IN CONTEXTS OF ENVIRONMENTAL POLICY

National Park Service Roger Kennedy Fellows Program

For National Park Service employees who have served for three years or more

The NPS Contexts of Environmental Policy Graduate Certificate Program is designed to help prepare current and future leaders who are responsible for the preservation and protection of our public lands and cultural heritage. Inspired by a gift from Roger and Frances Kennedy and made possible by the Friends of Roger Kennedy, this program funds NPS students to undertake a course of study that strengthens their knowledge

of the natural and cultural resources which lie at the heart of the NPS mission. Offering a wide range of courses that contextualize environmental policy, the Certificate allows both flexibility and purpose to NPS students.

Program Overview

The certificate program consists of four graduate-level courses resulting in twelve credits. All courses will be taught by GW faculty who are experts in their fields, and all will be offered at the Washington, D.C. campus of GW at the Columbian College of Arts and Sciences.

The certificate program began in Fall 2013. Students may take one or two courses per semester, and some courses are also offered in the summer. Students must meet the admission requirements of GW and will be enrolled as degree students.

Upon admission to the certificate program, students will not need to apply again each semester, as long as they are in good academic standing as defined by Columbian College of Arts and Sciences standards.

Students will be required to take one policy course as they enter the program and then can choose among a large number of electives, which fall into either policy or culture categories. By special permission, depending on students' backgrounds, students may also enroll in graduate courses in the sciences.

The admissions process for this program is a two-tiered review:

- The first level of review will be conducted by a NPS Review Committee, to ensure that NPS employees meet all eligibility requirements and are appropriate candidates to be considered for participation. The NPS Review Committee will rank each nominee based upon the information provided in his/her application package. The ranking process will consist of an evaluation of the nominee's education, work experience, personal and professional goals, and writing ability.
- The second level of review is the actual selection of participants by a CCAS Admissions Committee. This committee will conduct their selections based on the Admission policies of CCAS and GW. Applicants will be notified by email of the Admission Committee's decision by mid-summer as to whether or not the applicant has been accepted into the program. Classes at GW start the last week of August.

REQUIREMENTS

The Environmental Resources Policy (ENRP) program at GW offers a multidisciplinary approach to environmental and sustainability issues. The Certificate in Contexts of Environmental Policy provides both professional credentials and the opportunity to engage with a broad range of academic disciplines within Columbian College.

The certificate consists of four 3-credit courses. All participants in the program must take either PPPA 6006 Policy Analysis or PPPA 6066 Environmental Policy. The three remaining courses can be selected from the courses listed below. In special cases, with permission from the program and faculty, students may take courses not listed below. Students should consult with ENRP's Director of Graduate Studies in order to construct an individualized curriculum best suited to their needs and interests.

Required courses

PPPA 6006	Policy Analysis
or PPPA 6066	Environmental Policy

Policy/Social Studies courses

ENRP 6101	Environmental Sciences I
ENRP 6140	Environmental Impact Statement Procedures and Environmental Law
GEOG 6219	Seminar: Climatology
GEOG 6230	Seminar: Environmental Issues in Development
HIST 6011	Rdg/Rsch:History/Public Policy
HIST 6302	Colonial North America
HIST 6304	American Indian History to 1890
SMPA 6201	Strategic Communications Skills
PHIL 6281	Environmental Philosophy and Policy
PSC 6103	Approaches to Public Policy Analysis
PPPA 6010	Politics & The Policy Process
PPPA 6031	Governing and Managing Nonprofit Organizations
PPPA 6043	Land Use Planning and Community Development
PPPA 6067	Environment, Energy, Technology, and Society
SOC 6250	Urban Sociology
STAT 6104	Statistics in Management, Administration, and Policy Studies

Culture courses

HIST 6480	Theory and Practice of Public History
-----------	---------------------------------------

HIST 6495	Historic Preservation: Principles and Methods
-----------	---

ENVIRONMENTAL STUDIES

The Columbian College of Arts and Sciences offers an interdisciplinary program in environmental studies leading to the degree of Bachelor of Arts. Housed in the Department of Geography (<http://departments.columbian.gwu.edu/geography>), the major combines courses drawn from biological sciences, geological sciences, and geography, as well as American studies, anthropology, economics, English, history, public health, religion, sociology, and statistics.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in environmental studies (p. 407)

FACULTY

Director D. Rain

BACHELOR OF ARTS WITH A MAJOR IN ENVIRONMENTAL STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Foundational courses:

BISC 1006	The Ecology and Evolution of Organisms
-----------	--

or BISC 1112	Introductory Biology: The Biology of Organisms
GEOG 1002	Introduction to Physical Geography
or GEOL 1005	Environmental Geology
GEOG 1003	Society and Environment
GEOG 2104	Introduction to Cartography and GIS
STAT 1053	Introduction to Statistics in Social Science

Requirements for the major:

GEOG 2196	Field Methods in Geography (or equivalent)
-----------	--

Three of the following science courses:

BISC 2454	General Ecology
-----------	-----------------

BISC 3460	Conservation Biology
-----------	----------------------

BISC 3459	Field Biology *
-----------	-----------------

CHEM 2085	Environmental Chemistry
-----------	-------------------------

GEOG 2108	Weather and Climate
-----------	---------------------

GEOG 2128	Geomorphology *
-----------	-----------------

GEOG 2136	Water Resources
-----------	-----------------

GEOL 2106	Oceanography
-----------	--------------

Three of the following society courses:

ECON 2136	Environmental and Natural Resource Economics
-----------	--

GEOG 2133	People, Land, and Food
-----------	------------------------

GEOG 2134	Energy Resources
-----------	------------------

GEOG 3143	Urban Sustainability
-----------	----------------------

GEOG 3132	Environmental Quality and Management
-----------	--------------------------------------

GEOL 3193	Intro to Environmental Law
-----------	----------------------------

HIST 3001	Special Topics (an environmental topic)
-----------	---

PPPA 2701	Sustainability and Environmental Policy
-----------	---

Two additional upper-level courses chosen from the list of courses that apply to the sustainability minor

Senior capstone course

Two additional upper-level courses chosen from the Green Leaf course list (<http://sustainability.gwu.edu/green-leaf-course-list>)

* Can also count for field methods requirement

FILM STUDIES

Housed in the Columbian College of Arts and Sciences, Film Studies covers classical film aesthetics, surveys the history of world cinema, and takes an in-depth look at films from America, France, Germany, Japan, Russia, and the Spanish-speaking world.

UNDERGRADUATE

Minor

- Minor in film studies (p. 409)

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

FILM 2151. Film Theory. 3 Credits.

A reading-intensive immersion in classical film aesthetics and a survey of the theoretical and critical canon of cinema literature. Laboratory fee.

FILM 2152. Genres of Film. 3 Credits.

An exploration of the relationship between cinematic structure and narrative content in various types of film. Laboratory fee.

FILM 2153. History of World Cinema I. 3 Credits.

A two-semester sequence covering 100 years of international cinematic history from an aesthetic and political point of view. Laboratory fee.

FILM 2154. History of World Cinema II. 3 Credits.

Continuation of FILM 2153. A two-semester sequence covering 100 years of international cinematic history from an aesthetic and political point of view. Laboratory fee.

FILM 2155. Screen Writing. 3 Credits.

Introduction to the art and craft of screenwriting—concept, genre, character, structure, dialogue, scene/sequence construction, and, ultimately, the preparation of scripts and treatments for a variety of screen formats.

FILM 2156. Advanced Screenwriting. 3 Credits.

Advanced phases of screenwriting culminating in the preparation of a full-length screenplay, with contextual study of contemporary, international, and classical films toward a fuller appreciation of movies as a cultural whole.

FILM 3390. Screen Writing. 3 Credits.

MINOR IN FILM STUDIES

REQUIREMENTS

Students in Columbian College of Arts and Sciences may earn a minor in film studies by completing:

FILM 2151	Film Theory
FILM 2152	Genres of Film
FILM 2153	History of World Cinema I
FILM 2154	History of World Cinema II
Three from the following:	
AMST/AH 1070	The American Cinema
CHIN 3163	Taiwanese Literature and Film
ARAB 3502	Arab Film & Culture in English
FILM 2155	Screen Writing
FILM 2156	Advanced Screenwriting
FREN 3560	Topics in 20th-Century Francophone Literature and Cinema
FREN 3700	History of French Cinema
GER 3181	History of German Cinema—in English
GER 3187	German Cinema after 1945
ITAL 4183	History of Italian Film
JAPN 3162	Japanese Culture Through Film
KOR 3162	Korean Culture through Film
PHIL 1062	Philosophy and Film
SLAV 2785	Introduction to Russian Cinema I
SLAV 2786	Introduction to Russian Cinema II

SPAN 3560

Early Modern Poetry of Spain and Latin America

SPAN 3700

Cinema of Spain and Latin America

FINE ARTS AND ART HISTORY

The Department of Fine Arts and Art History offers instruction in the visual and creative arts. Its programs strengthens a student's ability to develop visual literacy, as well as critical thinking and creative skills. Classroom study is supplemented by partnerships with the art museums and libraries of Washington, D.C.

Fine Arts, an interdisciplinary program, fosters a rigorous, experimental approach to art as students cultivate creative pursuits in the studio and beyond.

Art History is rooted in direct, interpretive engagement with the visual arts. The program combines visual and historical analyses with philosophical hypotheses and theoretical, political debates. The curriculum promotes connections to the studio arts and interdisciplinary exchanges with other fields of inquiry. It also emphasizes the narrative qualities and rhetorical persuasiveness of art historical writing in dialogue with art objects, spaces, and performances.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in art history (p. 422)
- Bachelor of Arts with a major in fine arts (p. 434)
- Bachelor of Arts with a combined major in art history and fine arts (p. 410)
- Combined programs (p. 446)

Minors

- Minor in art history (p. 447)
- Minor in fine arts (p. 447)
- Combined minor in art history and fine arts (p. 447)

GRADUATE

Master's programs

- Master of Arts in the field of art history (p. 447)
- Master of Fine Arts in the field of fine arts (p. 448)

FACULTY

Professors B. von Barghahn, D. Bjelajac, T. Ozdogan, L.F. Robinson, J.F. Wright, Jr.

Associate Professors A.B. Dumbadze, P. Jacks, D. Kessmann, B.K. Obler, S. Rigg (*Chair*)

Assistant Professors J. Brown, M. Natif, J.G.H. Sham

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: Upper-division undergraduate fine arts Special Topics and Critical Practices courses may be repeated for credit when topic is different with approval of the undergraduate fine arts advisor or the department chair. A course fee is charged for all fine arts courses listed here except FA 1075 East Asian Calligraphy, FA 4195 Critical Practices, and FA 4199 Internship.

Note: Core graduate fine arts courses may be repeated for credit with approval of the department. A course fee is charged for all fine arts courses listed here except FA 6295 Critical Practices and FA 6998 Thesis Research-FA 6999 Thesis Research.

- Art History (AH) (p. 1493)
- Fine Arts (FA) (p. 1596)

BACHELOR OF ARTS WITH A COMBINED MAJOR IN ART HISTORY AND FINE ARTS

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Foreign language requirement

Completion of four semesters of study in a single language (or the equivalent) from Arabic, French, German, Italian, Persian, Portuguese, or Spanish.

Art History

At least one course from six of the seven categories below and one additional course from any category for a total of 21 credits.

Ancient

AH 3101	Ancient Art of the Bronze Age and Greece
---------	--

AH 3102	Ancient Art of the Roman Empire

Junior/senior seminars

At least two of the following for a total of 6 credits:

AH 4109

AH 4119 Seminar in Medieval Art and Architecture

AH 4129 Seminar in Renaissance Art and Architecture

AH 4139 Seminar in Baroque Art and Architecture

AH 4149 Seminar in Modern European Art and Architecture

AH 4159 Seminar in American Art and Architecture

AH 4159W Seminar in American Art and Architecture

AH 4169 Seminar in Contemporary Art

AH 4189 Seminar: Special Topics in Art History

Fine Arts

Required

FA 2001 Studio Seminar: Conceptual Propositions

One introductory level course from three of the studio areas listed below for a total of 9 credits; for this purpose, FA 1000 counts as a studio area

FA 1000 Dean's Seminar

Ceramics

FA 1101	Introduction to Handbuilt Ceramics
FA 1102	Introduction to Wheelthrown Ceramics
Sculpture	
FA 1201	Sculpture: Material Investigations
Drawing	
FA 1301	Drawing Fundamentals
Painting	
FA 1401	Painting: Visual Thinking
Photography	
FA 1501	Black & White Photography
FA 1502	Color Photography
New Media	
FA 1601	New Media: Digital Art
Three courses at the 2000 or 3000 level including at least one course in two of the six studio areas below for a total of 9 credits:	
Ceramics	
FA 2111	Ceramic Design in Handbuilt Forms
FA 2112	Ceramic Design in Wheelthrown Forms
FA 2113	Ceramic Sculpture
FA 2125	Ceramics: Wheelthrown Functional Forms
FA 2127	Ceramic Design in Handbuilding
FA 2131	Ceramic Sculpture
FA 2139	Special Topics: Ceramics
FA 3101	Special Topics: Ceramics
Sculpture	
FA 2211	Sculpture Fabrication
FA 2212	Sculpture/Design in Action
FA 2213	Digital Fabrication
FA 3201	Special Topics: Sculpture
Drawing	
FA 2311	Drawing: Thinking and Mark Making
FA 2312	Advanced Drawing Techniques

FA 2313	Experimental Drawing
FA 3301	Special Topics: Drawing
Painting	
FA 2411	Painting: Watercolor
FA 2412	Painting a Figure
FA 2413	Painting: Process and Materials Lab
FA 2431	Painting: Contemporary Issues
FA 3401	Special Topics: Painting
Photography	
FA 2511	Photography: Abstraction versus Representation
FA 2512	Photography: Landscape/Cityscape
FA 2513	Photography: From Photograms to Scanograms
FA 2531	Photography: Contemporary Issues
FA 3501	Special Topics: Photography
New Media	
FA 2611	Video Art & Time-based Media
FA 2612	Video: Remixing the Archive
FA 2613	Site and Sound
FA 3601	Special Topics: New Media
One of the following courses:	
FA 3901	Special Topics: Fine Arts
FA 3911	Collaborative Practices: Social Practices of Art
FA 3912	The Cinematic in Contemporary Art
FA 3913	Painting: Off the Wall
FA 3951	Creative Photovoltaics
The following capstone course:	
FA 4195	Critical Practices *

*A capstone exhibition is required concurrent with enrollment in FA 4195 Critical Practices

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the

University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 413)
- Global or Cross-Cultural (p.)
- Humanities (p. 416)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 419)
- Natural or physical laboratory sciences (p. 420)
- Oral Communication (p. 420)
- Social Sciences (p. 421)
- Writing (p. 422)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained, by the end of the junior year, a grade-point average of at least 3.5 in the major and 3.3 overall. By the end of the junior year, students should consult their advisor regarding eligibility, area of study, and a director of the research or creative arts project.

BACHELOR OF ARTS WITH A MAJOR IN ART HISTORY REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Foreign language requirement

Completion of four semesters of study in a single language (or the equivalent) from Arabic, French, German, Italian, Persian, Portuguese, or Spanish.

At least one course from six of the seven categories below and one additional course from any category for a total of 21 credits.

Ancient	
AH 3101	Ancient Art of the Bronze Age and Greece

AH 3102	Ancient Art of the Roman Empire	AH 3134	Topics in Spanish and Portuguese Art through the 16th Century

AH 4159	Seminar in American Art and Architecture
AH 4159W	Seminar in American Art and Architecture
AH 4169	Seminar in Contemporary Art
AH 4189	Seminar: Special Topics in Art History

One fine arts (FA) course at any level for a total of 3 credits

Art history electives

Any two courses listed in the above categories and/or two from the following for a total of 6 credits:

AH 1000	Dean's Seminar
AH 1031	Survey of Art and Architecture I
AH 1032	Survey of Art and Architecture II
AH 1070	The American Cinema
AH 1099	Variable Topics
AH 1135	Spanish Art: Prado/Thyssen Museums
AH 1136	Spanish Art: From Goya to Picasso
AH 3099	Variable Topics
AH 3170	Materials, Methods, and Techniques in Art History
AH 4198	Independent Study
AH 4199	Internship in Art History

With prior approval from the Director of Undergraduate Studies, students may select up to 6 credits of electives from relevant coursework in another department.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or

interpretation of artistic traditions or knowledge of art in a contemporary context;

- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 425)
- Global or Cross-Cultural (p.)
- Humanities (p. 428)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 431)
- Natural or physical laboratory sciences (p. 431)
- Oral Communication (p. 432)
- Social Sciences (p. 433)
- Writing (p. 434)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained, by the end of the junior year, a grade-point average of at least 3.5 in the major and 3.3 overall. By the end of the junior year, students should consult their advisor regarding eligibility and selection of an area of research, and the appropriate faculty member to supervise the project. Students must write an Honors Thesis (registering for AH 4198 Independent Study) and receive a grade of A.

Two courses (6 credits) of cross-disciplinary courses from the following:

FA 3901	Special Topics: Fine Arts
FA 3911	Collaborative Practices: Social Practices of Art
FA 3912	The Cinematic in Contemporary Art
FA 3913	Painting: Off the Wall
FA 3951	Creative Photovoltaics

Two capstone courses (6 credits):

FA 4193	Professional Practices
FA 4195	Critical Practices

One elective fine arts course (3 credits), from any course listed above or,

FA 4199	Internship
---------	------------

Additionally, required participation in a capstone exhibition, concurrently with FA 4195

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

UW 1020 University Writing

or HONR 1015 Honors Proseminar: UW 1020: Origins and Evolution of Modern Thought

[back to top \(p. 446\)](#)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained, by the end of the junior year, a grade-point average of at least 3.5 in the major and 3.3 overall. By the end of the junior year, students should consult their advisor regarding eligibility, selection of an area of study, and a director of the research or creative arts project.

COMBINED PROGRAMS

REQUIREMENTS

Combined Bachelor of Arts with a major in Art History/Master of Arts in the field of art history

The combined BA/MA program offers undergraduate Art History majors excelling in their studies the opportunity to advance to graduate level coursework in their senior year and enter the MA program upon graduation.

Students must meet the Art History major requirements. During the senior year students must take 9 credits of graduate art history course work (6000 level); these credit hours will count towards the BA degree and the MA degree. In the first fall semester, students must take AH 6258 Art Historiography. In the spring semester, students must take 6 credits of graduate art history course work.

Students must receive a grade of B or better in their graduate course work taken while an undergraduate. If they do not, the course(s) will not apply to their MA degree. If B or better, these grades are used when computing their graduate GPA.

After graduating with the BA degree, students must take an additional 27 credit hours of course work at the 6000 level. As many as 6 credits of graduate course work may be completed outside the department with approval of the Director of Graduate Studies.

Students must submit one qualifying paper after the completion of 18 credits.

A reading examination in Arabic, Dutch, French, German, Italian, Latin, Persian, Portuguese, or Spanish must be passed. If a student's research is in a language other than those listed above, the student may demonstrate proficiency in said language in consultation with the Director of Graduate Studies.

Combined Bachelor of Arts with a major in Fine Arts/Master of Arts in the field of art therapy

Students interested in this dual degree program should consult the director of the Art Therapy Program (<http://programs.columbian.gwu.edu/arttherapy>) early in the junior year.

MINOR IN ART HISTORY

REQUIREMENTS

The following requirements must be fulfilled: 18 credits in art history courses

Required:

AH 1031 Survey of Art and Architecture I

AH 1032 Survey of Western Art II

Four upper-division art history courses

MINOR IN FINE ARTS

REQUIREMENTS

Required: 18 credits of course work in fine arts

COMBINED MINOR IN ART HISTORY AND FINE ARTS

REQUIREMENTS

The combined minor requires 9-12 credits of course work in Art History and 9-12 credits in Fine Arts, for a total of 21 credits. The student's program of study is developed in consultation with the undergraduate advisors in the Department of Fine Art and Art History. See departmental website (<http://art.columbian.gwu.edu/combined-degree-fine-arts-art-history>) for more information.

MASTER OF ARTS IN THE FIELD OF ART HISTORY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required: 36 credits of graduate coursework

AH 6258 Art Historiography

At least one course from five of the following seven categories:

Ancient:

AH 6201 Proseminar in Ancient Art of the Bronze Age and Greece

AH 6202 Proseminar in Ancient Art of the Roman Empire

AH 6205 Ancient Art Seminar

AH 6270 Special Topics in Art History

Medieval/Islamic World:

AH 6211 Proseminar in Early Christian and Byzantine Art and Architecture

AH 6212 Proseminar in Romanesque and Gothic Art and Architecture

AH 6213 Islamic Art and Architecture

AH 6214 The Art of the Book in the Medieval Muslim World

AH 6215 Prosem:Medieval Art/Archaeology

AH 6265 Seminar in Islamic Art and Architecture

AH 6270 Special Topics in Art History

Renaissance/Baroque:

AH 6220 Proseminar in Italian Art and Architecture of the 13th through 15th Centuries

AH 6221 Prosem:Ital Art&Arch 16th Cent

AH 6222 Proseminar in Early Northern Renaissance Art and Architecture

AH 6223 Proseminar in Northern Renaissance Art and Architecture

AH 6225 Seminar in Renaissance Art

AH 6231 Proseminar in Italian Art and Architecture of the 17th Century

AH 6232 Proseminar in Northern European Art and Architecture of the 17th Century

AH 6234 Proseminar in Spanish and Portuguese Art through the 16th Century

AH 6235 Seminar in Baroque Art

AH 6270 Special Topics in Art History

18th-19th Century:

AH 6240 Proseminar in European Art of the 18th Century

AH 6245 Seminar in European Art of the 19th Century

AH 6251 Proseminar in American Art in the Age of Revolution

AH 6254 Seminar in American Art before 1900

AH 6270 Special Topics in Art History

Modern/Contemporary:

AH 6246 Proseminar in Modern Architecture in Europe and America

AH 6250 Seminar: Modern Art

AH 6256 Seminar in American Art of the 20th Century

AH 6257 Seminar in Photography

AH 6270 Special Topics in Art History

Asian/African:

AH 6270 Special Topics in Art History

Pre-Columbian/Latin American:

AH 6270 Special Topics in Art History

Up to 6 credits of graduate coursework may be completed outside the department with approval of the graduate advisor.

One qualifying paper must be submitted in the spring semester of the second year. Part-time students will submit one qualifying paper at date set in consultation with the graduate advisor.

A reading examination in Arabic, Dutch, French, German, Italian, Latin, Persian, Portuguese, or Spanish must be passed. If a student's research is in a language other than those listed above, the student may demonstrate proficiency in said language in consultation with the Director of Graduate Studies.

Concentration in museum training

Prerequisites and requirements are the same as those for the Master of Arts in the field of art history; students include in their course work 6 credits of AH 6299 Museum Internship, after completion of 18 credits of art history courses.

MASTER OF FINE ARTS IN THE FIELD OF FINE ARTS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree with a major in the field of ceramics, design, digital arts, drawing, film, new media, painting, photography, sculpture, or video. Departmental approval of the applicant's portfolio is required.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

60 credits, including 48 credits in required courses, 9 credits in elective courses, 3 credits in thesis, including a thesis exhibition.

Required

FA 6291 Contemporary Art and Theory for Artists I

FA 6292 Contemporary Art and Theory for Artists II

FA 6293 Professional Practices

FA 6294 Writing in Practice

FA 6295 Critical Practices (taken for a total of 24 credits)

FA 6296 Studio Visits (taken for a total of 12 credits)

Electives

9 credits in studio and seminar electives

In consultation with the Director of Graduate Studies, MFA students may elect to take upper- and graduate-level Art History courses, as well as upper-level and graduate courses in other departments, assuming they meet the prerequisites of those courses.

Thesis research

FA 6999 Thesis Research

A thesis exhibition consisting of the execution of creative work along with a critical statement about this work must be completed under the supervision of a committee consisting of at least two full-time departmental faculty members.

FORENSIC SCIENCES

As part of the Columbian College of Arts and Sciences's natural, mathematical, and biomedical sciences programs, the forensic sciences program provides an understanding of the integration of forensic disciplines with the investigation of criminal activity, while providing an overview of the analytical methods, procedures, equipment, and data used by forensic specialists. Course work emphasizes the identification and analysis of evidence as well as the interpretation and reporting of the results. The program's location in Washington, D.C. provides students with opportunities to interact with federal, state, and local agencies.

The Master of Forensic Sciences (M.F.S.) degree offers the following concentrations: forensic chemistry, forensic molecular biology, friction ridge analysis, and forensic toxicology. Students may also complete the Master of Forensic Sciences degree without selecting a concentration.

The Master of Science (M.S.) degree is offered in the following fields of study: crime scene investigation, friction ridge analysis, and high-technology crime investigation. The M.S. in the field of high-technology crime investigation program is offered at the Graduate Education Center in Arlington, VA.

In addition, graduate certificates (<http://bulletin.gwu.edu/arts-sciences/forensic-sciences/#certificatetext>) are offered in bloodstain pattern analysis, digital investigations, forensic investigation, and latent print examination.

GRADUATE

Master's programs

- Master of Forensic Sciences (p. 453)
- Master of Forensic Sciences with a concentration in forensic molecular biology (p. 454)
- Master of Forensic Sciences with a concentration in forensic chemistry (p. 454)
- Master of Forensic Sciences with a concentration in forensic toxicology (p. 455)
- Master of Forensic Sciences with a concentration in friction ridge analysis (p. 455)
- Master of Science in the field of crime scene investigation (p. 456)
- Master of Science in the field of high-technology crime investigation (p. 457)

CERTIFICATE

Certificate program

- Graduate certificate in forensic investigation (p. 458)

FACULTY

Professors W.F. Rowe, M.S. Schanfield, E.A. Vincze, V. Weedn (Chair)

Associate Professors N.T. Lappas, M. Moini, E.M. Robinson,

Assistant Professors I. Marginean, D. Podini

Professorial Lecturers D. Barghaan, E. Bernard, S. Brazelle, O. Carroll, K. Clarke, H. Cox, C. Davis, H. Deadman, J. Doyle, H. Elliott, N. Galbreth, K. Gerber, J.G. Jackson, M. Keller, M. Mack, C. McGovern, M.R. Parker, E. Toomer, L. Zarwell

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: FORS 2118 Introduction to Computer Systems for Security Professionals and FORS 2119 Introduction to Network Systems for Security Professionals are available only to students conditionally admitted to programs offered by the Department of Forensic Sciences; credit does not apply to any degree programs at GW. FORS 2118 Introduction to Computer Systems for Security Professionals, FORS 2119 Introduction to Network Systems for Security Professionals, and FORS 6259 Computer Related Law-FORS 6291 Computer Forensics III: Advanced Techniques are offered off campus only.

FORS 2104. Introduction to Forensic Sciences. 3 Credits.

Topics in the application of science to the criminal justice system, including personal identification, analysis of drugs, forms of trace evidence, identification of biological fluids, forensic pathology, and forensic toxicology. Prerequisites: two semesters of a laboratory science other than astronomy and permission of instructor.

FORS 2104W. Introduction to Forensic Sciences. 3 Credits.

Topics in the application of science to the criminal justice system, including personal identification, analysis of drugs, forms of trace evidence, identification of biological fluids, forensic pathology, and forensic toxicology.

FORS 2118. Introduction to Computer Systems for Security Professionals. 3 Credits.

Aspects of computer systems and software that directly relate to media analysis, i.e., storage, memory, the structure of file systems, and system peripherals that may contain evidence. Laboratory fee.

FORS 2119. Introduction to Network Systems for Security Professionals. 3 Credits.

Aspects of network tools, administrative tools, network protocols, and fundamentals of TCP/IP that can be used to carry out a network-based attack. Development of a working knowledge of how information is processed and can be intercepted on the Internet/Intranet. Laboratory fee.

FORS 2190. Topics in Forensic Science. 3 Credits.

Prerequisite: Any combination of two courses from BISC 1005- BISC 1006 or CHEM 1003- CHEM 1004 and junior standing.

FORS 6004. Fundamentals of Forensic Science I. 3 Credits.

This course will survey crime scene investigation techniques, medicolegal death investigation, and patterned evidence examination. This will satisfy the 10 hours instruction for a FEPAC accredited MFS degree in the core topics of crime scene investigation, physical evidence concepts, and pattern evidence. This course will help students prepare for the American Board of Criminalistics ("ABC") examination in the disciplines of firearms and toolmarks, fingerprints, and questioned documents. Lectures will be given by faculty members and guest lecturers who are subject matter experts on the topic presented. This course includes a four hour laboratory (fingerprints). This is a required course for MFS and CSI students. This course, along with FORS 6005 Fundamentals of Forensic Science II, replaces FORS 6213, Elements of Forensic Science (3 Credits). Prerequisites: None.

FORS 6005. Fundamentals of Forensic Science II. 3 Credits.

This course will survey the traditional crime laboratory (criminalistics) disciplines—specifically forensic drug chemistry, forensic toxicology, trace evidence, fire debris, explosives, and forensic molecular biology. This will satisfy the 10 hours instruction for a FEPAC accredited MFS degree in the core topics of analytical chemistry and instrumental methods of analysis, drug chemistry/toxicology, microscopy and materials analysis, and forensic biology. This course will help students prepare for the American Board of Criminalistics ("ABC") examination in the disciplines of forensic biology, trace evidence, fire debris, controlled substances, and toxicology/ blood alcohol determinations. Lectures will be given by faculty members and guest lecturers who are subject matter experts on the topic presented. This course includes three four hour laboratories (mass spectrometry, microscopy, DNA). This is a required course for MFS and CSI students. This course, along with FORS 6004 Fundamentals of Forensic Science I, replaces FORS 6213, Elements of Forensic Science (3 Credits). Restricted to None.

FORS 6020. Ethics, Professional Responsibility, and Quality Assurance. 2 Credits.

Issues of forensic science laboratory professional responsibility, including ethics, public policy, and quality assurance. Satisfies 10 hours of instruction for a Forensic Science Education Programs Accreditation Commission (FEPAC) accredited M.F.S. degree in the core topics of ethics and professional responsibility and quality assurance; also assists in preparation for the American Board of Criminalistics examination in the area of ethics. Taken online during the summer session. Restricted to none. Prerequisites: None. Recommended background: None.

FORS 6201. Forensic Biology. 3 Credits.

Principles of the forensic analysis of blood and other biological materials. Specific procedures and techniques used in forensic biology and serology. Laboratory fee.

FORS 6202. Instrumental Analysis. 3 Credits.

Principles and application of various instrumental methods to the examination of physical evidence, including chromatographic and spectroscopic techniques and mass spectrometry. Laboratory fee.

FORS 6203. Examination of Questioned Documents. 3 Credits.

Theory and principles of handwriting and handprinting, duplicating processes, paper manufacture and fiber analysis; studies of paper and methods of examining questioned documents. Laboratory fee.

FORS 6204. Firearms and Toolmark Identification. 3 Credits.

Methods for identifying firearms, bullet cartridge casings, toolmarks, gunshot residue, obliterated serial numbers, tire marks, and footprints. Laboratory fee.

FORS 6206. Trace Evidence Analysis. 3 Credits.

Principles that govern the analysis of trace evidence, including recovery, transference, interpretation, and comparison. Assessment of evidentiary value, reporting, and court testimony. Laboratory fee.

FORS 6207. Photography in the Forensic Sciences. 3 Credits.

Basic use of forensic photography, including selection and use of equipment, photographs as evidence, close-up work, and common misconceptions. Laboratory fee.

FORS 6210. Advanced Instrumental Analysis. 3 Credits.

Theory and practice of modern instrumental methods used in forensic laboratories, including mass spectrometry, optical spectroscopy, microscopy, chromatographic and electrophoretic separations. It is a required course for MFS students with concentration in Forensic Chemistry and Forensic Toxicology. Recommended background: undergraduate analytical methods.

FORS 6213. Elements of Forensic Sciences. 3 Credits.

FORS 6215. Science of Fingerprints. 3 Credits.

A general overview of the history and biology of and principles underlying the science of fingerprints. Latent print development methods, recording, classification, and methodology of comparison of fingerprints and palm prints to include latent prints. Subject matter is covered at an introductory level; additional study is required to develop expertise as a latent fingerprint examiner. Restricted to None. Prerequisites: None.

FORS 6216. Development of Latent Prints. 3 Credits.

This Advanced Fingerprint Science Course will provide the students an increased understanding of the main principles of fingerprint identification: uniqueness and persistence. The course is broken down into three main sections, which will address the chemistry behind processing fingerprints, the anatomy and physiology of friction ridge skin and the extensive research that has been conducted in the field of fingerprint science. The students will be required to complete a skills processing exam to assess their understanding and ability to develop latent prints on items of evidence. In addition, there will be a written examination covering the topics of biology and development of friction ridge skin and a final comprehensive exam. Upon conclusion of this course, each student should have a firm grasp of why friction ridge skin can be used as a means of identification. Restricted to None. Prerequisites: None. Recommended background: Science of Fingerprints.

FORS 6223. Criminal Law III: Moot Court. 3 Credits.

Students prepare and present direct testimony and are cross-examined by an experienced trial attorney in simulated courtroom setting. Class discussions of problems, techniques. Lectures on discovery, admissibility of scientific evidence, chain of custody, use of notes, etc. Prerequisite: FORS 6221.

FORS 6224. Criminal Law for Forensic Scientists. 3 Credits.

This course will provide an overview of criminal law offenses, criminal law procedures, issues of evidence recovery, admissibility of scientific evidence, and expert testimony, with an emphasis on the interaction between the criminal process and forensic science. A moot court experience is integral to this course. (This course combines and replaces Crim Law I and III.).

FORS 6225. Statistics for Forensic Scientists. 3 Credits.

Statistics with a focus on forensic applications. Emphasis on the Bayesian approach. Logical, probabilistic statistical reasoning skills, and R software skills. Course content is the basis for an examination question on the comprehensive examination. Students must have taken an undergraduate statistics course before registering. Restricted to None. Prerequisites: An undergraduate statistics course.

FORS 6231. Principles of Toxicology. 3 Credits.

Concepts of toxicology, including its historical development and modern applications, drug disposition, mechanisms of toxicity; factors that influence toxicity and toxicity evaluation.

FORS 6232. Analytical Toxicology. 3 Credits.

Principles and procedures used in the isolation, identification, and quantitation of drugs of abuse from human samples. Prerequisite: FORS 6202 or permission of instructor.

FORS 6234. Medicinal Chemistry I. 3 Credits.

Theory and principles of classification, synthesis, and structure activity relationships of drugs. Discussion of the complex chemical events that take place between administration of a drug and its action on the user, with emphasis on drugs of abuse.

FORS 6235. Medicinal Chemistry II. 3 Credits.

Chemical, pharmacological, toxicological, and pathological characteristics of commonly abused drugs, including ethanol, barbiturates, narcotics, stimulants, and hallucinogens.

FORS 6236. Forensic Toxicology I. 3 Credits.

Biological, chemical, and pharmacological principles that underlie forensic toxicology. Prerequisite: FORS 6235 or permission of instructor.

FORS 6237. Forensic Toxicology II. 3 Credits.

Lectures, student seminars, and projects dealing with topics of current interest in forensic toxicology. Prerequisite: FORS 6236 or permission of instructor.

FORS 6238. Forensic Chemistry I. 3 Credits.

Examination of glass and soils. Laboratory exercises include refractive index measurements using immersion methods; polarized light observations of minerals; x-ray diffraction analysis of minerals; and classical chemical and physical methods of analysis. Prerequisite: FORS 6202 or permission of instructor. Laboratory fee.

FORS 6239. Forensic Chemistry II. 3 Credits.

Examination of arson accelerants, textile fibers, plastics, and paints. Laboratory exercises include infrared spectrometry and pyrolysis-gas-liquid chromatography of polymeric materials, as well as classical chemical and physical methods of analysis. Prerequisite: FORS 6238 or permission of instructor. Laboratory fee.

FORS 6240. Forensic Drug Analysis. 3 Credits.

Examination of dosage forms of drugs. Laboratory exercises include color spot tests, crystal tests, infrared spectrometry and gas chromatography-mass spectrometry. Laboratory fee.

FORS 6241. Forensic Molecular Biology I. 3 Credits.

Techniques of molecular biology applied to the collection, examination, analysis, and interpretation of biological evidence.

FORS 6242. Forensic Molecular Biology II. 3 Credits.

Advanced methods of forensic molecular biology. Laboratory examinations and classifications of dried blood and other biological materials through a variety of nuclear and mitochondrial markers. Laboratory fee. Prerequisite: FORS 6241 and permission of instructor.

FORS 6243. Forensic Molecular Biology III. 3 Credits.

FORS 6246. Human Genetic Variation. 3 Credits.

The genetic variation in human populations as a framework for measurement and analysis of genetic diversity and evolutionary process. Consideration of the possible roles of cultural change leading to adaptive/selective events. Same as ANTH 6406.

FORS 6247. Population Genetics. 3 Credits.

Origin, maintenance, and possible significance of genetic variation in populations. Selection, genetic drift, and population structure are emphasized. Both theoretical and applied aspects of population genetics are discussed. Same as BISC 6228.

FORS 6250. Crime Scene Investigation for Lab Personnel. 3 Credits.

A condensed offering of the subject matter of FORS 6251–FORS 6252. FORS 6250 cannot be taken for credit toward the crime scene investigation concentration. Laboratory fee.

FORS 6251. Crime Scene Investigation I. 3 Credits.

Examination, analysis, and reconstruction of crime scenes. Principles from biology, chemistry, and physics applied to identification, documentation, preservation, and collection of physical evidence. Laboratory fee.

FORS 6252. Crime Scene Investigation II. 3 Credits.

Continuation of FORS 6251. Examination, analysis, and reconstruction of crime scenes. Principles from biology, chemistry, and physics applied to identification, documentation, preservation, and collection of physical evidence. Laboratory fee.

FORS 6254. Forensic Psychiatry. 3 Credits.

Introduction to the constructs of dynamic psychiatry, psychiatric treatment, and the nomenclature of mental disorders. Consideration of expert testimony, direct examination, and cross-examination in hospitalization and criminal cases.

FORS 6255. Investigation of Child Abuse. 3 Credits.

This course integrates medical, scientific, psychological, sociological and legal information for investigators and professionals involved in the field of child abuse. Special emphasis will be placed on the application of research-supported data to situations involving the murder, abuse and exploitation of children.

FORS 6256. Forensic Pathology. 3 Credits.

Terminology and scientific techniques used in medico-legal investigations, sudden or unexpected deaths, homicides, suicides, accidental deaths, and trauma.

FORS 6257. Medicolegal Death Investigation. 3 Credits.

Medical, scientific, sociological, and legal methodologies applied to forensic investigations. Aspects of death scene analysis by a medical examiner, including autopsy procedures, unidentified remains, child death investigations, and mass disaster investigations. Prerequisite: FORS 6256 and permission of instructor. Laboratory fee.

FORS 6258. The Investigation of Sexual Assault and Other Sex Crimes. 3 Credits.

This course integrates medical, psychological, sociological and legal information for investigators and professionals involved in the field of sex crime investigation. Special emphasis will be placed on the application of research-supported data to situations involving the sexual exploitation and victimization of adults. Restricted to None. Prerequisites: None. Recommended background: None.

FORS 6259. Computer Related Law. 3 Credits.

A problem-oriented course that focuses on applying the holdings of cases and analysis of statutes to different criminal fact patterns. The course is designed to examine criminal law, criminal procedures, and evidence as it relates to computer crime and the collection/analysis of digital evidence. Open only to students enrolled in off-campus forensic sciences programs.

FORS 6260. Security Case Law. 3 Credits.

Negligence and liability, international torts, compensatory and punitive damages, and contract law. The exercise of security functions by private individuals and organizations.

FORS 6261. Security Management. 3 Credits.

An overview of the factors that shape modern security management: technology, law, ethics and societal changes. The course focuses on risk assessment and the necessity to identify, analyze, and counter threat.

FORS 6264. Protection of Information Systems. 3 Credits.

An overview of the types of information assets that need protection from loss. Basic techniques covered include: effective protection of automated information, including backup, disaster management, and intrusion detection.

FORS 6271. Forensic Psychology. 3 Credits.

Application of principles of psychology in civil and criminal proceedings: determining criminal responsibility, competence to stand trial, and testamentary capacity; jury selection.

FORS 6273. RschMethods for SecurityProfs. 3 Credits.

FORS 6277. Computer Forensics I: Investigation and Data Gathering. 3 Credits.

Techniques used to conduct computer crime investigations and gather probative evidence to secure conviction under federal law. The role of the high-technology crime investigator as expert witness. Open only to students enrolled in the department or by approval of the program director. Laboratory fee.

FORS 6278. Computer Forensics II: Evidence and Analysis. 3 Credits.

Threats to, and vulnerabilities of, computer systems and how to minimize them. Prerequisite: FORS 6277. Laboratory fee.

FORS 6279. Incidence Response: Understanding and Identifying Network-Based Attacks. 3 Credits.

Computer network operations and network-based computer crime. Fraud schemes related to electronic commerce, theft of sensitive computer information, compromise of computer networks, and identity theft. Elements of proof of network-based crime are discussed. Prerequisite: FORS 6277 or approval of program director. Laboratory fee.

FORS 6280. Advanced Incidence Response: Investigating Network-Based Attacks. 3 Credits.

Detecting and responding to network- and host-based intruders, integrating intrusion detection systems into network topologies, identifying methods hackers use to break into network systems, analyzing network traffic and detecting attacks, and creating an effective response strategy. Prerequisite: FORS 6279. Laboratory fee.

FORS 6283. Steganography and Electronic Watermarking. 3 Credits.

Digital data hiding techniques. Investigation of data hiding and labeling techniques, attacks against steganography and watermarked information; countermeasures to such attacks. Open only to students enrolled in the department or by approval of the program director. Laboratory fee. Prerequisite: FORS 6277, FORS 6278.

FORS 6284. Security Mgt Capstone Course. 3 Credits.

FORS 6285. High-Technology Crime Investigation Capstone Course. 3 Credits.

For students in the final semester of the high-technology crime investigation program only. Simulation of a computer forensic investigation: developing an investigation plan, securing the crime scene, analyzing evidence, preparing the case for court, and testifying in a moot court situation. Laboratory fee.

FORS 6287. Project Management for Security Professionals. 3 Credits.

FORS 6288. The Investigative Process for Computer Forensics. 3 Credits.

In-depth examination of the investigative process for computer-related crime in both criminal and civil sectors. Topics include identification and validation of information sources, development and handling of informants, interview and interrogation techniques, and managing the investigative process.

FORS 6290. Selected Topics. 3 Credits.

Current issues in research, investigation, and law.

FORS 6291. Computer Forensics III: Advanced Techniques. 3 Credits.

Further examination of methods and techniques used to conduct and report high-technology crime investigations. Open only to students enrolled in the department or by approval of the program director. Laboratory fee. Prerequisite: FORS 6278.

FORS 6292. Graduate Seminar. 1 Credit.

Students in designated forensic sciences degree programs must register for this course in their first semester and again after completion of the required independent research project.

FORS 6295. Research. 1-12 Credits.

Research on problems approved by the department, under the supervision of an appropriate member of the program faculty. Admission by permission only.

FORS 6298. Forensic Sciences Practicum. 1-3 Credits.

Internship experience in a forensic science laboratory or criminal justice agency, under the supervision of an appropriate member of the program faculty. Students must preregister for this course. Admission by permission only.

FORS 6998. Thesis Research. 3 Credits.

FORS 6999. Thesis Research. 3 Credits.

MASTER OF FORENSIC SCIENCES REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

37 credits including 18 credits in required courses, 19 credits in courses selected in consultation with the advisor, and successful completion of the master's comprehensive examination.

Core requirements

FORS 6004	Fundamentals of Forensic Science I
FORS 6005	Fundamentals of Forensic Science II
FORS 6020	Ethics, Professional Responsibility, and Quality Assurance
FORS 6224	Criminal Law for Forensic Scientists
FORS 6225	Statistics for Forensic Scientists
FORS 6292	Graduate Seminar (taken twice) *

The remaining credits should be selected in consultation with the departmental advisor.

Successful completion of a Master's Comprehensive Examination is required.

Successful completion of an independent research project is required.

*Students must register for FORS 6292 in their first semester and again after or during the completion of the required independent research project.

MASTER OF FORENSIC SCIENCES WITH A CONCENTRATION IN FORENSIC CHEMISTRY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

37 credits in required courses and successful completion of the master's comprehensive examination.

Core requirements

FORS 6004 Fundamentals of Forensic Science I

FORS 6005 Fundamentals of Forensic Science II

FORS 6020 Ethics, Professional Responsibility, and Quality Assurance

FORS 6224 Criminal Law for Forensic Scientists

FORS 6225 Statistics for Forensic Scientists

FORS 6292 Graduate Seminar (taken twice) *

Forensic chemistry concentration requirements

FORS 6206 Trace Evidence Analysis

FORS 6210 Advanced Instrumental Analysis

FORS 6238 Forensic Chemistry I

FORS 6239 Forensic Chemistry II

FORS 6234 Medicinal Chemistry I

FORS 6235 Medicinal Chemistry II

FORS 6240 Forensic Drug Analysis

Successful completion of a Master's Comprehensive Examination

Successful completion of an independent research project

*Students must register for FORS 6292 in their first semester and again during or after completion of the required independent research project.

MASTER OF FORENSIC SCIENCES WITH A CONCENTRATION IN FORENSIC MOLECULAR BIOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

37 credits, including 16 credits in core courses, 15 credits in courses in the concentration, 6 credits in courses selected in consultation with the advisor, and successful completion of the master's comprehensive examination.

Core requirements

FORS 6004 Fundamentals of Forensic Science I

FORS 6005 Fundamentals of Forensic Science II

FORS 6020 Ethics, Professional Responsibility, and Quality Assurance

FORS 6224 Criminal Law for Forensic Scientists

FORS 6225 Statistics for Forensic Scientists

FORS 6292 Graduate Seminar (taken twice) *

Forensic molecular biology concentration requirements

FORS 6201 Forensic Biology

FORS 6241 Forensic Molecular Biology I

FORS 6242 Forensic Molecular Biology II

FORS 6243 Forensic Molecular Biology III

FORS 6247 Population Genetics

The remaining credits should be selected in consultation with the departmental advisor.

Successful completion of a Master's Comprehensive Examination is required.

Successful completion of an independent research project is also required.

*Students must register for FORS 6292 in their first semester and again after or during the completion of the required independent research project.

MASTER OF FORENSIC SCIENCES WITH A CONCENTRATION IN FORENSIC TOXICOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

37 credits, including 16 credits in core courses, 15 credits in courses in the concentration, 6 credits in courses selected in consultation with the advisor, and successful completion of the master's comprehensive examination.

Core requirements

FORS 6004 Fundamentals of Forensic Science I

FORS 6005 Fundamentals of Forensic Science II

FORS 6020 Ethics, Professional Responsibility, and Quality Assurance

FORS 6224 Criminal Law for Forensic Scientists

FORS 6225 Statistics for Forensic Scientists

FORS 6292 Graduate Seminar (taken twice)*

Forensic toxicology concentration requirements

FORS 6210 Advanced Instrumental Analysis

FORS 6232 Analytical Toxicology

FORS 6234 Medicinal Chemistry I

FORS 6235 Medicinal Chemistry II

FORS 6236 Forensic Toxicology I

FORS 6237 Forensic Toxicology II

The remaining credits should be selected in consultation with the departmental advisor.

Successful completion of a Master's Comprehensive Examination

Successful completion of an independent research project

*Students must register for FORS 6292 in their first semester and again during or after completion of the required independent research project.

MASTER OF FORENSIC SCIENCES WITH A CONCENTRATION IN FRICTION RIDGE ANALYSIS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

37 credits, including 16 credits in core courses, 15 credits in courses in the concentration, 6 credits in courses selected in consultation with the advisor, and successful completion of the master's comprehensive examination.

Core requirements

FORS 6004 Fundamentals of Forensic Science I

FORS 6005 Fundamentals of Forensic Science II

FORS 6020 Ethics, Professional Responsibility, and Quality Assurance

FORS 6224 Criminal Law for Forensic Scientists

FORS 6225 Statistics for Forensic Scientists

FORS 6292 Graduate Seminar (taken twice)*

Friction ridge analysis concentration requirements

FORS 6207 Photography in the Forensic Sciences

FORS 6215 Science of Fingerprints

FORS 6216 Development of Latent Prints

FORS 6217 Fingerprint Comparison

FORS 6251 Crime Scene Investigation I

FORS 6290 Selected Topics (Digital Image Processing)

Elective

One of the following:

FORS 6252 Crime Scene Investigation II

FORS 6256 Forensic Pathology

Alternate courses may be selected with approval of advisor.

Successful completion of a Master's Comprehensive Examination is required.

Successful completion of an independent research project is required.

Note: Students must register for FORS 6292 in their first semester and again during or after completion of the required independent research project.

MASTER OF SCIENCE IN THE FIELD OF CRIME SCENE INVESTIGATION

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

36 credits including, 30 credits in required courses, 6 credits in elective courses, and successful completion of the master's comprehensive examination.

Required (30 credits):

FORS 6004 Fundamentals of Forensic Science I

FORS 6005 Fundamentals of Forensic Science II

FORS 6207 Photography in the Forensic Sciences

FORS 6215 Science of Fingerprints

FORS 6224 Criminal Law for Forensic Scientists

FORS 6251 Crime Scene Investigation I

FORS 6252 Crime Scene Investigation II

FORS 6256 Forensic Pathology

FORS 6257 Medicolegal Death Investigation

FORS 6290 Selected Topics (Digital Image Processing)

Elective (6 credits):

The remaining six credits should be selected in consultation with the departmental advisor. Suggested electives include:

FORS 6203 Examination of Questioned Documents

FORS 6204 Firearms and Toolmark Identification

FORS 6255 Investigation of Child Abuse

FORS 6290 Selected Topics (Crime Scene Investigation III)

FORS 6290 Selected Topics (Bloodstain Pattern Analysis I)

Successful completion of a Master's Comprehensive Examination is required.

MASTER OF SCIENCE IN THE FIELD OF FRICTION RIDGE ANALYSIS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

36 credits, including 30 credits in required courses and 6 credits in elective courses.

Required

FORS 6004 Fundamentals of Forensic Science I

FORS 6207 Photography in the Forensic Sciences

FORS 6215 Science of Fingerprints

FORS 6216 Development of Latent Prints

FORS 6217 Fingerprint Comparison

FORS 6224 Criminal Law for Forensic Scientists

FORS 6225 Statistics for Forensic Scientists

FORS 6251 Crime Scene Investigation I

FORS 6257 Medicolegal Death Investigation

FORS 6290 Selected Topics (Digital Image Processing)

Electives

Two of the following

FORS 6203 Examination of Questioned Documents

FORS 6204 Firearms and Toolmark Identification

FORS 6256 Forensic Pathology

FORS 6290 Selected Topics (Bloodstain Pattern Analysis I)

Alternate courses can be selected with approval of advisor.

MASTER OF SCIENCE IN THE FIELD OF HIGH-TECHNOLOGY CRIME INVESTIGATION

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

36 credits including 30 credits in required courses, 6 credits in elective courses, and successful completion of the master's comprehensive examination.

Required

FORS 6259	Computer Related Law
FORS 6264	Protection of Information Systems
FORS 6273	RschMethods for SecurityProfs
FORS 6277	Computer Forensics I: Investigation and Data Gathering
FORS 6278	Computer Forensics II: Evidence and Analysis
FORS 6279	Incidence Response: Understanding and Identifying Network-Based Attacks
FORS 6280	Advanced Incidence Response: Investigating Network-Based Attacks
FORS 6285	High-Technology Crime Investigation Capstone Course
FORS 6287	Project Management for Security Professionals
FORS 6288	The Investigative Process for Computer Forensics

Electives

6 credits from the following:

FORS 6261	Security Management
FORS 6271	Forensic Psychology
FORS 6274	Video Forensic Analysis

FORS 6283 Steganography and Electronic Watermarking

FORS 6289 Linux for Computer Forensics

FORS 6291 Computer Forensics III: Advanced Techniques

FORS 6295 Research

FORS 6298 Forensic Sciences Practicum

Successful completion of a Master's Comprehensive Examination

GRADUATE CERTIFICATE IN BLOODSTAIN PATTERN ANALYSIS

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

Required

FORS 6207	Photography in the Forensic Sciences
FORS 6290	Selected Topics (Bloodstain Pattern Analysis I)
FORS 6290	Selected Topics (Bloodstain Pattern Analysis II)
FORS 6290	Selected Topics (Bloodstain Pattern Analysis III)
FORS 6290	Selected Topics (Digital Image Processing)

Elective

One of the following

FORS 6251	Crime Scene Investigation I
FORS 6257	Medicolegal Death Investigation

Alternate courses can be selected with approval of advisor.

GRADUATE CERTIFICATE IN DIGITAL INVESTIGATIONS

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled: 18 credits, including 15 credits in required courses and 3 credits in elective courses.

Required

FORS 6270	Digital Artifacts: Points of Evidence
FORS 6277	Computer Forensics I: Investigation and Data Gathering
FORS 6278	Computer Forensics II: Evidence and Analysis
FORS 6279	Incidence Response: Understanding and Identifying Network-Based Attacks
FORS 6280	Advanced Incidence Response: Investigating Network-Based Attacks

Elective

One of the following	
FORS 6259	Computer Related Law
FORS 6290	Selected Topics (Macintosh Forensics)
FORS 6290	Selected Topics (Malware Analysis)
FORS 6290	Selected Topics (Computer Forensics III)
FORS 6290	Selected Topics (Mobile Forensics)

GRADUATE CERTIFICATE IN FORENSIC INVESTIGATION

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled: 15 credits, including 12 credits in required courses and 3 credits in elective courses.

Course List

Required:

FORS 6207	Photography in the Forensic Sciences
FORS 6213	Elements of Forensic Sciences
FORS 6251	Crime Scene Investigation I-II
FORS 6252	Crime Scene Investigation I2II

One additional course selected from the following:

FORS 6203	Examination of Questioned Documents
-----------	-------------------------------------

FORS 6204	Firearms and Toolmark Identification
FORS 6254	Forensic Psychiatry
FORS 6255	Investigation of Child Abuse
FORS 6257	Medicolegal Death Investigation
Or other courses with departmental approval	

GRADUATE CERTIFICATE IN LATENT PRINT EXAMINATION

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled: 18 credits, including 15 credits in required courses and 3 credits in elective courses.

Required

FORS 6207	Photography in the Forensic Sciences
FORS 6215	Science of Fingerprints
FORS 6216	Development of Latent Prints
FORS 6217	Fingerprint Comparison
FORS 6290	Selected Topics (Digital Image Processing)

Electives

One of the following	
FORS 6203	Examination of Questioned Documents
FORS 6204	Firearms and Toolmark Identification
FORS 6251	Crime Scene Investigation I
FORS 6252	Crime Scene Investigation II
FORS 6255	Investigation of Child Abuse
FORS 6256	Forensic Pathology
FORS 6257	Medicolegal Death Investigation

Alternate courses can be selected with approval of advisor.

GEOGRAPHY

One of the social and behavioral sciences disciplines in the Columbian College of Arts and Sciences, the geography program investigates how people in different places interact with the environment and how the environment influences their

lives. Geography majors understand society and environmental dynamics, the significance of scale, the uneven distribution of resources and levels of development, and the uses of geospatial techniques, including GIS (geographic information system) and remote sensing.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in geography (p. 462)

Minors

- Minor in geography (p. 473)
- Minor in geographic information systems (p. 473)

GRADUATE

Master's program

- Master of Arts in the field of geography (p. 474)

CERTIFICATE

- Graduate certificate in geographical information systems (p. 474)

FACULTY

Professor M.D. Price

Associate Professors L.M. Benton-Short (*Chair*), E. Chacko, R. Engstrom, D. Rain, N. Shiklomanov

Assistant Professors M. Keeley, M. Mann, D. Streletskiy

Teaching Assistant Professor J.P. Dymond

Professorial Lecturers I. Cheung, L. Marcus, W. Reisser

Lecturers N. Cowan, D. Gopalakrishna

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

GEOG 1000. Dean's Seminar. 3 Credits.

GEOG 1001. Introduction to Human Geography. 0-3 Credits.

A systematic survey of human geography; spatial perspectives on demographic, social, cultural, economic, and political changes around the world.

GEOG 1002. Introduction to Physical Geography. 4 Credits.

A systematic survey of environmental geography; perspectives on environments and human ecology, including ecosystems and their use, and resource geography. Laboratory fee.

GEOG 1003. Society and Environment. 0-3 Credits.

An introduction to the dynamic relationship between society and the physical environment, with focus on population, natural resources, environmental degradation, pollution, and conservation.

GEOG 2104. Introduction to Cartography and GIS. 3 Credits.

Fundamentals of cartography; geographic data structure and information systems. Laboratory fee.

GEOG 2105. Techniques of Spatial Analysis. 3 Credits.

Nature of geographical inquiry and analytical methods used in the study of spatial processes and patterns. Laboratory fee.

GEOG 2107. Introduction to Remote Sensing. 3 Credits.

Remote-sensing techniques using digital satellite imagery and aerial photography. Application to rural and urban settings, vegetation, and environmental monitoring. Laboratory fee. Prerequisite: GEOG 2105 or permission of instructor.

GEOG 2108. Weather and Climate. 3 Credits.

The elements and controls of weather and climate. Topics include energy and water balances, atmospheric general circulation, and severe weather events. Prerequisite: GEOG 1002.

GEOG 2110. Climate and Human Ecology. 3 Credits.

Interrelationships between human activities and the climatic environment. Emphasis on global climatic change. Prerequisite: GEOG 1002.

GEOG 2120. World Regions:Problem/Prospect. 3 Credits.

World cultural regions and the impacts of globalization; the environmental human conditions that undergird current problems and future prospects.

GEOG 2124. Urban Transportation. 3 Credits.

The relationship between freight and passenger transportation systems and urban land use patterns and structure. Prerequisite: GEOG 1001.

GEOG 2125. Transportation Systems and Networks. 3 Credits.

The structure and evolution of transportation networks and their impact on regional development.

GEOG 2127. Population Geography. 3 Credits.

Patterns of world population; factors contributing to population pressures, growth, and migrations.

GEOG 2128. Geomorphology. 3 Credits.

Understanding the nature, origin, and development of landforms in the field and through the use of maps and aerial photos. Prerequisite: GEOG 1002.

GEOG 2133. People, Land, and Food. 3 Credits.

Domestication and dispersal of plants and animals; development of agricultural systems; spatial disparities in world food production, demand, and distribution.

GEOG 2134. Energy Resources. 3 Credits.

Analysis of regional patterns and trends in consumption and production of energy resources. Examination of international energy linkages and energy policies of selected nations. Prerequisite: GEOG 1002.

GEOG 2134W. Energy Resources. 3 Credits.

Analysis of regional patterns and trends in consumption and production of energy resources. Examination of international energy linkages and energy policies of selected nations. Prerequisite: GEOG 1002.

GEOG 2136. Water Resources. 3 Credits.

Analysis of the global spatial patterns, development, use, and quality of water resources. Prerequisite: GEOG 1002.

GEOG 2137. Environmental Hazards. 3 Credits.

Examination of environmental hazards with emphasis on the use of geographic information systems.

GEOG 2140. Cities and Societies. 3 Credits.

The design and function of cities in the United States; contemporary, economic, political, and social change. Prerequisite: GEOG 1001.

GEOG 2140W. Urban Geography. 3 Credits.

The design and function of cities in the United States; contemporary, economic, political, and social change. Prerequisite: Geog 1001.

GEOG 2141. Cities in the Developing World. 3 Credits.

Urbanization processes, problems, and management in the developing world. Focus on urban location, politics, housing, services, employment, and environmental issues. Prerequisite: GEOG 1001.

GEOG 2144. Explorations in Historical Geography. 3 Credits.

Examination of selected themes in the cultural geography of the United States over the course of its history, in relation to an overview of the historical geography of the country. Same as AMST 2144.

GEOG 2145. The Cultural Landscape. 3 Credits.

The distribution and dynamics of cultural patterns around the world; analysis of culture as a process.

GEOG 2145W. Cultural Geography. 3 Credits.

The distribution and dynamics of cultural patterns around the world; analysis of culture as a process.

GEOG 2146. Political Geography. 3-4 Credits.

Interrelationships among the human and physical environment and political systems; the organization of political territories.

GEOG 2147. Military Geography. 3 Credits.

An examination of environmental and locational factors and their impact on military planning and operations.

GEOG 2148. Economic Geography. 3 Credits.

Locational influences on and spatial variation of the development of manufacturing, services, trade, and finance. Prerequisite: GEOG 1001.

GEOG 2196. Field Methods in Geography. 3 Credits.

For geography and environmental studies majors in their junior or senior year. Field research in human and physical geography. Students participate in several field exercises and develop their skills of observation, field mapping, repeat photography, and surveys. Laboratory fee.

GEOG 3106. Intermediate Geographic Information Systems. 3 Credits.

Principles of geographic information systems and their use in spatial analysis and information management. Laboratory fee. Prerequisite: GEOG 2104 and GEOG 2105.

GEOG 3120. World Regional Geography. 3 Credits.

World cultural regions and the impacts of globalization; the environmental human conditions that undergird current problems and future prospects.

GEOG 3132. Environmental Quality and Management. 3 Credits.

The evolution of environmental management philosophies and tools. The global distribution, utilization, and degradation of natural resources. Prerequisite: GEOG 1002.

GEOG 3143. Urban Sustainability. 3 Credits.

Relationship between urban spaces and the environment through the lens of sustainability. Prerequisite: GEOG 1001.

GEOG 3143W. Urban Sustainability. 3 Credits.

Relationship between urban spaces and the environment through the lens of sustainability. Prerequisite: GEOG 1001.

GEOG 3154. Geography of the Middle East and North Africa. 3 Credits.

Cultural and physical regional patterns of the Middle East and North Africa. Prerequisite: Geog 1001 or GEOG 1002.

GEOG 3161. Geography of Latin America. 3 Credits.

Examination of spatial characteristics of physical and cultural phenomena in Latin America.

GEOG 3164. The Geography of Africa. 3 Credits.

Cultural and physical patterns of Africa. Prerequisite: GEOG 1001 or GEOG 1002.

GEOG 3165. Geography of South Asia. 3 Credits.

An examination of the complex interplay of environmental, economic, sociocultural, and political factors in South Asia and their effects at the local and regional levels.

GEOG 3189. Readings in Geography I. 1-12 Credits.

Prerequisite: 12 credit hours of geography and permission of instructor.

GEOG 3190. Readings in Geography II. 1-12 Credits.

Continuation of GEOG 3189. Prerequisite: 12 credit hours of geography and permission of instructor.

GEOG 3193. Environmental Law and Policy. 3 Credits.

An introduction to selected pieces of major environmental legislation. The role of the courts and bureaucracy in implementing and interpreting legislation and their impacts on decision making. Designed for students with no training in law
Prerequisites: None.

GEOG 3198. Special Topics. 3 Credits.

Consideration of geographic aspects of topical and future problems of society. May be repeated for credit provided that the topic differs. Prerequisite: GEOG 1001 or GEOG 1002.

GEOG 3810. Planning Cities. 3 Credits.

An examination of historical and contemporary trends and dynamics in urban planning in the United States and abroad. Same as AMST 3810. Prerequisite: GEOG 1001.

GEOG 4195. Proseminar in Geographic Thought. 3 Credits.

For students completing the major in geography. Development of geographic thought, theories, and methodologies; geographic curricula. Prerequisite: permission of the advisor.

GEOG 4195W. Proseminar in Geographic Thought. 3 Credits.

For students completing the major in geography. Development of geographic thought, theories, and methodologies; geographic curricula. Prerequisite: permission of the advisor.

GEOG 4199. Internship. 1-3 Credits.

Fieldwork, internship, or other controlled assignment with an agency or organization engaged in work in applied geography. Prerequisite: 12 credit hours of geography courses and permission of instructor. May be repeated for credit to a maximum of 6 credits.

GEOG 4309. GIS for Emergency Management. 3 Credits.

Introduction to the theoretical principles of geographic information systems and examination of its history, current uses, and potential for emergency management through case studies, guest lectures, and hands-on training on various GIS products. Prerequisites: GEOG 3106.

GEOG 6201. Geographic Thought. 3 Credits.

For first-year master's students, a survey of geographic thought and theories. Emphasis on contemporary issues in geography and on the development of research.

GEOG 6207. Urban Planning and Development. 3 Credits.

Selected problems in urban and regional planning: applications of zoning, environmental controls, and other techniques for achieving sustainable urban development.

GEOG 6208. Land Use and Urban Transportation Planning. 3 Credits.

Relationships between land use and the movement of goods and people. Examination of land use and transportation planning principles, issues, and techniques. Roles of public and private interests in land use and transportation planning and management.

GEOG 6219. Seminar: Climatology. 3 Credits.

Inadvertent climate modification due to urbanization and impacts on environmental and human health.

GEOG 6220. Seminar: Climatic Change. 3 Credits.

Examination of natural and human-induced climatic change, at global, regional, and local scales.

GEOG 6222. Seminar: Resources and the Environment. 3 Credits.

Topics related to the spatial variations and interrelationships of resources and the environment; applications of geographic information systems and remote sensing. Prerequisite: permission of instructor.

GEOG 6223. Seminar: Population and Health. 3 Credits.

Interrelationships between population characteristics and dynamics and impacts on human health.

GEOG 6224. Seminar: Political Geography. 3 Credits.

Examination of political factors in location theory and analysis of the nature of political territories and conflict.

GEOG 6225. Seminar: Transportation and Development. 3 Credits.

Transportation and communication in the organization of space.

GEOG 6230. Seminar: Environmental Issues in Development. 3 Credits.

A consideration of the geographical dimensions of the links between development and the environment.

GEOG 6232. Migration and Development. 3 Credits.**GEOG 6243. Seminar: Urban Geography. 3 Credits.**

Topics concerning social, political, economic, and environmental issues in U.S. cities.

GEOG 6244. Urban Sustainability. 3 Credits.

Urban sustainability and environmental issues in developed and developing cities.

GEOG 6245. Water Resources Policy and Management. 3 Credits.

In this course, we will examine the history and practice of water resources policy and management in the context of integrated water resource management. Thus, we will address management issues and policy responses to such topics as the impacts of urban and agricultural runoff on water quality; provision of wastewater and water quality services; water supply, water allocation and scarcity; and modification of waterbodies for the purposes of flood control, hydropower, navigation, and recreation. In addition, non-human water requirements: e.g. for fish and wildlife, as well as the need to preserve the natural ecosystems that provide and sustain water resources will be central to each discussion. We will examine management and policy issues in the United States and worldwide at a range of scales: local, state, federal and international. In the course of these examinations, students will gain an understanding of how current issues such as growing populations, increasing affluence, and climate change may impact water resource policy and management.

GEOG 6250. Geographical Perspectives on Development. 3 Credits.

Theory and debates surrounding economic development in a globalizing world, with case studies.

GEOG 6261. Geographical Perspectives on Latin America. 3 Credits.

Natural resources, the environment, and population dynamics through time.

GEOG 6262. Geographical Perspectives on the Middle East. 3 Credits.

Examination of selected topics related to political, economic, social, cultural, and geographic patterns and processes in the region.

GEOG 6265. Geography of Russia and Its Neighbors. 3 Credits.

A deeper understanding of Post-Soviet geography with a focus on the physical and environmental characteristics of the region, geography of natural and human resources, ethnic, cultural and religious diversity, characteristics of economic and political regions, and recent geopolitical developments.

GEOG 6290. Principles of Demography. 3 Credits.

Introduction to basic demographic perspectives and data; methods for analysis of population size, distribution, and composition; determinants and consequences of population trends. Departmental prerequisite waived. Same as ECON 6290/ SOC 6290/ STAT 6290.

GEOG 6291. Methods of Demographic Analysis. 3 Credits.

Basic methods for analysis of mortality, natality, and migration; population estimates and projections; estimation of demographic measures from incomplete data. Departmental prerequisite waived. Same as ECON 6291/ SOC 6291/ STAT 6291.

GEOG 6293. Special Topics. 3 Credits.

Consideration of geographic aspects of topical social or environmental problems. May be repeated for credit provided the topic differs.

GEOG 6295. Research. 1-12 Credits.

May be repeated for credit.

GEOG 6299. Internship. 1-3 Credits.

GEOG 6300. Geography Capstone Internship. 3 Credits.

This course will provide hands-on experiential learning in a local government agency, NGO, or corporation while allowing the candidate to use his/her geographical skills in a real world setting. Restricted to Geography graduate students only. Prerequisites: GEOG 6201.

GEOG 6304. Geographical Information Systems I. 3 Credits.

Fundamentals of cartography; geographic data structure and geographic information systems.

GEOG 6305. Geospatial Statistics. 3 Credits.

Nature of geographical inquiry and the analytical and statistical methods used in the study of spatial processes and patterns.

GEOG 6306. Geographical Information Systems II. 3 Credits.

GEOG 6307. Digital Image Processing. 3 Credits.

This course introduces students to the theoretical, technical and applied aspects of remote sensing as a tool for monitoring and managing earth resources. This course will provide students with the knowledge for analyzing and applying remotely sensed data for problem solving as it applies to land cover.

GEOG 6309. GIS for Emergency Management. 3 Credits.

This course will introduce students to the theoretical principles of geographic information systems and will examine its history, current uses and potential for emergency management through case studies, guest lectures and hands-on training on various GIS products. Prerequisites: GEOG 6304.

GEOG 6998. Thesis Research. 3 Credits.

GEOG 6999. Thesis Research. 3 Credits.

BACHELOR OF ARTS WITH A MAJOR IN GEOGRAPHY

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

The program of study consists of 36 credits including:

GEOG 1001 Introduction to Human Geography

GEOG 1002 Introduction to Physical Geography

GEOG 4195 Proseminar in Geographic Thought

A minimum of two courses from each of the following groups:

Group A (Physical/Environmental/Resources)

GEOG 1003 Society and Environment

GEOG 2108 Weather and Climate

GEOG 2110 Climate and Human Ecology

GEOG 2128 Geomorphology

GEOG 2134 Energy Resources

GEOG 2136 Water Resources

GEOG 2137 Environmental Hazards

GEOG 3132 Environmental Quality and Management

GEOG 3143 Urban Sustainability

Group B (Human)	
GEOG 2124	Urban Transportation
GEOG 2125	Transportation and Communication
GEOG 2127	Population Geography
GEOG 2133	People, Land, and Food
GEOG 2140	Cities and Societies
GEOG 2141	Cities in the Developing World
GEOG 3143	Urban Sustainability
GEOG 2144	Explorations in Historical Geography
GEOG 2145	Cultural Geography
GEOG 2146	Political Geography
GEOG 2147	Military Geography
GEOG 2148	Economic Geography
GEOG 3810	Building Cities
Group C (Techniques)	
GEOG 2104	Introduction to Cartography and GIS
GEOG 2105	Techniques of Spatial Analysis
GEOG 2107	Introduction to Remote Sensing
GEOG 2196	Field Methods in Geography
GEOG 3106	Intermediate Geographic Information Systems
GEOG 4121	Advanced Geographic Information Systems
At least one course from Group D (Regional):	
GEOG 3120	World Regional Geography
GEOG 3154	Geography of the Middle East and North Africa
GEOG 3161	Geography of Latin America
GEOG 3164	The Geography of Africa
GEOG 3165	Geography of South Asia

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together

with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 464)
- Global or Cross-Cultural (p. 464)
- Humanities (p. 466)
- Local/Civic Engagement (p. 466)
- Mathematics or Statistics (p. 470)
- Natural or physical laboratory sciences (p. 470)
- Oral Communication (p. 471)
- Social Sciences (p. 472)
- Writing (p. 473)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have a minimum grade-point average of 3.75 in geography courses and a 3.5 average overall.

MINOR IN GEOGRAPHIC INFORMATION SYSTEMS

REQUIREMENTS

Required:

GEOG 2104 Introduction to Cartography and GIS

GEOG 2105 Techniques of Spatial Analysis

GEOG 2107 Introduction to Remote Sensing

GEOG 3106 Intermediate Geographic Information Systems

GEOG 4121 Advanced Geographic Information Systems

One additional upper-level GEOG course

MINOR IN GEOGRAPHY

REQUIREMENTS

Required:

GEOG 1001 Introduction to Human Geography

GEOG 1002 Introduction to Physical Geography

One course from each of the following groups:

Group A (Physical/Environmental/Resources)

GEOG 1003 Society and Environment

GEOG 2108 Weather and Climate

GEOG 2110 Climate and Human Ecology

GEOG 2128 Geomorphology

GEOG 2134 Energy Resources

GEOG 2136 Water Resources

GEOG 2137 Environmental Hazards

GEOG 3132 Environmental Quality and Management

GEOG 3143 Urban Sustainability

Group B (Human)

GEOG 2124 Urban Transportation

GEOG 2125 Transportation and Communication

GEOG 2127 Population Geography

GEOG 2133 People, Land, and Food

GEOG 2140 Cities and Societies

GEOG 2141 Cities in the Developing World

GEOG 2144 Explorations in Historical Geography

GEOG 2145 Cultural Geography

GEOG 2146 Political Geography

GEOG 2147 Military Geography

GEOG 2148 Economic Geography

GEOG 3143 Urban Sustainability

GEOG 3810 Building Cities

Group C (Techniques)

GEOG 2104 Introduction to Cartography and GIS

GEOG 2105 Techniques of Spatial Analysis

GEOG 2107 Introduction to Remote Sensing

GEOG 2196 Field Methods in Geography

GEOG 3106 Intermediate Geographic Information Systems

GEOG 4121 Advanced Geographic Information Systems

Group D (Regional)

GEOG 3120	World Regional Geography
GEOG 3154	Geography of the Middle East and North Africa
GEOG 3161	Geography of Latin America
GEOG 3164	The Geography of Africa
GEOG 3165	Geography of South Asia

MASTER OF ARTS IN THE FIELD OF GEOGRAPHY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required courses:

GEOG 6201	Geographic Thought
GEOG 6304	Geographical Information Systems I

Elective courses:

18 credits of electives

Depending upon the chosen field of specialization, each student will select electives from appropriate courses within the department or from related programs and departments within the University or the Consortium of Universities.

Thesis option:

GEOG 6998	Thesis Research
GEOG 6999	Thesis Research

Non-thesis option:

Degree candidates choosing the non-thesis option must take three credits of directed research

GEOG 6295	Research
or GEOG 6300	Geography Capstone Internship

The student's program of study will be developed in consultation with the advisor and graduate committee.

GRADUATE CERTIFICATE IN GEOGRAPHICAL INFORMATION SYSTEMS

The graduate certificate in geographical information systems (GIS) encompasses a selection of core and elective courses that provide the knowledge and the skills to move directly from the classroom into this burgeoning scientific specialty—and the growing GIS job market. The curriculum guides students through all aspects of GIS theory and practice, from the science of cartography to analyzing geographical statistics to database design and geospatial modeling. Students are well equipped with a solid grounding in geospatial theory and techniques as well as its practical applications. The program prepares students to transform models and data into road maps for addressing real-world problems. Government agencies, non-profits, and the private sector are looking for skilled workers of all stripes with strong proficiency in GIS. Students leave the program with the know-how to immediately put their GIS talents to work as environmental scientists, civil engineers, and public health officials, among the many professionals who rely on GIS.

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The Graduate Certificate in the field of Geographical Information Systems (GIS) requires the completion of 12 graduate credits.

Required:

GEOG 6304	Geographical Information Systems I
GEOG 6305	Geospatial Statistics
GEOG 6306	Geographical Information Systems II

One of the following:

GEOG 6307	Digital Image Processing
GEOG 6309	GIS for Emergency Management

GEOLOGICAL SCIENCES

The program offers undergraduate instruction in rigorous research techniques. It allows students to work directly with faculty in research on the geology and paleontology of the Appalachian mountains, the Rocky mountains, Asia, and elsewhere. The student-faculty partnership provides a broad education and hands-on training.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in geological sciences (p. 476)
- Bachelor of Science with a major in geological sciences (p. 486)

Minor

- Minor in geological sciences (p. 497)

FACULTY

Committee on Geological Sciences C.E. Brown, J.M. Clark, C.A. Forster, G. Mattiotti, E. Pauli, J. Kravitz, H. Teng, R.P. Tollo

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

GEOL 1001. Physical Geology. 3 Credits.

Lecture, laboratory. An introduction to the principal features of the composition and structure of the earth. Topics include the nature of minerals and rocks, surface and deep earth processes, mineral and energy resources, and plate tectonics. Laboratory fee. Credit will not be given for both GEOL 1001 and GEOL 1005.

GEOL 1002. Historical Geology. 3 Credits.

Lecture, laboratory. An introduction to the history of the earth. Topics include sedimentary environments, plate tectonics, origin of life, and evolution. Laboratory fee. Prerequisite: Geol 1001 or GEOL 1005.

GEOL 1005. Environmental Geology. 3 Credits.

Lecture, laboratory. An introduction to the impact of geology on the environment, with emphasis on the relation of people and society to natural environments; population evolution, natural hazards, and mineral resources. Laboratory fee. Credit will not be given for both GEOL 1001 and GEOL 1005.

GEOL 1006. Science & the Environment. 3 Credits.

The large-scale processes operating within the atmosphere, oceans, and solid Earth. Prerequisite: GEOL 1001 or GEOL 1005.

GEOL 2106. Oceanography. 3 Credits.

The ocean with its many environments represents the last largely unexplored frontier on earth. Origin of the ocean systems and plate tectonics, ocean habitats and their biota, marine hydrology and ocean currents; air-sea interaction and climate control; ocean mapping techniques; environmental regulations covering marine resources. Laboratory fee. Prerequisite: GEOL 1001 or GEOL 1005.

GEOL 2111. Mineralogy. 4 Credits.

Lecture and laboratory. Introduction to the crystallography and chemical systematics of rock-forming and ore minerals. Exercises emphasize the analysis of mineralogic data and the paragenesis of mineral assemblages. Prerequisite: GEOL 1001 or GEOL 1005 or permission of instructor. Laboratory fee.

GEOL 2112. Igneous and Metamorphic Petrology. 4 Credits.

Lecture and laboratory. Introduction to basic light theory and the identification and characterization of minerals through optical properties. Laboratory exercises provide an introduction to petrologic analysis of igneous and metamorphic mineral systems. Prerequisite: GEOL 2111 or permission of the instructor. Laboratory fee.

GEOL 2122. Structural Geology. 3 Credits.

Lecture and laboratory. Study of natural and experimental rock deformation and the relationships between stress and strain as recorded by geologic structures. Prerequisite: GEOL 1001 or GEOL 1005. Laboratory fee.

GEOL 2151. History of Life. 3 Credits.

A review of the origin of life, the geologic record, and the evolutionary history of the major groups of organisms, including the origin of life and evolution of invertebrates, vertebrates, and plants. Prerequisite: GEOL 1001 or GEOL 1002 or BISC 1111–BISC 1112. Laboratory fee. Same as BISC 2451.

GEOL 2159. Geobotanical Ecology of the Central Appalachians. 4 Credits.

A multidisciplinary approach to Appalachian ecology involving application of scientific principles from both geology and botany, stressing interrelationships between geological, geochemical, and biological processes. Field trips. Laboratory fee. Prerequisite: GEOL 1001 or GEOL 1005 and BISC 1111–BISC 1112; with permission of instructor.

GEOL 2190. Special Topics in Geology. 1-3 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs.

GEOL 2333. Evol.&Extinction of Dinosaurs. 3 Credits.

GEOL 3118. Volcanology. 3 Credits.

Fundamental principles and geologic processes associated with volcanism. Eruptive styles, processes leading to magma production and transport, triggering mechanisms, plate tectonic settings, volcanic hazards, and disaster mitigation. Case histories of selected volcanic eruptions examined in detail. Prerequisite: GEOL 2111 or permission of instructor. Laboratory fee.

GEOL 3119. Field Experience in Volcanology. 1 Credit.

Week-long field exercise at a major volcanic center in the western United States. Field-based interpretation and analysis of volcanic and related rocks. The geology of each site and the processes responsible for volcanism discussed in detail. Corequisite: GEOL 3118. Deposit for expenses is required.

GEOL 3123. Crustal Dynamics. 0-3 Credits.

Basic plate tectonic processes and features; the plate tectonic paradigm in historical evolutionary framework. Students present an original research project orally and in writing. Prerequisite: GEOL 2122. Laboratory fee.

GEOL 3126. Sedimentology and Stratigraphy. 4 Credits.

Lecture and laboratory. Introduction to sedimentation and stratigraphy; origin and classification of sediments and sedimentary rocks; introduction to clastic and carbonate depositional environments and stratigraphic principles. Prerequisite: GEOL 1002, GEOL 2111. Laboratory fee.

GEOL 3131. Global Climate Change. 3 Credits.

Fundamental causes and patterns of climate change. Methods of reconstruction of past climates; modeling and predicting climate change.

GEOL 3138. Hydrogeology. 3 Credits.

Principles and theory of basic and applied hydrology: surface water hydrology, geology of groundwater systems, groundwater flow, surface water-groundwater interactions, contamination and remediation technologies, conservation, management, and regulations. Prerequisite: GEOL 2111, GEOL 2122; MATH 1221 or MATH 1231; or permission of instructor. Laboratory fee.

GEOL 3140. Geochemistry. 3 Credits.

Chemical systems and processes on the planet Earth; origins and interactions among and within the Earth's lithosphere, oceans, and atmosphere; origin, distribution, and behavior of the elements; radioactive and stable isotope systems. Aqueous geochemistry; geochemical cycles. Same as CHEM 3140. Prerequisite: GEOL 1001 or GEOL 1005; CHEM 1111- CHEM 1112 .

GEOL 3189. Geophysics. 3 Credits.

Principles of magnetic, gravity, seismic and electrical methods applied to geological problem-solving. Prerequisite: GEOL 2122 or permission of instructor.

GEOL 3191. Geology of Energy Resources. 3 Credits.

Principles of geology applied in energy exploration, exploitation, and production; the geology of energy resources in ocean basins; borehole and surface geophysical applications and reconnaissance mapping techniques; management and regulation of energy resources; sustainability, efficiency, and conservation issues. Prerequisite: GEOL 2122 or permission of instructor. Laboratory fee.

GEOL 4195. Geological Field Methods. 4 Credits.

Weekend field trips. Methods of outcrop analysis, geologic mapping, and data interpretation. The geological evolution of the central Appalachian mountains and the plate tectonic processes responsible for their formation emphasized. Prerequisite: GEOL 2111, GEOL 2122. Field trip fee.

GEOL 4195W. Geological Field Methods. 4 Credits.**GEOL 4199. Undergraduate Research or Reading. 1-12 Credits.**

Problems approved by the staff. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN GEOLOGICAL SCIENCES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses:

GEOL 1002	Historical Geology
GEOL 1001	Physical Geology
or GEOL 1005	Environmental Geology

Required courses in related areas:

CHEM 1111	General Chemistry I
CHEM 1112	General Chemistry II

Required courses for the major:

GEOL 2111	Mineralogy
GEOL 2112	Igneous and Metamorphic Petrology
GEOL 2122	Structural Geology
GEOL 3126	Sedimentology and Stratigraphy
GEOL 4195	Geological Field Methods

Three upper-level electives chosen from the following:

GEOL 2106	Oceanography
GEOL 2151	History of Life
GEOL 2190	Special Topics in Geology (3 credits only)
GEOL 3118	Volcanology

GEOL 3123	Crustal Dynamics
GEOL 3131	Global Climate Change
GEOL 3138	Hydrogeology
GEOL 3140	Geochemistry
GEOL 3191	Geology of Energy Resources
GEOL 4199	Undergraduate Research or Reading (3 credits only)

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 477)
- Global or Cross-Cultural (p.)
- Humanities (p. 480)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 483)
- Natural or physical laboratory sciences (p. 484)
- Oral Communication (p. 484)
- Social Sciences (p. 485)
- Writing (p. 486)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, candidates must maintain a cumulative grade-point average of 3.3 both overall and for courses in the major, and must submit an approved Honors thesis.

BACHELOR OF SCIENCE WITH A MAJOR IN GEOLOGICAL SCIENCES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses:

GEOL 1002	Historical Geology
GEOL 1001	Physical Geology

or GEOL 1005 Environmental Geology

Required courses in related areas:

CHEM 1111 General Chemistry I
& CHEM 1112 and General Chemistry II

One of the following:

PHYS 1011 General Physics I
& PHYS 1012 and General Physics II

Or

ASTR 1001 Stars, Planets, and Life in the Universe
& ASTR 1002 and Origins of the Cosmos

One of the following:

MATH 1220 Calculus with Precalculus I
& MATH 1221 and Calculus with Precalculus II

MATH 1231 Single-Variable Calculus I

STAT 1051 Introduction to Business and Economic
Statistics

STAT 1053 Introduction to Statistics in Social
Science

STAT 1111 Business and Economic Statistics I

STAT 1127 Statistics for the Biological Sciences

Required courses for the major:

GEOL 2111 Mineralogy

GEOL 2112 Igneous and Metamorphic Petrology

GEOL 2122 Structural Geology

GEOL 3126 Sedimentology and Stratigraphy

GEOL 4195 Geological Field Methods

Four courses chosen with approval of the program advisor
from the following list of designated courses:

GEOL 2106 Oceanography

GEOL 2151 History of Life

GEOL 2159 Geobotanical Ecology of the Central
Appalachians

GEOL 2190 Special Topics in Geology (3 credits
only)

GEOL 3118 Volcanology

GEOL 3131 Global Climate Change

GEOL 3138 Hydrogeology

GEOL 3140 Geochemistry

GEOL 3189 Geophysics

GEOL 3191 Geology of Energy Resources

GEOL 4199 Undergraduate Research or Reading (3
credits only)

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in

addition to the one course in this category required by the University General Education Requirement; and,

- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 488)
- Global or Cross-Cultural (p. 488)
- Humanities (p. 491)
- Local/Civic Engagement (p. 491)
- Mathematics or Statistics (p. 494)
- Natural or physical laboratory sciences (p. 494)
- Oral Communication (p. 495)
- Social Sciences (p. 496)
- Writing (p. 497)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, candidates must maintain a cumulative grade-point average of 3.3 both overall and for courses in the major, and must submit an approved Honors thesis.

MINOR IN GEOLOGICAL SCIENCES

REQUIREMENTS

Prerequisite:

GEOL 1002	Historical Geology
GEOL 1001	Physical Geology
or GEOL 1005	Environmental Geology

The minor consists of:

GEOL 2111	Mineralogy
GEOL 2112	Igneous and Metamorphic Petrology
GEOL 2122	Structural Geology
GEOL 3126	Sedimentology and Stratigraphy
GEOL 4195	Geological Field Methods

HISTORY

The Department of History offers a curriculum that includes early modern Europe, America since the Civil War, the international history of the Cold War, the history of colonialism and imperialism, and modern East Asia. The program strengthens a student's ability to thoroughly understand history and its lessons. It is also designed so that students gain the knowledge and analytical tools necessary for success in a range of careers and professions.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in history (p. 508)

Minor

- Minor in history (p. 522)

GRADUATE

Master's program

- Master of Arts in the field of history (p. 522)

Doctoral programs

- Doctor of Philosophy in the field of history (p. 523)
- Doctor of Philosophy in the field of American religious history (p. 523)

FACULTY

Professors H.L. Agnew, T. Anbinder, E. Arnesen, M.A. Atkin, W.H. Becker, E. Berkowitz, A.M. Black (Research), E.H. Cline, R.J. Cottrol, J. Hershberg, A.J. Hildebeitel, D.K. Kennedy, D.R. Khoury, P.F. Klarén, L.L. Peck, L.P. Ribuffo, D. Silverman, R.H. Spector, R.B. Stott, R. Thornton, B. Vinson, J. Weissman Joselit, A. Zimmerman

Associate Professors N. Blyden, G.A. Brazinsky, D. Brunsman, E. Chapman, D. Cline, H.M. Harrison, B. Hopkins, C. Klemek, E.A. McCord, S. McHale, M. Norton, S. Robinson, S.N. Robinson, A. Smith II, D. Schwartz, K. Schultheiss (*Chair*), D. Yang

Assistant Professors T. Christov, J. Kim, J. Krug, C.T. Long, S. Miller

Adjunct Professors K. Bowling, A. Howard

Professorial Lecturer S. Wells

Post-Doctoral Fellow J. Shea

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Course Accessibility: All listed undergraduate courses are open to students without history course prerequisites with the exception of HIST 3095 Internship, HIST 4098 Thesis Seminar, and HIST 4099 Senior Honors Thesis Tutorial.

HIST 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to First-year students in CCAS.

HIST 1011. World History, 1500-Present. 3 Credits.

An introduction to world history over the past half millennium, stressing themes of exchange and integration, tracing the ways various peoples of the world became bound together in a common system.

HIST 1020. Approaches to Women's History. 3 Credits.

Exploration of critical periods of intellectual and cultural change in Western societies as influenced by and affecting women. Examination of images of women and of changing ideal types of femininity and masculinity. Aspects of law, religion, art, culture, work, and politics in relation to these topics. Same as WSTU 1020.

HIST 1110. European Civilization in Its World Context. 3 Credits.

Introduction to the history of Europe, emphasizing primary sources and their interpretation. From the beginning of written culture through 1715.

HIST 1120. European Civilization in Its World Context. 3 Credits.

Continuation of HIST 1110. Introduction to the history of Europe, emphasizing primary sources and their interpretation. From 1715 to the present.

HIST 1120W. European Civ in World Context. 3 Credits.

HIST 1121. The War of Ideas in European and International History, 1750-Present. 0-3 Credits.

The ideas that made people fight, from the French Revolution to the worldwide uprisings of the 1960s and beyond. Key texts whose ideas of freedom and slavery, tradition and progress, state authority and revolutionary violence changed the world. The political, economic, and social contexts and effects of these texts.

HIST 1310. Introduction to American History. 3 Credits.

The political, social, economic, and cultural history of the United States. From the earliest settlements to 1876.

HIST 1311. Introduction to American History. 3 Credits.

Continuation of HIST 1310. The political, social, economic, and cultural history of the United States. From 1876 to present.

HIST 2005. Majors' Introductory Seminar. 0-3 Credits.

Introduction to the analytical and writing expectations of the history major. Topics vary by semester. Consult the Schedule of Classes for more details. May be repeated for credit provided the topic differs.

HIST 2005W. Majors' Introductory Seminar. 0-3 Credits.

Introduction to the analytical and writing expectations of the history major. Topics vary by semester. Consult the Schedule of Classes for more details. May be repeated for credit provided the topic differs.

HIST 2010. Early American Cultural History. 3 Credits.

How culture was important in the creation of the United States –in its origins as a colonial outpost and its expansion across the continent; in its hierarchies and expressions of power, especially as organized by race, class, ethnicity, or gender; in the creation of democracy and the valuing of free expression; and in the development of cities and the varied uses of the countryside. Same as AMST 2010.

HIST 2011. Modern American Cultural History. 3 Credits.

The effects of culture in the shaping of the United States since 1876. The role of the mass media; effects of cultural conceptions on the physical landscape; changing ideas of race, ethnicity, gender, and sexuality; and the political meanings of cultural conflict. Transnational influences on U.S. culture and effects of U.S. culture abroad. Same as AMST 2011.

HIST 2020. Washington, D.C.: History, Culture, and Politics. 0-3 Credits.

Introduction to interdisciplinary methods of studying the contemporary city. Major problems of metropolitan life, past and present, analyzed by faculty and community leaders. Emphasis on experiential team projects. Same as AMST 2020.

HIST 2020W. Washington, D.C.: History, Culture, and Politics. 0-3 Credits.

Introduction to interdisciplinary methods of studying the contemporary city. Major problems of metropolitan life, past and present, analyzed by faculty and community leaders. Emphasis on experiential team projects. Same as AMST 2020.

HIST 2050. History of Jewish Civilization: From the Bible to Modernity. 3 Credits.

Introduction to the richness and diversity of Jewish civilization from antiquity to the present. Examination of evolving notions of "who" or "what" is Jewish. Key concepts including "chosenness," community, peoplehood, diaspora, redemption, and Torah. How the boundaries of Jewishness have been formed, contested, and revised over time; how Jews managed to retain their identity throughout their millennial history of migration, dispersion, and persecution; what unites Jewish civilization; and whether a unified Jewish history over centuries and continents can be traced, as distinct from multiple "histories" of the Jews in the myriad times and places in which they lived. Emphasis on analysis of primary texts and cultural objects along with contextual understanding of Jews and Judaism.

HIST 2105. Majors' Introductory Seminar: Europe. 0-3 Credits.

HIST 2105W. Majors' Introductory Seminar: Europe. 0-3 Credits.

HIST 2112. History of Ancient Greece. 3 Credits.

A political and social survey of Bronze Age Minoan and Mycenaean civilizations, the Iron Age, Archaic Period, Classical Greece through Alexander the Great. (Same as CLAS 2112).

HIST 2113. The Roman World to 337 A.D.. 3 Credits.

Prehistoric Italy; rise and decline of the Roman Empire and Latin civilization; cultural, social, and political developments in the Greek world under Roman rule. Same as CLAS 2113.

HIST 2124. 19th-Century Europe. 3 Credits.

Exploration of primary source documents and works of professional historians to introduce important issues of 19th-century European history.

HIST 2125. 20th-Century Europe. 3 Credits.

Diplomatic, political, and cultural developments from the turn of the century to the present.

HIST 2131. History of England Since 1689. 3 Credits.

Development of English civilization and its impact on Western culture.

HIST 2141. History of France Since 1814. 3 Credits.

Breaks and continuities in the succession of regimes; the interplay between revolution and tradition; the weakened international position of France; Gaullism and the survival of France; European Unity.

HIST 2160. History of Germany. 3 Credits.

Political, social, and cultural development.

HIST 2305. Majors' Introductory Seminar: United States. 0-3 Credits.

HIST 2305W. Majors' Introductory Seminar: United States. 0-3 Credits.

HIST 2312. The American Civil War and Reconstruction, 1850-1877. 3 Credits.

Examination of the political crises of the 1850s to determine how and why the issue of slavery led to the American Civil War; the war's important battles, including how generals and common soldiers shaped outcomes; Reconstruction and the aftermath of the war, including how it shapes politics and race relations to the present day.

HIST 2313. History of the American West. 3 Credits.

A history of the Trans-Mississippi West from first settlement by American Indians to the present. Topics include the pre-contact West, the coming of the Spanish, American settlement, the Indian Wars, women in the West, labor and racial conflict, and the West in the twentieth century.

HIST 2320. U.S. Media and Cultural History. 3 Credits.

History and analysis of 20th-century U.S. media and culture, including the rise of consumer culture, film, and television. Racial, gendered, and national identities in the context of modernism, mass culture, and globalization. Same as AMST 2320.

HIST 2321. U.S. History, 1890-1945. 3 Credits.

A survey of modern U.S. history from the late nineteenth century to the end of WWII. Emphasis on politics, public policy, and culture. Basic readings include biography, autobiography, and contemporary novels.

HIST 2322. U.S. History since 1945. 3 Credits.

Political, social, diplomatic, and intellectual developments, with particular emphasis on the Cold War, "silent" '50s, and disrupted '60s.

HIST 2340. US Diplomatic History. 3 Credits.

American foreign relations in the 20th century.

HIST 2340W. US Diplomatic History. 3 Credits.

American foreign relations in the 20th century.

HIST 2350. U.S. Religion and Politics. 3 Credits.

How religion and politics have influenced each other in the United States and how Americans have understood those influences. Religious violence; conflicts between faith and science; religious factors in racial and gender politics; and the separation of church and state. Same as AMST 2350.

HIST 2380. Sexuality in US Cultural Hist. 3 Credits.

Examination of the changing social organization and meaning of sexual practices and desires in American culture, with particular attention to the relationship between sexuality and gendered racial and class identities and politics. Same as AMST 2380/ WSTU 2380.

HIST 2410. 20th-Century U.S. Immigration. 3 Credits.

Survey of immigration policy and immigrants' lives. How immigrants have changed the United States and how the United States has changed immigrants. Same as AMST 2410.

HIST 2440. The American City. 3 Credits.

An interdisciplinary introduction to the ethnic, cultural, political, and architectural landscape of the American city. Urban theory, race and ethnicity, urban history, planning and architecture, city politics, and cultural representations of the city. Same as AMST 2440.

HIST 2490. Themes in U.S. Cultural History. 3 Credits.

Topical examination of the ideas, values, and modes of expression that have made American life distinctive, as revealed through a cross-cultural or global perspective. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Same as AMST 2490.

HIST 2490W. Themes in U.S. Cultural History. 3 Credits.

Topical examination of the ideas, values, and modes of expression that have made American life distinctive, as revealed through a cross-cultural or global perspective. Topic announced in the Schedule of Classes. May be repeated for credit provided the topic differs. (Same as AMST 2490W, AMST 2490W).

HIST 2505. Majors' Introductory Seminar: Africa. 0-3 Credits.**HIST 2605. Majors' Introductory Seminar: Asia. 0-3 Credits.****HIST 2605W. Majors' Introductory Seminar: Asia. 0-3 Credits.****HIST 2705. Majors² Introductory Seminar: Latin America. 0-3 Credits.****HIST 2705W. Majors' Introductory Seminar: Latin America. 0-3 Credits.****HIST 2710. The United States in Global Context, 1898-Present. 0-3 Credits.**

How the 20th- and 21st-century U.S. has been engaged globally, both politically and culturally, with attention to global culture, transnational ideas and social movements, foreign policy, and economic transformations. Same as AMST 2710.

HIST 2730. World War II in History and Memory. 0-3 Credits.

Examination of Americans' histories and memories of World War II. Same as AMST 2730.

HIST 2730W. World War II History & Memory. 0-3 Credits.

Examination of Americans' histories and memories of World War II. Same as AMST 2730.

HIST 2803. The Ancient Near East and Egypt to 322 B.C.. 3 Credits.

Survey of Egyptian, Mesopotamian, Anatolian, West Semitic, and Iranian civilizations from the Neolithic period to Alexander's conquest. Same as Clas 2803.

HIST 2804. History of Ancient Israel. 3 Credits.

The history of ancient Israel from the Patriarchs through the Romans. Topics include historical, archeological, political, social, cultural, religious, diplomatic, military, economic, and intellectual events, movements, and relationships. Same as CLAS 2804.

HIST 2805. Majors' Introductory Seminar: Middle East. 0-3 Credits.**HIST 2805W. Majors' Introductory Seminar: Middle East. 3 Credits.****HIST 3001. Special Topics. 0-4 Credits.**

May be repeated for credit provided the topic differs.

HIST 3001W. Special Topics. 0-4 Credits.

May be repeated for credit provided the topic differs.

HIST 3030. Military History to 1860. 3 Credits.

The causes, conduct, and consequences of conflict in the ancient, medieval, renaissance, and early modern world. Examination of the Anglo-Dutch and Anglo-French wars leading to the Seven Years' War, American Revolution (including a "virtual staff ride" of the Saratoga Campaign), French Revolution, and Napoleonic Wars.

HIST 3031. Military History since 1860. 3 Credits.

Causes, conduct, and consequences of conflict from the American Civil War through the Austro- and Franco-Prussian Wars, Spanish-American War, Sino- and Russo-Japanese Wars, World Wars I and II (including a "virtual staff ride" of the Normandy Campaign), Korea, Vietnam, and modern "small wars".

HIST 3033. War and the Military in American Society from the Revolution to the Gulf War. 3 Credits.

Social and psychological dimensions of war and military service.

HIST 3035. The United States and the Wars in Indochina, 1945-1975. 3 Credits.

The American role in the Indochina Wars, emphasizing the period 1961-1975, and from the perspectives of the Vietnamese, French, and Americans in Vietnam. Related intellectual and political developments in the United States; Cold War relationships with China and the Soviet Union.

HIST 3038. Naval History to 1815. 3 Credits.

Causes, conduct, and consequences of war at sea from the Age of Reconnaissance and Conquest through the War of 1812 (including a "virtual staff ride" of the Battle of Trafalgar). Consideration of issues including technology, the impact of the environment, and theories of warfare associated with each period.

HIST 3039. Naval History since 1815. 3 Credits.

Causes, conduct, and consequences of war at sea in the Civil War, counterinsurgency operations of so-called small wars, World Wars I and II, and the post-Cold War period. The transition from sail to steam, asymmetric warfare, and the role of sea power in modern geopolitics. Students participate in a virtual staff ride of the Battle of Leyte Gulf.

HIST 3044W. The Price of Freedom: Normandy 1944. 4 Credits.

The causes, conduct, and consequences of warfare, considered through examination of the campaign in Normandy that began with the allied landings on D-Day. Assignments include researching and writing a biography of a member of the military who died in the campaign and presenting a eulogy at the soldier's graveside during a "staff ride" exploration of the battlefield conducted over spring break. The biography paper is to be submitted to and retained in the archives of the American Cemetery in Normandy. Restricted to Students must be approved by the Study Abroad Office and interviewed by the instructor.

HIST 3045. International History of the Cold War. 3 Credits.

Key events and themes of the Cold War, drawing on new evidence from U.S., Soviet, Chinese, German, East European, Vietnamese, Cuban, and other sources. Related historiographical controversies from multiple national perspectives. Why the Cold War began, why it lasted for 45 years, and why it ended.

HIST 3046. The Cold War in the Third World. 3 Credits.

The evolution of the Cold War in Asia, Africa, and Latin America. Decolonization and the response of the Great Powers, the political economy of the Third World, and American and Soviet interventions.

HIST 3047. Writing Cold War History. 3 Credits.

Seminar. Students prepare a research paper on selected topics in the history of the Cold War.

HIST 3047W. Writing Cold War History. 3 Credits.

Seminar. Students prepare a research paper on selected topics in the history of the Cold War.

HIST 3060. Modern Jewish History. 3 Credits.

Survey of Jewish history from the 17th century to the present, focusing on Europe, America, and the Middle East. The myriad political, economic, and intellectual challenges of modernity to Jewish life and how Jews responded to these challenges through various religious and secular movements and with new concepts of identity and community.

HIST 3061. The Holocaust. 3 Credits.

The origins, causes, and significance of the Nazi attempt to destroy European Jewry, within the context of European and Jewish history. Related themes include the behavior of perpetrators, victims, and bystanders; literary responses; contemporary implications of the Holocaust for religion and politics.

HIST 3095. Internship. 1-3 Credits.

Study of history through internships in museums, libraries, Congress, or other appropriate institutions and agencies. Prerequisite: approval of a departmental faculty member.

HIST 3097. Independent Study. 1-3 Credits.

Permission of instructor required.

HIST 3101. Topics: Europe. 0-3 Credits.

HIST 3101W. Topics: Europe. 3 Credits.

HIST 3103. European Intellectual History I. 3 Credits.

The "Century of Genius" and the Enlightenment; God, nature, man, and society, from Descartes to the French Revolution.

HIST 3104. European Intellectual History II. 3 Credits.

Continuation of HIST 3103. Responses to the French Revolution and the Enlightenment; historicism, evolution; nihilism, psychoanalysis; communism; fascism; existentialism, structuralism, postmodernism, and neo-orthodoxy.

HIST 3104W. European Intellectual History II. 3 Credits.

Continuation of HIST 3103. Responses to the French Revolution and the Enlightenment; historicism, evolution; nihilism, psychoanalysis; communism; fascism; existentialism, structuralism, postmodernism, and neo-orthodoxy.

HIST 3111. Topics in Ancient History. 3 Credits.

May be repeated for credit provided the topic differs. Same as CLAS 3111.

HIST 3118. The Middle Ages: 500-1500. 3 Credits.

The evolution of European society from the end of the Roman Empire to the Renaissance. The nature of political power, role of religion, place of gender, cultural production, and changing social structures.

HIST 3126. European Integration: A History. 3 Credits.

An examination of the origins and development of the European Union.

HIST 3130. History of England I. 3 Credits.

Development of English civilization and its impact on Western culture. To 1689.

HIST 3132. Tudor England. 3 Credits.

Aspects of the constitutional, social, intellectual, economic, and religious development of England, 1485-1603.

HIST 3132W. Tudor England. 3 Credits.

Aspects of the constitutional, social, intellectual, economic, and religious development of England, 1485-1603.

HIST 3134. Stuart England. 3 Credits.

The civil wars, Restoration, and Glorious Revolution. Political, religious, socioeconomic, and intellectual developments in England, 1603-1714.

HIST 3135. Victorian Britain. 3 Credits.

Major themes in 19th-century British history: industrialism, democratization, urbanization, imperial expansion, class and gender schisms.

HIST 3137. The British Empire. 3 Credits.

The British Empire from its rise in the 17th century to its demise in the 20th century.

HIST 3139. Twentieth Century Britain. 3 Credits.

Major themes of 20th-century British history: industrial decline, imperialism and decolonization, the making of a welfare state, the cataclysm of global war, integration with Europe.

HIST 3139W. 20th-Century Britain. 3 Credits.

Major themes of 20th-century British history: industrial decline, imperialism and decolonization, the making of a welfare state, the cataclysm of global war, integration with Europe.

HIST 3140. History of France I. 3 Credits.

Old Regime: monarchy and social classes; the Church; the Enlightenment; the 1789 revolution; Napoleon.

HIST 3140W. History of France to 1814. 3 Credits.

Old Regime: monarchy and social classes; the Church; the Enlightenment; the 1789 revolution; Napoleon.

HIST 3145. The French Revolution. 3 Credits.

Social, political, economic, and cultural history of the decade of revolution, 1789-1799. Attention to its structural consequences in France and in Europe at large.

HIST 3145W. The French Revolution. 3 Credits.

Social, political, economic, and cultural history of the decade of revolution, 1789-1799. Attention to its structural consequences in France and in Europe at large.

HIST 3148. El Camino de Santiago. 3 Credits.

Walking the Camino de Santiago is a cultural phenomenon that has lasted over a thousand years. An important part of Spain's cultural and political history, the Camino has affected the structures that form Spain's political and institutional systems, society, economy, and ideology as well as artistic forms of expression. Students may earn their Pilgrim's passport by walking the last 100 kilometers of the Camino after the formal classes have ended. Offered at GW Madrid Study Center.

HIST 3150. Spain and Its Empire, 1492-1700. 3 Credits.

Major transformations of the period: from cultural pluralism to ethnic homogeneity, from medieval fragmentation to imperial expansion in Europe and America; from religious reform to Catholic Reformation, from global dominance to decline.

HIST 3168. Divided and United Germany Since 1945. 3 Credits.

Why was Germany divided after World War II? Why did it stay divided for 45 years? How was it reunited in 1990? This course examines developments in East and West Germany, relations between the two Germanys during the Cold War, their foreign policies, and how other countries treated them.

HIST 3173. The Habsburgs in East Central Europe. 3 Credits.

History of the Habsburg monarchy in its East Central European context. Reformation and Counter-Reformation; conflict with the Ottoman Empire; great-power competition in Europe; response to the Enlightenment and the French Revolution; the rise of nationalism; and final dissolution in World War I.

HIST 3173W. The Habsburgs in East Central Europe. 3 Credits.

History of the Habsburg monarchy in its East Central European context. Reformation and Counter-Reformation; conflict with the Ottoman Empire; great-power competition in Europe; response to the Enlightenment and the French Revolution; the rise of nationalism; and final dissolution in World War I.

HIST 3178. The Making of the Modern Balkans. 3 Credits.

States of the Balkan peninsula—Slovenia, Croatia, Serbia and Montenegro, Bosnia, Albania, Macedonia, Greece, Bulgaria, and Romania—including developments since the decline of the Ottoman Empire and the emergence of Balkan nationalist movements, and continuing through the collapse of the Soviet bloc.

HIST 3180. Russia to 1801. 3 Credits.

Survey of Russian history from the rise of the Kievan confederation in the ninth century to the establishment of Imperial Russia as a European great power. Attention will be given to the political, socioeconomic, and cultural history of the East Slavs, especially the Russians.

HIST 3181. Russia Since 1801. 3 Credits.

Survey of Russian and Soviet history from the reign of Alexander I to the Stalin era. Attention will be given to the contending forces of revolution, reform, and conservatism; diplomatic relations; economic development; and social change.

HIST 3301. Topics: U.S. History. 0-3 Credits.**HIST 3301W. Topics: U.S. History. 3 Credits.****HIST 3302. America before 1764. 3 Credits.**

An examination of prehistory, colonization, and the shifting dynamics among European Americans, African Americans, and Native Americans before 1764.

HIST 3303. Revolutionary America. 3 Credits.

The American revolutionary era from the movement for independence through the establishment of the new federal government under the Constitution. Emphasis on changes to the inhabitants of North America, including Native Americans, African Americans, and European Americans, as well as to the broader Atlantic world.

HIST 3304. George Washington and His World. 3 Credits.

George Washington's life as soldier, politician, entrepreneur, slave holder, and national icon. Emphasis on the interpretation of original sources, including historical documents and the material culture of Washington's Mount Vernon estate, with tours and lectures by curators and historians. Departmental permission is required for registration.

HIST 3311. The Jacksonian Era and the Rise of Mass Politics. 3 Credits.

Focus on 1824-1950 as a crucial era in American history. Popular impact of social and political changes caused by the growth of the market economy; emergence of two national political parties; and new reforms focused increasingly on slavery as the country's greatest problem.

HIST 3311W. The Jacksonian Era and the Rise of Mass Politics. 3 Credits.

Study of 1824 - 1850 as an era in American history marked by widespread change. Impact of social and political reforms caused by the growth of the market economy; emergence of two national political parties; and new reforms increasingly focused on slavery as America's greatest problem.

HIST 3322. The Modern American Presidency. 3 Credits.

Development of the modern American presidency from Theodore Roosevelt to Barack Obama. Examination of the lives of the presidents, revealing the intersection of personal and impersonal forces in the creation of modern politics and modern America.

HIST 3324. US Urban History. 3 Credits.

History of American urban life and culture from the colonial era to the present, focusing on transitions from pre-industrial to industrial and post-industrial forms. The social and spatial configuration of U.S. cities, and the urban politics of race, class, and gender. Same as AMST 3324.

HIST 3332. History of American Foreign Policy Since World War II. 3 Credits.

Emphasis on American and Soviet strategy and foreign policy in the era of the Cold War. World War II to the Vietnam .

HIST 3333. History of American Foreign Policy Since World War II. 3 Credits.

Continuation of HIST 3332. Emphasis on American and Soviet strategy and foreign policy in the era of the Cold War. Vietnam to the "New World Order."

HIST 3334. The Nuclear Arms Race. 3 Credits.

Political, military, diplomatic, scientific, and cultural consequences of the advent of nuclear weapons. The development and uses of the atomic bomb during World War II and the course and legacy of the U.S.-Soviet nuclear arms race during the Cold War.

HIST 3351. U.S. Social History. 3 Credits.

Survey of American society and social change from the Civil War to the present. Gender, sexuality, race, ethnicity, and class perspectives. (Same as AMST 3351).

HIST 3352. Women in the United States to 1865. 3 Credits.

Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. (Same as AMST 3352, WSTU 3352).

HIST 3352W. Women in the United States I. 3 Credits.

Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. Same as AMST 3352/ WSTU 3352.

HIST 3353. Women in the United States II. 3 Credits.

Continuation of HIST 3352. Survey of women's experience in U.S. history, the way gender has organized relations of power, and the impact of race, region, class, and ethnicity on women and on gender roles. (Same as AMST 3353, WSTU 3353).

HIST 3356. Epidemics in American History. 3 Credits.

Epidemics in American history.

HIST 3360. African American History to 1865. 3 Credits.

Major themes and concepts emerging from the early history of the African presence in the Americas and black experiences in the new nation of the United States. Focus on the emergence and evolution of the concept of race, the ways race evolved in concert with Atlantic slavery, and how race intersected with gender, economics, religion, and nationality. (Same as AMST 3360).

HIST 3361. African American History Since 1865. 3 Credits.

African American efforts to realize full freedom after emancipation from slavery. Gender politics, cultural expression, labor organizing, and radicalisms; dynamics of racism within major eras of African American activity from Reconstruction through the Great Migration; and the history of civil rights, Black Power, and black feminism. (Same as AMST 3361).

HIST 3362. African American Women's History. 3 Credits.

Addresses the history of African American women's labor, cultural expression, institution-building, activism and strategies to combat oppression from the antebellum period through the late 20th century. Investigates the intersection of race, gender, and class as it has shaped U.S. society, racism, the black freedom movement and African American women's experiences. (Same as AMST 3362, WSTU 3362).

HIST 3362W. African American Women's History. 3 Credits.

Addresses the history of African American women's labor, cultural expression, institution-building, activism and strategies to combat oppression from the antebellum period through the late 20th century. Investigates the intersection of race, gender, and class as it has shaped U.S. society, racism, the black freedom movement and African American women's experiences. (Same as WSTU 3362W, AMST 3362W).

HIST 3363. Race, Medicine & Public Health. 3 Credits.

Issues of race, medicine, and public health.

HIST 3366. Immigration, Ethnicity, and the American Experience. 3 Credits.

Immigrant life in America from 1607 to the present. Focus on the urban immigrant experience from 1840 to 1924, the ironic persistence of nativism in a "nation of immigrants," the origins of modern immigration law, and the similarities between today's immigrants and those from the past. Students write research papers on an immigrant found in their family tree.

HIST 3366W. Immigration, Ethnicity, and the American Experience. 3 Credits.

Immigrant life in America from 1607 to the present, focusing on the urban immigrant experience from 1840 to 1924, the ironic persistence of nativism in a "nation of immigrants," the origins of modern immigration law, and the similarities between today's immigrants and those from the past. Students write research papers on an immigrant found in their family tree.

HIST 3367. The American Jewish Experience. 3 Credits.

The study of the Jewish minority in America from colonial times to the present. Emphasis on the interaction between a powerful majority culture and that of protean minority people.

HIST 3370. US Constitutional History. 3 Credits.

Examination of the text and interpretation of the document that is the foundation of the American government, with special attention to the changing character of race and gender as constitutional classes.

HIST 3501. Topics: Africa. 0-3 Credits.

A survey of African history from 1880 to the present.

HIST 3510. African History to 1880. 3 Credits.

Survey of the history of the African continent with emphasis on the history of sub-Saharan Africa.

HIST 3520. Africans in the Making of the Atlantic World. 3 Credits.

The role of Africa and Africans in the Atlantic world with emphasis on links between Africa, Europe, and the Americas.

HIST 3530. Women in Africa. 3 Credits.

African women from prehistory to the present, focusing on culture, the role of gender, and outside influences and their impact on women's history. Same as WSTU 3530.

HIST 3530W. Women in Africa. 3 Credits.

African women from prehistory to the present, focusing on culture, the role of gender, and outside influences and their impact on women's history. Same as WSTU 3530.

HIST 3540. West Africa to Independence. 3 Credits.

A thematic survey of West African history, focusing on the diversity of African culture, West African kingdoms and empires, Islam, the trans-Saharan trade, African contact with Europe, slavery and the slave trade, and the colonization of Africa.

HIST 3601. Topics: Asian History. 0-3 Credits.**HIST 3610. China to 1800. 3 Credits.**

Survey of Chinese civilization from its ancient beginnings to the last imperial dynasty.

HIST 3611. History of Modern China. 3 Credits.

China since 1840, with particular attention to political developments.

HIST 3614. Writing Modern Chinese History. 3 Credits.

Seminar. Students prepare a research paper on selected topics in the history of modern China.

HIST 3614W. Writing Modern Chinese History. 3 Credits.

Seminar. Students prepare a research paper on selected topics in the history of modern China.

HIST 3615. History of Chinese Communism. 3 Credits.

Survey of the leadership, ideology, structure, and foreign and domestic policies of the Chinese Communist Party from its inception to the present.

HIST 3621. History of Modern Japan. 3 Credits.

Japan's dramatic transformation from an isolated island country to Asia's only modern colonial empire, from unprecedented defeat to postwar "economic miracle." Emphasis on historical, political, economic, and cultural trends.

HIST 3630. History of Korea. 3 Credits.

An introduction to the history and culture of Korea from antiquity to the present.

HIST 3631. History of Modern Korea. 3 Credits.

Modern Korean history from 1876 to contemporary society. Emphasis on colonialism, nationalism, the division of peninsula, the Cold War, and globalization.

HIST 3640. History of Southeast Asia. 3 Credits.

An examination of Vietnam and its neighbors from the pre-colonial period to the present.

HIST 3650. Modern South Asia, 1750-Present. 3 Credits.

The South Asian subcontinent, including Afghanistan, Pakistan, India, and Bangladesh, since the mid-18th century. The period of British rule, from the late 18th to the mid-20th century. The different trajectories of the independent nation-states of South Asia following decolonization.

HIST 3701. Topics in Latin American History. 0-3 Credits.**HIST 3710. History of Latin America I. 3 Credits.**

Analysis of Spanish and Portuguese imperialism in the New World, 1492-1820.

HIST 3711. History of Latin America II. 3 Credits.

Continuation of HIST 3710. A problems approach to Latin America, 1820 to the present; thematic emphasis on neocolonialism, corporatism, liberalism, caudillismo, modernization, populism, and revolution.

HIST 3801. Topics in Middle Eastern History. 0-3 Credits.**HIST 3810. History of the Middle East to 1800. 3 Credits.**

Byzantine, Arab, Persian, and Islamic backgrounds; rise and decline of the Ottoman Empire; action of European powers in the area; Ottoman breakup into the Turkish Republic and other states.

HIST 3811. The Middle East in the 20th Century. 0-3 Credits.

The state system established after World War I. Effects of colonialism, the rise of nationalism, the Cold War, and the oil industry. The modes of identification that accompanied these processes, including pan-Arabism and Islamism.

HIST 3811W. Middle East in 20th Century. 0-3 Credits.

The state system established after World War I. Effects of colonialism, the rise of nationalism, the Cold War, and the oil industry. The modes of identification that accompanied these processes, including pan-Arabism and Islamism.

HIST 3820. The History of Israel. 3 Credits.

Survey of the history of Israel from the origins of Zionism to the present. Topics include Zionism as an ideology and movement in the pre-state period; the relationship between state and religion; the impact of 1948 and 1967; immigration, colonization, and Israeli society; the Arab-Israeli conflict; and Israel's national identity as a Jewish and democratic state.

HIST 3820W. The History of Israel. 3 Credits.

Survey of the history of Israel from the origins of Zionism to the present. Topics include Zionism as an ideology and movement in the pre-state period; the relationship between state and religion; the impact of 1948 and 1967; immigration, colonization, and Israeli society; the Arab-Israeli conflict; and Israel's national identity as a Jewish and democratic state.

HIST 3830. History of Iraq. 3 Credits.

Modern Iraq's Ottoman background; its incorporation into a world market dominated by Europe, British influence and preconceptions in the creation of Iraq, and the emergence and survival of the Ba'ath dictatorship. Reforms in economic, political, and educational spheres.

HIST 3840. History of Central Asia. 3 Credits.

Introduction to the political, cultural, religious, and social history of the region, including Afghanistan, Kazakhstan, Tajikistan, Turkmenistan, and Uzbekistan.

HIST 3850. Modern Iran. 3 Credits.

Political, diplomatic, religious, and other developments in Iran from about 1800 to 1989.

HIST 4098. Thesis Seminar. 3 Credits.

For history majors only. Preparation of a research paper using primary sources.

HIST 4098W. Thesis Seminar. 3 Credits.

History majors identify an original research topic in an area of their interest and complete a major research paper based largely on primary sources.

HIST 4099. Senior Honors Thesis Tutorial. 3 Credits.

Required of and open only to undergraduate honors candidates in history. Restricted to Instructor approval required. Prerequisites: HIST 4098W.

HIST 4099W. Senior Honors Thesis Tutorial. 3 Credits.

Required of and open only to undergraduate honors candidates in history. Restricted to Open only to undergraduate honors candidates in history. Prerequisites: HIST 4098 or HIST 4098W.

HIST 4135. Folger Seminar. 3 Credits.

The history of books and early modern culture. Use of the archive at the Folger Shakespeare Library. Students must obtain departmental approval in the preceding semester. Same as ENGL 4135/ FREN 4135.

HIST 6001. Special Topics. 3-9 Credits.

Open to doctoral and master's candidates and qualified undergraduates. May be repeated for credit provided the topic differs.

HIST 6005. History and Historians. 3 Credits.

Historiography and historical method for graduate students. Readings and discussions on major trends in history; selections from classics of historical literature.

HIST 6006. Teaching History. 3 Credits.

Pedagogic techniques and strategies particular to the discipline. Admission by permission of instructor.

HIST 6011. Reading and Research in History and Public Policy. 3 Credits.

The use of historical insights and methods in policymaking, with emphasis on domestic issues.

HIST 6012. Internship in History and Public Policy. 3,6 Credits.

Supervised participation in an office or agency concerned with the formulation of public policy; terms of the internship are arranged with the director of the history and public policy program. Enrollment restricted to students in the history and public policy program.

HIST 6030. History and Its Uses in International Affairs. 3 Credits.

The multiple interconnections among history, politics, and international affairs, including how policymakers use or misuse "lessons" of history and how countries attempt to deal with difficult aspects of their past. Specific cases may vary.

HIST 6031. History of International Economic Systems. 3 Credits.

Development of arrangements and institutions designed to manage the international economy since the 19th century, with a focus on the period since World War II.

HIST 6032. Rdg/Rsch Sem:Strategy & Policy. 3 Credits.

A study of the historical development of strategy and the relationship of military thought to national policy.

HIST 6040. Topics in Modern Military and Naval History. 3 Credits.

Discussion, readings, and research in 20th-century European and American military and naval history.

HIST 6041. The Age of the Battleship: An Introduction to Modern Naval History. 3 Credits.

The rich and varied literature of naval history, with emphasis on interactions among technology, nationalism, and domestic political/social developments in the late 19th and early 20th century. The social history of navies is included.

HIST 6042. Seminar: World War II. 3 Credits.

Examination of statecraft and the management of force before, during, and after World War II. Special attention to broad aspects of military policy and strategy and their interaction with international politics and diplomacy.

HIST 6050. Modernization, Imperialism, Globalization. 3 Credits.

Readings seminar in classic and recent theories of modernization, imperialism, and globalization.

HIST 6051. Re-thinking Cold War History. 3 Credits.

A reading and research course that relies heavily on documents from formerly closed communist archives and recently declassified Western materials. Various issues and events of the Cold War; old and new historiographical controversies. Students write a primary-source research paper to elucidate one of the many aspects of the Cold War about which new evidence is available.

HIST 6097. Independent Readings/Research. 3 Credits.

Written permission of instructor required. May be repeated for credit with permission.

HIST 6101. Topics: Europe. 3 Credits.

HIST 6105. Sem:European Intellectual Hist. 3 Credits.

Topics in 18th- and 19th-century European thought, with an emphasis on France. Specific topic announced in the Schedule of Classes.

HIST 6120. Sem:Early Modern European Hist. 3 Credits.

Topics selected from Western European history of the 14th through 17th centuries.

HIST 6121. Rdg/Rsch Sem:Mod European Hist. 3 Credits.

HIST 6122. Rdg/Rsrch Sem:20th C History. 3 Credits.

Research or readings on selected topics.

HIST 6128. Europe and the World, 1500-Present. 3 Credits.

An introduction to some of the key debates and scholarship concerning European imperialism.

HIST 6130. Early Modern Britain. 3 Credits.

Analysis of some current issues in early modern historiography; contextualization of recent works in the field; consideration of different methodologies and the types of evidence on which they rely or that they illuminate.

HIST 6133. English People and Institutions. 3 Credits.

Selected topics in the political, social, intellectual, and economic history of England. Focus upon one time period and special area of interest. May be taken for research credit with instructor's approval.

HIST 6135. British Imperialism. 3 Credits.

Research seminar. Major debates and schools of thought on the history of British imperialism.

HIST 6138. Folger Institute Seminars I. 3 Credits.

Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Consult the chair of the department before registration.

HIST 6139. Folger Institute Seminars II. 3 Credits.

Continuation of HIST 6138. Topics announced in the Schedule of Classes. May be repeated for credit provided the topic differs. Consult the chair of the department before registration.

HIST 6170. Eastern European History I. 3 Credits.

1772-1918.

HIST 6171. Eastern European History II. 3 Credits.

Continuation of HIST 6170. 1919-1945.

HIST 6180. History of Modern Russia and the Soviet Union. 3 Credits.

Selected topics in the domestic history of modern Russia and Soviet Union. May be taken as a readings seminar or, with instructor's approval, as a research seminar.

HIST 6181. Research Seminar: Russian and Soviet Empires. 3 Credits.

HIST 6185. Sem: Russian & Soviet Thought. 3 Credits.

Selected topics in the intellectual and cultural history of 18th- to 20th-century Russia and Soviet Union. May be taken as a readings seminar or, with instructor's approval, as a research seminar. Admission by permission of instructor.

HIST 6188. The Soviet Union and the World, 1917-1991. 3 Credits.

Concepts and perceptions guiding Soviet relations with the outside world. From the blockade and intervention, through years of isolation, World War II, the Cold War, to "peaceful coexistence."

HIST 6301. Topics: U.S. History. 3 Credits.

HIST 6302. Colonial North America. 3 Credits.

The complex and turbulent world of colonial North America from the late 16th to the late 18th century. Inter-cultural negotiations, Atlantic world connections, imperial conflict, gender construction, and race consciousness.

HIST 6303. Revolutionary America. 3 Credits.

The political and social conditions of the revolutionary era: the spiral of events that led to the American independence movement, the various meanings of the war to its participants, and the consequences of victory for the nation, its various subgroups, and other peoples of the colonial Atlantic world.

HIST 6304. American Indian History to 1890. 3 Credits.

North American Indian history from indigenous societies on the eve of first contact with Europeans until the conclusion of the Great Plains Wars of the late 19th century.

HIST 6310. Readings in 19th-Century American History. 3 Credits.

Important trends in historical writing about 19th-century America.

HIST 6311. The Era of the Civil War, 1850-1877. 3 Credits.

Consideration of how and why the issue of slavery led to the American Civil War. Conflict on the battlefield and the political and social impact of the war in both the North and the South. Examination of the Reconstruction period as a means of understanding how the conflict and its aftermath continue to shape American politics and race relations to the present.

HIST 6312. The Law of Race and Slavery. 3 Credits.

The role of legal norms and processes in developing patterns of slavery and race relations in the United States and other societies. Admission by permission of instructor. Same as SOC 6286 and LAW 6596.

HIST 6320. Readings/Research Seminar: Recent U.S. History. 3 Credits.

Prerequisite: 6 credit hours of upper-level undergraduate American history courses. Research or readings, depending on students' interests and curricular needs.

HIST 6321. Readings/Research Seminar: Recent U.S. History. 3 Credits.

Continuation of HIST 6320. Prerequisite: 6 credit hours of upper-level undergraduate American history courses. Research or readings, depending on students' interests and curricular needs.

HIST 6322. American Business History. 3 Credits.

The history of American business institutions in manufacturing, distribution, transportation, and finance. Particular attention will be given to the period since industrialization, with consideration of business institutions in their economic, legal, governmental, and social contexts. Same as SMPP 6293.

HIST 6330. Modern U.S. Foreign Policy. 3 Credits.

Readings, lectures, discussion on major developments in the conduct of American diplomacy from 1898 to 9/11.

HIST 6350. American Social Thought Since World War II. 3 Credits.

Consideration of C. Wright Mills, Daniel Bell, Abraham Maslow, Christopher Lasch, Paul Goodman, Martin Luther King, Jr., Barbara Ehrenreich, and other major social critics.

HIST 6360. Immigration and Ethnicity in the United States. 3 Credits.

Trends and theoretical issues in the study of American immigration and ethnicity.

HIST 6370. US Legal History. 3 Credits.

The legal history of the United States from the 17th century to the present. The course examines legal change within the broader context of political, social, and economic change. Admission by permission of instructor. Same as LAW 6591.

HIST 6410. Readings in American Cultural History. 3 Credits.

Studies in the cultural history of the United States, focusing on major historiographic debates and interventions. Examples of possible topics include cultural contact, the public sphere, and systems of religious and political belief. Same as AmSt 6410.

HIST 6420. Religion & American Culture. 3 Credits.

Interdisciplinary analysis of religious beliefs, practices, and representations in the United States, as well as intersections of the religious and the secular. Relationships of religion to race, gender, capitalism, science, mass media, and material culture. Same as AMST 6420.

HIST 6430. Gender, Sexuality, and American Culture. 3 Credits.

The changing social organization, cultural representation, and meaning of gender and sexuality in the United States, with emphasis on their relationship to race, class, region, nationality, empire, and globalization. Pre-Columbian settlement to 1876. Same as AMST 6430/ WSTU 6430.

HIST 6431. Gender, Sexuality, and American Culture. 3 Credits.

Continuation of HIST 6430. The changing social organization, cultural representation, and meaning of gender and sexuality in the United States, with emphasis on their relationship to race, class, region, nationality, empire, and globalization. 1877 to present. Same as AMST 6431/WSTU 6431.

HIST 6435. Readings on Women in American History. 3 Credits.

Important works in American women's history; evolution of the field in historiographical context. Same as AMST 6435/WSTU 6435.

HIST 6450. Race in America. 3 Credits.

Interdisciplinary analysis of the history of race and its changing political, social, and cultural meanings in the United States. Transnational racial formations, struggles for and against civil rights, multiracialism, and interracialism. Same as AMST 6450.

HIST 6455. American Social Movements. 3 Credits.

The history of social movements in the United States, with emphasis on civil rights, feminism, conservatism, and labor in local, national, and transnational contexts; the historical rise and fall of these movements and their larger impact on American life. Same as AMST 6455.

HIST 6470. Cityscapes. 3 Credits.

Interdisciplinary examination of the American city, including urban theory, history, planning, architecture, urban politics, and cultural representations of the city. Same as AMST 6470.

HIST 6475. US Urban History. 3 Credits.

History of American urban life and culture from the Colonial era to the present, focusing on the transitions from pre-industrial to industrial and post-industrial forms, the social and spatial configuration of U.S. cities, and the urban politics of race, class, and gender. Same as AMST 6475.

HIST 6480. Theory and Practice of Public History. 3 Credits.

Theoretical and practical dimensions of public history, as illustrated by recent controversies surrounding public exhibitions and debates on revisionist history as well as more traditional means of presenting the past in public forums. Same as AMST 6480.

HIST 6495. Historic Preservation: Principles and Methods. 3 Credits.

The scope and purpose of the preservation movement in the United States, with focus on developments since the 1960s. Preservation theories, attitudes toward the past and toward design, the intent and impact of legislation, approaches to documentation, the concept of significance, and preservation as an instrument of change. Same as AMST 6495.

HIST 6496. Historic Preservation: Principles and Methods. 3 Credits.

Continuation of HIST 6495. The scope and purpose of the preservation movement in the United States, with focus on developments since the 1960s. Preservation theories, attitudes toward the past and toward design, the intent and impact of legislation, approaches to documentation, the concept of significance, and preservation as an instrument of change. Same as AMST 6496.

HIST 6501. Topics: Africa. 3 Credits.

HIST 6502. Western Representations of Africa. 3 Credits.

Representations of Africa by non-Africans from the earliest contact to more recent encounters.

HIST 6601. Topics: Asian History. 3 Credits.

HIST 6602. Asia: History, Memory, and Violence. 3 Credits.

Violence has been a defining experience for many of the populations and polities of Asia over the past century and a half. Focusing on the themes of violence and historical memory, the course takes a comparative approach, looking at how these issues have played out in different arenas throughout East, Southeast, and South Asia.

HIST 6610. Readings Seminar: Late Imperial China. 3 Credits.

Selected topics in the history of modern China in the late imperial period, with a particular focus on the internal and external challenges to the last Chinese dynasty in the 19th century.

HIST 6611. Readings Seminar: 20th-Century China. 3 Credits.

Selected topics in the history of modern China from the 1911 Revolution to the Cultural Revolution.

HIST 6621. Readings Seminar: Modern Japanese History. 3 Credits.

Selected topics in modern Japanese history from the Meiji Restoration of 1868 to the present. Research or readings depending on students' interests. Emphasis on how interpretations of the past are shaped by the present.

HIST 6625. Japan's Empire and Its Legacies. 3 Credits.

History of modern Japan's overseas expansion and empire building. Focus on issues including colonial modernity, resistance and collaboration, and postwar legacies such as politics of memory and prospects of reconciliation.

HIST 6630. Spec Topics in Korean History. 3 Credits.

Intensive exploration of the history of Korea in modern times (1850–present). Korean identity and the challenges of foreign imperialism, industrialization, modernization, and globalization.

HIST 6641. Modern Southeast Asia. 3 Credits.

The modern history of Southeast Asia from the 1800s to 1975. Colonialism, rise of postcolonial states, revolutions and persistence of the past.

HIST 6701. Topics in Latin American History. 3 Credits.

HIST 6801. Topics in Middle Eastern History. 3 Credits.

HIST 6811. Rsearch Sem:Modern Middle East. 3 Credits.

Readings, discussion, and research in selected political, economic, social, cultural, and intellectual trends.

HIST 6821. Islam and Social Movements. 3 Credits.

An examination of the relationship of religion and religious symbols to social and political movements in the Islamic world.

HIST 6822. Nationalism in the Middle East. 3 Credits.

Different interpretations of nationalism and their applicability to nationalism in the Middle East.

HIST 6823. Imperialism in the Middle East. 3 Credits.

An exploration of the process of European and American expansion in the Middle East.

HIST 6824. Rdg/RsrchSem: Modern Iran. 3 Credits.

HIST 6998. Thesis Research. 3 Credits.

HIST 6999. Thesis Research. 3 Credits.

HIST 8998. Advanced Reading & Research. 1-12 Credits.

Limited to students preparing for the Doctor of Philosophy general examination. May be repeated for credit.

HIST 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN HISTORY

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses in related areas:

Two semesters of a single foreign language or placement into the third semester of a foreign language by examination.

Three introductory courses from the following (credit in lieu of these courses may be obtained by scoring 4 or 5 on the Advanced Placement Examination; waiver for these courses may be obtained by scoring 650 or above on the SAT World or American History test. Neither waiver nor credit is awarded by CLEP subject examination):

HIST 1011 World History, 1500-Present

HIST 1110 European Civilization in Its World Context

HIST 1120 European Civilization in Its World Context

HIST 1121 The War of Ideas in European and International History, 1750-Present

HIST 1310 Introduction to American History

HIST 1311 Introduction to American History

One Majors' Introductory Seminar from the following:

HIST 2005 Majors' Introductory Seminar

or HIST 2005W Majors' Introductory Seminar

HIST 2105 Majors' Introductory Seminar: Europe

or HIST 2105W Majors' Introductory Seminar: Europe

HIST 2305 Majors' Introductory Seminar: United States

or HIST 2305W Majors' Introductory Seminar: United States

HIST 2505 Majors' Introductory Seminar: Africa

HIST 2605 Majors' Introductory Seminar: Asia

or HIST 2605W Majors' Introductory Seminar: Asia

HIST 2705 Majors² Introductory Seminar: Latin America

or HIST 2705W Majors' Introductory Seminar: Latin America

HIST 2805 Majors' Introductory Seminar: Middle East

or HIST 2805W Majors' Introductory Seminar: Middle East

Thesis:

HIST 4098 Thesis Seminar

or HIST 4099 Senior Honors Thesis Tutorial

Eight courses must be chosen from groups A, B, and C below, with the following distribution: at least two courses from each group, with the other two courses chosen from any of the three groups or from any courses in the HIST 3000s

Of all the courses taken for the major, one must focus on the period before 1750; such courses include the following:

HIST 2112 History of Ancient Greece

HIST 2113 The Roman World to 337 A.D.

HIST 2803 The Ancient Near East and Egypt to 322 B.C.

HIST 2804 History of Ancient Israel

HIST 3030 Military History to 1860

HIST 3038 Naval History to 1815

HIST 3103 European Intellectual History I

HIST 3111 Topics in Ancient History

HIST 3118 The Middle Ages: 500-1500

HIST 3130 History of England I

HIST 3132 Tudor England

HIST 3134 Stuart England

HIST 3140 History of France I

HIST 3150 Spain and Its Empire, 1492-1700

HIST 3180 Russia to 1801

HIST 3302 America before 1764

HIST 3510 African History to 1880

HIST 3520 Africans in the Making of the Atlantic World

HIST 3610 China to 1800

HIST 3710 History of Latin America I

HIST 3810 History of the Middle East to 1800

HIST 4135 Folger Seminar

Certain offerings of Majors' Introductory Seminar and Special Topics courses offered by the History Department may also fulfill the period requirement. Each section of the following fulfills one category of the requirements for the major.

HIST 3001 Special Topics

HIST 3101 Topics: Europe

HIST 3301 Topics: U.S. History

HIST 3501 Topics: Africa

HIST 3601 Topics: Asian History

HIST 3701 Topics in Latin American History

HIST 3801 Topics in Middle Eastern History

Group A: Europe

HIST 2112 History of Ancient Greece

HIST 2113 The Roman World to 337 A.D.

HIST 2124	19th-Century Europe

HIST 3650	Modern South Asia, 1750-Present
HIST 3701	Topics in Latin American History
HIST 3710	History of Latin America I
HIST 3711	History of Latin America II
HIST 3801	Topics in Middle Eastern History
HIST 3810	History of the Middle East to 1800
HIST 3811	The Middle East in the 20th Century
or HIST 3811W	Middle East in 20th Century
HIST 3820	The History of Israel
or HIST 3820W	The History of Israel
HIST 3830	History of Iraq
HIST 3840	History of Central Asia
HIST 3850	Modern Iran

Note: Only one Majors' Introductory Seminar can be counted toward the major; the course is usually taken in the sophomore year. Specific topics of both Majors' Introductory Seminars and Special Topics courses are announced in the Schedule of Classes (<http://my.gwu.edu/mod/pws>).

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;

- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 513)
- Global or Cross-Cultural (p.)
- Humanities (p. 515)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 519)
- Natural or physical laboratory sciences (p. 519)
- Oral Communication (p. 520)
- Social Sciences (p. 521)
- Writing (p. 521)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have an overall GPA of 3.3 and a GPA of 3.5 in the major at the time of graduation; and complete HIST 4099 Senior Honors Thesis Tutorial with a grade of A or A-.

MINOR IN HISTORY

REQUIREMENTS

Undergraduate students who select a minor in history must declare their intention to a departmental advisor no later than the beginning of their senior year.

Requirements for the minor:

One of the following:

HIST 1011 World History, 1500-Present

HIST 1110 European Civilization in Its World Context

HIST 1120 European Civilization in Its World Context

HIST 1121 The War of Ideas in European and International History, 1750-Present

HIST 1310 Introduction to American History

HIST 1311 Introduction to American History

At least five upper-division history courses numbered 2000 and higher

MASTER OF ARTS IN THE FIELD OF HISTORY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The program consists of a minimum of 36 credits of upper-division undergraduate and graduate-level courses, including at least six graduate-level courses. Students choosing the

thesis option take HIST 6998 Thesis Research and HIST 6999 Thesis Research as part of the 36 credits but in addition to the required six graduate-level courses. Students choosing the nonthesis option must write two research papers in the course of completing their program. See the Undergraduate Programs Bulletin for a listing of upper-level undergraduate courses offered by the department. A maximum of 6 credits may be in approved courses outside the History Department. To receive graduate credit for undergraduate courses, master's candidates must arrange for extra work with the instructors. Each student completes a major field in which at least 9 credits of course work must be taken. Major fields are listed below, under the Doctor of Philosophy in the field of history. Students in all history Master of Arts programs must maintain a GPA of at least 3.3 both to remain in good standing and to earn the degree.

Concentration in historic preservation

This 36-credit degree program combines courses in United States history and historic preservation. It includes at least 18 credits of U.S. social history, U.S. urban history, man-made America, and the seminar sequence in historic preservation.

Concentration in imperial and colonial studies

This 36-credit degree program emphasizes the comparative study of empires. HIST 6128 Europe and the World, 1500-Present and HIST 6050 Modernization, Imperialism, Globalization are required, along with a 15-credit major regional field and a minor regional field of 6 to 9 credits. Up to 9 credits may be chosen in related disciplines within the University.

Concentration in public policy

This 36-credit degree program emphasizes the study of history as it relates to the analysis and conduct of public policy. HIST 6011 Rdg/Rsch:History/Public Policy and an internship done in conjunction with HIST 6012 Internship in History and Public Policy are required. One-third of the course work is taken outside the History Department in a discipline relevant to the student's policy interests.

Concentration in U.S. legal history

This 36-credit degree program combines a major field in U.S. history with a focus in U.S. legal history. Students may take up to 9 credits of legal history offered by the Law School.

DOCTOR OF PHILOSOPHY IN THE FIELD OF AMERICAN RELIGIOUS HISTORY

REQUIREMENTS

This program is offered in cooperation with the Department of Religion.

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62), and the specific requirements of the Doctor of Philosophy in the field of history (p. 523).

The General Examination must include one of the major American fields listed below and one from the Department of Religion (typically history of religion in America).

Candidates in American history must select two major fields from early America (to 1815), 19th-century America (1815-1900), and 20th-century America (1900-). The minor field will normally be topical (e.g., U.S. social, U.S. diplomatic, historic preservation).

All candidates may choose to be examined in one minor field other than history if it is relevant to the program of study.

DOCTOR OF PHILOSOPHY IN THE FIELD OF HISTORY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62), including the satisfactory completion of the General Examination.

The requirements for the Doctor of Philosophy Program (p. 70).

All students must take HIST 6005 History and Historians. Some students must pass language exams appropriate to their field and dissertation topic. Students must maintain a GPA of at least 3.5 to remain in the program.

Candidates in American history must select two major fields from early America (to 1815), 19th-century America (1815-1900), and 20th-century America (1900-). The minor field will normally be topical (e.g., U.S. social, U.S. diplomatic, historic preservation).

Candidates in imperial and colonial history take HIST 6128 Europe and the World, 1500-Present and HIST 6050 Modernization, Imperialism, Globalization and select two major and one minor field. Fields can include, but are not limited to, such combinations as Europe and the Americas (1500-1900), Europe and Asia, Europe and the Middle East, Europe and Africa, the U.S. and Asia, and China and Japan.

Candidates in Asian history select two major fields from modern China, modern Japan, modern Korea, and modern Southeast Asia. The minor field is chosen in consultation with the advisor.

Candidates concentrating in areas other than those outlined above must select one major and two minor fields. Major fields are early modern Europe, modern Europe, Latin America, modern Middle East, modern Eastern Europe, modern Russia, and military history. The minor fields may be either topical (e.g., European intellectual) or chronological (e.g., Tudor and Stuart England, colonial Latin America).

All candidates may choose to be examined in one minor field other than history if it is relevant to the program of study.

HUMAN PALEOBIOLOGY

Columbian College of Arts and Sciences offers an interdisciplinary program leading to the Doctor of Philosophy in the field of Hominid Paleobiology. The program features training in molecular and developmental biology, evolutionary anatomy, hominid paleontology, and archaeology. It emphasizes problem-based learning and training and internships. Participating faculty are drawn from the Departments of Anthropology, Speech and Hearing Science, Biological Sciences, and Anatomy and Regenerative Biology at GW; the Departments of Anthropology and Paleobiology at the National Museum of Natural History, Smithsonian Institution; the Department of Physiology and Biophysics at Howard University; and the National Institutes of Health.

GRADUATE

Master's program

- Master of Science in the field of human paleobiology (p. 524)

Doctoral program

- Doctor of Philosophy in the field of human paleobiology (p. 524)

FACULTY

Committee on Hominid Paleobiology B. Wood (*Chair*), K. Behrensmeyer, D. Braun, A. Brooks, S. McFarlin, C. Murray, D. Piperno, R. Potts, B. Richmond, C. Sherwood, F. Subiaul, M. Zeder

MASTER OF SCIENCE IN THE FIELD OF HUMAN PALEOBIOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

36 credits

36 credits, including:

HOMP 6202 Lab Techniques: Paleoanthro

ANTH 6413 Analytical Methods in Human Evolutionary Studies

Three of the following:

HOMP 6201 Hominid Paleobiology

ANTH 3411 Primatology

ANTH 6491 Topics in Biological Anthropology

ANTH 6801 Paleolithic Archaeology

6 credits of thesis:

HOMP 6998 Thesis Research

HOMP 6999 Thesis Research

Two additional laboratory or field research courses in different disciplines

Electives selected in consultation with the faculty from a list of relevant courses in Anatomy, Anthropology, Biological Sciences, Geography, Geological Sciences, Human Paleobiology, Psychology, and Speech and Hearing Science, or relevant courses from the Consortium of Universities of the Washington Metropolitan Area

DOCTOR OF PHILOSOPHY IN THE FIELD OF HUMAN PALEOBIOLOGY

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy program (p. 70).

Recommended preparatory courses include the following:

Advanced undergraduate courses in biology, including courses in evolution and any two of the following: genetics, developmental biology/embryology, anatomy, physiology, ethology, ecology, and paleontology. GW courses that correspond to these subjects are:

BISC 2207 Genetics

BISC 2208 Genetics Laboratory

BISC 2214 Developmental Biology

BISC 2322 Human Physiology

BISC 2323 Human Physiology Laboratory

BISC 2332 Comparative Vertebrate Anatomy

BISC 2450 Organic Evolution

BISC 2451 History of Life

BISC 2452 Animal Behavior

BISC 2454 General Ecology

Advanced undergraduate courses in anthropology, including courses in any two of the following: osteology, human biology, paleoanthropology, primatology, and Paleolithic archaeology corresponding to:

ANTH 3832 Paleoanthropological Field Program

ANTH 3401 Human Functional Anatomy

ANTH 3402 Human Evolutionary Anatomy

ANTH 3403 Forensic Anthropology Laboratory

ANTH 3404 Human Variation

ANTH 3412 Hominin Evolution

ANTH 3411 Primatology

ANTH 3491 Topics in Biological Anthropology

ANTH 3801 African Roots from Australopithecus to Zimbabwe

ANTH 3802 Human Cultural Beginnings

One course in statistics corresponding to:

STAT 1127 Statistics for the Biological Sciences

One course in mathematics, including precalculus, corresponding to:

MATH 1220 Calculus with Precalculus I

MATH 1221 Calculus with Precalculus II

Advanced undergraduate courses in one or more of the following subjects is desirable: chemistry, biochemistry, physics, geoscience, and calculus

The program includes a minimum of 48 credits, plus a dissertation (equivalent to 24 credits). Required courses are:

HOMP 6201 Hominid Paleobiology

HOMP 8301 Problem-Based Learning Seminar

HOMP 8302 Public Understand Of Scie Intrn

HOMP 8303 Paleobiology Lab Rotation

ANTH 6801 Paleolithic Archaeology

One course in each of the following subject areas:

Genetics

Geoscience or vertebrate paleontology

Animal behavior or ecology

Research methods

Statistical methods

The remainder of credits are to be distributed among various interdisciplinary courses, including but not limited to the following:

ANTH 3402 Human Evolutionary Anatomy

ANTH 6401 Human Functional Anatomy

ANTH 6405 Human Growth and Development

ANTH 6413 Analytical Methods in Human Evolutionary Studies

ANTH 6404 The Evolution of Primate Life Histories

ANTH 6412 Paleoanthropology

ANAT 6210 Gross Anatomy

ANAT 6212 Neurobiology

BISC 2214 Developmental Biology

BISC 2332 Comparative Vertebrate Anatomy

BISC 6210 Methods of Study of Evolution

BISC 6216 Morphological Systematics

BISC 6228 Population Genetics

BISC 6230 Human Genetics

BISC 6249 Seminar: Developmental Biology

GEOL 3126 Sedimentology and Stratigraphy

GEOL 3140 Geochemistry

For detailed requirements, consult the chair of the program committee.

INTERIOR ARCHITECTURE AND DESIGN

The Interior Architecture and Design Program believes in fostering an environment that encourages creativity and pushes the boundaries of design with an emphasis on conceptual thinking and the design process. The studio-based curriculum, the core of the program, is where students learn to design three-dimensional space through the use of dynamic concepts, cutting-edge materials, and innovative methods and techniques.

UNDERGRADUATE

Bachelor's program

- Bachelor of Fine Arts with a major in interior architecture and design (p. 528)

GRADUATE

Master's program

- Master of Fine Arts in the field of interior architecture and design (p. 538)

FACULTY

Associate Professor S. Travis (Director)

Assistant Professors E. Speck, N. Evans, C. Anderson, N. Volchansky

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students

- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: Enrollment in interior architecture and design courses requires candidacy in the degree program or permission of the program director. A course fee is charged for all IAD courses.

IAD 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to First-year students in CCAS.

IAD 2200. Studio 1. 6 Credits.

Introduction to the design process through consideration of the theory and application of design principles and elements to specific studies of the built environment. Restricted to Major: 1206 - Interior Architecture and Design, Level: 01-Undergraduate. (Same as IAD 6200).

IAD 2210. Sketching Architecture and Interiors. 3 Credits.

Free-hand sketching developed and applied as a tool in all phases of the creative design process. Restricted to Major: 1206- Interior Architecture and Design, Level: 01-Undergraduate. Recommended background: FA 1021.

IAD 2987. Internship. 0 Credits.

Candidates for the B.F.A. in Interior Architecture and Design degree enroll in this course in order to complete the program's 120-hour internship requirement. The internship must be pre-approved by the departmental graduate advisor and must be completed while the student remains enrolled in the degree program. Restricted to Department advisor approval needed.

IAD 3300. Studio 2. 6 Credits.

All phases of design, beginning with development of a concept through producing a complete presentation. How a project evolves from program requirements to a creative and functional interior. Prerequisites: IAD 2200. Restricted to Major: 1206 - Interior Architecture and Design, Level: 01-Undergraduate.

IAD 3304. Interior Materials. 3 Credits.

All phases of textile production, including standards, testing, and specifications. Properties, regulations, and installation of interior finish materials. Restricted to Major: 1206 - Interior Architecture and Design, Level: 01- Undergraduate. Prerequisites: IAD 2200. (Same as IAD 6304).

IAD 3304W. Interior Materials. 3 Credits.

All phases of textile production, including standards, testing, and specifications. Properties, regulations, and installation of interior finish materials. Restricted to Major: 1206- Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: IAD 2200. (Same as IAD 6304).

IAD 3305. Graphic Communications. 3 Credits.

Development of multimedia techniques in rendering. Advanced three-dimensional drawing using rapid visualization techniques, sketching, and constructed drawings. Prerequisites: IAD 2200. Restricted to Major: Interior Architecture and Design, Level: 01- Undergraduate.

IAD 3310. Digital Drafting & Modeling. 3 Credits.

Introduction to CAD technology, two-dimensional drawings, plotting and enhancement of presentations. Use of CAD for the production of construction drawings. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate.

IAD 3400. Studio 3. 6 Credits.

Multifaceted and complex problems in commercial design, including codes and regulations pertaining to commercial interiors; development of collaborative learning. Prerequisites: Studio 2 IAD 3300. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate.

IAD 3405. History of Modern Architecture and Design. 3 Credits.

Overview of 20th and 21st century architecture, interiors, and furniture of significant and unique houses and smaller commercial buildings. Students may not earn credit for both IAD 3405 and IAD 1000 if similar material is covered. Restricted to Major: Interior Architecture and Design, Level: 01-undergraduate. Prerequisites: IAD 3300. (Same as IAD 6405).

IAD 3410. Sustainability and LEED for Architecture and Design. 3 Credits.

Consideration of the process by which structures and spaces can be awarded LEED (Leadership in Energy and Environmental Design) certification and the examination that enables individuals to become LEED-accredited professionals. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: Studio 2 IAD 3300.

IAD 4500. Studio 4. 6 Credits.

Continuation and refinement of the design process to further advance conceptual thinking for development of larger-scaled and more complex design problems. Prerequisites: Studio 3 IAD 3400. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate.

IAD 4505. Lighting & Acoustics. 3 Credits.

Terminology, concepts, and principles of lighting design. Light and energy, incandescent and gaseous discharge lamps, luminaries, task requirements, measurement and calculations, human factors, and design applications. Acoustic principles as they relate to building design. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: IAD 3400.

IAD 4510. Pre-Design for Studio 5. 3 Credits.

Application of advanced topics in design theory; research methodology applied to development of the senior project. Restricted to Major: Interior Architecture and Design, Level- 01: Undergraduate. Prerequisites: IAD 3400.

IAD 4600. Studio 5. 3 Credits.

Culmination of skills and knowledge accumulated through the program as demonstrated by development of an interior design project covering all aspects from conception through presentation. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: IAD 4500.

IAD 4605. Professional Practice. 3 Credits.

A service-learning course that combines classroom instruction with practical learning. Students work with interior designers, architects, or industry-related professionals to provide a creative and realistic solution to the challenges of a pro-bono design project within the local community. Course concepts cover issues related to the practice of a professional interior designer, including business procedures, legal implications, ethics, trade relations, and designer-client-contractor relations. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: IAD 4500.

IAD 4605W. Professional Practice. 3 Credits.

Students work with professional interior designers or architects or industry-related professionals, participating in a project-based setting. Roles and responsibilities of the professional interior designer: business procedures, legal implications, ethics, trade relations, designer-client-contractor relations. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: Studio 4 IAD 4500.

IAD 4610. Structures & Building Systems. 3 Credits.

Organization and preparation of construction documents; methods and materials; and application of codes. Building systems (mechanical, electrical, plumbing) as related to function and design of interior spaces. Restricted to Major: Interior Architecture and Design, Level: 01-Undergraduate. Prerequisites: Studio IAD 4500.

IAD 6200. Studio I. 6 Credits.

Introduction to the theory and application of design principles and elements in the built environment while establishing a thorough understanding of the design process. Restricted to Graduate level Interior Architecture and Design majors.

IAD 6204. Graphic Communications. 3 Credits.

Development of multimedia and digital techniques to express design concepts and intent. Restricted to Major: 1206- Interior Architecture and Design, Level: 02 - Graduate.

IAD 6210. Sketching Architecture and Interiors. 3 Credits.

Free-hand sketching developed and applied as a tool in all phases of the creative design process. Restricted to Major: 1206- Interior Architecture and Design, Level: 02- Graduate. Prerequisites: None. Recommended background: Drawing 1.

IAD 6300. Studio 2. 6 Credits.

Applying design fundamentals from Studio 1 to small-scale interior architectural spaces. Prerequisites: IAD 6200. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02- Graduate.

IAD 6304. Interior Materials. 3 Credits.

Introduction to building materials with an emphasis on detailing and construction. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02- Graduate. Prerequisites: IAD 6200.

IAD 6310. Digital Drafting & Modeling. 3 Credits.

Introduction to CAD technology, two-dimensional drawings, plotting and enhancement of presentations. Use of CAD for the production of construction drawings. Prerequisites: IAD 6200. Restricted to Major: 1206-Interior Architecture and Design, Level: 02- Graduate.

IAD 6400. Studio 3. 6 Credits.

Continued exploration of the design process as applied to medium scale projects. Prerequisites: IAD 6300. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02- Graduate.

IAD 6405. History of Modern Architecture and Design. 3 Credits.

Overview of 20th and 21st Century architecture, interiors, and furniture. Prerequisites: IAD 6300. Restricted to Major: 1206- Interior Architecture and Design, Level: 02- Graduate.

IAD 6410. Sustainability/LEED: Arch&Des. 3 Credits.

Application of sustainable design as well as introduction to the United States Green Building Council's LEED Rating System. Prerequisites: IAD 6300. Restricted to Major: 1206-Interior Architecture and Design, Level: 02-Graduate.

IAD 6500. Studio 4. 6 Credits.

Continuation and refinement of the design process to further advance conceptual Thinking for development of larger-scaled and more complex design problems. Prerequisites: IAD 6400. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02-Graduate.

IAD 6505. Lighting & Acoustics. 3 Credits.

Terminology, concepts, and principles of lighting design; acoustic principles as they relate to building design. Prerequisites: IAD 6400. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02-Graduate.

IAD 6510. Pre-Design for Studio 5. 3 Credits.

Investigation and research of several topics to inform capstone project in Studio 5. Prerequisites: IAD 6400. Restricted to Major: 1206-Interior Architecture and Design, Level: 02- Graduate.

IAD 6600. Studio 5. 6 Credits.

Culmination of skills and knowledge from the program in the development of a capstone project specific to each student. Prerequisites: IAD 6500. Restricted to Major: 1206- Interior Architecture and Design, Level: 02- Graduate.

IAD 6605. Professional Practice. 3 Credits.

Students work with professional interior designers, architects, or related professionals as they participate in a project-based setting. Roles and responsibilities of the professional interior designer: business procedures, legal implications, ethics, trade relations, designer-client-contractor relations. Students select a pro-bono design project within the local community and work together to provide a creative and realistic solution. The 150-hour internship must be completed and approved by the instructor by the end of the course. Prerequisites: IAD 6500. Restricted to Major: 1206 - Interior Architecture and Design, Level: 02-Graduate.

IAD 6610. Structures and Building Systems. 3 Credits.

Organization and preparation of construction documents; methods and materials; and application of codes. Mechanical, electrical, and plumbing building systems as related to function and design of interior spaces. Restricted to Major: 1206-Interior Architecture and Design, Level: 02-Graduate. Prerequisites: IAD 6500.

IAD 6987. Internship. 0 Credits.

Candidates for the M.F.A. in Interior Architecture and Design degree enroll in this course in order to complete the program's 120-hour internship requirement. The internship must be pre-approved by the departmental graduate advisor and must be completed while the student remains enrolled in the degree program. Restricted to limited to students in the M.F.A. in IAD program.

BACHELOR OF FINE ARTS WITH A MAJOR IN INTERIOR ARCHITECTURE AND DESIGN

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses (60 credits):

IAD 2200	Studio 1
IAD 2204	Graphic Communications
IAD 2210	Sketching Architecture and Interiors
IAD 2987	Internship
IAD 3300	Studio 2
IAD 3304	Interior Materials
or IAD 3304W	Interior Materials
IAD 3310	Digital Drafting & Modeling
IAD 3400	Studio 3

IAD 3405	History of Modern Architecture and Design
IAD 3410	Sustainability and LEED for Architecture and Design
IAD 4500	Studio 4
IAD 4505	Lighting & Acoustics
IAD 4510	Pre-Design for Studio 5
IAD 4600	Studio 5
IAD 4605	Professional Practice
or IAD 4605W	Professional Practice
IAD 4610	Structures & Building Systems
Two art history (AH) courses (6 credits)	
Two fine arts (FA) courses (6 credits)	

Please view departmental website (<http://iad.columbian.gwu.edu>) for a detailed plan of study.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or

interpretation of artistic traditions or knowledge of art in a contemporary context;

- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 529)
- Global or Cross-Cultural (p.)
- Humanities (p. 532)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 535)
- Natural or physical laboratory sciences (p. 535)
- Oral Communication (p. 536)
- Social Sciences (p. 537)
- Writing (p. 538)

MASTER OF FINE ARTS IN THE FIELD OF INTERIOR ARCHITECTURE AND DESIGN REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree in a field other than interior design, including a minimum of 30 credits of liberal arts and

sciences courses. A portfolio consisting of examples of relevant work must be submitted with the application to the program.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required

IAD 6200	Studio I
IAD 6204	Graphic Communications
IAD 6210	Sketching Architecture and Interiors
IAD 6300	Studio 2
IAD 6304	Interior Materials

IAD 6510	Pre-Design for Studio 5
IAD 6600	Studio 5

Please see departmental website (<http://iad.columbian.gwu.edu>) for a detailed plan of study.

JUDAIC STUDIES

The Columbian College of Arts and Sciences offers an interdisciplinary program in Judaic Studies leading to the degree of Bachelor of Arts. The purview of the program extends from the ancient Near East to modern-day America, and showcases and interprets the artistic expression, history, languages, literatures, philosophy, politics, and religion of the Jews over time and place.

At the undergraduate level, the Department of Judaic Studies offers the Bachelor of Arts with a major in Judaic Studies as well as a minor in the field. At the graduate level, student may opt for the Master of Arts in the field of Jewish cultural arts or Master of Arts in the field of experiential education and Jewish cultural arts.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in Judaic studies (p. 539)

Minor

- Minor in Judaic studies (p. 550)

GRADUATE

Master's programs

- Master of Arts in the field of Jewish cultural arts (p. 550)
- Master of Arts in Education and Human Development in the field of experiential education and Jewish cultural arts (p. 550) (a collaboration between the Graduate School of Education and Human Development and the Columbian College of Arts and Sciences)

FACULTY

Committee on Judaic Studies J. Weissman Joselit, T. Anbinder, S. Ben-Gad, N. Brown, E. Cline, J. Cohen, P. Duff, R. Eisen, E. Friedland, B. Hill, L. Jacobson, S. Marcus, F. Moskowitz, W. Reich, D. Schwartz (*Director*), S. Waisman, G. Wald

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

A full list of courses for the Judaic Studies Program may be found on the Judaic Studies website (<http://bulletin.gwu.edu/arts-sciences/judaic-studies/%20http://go.gwu.edu/JSTD>) **and under the designations of CLAS, ENGL, HEBR, HONR, HIST and REL.**

JSTD 2001. Judaic Studies: Pre-modern. 3 Credits.

JSTD 2002. Topics in Judaic Stud.: Modern. 3 Credits.

JSTD 4018. Senior Thesis. 1 Credit.

For Judaic studies majors. Students choose a topic in any major subfield of Judaic studies, select a faculty advisor who specializes in the subfield, conduct research, and produce an annotated bibliography and a proposal that previews the main arguments of the thesis.

JSTD 4019. Senior Thesis. 3 Credits.

Continuation of JSTD 4018. For Judaic studies majors. Completion of the thesis and oral presentation before Judaic studies students and faculty.

JSTD 6001. Topics in Judaic Studies. 3 Credits.

JSTD 6097. Independent Readings/Research. 1-3 Credits. Written permission of instructor required. May be repeated for credit with permission.

JSTD 6154. Internship. 1-6 Credits.

Elective internship in areas related to Jewish cultural study.

JSTD 6201. Jewish Life in Contemporary America. 3 Credits.

JSTD 6211. Displaying Jewish Culture: Landmark Exhibitions on Judaism and the Jewish Experience. 3 Credits.

JSTD 6298. Behind the Scenes: The Jewish Arts World in Contemporary Perspective. 3 Credits.

BACHELOR OF ARTS WITH A MAJOR IN JUDAIC STUDIES

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Foreign language requirement

Two semesters of study in a single foreign language (or the equivalent)

Required courses (9 credits):

REL 2201	Judaism
HIST 2050	History of Jewish Civilization: From the Bible to Modernity
JSTD 4019	Senior Thesis
One course (3 credits) from the following:	
ANTH 3805	Archaeology of Israel and Neighboring Lands
CLAS 2803	The Ancient Near East and Egypt to 322 B.C.
CLAS 2804	History of Ancient Israel
REL 1009	The Hebrew Scriptures
JSTD 2001	Topics in Judaic Studies: Pre-modern
REL 2211	Rabbinic Thought and Literature
REL 3141	Second Temple/Hellenistic Judaism
REL 3149W	Biblical Issues

REL 3211	Rabbinic Thought and Literature
REL 3923	Violence and Peace in Judaism, Christianity, and Islam
WSTU 3281	Women in Judaism

One course (3 credits) from the following:

ENGL 3970	Jewish American Literature
HEBR 3101	Modern Hebrew Literary Classics
HEBR 3301	Modern Hebrew Fiction
HEBR 3302	The Israeli Media
HIST 3060	Modern Jewish History
HIST 3367	The American Jewish Experience
HIST 3820	The History of Israel
JSTD 2002	Topics in Judaic Studies: Modern
PSC 2379	Politics and Foreign Policy of Israel
REL 3221	Issues in Jewish Ethics
REL 3291	Modern Jewish Thought
REL 3292	Seminar: Issues in Jewish Thought

Five additional courses (15 credits) from the two lists above:

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;

- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 540)
- Global or Cross-Cultural (p.)
- Humanities (p. 543)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 547)
- Natural or physical laboratory sciences (p. 547)
- Oral Communication (p. 548)
- Social Sciences (p. 549)
- Writing (p. 549)

MASTER OF ARTS IN EDUCATION AND HUMAN DEVELOPMENT IN THE FIELD OF EXPERIENTIAL EDUCATION AND JEWISH CULTURAL ARTS

The Graduate School of Education and Human Development, in concert with the Columbian College of Arts and Sciences, offers a two-year, interdisciplinary program in experiential education and Jewish cultural arts. The program is designed to prepare graduates for leadership in Jewish cultural programming in museums and historic sites, arts organizations and festivals, community centers and campus associations, cultural diplomacy and heritage tourism, as well as private and public educational institutions.

Students whose career interests are primarily in museum education should refer to the museum education page (p. 1112). Those whose career interests are primarily in museum studies should refer to the museum studies page (p. 607).

Specific degree requirements are shown on the Master of Arts in Education and Human Development in the Field of Experiential Education and Jewish Cultural Arts page (p. 1109).

Specific admission requirements are shown on the Graduate Program Finder.

Visit the (<https://gsehd.gwu.edu/experiential-education-and-jewish-cultural-arts-masters>) departmental website (<http://gsehd.gwu.edu/programs/experiential-education-jewish-cultural-arts>) for additional information.

MASTER OF ARTS IN THE FIELD OF JEWISH CULTURAL ARTS

To meet the needs of the American Jewish community's steadily growing interest in Jewish culture, the Columbian College of Arts and Sciences offers a unique Master of Arts program in Jewish Cultural Arts. As opportunities in the cultural sector continue to multiply, this two-year master's program prepares students for careers in the management of museums,

theaters, Young Men's Hebrew Associations, Jewish community centers, and foundations, as well as Jewish film, dance, literary, and music festivals. The M.A. is also designed to enhance the skills of professionals already in the field.

The 36-credit M.A. program combines the practical with the academic, providing students with the hands-on skills and intellectual capital to respond innovatively to new opportunities in the field of Jewish culture.

Visit the Judaic Studies webpage (<http://judaic.columbian.gwu.edu/master-arts-jewish-cultural-arts>) for more information about the program.

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree from an accredited college or university, with a background in Judaic studies strongly encouraged.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The program requires 36 credit hours, including:

JSTD 6201	Jewish Life in Contemporary America
JSTD 6211	Displaying Jewish Culture: Landmark Exhibitions on Judaism and the Jewish Experience
JSTD 6298	Behind the Scenes: The Jewish Arts World in Contemporary Perspective
MSTD 6102	NonProfit Fiscal Management
PPPA 6032	Managing Fund Raising and Philanthropy
MKTG 6255	Strategic Brand Management

And 18 credits of approved elective courses, including two internships, that may be drawn from such programs, departments, and schools as American Studies, Educational Leadership, English, History, Law, Media and Public Affairs, Museum Studies, and Theatre and Dance.

MATHEMATICS

The Department of Mathematics, part of the natural and mathematical sciences discipline in the Columbian College of Arts and Sciences, offers the Bachelor of Arts in Mathematics and Bachelor of Science in Mathematics degrees. The undergraduate mathematics major has three concentrations: pure, applied, and interdisciplinary. Each concentration is

designed to give students a solid background in the theory and practice of modern mathematics.

At the graduate level, the department offers the Master of Arts in Mathematics, Master of Science in Applied Mathematics, and Doctor of Philosophy in the field of mathematics. Course offerings are complemented by a generous selection of research seminars and by the department colloquium series. Faculty expertise covers a wide range of research specialties, allowing students to choose from a rich array of potential dissertation areas.

In addition, graduate certificates in mathematics and in financial mathematics are offered for those who seek to strengthen their mathematical backgrounds in order to better position themselves in their careers or to prepare themselves for graduate work in quantitative disciplines.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in mathematics (p. 556)
- Bachelor of Science with a major in mathematics (p. 567)

Minor

- Minor in mathematics (p. 578)

GRADUATE

Master's programs

- Master of Arts in the field of mathematics (p. 578)
- Master of Science in the field of applied mathematics (p. 578)

Doctoral program

- Doctor of Philosophy in the field of mathematics (p. 578)

CERTIFICATE

- Graduate certificate in financial mathematics (p. 579)
- Graduate certificate in mathematics (p. 579)

FACULTY

Professors F.E. Baginski, J. Bonin, M.M. Gupta (*Chair*), V. Harizanov, H.D. Junghenn, J. Przytycki, X. Ren, E.A. Robinson, Y. Rong, W. Schmitt, D.H. Ullman

Associate Professors L. Abrams, M.Alekseyev, M. Moses, S. Roudenko, H. Wu

Assistant Professors M. Gualdani, A. Shumakovitch

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses

- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master’s, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Note: MATH 1220 Calculus with Precalculus I and MATH 1221 Calculus with Precalculus II each cover one-half the material of MATH 1231 Single-Variable Calculus I. Because MATH 1221 Calculus with Precalculus II, MATH 1231 Single-Variable Calculus I, and MATH 1252 Calculus for the Social and Management Sciences are related in their subject matter, credit for only one of the three may be applied toward a degree. The placement exam, which is one option for placing into Math 1051, 1220, 1231, or 1252 is at: <http://math.columbian.gwu.edu/gw-mathematics-placement-test>

MATH 1000. Dean's Seminar. 3 Credits.

The Dean’s Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to First-year students in CCAS.

MATH 1007. Mathematics and Politics. 3 Credits.

A mathematical treatment of fair representation, voting systems, power, and conflict. The impossibility theorems of Balinsky and Young and of Arrow. The electoral college. The prisoner’s dilemma.

MATH 1008. History of Mathematics. 3 Credits.

The history of mathematics, with emphasis on its importance in the evolution of human thought. Students learn some useful mathematics from areas such as geometry, number theory, and probability and develop an appreciation of the mathematical endeavor.

MATH 1009. Mathematical Ideas I. 3 Credits.

Elementary mathematical models of growth and decay, scaling, chaos, and fractals.

MATH 1010. Mathematical Ideas II. 3 Credits.

Continuation of MATH 1009. Elementary graph theory, scheduling, probability theory.

MATH 1051. Finite Mathematics for the Social and Management Sciences. 3 Credits.

Systems of linear equations, matrix algebra, linear programming, probability theory, and mathematics of finance. Prerequisite: the placement examination or a score of 560 or above on the SAT II in mathematics.

MATH 1220. Calculus with Precalculus I. 3 Credits.

An introduction to single-variable calculus (differentiation and integration of algebraic and trigonometric functions with applications), with the concepts and techniques of precalculus developed as needed. Prerequisite: the placement examination or a score of 560 or above on the SAT II in mathematics.

MATH 1221. Calculus with Precalculus II. 3 Credits.

Continuation of MATH 1220. An introduction to single-variable calculus (differentiation and integration of algebraic and trigonometric functions with applications), with the concepts and techniques of precalculus developed as needed. Prerequisites: MATH 1220.

MATH 1231. Single-Variable Calculus I. 3 Credits.

Limits and continuity. Differentiation and integration of algebraic and trigonometric functions with applications. Prerequisite: the placement examination or a score of 720 or above on the SAT II in mathematics.

MATH 1232. Single-Variable Calculus II. 3 Credits.

The calculus of exponential and logarithmic functions. L’Hopital’s rule. Techniques of integration. Infinite series and Taylor series. Polar coordinates. Prerequisite: MATH 1221 or MATH 1231.

MATH 1252. Calculus for the Social and Management Sciences. 3 Credits.

Differential and integral calculus of functions of one variable; applications to business and economics. Prerequisite: the placement examination or a score of 560 or above on the SAT II in mathematics.

MATH 2020. Joint Math and Physics Seminar. 1 Credit.

MATH 2184. Linear Algebra I. 3 Credits.

Linear equations, matrices, inverses, and determinants. Vector spaces, rank, eigenvalues, and diagonalization. Applications to geometry and ordinary differential equations.

MATH 2185. Linear Algebra I for Math Majors. 3 Credits.

For current or prospective math majors. Introduction to theory and computations involving linear equations, matrices, inverses, determinants, vector spaces, rank, eigenvalues, diagonalization, inner products, norms, and orthogonality. Reading and writing proofs is required. Credit may not be earned for both Math 2184 and 2185. Prerequisites: MATH 1221 or MATH 1231 or permission of instructor; prerequisite or corequisite: MATH 2971.

MATH 2233. Multivariable Calculus. 3 Credits.

Partial derivatives and multiple integrals. Vector-valued functions. Topics in vector calculus, including line and surface integrals and the theorems of Gauss, Green, and Stokes. Prerequisite: MATH 1232.

MATH 2572. Introduction to Computing in Mathematics. 3 Credits.

An introduction to the use of computers in modern mathematics and a primer in basic programming skills covering Maple, Matlab, and LaTeX. Restricted to Open to majors and to others with permission of instructor or the departmental undergraduate advisor. Prerequisites: MATH 1221 or MATH 1231.

MATH 2971. Introduction to Mathematical Reasoning. 3 Credits.

An introduction to the fundamental abstract concepts of modern mathematics as well as various proof techniques demonstrated on numerous examples taken from within discrete and continuous mathematics. Prerequisite or concurrent registration: Math 1232. Open to majors and to others with permission of instructor or the departmental undergraduate advisor.

MATH 2971W. Introduction to Mathematical Reasoning. 3 Credits.

MATH 2991. Introductory Special Topics. 1-3 Credits.
Admission by permission of instructor. May be repeated for credit.

MATH 3120. Elementary Number Theory. 3 Credits.

Divisibility of integers, prime numbers, greatest common divisor, the Euclidean algorithm, congruence, the Chinese remainder theorem, number theoretic functions, Möbius inversion, Euler's phi function, and applications to cryptography and primality testing. Prerequisite: MATH 2971 or permission of instructor.

MATH 3125. Linear Algebra II. 3 Credits.

Advanced topics in linear algebra such as duality of vector spaces, normal and self-adjoint operators, the singular value decomposition theorem, the spectral theorem, bilinear and quadratic forms, the geometry of orthogonal operators, the Jordan canonical form, and minimal polynomials. Prerequisites: MATH 2971 and MATH 2184; or MATH 2185; or permission of instructor.

MATH 3257. Introduction to Complex Variables. 3 Credits.

Analytic functions and power series. Contour integration and the calculus of residues. Conformal mapping. Physical applications. Prerequisites: MATH 2233, MATH 2971, and MATH 2184 or 2185 or permission of instructor.

MATH 3342. Ordinary Differential Equations. 3 Credits.

A first course in ordinary differential equations with an emphasis on mathematical modeling: solution curves, direction fields, existence and uniqueness, approximate solutions, first and second order linear equations, linear systems and phase portraits. Prerequisites: MATH 2233 and MATH 2184 or MATH 2185 or permission of the instructor.

MATH 3343. Partial Differential Equations. 3 Credits.

A first course in partial differential equations: Fourier series and separation of variables, vibrations of a string, Sturm-Liouville problems, series solutions, Bessel's equation, linear partial differential equations, wave and heat equations, separation of variables. Prerequisites: MATH 3342 or permission of instructor.

MATH 3359. Introduction to Mathematical Modeling. 3 Credits.

An introduction to the fundamental modeling ideas of dimensional analysis, scaling, and elementary approximations of curves and functions. Applications to development of models from science and engineering. Prerequisite: MATH 2572 and MATH 3342.

MATH 3410. Mathematics of Finance. 3 Credits.

A mathematical development and analysis of realistic models for financial option pricing. Mathematical underpinnings and financial concepts will be developed in parallel. Prerequisites: MATH 2233 and MATH 2971 or permission of instructor.

MATH 3411. Stochastic Calculus Methods in Finance. 3 Credits.

Review of probability theory. Brownian motion; Ito integrals; Ito's formula; martingales; stochastic differential equations; boundary value problems; the Dirichlet problem; the Black-Scholes equation; optimal stopping; and American options. Prerequisites: MATH 2184 or MATH 2185, MATH 2971, MATH 3410, or permission of instructor.

MATH 3553. Introduction to Numerical Analysis. 3 Credits.

Accuracy and precision. Linear systems and matrices. Direct and iterative methods for solution of linear equations. Sparse matrices. Solution of nonlinear equations. Interpolation and approximate representation of functions, splines. Prerequisites: MATH 2185 or MATH 2233 and MATH 2184 or MATH 2572 or permission of instructor.

MATH 3613. Introduction to Combinatorics. 3 Credits.

Introduction to combinatorial enumeration. Basic counting techniques, inclusion-exclusion principle, recurrence relations, generating functions, pigeonhole principle, bijective correspondences. Prerequisite: MATH 2971 or permission of instructor.

MATH 3632. Introduction to Graph Theory. 3 Credits.

Fundamental concepts, techniques, and results of graph theory. Topics include trees, connectivity, traversability, matchings, coverings, colorability, planarity, networks, and Polya enumeration. Prerequisite: MATH 2971 or permission of instructor.

MATH 3710. Introduction to Mathematical Logic. 3 Credits.

Symbolic logic as a precise formalization of deductive thought. Logical correctness of reasoning. Formal languages, interpretations, and truth. Propositional logic and first-order quantifier logic suited to deductions encountered in mathematics. Goedel's completeness theorem; compactness. Prerequisite: MATH 2971 or permission of instructor.

MATH 3720. Axiomatic Set Theory. 3 Credits.

Cantor's theory of sets. Russell's paradox. Axiomatization of set theory as a framework for a contradiction-free mathematics. The Zermelo-Fraenkel axioms and the axiom of choice. Finite, countable, and uncountable sets; ordinal and cardinal arithmetic. The continuum hypothesis. Prerequisite: MATH 2971 or permission of instructor.

MATH 3730. Computability Theory. 3 Credits.

The unlimited register machine as a model of an idealized computer. Computable and partial computable functions; Church-Turing thesis. Kleene's recursion theorem. Algorithmic enumerability. Unsolvability of the halting problem and other theoretical limitations on what computers can do. Discussion of Goedel's incompleteness theorem. Prerequisite: MATH 2971 or permission of instructor.

MATH 3740. Computational Complexity. 3 Credits.

Automata and languages. Deterministic and nondeterministic Turing machines. Space and time complexity measures and classes. The P versus NP problem. The traveling salesman problem and other NP-complete problems. Intractability. Circuit complexity. Introduction to probabilistic and quantum algorithms. Prerequisite: MATH 2971 or permission of instructor.

MATH 3806. Introduction to Topology. 3 Credits.

Metric spaces: completeness, compactness, continuity. Topological spaces: continuity, bases, subbases, separation axioms, compactness, local compactness, connectedness, product and quotient spaces. Prerequisite: MATH 2971 or permission of instructor.

MATH 3848. Differential Geometry. 3 Credits.

Curves in space, regular surfaces, tensors, fundamental forms of a surface, Gauss-Bonnet theory, minimal surfaces. The geometry of the Gauss map. Prerequisites: MATH 2184 or MATH 2185, MATH 2233, MATH 2971, or permission of instructor.

MATH 4121. Introduction to Abstract Algebra I. 3 Credits.

Study of groups and associated concepts, including Lagrange's theorem, Cayley's theorem, the fundamental theorem of homomorphisms, and applications to counting. Prerequisites: MATH 2971 and MATH 2184 or MATH 2185 or permission of instructor.

MATH 4122. Introduction to Abstract Algebra II. 3 Credits.

Study of rings, through maximal and prime ideals, and the study of fields, through Galois theory. Prerequisite: MATH 4121 or permission of instructor.

MATH 4239. Real Analysis I. 3 Credits.

A rigorous study of differentiation, integration, and convergence. Topics include sequences and series, continuity and differentiability of real-valued functions of a real variable, the Riemann integral, sequences of functions, and power series. Prerequisites: MATH 1232 and MATH 2971 or permission of instructor.

MATH 4239W. Real Analysis I. 3 Credits.

A rigorous study of differentiation, integration, and convergence. Topics include sequences and series, continuity and differentiability of real-valued functions of a real variable, the Riemann integral, sequences of functions, and power series. Prerequisite: MATH 1232 and MATH 2971 or permission of instructor. With permission of the advisor, qualified undergraduates may substitute MATH 6201 for this course.

MATH 4240. Real Analysis II. 3 Credits.

Continuation of MATH 4239. Topics include: topology of \mathbb{R}^n , derivatives of functions of several variables, inverse and implicit function theorems, multiple integrals, generalized Stokes's theorem. Prerequisites: MATH 2233, MATH 2184 or MATH 2185, and MATH 4239; or permission of instructor.

MATH 4981. Seminar: Topics in Mathematics. 3 Credits.

Past topics have included computational mathematics, fractals, network flows and combinatorial optimization, information theory and coding theory, dynamical systems, queuing theory, wavelets and Fourier analysis, complex networks, classical and quantum complexity. Prerequisites: MATH 2233 and either MATH 2184 or 2185, or permission of instructor.

MATH 4991. Special Topics. 1-12 Credits.

Admission by permission of instructor. May be repeated for credit.

MATH 4995. Reading and Research. 1-6 Credits.

Under the personal direction of an instructor. Limited to majors with demonstrated capability. Prior approval of instructor required. May be repeated for credit.

MATH 6101. Algebra I. 3 Credits.

Group theory including symmetric groups, free abelian groups, finitely generated abelian groups, group actions, Sylow theorems, solvable groups. Ring theory including factorization in commutative rings, rings of polynomials, chain conditions.

MATH 6102. Algebra II. 3 Credits.

Continuation of MATH 6101. Theory of modules, including modules over a principal ideal domain and tensor product of modules. Theory of fields, including finite fields and Galois theory.

MATH 6120. Topics in Algebra. 3 Credits.

Topics chosen from Lie groups and Lie algebras, non-associative algebras, abelian groups, classical groups, algebraic number theory, representation theory, algebraic geometry, and ring theory. Prerequisite: MATH 6101- MATH 6102. May be repeated for credit with permission.

MATH 6201. Real Analysis I. 3 Credits.

A rigorous study of the real number system, metric spaces, topological spaces, product topology, convergence, continuity and differentiation. Topics include Dedekind's cuts, Tychonoff's theorem, sequences and series, Abel's theorem, continuity and differentiability of real-valued functions of a real variable. Credit may not be earned for both MATH 6201 and MATH 4239.

MATH 6202. Real Analysis II. 3 Credits.

Continuation of MATH 6201. Topics include Riemann-Stieltjes integrals, equicontinuity, Arzela-Ascoli theorem, Stone-Weierstrass theorem, derivatives of functions of several variables, contraction mapping theorem, inverse and implicit function theorems, differential forms, exterior differentiation, Stoke's theorem, differentiable manifolds. Credit may not be earned for both MATH 6202 and MATH 4240.

MATH 6214. Measure and Integration Theory. 3 Credits.

Lebesgue measure and integration in abstract spaces. Probability measures. Absolute continuity, the Radon-Nikodym theorem, measures on product spaces, and the Fubini theorem. LP spaces and their properties. Prerequisite: MATH 4239 .

MATH 6215. Introduction to Functional Analysis. 3 Credits.

Topological and metric spaces; Tychonoff theorem; Banach spaces; linear functionals and operators; Hahn-Banach, closed graph, and open-mapping theorems; uniform boundedness; Hilbert spaces; eigenvalues, projections. Prerequisite: MATH 6214 .

MATH 6225. Ergodic Theory. 3 Credits.

Ergodicity, mixing, the K-property and the Bernoulli property. Poincaré recurrence, the Rohlin lemma, the ergodic theorem, and entropy theory. Additional topics from isomorphism theory, spectral theory, the theory of joinings, and coding theory. Prerequisite: MATH 6214 or permission of instructor.

MATH 6226. Dynamical Systems and Chaos. 3 Credits.

Linear and nonlinear systems, flows, Poincaré maps, structural stability. Examples of chaotic systems in the physical sciences. Local bifurcations, center manifold theory, normal forms, the averaging theorem. Hyperbolic invariant sets, strange attractors, the Smale horseshoe, symbolic dynamics. Prerequisite: MATH 2184 and MATH 4240 or permission of instructor.

MATH 6230. Complex Analysis. 3 Credits.

Topology of the complex plane; complex differentiation and integration; Cauchy's theorem and its consequences; Taylor and Laurent series; classification of singularities; residue theory; conformal mapping; the Riemann mapping theorem. Prerequisite: Math 4239 .

MATH 6240. Topics in Real and Functional Analysis. 3 Credits.

Possible topics include Banach algebras, function algebras, spectral theory for bounded and unbounded operators, harmonic analysis on topological groups and semigroups, topological vector spaces and operator algebras. Prerequisite: permission of instructor. May be repeated for credit with permission.

MATH 6318. Applied Mathematics I. 3 Credits.

Dimensional analysis, perturbation methods, calculus of variations, boundary value problems in one dimension, eigenvalue problems, stability and bifurcation in nonlinear problems. Related numerical techniques. Prerequisite: MATH 2184 .

MATH 6319. Applied Mathematics II. 3 Credits.

Method of characteristics, shock waves, wave and heat equation, Laplace operator on a bounded region, maximum principles, Green's functions, Schrödinger's equation, spherical harmonics. Numerical methods for partial differential equations. Prerequisite: MATH 2184 .

MATH 6330. Ordinary Differential Equations. 3 Credits.

Existence and uniqueness of solutions, continuity and differentiability of solutions with respect to initial conditions. Properties of linear systems, phase portraits, planar systems and Poincaré-Bendixson theory. Prerequisite: MATH 4240.

MATH 6340. Modern Partial Differential Equations. 3 Credits.

Emphasis on modern theory and analytical techniques applied to the solution of partial differential equations. Topics include Sobolev spaces, generalized solutions, strong solutions and regularity; Sobolev imbedding theorem; Rellich-Kondrachov theorem; Leray-Schauder fixed-point theorems; nonlinear eigenvalue problems. Prerequisite: MATH 6319 or permission of instructor.

MATH 6350. Topics in Applied Mathematics. 3 Credits.

Possible topics include, but are not limited to, the calculus of variations, control theory, nonlinear partial differential equations, and mathematical programming. May be repeated for credit with permission.

MATH 6441. Introduction to Financial Mathematics. 3 Credits.

Elementary finance. Basic probability. Discrete random variables. Forwards, futures, and options. Options and arbitrage. The binomial model. Cox-Ross-Rubenstein formula. Martingales. Continuous random variables. The continuous model as a limit of the binomial model. Prerequisite: MATH 2184, MATH 2233.

MATH 6442. Stochastic Calculus Methods in Finance. 3 Credits.

Review of finance and probability theory. Brownian motion. Ito's formula. Martingales. Stochastic differential equations. The Black-Scholes equation. Optimal stopping. American options. Prerequisites: MATH 2184, MATH 2233.

MATH 6522. Introduction to Numerical Analysis. 3 Credits.

Computer arithmetic and round-off errors. Solution of linear and nonlinear systems. Interpolation and approximations. Numerical differentiation and integration. Eigenvalues and eigenvectors. Prerequisite: MATH 1232 and MATH 2184 and knowledge of a programming language.

MATH 6523. Numerical Solution of Ordinary and Partial Differential Equations. 3 Credits.

Initial and boundary value problems for ordinary differential equations. Error propagation, convergence and stability. Finite difference and finite element methods for partial differential equations. Prerequisite: MATH 3342 and knowledge of a programming language.

MATH 6540. Topics in Numerical Analysis. 3 Credits.

Numerical methods and software. Introductions to the methods, tools, and ideas of numerical computation. Problem solving using standard mathematical software. Interpolation; linear and nonlinear equations. Differential equations. Prerequisite: MATH 3342; knowledge of a programming language.

MATH 6610. Combinatorics. 3 Credits.

An introduction to fundamental methods and current research problems in partially ordered sets and enumeration. Prerequisite: undergraduate modern algebra and linear algebra or permission of instructor.

MATH 6620. Graph Theory. 3 Credits.

Graphical enumeration, factors, planarity and graph coloring, algebraic graph theory, extremal graph theory, applications. Prerequisite: undergraduate modern algebra and linear algebra or permission of instructor.

MATH 6630. Topics in Combinatorial Mathematics. 3 Credits.

Topics selected from a wide range of research subjects in combinatorics, its relations with other areas of mathematics, and applications. Recent selections have included matroid theory, topological methods in ordered sets, algebraic methods in combinatorics, fractional graph theory, combinatorics of polytopes, the symmetric group. May be repeated for credit with permission.

MATH 6710. Mathematical Logic. 3 Credits.

Model theory: the relation between a formal language (syntax) and its interpretations (semantics). Consistency, completeness, and compactness. Tarski's theorem on the inexpressibility of truth. Gödel's incompleteness theorem and its impact on mathematics.

MATH 6720. Topics in Logic. 3 Credits.

Topics selected from a broad spectrum of areas of logic and applications, based on students' suggestions and interests. Recent selections have included computable mathematics, computable model theory, computability theory, set theory, and algorithmic learning theory. May be repeated for credit with permission.

MATH 6810. General Topology. 3 Credits.

Topological spaces, bases and subbases, open sets and closed sets; continuous maps and homeomorphisms; connectedness and compactness; metric topology, product topology, and quotient topology; separation axioms; finite topological spaces, covering spaces, and fundamental groups.

MATH 6820. Algebraic Topology. 3 Credits.

Fundamental groups and the Van Kampen theorem; simplicial complexes, simplicial homology, and Euler characteristic; singular homology, Mayer-Vietoris sequences. Topics may include cohomology, cup products, and Poincaré duality; classification of surfaces; knots and their fundamental groups. Prerequisite: MATH 6810 or permission of instructor.

MATH 6850. Knot Theory and Low Dimensional Topology. 3 Credits.

Introduction to fundamental methods and current research in knot theory and 3-dimensional topology. Topics include Reidemeister moves, Alexander invariants, Jones-type invariants, skein modules, Khovanov homology, incompressible surfaces, and torus decomposition. Prerequisite: MATH 6810 or permission of instructor.

MATH 6860. Topics in Knot Theory and Low Dimensional Topology. 3 Credits.

Possible topics include, but are not limited to, topology of 3-manifolds and work of Perelman, quantum invariants and their categorizations, topology of 4-manifolds after Freedman and Donaldson, computational complexity in topology, and applications in biology, chemistry, and physics. Prerequisite: MATH 6850 or permission of instructor. May be repeated for credit with permission.

MATH 6890. Topics in Topology. 3 Credits.

Topics may include hyperbolic structures on surfaces and 3-manifolds; knot theory; topology of 3-manifolds; topology of 4-manifolds. Prerequisite: MATH 6820 or permission of the instructor. May be repeated for credit with permission.

MATH 6991. Graduate Student Experience. 0 Credits.

Introduction to the experience of studying mathematics as a graduate student at GW. Topics include understanding University rules and regulations, handling the literature in the subject, conducting research and delivering presentations, and pursuing a successful career as a mathematician. Restricted to Limited to graduate students in the Department of Mathematics.

MATH 6995. Reading and Research. 0-12 Credits.

May be repeated for credit.

MATH 8999. Dissertation Research. 3-12 Credits.

Limited to Doctor of Philosophy candidates. May be repeated for credit.

BACHELOR OF ARTS WITH A MAJOR IN MATHEMATICS

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses (12 credits):

MATH 1231 Single-Variable Calculus I (or equivalent)

MATH 1232 Single-Variable Calculus II

MATH 2233 Multivariable Calculus

MATH 2971 Introduction to Mathematical Reasoning

One course (3 credits) from the following:

CSCI 1011 Introduction to Programming with Java

CSCI 1041 Introduction to FORTRAN Programming

CSCI 1111 Introduction to Software Development

CSCI 1121 Introduction to C Programming

CSCI 1131 Introduction to Programming with C

Students in the pure mathematics concentration may substitute an additional elective, approved by the department, for the CSCI course.

Students select one of the following three concentrations:

A. The concentration in pure mathematics:

Required advanced courses (15 credits):

MATH 2185 Linear Algebra I for Math Majors (or both MATH 2184 and MATH 3125)

MATH 4121 Introduction to Abstract Algebra I

MATH 4239 Real Analysis I

MATH 4240 Real Analysis II

MATH 4122 Introduction to Abstract Algebra II

or MATH 3125 Linear Algebra II

Three additional mathematics (MATH) courses (9 credits) numbered 3000 or above

B. The concentration in applied mathematics:

Required advanced courses (18 credits):

MATH 2185 Linear Algebra I for Math Majors

or MATH 2184 Linear Algebra I

MATH 3342 Ordinary Differential Equations

MATH 3343 Partial Differential Equations

MATH 3553 Introduction to Numerical Analysis

MATH 3359 Introduction to Mathematical Modeling

MATH 4239 Real Analysis I

Two additional mathematics (MATH) courses (6 credits) numbered 3000 or above

C. The interdisciplinary concentration in mathematics

Required advanced courses (12 credits):

MATH 2185 Linear Algebra I for Math Majors

or MATH 2184 Linear Algebra I

MATH 3342 Ordinary Differential Equations

MATH 3553 Introduction to Numerical Analysis

MATH 3359 Introduction to Mathematical Modeling

Four additional mathematics (MATH) courses (12 credits) numbered 3000 or above

A minor or second major in statistics, economics, physics, finance, or any department in the School of Engineering and Applied Science.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in

addition to the one course in this category required by the University General Education Requirement; and,

- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 558)
- Global or Cross-Cultural (p.)
- Humanities (p. 561)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 564)
- Natural or physical laboratory sciences (p. 564)
- Oral Communication (p. 565)
- Social Sciences (p. 566)
- Writing (p. 567)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must maintain a grade-point average of at least 3.5 in courses in the major; complete 3 credits of MATH 4995 Reading and Research in addition to the other required courses in the major; and present an oral defense of a senior thesis prepared for MATH 4995 Reading and Research.

BACHELOR OF SCIENCE WITH A MAJOR IN MATHEMATICS

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required introductory courses (12 credits):

MATH 1231	Single-Variable Calculus I (or the equivalent)
-----------	--

MATH 1232 Single-Variable Calculus II

MATH 2233 Multivariable Calculus

MATH 2971 Introduction to Mathematical Reasoning

One course (3 credits) from the following:

CSCI 1011 Introduction to Programming with Java

CSCI 1041 Introduction to FORTRAN Programming

CSCI 1111 Introduction to Software Development

CSCI 1121 Introduction to C Programming

CSCI 1131 Introduction to Programming with C

Students in the pure mathematics concentration may substitute an additional elective, approved by the department, for the CSCI course.

Select one of the following three concentrations:

A. The concentration in pure mathematics:

Required advanced courses (15 credits):

MATH 2185 Linear Algebra I for Math Majors

or MATH 2184 Linear Algebra I
& MATH 3125 and Linear Algebra II

MATH 4121 Introduction to Abstract Algebra I

MATH 4239 Real Analysis I

MATH 4240 Real Analysis II

MATH 4122 Introduction to Abstract Algebra II

or MATH 3125 Linear Algebra II

Five additional mathematics (MATH) courses (15 credits) numbered 3000 or above

B. The concentration in applied mathematics:

Required advanced courses (18 credits):

MATH 2185 Linear Algebra I for Math Majors

or MATH 2184 Linear Algebra I
& MATH 3125 and Linear Algebra II

MATH 3342 Ordinary Differential Equations

MATH 3343 Partial Differential Equations

MATH 3553 Introduction to Numerical Analysis

MATH 3359 Introduction to Mathematical Modeling

MATH 4239 Real Analysis I

Four additional mathematics (MATH) courses (12 credits) numbered 3000 or above

If MATH 3125 is paired with MATH 2184, then MATH 3125 also counts toward these additional credits.

C. The concentration in interdisciplinary mathematics:

Required advanced courses (12 credits):

MATH 2185 Linear Algebra I for Math Majors

or MATH 2184 Linear Algebra I
& MATH 3125 and Linear Algebra II

MATH 3342 Ordinary Differential Equations

MATH 3553 Introduction to Numerical Analysis

MATH 3359 Introduction to Mathematical Modeling

Six additional mathematics (MATH) courses (18 credits) numbered 3000 or above

A minor or double major in statistics, economics, physics, finance, or any department in the School of Engineering and Applied Science

If MATH 3125 is paired with MATH 2184, MATH 3125 counts towards these additional credits.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,

- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 568)
- Global or Cross-Cultural (p.)
- Humanities (p. 571)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 575)
- Natural or physical laboratory sciences (p. 575)
- Oral Communication (p. 576)
- Social Sciences (p. 577)
- Writing (p. 577)

SPECIAL HONORS

To graduate with Special Honors, a student must meet the general requirements stated under University Regulations; maintain a grade-point average of at least 3.5 in courses in the major; complete 3 credits of MATH 4995 Reading and Research in addition to the other required courses in the major; and present an oral defense of a senior thesis prepared for MATH 4995 Reading and Research.

MINOR IN MATHEMATICS

REQUIREMENTS

18 credits in mathematics courses, including MATH 2184 Linear Algebra I, and of which at least 9 credits are at the 3000 level or higher, chosen in consultation with a departmental advisor.

MASTER OF ARTS IN THE FIELD OF MATHEMATICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: a bachelor's degree with a major in mathematics or comparable course work.

The following requirements must be fulfilled: The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (<http://bulletin.gwu.edu/arts-sciences/#degreeregulationtext>) and 30 credits in approved coursework in mathematics.

For a detailed description of the program, see the Department of Mathematics Graduate Academic Programs (<http://departments.columbian.gwu.edu/math/graduate>) website.

Required:

30 credits of approved graduate course work in mathematics.

Up to 6 of the required credits may be satisfied through approved upper-level undergraduate courses.

MASTER OF SCIENCE IN THE FIELD OF APPLIED MATHEMATICS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (<http://bulletin.gwu.edu/arts-sciences/#degreeregulationtext>).

30 credits in approved course work divided between mathematics and one of the following areas of application: physics, computer science, statistics, operations research, economics, engineering (civil, electrical, mechanical, or systems). At most 12 of the required credits can be outside mathematics. Students must petition and obtain the approval of the graduate committee in order to register for courses outside the department.

Students must petition and obtain the approval of the graduate committee in order to register for MATH 6995, Reading and Research.

Subject to the approval of the graduate committee (requested via petition) and the agreement of the instructor, mathematics graduate students may take the following undergraduate courses for graduate credit: MATH 3710, MATH 3720, MATH 3730, MATH 3740, MATH 3613, MATH 3632, MATH 4239, MATH 4240, MATH 3848 and MATH 4981. Graduate students in such courses must be assigned appropriate additional work to bring the courses up to the graduate level. These courses may comprise up to 6 of the required credits.

Up to one-quarter of the work toward a Master's degree may be via courses offered by other institutions in the Consortium of Universities of the Washington Metropolitan Area. Students wishing to take such courses must petition and obtain the approval of the graduate committee.

Course work is divided between graduate mathematics courses and up to 12 credits of approved graduate courses from one area of application selected from physics, statistics, computer science, economics, or civil, electrical, mechanical, or systems engineering. Up to 6 of the required credits may be satisfied through approved upper-level undergraduate courses. For a detailed description of the program, see the Department of Mathematics Graduate Academic Programs (<http://departments.columbian.gwu.edu/math/graduate>).

DOCTOR OF PHILOSOPHY IN THE FIELD OF MATHEMATICS

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

The requirements for the Doctor of Philosophy Program (p. 70).

Required: The General Examination consists of a preliminary examination in three subjects selected from algebra, analysis, topology, applied math, and linear algebra/advanced calculus,

and a specialty examination in a research area approved by the department. A language examination to demonstrate reading knowledge of mathematics in an approved foreign language is also required. For a detailed description of the program, visit the departmental web page (<http://departments.columbian.gwu.edu/math/graduate>).

In addition to the listed degree programs listed, graduate certificates in mathematics and in financial mathematics are offered.

GRADUATE CERTIFICATE IN FINANCIAL MATHEMATICS

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

Required

MATH 6201 Real Analysis I

MATH 6441 Introduction to Financial Mathematics

MATH 6442 Stochastic Calculus Methods in Finance

One of the following:

MATH 6202 Real Analysis II

MATH 6214 Measure and Integration Theory

MATH 6318 Applied Mathematics I

MATH 6330 Ordinary Differential Equations

MATH 6522 Introduction to Numerical Analysis

Alternate courses can be selected in consultation with the certificate program advisor. More information may be found on the mathematics certificate programs (<http://math.columbian.gwu.edu/certificate-programs>) website.

GRADUATE CERTIFICATE IN MATHEMATICS

REQUIREMENTS

Specific admission requirements can be found on the Graduate Program Finder (<http://www.gwu.edu/all-graduate-programs>).

The following requirements must be fulfilled: 12 credits, including 6 credits in required courses and 6 credits in elective courses.

Required:

MATH 6201 Real Analysis I

MATH 6202 Real Analysis II

Two of the following:

MATH 6214 Measure and Integration Theory

MATH 6215 Introduction to Functional Analysis

MATH 6318 Applied Mathematics I

MATH 6319 Applied Mathematics II

MATH 6810 General Topology

Alternate courses can be selected in consultation with the certificate advisor. More information may be found on the mathematics certificate programs (<http://math.columbian.gwu.edu/certificate-programs>) website.

MEDIA AND PUBLIC AFFAIRS

The School of Media and Public Affairs (<http://smpa.gwu.edu>) (SMPA), part of the Columbian College of Arts and Sciences, is dedicated to the study of media, journalism, and political communication with a focus on the connections between ideas and information and how the media inform and influence policy and politics in a democracy. Students have the opportunity for internships and access to decision makers, community leaders, and power brokers. SMPA offers programs of study leading to the Bachelor of Arts with majors in journalism and mass communication, and in political communication. Entering freshmen may be admitted to majors within SMPA through a highly selective application process. In addition, a limited number of students are admitted through a competitive application process that begins after the student is accepted to the University. Visit SMPA (<http://smpa.gwu.edu/transfer-admissions>) for information about admissions and program requirements.

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in journalism and mass communication (p. 584)
- Bachelor of Arts with a major in political communication (p. 595)
- Combined programs (p. 607)

Minor

- Minor in journalism and mass communication (p. 606)

GRADUATE

Master's program

- Master of Arts in the field of media and strategic communication (p. 607)

CERTIFICATE

Certificate program

A graduate certificate in documentary filmmaking is offered by the School of Media and Public Affairs. Information is available at The Documentary Center (<http://research.columbian.gwu.edu/documentarycenter>).

FACULTY

Professors R.M. Entman, L. Huebner, S.L. Livingston, S.V. Roberts, F. Sesno (*Director*), S. Waisbord

Associate Professors S. Aday, K.A. Gross, K. Harvey (*Chair*), M. Hindman, A.L. May III, P.F. Phalen, R. Russell, N. Seavey (*Research*), J.E. Steele, C.W. Thompson

Assistant Professors C.S. Bailard, I.M. Cheers, D.A. Karpf, J. Osder, J.M. Shanahan, E.A. Thorson, N. Usher, W.L. Youmans

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000–4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

SMPA 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to First-year students in CCAS.

SMPA 1050. Media in a Free Society. 3 Credits.

The role of mass communication in democratic political systems: informational requirements of democracy, sources of political information and the role of news media and other channels in creating and disseminating it; issues relating to propaganda and public information; and the interaction between information flows and democratic political culture. Not open to SMPA majors.

SMPA 1225. Forensics Practice (Debate). 1 Credit.

SMPA 2101. Journalism: Theory & Practice. 3 Credits.

An overview of theories and key issues in journalism in the United States. News and democracy, the historical and social evolution of journalism, news values, journalism as occupation/profession, technologies and changes in journalistic practices. Open only to SMPA majors.

SMPA 2102. Introduction to Political Communication. 3 Credits.

Basic concepts and theories of political communication; development of a framework for analyzing political communication; applications in the United States, other countries, and the international system. Open only to SMPA majors. Prerequisite: PSC 1002.

SMPA 2110W. Introduction to News Writing and Reporting. 0-3 Credits.

Fundamentals of news reporting and writing, with emphasis on the print media. News judgment, information gathering skills, and crafting news and feature stories. Regular in-class and outside reporting and writing exercises. Directly admitted freshmen may enroll in their second semester; all other freshmen need departmental permission. Laboratory fee.

SMPA 2111W. Advanced News Reporting. 4 Credits.

Reporting, writing, and computer skills for covering beats and developing in-depth news stories. Techniques in researching, observing, and interviewing to frame stories of public interest; outside and in-class reporting and writing assignments. Restricted to Journalism and Mass Communication majors or permission of instructor required. Prerequisite: SMPA 2110. Laboratory fee.

SMPA 2112. Digital Media I: Introduction to Video Production. 0-3 Credits.

Foundational introduction to digital media production. Videography and non-linear editing, with emphasis on use in journalism and political communication. Laboratory fee. Restricted to Political Communication and Journalism & Mass Communication majors only.

SMPA 2113. Introduction to Web Production. 3 Credits.

SMPA 2120. Public Opinion. 3 Credits.

Key aspects of the literature on public opinion, with emphasis on the role of media in opinion formation and change. Topics include the meaning of public opinion in a democratic society, a review of methods used to measure opinions, and media effects on opinion.

SMPA 2151. Research Methods. 3 Credits.

Processes of inquiry within mediated communication. The concepts of framing research questions, conducting literature reviews, developing a research design, and interpreting results of cultural and social science research within a societal framework. Prerequisites: STAT 1053 or STAT 1051 or STAT 1111 or STAT 1127.

SMPA 2173. Media Law. 3 Credits.

Freedom of the press. Changing laws of journalism and mass communication, including defamation, privacy, reporting access, obscenity and indecency, media ownership, intellectual property, advertising, and electronic communication.

SMPA 2177. Media History. 3 Credits.

American media from colonial times to the present, set against a backdrop of ongoing political, social, and economic developments. The development of press, radio, television, cable, satellite, and the Internet; government regulation and media relations; journalistic rights and responsibilities.

SMPA 3193. Selected Topics in Journalism and Mass Communication Skills. 3-4 Credits.

Topics announced in Schedule of Classes. May be repeated for credit if the topic differs.

SMPA 3194. Selected Topics in Political Communication. 3-4 Credits.

Topic announced in the Schedule of Classes. May be repeated if the topic differs, but may only count once toward the political communication major.

SMPA 3195. Selected Topics in Journalism and Mass Communication. 3-4 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit if the topic differs.

SMPA 3195W. Selected Topics in Journalism and Mass Communication. 3-4 Credits.

Topic announced in the Schedule of Classes. May be repeated for credit if the topic differs.

SMPA 3196. Independent Study. 1-3 Credits.

Students pursue a program of directed reading, research, and writing under the direction of a faculty advisor. Limited to seniors.

SMPA 3197. Internship. 1-3 Credits.

Students spend at least five hours per week per credit with an approved news organization, agency, or office under the general guidance of a faculty advisor. Guidelines are available in the SMPA office and online. May be taken P/NP only. Restricted to SMPA majors and minors in the junior and senior year. May be repeated for up to 6 credits.

SMPA 3230. Reporting in the Digital Age. 3 Credits.

Understanding the emerging tools and developing the technological skills needed to analyze data for news. Students learn to find reliable information through social media and other online tools, use spreadsheets as a reporting tool, and download data for analysis, to create graphics, and to report and write stories based on the analysis. Prerequisite: SMPA 2110. Laboratory fee.

SMPA 3232. Online Journalism Workshop. 4 Credits.

Capstone production experience for SMPA majors. Provides advanced journalism and multimedia production skills needed to produce and report for a news website. Prerequisite: SMPA 2110, SMPA 2112. Laboratory fee.

SMPA 3233. Photojournalism. 3 Credits.

Elements of effective news and feature photos, including study and evaluation of slides taken by students. Picture selection, cropping, captions. Student costs include film and developing. Laboratory fee.

SMPA 3234. Publication Design. 3 Credits.

Design, editing, layout, and photo selection for newspapers and magazines. Selecting and editing stories; writing headlines and photo captions; sizing and cropping graphic materials; laying out pages. Ethics of editing. Student costs include film and developing.

SMPA 3235W. Broadcast News Writing. 3 Credits.

Introduction to writing television news scripts based on actual events. Using workshop techniques, scripts are evaluated for content, structure, and use of words, pictures, and sound. Extensive writing and rewriting using streaming video from professional newscasts. Prerequisite: SMPA 2110.

SMPA 3236W. Broadcast News Reporting. 3 Credits.

Advanced techniques in television news reporting and editing. Students produce, shoot, and edit news packages by teaming up to report in the field. Prerequisite: SMPA 2110, SMPA 2112.

SMPA 3239. Television News Practicum. 4 Credits.

Capstone production experience for SMPA majors. Students report, produce, direct, and edit GW student news broadcast. Laboratory fee. Prerequisites: SMPA 3235 and SMPA 3236.

SMPA 3240W. Washington Reporting. 3 Credits.

Examination of reporting and writing techniques employed in news coverage of the national government, with an emphasis on serving a regional readership or audience. Using Washington as a laboratory, students focus on contemporary issues and news makers in the legislative and executive branches of government. Prerequisite: SMPA 2110.

SMPA 3241W. Campaign Reporting. 3 Credits.

Development of news gathering and writing skills needed for the coverage of political campaigns. Using in-class exercises and outside assignments, students acquire reporting and writing proficiency to illuminate how campaigns work and how politics affects the lives of citizens. Prerequisite: SMPA 2110.

SMPA 3242. Investigative Reporting. 3 Credits.

Hands-on intensive training in reporting and writing in-depth enterprise news stories that expose hidden problems or wrongdoing. Prerequisite: SMPA 2110.

SMPA 3243W. Feature Writing. 3 Credits.

Learn to frame, research, and write a wide range of feature articles, including profiles, interviews and personal memoirs. Weekly writing assignments and a major final project are discussed and scrutinized in a workshop setting. Prerequisite: SMPA 2110.

SMPA 3244W. Narrative Journalism. 3 Credits.

The narrative or story-telling tradition in journalism. Students experiment with narrative techniques in a series of written exercises and a final project. Enrollment limited to 15 students with preference given to upper-class SMPA majors and graduate students. Prerequisite: SMPA 2110.

SMPA 3245W. Editorial & Persuasive Writing. 3 Credits.

Techniques of editorial and column writing; editorial page and public affairs programming; function of commentary in a free press. Prerequisite: SMPA 2110.

SMPA 3246. Specialized Reporting. 3 Credits.

Advanced reporting in specialized fields, such as business, science, medicine. Topics and instructors vary each semester. Prerequisite: SMPA 2110.

SMPA 3246W. Specialized Reporting. 3 Credits.

Advanced reporting in specialized fields, such as business, science, medicine. Topics and instructors vary each semester. Prerequisite: SMPA 2110.

SMPA 3247. Documentary Production. 4 Credits.

Advanced techniques in writing, researching, producing, and editing long-form documentaries. Prerequisite: SMPA 2112 and SMPA 3479 or permission of instructor.

SMPA 3350. Public Diplomacy. 3 Credits.

The theory and practice of public diplomacy: informing, influencing, and establishing dialogue with international publics and institutions. A conceptual and historical examination of public diplomacy, current practices, and contemporary issues, including international information dissemination, educational and cultural exchange, and international broadcasting.

SMPA 3352. Principles of Public Relations. 3 Credits.

Principles, problems, ethics, and law of public relations for government, private concerns, educational and other public institutions.

SMPA 3353. Strategic Political Communication. 3 Credits.

Origins of strategic approaches to political communication; techniques. Use of strategic communication by individuals, groups, organizations, and governments in both domestic politics and policymaking and in the international system. Prerequisite: SMPA 2102 or permission of instructor.

SMPA 3354. Political Campaign Communication. 3 Credits.

Communication aspects of political campaigns for candidates and ballot issues. Examination of techniques and channels of communication, role of communication in campaign strategy, ethics and implications of campaign decision making.

SMPA 3355. Campaign Advertising. 3 Credits.

Introduction to the theory and practice of campaign advertising. Emphasis on televised political campaign spots, but a range of campaign advertising media are included: radio, direct mail, and the Internet. Prerequisite: SMPA 2112.

SMPA 3357W. Political Speech Writing. 3 Credits.

Theory and practice of public speaking in the context of mediated political communication. Students analyze, write, and give speeches.

SMPA 3358. Strategic Practicum. 3 Credits.

Working in small groups, students research and develop full-scale plans for hypothetical, reality-based, strategic communication campaigns that test and apply theoretical advances in the field. Prerequisite: SMPA 3353.

SMPA 3428. Media, Politics & Government. 4 Credits.

The impact of mainstream media and online outlets on politics and the governing process. Topics include the role of social media, online advertising, comedy shows and the changing ways that voters receive information. Same as PSC 2228.

SMPA 3459. Language and Politics. 3 Credits.

Connections between language and the political world. Theory and practice of language in politics and the impact on the creation and consumption of politics.

SMPA 3460. Race, Media & Politics. 3 Credits.

Examination of the place of race in American society and politics, with attention to the role of media reporting in helping to shape understanding of race and racial matters, public opinion about race, and race and electoral politics.

SMPA 3461. Campaigns and Elections. 3 Credits.

The role of the news media in campaigns and elections. Offered in even-numbered years.

SMPA 3463. Media Bias. 3 Credits.

Exploration of empirical and theoretical understanding of media bias, its effects on power, and implications for democracy.

SMPA 3469. International Communication. 3 Credits.

A survey of theoretical themes in international communication and their practical applications: information production and circulation, global media industries, and cultures.

SMPA 3470. Comparative Media Systems. 3 Credits.

In-depth study of the developmental, regulatory, political, economic, and cultural dimensions of selected foreign communication systems.

SMPA 3471. Media in the Developing World. 3 Credits.

Contemporary views of media roles in developing nations. The role of the press and electronic media in economic, social, and national development, including media as agents of modernization, development journalism, and post-colonial responses to Western "cultural imperialism." Media and Islam; role of the Internet; and theories of media and globalization.

SMPA 3472. Media and Foreign Policy. 3 Credits.

The emerging role of news media in international affairs and diplomacy. Globalization of news media advances in digital information and communication technologies and consequences for the international system and diplomacy.

SMPA 3475. Media Management. 3 Credits.

Decision making, strategic planning, and daily operations of all types of media organizations. Sales strategies, promotion, and research.

SMPA 3476. Media, Technology, and Culture. 3 Credits.

Concepts, principles, and socio-political implications of new and changing media and related technologies. Focus on intersection of new technologies and the anthropology of everyday life, in particular self-governance, policy development, cultural rupture and cohesion, the tension between national security and individual privacy rights, and First Amendment issues.

SMPA 3479. Documentary. 3 Credits.

Origins, genres, and analysis of documentary film. Power, reach, and conceptual frameworks of documentary filmmaking.

SMPA 3480. The Future of Journalism. 3 Credits.

Reasons behind the decline of traditional newspaper and broadcast journalism; the impact of the web and other digital tools on traditional journalism values; new business models for news.

SMPA 4198. Special Honors Research Seminar. 3 Credits.

Open only to special honors candidates in political communication in the senior year. Prerequisite: SMPA 4199 and departmental approval.

SMPA 4199. Senior Seminar. 3 Credits.

Capstone course limited to SMPA majors.

SMPA 6201. Strategic Communications Skills. 1.5 Credit.

Specialized skills courses, such as writing for public affairs, video editing and production, political uses of social media, web development and strategy, speechwriting. Topics announced in the Schedule of Classes. May be repeated for credit, but up to a maximum of 6 credits.

SMPA 6202. Media Effects, Public Opinion, and Persuasion. 3 Credits.

Theories of media effects and persuasion. Institutional functions and individual effects of mediated communication. Impacts of different textual content and format on individual thinking and emotion; forces that shape content production.

SMPA 6203. Information, Technology, and Political Communication. 3 Credits.

Issues pertaining to the political uses of the Internet, social media, and other new media; the effect that new information technologies have on political life and the ways in which politics shape technology development.

SMPA 6204. Strategic Political Communication. 3 Credits.

Theory, techniques, and implications of strategic communication as employed by individuals, groups, organizations, and governments to advance their interests; applications to non-electoral politics and policymaking; use of political, psychological, sociological, and other processes; methodological considerations; domestic and international applications.

SMPA 6205. Media, Development, and Globalization. 3 Credits.

Theories of media and globalization. The changing role of communication media, including the Internet and other newer technologies as well as traditional books, film, newspapers, telephone, and satellite in establishing closer relationships and interdependencies among people, their cultures, and their organizations in various countries.

SMPA 6206. Advocacy Communication and Political Networks. 3 Credits.

Cross-disciplinary approaches to global changes in the nature of governance and collective action. The role of new technology, social movements, NGOs and transnational advocacy networks. Information campaigns and advocacy communication.

SMPA 6207. Political Persuasion and Public Opinion. 3 Credits.

Major theories and perspectives in public opinion and persuasion research. Information processing, psychological models applied to politics and media research (cognition, attitudes, resistance, heuristics), public opinion dynamics.

SMPA 6208. Politics and Public Relations Fundamentals. 3 Credits.

Basic knowledge of the skills to design, implement, and evaluate public relations activities. Case studies of public relations applied to politics. Techniques and tactics used by public relations professionals.

SMPA 6210. Media & Foreign Policy. 3 Credits.

The effects of U.S. media on U.S. and foreign governments, and of foreign media on the U.S.; effects of other countries' media on each other; the impact of the Internet, inexpensive global phoning, CNN, al Jazeera, and other newer technologies and networks on the stuff of international relations: diplomacy, military operations, trade negotiations.

SMPA 6220. Strategic Practicum. 3 Credits.

Design of strategy for an information and influence campaign. Research on issues and actors, identification of critical decision-making points and key constituencies, development of communication strategies more likely to achieve stated objectives of a campaign. Prerequisite: SMPA 6204. For students doing a strategic communication capstone project, this course replaces SMPA 6297.

SMPA 6230. Principles and Methods of Documentary Filmmaking. 6 Credits.

Analytical and practical exploration of the elements of documentary filmmaking. The genres of nonfiction filmmaking; fundamentals of film conceptualization, documentary screenwriting, story structure, and production theory; and basic practical elements of production. Admission by permission of instructor.

SMPA 6231. Documentary Filmmaking Practicum. 3 Credits.

Intensive practical experience in documentary film production. Students produce a 10-15-minute documentary film on a selected topic. Emphasis on major markers in film production: treatment and script writing, location shooting, Final Cut Pro editing, graphics, music, and final sound mix. Prerequisite: SMPA 6230 and permission of instructor.

SMPA 6241. Research Design. 3 Credits.

Design, applications, and limitations of quantitative research as applied to the field of media and strategic communication. Framing of research questions, identification of variables and formulation of hypotheses, measurement, sampling, data gathering techniques, and preparation of research reports. Brief exposure to qualitative research.

SMPA 6242. Analytics and Data Analysis for Strategic Communication. 3 Credits.

Familiarity with major data analytic and analysis techniques used by strategic communication practitioners. Topics covered include basic statistical analysis, multivariate regression, experiments, focus groups, and survey research. Prerequisites: an undergraduate statistics course.

SMPA 6250. Topics in Media Processes and Institutions. 3 Credits.

Topics address such issues as the history of media content, institutions, and process; impact of changing communication technology on culture; history and development of mass-produced culture; and professional ideology and practice of journalism. May be repeated for credit provided the topic differs.

SMPA 6270. Topics. 3 Credits.

Topics explore such areas as social theories of public opinion and mass media's response; and the role of mass media in constructing social perceptions of the scientific process and its relationship to cultural and material life.

SMPA 6272. Media Bias, Power, and Democracy. 3 Credits.

Consideration of the available scholarly evidence in order to develop a more sophisticated empirical and theoretical understanding of what constitutes media bias. How do we recognize and measure bias? Are there patterns in decisions about news coverage that indicate bias? Which political parties and economic interests benefit from patterns of news coverage?.

SMPA 6274. Media and War. 3 Credits.

Historic and contemporary examination of the media's role in wartime. Topics include covering war, the role of the media in generating support for foreign intervention, propaganda, effects of war coverage on public opinion, media and genocide, and public diplomacy. Ethical, philosophical and political implications of the media's role.

SMPA 6275. Public Diplomacy. 3 Credits.

The theory and practice of public diplomacy: informing, influencing, and establishing dialogue with international publics and institutions. A conceptual and historical examination of public diplomacy, current practices, and contemporary issues, including international information dissemination, educational and cultural exchange, and international broadcasting.

SMPA 6295. Internship. 3 Credits.

Students identify a suitable employer for an internship relevant to program themes and goals. Students must consult with the director of graduate studies before registering. Restricted to Permission of director of graduate studies required.

SMPA 6296. Directed Readings and Research. 3 Credits.

Independent research with SMPA faculty member. Must be approved in advance by supervising professor and director of graduate studies.

SMPA 6297. Capstone Project. 3 Credits.**SMPA 6298. Capstone Project. 3 Credits.****SMPA 6998. Thesis Research. 3 Credits.****SMPA 6999. Thesis Research. 3 Credits.**

BACHELOR OF ARTS WITH A MAJOR IN JOURNALISM AND MASS COMMUNICATION

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses (34 credits):

PSC 1002 Introduction to American Politics and Government

or PSC 1002W Intro-American Politics & Govt

STAT 1053 Introduction to Statistics in Social Science

SMPA 2101 Journalism: Theory & Practice

SMPA 2110W Introduction to News Writing and Reporting (minimum grade of B required)

SMPA 2111W Advanced News Reporting

SMPA 2112 Digital Media I: Introduction to Video Production

SMPA 2113 Digital Media II: Introduction to Web Production and Social Media

SMPA 2151 Research Methods

SMPA 2152 Data Analysis for Journalism and Political Communication

SMPA 2173 Media Law

SMPA 3150 Journalism Ethics

One required advanced writing/reporting course (3 credits) from the following:

SMPA 3230	Reporting in the Digital Age
SMPA 3235W	Broadcast News Writing
SMPA 3242	Investigative Reporting

Five additional courses (15-20 credits) from the advanced writing/reporting courses listed above or from the following:

SMPA 2120	Public Opinion
SMPA 2177	Media History
SMPA 3193	Selected Topics in Journalism and Mass Communication Skills
SMPA 3195	Selected Topics in Journalism and Mass Communication
SMPA 3196	Independent Study
SMPA 3197	Internship (Only one, three-credit internship can count toward the major)
SMPA 3233	Photojournalism
SMPA 3234	Editing and Design
SMPA 3236W	Broadcast News Reporting
SMPA 3240W	Washington Reporting
SMPA 3241W	Campaign Reporting
SMPA 3243W	Feature Writing
SMPA 3244W	Narrative Journalism
SMPA 3245W	Editorial & Persuasive Writing
SMPA 3246	Specialized Reporting
SMPA 3247	Documentary Production
SMPA 3428	Media, Politics & Government
SMPA 3450	Social Media
SMPA 3460	Race, Media & Politics
SMPA 3463	Media Bias
SMPA 3469	International Communication
SMPA 3470	Comparative Media Systems
SMPA 3471	Media in the Developing World
SMPA 3472	Media and Foreign Policy

SMPA 3475	Media Management
SMPA 3476	Media, Technology, and Culture
SMPA 3477	Information Technology and Politics
SMPA 3479	Documentary
SMPA 3480	The Future of Journalism
SMPA 4198	Special Honors Research Seminar

One capstone course (4 credits) from the following:

SMPA 4180	Online Journalism Workshop
SMPA 4181	Television News Workshop
SMPA 4182	Specialized Journalism Workshop

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this

category required by the University General Education Requirement);

- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 586)
- Global or Cross-Cultural (p.)
- Humanities (p. 589)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 592)
- Natural or physical laboratory sciences (p. 592)
- Oral Communication (p. 593)
- Social Sciences (p. 594)
- Writing (p. 595)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students must have attained a 3.5 GPA in all courses completed at GW and in all courses required for the major. Students intending to apply for Special Honors must consult their advisor at the start of the senior year. Application must be made by the mid-point of the student's final semester (October 15 or March 15), and must include a letter of application and a portfolio of published or broadcast work. The journalism and mass communication faculty will evaluate the work on the basis of professional standards as outlined by the department. Students interested in pursuing Special Honors through writing a research thesis should consult their advisor.

BACHELOR OF ARTS WITH A MAJOR IN POLITICAL COMMUNICATION

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required courses (30 credits):

PSC 1001	Introduction to Comparative Politics
or PSC 1003	Introduction to International Politics
PSC 1002	Introduction to American Politics and Government
STAT 1053	Introduction to Statistics in Social Science
SMPA 2102	Introduction to Political Communication (which requires a minimum grade of C to remain in the major)
SMPA 2110W	Introduction to News Writing and Reporting
SMPA 2112	Digital Media I: Introduction to Video Production
SMPA 2113	Digital Media II: Introduction to Web Production and Social Media
SMPA 2151	Research Methods
SMPA 2152	Data Analysis for Journalism and Political Communication
SMPA 4199	Senior Seminar
Seven courses (21 to 28 credits) from the following:	
SMPA 2173	Media Law
SMPA 3194	Selected Topics in Political Communication (May be repeated once for credit)
SMPA 3196	Independent Study
SMPA 3197	Internship (Only one, three-credit internship may be taken for credit toward the major)
SMPA 3245W	Editorial & Persuasive Writing
SMPA 3240W	Washington Reporting

SMPA 3241W	Campaign Reporting
SMPA 3350	Public Diplomacy
SMPA 3352	Principles of Public Relations
SMPA 3353	Strategic Political Communication
SMPA 3354	Political Campaign Communication
SMPA 3355	Campaign Advertising
SMPA 3357	Political Speech Writing
SMPA 3358	Strategic Practicum
SMPA 3428	Media, Politics & Government
SMPA 3450	Social Media
SMPA 3459	Language and Politics
SMPA 3460	Race, Media & Politics
SMPA 3461	Campaigns and Elections
SMPA 3463	Media Bias
SMPA 3469	International Communication
SMPA 3470	Comparative Media Systems
SMPA 3471	Media in the Developing World
SMPA 3472	Media and Foreign Policy
SMPA 3476	Media, Technology, and Culture
SMPA 3477	Information Technology and Politics
SMPA 4198	Special Honors Research Seminar
Two political science (PSC) courses (6 credits) numbered 2000 or above	

Students must achieve specified grades in some courses. Consult the School of Media and Public Affairs (<http://smpa.gwu.edu>) for particular grade and course sequencing requirements.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible

citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement); and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 597)
- Global or Cross-Cultural (p.)
- Humanities (p. 599)

- Local/Civic Engagement (p. 602)
- Mathematics or Statistics (p. 603)
- Natural or physical laboratory sciences (p. 603)
- Oral Communication (p. 604)
- Social Sciences (p. 605)
- Writing (p. 606)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors, students with a 3.7 GPA in all courses completed at GW and in all courses required for the major may declare for Special Honors in political communication at the beginning of the senior year. Students take SMPA 4199 Senior Seminar in the first semester of the senior year and SMPA 4198 Special Honors Research Seminar in the second semester. To achieve Special Honors, the student must maintain the required GPA and present a successful oral defense of a research paper prepared for the Honors Research Seminar before a committee that includes the seminar instructor and two other faculty members nominated by the student and approved by the seminar instructor.

MINOR IN JOURNALISM AND MASS COMMUNICATION

REQUIREMENTS

Required

SMPA 1050	Media in a Free Society
SMPA 2110W	Introduction to News Writing and Reporting
9 credits from the following:	
SMPA 2111W	Advanced News Reporting
SMPA 3230	Reporting in the Digital Age
SMPA 3232	Online Journalism Workshop
SMPA 3233	Photojournalism
SMPA 3234	Editing and Design

SMPA 3479	Documentary
SMPA 3480	The Future of Journalism
SMPA 3195	Selected Topics in Journalism and Mass Communication

COMBINED PROGRAMS

REQUIREMENTS

Combined Bachelor of Arts in an SMPA major and Master of Arts in media and strategic communication

Interested students should consult their advisor and the director of graduate studies and apply to the dual degree program during the second semester of their junior year. Visit the program website (<http://smpa.gwu.edu/combined-degree-programs>) for additional information.

Combined Bachelor of Arts in an SMPA major and Master of Professional Studies in the field of political management

Interested students should consult their advisor and apply to the dual degree program during the second semester of their junior year. Visit the program website (<http://smpa.gwu.edu/combined-degree-programs>) for additional information.

MASTER OF ARTS IN THE FIELD OF MEDIA AND STRATEGIC COMMUNICATION

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

Prerequisite: an undergraduate degree in a related field.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Course List

Required: completion of 36 credits as follows

Core courses (15 credits)

(On the basis of academic or professional preparation, students may petition for the waiving of any of these courses with substitution of another approved course)

SMPA 6202	Media Effects, Public Opinion, and Persuasion
-----------	---

SMPA 6204	Strategic Political Communication
-----------	-----------------------------------

SMPA 6208	Politics and Public Relations Fundamentals
-----------	--

SMPA 6241	Research Design
-----------	-----------------

SMPA 6242	Analytics and Data Analysis for Strategic Communication
-----------	---

Strategic communications skills courses (3 credits)

SMPA 6201	Strategic Communications Skills (these 1.5 credit courses can be repeated with different topics to reach the required three credits. Additional 6201 courses can be taken for elective credit.)
-----------	---

Elective courses (12 credits)

Students complete an additional four courses, chosen with approval of the advisor. In all cases, the burden will be on students and advisors to choose elective courses that form a coherent set. Students doing the strategic communication capstone option may not count SMPA 6220 toward electives. Students may take an additional 3 credits of SMPA 6201 toward their elective courses.

Capstone courses (6 credits)

Students complete 6 additional credits in one of the following ways, as approved by the advisor:

(1) writing a research thesis

SMPA 6998	Thesis Research
-----------	-----------------

SMPA 6999	Thesis Research
-----------	-----------------

(2) completing a supervised in-depth media project

SMPA 6297	Capstone Project
-----------	------------------

SMPA 6298	Capstone Project
-----------	------------------

or (3) writing a supervised strategic communication project addressed to solving a client's communication-related problem

SMPA 6220	Strategic Practicum
-----------	---------------------

SMPA 6298	Capstone Project
-----------	------------------

Students should consult with their advisor on their plan for the capstone in the second semester of the graduate program.

With permission of the advisor, a limited number of upper-division undergraduate courses may be taken for graduate credit; additional course work is required.

A graduate certificate in documentary film making is offered by the School of Media and Public Affairs. Contact the School of Media and Public Affairs (<http://smpa.gwu.edu>) for information.

MUSEUM STUDIES

Columbian College of Arts and Sciences offers an interdepartmental program leading to the degree of Master of Arts in the field of museum studies. The program is designed for those who seek a deepening of their primary academic interest along with training in the broad range of talents

required in the successful operation of museums. The goal of the program is to produce graduates who are prepared to assume museum positions that require both scholarship and functional skills.

In preparing the academic core portion of the program of study, students draw on courses offered by the appropriate academic departments. Courses that pertain to the museum studies portion of the program are described below and are supplemented by additional courses offered by other departments, such as American Studies, Anthropology, History, Educational Leadership, Fine Arts and Art History, Interior Architecture and Design, and Theatre and Dance.

Applicants to the M.A. program must have an undergraduate major, or its equivalent, relevant to the proposed academic core and must be able to demonstrate a sufficient breadth of academic preparation to support the proposed graduate course of study. Prior museum training is strongly recommended.

Students whose career interests are primarily in museum education should refer to the Master of Arts in Teaching (p. 1112) under the Graduate School of Education and Human Development.

Graduate certificates in museum studies, exhibit design, and museum collections management and care are offered as well.

GRADUATE

Master's program

- Master of Arts in the field of museum studies (p. 609)

CERTIFICATE

- Graduate certificate in museum studies
- Graduate certificate in exhibit design
- Graduate certificate in museum collections management and care (p. 610)

FACULTY

Committee on Museum Studies M. Atkin, J. Blomster, B. Brennan, M. Coughlin, M. Morris, K. Rice (*Director*), L. Schiavo, J. Wetenhall, A. Wong

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students

- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

MSTD 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the schedule of classes for more details. Restricted to First-year students in CCAS.

MSTD 6101. Museum Management. 3 Credits.

Overall operation of the museum: legal status of the museum and its obligations to the public; governance, staffing, policymaking as a nonprofit organization. Theory applied to practical situations.

MSTD 6102. NonProfit Fiscal Management. 3 Credits.

Basic concepts of general accounting; fund accounting for nonprofit organizations; budgets and budget systems; use of the budget as a management tool; long-range planning; income sources; other financial management concepts.

MSTD 6103. Leading Change. 3 Credits.

Leadership challenges and styles as they relate to organizational change efforts. Case studies of museums undergoing change; best practices in leadership at all levels of the museum.

MSTD 6104. Managing People and Projects. 3 Credits.

Organizational development and modern management concepts as applied to museums. Managing people in the organization; the importance of project management systems to museum administration.

MSTD 6201. Museum Collections. 3 Credits.

Establishing collections policies; laws, regulations, conventions, and codes that affect acquisitions, deaccessions, loans, and collection care; accountability; access problems.

MSTD 6202. Museum Collections Management. 3 Credits.

The implementation of collections policies: establishing and managing collections, management procedures and systems, documentation of collections, records preservation, collections access and storage, handling, packing and shipping, and inventory control.

MSTD 6203. Preventive Conservation Concepts. 3 Credits.

Historical development of preventive conservation in museums, conservation ethics, team approaches to conservation, interactions of various materials with agents of deterioration. Basics of materials testing, preparation of condition reports, choosing museum storage and exhibition materials, and risk assessment. Same as ANTH 6203 and AH 6286.

MSTD 6204. Preventive Conservation Techniques. 3 Credits.

Practical applications of preventive conservation of materials, monitoring environmental conditions, conducting risk assessments, evaluation of exhibit and storage areas; developing plans, policies, and procedures for collections care; grant proposal preparation for collections care initiatives. Same as ANTH 6204 and AH 6287.

MSTD 6301. Museum Exhibitions: Curatorial Research. 3 Credits.

Museum research from a curatorial point of view, with emphasis on exhibit theory and practice. Research techniques, information sources, and script production.

MSTD 6302. Museum Exhibition Design. 3 Credits.

The processes of research, conceptualization, planning, and evaluation from a designer's point of view. Focus is on individual projects with some group collaboration. The designer's vocabulary, visual thinking, design documentation, and specifications.

MSTD 6303. Advanced Exhibition Design. 3 Credits.

The processes of research, conceptualization, planning, and evaluation from a designer's point of view. Focus is on individual projects with some group collaboration. The designer's vocabulary, visual thinking, design documentation, and specifications.

MSTD 6304. Museum Exhibit Development. 3 Credits.

Research techniques; information sources; script production from a content perspective.

MSTD 6305. Visitor Perspectives: Museum Evaluation in Exhibitions. 3 Credits.

Theory and practice of museum evaluation, especially as related to exhibition development. (Same as EDUC 6706).

MSTD 6501. Museum Internship. 1-3 Credits.

Individual work experience in museums of the Washington area and possibly elsewhere. Each student should make arrangements with the Museum Studies Program staff. Museum internships are supervised by one or more members of the cooperating museum staff in the areas of museum management, object care and conservation, and exhibiting.

MSTD 6502. Directed Research. 3 Credits.

Individual research on special topics in the museum field. Topics must be approved by the director of the Museum Studies Program. May be repeated for credit.

MSTD 6601. Special Topics. 3 Credits.

May be repeated for credit provided the topic differs.

MSTD 6701. Museum Hist&Theory. 3 Credits.

Museums viewed from historical, philosophical, and practical perspectives. Examination and comparison of types of collecting organizations. Analysis of contemporary studies on the status of museums and their public programs.

MSTD 6702. Museums and the Public: Exhibiting Culture. 3 Credits.

An introduction to the wide range of problems, possibilities, and choices that are part of the cultural landscape of how museums interact with their audiences through public programs. (Same as ANTH 6202).

MASTER OF ARTS IN THE FIELD OF MUSEUM STUDIES

REQUIREMENTS

Specific admission requirements are shown on the Graduate Program Finder. (<http://www.gwu.edu/all-graduate-programs>)

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Graduate Programs (p. 62).

Required: a minimum of 42 credits

Required courses:

MSTD 6101 Museum Management

MSTD 6201 Museum Collections

At least 12 credits of course work must be in an academic core discipline such as American studies, anthropology, biological sciences, hominid paleobiology, history, or an appropriate interdisciplinary combination. (A formal concentration in art history is possible only in the Department of Fine Arts and Art History.)

At least 15 credits of course work must be in museum studies courses that concern such functions as museum administration, collections management, exhibiting, and object care and conservation.

At least 6 credits must be in museum internships in the Washington area or elsewhere.

The student must pass a comprehensive examination based on course work and submit a research paper.

GRADUATE CERTIFICATE IN EXHIBIT DESIGN

The 18-credit graduate certificate in exhibit design is offered by the Museum Studies Program in collaboration with the Department of Theatre and Dance and the Interior Architecture and Design Program. Additional information can be obtained from the Museum Studies Program (<http://museumstudies.columbian.gwu.edu>).

REQUIREMENTS

Required:

18 credits from the following

IAD 6205	Interior Materials
IAD 6210	Sketching Architecture and Interiors
MSTD 6302	Museum Exhibition Design
MSTD 6203	Preventive Conservation Concepts
MSTD 6204	Preventive Conservation Techniques
MSTD 6501	Museum Internship
TRDA 1330	Basics of Production Design
TRDA 6331	Intermediate Lighting Design
TRDA 6335	Intermediate Scene Design
TRDA 6340	Period Styles
TRDA 6344	Production Drafting
TRDA 6348	Techniques in Design Presentation

GRADUATE CERTIFICATE IN MUSEUM COLLECTIONS MANAGEMENT AND CARE

The 12-credit graduate certificate in museum collections management and care is offered in a distance learning format to qualified domestic applicants who have museum experience and staff-level access to a museum and its collection. Additional information can be obtained from the Museum Studies Program (<http://museumstudies.columbian.gwu.edu>).

REQUIREMENTS

Required:

MSTD 6201	Introduction to Museum Collections
MSTD 6202	Museum Collections Management
MSTD 6203	Preventive Conservation Concepts
MSTD 6204	Preventive Conservation Techniques

GRADUATE CERTIFICATE IN MUSEUM STUDIES

The 18-credit graduate certificate in museum studies is primarily for international museum professionals who wish to study museum administration, collections management, or exhibition development in the United States; this certificate is also available to U.S. students who hold at least a master's degree in an appropriate subject.

REQUIREMENTS

Required:

12 credits from the following

MSTD 6101	Museum Management
MSTD 6102	NonProfit Fiscal Management
MSTD 6103	Leading Change
MSTD 6104	Managing People and Projects
MSTD 6201	Introduction to Museum Collections
MSTD 6202	Museum Collections Management
MSTD 6203	Preventive Conservation Concepts
MSTD 6204	Preventive Conservation Techniques
MSTD 6301	Museum Exhibitions: Curatorial Research
MSTD 6302	Museum Exhibition Design
MSTD 6303	Advanced Exhibition Design
MSTD 6304	Museum Exhibit Development
MSTD 6305	Visitor Perspectives: Museum Evaluation in Exhibitions
MSTD 6701	Museum Hist & Theory
MSTD 6702	Museums & the Public: Exhibiting Culture
MSTD 6710	Museums and Technology

Internship requirement:

MSTD 6501	Museum Internship (taken for 6 credits)
-----------	---

MUSIC

The music program within the Columbian College of Arts and Sciences offers a broad base for understanding music as an art form and as a social, economic, and political practice. All students, regardless of their majors, may perform with vocal and instrumental jazz groups, orchestra, choruses, bands, opera productions, chamber music groups, and musical theater.

UNDERGRADUATE

Bachelor's program

- Bachelor of Arts with a major in music (p. 614)

Minors

- Minor in music (p. 625)
- Minor in jazz studies (p. 625)

FACULTY

Associate Professors K. Ahlquist, D. Boyce (*Chair*), B. Fritz

Assistant Professors R. Baker, E. Montague

Adjunct Professors J. Albertson (*Guitar*), R. Birch (*Trumpet*), F.B. Conlon (*Piano*), B. Dahlman (*Piano*), M. Findley (*Violin*), P. Fraize (*Jazz Performance/Saxophone*), S. Hilmy (*Electronic Studio*), T. Konstantinov (*Piano*), J.D. Levy (*Jazz*), C. Lornell, M. Peris (*Piano*), M. Scarlett (*Voice*)

Adjunct Instructor G. Becker (*Choral*)

Professorial Lecturers L. Barnet (*Cello*), G. Cho (*Piano*), N. D'Alimonte (*Orchestra*), M. Duhagon (*Classical Guitar*), G. Galvin (*Voice*), L. Helgert, C. Humphries (*Voice*), J. Krash (*Literature*), G. Luce (*Viola*), P. O'Donnell (*Piano*), M. Orlando (*Piano*), J. Ozment (*Jazz Piano*), B. Rice, B. Richardson (*Cello*), R. Shapiro (*Violin*), N. Tavani (*Violin*), M. Von Villas (*Opera*), J. Watson (*Piano*)

Lecturers H. Burney (*Jazz Bass*), J. Connell (*Percussion*), G. Corella (*Tuba*), A. Crockett (*Voice*), E. Dirksen (*Bassoon*), E. Drennen (*Jazz Violin*), S.M. Fearing (*French Horn*), L. Ferguson (*Clarinet*), E. Field (*Violin*), J. Gascho (*Harpsichord*), E. Guenther (*Pipe Organ*), D. Jones (*Clarinet*), J. Koczela (*Bass*), C. Stabile-Libelo (*Oboe*), A. Lucini (*Latin Percussion*), R. Ocampo (*Voice*), A. Reiff (*Voice*), D. Sciannella (*Trombone*), B.R. Seidman (*Harp*), S. Stang (*Flute*), U. Wassertzug (*Viola*), S. Wellman (*Voice*), T. Wilson (*Jazz Trumpet*)

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Performance Study

Performance study courses are offered both fall and spring, and may be repeated for credit. Music majors and minors, Presidential Arts Scholarship (<http://departments.columbian.gwu.edu/music/scholarships>) students, and other students with skills or potential appropriate to the department's select ensembles are eligible for private

lessons. Eligibility and placement for students new to private performance study are determined at a placement fair held at the beginning of each semester. For courses numbered in the 1500s, students may not register in the same semester for both the 1- and 2-credit course in the same instrument or in voice. MUS 1051 through MUS 1095 Vocal Theater Workshop and MUS 1151 Conducting do not include individual lessons and do not require a supplementary fee. All other performance study courses include individual lessons and require a supplementary fee. Supplementary fees for private performance courses are nonrefundable after the first two weeks of the fall and spring semesters; consult the Music Department (<http://departments.columbian.gwu.edu/music>) for details. The supplementary fee is waived during the fall and spring semesters for full-time music majors and minors and for music Presidential Scholars in the Arts (<http://departments.columbian.gwu.edu/music/scholarships>).

Required practice: a minimum of three hours a week for 1-credit courses and six hours a week for 2-credit courses.

MUS 1000. Dean's Seminar. 3 Credits.

The Dean's Seminars provide Columbian College first-year students focused scholarship on specific intellectual challenges. Topics vary by semester. Consult the Schedule of Classes for more details. Restricted to First-year students in CCAS.

MUS 1052. Class Piano for Music Majors and Minors. 1 Credit.

Study of the rudiments of musical notation and piano playing in a small classroom setting. Open to majors and minors who need basic keyboard facility.

MUS 1061. Instrumental Ensemble. 1 Credit.

Chamber ensemble groups are approved by audition. Section numbers are .11 guitar ensemble, .12 percussion ensemble, .13 jazz combo, .14 keyboard ensemble, .15 string ensemble, .16 woodwind ensemble, .17 brass ensemble, .18 Baroque ensemble, .19 Latin band, .20 blues band.

MUS 1071. Jazz Band. 1 Credit.

Preparation and performance of classic and contemporary "big band" literature. Prerequisite: audition before director.

MUS 1081. Orchestra. 0-1 Credits.

Preparation and performance of orchestral literature. Prerequisite: audition before director.

MUS 1083. University Band. 0-1 Credits.

Consisting of two ensembles: The University Symphonic Band and GW Colonial Brass. See schedule of classes for section information. Audition before director required.

MUS 1091. University Singers. 0-1 Credits.

Preparation and performance of choral literature. Prerequisite: audition before director. Section .10 is University Singers; Section .11 is Chamber Choir.

MUS 1093. University Singers/Chamber Choir. 1 Credit.

Preparation and performance of choral literature. Section .10 is University Singers; Section .11 is Chamber Choir. Prerequisite: audition before director.

MUS 1095. Vocal Theater Workshop. 1 Credit.

Development of body awareness for the stage, acting improvisations, and character development. Scenes chosen from the opera, operetta, and musical theater repertoire. Musical coaching, use of makeup, and audition preparation.

MUS 1101. Elements of Music Theory. 2 Credits.

Notation, scales, keys, intervals, terms, rhythms, and chord structure and progression. Introduction to music literature, with emphasis on rudimentary aural analysis.

MUS 1102. Comprehensive Musicianship I. 3 Credits.

Aural and keyboard skills development through dictation, sight singing, and performance and improvisation at the keyboard. Prerequisite: MUS 1101, MUS 1051.

MUS 1103. Music in the Western World. 3 Credits.

Introductory history of musical styles, related to listening; study of music materials and media. Not open to music majors.

MUS 1104. Topics in Music. 3 Credits.

A rotating set of classes; topics may include: American music, a composer, the opera, and musical life in Washington, D.C.

MUS 1105. Introduction to Musical Thought and Practice. 3 Credits.

Introduction to concepts, methods, and practices that guide the study and performance of music. Old and new paradigms of musical thought are subject to discussion and critical investigation.

MUS 1106. Introduction to Musical Performance and Experience. 3 Credits.

Through discussion, writing, and performance, students engage with issues such as the putative transcendent character of music, the false divisions between interpretation, improvisation, and composition, and the impact of modernity on expressive culture. Placing their own processes of musical decision making within these conceptual frames allows students to interrogate and develop their performative and social selves. Restricted to Register for this course in the Music department.

MUS 1107. Music of the World. 3 Credits.

Introduction to music in culture through comparative study of music from a variety of cultures worldwide.

MUS 1108. History of Jazz. 3 Credits.

Introduction to the styles, composers, and performers of jazz music from its origins to the present.

MUS 1151. Conducting. 3 Credits.

Technique of conducting, score reading, rehearsal procedures, analysis, and interpretation of selected musical literature; practice in conducting. Prerequisite: MUS 2101.

MUS 1511. Piano. 1 Credit.

MUS 1512. Piano. 2 Credits.

MUS 1513. Voice. 1 Credit.

MUS 1514. Voice. 2 Credits.

MUS 1515. Organ. 1 Credit.

MUS 1516. Organ. 2 Credits.

MUS 1517. Classical Guitar. 1 Credit.

MUS 1518. Classical Guitar. 2 Credits.

MUS 1519. Violin. 1 Credit.

MUS 1520. Violin. 2 Credits.

MUS 1521. Viola. 1 Credit.

MUS 1522. Viola. 2 Credits.

MUS 1523. Cello. 1 Credit.

MUS 1524. Cello. 2 Credits.

MUS 1525. Bass. 1 Credit.

MUS 1526. Bass. 2 Credits.

MUS 1527. Flute. 1 Credit.

MUS 1528. Flute. 2 Credits.

MUS 1529. Recorder. 1 Credit.

MUS 1530. Recorder. 2 Credits.

MUS 1531. Oboe. 1 Credit.

MUS 1532. Oboe. 2 Credits.

MUS 1533. Clarinet. 1 Credit.

MUS 1534. Clarinet. 2 Credits.

MUS 1535. Saxophone. 1 Credit.

MUS 1536. Saxophone. 2 Credits.

MUS 1537. Bassoon. 1 Credit.

MUS 1538. Bassoon. 2 Credits.

MUS 1539. French Horn. 1 Credit.

MUS 1540. French Horn. 2 Credits.

MUS 1541. Trumpet. 1 Credit.

MUS 1542. Trumpet. 2 Credits.

MUS 1543. Trombone. 1 Credit.

MUS 1544. Trombone. 2 Credits.

MUS 1545. Tuba. 1 Credit.

MUS 1546. Tuba. 2 Credits.

MUS 1547. Harp. 1 Credit.

MUS 1548. Harp. 2 Credits.

MUS 1549. Percussion. 1 Credit.

MUS 1550. Percussion. 2 Credits.

MUS 1555. Lute. 1 Credit.

MUS 1556. Lute. 2 Credits.

MUS 1557. Harpsichord. 1 Credit.

MUS 1558. Harpsichord. 2 Credits.

MUS 1571. Jazz Perf. Tech. 1 Credit.

MUS 1572. Jazz Performance Techniques. 2 Credits.

MUS 2012. Piano. 2 Credits.

Prerequisite: Open by examination.

MUS 2014. Voice. 2 Credits.

Prerequisite: Open by examination.

MUS 2016. Organ. 2 Credits.

Prerequisite: Open by examination.

MUS 2018. Classical Guitar. 2 Credits.

Prerequisite: Open by examination.

MUS 2020. Violin. 2 Credits.

Prerequisite: Open by examination.

MUS 2022. Viola. 2 Credits.

Prerequisite: Open by examination.

MUS 2024. Cello. 2 Credits.

Prerequisite: Open by examination.

MUS 2026. Bass. 2 Credits.

Prerequisite: Open by examination.

MUS 2028. Flute. 2 Credits.

Prerequisite: Open by examination.

MUS 2030. Recorder. 2 Credits.

Prerequisite: Open by examination.

MUS 2032. Oboe. 2 Credits.

Prerequisite: Open by examination.

MUS 2034. Clarinet. 2 Credits.

Prerequisite: Open by examination.

MUS 2036. Saxophone. 2 Credits.

Prerequisite: Open by examination.

MUS 2038. Bassoon. 2 Credits.

Prerequisite: Open by examination.

MUS 2040. French Horn. 2 Credits.

Prerequisite: Open by examination.

MUS 2042. Trumpet. 2 Credits.

Prerequisite: Open by examination.

MUS 2044. Trombone. 2 Credits.

Prerequisite: Open by examination.

MUS 2046. Tuba. 2 Credits.

Prerequisite: Open by examination.

MUS 2048. Harp. 2 Credits.

Prerequisite: Open by examination.

MUS 2050. Percussion. 2 Credits.

Prerequisite: Open by examination.

MUS 2058. Harpsichord. 2 Credits.

Prerequisite: Open by examination.

MUS 2071. Jazz Performance Techniques. 1-3 Credits.

MUS 2072. Jazz Performance Techniques. 2 Credits.

Prerequisite: Open by examination.

MUS 2101. Harmony. 3 Credits.

Study of tonal harmonic practice from Baroque, Classical, Romantic, and 20th-century repertoires. Concurrent registration in the weekly keyboard lab is required.

Prerequisite: MUS 1102.

MUS 2102. Comprehensive Musicianship II. 3 Credits.

Aural and keyboard skills development through dictation, sight singing, and performance and improvisation at the keyboard.

Prerequisite: MUS 2101.

MUS 2105. Introduction to Ethnomusicology. 3 Credits.

Models of understanding music as a cultural endeavor.

Application and critique of models in the design and execution of student independent field research. Same as ANTH 2505.

Prerequisite: MUS 1101 or ANTH 1002 or ANTH 1004 or permission of instructor.

MUS 2105W. Introduction to Ethnomusicology. 3 Credits.

Models of understanding music as a cultural endeavor.

Application and critique of models in the design and execution of student independent field research. Same as ANTH 2505.

Prerequisite: MUS 1101 or ANTH 1002 or ANTH 1004 or permission of instructor.

MUS 2106. Music History III: 20th-Century Art Traditions. 3 Credits.

Western musical traditions and styles since Romanticism and approaches to music as art in contemporary society.

Prerequisite: MUS 1101.

MUS 2122. Music in the US. 3 Credits.

History of music and musical life in the United States, emphasizing relationships among traditions of diverse origin.

Prerequisite: MUS 1101 or permission of instructor.

MUS 2122W. Music in the US. 3 Credits.

History of music and musical life in the United States, emphasizing relationships among traditions of diverse origin.

Prerequisite: MUS 1101 or permission of instructor.

MUS 2123. Musical Cultures of Black Americans. 3 Credits.

Musical genres and styles developed by African Americans since Reconstruction in their historical and cultural contexts. Emphasis on black musical contributions to the cultural life of Washington, D.C.

MUS 2134. Composition. 3 Credits.

Introduction to 21st-century compositional practice; concepts of post-tonal analysis; emphasis on style studies and original student works. May be repeated for credit. Prerequisite: MUS 2101.

MUS 2140. Pedagogy. 3 Credits.

Principles, materials, and methods of teaching in selected areas. Prerequisite: permission of instructor.

MUS 2173. Comprehensive Musicianship for Jazz. 2 Credits.

Aural and keyboard skills development through dictation, sight singing, and performance and improvisation at the keyboard, with emphasis given to skills associated with jazz performance.

Prerequisite: MUS 1102.

MUS 2174. Introduction to Jazz Harmony. 3 Credits.

Analysis and composition of tunes in jazz/pop styles. Study of rhythmic characteristics, voice-leading, and chord/scale relationships within a jazz context. Prerequisite: MUS 1102.

MUS 2318. Orchestral Instrument. 2 Credits.

Prerequisite: Open by examination.

MUS 2661. Electronic and Computer Music I. 3 Credits.

Fundamental electronic and computer music concepts. Analog and digital sound synthesis techniques and theory, MIDI, studio recording techniques, signal processing, properties of sound, acoustics and psycho-acoustics, history and aesthetics. Laboratory fee.

MUS 2662. Electronic and Computer Music II. 3 Credits.

Continuation of MUS 2661. Fundamental electronic and computer music concepts. Analog and digital sound synthesis techniques and theory, MIDI, studio recording techniques, signal processing, properties of sound, acoustics and psycho-acoustics, history and aesthetics. Laboratory fee. MUS 2661 is prerequisite to MUS 2662.

MUS 3126. Music History I: Antiquity through Early Baroque. 3 Credits.

The development of Western European music from its earliest traceable roots to the end of the early, experimental Baroque period. Prerequisite: MUS 1102 and sophomore standing.

MUS 3127. Music History II: The Tonal Era. 3 Credits.

Styles, structures, social foundations and aesthetic change in European music of the late 17th through the late 19th centuries. Prerequisite: MUS 1102.

MUS 3127W. Music History II: Tonal Era. 3 Credits.

Styles, structures, social foundations and aesthetic change in European music of the late 17th through the late 19th centuries. Prerequisite: MUS 1102.

MUS 3139. Form and Analysis. 3 Credits.

Analysis of musical forms in representative musical literature. Prerequisite: MUS 2101 .

MUS 3139W. Form and Analysis. 3 Credits.

Analysis of musical forms in representative musical literature. Prerequisite: MUS 2101 .

MUS 3174. Topics in Music Theory and Composition. 3 Credits.

A seminar on variable topics in the discipline of music theory, analysis, and composition. Topics may include analysis of post-tonal music, advanced jazz arranging, analysis of 14th-century vocal music, developments in extended instrumental techniques since 1950. Prerequisites depend on the topic; consult the department.

MUS 3175. Topics in Music History and Literature. 3 Credits.

A seminar on variable topics in music history and literature in all traditions and styles. Topics may include German musical Romanticism, introduction to critical musicology, the music of Josquin des Prez, and vernacular music in Washington, D.C. Prerequisites depend on the topic; consult the department.

MUS 3175W. Topics in Music History & Lit. 3 Credits.

A seminar on variable topics in music history and literature in all traditions and styles. Topics may include German musical Romanticism, introduction to critical musicology, the music of Josquin des Prez, and vernacular music in Washington, D.C. Prerequisites depend on the topic; consult the department.

MUS 4085. Advanced Performance Study. 3 Credits.

Prerequisite: Open by examination.

MUS 4184. Advanced Composition. 3 Credits.

Private instruction in composition in tutorial format. Prerequisite: MUS 2134.

MUS 4198. Senior Seminar. 1 Credit.

Restricted to music majors in their final spring semester. Presentations of required senior projects in process; readings and discussion to place the projects in a broader musical and intellectual context. Corequisite: MUS 4199 or any upper-division private performance study course.

MUS 4199. Independent Research. 1-4 Credits.

Under the guidance of an assigned instructor. May be repeated for credit. Majors in their senior year take MUS 4198 as a corequisite.

MUS 4199W. Independent Research. 1-4 Credits.

Under the guidance of an assigned instructor. May be repeated for credit. Majors in their senior year take MUS 4198 as a corequisite.

BACHELOR OF ARTS WITH A MAJOR IN MUSIC

REQUIREMENTS

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Prerequisite courses:

MUS 1101	Elements of Music Theory
MUS 1102	Comprehensive Musicianship I
MUS 1051	Class Piano for Music Majors and Minors (or equivalent) (students must achieve grades of C or better in MUS 1101 and MUS 1051 to declare the music major)

Students must achieve grades of C or better in MUS 1101 and MUS 1051 to declare the music major.

Required courses in the major:

MUS 2101	Harmony
MUS 2102	Comprehensive Musicianship II

MUS 2105	Introduction to Ethnomusicology
MUS 2106	Music History III: 20th-Century Art Traditions
MUS 3126	Music History I: Antiquity through Early Baroque
MUS 3127	Music History II: The Tonal Era
MUS 3139	Form and Analysis
MUS 4198	Senior Seminar

An approved independent project in the senior year, concurrently with registration in MUS 4198

MUS 4199 Independent Research

4 credits of private performance study courses

2 credits of music ensemble courses

12 credits of music electives, at least 3 of which must be from a course numbered MUS 2662 and above. The distribution of these electives is as follows:

3 credits in history and literature from the following:

MUS 2121 The Opera

MUS 2122 Music in the US

MUS 3175 Topics in Music History and Literature

3 credits in theory and composition from the following:

MUS 2174 Introduction to Jazz Harmony

MUS 2134 Composition

MUS 2661 Electronic and Computer Music I

MUS 2662 Electronic and Computer Music II

MUS 3174 Topics in Music Theory and Composition

MUS 4184 Advanced Composition

6 credits of free electives in music (because of the various options available in the B.A. program in music, students should consult with music faculty advisors at the earliest opportunity)

And/or any upper-division private performance study course

All majors are expected to attend departmental lectures, master classes, and concerts, as appropriate.

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the

University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 616)
- Global or Cross-Cultural (p.)
- Humanities (p. 619)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 622)
- Natural or physical laboratory sciences (p. 622)
- Oral Communication (p. 623)
- Social Sciences (p. 624)
- Writing (p. 625)

SPECIAL HONORS

In addition to the general requirements stated under University Regulations, in order to be considered for graduation with Special Honors in music, a student must maintain a 3.5 grade-point average in music courses and at least a 3.0 average overall. The student must complete the required senior independent project for at least 3 credits with a minimum grade of A-.

MINOR IN JAZZ STUDIES

REQUIREMENTS

23 credits of music courses consisting of:

MUS 1101	Elements of Music Theory
MUS 1102	Comprehensive Musicianship I
MUS 1108	History of Jazz
MUS 2173	Comprehensive Musicianship for Jazz
MUS 1051	Class Piano for Music Majors and Minors
MUS 2174	Introduction to Jazz Harmony
MUS 2661	Electronic and Computer Music I

4 credits of jazz performance techniques from the following:

MUS 1571	Jazz Perf. Tech
----------	-----------------

MUS 1572 Jazz Performance Techniques

MUS 2072 Jazz Performance Techniques

2 credits of ensemble participation:

MUS 1061 Instrumental Ensemble

or MUS 1071 Jazz Band

All minors are expected to attend departmental lectures, master classes, and concerts, as appropriate.

MINOR IN MUSIC

REQUIREMENTS

21 credits of music courses including:

MUS 1101 Elements of Music Theory

MUS 1102 Comprehensive Musicianship I

MUS 1051 Class Piano for Music Majors and Minors

One of the following:

MUS 2106 Music History III: 20th-Century Art Traditions

MUS 3126 Music History I: Antiquity through Early Baroque

MUS 3127 Music History II: The Tonal Era

One of the following:

MUS 2105 Introduction to Ethnomusicology

MUS 2121 The Opera

MUS 2122 Music in the US

MUS 3126 Music History I: Antiquity through Early Baroque

MUS 3127 Music History II: The Tonal Era

MUS 3175 Topics in Music History and Literature

Three credits of private performance study or ensemble

Six credits of music electives, two of which must be upper-division

All minors are expected to attend departmental lectures, master classes, and concerts, as appropriate.

ORGANIZATIONAL SCIENCES AND COMMUNICATION

The Department of Organizational Sciences and Communication provides a multi-disciplinary home for faculty and undergraduate, masters, and doctoral students interested in the study, interpretation, and improvement of organizational and communication phenomena. At the individual, interpersonal, group, organizational, societal, and global levels, the department seeks to increase understanding of communication and organizations by incorporating a variety of epistemological and methodological approaches.

Communication

The Communication program has a history as old as the university itself, with academic work in rhetoric dating back to the original charter in 1821. The program explores how people constitute and share meaning in an abstract world. Current curricular offerings probe communication events as media-bound occurrences, studying the verbal and nonverbal, oral or written, live or mass media nature of communication phenomena. A major in communication and two minors (communication and organizational communication) are offered.

Organizational Sciences

Organizational Sciences, founded in 1981 and centered within a social systems framework, offers an undergraduate and graduate program with a focus on the for-profit, not-for-profit, government, military, service, and other sectors. The premise is that success comes with a deep understanding of the theory and practice underlying individual and organizational effectiveness. The department offers a major and minor in organizational sciences. On the graduate level the department offers an interdisciplinary program leading to the degree of Master of Arts in the field of Organizational Management. In partnership with the Department of Human and Organizational Learning in GW's Graduate School of Education and Human Development, and with the Division of Leadership at the U.S. Naval Academy (USNA), the department also offers an interdisciplinary program leading to the degree of Master of Arts in Leadership Education and Development (LEAD).

UNDERGRADUATE

Bachelor's programs

- Bachelor of Arts with a major in communication (p. 627)
- Bachelor of Arts with a major in organizational sciences (p. 637)

Minors

- Minor in communication (p. 649)
- Minor in organizational communication (p. 649)
- Minor in organizational sciences (p. 650)

GRADUATE

Master's programs

- Master of Arts in the field of organizational sciences (p. 650)
- Master of Arts in the field of leadership education and development (LEAD) (p. 650)

Doctoral program

The Doctor of Philosophy in the field of psychology with a concentration in industrial/ organizational psychology is offered through the Department of Organizational Sciences and Communication on a full-time basis only.

CERTIFICATE

A graduate certificate in organizational management is offered.

FACULTY

Professors L. Offermann, C. Warren (*Chair*)

Associate Professors T. Behrend, D.P. Costanza, G. Debebe, M. Liu

Assistant Professors J.C. Miller, J. Mote, N. Olsen, K. Pariera

Visiting Associate Professor T. Andrews

Adjunct Professor K. Froemling, J. Procopio, T. Suiter, C. Wood

Professorial Lecturers Q. Ahmed, M.A. DiMola, D. Getter, T. Hayes, E. Hoffman, L. Karimova, J. MacDoniels, D. Minionis, E. van Iersel

Adjunct Instructor C.M. Clapp

Lecturers S. Bergman, D. Coultice-Christian, S. Ewing, P. Hanke, C. Kennedy, M. Lally, G. Nair, B. Piatt, P. Schechter, P. Scott, D. Tighe, S. Tomasovic, A. Weiner

COURSES

Explanation of Course Numbers

- Courses in the 1000s are primarily introductory undergraduate courses
- Those in the 2000-4000s are upper-division undergraduate courses that can also be taken for graduate credit with permission and additional work
- Those in the 6000s and 8000s are for master's, doctoral, and professional-level students
- The 6000s are open to advanced undergraduate students with approval of the instructor and the dean or advising office

Within the Department of Organizational Sciences and Communication, any course counted toward the major may not

also be counted toward the minor. Students taking more than one minor in the department may not double-count electives.

- Communication (COMM) (p. 1527)
- Organizational Sciences (ORSC) (p. 1728)

BACHELOR OF ARTS WITH A MAJOR IN COMMUNICATION

REQUIREMENTS

Applications are accepted from students up to a 75-credit hour limit. A student may apply twice for admission to the major. Criteria for admission include a GPA of 3.0 and completion of, or current enrollment in, one of three courses: COMM 1025 Introduction to Communication Studies, COMM 1040 Public Communication, or COMM 1041 Interpersonal Communication. Achievement of the stipulated GPA does not guarantee admission to the major because the application process is rigorous. Application forms and the Student Handbook for Communication Majors, which provides additional information about the major, including the application process, are available in the department office.

The following requirements must be fulfilled:

The general requirements stated under Columbian College of Arts and Sciences, Undergraduate Programs (p. 62).

Required coursework (21 credits):

COMM 1025	Introduction to Communication Studies
COMM 1040	Public Communication
COMM 1041	Interpersonal Communication
COMM 2100	Communication Theory
COMM 3110	Research Methods-Communication
COMM 4150	Persuasion
COMM 4199W	Senior Seminar

Six additional communication (COMM) courses (18 credits) numbered 2000 or above

A second major or minor other than Organizational Communication

GENERAL EDUCATION

In addition to the University General Education Requirement, undergraduate students in Columbian College must complete a further, College-specific general education curriculum—Perspective, Analysis, Communication, or G-PAC. Together with the University General Education Requirement, G-PAC engages students in active intellectual inquiry across the liberal arts. Students achieve a set of learning outcomes that

enhance their analytical skills, develop their communication competencies, and invite them to participate as responsible citizens who are attentive to issues of culture, diversity, and privilege.

Course work for the University General Education Requirement is distributed as follows:

- Writing—one course in university writing and two writing-in-the-disciplines (WID) courses;
- Humanities—one approved humanities course that involves critical thinking skills;
- Mathematics or Statistics—one course in either math or statistics;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry; and,
- Social Sciences—two courses in the social sciences

Course work for the Columbian College general education curriculum is distributed as follows:

- Arts—one approved arts course that involves the study or creation of artwork based on an understanding or interpretation of artistic traditions or knowledge of art in a contemporary context;
- Global or Cross-Cultural Perspective—one approved course that analyzes the ways in which institutions, practices, and problems transcend national and regional boundaries;
- Humanities—one approved humanities course that involves critical thinking skills (in addition to the one course in this category required by the University General Education Requirement);
- Local or Civic Engagement—one course that develops the values, ethics, disciplines, and commitment to pursue responsible public action;
- Natural or Physical Science—one approved laboratory course that employs the process of scientific inquiry (in addition to the one course in this category required by the University General Education Requirement; and,
- Oral Communication—one course in oral communication.

Certain courses are approved to fulfill the requirement in more than one of these categories.

Courses taken in fulfillment of the Columbian College general education curriculum may also be counted toward majors or minors. Transfer courses taken prior to, but not after, admission to George Washington University may count toward the University general education requirement and Columbian College general education curriculum, if those transfer courses are equivalent to GW courses that have been approved by the University and the College.

University General Education and G-PAC Courses

- Arts (p. 628)
- Global or Cross-Cultural (p.)

- Humanities (p. 630)
- Local/Civic Engagement (p.)
- Mathematics or Statistics (p. 634)
- Natural or physical laboratory sciences (p. 634)
- Oral Communication (p. 635)
- Social Sciences (p. 636)
- Writing (p. 637)
